

Super Rich Dad Chapter 591-593

Chapter 591

Chen San nodded with a smile after hearing this, not taking Jiang Hao's words to heart in the slightest.

After seeing Chen San leave, Jiang Hao then stumbled and almost fell to his knees.

The toxin in his body was already spreading more and more, and he had to treat himself as soon as possible.

Bracing himself, he knocked on the door. Ying Ying's voice came from inside the medicine shop!

Only when she opened the door did she see Jiang Hao standing in the doorway and could not help but exclaim in surprise, 'Brother Jiang Hao! You're back!'

Jiang Hao smiled and stroked Yingying's head, then spoke in a hoarse voice, 'Good girl, where's grandpa?'

Looking at Jiang Hao's pale face, Yingying knew that something had probably happened. So she hurriedly helped Jiang Hao and said, 'Grandpa is inside, I'll help you in first, brother Jiang Hao!'

Looking at Ying Ying's appearance Jiang Hao was a little helpless. It seemed that he had been taken care of by Ying Ying the first time he came here.

After the two of them walked inside, Elder Zhang happened to come down from upstairs.

While stepping on the stairs, the old man said, 'Ying Ying, who is it? It's so late at night.'

Jiang Hao smiled and shook his head, opening his mouth and spitting out a smear of scarlet!

Seeing this, Ying Ying was on the verge of tears, and when she heard her grandfather's voice, she quickly called out, 'Grandpa! Come quickly, it's brother Jiang Hao who's back!'

Hearing this, Elder Zhang hurriedly came down from upstairs, then looked at Jiang Hao sitting in the room and said in surprise, 'What's wrong with you? You've become like this!'

As soon as he finished speaking, Elder Zhang looked at the white gauze still wrapped around Jiang Hao's back.

So he hurriedly went to the medicine cabinet and took out a jar, then went to Jiang Hao and said while opening the jar, 'What's wrong with you!'

After saying this he wiped the medicine on Jiang Hao's body, then opened the gauze on his shoulder and said, 'You were like this the first time you came here, and you're like this again this time you're back!'

Jiang Hao looked at the wound on his body that had been dabbed with medicine and quickly stopped bleeding, so he let out a bitter smile and said, 'I made a mistake back home, so this is what happened.'

Master Zhang looked at the knife wound on Jiang Hao's shoulder, a deep gash that showed bone!

He had just removed the gauze and the wound was oozing scarlet again.

Elder Zhang did not wait for the blood to flow out before smearing the white powder in his hand: 'Young people should not always fight and kill, why are you torturing yourself so much? I'm sorry!'

He felt the medicinal power slowly exerting itself. Jiang Hao's face also reddened.

After hearing Elder Zhang's words he smiled bitterly and returned, 'It's not my fault, I don't know how to tell you about this matter, you should run away now!'

The old man of accounts laughed at these words with a slight frown, 'What am I running for, why should I run when I haven't provoked anyone or messed with anyone? Jokes!'

Jiang Hao looked at Old Master Zhang and shook his head somewhat helplessly, 'These people won't bother with you about that, as long as they are related to me they could suffer!'

Ying Ying crouched against Jiang Hao's knee and didn't say anything, only blinking her big, watery eyes at Jiang Hao.

And when Elder Zhang heard Jiang Hao's words, he couldn't help but burst out laughing!

'If you say so, er. Then when you called me grandpa before, we already couldn't get away with it!'

Speaking of this, Elder Zhang pondered for a moment. Then he looked at Jiang Hao and spoke, 'What exactly has happened, is it hard to believe that someone else is coming after us?'

Jiang Hao nodded and sat up straight to look at Elder Zhang and said, 'Those people behind me are the pursuers, they will most likely rush in!'

Elder Zhang pondered for a moment. After taking a deep look at Jiang Hao, he took out his mobile phone and called Chen Qi.

No matter whose disciple Chen Qi was, he was still very insistent about some things.

That was as long as it was on his turf, no one could mess around!

As soon as the phone rang, Chen Qi, who was still looking at the file, picked up the phone and spoke, 'Hello. Who is it?'

Elder Zhang took a look at Jiang Hao before speaking, 'Hey, it's me, Elder Zhang!'

When he heard these words, Chen San also knocked on the door and walked in.

So Chen Qi nodded slightly and said in a deep voice, 'Well, is there something going on at this late hour?'

After hearing this, Elder Zhang hurriedly said, 'It seems that some bad people are coming to our 30 Mile Bay, so I would like to say hello to you in advance.'

Chen Qi smiled at Elder Zhang's words and shook his head, then helplessly spoke, 'Alright, alright, I understand. If there's any problem, just call me anytime.'

