

Super Rich Dad Chapter 584-586

Chapter 584

Although he had only been here for a short period of time, Jiang Hao believed that he would never forget the little time he had spent here in his life.

Perhaps this was the easiest period of Jiang Hao's life since he had said goodbye to his old muddled life.

As he stepped back into his car in Chu Jiang, Jiang Hao couldn't help but feel a little confused.

Thinking about those people in the Chu family. Although he had a hint of hatred, he did not know what the consequences would be if he continued like this.

Jiang Hao was a human being, he had not become a god after all, and he had his own feelings of joy, anger and sadness in his heart.

When the car was about to reach Chu Jiang. Jiang Hao got off the bus early because he didn't want to go back just like that.

He changed into decent looking clothes for himself. Jiang Hao took out his mobile phone and called a familiar phone number: 'It's me Jiang Hao, I'm back.'

The figure on the other end of the phone was slightly silent for a while, then came a sigh, 'You shouldn't have come back, at least not at this time.'

Hearing this Jiang Hao snorted, 'If I hadn't come back, wouldn't they have really called it what they wanted? Alright, cut the crap.'

After saying this, Jiang Hao coughed lightly, then lowered his head and looked downtown and spoke, 'Have those classmates from before me contact me.'

The character on the other end of the phone first froze slightly before speaking with some bitterness, 'The situation is different now, those classmates of yours were captured by a group of men in black six months ago.'

Jiang Hao said in surprise at his words, 'What?! Why didn't you contact me earlier about such an important matter?!'

The mysterious man let out a faint sigh. He had his own hardships too!

When he noticed that someone was secretly targeting the people around Jiang Hao, he had gone into hiding at the first opportunity.

Jiang Hao had disappeared and Chu Jiang had undergone radical changes, so how could these things be explained in a few words?

Thinking of this he spoke with a light sigh, 'Anyway, you'd better find a place to hide now, right now the Chu family is so powerful that I don't dare to contact you for a long time, they'll trace my phone.'

Jiang Hao nodded at his words, then after surveying his surroundings, he said, 'Alright, I'll find a place to stay first. I'll be in touch tomorrow.'

After saying this Jiang Hao hung up the phone and then followed the tide of people and disappeared.

Because just after he heard what the other party said, he suddenly became sensitive to the fact that someone seemed to be following him.

This place in Chu Jiang was no longer a place where he could stay for long now, and it looked like the Chu family seemed to hate obsessing over him as well.

Jiang Hao could not help but let out a bitter smile as he was discovered after only slightly revealing his footprints.

Then he casually found a small hotel that looked very shabby and stayed there, the reason he chose such a place was because it was safe.

After all, his previous identity would not have made people associate him with living in such a place.

In the blink of an eye, the next day arrived and Jiang Hao took out his mobile phone and called the phone number.

Just after he got through, he asked, 'Have you heard from Qiao San recently? I have something to find him.'

The other party laughed bitterly, looked at the watch he was holding and said, 'My God. It's only seven o'clock, you're up early enough!'

Jiang Hao coughed lightly and hummed somewhat clothily.

The other party hurriedly said, 'Qiao San's Haoyue Restaurant has now been lost and is currently under the control of the Chu Family. He's also missing.'

Just as he said this, the other party paused, then continued to speak, 'However, I have found some news on my side. It says that Qiao San has died.'

Jiang Hao was struck by lightning when he heard this, Qiao San and he had been friends for a long time!

When he thought of all the past experiences he had with Qiao San, Jiang Hao couldn't help but grit his teeth and ask, 'Is it the Chu family?'

The other party nodded and said, 'No surprises, it was the Chu family. I understand that you will do something after knowing this news, but I hope you can calm down.'

Jiang Hao was almost mad with anger, still talking to him about calmness?

‘Are you joking with me? Qiao San is dead! Do you know that Qiao San is dead!’

After saying this Jiang Hao took a deep breath, he had come back anyway. No matter what had happened before.

