

Chapter 581

"I'll trouble you to stay here for the past two days. If there's anything wrong with the reception, please forgive me."

Huo Tingchen kept a gentleman's smile and said to Jin Ying faintly that he needs to think calmly now. Jin Ying is undoubtedly a person who can bring great help, but his character has decided that he can't trust Jin Ying for the time being. However, her frankness is beyond his expectation and shakes his consistent employment style.

"Well, it's time for me to rest, too."

Jin Ying said, groping to get up and walk to the door.

"Miss Jin Ying."

Huo Tingchen suddenly stops her. Jin Ying doesn't look back because it's useless for her to look back. After all, she is blind and can't see the world with her eyes.

"Is there anything else, Mr. Huo?"

She asked faintly, as if everything happened in the world had nothing to do with her. This indifference made her more terrible.

Huo Tingchen smile: "I know Miss Jin is not very convenient, so I specially invited a person to take care of you."

"No, I'm used to it by myself."

Jin Ying faintly refuses. She knows that Huo Tingchen's so-called asking someone to take care of her is just an excuse. In fact, she doesn't trust her and specially asks someone to watch her.

"I don't think you will refuse this person. Gu Chen, come in."

Huo Tingchen smiles and shouts to the door. Soon Gu Chen appears in the room. He nods to Huo Tingchen slightly, and then habitually comes to help Jin Ying.

"Gu Chen, why are you here?"

Jin Ying's indifference faded, and she asked in surprise, because it was not reasonable for Gu Chen to appear in Huo Tingchen's villa at this time.

"Well, after you call me, I feel that only Gu Chen can take good care of you, so I specially ordered

someone to invite him here. During the time when you live here, you can let him accompany you and save you a lot of boredom."

Huo Tingchen said gently, if you don't know his true colors, everyone will think that he is a considerate and caring warm man.

But Jin Ying's face changed. She already understood what Huo Tingchen meant.

Maybe she and Jin Zhengting, who share the same gene, are even equal in ability, and they all have the same and only weakness, that is, emotion.

Her feelings for Gu Chen have reached the point where there are many factors in her betrayal of Jin family, but Gu Chen's factor is undoubtedly the most important one.

Huo Tingchen called Gu Chen here at this time, which is to threaten her secretly. Gu Chen is at his disposal anytime and anywhere, so it's better not to have any other thoughts.

Jin Ying gave a faint smile: "Mr. Huo, thank you for your kindness."

She specially emphasized the word "good intention", which is also a response to Huo Tingchen's intention.

"We are partners of cooperation, so these are what I should do. You two are also good friends. You will not be bored together, right, Miss Jin Ying."

Huo Tingchen's eyes crossed a ray of cunning light. He knew that since the moment Gu Chen appeared, he really controlled Jin Ying.

"If it's all right, I'll go back to my room and have a rest."

Jin Ying has no interest in talking to him, or she thinks that the longer Gu Chen stays here, the greater the danger, so she chooses to leave here immediately, not for her own sake, but for Gu Chen around her.

"Gu Chen, take Miss Jin Ying to the guest room upstairs. My staff will lead you outside."

Huo Tingchen waved goodbye to them, turned and sat back on the sofa, and the men outside gently closed the door.

"Brother, I always think Jin Ying is a terrible woman. Are you sure we want to cooperate with her?"

Long Jiu expresses her worries. Maybe Jin Ying's calmness makes her feel that Jin Ying is a person who is hard to control. It doesn't matter if a mortal malady is as like as two peas. Brother Huo Tingchen,

, is also a dim woman. "She is a terrible woman, just like her brother Jin Zhengting. Fortunately, she has no influence and is still a blind person. Otherwise, she will be our big worry. But it doesn't matter. Jin family has one weakness, that is to care too much about the person they like. Now, you don't find that when I let Gu Chen come in, she is surprised. It's obvious that she has understood what I mean. "

"But just relying on a Gu Chen, can we really control her? She just said that she is a very ambitious person."

Long Jiu holds Huo Tingchen's arm and says charming.

Huo Tingchen ha ha a smile: "you see, she has not escaped from my palm, now it is very late, I am ready to give them a little supper."

Long Jiu's eyes lit up. As Huo Tingchen's sister and lover, she knew the meaning of his every sentence very well. Of course, she understood what Huo Tingchen meant by supper: "is it the kind that Lu zhanyan ate last time?"Huo Tingchen laughed: "no, it's more advanced than the one Lu zhanyan ate. How to say, the one Lu zhanyan ate can only be carried out in an unconscious state. What I prepared for them this time can fully feel the pleasure."

Long Jiu said with a smile: "as long as their raw rice is cooked, and Jin Ying's feelings for Gu Chen are expressed, as long as we control Gu Chen, Jin Ying will automatically listen to us."

Huo Tingchen's face with a sinister smile: "Jin Ying wants to cooperate with us, the purpose is to get Gu Chen, now I give them such a good opportunity, she can only thank us."

"Brother, there is an important thing. Xu Ting just called to say that we must pay attention to what Xu Zheng and Lu Moyan are plotting in their home."

Dragon nine light said, just because Jin Ying here, so she did not put so confidential things out, after all, now Xu Ting's identity has not been exposed.

"I see. It seems that Xu Ting is doing a good job."

Huo Tingchen said with a smile that he planted Jin Ying, an undercover agent, next to Jin Zhengting, and let him know a lot of Secrets of Jin Zhengting group, while Xu Ting, who was placed next to Xu Zheng, also reported Xu Zheng's every move to him. In this way, no matter what actions his two enemies had, he could know at the first time, and really knew himself and the other.

"Brother, Xu Zheng is now uniting with Lu Moyan. He must be ready to develop his own power. It seems that he really has the idea of making enemies with us. I don't think he needs to listen to Jin Ying's words, but let me take people to kill them directly."

Long Jiu's eyes are full of excitement. Her favorite thing is to kill people.

Huo Tingchen shook his head: "no, Jin Ying's vision is much longer than yours. Our current strength is not enough to fight Jin Zhengting alone. If the action fails, not only Xu Zheng and Cheng Mohan, but also Lu Moyan will become our enemy. Xu Zheng will even tell him the truth about our framing Lu zhanyan, and he will be with us at that time Never die. "

He takes a long-term view and pays attention to every detail. He thinks that Jin Ying's strategy is more reliable in the current situation. At least, he will push Xu Zheng and Jin Zhengting to the arena first. When they win or lose, he will be able to quietly develop new forces.

"Even if this is done according to Jin Ying's plan, will our plan to raid Jin's Villa during the gambling fair be cancelled?"

Long Jiu is reluctant to say that she prefers to solve problems with violence, which is simpler and more direct.

"Well, of course, we have to cancel it. Our strength is limited and we can't waste it. So we cancel all plans and give full support to Xu Zheng's development. Let him fight with Jin Zhengting first."

Huo Tingchen's eyes flashed and said that he didn't think there was any problem with Jin Ying's strategy.

"But if we don't raid Jin's villa, we won't get the treasure."

Long Jiu is more concerned about the problem of treasure, which is the goal she wanted to achieve since she was a child.

Huo Tingchen waved his hand: "didn't you hear what Jin Zhengting said just now? There's no right way to open that treasure. It's just a conspiracy of grandma. It's a trap to kill more Jin family and Cheng family. You know it's a trap, do you want to break in?"

"Can't this treasure be opened? I didn't get the code when I got the necklace. The last time Gu Chen shot, there was only half of it. The others couldn't start, and there was no right way to open it. Now I don't want to raid Jin's villa. When can I get the treasure?"

Long Jiudu has a small mouth. It has to be said that although she is also a ruthless character who kills people without blinking an eye, she is also a natural beauty. At this time, she is very cute and cute.

Huo Tingchen's eyes showed a trace of animal desire. He took hold of long Jiu and said with a smile: "we can't get it, Jin Zhengting can't get it, Cheng mobing and Xu Zheng can't get it. Since everyone can't get it, there's nothing to worry about. Let the treasure be buried underground forever. As long as we plan properly, we can defeat Jin Zhengting and serve the Huo family Revenge. "

Long Jiu then showed a smile: "that's what I said. We can't get it. It can also involve Jin Zhengting's attention. However, brother Jin Ying is right. The man named Xiaoma is uncle's Apprentice. He must be very proficient in gambling stones. Our focus now is gambling stones club, so we have to guard against

him."

Huo Tingchen lit a cigarette and took a deep breath. Then he frowned and said, "it's true. Although according to Jin Ying's plan, all the proceeds of the gambling club will be handed over to Xu Zheng, I don't want to give Jin Zhengting any less. Tomorrow morning, the man named Xiaoma will fly back to Jiangbin. In this way, our uncle will be very lonely down here, or will he let his dear apprentice go down with him. "

Long Jiu's eyes immediately became excited: "brother, let me do this thing well, and promise to let him see his master."

Huo Tingchen suddenly thought of a thing, he shook his head and said: "maybe Chen Dong will come back together. In this way, if the man named Xiaoma gets off the plane alone, you can do it. If Chen Dong comes back together, you must not do it." Dragon nine some doubts of ask: "elder brother, this is why, do you fear that call Chen Dong of person?"

Huo Tingchen said faintly: "I'm afraid I can't talk about it, but this man is very famous in the underground of Jiangbin. He is also as famous as long Shao, and he also runs the arms business. Now our lifeline is the arms business. Offending him is equivalent to cutting off his lifeline. It's not worth it for a pony, and even if he gets our gambling uncle I don't think he can make that rare stone out of thousands of stones. "

"I see, brother."

Long Jiu used to be long Shao's nominal sister. Naturally, he knew how much underground power long Shao had when he was alive. Chen Dong, who could be as famous as him, was not an ordinary person.

"Now we can relax and wait for the gambling meeting to start. Before that, I hope Jin Ying and Gu Chen can get together earlier. As a gentle man, I still like to see this scene where lovers get married."

Huo Tingchen leaned on the sofa with a slightly ironic insidious look in his eyes.

Chapter 582

In the morning, when Zhao Tong blinked his beautiful eyes and looked at the spoon garden, he said with a smile.

Shaoyuan immediately realized: "I understand, Tong Xin, you want to attract the consumer group by sending jade. This is a good idea, because the finished products required by the raw stone processing plants in Southeast Asia are very low, which is not worth mentioning compared with the profits of the chain restaurants now, and the storage of cheap raw stones is amazing, which is enough for us to compete. Take all the consumers of Jiangbin.

After all, Southeast Asia's raw ore is handled by Chen Dong, so Shaoyuan knows the cost and production

capacity very well, but her eyes soon dim down: "but Xu Ting should also have cheap raw ore in her hands. If she wants to support Xu Zheng, I'm afraid our plan will be very difficult to succeed."

Zhao Tong Xin shakes his head and smiles: "spoon, don't worry. I'm sure Xu Ting won't support Xu Zheng."

"Hello, Zhao Tongxin, I think you know about Xu Zheng. That guy is a real sister. He usually treats Xu Ting very well. How do you know that Xu Ting won't read his good words and help him?"

The speaker is Xu Yanke. She used to be Xu Zheng's cousin for a period of time. Xu Zheng knows the feelings of her sisters very well. Even though she is so cold, I feel warm when I think about Xu Zheng's kindness to her. She is very worried that Xu Ting will help Xu Zheng at the critical moment. In that way, the company will lose a lot, although she doesn't care about business I know too well, but there are still some basic judgments. After all, she is also a member of the Jin family. Her excellent business genes are very strong.