After saying that, Chen Qi hung up the phone!

Jiang Hao looked at Elder Zhang with a smug look on his face and for a moment was crying and laughing.

And on the other side. After hanging up the phone, Chen Qi looked at Chen San and said, 'What about it, what is the result of the matter you were asked to investigate?'

Chen San picked up his glass of water and poured a mouthful. Then he said excitedly to Chen Qi, 'The investigation is done, but brother. Guess who I ran into on my way back!'

Chen Qi gave Chen San an impatient look, not even bothering to speak!

On the contrary, Chen San was shocked by his glance and hurriedly spoke, 'I bumped into Dr. Jiang on my way back, and he was still wounded and had lost a lot of blood!'

Hearing this Chen Qi spoke with some surprise, 'Jiang Hao? That's impossible, hasn't he already left Thirty Mile Bay?'

Chen San shrugged and sat down looking at Chen Qi and said back, 'Yes, that's why I was a bit surprised when I ran into him, and he also said that someone was after him behind him.'

Chen Qi looked at the excited expression on Chen San's face, and then thought about that phone call from Elder Zhang.

Then after a moment of slight contemplation, he muttered, 'Bad! You go out now and tell everyone to get geared up and ready to go!'

Chen San moved his lips as if he wanted to ask why, but looking at the serious look on Chen Qi's face he finally didn't say anything!

After Chen San left, Chen Qi then hurriedly called Qian Lao.

Ever since he had been rescued last time, he had been sleeping early and waking up early.

But thinking about Jiang Hao, Chen Qi couldn't be bothered with that for a while!

When the phone was answered, it was Qian Xinyi's voice that rang out, 'Hey, what's the matter with you calling so late.'

Chen Qi had never really liked dealing with Qian Xinyi, so after a slight pause, he said, 'Call Master for me, I need to talk to him about something urgent!'

After hearing this, Qian Xinyi frowned and looked at the watch in her hand as it was already past three in the morning.

So she spoke, 'How urgent is it?'

When Chen San heard this, he was impatient and said, 'Very urgent!'

Qian Xinyi hesitated for a moment before putting the phone down and then turned directly to Qian Lao's room upstairs.

Only after a long time did Qian Lao pick up the phone and said in a low voice, 'Hey, Chen Qi, what's so important about calling here at this late hour.'

Chapter 592

Chen Qi spoke directly after a slight hesitation, 'Jiang Hao has gone back to Thirty Mile Bay, he has just arrived, and someone is chasing him behind him.'

After hearing Chen Qi's words, Elder Qian couldn't help but freeze for a moment. Then he opened his mouth and asked, 'What? Someone is chasing after Jiang Hao?'

Chen Qi nodded, then walked to the window and looked at the people who had gathered below, 'Well, Jiang Hao told Chen San when Chen San sent him back.'

Speaking here, Chen Qi paused. Then with some hesitation, he asked, 'Should we intervene in this matter?'

Qian Lao also hesitated for a moment when he heard Chen Qi's words, he really didn't want to get involved in any more trouble with Jiang Hao.

'Let's wait for now. Wait for me to think it over.'

But Qian Lao didn't know that just because he said wait, it had led to a tragedy!

By now, more and more people in black had appeared outside the pharmacy, standing quietly at the entrance of the pharmacy and waiting quietly.

Inside, Jiang Hao also sensed that something was wrong outside, and the way he looked at Ying Ying had changed!

'Ying Ying, find a place to hide, if I don't speak you must not come out!'

Elder Zhang looked at Jiang Hao and said, 'What's wrong, you're still injured, don't move around!'

As he spoke, Elder Zhang pressed Jiang Hao hard and then took the ointment in his hand and applied it to him a little.

Ying Ying was also blinking her big eyes at Jiang Hao and shook her head, 'No. I don't want to go, I want to stay here with brother!'

Before the words left his mouth, a cold light suddenly flew in and a flying knife was nailed tightly to the pillar and into the wood!

The bang was not only for Elder Zhang, Ying Ying was also taken aback!

Jiang Hao broke away from Master Zhang then picked up the note on the flying dagger and opened it.

It read: You have three minutes to come out and suffer death.

After reading the note, a bitter smile appeared on Jiang Hao's face and he shook his head before planning to go out.

These matters were all his own business, and he did not want to drag Elder Zhang and Ying Ying into it.

When he stepped out of the courtyard and opened the gate, Jiang Hao couldn't help but snicker as he looked at the vast array of nearly a hundred people outside!

'You guys are really making quite a big show, you've all scared me!'

The crowd suddenly split into two columns. Then a man in black with a veil over his face walked out and looked coldly at Jiang Hao,

'What you did today really scared me too, very good.'