He must avenge Qiao San, he must get justice for Qiao San!

The other end of the phone listened to Jiang Hao’s voice and sighed along with him saying, ‘I know. But all of Qiao San’s funds from the Howlite Restaurant disappeared before he died!’

As he said that, he opened the computer to compare it and then continued, ‘I can’t even find out how exactly it disappeared, it’s not a small amount!’

Jiang Hao hesitated slightly at his words. Then he said half-heartedly, ‘You mean that Qiao San is most likely still alive. Only faking the news of his death to avoid the Chu family?’

Thinking of this Jiang Hao couldn’t help but become slightly calmer in his heart, then spoke after a moment of contemplation, ‘No matter what, tell me where the Chu family’s father and son are.’

What did Jiang Hao want with the whereabouts of the Chu family’s father and son?

This question had only just flashed out and he already knew what Jiang Hao was planning to do!

‘No, you’re sending yourself to your death if you go there now! Do you have many other people who can help you now?’

Jiang Hao shook his head as his eyes began to become determined!

‘No matter what I’m going to see the Chu family and their son, I can’t let them just think they’ve won!’

As he spoke Jiang Hao began to pack up the things he had on hand, he intended to give the Chu family and their son a surprise!

The person on the other side of the phone heard the determination in Jiang Hao’s tone and could not help but sigh slightly when he thought of Jiang Hao’s style of acting.

He knew that if he didn’t give it to Jiang Hao then this guy would probably make a mess of the whole Chu River!

After rubbing his brow with some headache, the person on the other end of the phone spoke; ‘Alright, alright, the Chu family’s father and son will attend the opening ceremony of the City South project today.’

Hearing this, Jiang Hao was a little incredulous at first, then a strange look flashed across his face!

‘They can, that’s good! I’ve only just disappeared and they already have the face to do this!’

After saying this, Jiang Hao lifted the package in his hand, then coldly snorted, 'Alright, I'll contact you when I come back next time, that's all.'

Just after finishing his words Jiang Hao hung up the phone, then took the phone and looked at it and directly gave it a break and threw it aside.

He didn't want to expose his whereabouts because of this thing!

When he was done, Jiang Hao looked at himself in the mirror in the bathroom and muttered, 'Chu family, I will give you an unforgettable memory today!'

No one knew what Jiang Hao was going to do again this time!

Chapter 585

Before going to leave some memories for the Chu family, Jiang Hao remembered the mysterious man's words and hesitated slightly.

The amount of Qiao San's fortune wasn't that huge but it was still quite a lot, so even if it had suddenly disappeared it was impossible that not a single whisper could be found.

Perhaps it was also because some people were playing tricks in the dark. And considering those classmates of his own.

And those who were close to him before were all kidnapped by a group of mysterious people, judging from that, these people might possibly be from the Chu family!

But if it was really something done by the Chu Family, according to the character of those two bastards from the Chu Family, there was no way they would have swallowed it so stifled.

After all, the reason why these people did this. In the end, it was to lure him out.

Standing on the street, Jiang Hao thought about these things. On one side, he was going to the south of the city project.

On the other hand, he was going to clear up the news of those properties of Qiao San, so he might be able to find a hint of it!

After careful thought, hatred for the Chu family took over!

Jiang Hao stopped a taxi at random, got in and said a word about the project project in the south of the city and faked his sleep.

The driver first froze when he heard the name of the place, but then fell silent again.

Only after the car had driven through three or four traffic lights did he say, somewhat awkwardly, 'Buddy, what are you doing there?'

Jiang Hao opened his eyes and looked at the brother, then shook his head slightly and said, 'Just going to take a look.'

Hearing this, the brother thought that Jiang Hao had nothing to do with the south of the city project, and only then did he relax a little.

He then spoke disdainfully, 'I advise you to forget about it, there's nothing to see there, just a bunch of wolves in human skin making a fool of themselves!'

