Super Rich Dad Chapter 581-583

Chapter 581

Qian Haowen nodded slightly after hearing this, and spoke with some hesitation, 'I also know that this aspect should be done in one step, but I am worried that if I feed them too much this time, they will not recognise them next time.'

Qian Lao smiled and glanced at Qian Haowen. Then he spoke, 'The Chu family wouldn't be like that, I've sort of heard of their family.'

Jiang Hao sat on the side and really couldn't listen any longer, then looked at Qian Haowen and said, 'The Chu family you just mentioned, which Chu family is it?'

Qian Haowen took a look at Jiang Hao and frowned. He didn't even bother to pay attention.

Qian Lao, however, said to Jiang Hao in a pleasant manner, 'Which other Chu family could there be, you silly boy.'

Jiang Hao's eyes unconsciously went cold when he heard these words. His fingers were clenched tightly and he didn't know what to say.

Qian Haowen coughed lightly at this time, then looked at Elder Qian and said, 'Right now I think it's better to keep a little distance from the Chu family, because the things the Chu family has done after the huge change in Chu River are really a little disturbing.'

Qian Lao nodded before sighing, 'Yes, this Chu Family is really eating a bit ugly, but he is now acting like a first family, so he can't get too close, and I've heard about those things you said, they are indeed a bit shameless.'

Jiang Hao's face suddenly froze at his words. Then he said, 'The first Chu family? What about the Xu family and the Shen family, what exactly is the situation in Chu Jiang now? What's going on with them?'

Qian Haowen could not stand Jiang Hao any longer and said directly, 'Why do you care so much about a Chinese doctor, are you fed up?'

Qian Lao knew from the first time he met Jiang Hao that Jiang Hao was not an ordinary person, and seeing that he was so concerned about this matter, he said with deep meaning in his eyes.

The Xu and Shen families have gone bankrupt, and all of their properties have been annexed by the Chu family. The south of the city project, which was known as the number one project in Chu River, is now also doing well in the hands of the Chu family.'

After saying this, Qian Lao sighed and said, 'So it is not too much to say that the Chu family is now the first in Chu River, they also have such a bottom card.'

Qian Haowen thought deeply of his old man's words and said, 'In the past, the Chu River gentry had a strong family, but who would have thought that they would be dead and scattered.'

Then he continued, 'But the sky in Chujiang is becoming really fast and strange. I heard that something big happened in the Ping Yang Valley in the south of Chu River six months ago, and those great powers were completely wiped out, as well as the richest overseas Chinese, Shen Haoting. Although it was reported by all sides that there was a car accident, it seems that the cause of death was quite uncomplicated.'

Jiang Hao sat on the sidelines and listened with gritted teeth. He couldn't help but recall once again everything that had happened in Pingyang Valley six months ago

A moment later, Jiang Hao straightened his expression and asked with a calm expression, 'What about Qiao San, the owner of the Haoyue Restaurant, what happened to him?'

Qian Haowen was a little surprised when he glanced at Jiang Hao and said, 'I didn't see that you knew a lot of things. That guy has gone bankrupt, and we don't know his exact whereabouts.'

Qian Lao was originally a bit suspicious of Jiang Hao's origin, after all, the river outside 30 Mile Bay was down the Ping Yang Valley.

It just occurred to him that if Jiang Hao was really the person he guessed, then he was carrying things on his back. It was better for him not to interfere.

Qian Haowen, however, did not think of this, but just felt that this little Chinese doctor in front of him was a bit rude.

The master's family had not avoided him talking about things here, and he should have kept quiet, but he had repeatedly interfered with his exit.

Jiang Hao watched as Qian Haowen learned what had happened to Qiao San and couldn't help but feel a little desolate in his heart, had all those people really gone?

Thinking of this, he got up and looked at Qian Lao and said in a deep voice, 'Your body is no longer in any serious condition, and you will recover within half a month without any accidents.'

After saying this, Jiang Hao wanted to go downstairs and leave, but Qian Lao opened his mouth and called out, 'Little brother. There's something I don't know if I should say.'