Shaoyuan didn't object this time, and nodded to agree with Xu Yanke: "Yan Ke is right. We can't ignore Xu Ting. She is also in control of Jiangbin's jewelry industry, and her strength is relatively strong. For her, we should be on guard."

Zhao Tongxin said with a smile: "you really don't have to worry about this problem. I think Huo Tingchen will not let Xu Ting support Xu Zheng for many reasons. The most important reason is that the jewelry company controlled by Xu Ting is Huo Tingchen's only entity in Jiangbin. He has to maintain it, so he won't use his last family to support Xu Zheng. After all, Xu Zheng is Cheng Mo Bing people, even if they form an alliance, can't be intimate. They must be on guard against each other. Secondly, we have a lot of cheap jade in our hands. If Huo Tingchen really supports Xu Zheng, we can quickly return to the jewelry industry and surprise him while maintaining the catering industry. "

Shaoyuan nods while listening. Zhao Tongxin's analysis is very reasonable, and the final decision is very reasonable. Now she increasingly thinks that Zhao Tongxin is a business genius.

Chapter 583

"Well, according to president Zhao, we should be well prepared. Maybe we can beat Xu Zheng in the catering industry and return to the jewelry industry to defeat Xu Ting."

Shaoyuan said with flashing eyes that she seemed to have seen a bright future.

Zhao Tongxin is more serious: "spoon, it's too early to be happy. Our main opponent now is Xu Zheng. It can be said that the result of our competition with Xu Zheng is directly related to the profits of Zhengting's general group, Huo Tingchen and Cheng mobing group. Therefore, we just make a follow-up plan first, and we don't have to really return to the jewelry industry. I checked it and now The market saturation of the jewelry industry is still very obvious, and our company has no ability to fight with both sides for the time being, so it's better to concentrate on a breakthrough at this time. "

She is now very calm, not confused, this is a decision-maker must have the quality.

Shaoyuan thought about it and said with sincerity: "I think it's too naive, or you're right. Although our company has been on the right track, it's still in its infancy. At this time, we should have a down-to-earth stand, and then have a plan."

"Well, I also thought that although Xu Zheng's catering company opened, the most first-class chefs in Jiangbin are in our company, so I'm very worried that Xu Zheng will use various means to poach talents from our company. Rong Qi, this task will be handed over to you. Now there are not many chefs in the company's dining rooms. After I look at the staff list, there are less than 100 people, I don't know No matter how much you cost and how many finished products you use, you must protect the safety of every chef and not let them be interfered by Xu Zheng. Can you do that? "

Zhao Tong Xin looks at Rong Qi with a serious face and asks. Rong Qi is stunned by this look. Generally, only Jin Zhengting can speak with such dignity.

But she soon regained her mind, thought about it carefully, frowned and said: "Tong Xin, although I would like to assure you that there is no problem, the company's finance is very tight, so the security department has been reduced to the minimum standard, which can only ensure the safety of the company's senior staff. If we add a huge team of chefs, I think there will be a huge financial problem Big loopholes. "

It's not that Rong Qi wants to shirk responsibility, but it's a fact. The company's business is very prosperous, but it's only been open for one day. Now it's just in the stage of recovering finished products. It's really hard for Rong Qi and the directors of the finance department to make more investment at this time.

Zhao Tong thought about it and apologized to Rong Qi with a smile: "I'm sorry, I didn't think it over. It's really hard for you."

Rong Qi light smile: "Tong Xin, you are the president of the company, these little things are not clear is normal, really don't have to say sorry."

"If she is willing to say it, let her say it. What's the big deal? If Zhao Tongxin doesn't have more than others, can't he say he's sorry?"

Xu Yanke never talks much in this kind of meeting, but Zhao Tongxin embarrasses Rong Qi. As Rong Lei's girlfriend, she naturally wants to speak for Rong Qi. Even she knows that Zhao Tongxin doesn't mean it.

"Well, Tong Xin didn't mean it. Now I'd better consider how to protect the chefs from being harassed by Xu Zheng. If I'm Xu Zheng, I can certainly think that the best way to attack a restaurant is to make the chefs in this restaurant unable to work."

Shaoyuan ponders that Zhao Tongxin's worry is not superfluous. Many catering consortia have used this strategy, and the effect is very ideal.

"But now the company's capital is really very tight, I can't trouble the court, the group's finance is also very difficult, so we'd better try our best."

Zhao Tongxin is a bit embarrassed to say that now she knows that it is not so easy to get a foothold in the business field. This is also why many rich people become middle-aged and their hairstyles have become Mediterranean.

"I remember."

After a moment's silence, Shaoyuan's eyes suddenly lit up: "Tong Xin, although Chen Dong took some of his subordinates away when he went to Southeast Asia this time, they were all the backbone of his company, and many younger brothers didn't take them away. Now that the situation there is stable, I can ask him to take some of his subordinates back and organize them again. Come on, we've got security staff and we've saved a lot of money."

Zhao Tong thought, this is indeed a very good idea, but think of spoon garden and Chen Dong for her has sacrificed a lot, now go to trouble them, she is always a little sorry: "spoon, I know you are very good to me, but really can't trouble you, my heart will be uneasy."

Shaoyuan waved his hand with a smile: "Tong Xin, what are you talking about? Don't forget, I also have shares in the company, and the boss also gave the shares of the original ore to Chen Dong. It's all his own. Why do you have to share them so clearly? It's so decided. Don't worry, I can still do it."

Zhao Tong Xin pondered for a while and nodded: "OK, I'll trouble you again."

"Hello, I know Chen Dong's staff very well. Except for those who follow him, those younger brothers really can't be on the stage. Would it be too rash to use them to protect our company's people?" Xu Yanke said faintly that as Huo Tingchen's most effective subordinate, she knew all kinds of forces and members' abilities very well. Chen Dong was able to become the leader of underground forces in the metropolis of Jiangbin, and there were a number of people who could be independent. But the rest of the younger brothers were only a little better than the gangsters on the street, which made him feel better. She was worried that they would take such a big responsibility.

Shaoyuan also knows that Xu Yan is not aiming at her on purpose, and thinks a little: "yes, Chen Dong's most trusted subordinates are OK, but the rest are really different from Yan Ke's"

Zhao Tong thought for a moment and said to Xu Yanke, "since the problem is raised by you, I'll leave it to you. How much time do you need to select a group of people who are competent for this task from Chen Dong's hands?"

Xu Yanke thought for a while, with a confident expression on his face: "give me one day, it's almost

enough. At that time, I'll give the selected person to Rong Qi. I'm only responsible for these things. In addition to murder and robbery, it's better not to look for me."

If it is in peacetime, no matter what task Zhao Tongxin assigned to her, she will not want to refuse, because she still does not like the feeling of Zhao Tongxin pressing her head, but this time is to help Rong Qi complete the task, so she still chose to accept, after all, Rong Qi is Rong Lei's sister, maybe one day in the future, will become her own sister, should help She'll be duty bound when she gets married.

"Well, that's the decision. Everyone should take time to have a rest. When they went to the opening ceremony of Xu Zheng, they were listless, which affected the image of our company. Don't blame me for being impolite."

Zhao Tong heart half jokingly said a, put the invitation back to the bag.

"Why, Tong Xin, are you going to attend Xu Zheng's opening ceremony?"

Shaoyuan asked. After several battles, Xu Zheng has put Zhao Tongxin on the list of the number one enemies, and now Zhao Tongxin is pregnant. If he goes to participate in Xu Zheng's opening ceremony, what means he secretly uses, then it will be impossible to prevent.

"Spoon, you don't think I should take it as if nothing happened, do you?"

Zhao Tongxin said to Shaoyuan with a smile that she must attend today. Since Xu Zheng has sent her the invitation, if she doesn't appear, Xu Zheng will think that she is afraid. Now she doesn't want to show weakness to Xu Zheng at any time.

As Jin Zhengting often said, when facing a strong competitor, no matter from which angle, at least in the momentum, you must never lose to the other party. Let the other party feel your strength all the time, so that he will retreat.

"Our company's security personnel are performing the task of protecting the company's senior management. Now only the three of us in the company can protect you. Be careful about this. At our company's cocktail party, Xu Zheng can hijack Qian Yuanyuan, let alone on his territory."

First of all, Rong Qi opposes. Her main responsibility is to protect the safety of everyone in the company. This is the task given to her by Zhao Tongxin. She also has a more important task, which is to protect Zhao Tongxin's safety, which is specially explained by Jin Zhengting.

"That is, even if you don't think about yourself, you have to think about my little nephew. Don't be in any danger at that time. There are only three of us around you. How can you do everything when you really want to go to Xu Zheng?"

Xu Yanke also agrees that she doesn't want Zhao Tongxin to take risks. She doesn't know why. She still thinks Zhao Tongxin is the best.

After listening to their opinions, Shaoyuan agreed: "Tong Xin, if you feel that you can't show weakness in front of Xu Zheng, let one of the three of us be a representative. If Xu Zheng really has any bad ideas and kidnaps you, what should we do?"

"If you don't think it's appropriate for them to go alone, I'll be your double again. Anyway, no one can see it except Xu Zheng."

Xu Yanke volunteered that the similarity between her and Zhao Tongxin is more than 90%. In the eyes of ordinary people, they are indeed as difficult to distinguish as twin sisters. Only those who are very familiar with them can see them.

Zhao Tongxin waved his hand and said, "I've learned your kindness, but I have to finish it myself. I also want to take this opportunity to have a good chat with Xu Zheng. In broad daylight, even in Xu Zheng's territory, I don't think he dares to mess around."

She obviously has another plan in mind. The plan they made last night with Jin Zhengting is to fight for Xu Zheng. Anyway, she is also Xu Zheng's cousin, so it's normal for them to sit down and have a chat. She wants to take this opportunity to beat Xu Zheng's drum first.

"I'm afraid the three of us can't protect you. If something happens, we can't explain it to the boss."

Shaoyuan is still in a dilemma. She can see that there must be something special for Zhao Tongxin to see Xu Zheng at this sensitive time, but the defense around her is still slightly weak, so she still hesitates to listen to Zhao Tongxin's arrangement. "Of course, Tong Xin can go. This is the time to show the courage and tolerance of our company. How can we miss it? As for safety, it's even simpler. I think no one can threaten Tong Xin with me, Chen Dong, Xiao Ma and you three."

When you look at the door of the office, Cheng Mohan and Yushu are standing there in front of the wind, followed by Chen Dong and pony who are slightly sleepy.

Chen Dong first nodded to Zhao Tongxin, which was a greeting. Then he waved to the spoon garden beside her. The eyes of the spoon garden flashed with bright tears. Regardless of the image, she rushed directly to his arms.

Pony silly smile, came to Zhao Tongxin in front of: "Zhao, I came back."

Chapter 584

The meeting of the company starts again. Looking at the elites under her, Zhao Tongxin suddenly feels that her team is becoming stronger. It seems that her goal of first joining the business world will soon be realized, that is, to develop the company with her own strength, so as to become a powerful power of Jin Zhengting.

"Brother Mo, is it OK to come back from the airport?"

Zhao Tongxin doesn't forget that the traitor in Jin Zhengting group has not been found yet. The conversation at home recently may be all under the control of Huo Tingchen or Xu Zheng, so she will send Cheng Mohan, the most powerful person in the company, to meet Xiaoma and Chen Dong.