Jiang Hao, who was sitting in the back row, suddenly heard such a sentence. The expression on his face was neither crying nor laughing for a while.

After shaking his head slightly, Jiang Hao's heart moved.

The brother in the city could be said to be the group with the most sources of information, so he pondered for a moment and said, 'Didn't they say that the Chu family was the first one in Chujiang, was there something wrong with the project they were holding?'

The taxi driver took a look in the rear-view mirror, then sighed and said, 'There's no problem, but look at the things the Chu family has done, they don't even spare dead people!'

Hearing this, Jiang Hao thought of Shen Haoting with some sensitivity and couldn't help but ask, 'What, what does that mean?'

Originally, the brother thought Jiang Hao was a local on this side, so he didn't want to talk to him about anything.

But looking at Jiang Hao's surprised face. Now he said, 'You still don't know, these people from the Chu family, they are really sinners!'

'The Chu family is really something, they have brought down the Xu and Shen families, I heard that many people from these two families have disappeared and no one dares to take care of them!'

Saying this, the taxi driver rolled down the window and lit himself a cigarette, then looked at Jiang Hao through the rear-view mirror and laughed: 'They're all gods fighting. We're just watching the fun!'

Jiang Hao nodded with a gloomy expression after hearing these words and said, 'Maybe, have you heard of Shen Haoting?'

The taxi driver heard Jiang Hao mention the name Shen Haoting. For a moment, he looked at Jiang Hao in horror!

'You can't talk about this nonsense, it will kill people!'

Looking at the other party's so frightened look, Jiang Hao couldn't help but be slightly puzzled down.

The taxi driver took a deep puff of his cigarette, then dropped the butt in his hand and said, 'Forget it. I'd rather not talk about this matter, it's almost here anyway.'

After saying this, the taxi driver didn't open his mouth from the beginning to the end, and Jiang Hao couldn't help but be silent.

He didn't know the final outcome of Shen Haoting, but looking at the expressions of these ordinary people when they heard the name.

It shouldn't be much better, right?

Anyway, this time, he had come back to settle these matters. Thinking of this, Jiang Hao closed his eyes and faked sleep.

After almost half an hour, the car slowly listened to the next mile.

'Little brother, the south of the city project is here, it looks like you're lucky today, just in time to see those people from the Chu family.'

After saying this the brother opened the car door.

After Jiang Hao got out of the car, he casually flung two hundred yuan bills and said, 'It's been a hard day for you, and I advise you not to be in such a hurry to leave, because you'll be able to see something even more lively later on.'

Although the words were plain and simple. But the brother who had sent Jiang Hao over was listening with alarm.

Although he himself did not understand why, he had the idea of staying.

The entrance of the project department in the south of the city. Many security guards were standing in twos and threes, patrolling the area.

Jiang Hao didn't even look at them, and they didn't bother to pay attention to Jiang Hao.

There were more people coming to the opening today anyway. They didn't bother to check them out one by one.

However, when Jiang Hao walked into the venue, he unexpectedly bumped into an acquaintance. Qian Haowen!

When Qian Haowen saw that Jiang Hao had appeared here, he was first shocked!

Then he thought of being slapped by the old man in front of so many people at his own home, so he somewhat defiantly came up to Jiang Hao's side.

'Yo, so it's the mourning dog who's here, it's also my fault that my eyes are clumsy, I didn't even recognise you in our house that day.'

Jiang Hao sneered coldly at Qian Haowen, not bothering to pay any attention to him at all.

Qian Haowen, however, cheekily continued, 'Do you think you're a loser who deserves to come to such an occasion today?'

Jiang Hao sneered and stretched out his hands to separate the people in front of him, wanting to get closer.

It was because he seemed to have heard the sound of the Chu family's father and son talking, so he wanted to make sure.

But Qian Haowen didn't think so, he still thought Jiang Hao was still looking down on him with that young master look!

It was a bit embarrassing to say the least, as he was still a man in his 30s and 40s, but he was jealous like a child!