Qian Lao looked at Jiang Hao's paused back and continued to speak after a long time of silence, 'There are times when you have to take a step back, and know that a step back will open up the sky.'

Jiang Hao turned his back on Elder Qian. He was probably the person with the highest status he had come into contact with since he had woken up, so he vaguely knew a little about himself.

Jiang Hao had never wanted to hide it from Qian Lao. He had thought that his identity would be pried out by Qian Xinyi, but he didn't expect that Qian Lao had already guessed it.

'Elder Qian. Although it is said that sometimes a step back can open up the sky, which step back can also turn into an abyss of ten thousand feet.'

After saying this, Jiang Hao turned to look at Elder Qian and took a deep breath as his eyes gradually became determined!

'Life is only 30,000 days long, don't you fight? If I don't fight, I've wasted my youth!'

As he watched Jiang Hao leave, Qian Haowen, who was sitting at the side, spoke thoughtfully, 'Dad, who is this man?'

Qian Lao took a look at Qian Haowen and shook his head, 'It doesn't matter who it is anymore, right now it's better for us to try not to get involved with him.'

Perhaps to some people, the water in their own Qian family was very deep.

But thinking of Jiang Hao's words when he came downstairs, Qian Lao shook his head, who in this world could really feel where the water was deep.

Qian Xinyi was greeting the guests downstairs, when she saw Jiang Hao coming down from upstairs she couldn't help but welcome him with a smile.

'You've come down, how is my grandfather's recovery going, it just so happens that I've made ginseng soup and plan to bring it up.'

Jiang Hao took two deep breaths to suppress the anger in his heart and looked at Qian Xinyi with a calm expression, 'Old man's body has just recovered, he can't take a big tonic yet.'

Qian Xinyi frowned after hearing this and had to give up, putting down the ginseng soup in her hand and looking at Jiang Hao thoughtfully.

Jiang Hao was already in a bit of a bad mood at this moment, and seeing Qian Xinyi staring at herself like this was even more displeasing!

'What, do I have flowers on my face?'

Qian Xinyi's pretty face flushed when she heard this and she hurriedly spoke, 'No, I'm just curious about what you really are.'

Jiang Hao looked at her and lowered his head and shook his head with a bitter smile, 'It doesn't matter what I am, I'm a passing visitor to you, and the same goes for this Thirty Mile Bay.'

Qian Xinyi smiled before looking outside, then mused slightly, 'If it's convenient, can I ask you to talk alone ?'

Jiang Hao hesitated for a moment, but eventually followed Qian Xinyi out.

The two sat in the villa's backyard, a place where Qian Xinyi often ate and stayed when she met guests, and where few people usually came.

The Qian family is a family of black, white and grey, the old man is in the white path, while Qian Haowen is in the grey path.

The old man had hesitated a few times about Qian Xinyi's intention to go black, but finally asked her opinion before settling the matter.

In the past few years, Qian Haowen has been developing a business path under the name of the old man, and although he has made a lot of money, he has mainly accumulated contacts for the Qian family.

The family's affairs naturally fell to Qian Xinyi, so she was in charge when the old man was not at home.

As time passed, Qian Xinyi's body also had a little bit of the aura of a superior person.

Jiang Hao tended to look flat when facing Qian Xinyi because he could always smell something he didn't like on Qian Xinyi.

Such a smell used to be on Qiao San's body, but Qiao San was at least a man!

Thinking of this, Jiang Hao looked towards Qian Xinyi who was calmly making tea and shook his head. Chapter 582

'No matter what you're looking for me for, let me say this, you're not fit to walk the path you're on.'

Qian Xinyi, who was pouring tea for Jiang Hao, heard these words and her hand unconsciously trembled for a moment.

Then she looked at Jiang Hao and smiled, 'Oh? Oh. How come I don't know what path I'm walking on now?'

At Jiang Hao's words, Qian Xinyi was in disbelief for a moment, just someone who had met her twice had seen through her like that?

No, it was simply impossible!