Chen Dong is not only the husband of Shaoyuan, but also the leader of Jiangbin underground forces. Of course, the importance is needless to say. Pony is related to the success or failure of this gambling fair, and also plays an important role in the current situation. Therefore, it is very likely that Huo Tingchen or Xu Zheng will send someone to do something unfavorable to them after knowing their whereabouts.

Now Zhao Tong Xin has been very careful in his consideration of the problem. He seldom misses any details. Moreover, compared with the past, he is much more cautious.

"Well, when I first received Chen Dong and Xiao Ma, I found that they were being watched. I knew all those people. They were the ones I trained at the beginning. They were all under the command of long Jiu. So I decided that long Jiu was nearby, which means that the news had been leaked to Huo Tingchen. He sent long Jiu to take people to the airport to wait for an opportunity, but just when I was ready All of a sudden, they all withdrew, so we came back all the way, and nothing happened

Cheng Mohan says faintly that, in fact, it's very difficult for ordinary people to find out their whereabouts, and there are not many people who can see through their disguise at a glance. Cheng Mohan is one of them.

This also proves that he is a very careful person and a key person who can help Zhao Tongxin. After all, he used to be a man who can be tied up with Jin Zhengting, and his ability is far more than others.

"I think Huo Tingchen's people should have seen me."

Chen Dong light said: "he is afraid that after the action is not successful, I will send someone to revenge on him, so did not rashly move."

He is telling the truth. In Jiangbin, even a man as detached as Jin Zhengting should have some scruples about Chen Dong, let alone Huo Tingchen. After long Shao's death, Chen Dong can be said to be the leader.

"It's very possible that Huo Tingchen has to worry about Mr. Chen's strength, but it also shows that the traitor inside still exists. It depends on whether Jin can find him out quickly. Otherwise, he may suffer huge losses because of this traitor."

Cheng Mohan pondered that most people can't consider these things, and only a few people like him have a long-term vision.

"I think the court should have been investigating. I believe it won't be long before it comes to the

conclusion. Huo Tingchen still wants to start at this time. I think it's because he attaches great importance to the gambling club and is afraid that the pony will destroy his plan."

Zhao Tongxin nodded and said, she also guessed Huo Tingchen's purpose, but they didn't know that Huo Tingchen valued gambling Stone Club, and there was a deeper reason, but now there was no sign to show, so even if Jin Zhengting was here, it was impossible to guess such a secret thing.

The pony pointed to his nose and asked: "Mr. Zhao, what is the gambling stone meeting and what is related to me? Why don't I understand anything?"

Zhao Tong Xin smile: "pony, I ask you one thing, is your master Zhao Si?"

Xiao Ma was stunned for a moment: "Mr. Zhao, how do you know? At that time, my master didn't like me to mention his name and told me to forget it as soon as possible."

"That's right, pony. Do you have a lot of research on gambling stones?"

Hearing the horse's answer, Zhao Tongxin guessed that the horse should be the king's apprentice, so she asked this very important question.

After biting his lips and thinking for a long time, the pony finally raised his head like he was determined: "originally, when my master accepted me as an apprentice, he told me that I would never show this technique. But since Mr. Zhao asked me, I would tell you the truth. Yes, my master did teach me the skill of gambling stones, and I learned it very well."

Zhao Tongxin finally breathed a sigh of relief. It seems that even if the news that he has a strong sense of gambling stone has leaked out, it doesn't matter. There is a more professional presence in his company.

"Pony, the company needs you to participate in the gambling stone meeting. There are thousands of stones in the meeting, and only one of them is the best. How many chances do you have to choose two or three times?"

She looked at the pony with a smile and asked, trying not to give him pressure and make him nervous, because her smile is very kind.

After thinking about it, Xiao Ma carefully said: "my master taught me the secret of gambling stones, but I haven't touched the original stones for at least ten years, and I don't know how much I can feel now. Otherwise, Zhao can't prepare a room for me, and then prepare some original stones. I'll look for the feeling of gambling stones again, if my state is adjusted to 100% Three chances should be enough. ""Well, pony, time is pressing now, so I can't give you a holiday for the time being. After this period of time, I will give you a month's holiday. Now you have to work hard first."

Zhao Tongxin said to Xiaoma with slight apology that she didn't treat him like this because Xiaoma was

useful to her. Zhao Tongxin is very sincere to everyone, which is why many people are admired by her. Kindness and sincerity are her characteristics.

"Mr. Zhao, what do you mean? Without you, there would be no today for me. Well, I will continue to train from now on, but don't forget to send me dinner."

The little horse said pitifully, and the simple and honest appearance made everyone's impression of him better. Zhao Tong Xin nodded with a smile, and didn't tell him that his master Zhao Si was probably killed by Huo Tingchen. She didn't want to hurt the little horse's simple heart.

"Tong Xin, Shaoyuan has already told me that it's easy to borrow people. There are still a group of more capable people in our company. Although they are not as good as those in Zhengting, they can be on their own. I called just now and they will come to you in half an hour."

Chen Dong said with a smile that he has no interest relationship with Jin Zhengting group, but his precious wife is one of Jin Zhengting's assistants and is a very good friend with Zhao Tongxin. Now he works in Zhao Tongxin's company, so he spare no effort to support Zhao Tongxin.

"Well, I won't say anything polite. Now it's almost time. All the senior members of our company have to visit Xu Zheng's catering company."

Zhao Tong Xin looked at the time and said to his growing team members with a smile.

The brand of Tianhong catering company has been hanging high. With the rising sun, several golden characters are shining.

Standing under the company's brand, Xu Zheng and Lu Moyan greet the guests with a smile.

If it's Xu Zheng's own company and the brand of Tianhong Group, then the rich people in Jiangbin will not come. Even if they come, they are all the consortia who have a good relationship with Huo Tingchen and are suppressed by Jin Zhengting.

But this is not the case now. Although the opening ceremony is not as grand as Zhao Tongxin's opening ceremony, there are still many rich people coming to support it.

Xu Zheng knows that these people are all looking at Lu Moyan's face. A lot of things have happened in the past two days. The Lu family, one of the top three families in Jiangbin, has been completely split. But this kind of family ugliness is not allowed to leak out among the rich families, so no one knows that such a big thing has happened.

When we received the invitation, we were still puzzled why Lu Moyan and Xu Zheng cooperated to open a catering company, and Huo Tingchen's shares were still in it, which surprised everyone. However, they did not know the inside information. They just thought that the Lu family was close to Huo Tingchen, and even many people were wondering whether Jin and Lu were the two families It's dirty.

But anyway, these people have to come to the scene to celebrate the opening of the second son of the Lu family's company, because the influence and background of the Lu family are also well-known in Jiangbin, and it is a troublesome thing to offend this son.

But let's forget about Xu Zheng. Although the Xu family can be regarded as a rich family, it's far worse than the Lu family. Moreover, we all know that Xu Zheng is only Huo Tingchen's pawn, so no one really wants to give him face.

So the two of them are welcoming the guests. Each of them is very polite and polite to say congratulations to Lu Moyan. When they get to Xu Zheng's place, they simply nod their heads or hum, even if they say hello. Some people even ignore his existence.

Although Xu Zheng still kept a smile on his face, his eyes turned into a layer of ice. He had firmly remembered those who despised him.

"Xu Zheng, don't take it to heart. Don't you know these people are just snobs. If the news of my break with Lu zhanyan is released, they won't look me in the eye."

Lu Moyan saw what he was like now, and said faintly that after a night, he had completely wanted to open up. Now that things have come to this point, he had to fight with Lu zhanyan to the end.

Xu Zheng said with a smile: "none of these people can be trusted. Naturally, there is no need to stay. There are still a few days to go before the gambler's meeting. Let's let them be rampant for a while. When the gambler's meeting is over, I want them to kneel down and beg me."

Although he finished this sentence with a smile, his eyes were sharper than the blade.

"It's easy to get rid of them, but Jin Zhengting is an extremely powerful opponent. With our current strength, it's impossible to shake him, so I think it's better to be cautious."

Lu Mo Yan was afraid that Xu Zheng would not accept such humiliation. He said some impassioned manifestos when he was hot headed, so that the development plan made last night would be wasted.

"Mo Yan, don't you think I can't even bear such a blow? Before Huo Tingchen didn't mess up the riverside situation, I endured it for more than ten years. I haven't seen any kind of face. Can their attitude towards me really stimulate me? I don't know whether you are drunk or not. "Xu Zheng said with a smile to Lu Moyan that he is really a person who is good at controlling emotions, which is better than Huo Tingchen. No matter what happens, he always takes the overall situation into consideration first, and puts his honor and disgrace gain and loss in the secondary position. This is also the reason why he can quickly develop into the president of a company with billions of capital in such a short time.

"It's good that you're OK. In other words, many of these little fish and shrimps came, but none of those important people came."

Lu Mo Yan said contemptuously that he estimated that those people did not dare to come.

Xu Zheng's pupil suddenly contracted: "you see, it has come."

Chapter 585

Lu Moyan followed Xu Zheng's sharp eyes and saw that Huo Tingchen got out of the car with long Jiu and was coming this way.

According to Huo Tingchen's identity, as the president of Tianhong Group, he had to be present for the opening of its branch. But now the situation is a little special. The relationship between Xu Zheng and him is very delicate, and the two sides have reached a critical point.

Because they no longer regard each other as potential opponents, but before they fight Jin Zhengting, they must eliminate each other before they give up. Therefore, Huo Tingchen's presence here at this time is somewhat intriguing.

However, in public places, Xu Zheng still has to show his proper attitude. Cheng mobing and he have taken a stake in Huo Tingchen group. Although both sides secretly have the intention of annexing each other, on the surface, they can't tear their face. After all, Xu Zheng is the deputy chief executive of United group, Huo Tingchen is also his nominal boss, and Lu Moyan is the shareholder of Xu Zheng. From this point of view, he is not equal to Huo Tingchen in identity.

So the two of them looked at each other and welcomed each other with a smile. Huo Tingchen and long Jiu also came over with a smile. In other people's eyes, they just got along with each other very well.

"Mr. Huo, it's still some time before the opening ceremony. Why did you come so early?"

Because a few guests passed by. Although they only came here looking at Lu Moyan's face, they still nodded after seeing Huo Tingchen. After all, Jin Zhengting hasn't arrived yet, so it's OK to say hello to Huo Tingchen. Therefore, Xu Zheng must show a very polite attitude in front of the group, so that no one will doubt that their group has been established. It tends to split.

After Huo Tingchen politely responded to the people who said hello to him, he turned to Xu Zheng and said with a smile, "it's not bad for me to come early. I can also greet the guests for you."

"This kind of small things how to trouble Mr. Huo, or I can."

Xu Zheng has not yet understood Huo Tingchen's intention, but from his words, he feels that Huo Tingchen must have some intrigue this time, so he also has one more thought to avoid being trapped by Huo Tingchen.

"Your company is the hope of the group, so your task is to run the company well. As for other trifles, I

will support you if I can help you."

Huo Tingchen has something to say in his words. There is a trace of cunning in his Phoenix eyes. This is to release the sincerity of peace to Xu Zheng as far as possible according to Jin Ying's plan, so as to have an excuse to support his company.

Of course, his ultimate goal is definitely not to make Xu Zheng bigger. He just wants to take advantage of the opportunity of Xu Zheng's prosperity and turn Jin Zhengting's attention to Xu Zheng. In this way, he will have enough time to develop himself and hope to take this opportunity to gain a firm foothold in Jiangbin.

Smart Xu Zheng immediately recognized his meaning: "Mr. Huo, do you mean to fully support the development of the company?"