Seeing that Jiang Hao was about to walk to the first row, Qian Haowen knew that he was after all his father's saviour, even though he was a quarterly Jiang Hao!

So he hurriedly said, 'Are you crazy, do you know how many people are watching here, don't you want to die?'

Jiang Hao paused slightly at those words, then looked back at Qian Haowen with a deep glance.

'Some people may be alive, but they are as soulless as the walking dead.'

After saying this Jiang Hao narrowed his eyes, 'Some people know it's death, but they still go righteously and head on, you wouldn't understand this!'

As soon as the words left his mouth, Jiang Hao confirmed that the person standing on the podium was Chu Yuan!

So he sprang up and swung his right hand with a fist!

Before Chu Yuan could react to the podium, he was sent flying by Jiang Hao!

From the eyes of the Shen clan, Jiang Hao's physique had now reached the middle stage of entry!

The power of one punch had left everyone on the stage dumbfounded!

Chu Yuan's father looked dumbfounded at the sudden rush of Jiang Hao, as if he too had been stunned by such a change of events!

Chapter 586

Jiang Hao looked at Chu Yuan, who had fallen to the stage and was helped up by a few security guards, and smiled, 'Are you guys really that impatient to get up here?'

Chu Yuan stood up, first straightening his hair and then loosening his tie.

'I didn't expect, I didn't expect, you mourning dog still dare to come back. Do you think this place is still your world?'

Saying this, Chu Yuan reached out and pointed his hand at Jiang Hao and said angrily, 'You're nothing but a homeless wild dog now, damn it! How dare you stand in front of me!'

Jiang Hao laughed coldly and glanced at Chu Yuan's father before he simply didn't bother to pay him any more attention.

The truth was that the real person in charge of the Chu family was Chu Yuan, who was standing in front of him, and the person who was targeting his classmates and friends was most likely him as well.

Thinking of this Jiang Hao jumped off the podium. The crowd around him who were involved in the opening ceremony knew that this could be a previous grudge between the Chu's.

So many of them were already running around at this moment, they didn't want to be pulled into this mess somehow!

Jiang Hao looked at Chu Yuan's angry expression and said with a cold smile, 'My bottom line is because I'm Jiang Hao. Where is Qiao San, and what have you done with him?'

Chu Yuan looked at Jiang Hao and was about to get angry when he suddenly heard that Jiang Hao was asking himself about Qiao San's whereabouts.

So he couldn't help but look stunned and laughed out loud, 'What? You don't know where Qiao San has gone either? Hahahaha, that's really good news, it's best if he just dies out there!'

Jiang Hao couldn't help but feel relieved when he saw that Chu Yuan actually didn't know where Qiao San was either.

With Qiao San's ability, as long as he wasn't caught by the Chu family's people, then he shouldn't be in any danger.

And Qiao San himself was also very capable, and was not someone who could be easily dealt with.

Even if Chu Yuan wanted to take him down, I'm afraid it wouldn't be that easy!

'Since you don't know either. Then I am relieved in my heart, where is Shen Haoting again?'

Hearing this Chu Yuan however smiled gloomily, 'Heh heh, do you think he will end up in any good place?'

After saying this, Chu Yuan pointed to the cement pillar below the podium and said, 'I poured their ashes with cement here, so that they will be stepped on day and night!'

Jiang Hao burst into a rage at his words, 'You seek death!'

Just as Jiang Hao was about to strike, many experts suddenly emerged from the surroundings.

They all wore black scarves and black clothes to protect Chu Yuan, who looked at Jiang Hao's furious look with great pleasure in his eyes!

'What, that's too much to bear? Don't worry, what you can't stand is yet to come!'

The words just fell without waiting for him to continue speaking. An enraged Jiang Hao charged forward with red eyes like a mad bull!

As Chu Yuan stepped back, he shouted, 'The overseas Shen family is offering a reward for the capture of Jiang Hao, dead or alive, a heavy reward will be given!'