Jiang Hao picked up the tea she poured and lightly sniffed it for a while and closed his eyes, 'Hmm. Old pu-erh from the Yi Gu tea region, good tea!'

'I didn't see that. TCM Jiang is still a man who knows tea.'

Looking at Jiang Hao's enjoyment, Qian Xinyi smiled and continued, 'Tell me instead why I don't fit into the current path?'

Jiang Hao took a sip of the tea in his hand, then put it down and looked at Qian Xinyi and said, 'You know in your heart why you don't fit in, and a word of advice, my background is not that easy to check.'

Qian Xinyi's pupils unconsciously shrank as she sniffed, using the action of serving tea to cover up and said, 'You're joking, how would I have nothing to do with checking your background.'

Some people were like this, even if they pointed out these things, he would still pretend not to know to save face for both sides.

But Jiang Hao was not such a person. He liked to be straightforward and looked at Qian Xinyi's do-gooder look.

Jiang Hao smiled and spoke, 'You'll only get yourself into trouble even if you find out about my background, if you don't believe me, you can ask your grandfather.'

Qian Xinyi couldn't help but jump in her heart as she looked at Jiang Hao's frank look.

Remembering that she had asked someone to investigate Jiang Hao's background on purpose yesterday, her face couldn't help but sink.

'Who the hell are you, why are you here, and what is the purpose of deliberately approaching my Qian family.'

As she said this, although Qian Xinyi's face was very bland, the cold light in her eyes was so cold that Jiang Hao couldn't help but feel a little frightened!

Although this woman in front of him looked very beautiful. But it was as if she was as deadly as a bamboo leaf green!

Jiang Hao looked at Qian Xinyi and sighed lightly as he slowly said, 'As I said, I'm just a passing guest to you, saving your old man was just a passing hand.'

Qian Xinyi snorted and took out a silver needle from her arms and placed it on the table.

'People of the older generation are not used to drinking tea in other people's homes, even if the underlings serve it they don't drink it, do you know why?'

Jiang Hao smiled lightly, then looked at Qian Xinyi and said, 'Such a little trick and you want to keep me?'

Qian Xinyi shook her head, 'No. You are originally in this business, so I don't believe you can't detect it.'

But looking at Jiang Hao's hand, there was only half a cup of tea left. Qian Xinyi smiled again and said, 'But since you've already drunk it, I think that you're afraid that you won't be able to leave!'

After saying this she jerked up, after all, she had seen the video of Yuan Hou's fight with him that day!

This kid was definitely not a person to be dealt with!

'Brother Yuan! Why don't you hurry up and come out!

Behind Qian Xinyi. Yuan Hou jumped out after him, and two others rushed over pulling a thick rope!

Jiang Hao stood up and looked at Yuan Hou as he was about to strike, but his brain was slightly dizzy!

After glancing at the tea placed on the table. Jiang Hao let out a bitter laugh, 'You're really a beauty snake, you're poisonous enough!'

Yuan Hou smiled sorrowfully, 'Kid, let you know today that the Qian family is not so easy to enter!

Some of the people in the living room seemed to have noticed the situation, and they walked to the window with the red wine in their hands and watched the backyard like a play.

Many of them were curious and asked, 'Who is that guy, he looks like he's pretty good, do any of you know him?'

There were also some people who casually and playfully said, 'I don't know, but look at the clothes on the other side. Maybe he's one of Wang Long's top-class characters.'

To them, Jiang Hao was like a monkey at this moment.

In fact, Jiang Hao was in a very difficult situation. On the one hand, he had to deal with the toxin in his body, and on the other hand, he had to tangle with Yuan Hou and the others!

The slightest carelessness could lead to him being caught down. This made Jiang Hao very distressed!

God knows why this woman Qian Xin Yi had poisoned the tea!

But fortunately, Jiang Hao was in possession of Shang Dian and had become well versed in the application of true qi.

It only took a few moments. Jiang Hao had slowly expelled the toxin, and then looked at Qian Xinyi with a cold look in his eyes!

Looking at Yuan Hou who was punching him in the face, Jiang Hao side stepped and slammed into him with a mountain lean!