He asked like this, but he didn't think so in his heart. Huo Tingchen would never support himself for no reason. There must be some shady plan behind him. He had only one purpose for himself, that is, he had a new use value.

Xu Zheng's brain quickly turned a few times, and immediately understood that Huo Tingchen said he wanted to help himself, in fact, just to let his rapid development arouse Jin Zhengting's vigilance, and then use himself as a shield.

Lu Moyan soon understood why Huo Tingchen should treat them with such a mild attitude. Although this is a matter within Huo Tingchen and Xu Zheng, he has invested all his capital in Xu Zheng's company. In other words, he has put his treasure on Xu Zheng. From the perspective of interests, he must stand on the same front with Xu Zheng.

"Mr. Huo, at present, the company's capital is not particularly abundant. If you can spend a sum of money from the group's finance to make the company operate normally, it would be great."

He said to Huo Tingchen with a smile that this move is also good for playing snake with the stick. He used Huo Tingchen's words to ask for benefits directly. Although it is simple and direct, Huo Tingchen can't refuse it. After all, he just said that he would fully support Xu Zheng's company development.

Huo Tingchen, with an unnatural smile on his face, said: "of course I will. Before I came here, I have already prepared a billion yuan of funds for your company's normal operation. The company has just been established, and it is not a familiar industry, so there are still many places to use money. Now some of the group's funds can't be turned around, so there must be less start-up funds But you can rest assured that as long as the company is in trouble, I will try to help you. "

Lu Mo Yan looked at Xu Zheng with disbelief. Huo Ting Chen was never a generous man, and he was funding his potential enemy. He was always cautious. How could he do such abnormal things? Lu Mo Yan also felt that he was wrong.

Xu Zheng motioned him not to speak with his eyes, and said with a faint smile: "then I would like to thank Mr. Huo. It happens that the company is still short of funds, and Mr. Huo is really a timely help."

Huo Tingchen's pupils contracted for a moment. He knew very well in his heart that Xu Zheng was lying. Cheng mobing and Lu Moyan had invested no less than five billion yuan each. How could Xu Zheng be short of money? The reason he said that was because he had just said that he would fully support him and pave the way for taking a large amount of money from him in the future. But now he can't tear Xu Zheng apart. He thinks that he should let Xu Zheng be arrogant for a period of time. No matter what he wants, as long as he can give him all he can, his company can grow up quickly. In this way, Jin Zhengting will naturally follow him. Although he will lose a lot of money by doing so, in order to win his own development time, no matter how big the company is it's worth the price.

"No problem, Xu Zheng, but you have to remember that the purpose of our catering company is to bring down Zhao Tongxin. Although she opened one day earlier than us, this time is nothing. I believe that with your wisdom, we can defeat her."

Xu Zheng's eyes turned a few times. He knew that Huo Tingchen had a purpose to help him, but he would not simply think that Huo Tingchen was helping him to hold Zhao Tong's heart. His real purpose must be to attract Jin Zhengting's attention and win time for Huo Tingchen's group development.

Xu Zheng still knows Huo Tingchen very well. Once he listens to his words and tries his best to develop his power, he will soon be included in the hostile list by Jin Zhengting. At that time, he will face Jin Zhengting's full attack. Although his company's capital exceeds Zhao Tongxin's company at present, compared with Jin Zhengting group, the strength difference is too great. Moreover, if Huo Tingchen's development is completed, the first thing he wants to do is not to fight Jin Zhengting, but to eliminate his potential threat first.

Xu Zheng naturally won't give Huo Tingchen this opportunity, but he won't let Huo Tingchen bleed opportunity, in a very short period of time, his mind has formed countermeasures, it can be seen that his response and adaptability are top.

"Mr. Huo, don't worry. Zhao Tongxin is in competition with our company, so I won't lose to her anyway."

Xu Zheng specially said that Zhao Tongxin and his relationship is competition, not hostility. Huo Tingchen didn't seem to care. He nodded his head: "I'll go in and have a look. You'll be busy first."

After dropping a sentence, he took Long Jiu to the hall.

"Brother, Xu Zheng has found out our intention. Just now, when he spoke, his eyes kept flashing, obviously thinking about how to deal with us."

Long Jiu is very good at observing words and colors. He sees the subtle changes in Xu Zheng's expression and whispers in Huo Tingchen's ear.

Huo Tingchen gave a cold smile: "I know that Xu Zheng can't be deceived about this. It's undeniable that he is very smart. If he is willing to play obediently under my hands, it won't be particularly difficult to deal with Jin Zhengting. It's a pity that he is also an ambitious man, so we have to take advantage of Jin Zhengting's hand to do him. He doesn't matter, I know "What's he thinking about?"

Long Jiu seems to be very interested in asking: "brother, what's his strategy?"

Huo Tingchen's face showed a confident smile: "he must feel that he has such a strong capital now, so he will have developed and formed before Jin Zhengting's attention. At that time, neither I nor Jin Zhengting can move him casually. At that time, he will become a third party force outside Jin Zhengting and me."

"Isn't that more dangerous for Xu Zheng? How can we let him develop?"

Long Jiu is puzzled. She doesn't understand that with Huo Tingchen's character, since she knows that Xu Zheng will not be willing to work under them, why don't she solve this threat that is likely to become a great enemy in the future in advance.

Huo Tingchen said with a smile: "long Jiu, the problem is that it is too superficial. I have seen through the weakness of Xu Zheng. He is too confident. He always believes that he can create the so-called miracle, but he has forgotten that Jin Zhengting is the man at the top of the city, and Xu Zheng can never finish before he finds out As a result, Xu Zheng's strategy is to dig his own grave. "

On the other side.

"Xu Zheng, what Huo Tingchen means is that he wants to use the company as a shield to attract Jin Zhengting's attention. Why do you agree to him?"

Lu Moyan some doubt asked Xu Zheng, he thought Xu Zheng would refuse Huo Tingchen's request, did not expect that he even agreed to help Huo Tingchen deal with Zhao Tongxin company, this let him very difficult to understand.

Xu Zheng said with a smile: "Mo Yan, don't worry, I didn't fall into his trap. Even if he doesn't mention it, there will be a fierce battle between our company and Zhao Tongxin. What I want to do now is to get the funds as soon as possible and expand my strength in the shortest time. Before Jin Zhengting realizes that I can form a threat to his group, It forms a force that no one can shake. At that time, you and I will be the safest. Do you understand? "

As Huo Tingchen expected, Xu Zheng's biggest weakness is overconfidence. It may also be that he already has such huge assets without any investment, which makes his self-confidence burst. After all, compared with Huo Tingchen, Xu Zheng still has a little less experience. Therefore, in this secret fight, Huo Tingchen has taken the initiative, but Xu Zheng has not Nothing.

Lu Moyan thought about it and thought that what he said was right, so he nodded and continued to

greet the guests.

At this time, he thought he had cheated Huo Tingchen, so he was very happy. "Cousin, it's a good start."

When he came back, Xu Ting looked at him with a pair of innocent eyes. With a smile on her face, she handed a handmade sailing boat to him: "I made it myself. Congratulations on my cousin's smooth sailing."

Xu Zheng shows a surprise smile. He takes over the sailboat and looks at it repeatedly. It has to be said that Xu Ting's hands are also very skillful, and the craftsmanship is very professional. This is the best gift Xu Ting has given him.

He nodded with a smile: "cousin, I like your present very much."

Xu Ting lowers her head with a smile. No one can see the cunning light in the corner of her eyes and sends the gift to Xu Zheng. Then he will really be "plain sailing".

Chapter 586

"Cousin, here comes Zhao Tong Xin."

Xu Zheng is attentively appreciating the gift given to her by her cousin. Xu Ting's brow is slightly wrinkled. She is afraid that careful Xu Zheng will find the secret on the sailing boat.

Huo Tingchen specially told her to make this sailing boat as a gift for Xu Zheng. Of course, there is a secret in this handmade sailing boat, that is, the well-made anchor is actually a very high resolution eavesdropper.

Huo Tingchen has planted Jin Ying around Jin Zhengting, so he can master a lot of things secretly planned by Jin Zhengting. However, he has not been closely monitored or monitored by Xu Zheng. Although Xu Ting is already working for him, and Xu Zheng is a standard sister controller, so he is very good to Xu Ting. The relationship between the two people is also very close, but they are still close. Unexpectedly, Xu Ting is only a cousin. She doesn't have many opportunities to get close to Xu Zheng. That's why she thought of this method.

Huo Tingchen in the distance saw that Xu Zheng happily accepted the gift from Xu Ting, with an imperceptible smile on his face. Both Jin Zhengting and Xu Zheng were under his close supervision, so he was invincible.

However, Xu Ting is still a little guilty. She knows that her cousin's heart is very careful, so she is afraid that the eavesdropper will be discovered by Xu Zheng. Fortunately, at this time, she saw Zhao Tongxin coming down from the car with her team, so she quickly reminds Xu Zheng and turns his attention to Zhao Tongxin.

To a certain extent, Xu Ting still wants to thank Zhao Tongxin for her appearance, but when she sees Zhao Tongxin and Xu Yanke, her heart will burn with anger. Jin Zhengting was taken away by that damned woman, which is the only reason why she will never forgive Zhao Tongxin, but this reason is enough.

Xu Zheng looked up and saw Zhao Tong's heart. He had a very complicated look in his eyes. He didn't know where he should put his long lost cousin, relatives, friends, opponents or enemies.

In terms of blood relationship, they are indeed cousins, so it's not wrong for them to be relatives. Sometimes, he also thinks that Zhao Tongxin and he can become very good friends. Of course, the main reason is that he is a sister controller. It's reasonable for them to say that they are rivals as the president of a catering company at the same time, and she is Jin Zhengting's wife, naturally his enemy. It's too late.

However, it is an indisputable fact that Zhao Tongxin has saved him many times. Although Xu Zheng is also an ambitious man, he is not a hero like Huo Tingchen, because he is not a ruthless person and has some feelings for Zhao Tongxin.

When Xu Ting saw that even Xu Zheng seemed to be soft hearted to Zhao Tong, her anger became more prominent. She quietly pulled Xu Zheng's clothes: "cousin, you should be careful. Maybe Jin Zhengting sent her to inquire about the truth."

Xu Zheng's pupil suddenly shrinks with a seemingly light sentence. Xu Ting's words remind him that Zhao Tongxin's identity is Jin Zhengting's wife and his enemy, so his eyes change from complicated to sharp.

Xu Ting saw the change in her eyes, and a smile appeared on her face. She could always change one person's attitude towards another with simple words at some time.

"Cousin, you're right. She's Jin Zhengting's woman. She's the enemy of our Xu family. We don't need to show mercy to her."

Xu Zheng coldly reminds Xu Ting, in fact, he is also reminding himself.

But Xu Ting showed her innocent eyes. She looked at Xu Zheng pitifully and said, "cousin, don't be so cruel. After all, she is also a member of the Xu family. Although she often goes against you, her blood relationship is still there."

On the surface, she is talking for Zhao Tongxin, but in fact, she is secretly telling Xu Zheng that Zhao Tongxin has never been concerned about their blood relationship, but constantly hostile to them.

Xu Zheng looks at the innocent Xu Ting with a gentle smile, and looks colder at Zhao Tongxin. Although he is a very smart man, he seems to lose the ability to think about what his cousin said immediately.

"Cousin, you are just too kind. In the future, you should remember to treat your enemy. No matter what identity she is or what relationship she has with you, don't be merciful. Pity for the enemy is cruelty to

yourself."