When the experts in the audience heard these words, they couldn't help but look at Jiang Hao with hot eyes!

The Shen family overseas! That was truly a pillar of the heavens!

As long as you hug their legs, even if you don't want a reward, you'll definitely be rich and prosperous for the rest of your life!

Before Chu Yuan could say anything else, many people rushed towards Jiang Hao!

If Jiang Hao had been a god of evil in the last moment. Now he had become the meat and potatoes of these people's eyes!

Each and every one of them wanted to capture Jiang Hao and get on the lap of the overseas Shen family!

Even though Jiang Hao had the Shang Dian in his body. However, he was only in the middle stage of his initiation after fusing his Shang Dian's initial power.

He might not be afraid of everyone in the room in a single fight, but the qualitative change caused by the quantity was too much for Jiang Hao to handle!

Behind the open struggle there were hidden arrows, and Jiang Hao was pinned down by 40 to 50 people, not to mention destroying Chu Yuan!

Even getting close to him was a problem, not to mention the fact that he was under the pressure of so many people. He was already in a difficult position to protect himself!

The situation was getting more and more critical, and Jiang Hao couldn't help but feel anxious in his heart, he seemed to have seen his own fate!

Forty to fifty people were slowly pressing Jiang Hao in various ways, even though he had a deep body of true qi. Even though he had a deep body of true qi, he couldn't resist for long!

Chu Yuan watched as Jiang Hao was entangled in place, unable to move, unable to even move a step.

So he couldn't help but become complacent, and his eyes looked at Jiang Hao with contempt as he said, 'What do you think you are! Do you really think you've changed?'

After saying this he laughed out loud in triumph and said, 'No, you are still a waste, a waste that is not even worthy of being used as a cushion!'

Jiang Hao was already furious, and now when he heard Chu Yuan's words he was even more furious and spat out a mouthful of blood, 'Chu Yuan!

I want to see you die, but I don't want to see you die of anger. Hahahaha!

The forty to fifty experts took advantage of the moment of Jiang Hao's slight distraction to get quite a bit closer, just as they were planning to take Jiang Hao down in one fell swoop!

Suddenly, many people dressed like them flew out from the surroundings. The leader of them darted to Jiang Hao's side.

After twisting slightly to avoid Jiang Hao's slap, he whispered, 'It's me, Qiao San. I've brought someone to save you!'

Chu Yuan was so discerning that he burst out laughing when he saw the sudden appearance of these people!

'I knew it. I knew you guys would jump out on your own sooner or later, so I didn't even bother to look for you!'

After saying this, Chu Yuan pointed at his men and continued, 'These people, leave me a million for each one of them, dead or alive!'

Qiao San coldly glanced at Chu Yuan and then said to Jiang Hao with an anxious expression, 'Let's go, young master, if we don't go, we really can't leave!'

Jiang Hao reluctantly glanced at Chu Yuan before leaning on Qiao San's body and letting him lead him out!

The two of them had just turned around when Qiao San's body suddenly shook slightly!

Jiang Hao noticed it and spoke in a low voice, 'What's wrong, are you alright?'

Qiao San's heart warmed slightly at his words, then he shook his head and said, 'Nothing!'

As soon as he finished speaking, Qiao San looked around at the people he had brought over and shouted, 'Cover me and the young master to leave!'

Although the people didn't reply, they all had the idea of breaking off in their hearts, they had no intention of leaving!

Jiang Hao looked at those people for a while and couldn't tell what he felt in his heart, only at this time did he truly understand the responsibility he was carrying!

Seeing that Qiao San was about to leave with Jiang Hao, Chu Yuan shouted in anger as if he had gone mad: 'You bunch of idiots! Idiots! Keep them both for me!'

Chu Yuan's men wanted to keep them, but the men Qiao San had brought with him were not weak, and they had a death wish!

They didn't even want to leave here alive!

When he saw how these men were working for Jiang Hao, Chu Yuan could do nothing but become furious!