The moment they came into contact, Qian Xinyi, standing next to Yuan Hou, seemed to hear a crisp sound, the sound of bones breaking in his chest!

Yuan Hou's eyes were wide and rather incredulous as he watched Jiang Hao reach out and push himself to the ground, a trace of blood slowly seeping out of the corner of his mouth!

'Know why I said you are not suitable for this path, because there are some people you simply can't see and you can't afford to mess with!'

With these words Jiang Hao rushed up and slapped Qian Xinyi on the face!

The surrounding guests were stunned by the scene, they were laughing and watching because they believed in Yuan Hou's strength!

Even though Jiang Hao was on the down side, neither of them had made much contact!

No one had expected that Yuan Hou would be knocked to the ground by Jiang Hao in just one encounter!

Upstairs he was talking to the old man when he heard the ruckus downstairs, so he impatiently opened the window and took a look downstairs.

After seeing the scene in the courtyard Qian Haowen frowned and said, 'This young man really doesn't know what he's doing, how dare he spill his guts in our Qian family!'

Master Qian looked at Qian Haowen after hearing this and said, 'What has happened, help me up and take a look.'

He had already vaguely guessed Jiang Hao's identity, so Elder Qian didn't want to help him, but he didn't dare to offend him either!

When Qian Lao went to the window and saw what was going on downstairs, he drew a breath of cold air!

'Hiss, this stinking girl, she's really spoiled! Really spoiled her!

Qian Haowen looked at the old man and couldn't help but say with some confusion, 'What's wrong, around is just a bastard kid, so what if she's killed!'

Qian Lao turned his head and gave Qian Haowen a cold look, 'You don't know shit! Do you know what kind of person he is? Do you know his background?!

Looking at Qian Haowen's inability to answer any of the two simple questions, Qian Lao was even more furious!

'I've told you all countless times that you need to know yourself and your opponent in everything you do, but you all treat it like a deaf ear!'

After finishing his words, Qian Lao pushed his walking stick and went down the stairs with a trembling step, then walked to the back garden and looked at the wreckage.

'Doctor Jiang, I wonder what's going on here?"

Jiang Hao smiled grimly after glancing at Qian Xinyi whose face was blue for a while and red for a while, 'Then you'll have to ask your granddaughter!'

Hearing these words, Qian Lao turned his head to look at Qian Xinyi and said, 'What's going on here!'

Qian Xinyi looked at Qian Lao who had anger in his eyes and faintly froze, since she was a child this was the first time he had lost his temper with himself!

'This person's origin is unknown, I wanted to investigate him properly, but who knew he would suddenly strike out and hurt someone!'

Here, Qian Xinyi's eyes were already clouded with a layer of anger: 'Grandpa, even if you don't help me, you're still so mean to me!'

As soon as she finished speaking, Qian Xinyi turned around and ran upstairs, only to pause slightly when she passed by Qian Haowen's side. Her hand lightly touched Qian Haowen.

After all, it was his own daughter, so how could Qian Haowen not understand Qian Xinyi?

So after frowning slightly, Qian Haowen walked out and coughed lightly, 'Doctor Jiang, I think you have to give us an explanation on this matter before you can do so?'

Jiang Hao looked at Qian Haowen for a moment, neither crying nor laughing, and slightly teasingly said, 'Are you sure you want me to give you an explanation?'

Qian Haowen was about to say yes. But he didn't expect Qian Lao's trembling hand to slap his own face!

'How dare you! I'm not dead yet, you guys just pretend I don't exist, don't you?!

He then turned his head and looked at Jiang Hao with a serious face, 'Doctor Jiang, I don't want to delve into today's matter, so you should leave.'

The crowd was stunned by Qian Lao's action, to know that this was in the Qian family!

Some people were also sensitive to the fact that Elder Qian had used the word 'you' when he spoke to Jiang Hao!

Qian Haowen was one of these thoughtful people, and when he heard his father's words, he looked at Jiang Hao in disbelief!