Xu Zheng gently admonishes Xu Ting. In his heart, Xu Ting is always a weak girl who needs his protection. It seems that he has forgotten the fact that she is a master.

Xu Ting cleverly nodded her head, but her mouth was still very weak and said: "cousin, don't be so terrible. I'm most afraid of conflicts with others."

Xu Zheng smile, said: "good, cousin does not say, go, let's go to meet the cousin."

Lu Moyan looks at Zhao Tongxin coldly behind them. Although these people have no direct relationship with the Qian Yuanyuan incident, he thinks that since Zhao Tongxin and Qian Yuanyuan are the best friends, he must know Lu zhanyan's business. Although they are not involved in it, they at least conceal it for them, and they are basically Jin Zhengting's relatives or close friends So their anger will naturally go to them.

"Mo Yan, relax a little. A few days is a great day for our company to start business. Don't conflict with them. At least on the surface, we can only talk about the past. Don't let others think that we are narrow-minded people. That's not good for us to have a good relationship with the rich class in Jiangbin." Xu Zheng took a picture of Lu Mo Yan and said with a smile, with a deep meaning in his eyes.

As soon as Lu Moyan saw his eyes, he was stunned. But he soon understood what Xu Zheng meant. He bit his teeth and nodded his head: "don't worry, I've put all my wealth into the company, so I won't lift a stone to hit my feet."

Xu Zheng said with a smile: "Mo Yan, you are really a smart man. Just understand this. Let's go. Don't let Mr. Zhao think that we are not friendly and hospitable."

Three people came to Zhao Tong Xin and his party. Xu Zheng first showed a polite smile and said gently, "Tong Xin, I didn't expect you to come."

Zhao Tong Xin also saw Xu Zheng from a distance, she also showed a smile: "Xu Zheng, congratulations."

"There's nothing to congratulate. It's just a small company. And your congratulations are not sincere. After all, we are already in a competitive relationship."

Xu Zheng continued to say with a smile, but from his eyes, everyone saw a trace of hostility.

If Zhao Tongxin used to be, she would turn around and leave. Although she is not a timid person, she would still choose to give up to relatives like Xu Zheng. But not today. She does not represent her alone, but the whole company, or even Jin Zhengting.

"I'm never afraid of any competition, because our company can stand any test," she said with a faint smile

Xu Zheng's smile smothered: "Tong Xin, don't say too much. We haven't explored the market together. It's unknown who can stand the test better."

"Don't worry, Xu Zheng. The final winner must be our company. I can bet with you on anything."

Zhao Tong Xin's pretty face with a confident smile, she said lightly: "but this time I really don't come to fight with you, but I sincerely come to congratulate you, a new colleague. Is this your attitude towards the guests?"

Xu Zheng's face changed, but soon returned to normal. He nodded his head with approval: "Tong Xin, you have made great progress recently, and your momentum has become more and more powerful. You are worthy of Jin Zhengting's wife."

Zhao Tong heart gently sighed: "originally I think it's better to be relaxed, but there are always some people to make trouble, forcing me to make changes."

She said faintly, her eyes finally fell on Xu Ting. She had seen what Xu Ting was saying with Xu Zheng from a long distance. Judging by Xu Ting's personality, it was not a good thing. Xu Zheng's unfriendly attitude also confirmed the fact that Xu Ting was provoking.

In addition to her previous provocations and intrigues, Zhao Tongxin naturally won't give her a good look.

Xu Ting heard Zhao Tongxin say so, her eyes obviously changed, but considering that she had just pretended to be innocent, now if she counterattacks Zhao Tongxin, her image will be completely destroyed, so she hides behind Xu Zheng and pretends not to see it.

"Hey, Zhao Tongxin, you are saying this in vain. I don't know that there is a kind of person who likes to hide his head and show his tail, and is very good at pretending to be poor. She is just a green tea whore with a thick face than the city wall. No matter what you say, it's in vain, because she won't feel anything at all."

Xu Yanke disdains Zhao Tongxin and says that although it sounds like she is in opposition to Zhao Tongxin, she is actually talking about Xu Ting. In the attitude towards Xu Ting, she and Zhao Tongxin must stand on the United Front.

No matter how much Xu Ting can bear it, when she faces Zhao Tongxin and Xu Yanke, the two people she hates most in her life, her lungs are going to explode. Moreover, the two people who used to be enemies, and now they cooperate with each other so tacit, it makes her even more uncomfortable, but now there is no way.

Xu Zheng knows that they have something else to say, but he doesn't know that they are talking about Xu Ting, because in his influence, Xu Ting will always be a good girl.

"You're right. I shouldn't waste my saliva, and now I'm pregnant with the flesh and blood of the court. I shouldn't be angry."

Zhao Tong Xin's eyes obviously look at Xu Ting, and deliberately gently touch her stomach with her hand. She knows why Xu Ting is aiming at her everywhere, because she has become Jin Zhengting's wife. Xu Ting is very jealous, so she deliberately shows off in front of Xu Ting. This is not what she learned from Jin Zhengting, but what she learned from numerous collisions with Huo Tingchen Yes, because he is very good at making use of other people's weakness. Xu Ting's weakness is that she didn't get Jin Zhengting. This is her only worry.

Sure enough, after hearing Zhao Tongxin say these, her face became very ugly, her hands clenched into fists, if there is not a trace of rationality, she would have rushed up and hit Zhao Tongxin in the stomach.

But Xu Yanke is looking at her coldly. If she dares to do it, she will be subdued by Xu Yanke, Shaoyuan and Rongqi. At that time, Zhao Tongxin will have an excuse to say that she attacked herself first, so that she can't steal chicken.

"Cousin, it's almost time for the guests to come. I don't think we should stand at the door any more. Since the pupils have already arrived, we'd better go in as soon as possible." Xu Ting forbear anger, soft voice said to Xu Zheng, but her eyes flashed a trace of murderous.

Xu Yanke's eyes are sharp. She has seen Xu Ting's eyes and quietly moves to Zhao Tongxin. She says in a voice that only they can hear: "be careful, Xu Ting may have to attack you."

Zhao Tong heart looked at Xu Ting, also whispered: "if she started on me, how sure do you have to subdue her on the spot?"

"One hundred percent, but you have to ask Shaoyuan and Rongqi to help me. I may not be able to do it alone."

"Well, that's it. Let's make Xu Ting look ugly this time."

Chapter 587

Zhao Tong whispers and goes to the front. Xu Yanke looks at Shaoyuan and Rongqi. They have been cooperating for some time, so they have formed a good tacit understanding.

Two people received Xu Yanke's eyes, they already understood, they quickly walked two steps, although far away from Zhao Tongxin, but can quickly protect her, and then use the corner of the eye to observe Xu Ting's action.

As the masters of the opening ceremony, Xu Zheng and Lu Moyan naturally want to walk in front of them. Xu Ting follows them. Because Zhao Tongxin walks faster, they almost walk side by side with her.

Xu Ting has long seen Zhao Tongxin a little out of protection, her eyes turned a few times, intentionally or unintentionally to her side close to some,.

For Zhao Tongxin and Xu Yanke to her sarcasm, let her anger reached the critical point of the outbreak, see Zhao Tongxin at this time no one to protect, she wanted to immediately Zhao Tongxin hand, but considering in public, make too big action is not good, so want to give Zhao Tongxin a secret.

This is just in the Zhao Tong Xin and Xu Yanke's stratagem, they have long thought of Xu Ting will make what retaliatory small action, so Zhao Tong Xin deliberately left her this opportunity.

Walking side by side with Xu Ting, Zhao Tongxin didn't look at her, but a smile of sarcasm appeared at the corner of her mouth. In Xu Ting's eyes, her heart was stabbed by a sharp stick.

Xu Ting clenched her teeth and quietly moved a little to Zhao Tong Xin. The distance just made her trip Zhao Tong Xin.

Although this section of the road is covered with red carpet, the carpet is not particularly thick. Below is the hardened road surface. If Zhao Tongxin falls to the ground, especially if his stomach hits the ground first, he is likely to have a miscarriage all of a sudden. This is also the result Xu Ting most hopes to see.

She is very confident in her skills. As long as she stretches her foot unexpectedly, she can trip Zhao Tongxin to the ground, and at this time, the three people who protect her fall behind.

Xu Ting naturally will not miss this once-in-a-lifetime opportunity, she immediately stretched out her feet, as a master, the timing of foot grasp is very good, and the speed is very fast, take no measures to prevent, Zhao Tongxin simply can't react.

But at the moment when she stretched out her feet, Shaoyuan and Rongqi had already come to Zhao Tongxin with the fastest speed, and they helped Zhao Tongxin around. Although Zhao Tongxin was stumbling by Xu Ting, she was a little unstable, but because she was supported by Shaoyuan and Rongqi, and she had been psychologically prepared, she had not lost her balance.

It's Xu Ting's turn to be unresponsive. When she wonders why Zhao Tongxin doesn't respond and falls down, Xu Yanke comes from behind as if nothing happened, raises her foot and tramples on her feet.

Xu Yanke is wearing high-heeled shoes, the heel is very thin, full of a foot down, Xu Ting to endure the pain can be imagined.

However, the pain on her feet has not yet been transmitted to her brain, and Zhao Tongxin, who has recovered her balance, seems to have inadvertently stepped on her calf.

"Oh, I'm sorry. I tripped over you just now. I didn't take a step."

Zhao Tong heart quickly take back feet, a face of apology to Xu Ting said.

Xu Yanke also quietly took his feet back, but he said with an unhappy face: "Hey, be careful when you walk. Why do you stop suddenly? My high heels almost broke."

Where does Xu Ting have time to answer them? The intense pain comes from her feet and calves. But there are so many people on the scene, she can't have too intense reaction, and even can't show too painful expression. After all, Zhao Tongxin has already said that she tripped Zhao Tongxin first. If she argues, it will be too ungracious.

Xu Ting endured the strong pain, straightened up, but also squeeze out a smile of apology: "sorry, I just did not stand firm, slipped, fortunately you did not fall, if you hurt the child, I really can't blame."

Zhao Tong heart magnanimous waved: "it's OK, anyway, we are not injured, just an accident, Xu Yanke, you don't blame Xu Ting, she didn't mean to, let's go."

Xu Yanke looks at Xu Ting white, snorts, and enters the hall with Zhao Tongxin.

"Hey, why don't you let me step on it twice? This Xu Ting is so hateful. She just wants to harm my little nephew."

Next to Zhao Tongxin, Xu Yanke says with a curl of her mouth that since reaching a compromise with Zhao Tongxin, Xu Ting has become her No. 1 enemy. After all, she is also trained by Huo Tingchen, so she has a character that she must repay. Therefore, she is not happy with Zhao Tongxin for not letting her clean up Xu Ting.

Zhao Tong Xin smile: "forget it, after all, this is a public place, just give her a lesson."

"Tong Xin, I found that you are very aggressive now. Before others didn't provoke you, you wouldn't get angry. Is it because of pregnancy that your temper has become bad?"

Shaoyuan asked with a smile. She knew that Zhao Tongxin was not a temper problem, but wanted to warn Xu Ting that she was not so easy to bully. "Spoon, I'm not aggressive. I'm going to fight with Xu Zheng soon. At this time, Xu Ting's attitude is very important. I just want to tell her that it's better not to interfere in this matter, otherwise I can take the initiative at any time."

Zhao Tongxin's eyes are shining with wisdom. She knows that Xu Ting is also a smart woman. She should understand her intention.

Xu Ting limped into the hall, Xu Zheng saw her like this, quickly came to ask: "cousin, what's the matter with you?"

"It's OK. I tripped when I came in just now."

Xu Ting delicate answer, in fact, she is now extremely painful, Zhao Tongxin because of pregnancy, so wear flat shoes, plus she is also an ordinary girl, so the harm caused to themselves can be tolerated, but Xu Yanke that is not, she is wearing thin heel high heels today, and it is with the full strength of a foot, but the strength is just right Benefits, on the surface did not leave too many wounds, but it is a deep pain.

"Be careful later. Sit down here and have a rest. I'll go and greet the guests first."

Xu Zheng first step into the hall, for what happened outside did not see, think Xu Ting just carelessly, helped her to sit down on the sofa, just to greet the guests.

Xu Ting looks at Zhao Tongxin in the crowd. Her teeth are rattling. All the rich people who come to the opening ceremony gather around Zhao Tongxin. When Xu Ting sees such a scene, her teeth itch because she knows that the reason why these rich people regard Zhao Tongxin as their center is because Zhao Tongxin is Jin Zhengting's wife. If Jin Zhengting chooses her own So now she is the one surrounded by people, which makes her psychology very unbalanced.

However, with her current ability, she can't fight against Zhao Tongxin. Jin Zhengting's wife's identity gives her a aura, which makes Zhao Tongxin invincible in the business world. This aggravates Xu Ting's jealousy.

But just now Zhao Tongxin's intention, she is also very aware of, that is to warn her, don't play tricks in front of Zhao Tongxin, so now she can only choose to swallow this dark loss.

"Miss Tong Xin, we meet again."

When the crowd separated, Huo Tingchen held his glass and came to Zhao Tongxin. When the rich saw Huo Tingchen, they immediately hid far away. Different from the situation just now, Jin Zhengting's wife was here, so they did not dare to make eye contact with Huo Tingchen any more. They were afraid that they would offend president Jin if they were not careful.

Zhao Tong heart looked at Huo Tingchen, lukewarm said: "well, sometimes do not want to see also have to see."

"Because the world is too small."

Huo Tingchen kept a gentleman's smile, and could not see that both sides were mortal enemies at all. However, this point could not deceive the rich people present. We already knew the relationship between Huo Tingchen and the Jin family.

"Yes, the world is too small, Mr. Huo. We meet again."

Zhao Tongxin doesn't speak. He turns out Cheng Mohan from behind her and looks at Huo Tingchen with a sharp face. This is the first time that Cheng Mohan and Huo Tingchen face to face after returning

to Jiangbin.

Huo Tingchen's pupil contracted for a while, after all, he is to seize Cheng Mohan's capital, how much will also have some guilty.

When they saw Cheng Mohan and Huo Tingchen, the rich people gathered around them curiously. They didn't know anything about the inside story. They didn't know why Cheng Mohan would hand over Tianhong Group to Huo Tingchen. But we all know that there must be some secret, so we all want to see what happened between them.

"Mr. Cheng, how have you been recently? Have you been cured?"

Huo Tingchen takes a deep breath and says to Cheng Mohan with a smile that what he announced was that Cheng Mohan was seriously ill, so he handed over the administrative power of Tianhong Group to him. Naturally, he would like to greet Cheng Mohan in front of people, and he can't show too much hostility.

"It's a good time to recover, and Mr. Huo has taken good care of Tianhong Group."

Cheng Mohan puns that his eyes become extremely sharp, like staring at a wild animal like a prey. He, who is as famous as Jin Zhengting, naturally has a kind of dignified momentum, which makes Huo Tingchen's eyes twinkle and he doesn't dare to look at him.

"Mr. Cheng's health is very important, so you'd better take a rest during this period. When your body is completely recovered, I'll return Tianhong Group to you."

Huo Tingchen said with a smile that he has firmly controlled the Tianhong Group now. There is no need to worry about Cheng Mohan's restoration. However, in public, the words on the scene must be said.

"Well, Mr. Huo can continue to take care of Tianhong Group, and I can take good care of myself. After all, only when I am well, can I make a good calculation of those old debts."

Cheng Mohan also said with a smile that the old account he mentioned, of course, refers to Huo Tingchen's encroachment on his original assets.

From their conversation, everyone soon understood that Huo Tingchen must have won Cheng Mohan's trust, and then made some small moves behind him to steal the control of the whole Tianhong Group. Taking Huo Tingchen as a person, this is the most likely thing to happen. "Mr. Cheng has just returned to Jiangbin. If you need any help, please come to me. Tianhong Group will open the door for you at any time."

Huo Tingchen's eyes are a bit gloomy. Although it's a scene, it's also a warning to Cheng Mohan that Tianhong Group belongs to him now.

"At the right time, I will definitely go to sit down, but I hope Mr. Huo will wait for me in the president's office at that time."

Cheng Mohan said faintly, his meaning is very obvious, that is, when he took back Tianhong Group, Huo Tingchen had lost everything.

Huo Tingchen's pupils suddenly contracted. He felt that Cheng Mohan's attitude was very firm. Although he stole the property of Tianhong Group and Cheng family, he also set up a terrible enemy.

Cheng Mohan didn't say anything more. He walked away with a smile, leaving Huo Tingchen with a slight embarrassment on his face.

Zhao Tong Xin said with a smile: "he is a member of our company now. Maybe he will have a lot of communication with Mr. Huo in the future. You are old friends and need more attention."

Huo Tingchen's eyes flashed a trace of ruthless, but his face always with a smile: "must take care of."

Chapter 588

The people who came to the opening ceremony this time were all the rich people in Jiangbin, who were not very familiar with Cheng Mohan. So when Cheng Mohan was sitting on the sofa, no one came to chat with him.

Just as he picked up a glass of wine from the waiter's tray, the figure in front of him flashed, and the graceful Cheng mobing had already sat in front of him.

"Why is it boring to sit here alone?"

Cheng Mo Bing's face with a smile, moving eyes looking at Cheng Mo Han light said.

Cheng Mohan looked at his sister and gave her a faint smile: "sometimes it's good to be alone. You should know that I like a quiet environment."

"I thought you were not used to being so quiet. I wanted to talk with you. It seems that I'm being amorous again."

Cheng Mo Bing stood up and wanted to leave, but was stopped by Cheng Mo Han: "Mo Bing, we haven't talked together for a long time, have we?"

Cheng Mo Bing sat down again, her eyes across a trace of imperceptible melancholy: "about five years, since that happened, we have not even had a few opportunities to meet, let alone chat together."

Cheng Mohan sighed: "yes, five years have passed, and you still haven't put it down."

"Put it down? It's very easy for you to say that. Maybe it's nothing at all. The young master of the Cheng family is a famous playboy. What's the matter if he sleeps his own sister? Isn't it that he even gets his own mother into bed? "

Cheng mobing's voice was shaking, and her face showed a complex look, including anger, helplessness, shame and sadness.

Cheng Mohan sighed again: "Mo Bing, I always want to find a chance to explain this to you, but you never give me a chance."

Cheng moping's mood calmed for a while, light said: "now I give you a chance, you can say."

Cheng Mohan's eyes flashed with a look of pain. A man like him would not show his happiness, anger, sorrow and happiness in front of others if he didn't suffer from extreme suffering in his heart.

"That night, my grandmother asked Zhao Si to call me to her room to talk about the inheritance of the family business. You know, I was always a puppet of my grandmother, and I was eager to get real power. At that time, I naively thought that my grandmother had found her conscience, so I was very happy to meet her with Zhao Si. What I didn't expect was that she was drinking tea with me After taking the medicine, what's more, I didn't expect that you were trapped by grandma. She locked us in the same room. You know how violent the medicine was. We had such a bad thing. Moreover, she didn't let me go. She also took the medicine for my mother in the same way. I knew that her purpose was to completely destroy my reputation, and then she took it Can rightfully occupy the power of the Cheng family. "

He murmured that this memory was the last one he wanted to mention. No one knew his inner pain, especially when he woke up and looked at his mother and sister who were not wearing any clothes.

Cheng mobing's eyes also showed a look of pain. That nightmare like memory is also a nightmare that she can't get rid of in her life. It's also because of this that she began to use her body to seduce the man she needs. Therefore, in a few short years, she developed into the president of a huge economic group.

"I'm sorry for you, Mo Bing, but I'm also a victim. Of course, it's useless for me to say anything, because I've caused serious harm to you, but I still hope you can come out and live a good life in the future. Don't be like before, OK?"

Cheng Mohan's eyes are full of repentance and concern. Cheng mobing is his favorite sister. Because of Mrs. Cheng's calculation, they are now enemies, which is also a kind of deep sorrow.

Cheng Mo Bing said with a sad smile: "in fact, I knew it wasn't your fault for a long time. It was grandma who calculated us behind our backs. I've figured it out for a long time, but I can't get over the hurdle in my heart, but now I don't hate you at all."

Cheng Mohan's heart is shocked, this is the thing he cares about most, now Cheng mobing has frankly

forgiven him in front of him, he only feels very happy.

"Mo Bing, now that you've forgiven me, don't make enemies with Jin Zhengting any more. You're not his opponent. You'd better join me and take back what belongs to our Cheng family from Huo Tingchen's hands."

Cheng Mohan sincerely says that he is working for Zhao Tongxin now. Although Jin Zhengting did not say it clearly, he also knows that Jin Zhengting will help him get back the assets of Tianhong Group and Cheng family from Huo Tingchen, which is also the condition for him to work for Zhao Tongxin.

When Mrs. Cheng was alive, because she was a member of the Huo family, she used the strength of the Cheng family to secretly help Huo Tingchen, a descendant of the Huo family, develop. She also used the Cheng family to fight against the Jin family. The purpose was to make the Jin and Cheng families conflict and consume the strength of the two families.

Now that Mrs. Cheng is gone, the strategy formulated by her hand naturally needs to be carried out. Although he is also a competitive man, he also knows that confrontation with the Jin family of the first family in Jiangbin will only result in a loss of both sides. Therefore, he hopes to return to the previous state. The Jin family is in Jiangbin and the Cheng family is in Jiangdong, and both sides continue to maintain the same status. Water does not violate the peace of the river. However, it's useless for him to think about it now, because all the power of the Cheng family has fallen into the hands of Huo Tingchen. This is one of Mrs. Cheng's plans. She knows that she is old and can't keep the Cheng family for long, so she will leave the power to Huo Tingchen and let him continue to complete the revenge plan against the Jin family.

From this point of view, Cheng Mohan and Cheng Mobing are both the direct families of the Cheng family, and naturally they are also the targets of Huo Tingchen's revenge. Although they cooperate with Cheng Mobing, it is mainly because Jin Zhengting's strength is too strong for him to fight against and he has to make a compromise, but once Huo Tingchen gains power and Huo's family is destroyed, he will also count part of the hatred on the Cheng family. In fact, Cheng Mobing is really dangerous.

"I can't do that. Although I forgive you, I don't agree with you. You want to keep peace with the Jin family, but I don't want to. Don't you know that we were beaten so badly by grandma because we didn't have the strength in our hands? So anyway, I will develop my strength to the point that no one can act rashly. In order to achieve this goal, no matter who it is, I will spare no effort to eradicate him. Even if that person is you, I will not show mercy. "

Cheng Mo Bing said with burning eyes that she has become a woman full of ambition, which can not be influenced by Cheng Mo Han's family affection.