Jiang Hao laughed bitterly before shaking his head and walking up to Qian Lao: 'I'm just a passing guest to you all, so why make things difficult for each other?'

After saying these words. Jiang Hao then raised his head and walked away, the crowd unconsciously made a way for him!

Jiang Hao who walked out of the door turned his head to look at the Qian family's villa before shaking his head and smiling bitterly, 'This is really a banquet without a good banquet.'

Thick skin was a basic cultivation for the upper class, after seeing Jiang Hao leave.

Qian Lao turned his head to look at the people attending the banquet and said with a faint smile, 'Go on, go on, sorry for disturbing everyone's mood just now!'

The crowd also acted as if nothing had happened, nodding to Elder Qian in twos and threes and resuming their socialising.

It was just that some people took note of this Jiang Hao and then asked their drivers outside to follow this Jiang Hao.

They couldn't believe that the person who could make Elder Qian use a respectful title was just an ordinary doctor, let alone that a doctor could put down Yuan Hou!

Regardless of what others thought, Elder Qian looked at the crowd again after looking at is food and drink and whispered, 'Call Qian Xinyi over to me. Follow me upstairs.'

Qian Haowen listened to this and in his forties, he lowered his head and helped the old man in a disciplined manner then went back upstairs to his room.

Qian Xinyi stood in front of the old man with her head bowed in resignation, looking as if she had been wronged.

Although Qian Haowen did not know why the old man had beaten himself, he knew he must have had his reasons, so he was not very angry.

Looking at the two people in front of him, Elder Qian spoke with a sigh, 'Hao Wen, Xin Yi, there is something that I have just guessed.'

After saying this he shook his head and continued, 'I think you should all remember what people have gone missing from Ping Yang Valley, right?'

Qian Xinyi and Qian Haowen, father and daughter, looked at each other before nodding their heads.

After looking at the two nodding, Elder Qian took a deep breath and said, 'Since you both know, then I will also say it straight, this Doctor Jiang is likely to be Chu Jiang's Jiang Hao!'

No matter how shocked Qian Xinyi and Qian Haowen were over here, Jiang Hao was leisurely returning to his little pharmacy.

Looking at Ying Ying in the pharmacy, who was counting herbs, Jiang Hao smiled and shook his head, 'Ying Ying, where's grandpa?'

Ying Ying looked up, then smiled and said back, 'Grandpa is in the backyard, why is brother back so early!'

Jiang Hao reached out and stroked Yingying's head, but did not answer to Yingying's words, but ran straight to the backyard.

Master Zhang was packing some old herbs in the backyard. After looking at Jiang Hao's return, a huge stone was put down in his heart.

'You're back, the Qian family didn't give you a hard time in the past, right?"

Jiang Hao looked at Elder Zhang and shook his head and smiled, 'It's nothing, they don't have that ability yet.'

Just as the words left his mouth, Jiang Hao's face darkened slightly as he remembered what Qian Haowen had said.

Elder Zhang looked at Jiang Hao's expression and shook his head. Then he pulled him to sit down and spoke, 'Just say what's going on.'

Jiang Hao smiled and looked at Elder Zhang and spoke hesitantly, 'It's like this, I still have some unfinished business, so I have to go out.'

Elder Zhang nodded and looked at Jiang Hao and said, 'I knew you weren't an ordinary person when you came here, you won't be able to stay in this 30 Mile Bay for long.'

After saying this, he let out a deep sigh and continued, 'Go if you want to. But pay more attention to safety, young people are too bloated try to restrain themselves a little.'

The old man always saw more, although Jiang Hao always looked like a modest gentleman in front of him.

But the aura that surged out of him from time to time was amazing!

Jiang Hao thought about what he would encounter if he went back this time. What was the point of talking about restraint again.

So he let out a bitter smile and said, 'Don't worry Grandpa Zhang, when I go back, I'll leave the medicine shop to you guys, take good care of Ying Ying.'

Elder Zhang looked at Jiang Hao and nodded, then took out his own dry cigarette and smoked it with his head down.

Jiang Hao took a deep look at Elder Zhang then returned to his room and simply packed his clothes.