"Mo Bing, you're not Jin Zhengting's opponent. Take advantage of the time to stop now, otherwise your end will be very miserable."

Cheng Mohan earnestly persuades his sister to turn around, because he knows Jin Zhengting more and

more, and even arrogant men like him feel that they can't compare with him, let alone their own Cheng mobing. But as a brother, he feels that he has the responsibility to pull Cheng mobing back from the edge of the cliff.

"Mr. Cheng, although Mo Bing is not Jin Zhengting's opponent, you should not look down on others. No one is invincible in this world. Jin Zhengting is the same. I think I am qualified to be his opponent."

Xu Zheng didn't know when he came over. He naturally took Cheng mobing's waist and said to Cheng Mohan with a smile.

Seeing their intimacy, Cheng Mohan's conjecture has been confirmed again. Xu Zheng and Cheng mobing have come together, but this is not the result he wants to see.

Although he only contacted Xu Zheng once, he could feel that Xu Zheng was an ambitious man. When his sister was with him, they would never look back.

"Xu Zheng, let go of your hand. I won't agree with Mo Bing to be with you."

Cheng Mohan stands up and looks at Xu Zheng coldly. His eyes are extremely sharp and full of warning.

Xu Zheng, however, was indifferent. With a faint smile, he glanced at Cheng mobing in his arms and asked in a gentle voice, "mobing, do you want to listen to your brother?"

Cheng Mo Bing coldly smile: "if it's you, do you want your wife or your sister?"

Xu Zheng laughs: "although people in Jiangbin all know that I am a sister, once I make a choice between my wife and my sister, of course I want my wife."

Cheng Mo Bing also a gentle smile: "my answer and you are the same, I will choose my husband, not to mention, my brother hurt me, and hurt deeply."

Xu Zheng's eyes slightly coagulated: "well, then he really committed the crime of death, even if he is your brother, I will do him to revenge for you."

Cheng Mo Bing's face was filled with a happy smile: "I know you are different from those smelly men, you are really good to me."

Xu Zheng turns to look at Cheng Mohan with anger in his eyes and smiles politely: "Mr. Cheng, you also hear that. This is mo Bing's attitude. As her man, I don't want you to control her thoughts, because who she is with is her freedom."

"Xu Zheng, I'm still polite to you now. If you don't listen to my warning, I'll really be rude to you."

Cheng Mohan's eyes gradually became cold, but Xu Zheng looked at him fearlessly, and his eyes also

became cold: "Cheng Mohan, I'm very polite to you, too. Mo Bing told me about you. If it wasn't for the face that you were her brother, I would have broken you to pieces, so I hope you will disappear from my eyes immediately, otherwise, Don't blame me for being rude. "

After that, he winked at the corner. Several bodyguards in black suits put their hands into their clothes. It was obvious that they were holding weapons. After all, this is Xu Zheng's territory. He had been prepared for a long time.

"Just because these people can't scare me, I'll give you time. If you don't leave mobing, I promise you will defeat your catering company. You don't want your company to go bankrupt just after it's opened?"

If it comes from other people's mouth, you will think it's a threat. But if it comes from Cheng Mohan's mouth, it will become a fact. He and Jin Zhengting have the same qualities as men, that is, they will do what they say.

Xu Zheng said with a smile: "Cheng Mohan, I know you are working for Zhao Tongxin now, but I can also tell you that I have never been afraid of you, let alone you. Even if Jin Zhengting comes here himself, I will not be afraid, because I will soon kick him off the throne of Jiangbin peak." At this time, Xu Zheng will not worry about whether he will give himself hatred, because he wants to replace Jin Zhengting. The first step is to defeat Zhao Tongxin's company and monopolize the whole catering industry. Cheng Mohan is Zhao Tongxin's man, so he is naturally his number one enemy.

Moreover, he has discovered that he really likes Cheng mobing. When he is faced with a person who wants to separate him from the person he likes, if he doesn't show any more, he can't really be a man.

"Xu Zheng, your ambition is great, but can it really be realized?"

A low and magnetic voice came. Xu Zheng's face changed. When he turned his head, Jin Zhengting stood behind him calmly.

Chapter 589

Jin Zhengting stood tall and straight, like a towering mountain peak, with a momentum that no one could surmount. Zhao Tong Xin gently took his arm and nestled beside him, with a trace of indifference happiness on his face.

Jin Zhengting's appearance immediately attracted a murmur from the rich people around him. It is reasonable to say that Huo Tingchen's company opened, he should not be present, and in his capacity, there is no need to attend such an occasion.

His appearance can only show that Jin Zhengting attaches great importance to Zhao Tongxin, because Xu Zheng is also in the catering industry, and Zhao Tongxin just switched to the catering industry two days ago. Everyone knows that the two companies are absolutely competitive. Because of the group president behind the scenes, it is not too much to say that both sides are mortal enemies.

Zhao Tongxin's intention to appear here is self-evident, that is, to announce to everyone that she is not afraid of Xu Zheng at all. Jin Zhengting's sudden arrival is undoubtedly to boost Zhao Tongxin's momentum. He has a transcendent position in Jiangbin, openly supports Zhao Tongxin, and also warns all the rich people who come to the opening ceremony that being close to Xu Zheng is his enemy 。

Therefore, although most of the rich people who came to the scene were just looking at Lu Moyan's face, after seeing Jin Zhengting, everyone had an idea, that is, to leave here as soon as possible.

"I didn't expect that the opening of my small company today surprised Mr. Jin. You really made our company shine."

Xu Zheng said to Jin Zhengting with a smile, but everyone can see the kind of challenge in his eyes to Jin Zhengting, who stands at the top of the river.

At this time, although Xu Zheng knew that this would probably infuriate Jin Zhengting, just to achieve Huo Tingchen's purpose of using him as a shield, he could never show weakness in front of so many people. Even if he offended Jin Zhengting, he had to prove that he was not afraid of him, otherwise, even if his strength could develop enough to challenge Jin Zhengting in the future, they will not get the support of these rich people, because everyone will say that he is not qualified to challenge. As soon as Jin Zhengting appeared, he had already lost in momentum.

In the long run, he must make enough gesture to challenge Jin Zhengting's heroic image.

Jin Zhengting took a light look at him and ignored him. Instead, he said gently to Zhao Tongxin, "Tongxin, don't take part in such small occasions in the future. Now that you are pregnant, those little fish and shrimp are not enough to make you worry about them. Do you know?"

Zhao Tongxin knew that Jin Zhengting didn't mean to tell Xu Zheng, but really cared about her body, so he nodded his head cleverly: "I know, Zhengting, it won't happen in the future."

Only she can understand Jin Zhengting's intention, but this sentence does not mean that in Xu Zheng's ears. Jin Zhengting does not care about him at all. He naturally thinks that it is contempt for him. What Jin Zhengting just said is very harsh.

In fact, Jin Zhengting really didn't pay attention to Xu Zhengfang. Although he is a very capable person, and the catering company is doing a lot now, in Jin Zhengting's opinion, he really doesn't have the qualification to challenge the business empire he founded.

"Mr. Jin, no one in Jiangbin city is unaware of your strength, but you should be careful not to be stabbed by the so-called little fish and shrimp."

Xu Zheng's voice gradually cooled down, his eyes with a little anger, but after all, it is in public, he can restrain himself, try not to tear his face with Jin Zhengting, if there is a conflict with Jin Zhengting in

public, the whole rich and powerful circle in Jiangbin will keep away from him, so he will become more and more difficult to develop the company in the future It's very hard.

No one wants to offend Jin Zhengting for a small Xu Zheng. After all, the two people are not in the same level. Even if Lu Moyan is on Xu Zheng's side, it's unexpected. However, Lu Moyan's weight is not as good as Jin Zhengting's.

Jin Zhengting gently stroked Zhao Tongxin's long hair. Then he turned his head. There was no expression on his angular face. He took a light look at Xu Zheng and said in a magnetic voice, "I'm very busy. I don't have time to pay attention to a small company like you. Since you and Tong Xin are competing in business, this sentence should be said by you and Tong Xin. I won't interfere These things. "

His implication is very obvious, that is, Xu Zheng is not qualified to let Jin Zhengting pay attention to it. Even Zhao Tongxin can easily win Xu Zheng.

Xu Zheng's canthus muscle slightly beat a few times, this is Jin Zhengting's contempt for him, but he still maintained enough calm, reluctantly showed a smile: "Mr. Jin, do you really think Tong Xin can compete with my company?"

Jin Zhengting took Zhao Tongxin's hand and walked out the door, coldly leaving a sentence: "I bet 100 yuan, you are not Tong Xin's opponent."

Although we all know that Zhao Tongxin is Jin Zhengting's wife and has a special position in Jiangbin, we all know that she has just entered the business world, so we can say that she has no experience. These rich people are well informed and know that Xu Zheng's assets are beyond his control Over 6 billion yuan, the scale is more than twice that of Zhao Tongxin company. Even so, Jin Zhengting firmly believes that Zhao Tongxin will win in the coming competition, which clearly means that he has not paid attention to Xu Zheng at all. Xu Zheng stands there, looking at the back of Jin Zhengting and Zhao Tongxin. His teeth are clenched tightly, his hands are clenched into fists, and his veins are protruding. It can be seen that he has been stimulated by Jin Zhengting's words.

Jin Zhengting takes Zhao Tongxin by the hand. When they are about to go to the door, they suddenly see Huo Tingchen, who is smiling and watching the fight between the two sides in the distance.

Huo Tingchen is in a very happy mood now. After Jin Zhengting came, the thing he was most afraid of was that Xu Zheng would avoid being sharp and would not conflict with Jin Zhengting. In this way, Jin Zhengting would not be noticed and alerted. So his plan to use Xu Zheng to attract Jin Zhengting's attention would be in vain.

Unexpectedly, Xu Zheng was very cooperative. Everyone could see that he was challenging Jin Zhengting. Although Jin Zhengting was very indifferent, Huo Tingchen knew that Xu Zheng's move had put him on Jin Zhengting's blacklist, so his goal was achieved.

When he wanted to taste the red wine in his hand, he suddenly felt two sharp eyes, looking for them.

His heart suddenly tightened, and he saw Jin Zhengting slowly coming towards him. Although he had no expression on his face, his cold and handsome face was full of chill, and his eyes also showed a trace of lethality.

Huo Tingchen put it in his glass and watched Jin Zhengting come. He didn't walk fast, but every step seemed to step on his heart. Huo Tingchen knew why Jin Zhengting had such a strong aura, because he touched Jin Zhengting's bottom line.

However, at this time, he has to face Jin Zhengting, because like Xu Zheng, he has no way out, especially when so many rich people are present, he can't show his timidity.

Huo Tingchen squeezed out a smile in front of him and quickly welcomed him. He said faintly, "Mr. Jin, thank you for coming."

Nominally, he is also the president of Tianhong Group, and Xu Zheng's Tianhong catering company is his company, so he can also be regarded as the host of the opening ceremony. The polite words on the scene are still to be said.

There was no smile on Jin Zhengting's face, and his eyes were more sharp, so that Huo Tingchen did not dare to look at him.

"Don't be so polite. I just want to tell you that if Jin Ying loses one hair, I'll let you be buried with her."

Jin Zhengting's voice is not big and low, but with unspeakable fierce momentum, Huo Tingchen shakes his hand holding the wine cup slightly, and the wine cup almost falls to the ground. He is different from Xu Zheng. Xu Zheng wants to challenge Jin Zhengting wholeheartedly, but he doesn't do much to touch Jin Zhengting's bottom line, so Jin Zhengting's attitude towards him is cold, but he doesn't care. It didn't put any pressure on him.

Huo Tingchen is different. He is the enemy of the Jin family, and he has repeatedly done things to touch Jin Zhengting's scales. From killing his child, to setting up Lu Zhanyan some time ago, to kidnapping Jin Ying last night, Jin Zhengting's scales can't be touched except Zhao Tongxin. His relatives and friends can't be touched, so from this point alone, Huo Tingchen is the best Chen has made an unforgivable mistake.

"Mr. Jin, don't forget that Jin Ying is still in my hand. I think she should be my talisman. If Mr. Jin scares me like this again, I'll probably make my staff cut off one of Ms. Jin Ying's fingers."

Huo Tingchen's eyes flashed a trace of ruthlessness. Although he could not bear to face Jin Zhengting's oppressive momentum, he was unwilling to admit defeat. He lived in Jin Zhengting's huge shadow all his life. He didn't want to lose again this time, so he used Jin Ying to threaten Jin Zhengting.

"Yes? If Jin Ying is really missing a finger, you don't need to send her back. I will prepare the biggest funeral for her. "

Jin Zhengting doesn't seem to care at all. In fact, he is still very concerned about Jin Ying, but at this time, especially in the face of Huo Tingchen's threat, he knows that he must not step back, otherwise he will lose the initiative.

Of course, he said that because he knew Huo Tingchen. With Huo Tingchen's character, he would never do such a thing. He was afraid that Jin Zhengting would be desperate to fight back.

Huo Tingchen's pupils contracted. He didn't expect that Jin Zhengting's attitude would be so tough, as if he didn't care about Jin Ying's safety at all. His eyes kept flashing. It can be seen that he is thinking about countermeasures now.

"Don't think about it. Jin Ying is blind now. If she loses another finger, she will never live in this world because of her character. At that time, my elder brother will not let her live in pain, but you will bear all my anger. I will cut you into pieces, and you will see your flesh being cut into pieces Cut it off and feed the dog. I do what I say. "

Jin Zhengting said a light, his eyes with absolutely convinced light, and then walked away without looking back.

Huo Tingchen was completely shocked by his momentum, because he knew that Jin Zhengting was always a man who did what he said. When he said that, he was ready. When he thought of the scene that Jin Zhengting said, he felt cold behind his back for no reason."I'll keep my promise before the game."

Jin Zhengting went out for a distance, but he didn't stop. He just left a word.

Huo Tingchen stood in the same place for a long time. His eyes flashed with a trace of ruthlessness. Jin Zhengting was too arrogant this time, but both he and Xu Zheng were helpless.

Because of Jin Zhengting's appearance, the opening ceremony ended before it started, because all the rich people who came to the ceremony left one after another. This is the deterrent power of Jin Zhengting, the top figure of Jiangbin.

Chapter 590

Facing the cold opening ceremony, Xu Zheng was angry and resentful. He obviously underestimated Jin Zhengting's influence in Jiangbin.

Jin Zhengting is always at the top of the city. There must be a lot of people who are envious and envious. But not everyone can shake the strength of the Jin family. Even though many people are dissatisfied with Jin Zhengting, no one dares to express it openly like Xu Zheng and Huo Tingchen, and even if they have deep hatred for Jin Zhengting Huo Tingchen, who was born in Beijing, also tried to avoid direct conflicts with Jin Zhengting in public. After all, in Jiangbin, tearing up the face with Jin Zhengting in

public is almost like isolating himself.

Just like now, Jin Zhengting just said one thing. All the rich people who came to the opening ceremony, regardless of Xu Zheng's face, immediately left, because none of them would offend Jin Zhengting because of Xu Zheng or even Lu Moyan.

It's not so much that Xu Zheng resents Jin Zhengting for destroying his opening ceremony, but rather that he especially envies Jin Zhengting's response. Only those who have absolute power can have such an effect. He is also very clear that if he wants to get such power, he must have absolute strength.

"Don't be angry. You and I know very well that if we want to live in Jiangbin, we can't pass the peak of Jin Zhengting."

Lu Moyan patted Xu Zheng on the shoulder. He could see why Xu Zheng was stunned. What he could see from his eyes was that he was more jealous than angry.

Xu Zheng snorted: "sooner or later, I will be the same as him."

When he said this, his tone was extremely firm. This was the first time that he had endured so long to express his desire for Jin Zhengting's position in public, although there were only a few people in the group.

"I'm afraid it's not that easy."

Huo Tingchen was speaking. He coldly watched Jin Zhengting and Zhao Tongxin leave together. A helpless smile appeared in the corner of his mouth: "you can see that no matter how hard we try to develop our own strength, Jin Zhengting is the one who dominates the overall situation in the minds of people in the upper class of Jiangbin society, unless we can uproot the Jin family."

"Mr. Huo, it's not impossible. As long as you give me enough support, I will be able to erase the Jin family from the riverside."

Xu Zheng clenched his teeth and said that his determination could be heard from his tone. He always believed that he had the ability to compete with Jin Zhengting, and he firmly believed that he could defeat Jin Zhengting in the end.

It's just that the Xu family is not a super rich family in Jiangbin, so it can only be said that he lost at the starting line, but Huo Tingchen is his best help, which can make him infinitely narrow the distance with Jin Zhengting. At this point, even Huo Tingchen may become his opponent one day in the future, but now we must rely on his strength.

Huo Tingchen's eyes flashed an imperceptible cunning. He was especially good at grasping other people's psychology. He knew that Xu Zheng now had that goal, and would spare no effort to achieve his goal. The reaction to Xu Zheng was right in Huo Tingchen's mind.

He said with a faint smile: "there is no problem. The group will support you at any cost, but you have to guarantee that Jin Zhengting will be taken down."

"Give me time, I can definitely do it."

At this time, Xu Zheng didn't hear Huo Tingchen's provocation. The appearance of Jin Zhengting made Xu Zheng feel that his self-esteem was greatly damaged. Now he just wants to fight Jin Zhengting.

"That's good. Since no one will attend our opening ceremony, we'll have a drink for ourselves."

Huo Tingchen looks at the scene where there are no guests. His hatred for Jin Zhengting is about to reach a critical point. After all, he has been aiming at Jin Zhengting all his life and has been suppressed by his own goals all the time, which makes him jealous.

His brain is spinning rapidly. Looking at Xu Zheng with the same psychology, Huo Tingchen suddenly feels that it is time to put down his guard against Xu Zheng, because their strength is not as good as Jin Zhengting. If they continue to fight in this way, they will only let their common enemy reap the benefits.

So he proposed a drink together, in fact, in order to re plan how to deal with Jin Zhengting.

Xu Zheng's eyes turned a few times. He soon understood Huo Tingchen's meaning and forced to smile: "well, those who stay here are not outsiders. It's right to talk about the development of the group and the company in the future."

Huo Tingchen and Xu Zheng looked at each other, and everyone understood each other's meaning. They were smart people, and they didn't need to say a lot.

They were sitting at a round table, probably for the first time in an open conversation.

Huo Tingchen personally poured a glass of wine for everyone, which is very rare in ordinary times. He took the glass and said to everyone with a smile: "everyone, now there is no outsider here. You can say anything. As long as it is conducive to the development of the group, I can listen to any opinions."

Xu Zheng slightly worded his words and took the lead in saying: "Mr. Huo, I think the company has just opened, and Zhao Tongxin's action has been slow. As we all know, in the same field with relatively balanced strength, even a small step ahead is hard to surpass. Unfortunately, we are in the backward side now, so I think we should not fight for the moment Jin Zhengting will pay special attention to my catering company during this period of time, which can be regarded as a sacrifice for president Huo's actions in other industries. I hope that during this period, President Huo can transfer all the capital of Jiangdong to Jiangbin, so as to fundamentally threaten Jin Zhengting. "What he said actually implied that Huo Tingchen had seen through Huo Tingchen's plan to use himself as a shield. However, Xu Zheng was completely considering the overall situation and told Huo Tingchen that he didn't mind using himself to attract Jin Zhengting's attention, but he also tactfully expressed that he would not stimulate Jin

Zhengting too much.

Huo Tingchen immediately understood what Xu Zheng meant. He laughed: "if you don't make some big moves here, I'm afraid it's difficult to attract Jin Zhengting's attention to the catering industry. Zhao Tongxin is the person he cares about most, so you are most likely to restrain him. In this way, I will transfer all the funds of the group to you. In this way, I believe Zhao Tongxin I'll soon feel the pressure of capital. At that time, it's impossible even if Jin Zhengting doesn't want to do it. As long as you can restrain Jin Zhengting for three months, I can inject all the capital into Jiangbin. "

Xu Zheng bowed his head and thought about it. When he raised his head, he had a resolution in his eyes: "yes, the group's capital is still sufficient. I think with this capital, Yang ziye and Zhao Tongxin will be suppressed in the catering industry."

He didn't pay attention to his equally famous Playboy Yang ziye at all, because he knew that although he was smart, he had Italian blood in his body, and his genes caused his romantic and loose personality, so such an opponent could hardly be ignored.

However, he has begun to pay attention to Zhao Tongxin now. Since Zhao Tongxin started to manage the company, he seems to have seen Jin Zhengting's shadow in all the decisions he made. He began to suspect that Jin Zhengting was behind his back. However, he thought that Jin Zhengting had been working with Huo Tingchen all this time and should not have time to pay too much attention to Zhao Tongxin's company decisions, so he thought of it Zhao Tongxin is likely to have extraordinary talent in business, so he quickly determined that the real enemy he will face is not Yang ziye, but his cousin, Zhao Tongxin.

"I will fully support Xu Zheng, but Mr. Huo, during this period of time, I hope you can win the real estate industry first."

Lu Moyan drank a glass of wine, light said, his eyes are also flashing, obviously thinking about some things.

Huo Tingchen's eyes lit up. Although both sides are trying to understand each other's strength, no matter how they investigate, they will not know more than the core members of the other camp. Therefore, Lu Moyan's words at this time mean that he must know the weak link of Jin Zhengting group.

"Mo Yan, why do you want me to open the real estate market first?"

Lu Mo Yan gave a cold smile: "as Jin Zhengting's most staunch ally, the Lu family is engaged in the real estate industry. I think everyone here should have heard of it, but it's just an illusion. The real assets of the Lu family are not in Jiangbin, but abroad. Although it seems that the real estate industry of Jiangbin is led by the Lu family, the real estate company that the Lu family can really control There are very few companies, and their strength is not particularly strong. If Mr. Huo can buy a large number of real estate companies with the momentum of thunder, you will soon find that you have become a real estate tycoon in Jiangbin. "

Lu Moyan's news made everyone feel excited. No matter Huo Tingchen or Cheng mobing, their capital is in Jiangdong. Because of Jin Zhengting's protection, Jiangbin has no industry that can let them have capital penetration.

The real estate industry is a very profitable industry. Huo Tingchen and Cheng mobing did not dare to touch it, because they take it for granted that Jin Zhengting must be the key to control such a hot industry, and they also know that the Lu family is the leader in the real estate industry. With the big tree of the Lu family, all people who want to monopolize the real estate industry are deterred.

What they didn't expect is that this is just a fake, but it fully shows that the capital of Jin Zhengting group has broken down, otherwise they would not use the Lu family to make such a fake to hide them.

Huo Tingchen's face showed a trace of smile, he once again raised his glass: "we still want to win in the future, ahead of this cup of wine."