Jiang Hao smiled and nodded and said back, 'Each other, what I do later will scare you to death, do you believe me?'

The man in black just sneered and didn't say anything, the moment his hand was gently raised.

Many people were ready to strike, and Jiang Hao, who saw this scene, also secretly raised his true qi to prepare for it.

Just as both sides were poised to strike, Ying Ying suddenly ran out again and blocked Jiang Hao's way!

'Don't hurt my brother Jiang Hao.'

The man in black who suddenly saw Ying Ying come out unconsciously twitched his hand and a flying knife flew out from the crowd and shot Ying Ying!

Jiang Hao had injuries on his body. He hadn't reacted at all, let alone thought that they would strike at a little girl!

Elder Zhang rushed out right after him. He was still screaming for Ying Ying, but he didn't expect to see the scene just now!

In a fit of rage, he spurted a mouthful of red onto the ground and passed out!

Jiang Hao stood behind Yingying and took the fallen Yingying into his arms. He looked at the flying knife stuck in her chest.

Jiang Hao's trembling hands seemed to want to reach out and pull the flying dagger out, but he didn't dare.

The man in black at the head of the group was also stunned by such a turn of events and didn't even react for a moment!

Jiang Hao looked at Ying Ying's twitching lips twice and waited for him to put his ear close but only heard Ying Ying finally call him brother Jiang Hao.

'You guys are fine. Come at me if you have something to do! Why did you do it to her! Why!'

Earlier in the lobby when Elder Zhang was applying medicine to Jiang Hao, Jiang Hao had tried hard to run his true qi to try to heal his injuries as quickly as possible with the medicine.

Up until this moment when he went out he still hadn't stopped running his true qi!

Under the extreme anger at this moment, Jiang Hao's internal true qi boiled up like boiling water!

Jiang Hao's eyes were red and he had lost his senses. He was plundering his body for every ounce of true qi, trying to turn it into his own power!

With such extreme demands, he didn't know that he was on the verge of going mad!

The man in black at the head of the group looked at Jiang Hao and frowned slightly, with the intention of blaming the man who had sent the flying daggers.

But after seeing the word Shen engraved on the flying dagger, he dropped his intention, for it was only one more death.

Thinking of this, he coughed lightly. Then he looked at Jiang Hao with a cold smile and said, 'Don't worry, I'll send you down to accompany her!'

The men in black around him heard this as if they had heard a signal gun. They rushed up with a bang!

Jiang Hao was also unconcerned at the moment, letting the wounds on his body that had broken open due to the massive amount of true qi running there.

At this moment Jiang Hao felt as if his body had broken through a barrier. He could actually feel the flow of true qi on his hands!

After noticing this Jiang Hao angrily looked towards the leader one howled and flew away!

After quickly dodging those slashes. Jiang Hao reached out his right hand and grabbed a man's neck, then held him up in front of him!

In just a moment's time, countless concealed weapons were inserted into that man's body.

Jiang Hao threw the corpse to the ground and charged forward a few more steps!

Seeing this, the man in black hurriedly called out, "Come over and block him, while the rest of you find a way to get close enough to capture him alive! I suspect Shangdian is in his possession!"

The crowd's spirits were lifted at these words!

Many of them took out an iron cable from their bodies and tried to bind Jiang Hao up!

But no matter how hard they tried they couldn't control Jiang Hao, his figure was like a ghost scurrying through the crowd!

In some cases he didn't strike at all, but stuck in position to use their own companions to fend off their attacks!

After five minutes of fighting, Jiang Hao had lost a lot of blood, but they had lost at least 20 to 30 men!

The man in black in the lead couldn't help but feel a headache when he saw the situation, after all, these men were his last resort!

But when he thought that if he got Jiang Hao under control, he might be able to get Shang Dian, he forced himself to calm down again!

Time passed little by little, Jiang Hao's movements went from agile at the beginning to gradually slowing down later.

The black-clad men who had noticed this looked invigorated, after so long of hard work, they were finally going to get something!

Just as they were planning to take Jiang Hao down in one go, a voice suddenly came from the street not far away, "Stop it all!"

Elder Qian slowly walked over with Chen Qi and the others, looking at the crowd on the field with a frank expression!

Chapter 593

The man in black at the head of the group looked at Qian Lao and Chen Qi and the others and faintly stared, then sneered out, "What are you guys, you are also worthy of meddling in our affairs?"

Chen Qi's eyes glanced coldly at the men in black, although he did not know what these people were from.

But behind him, Elder Qian was his bottom line. So in response to the man in black's question he simply fired a shot towards the sky!

"It doesn't matter what our origins are. If you dare to continue to spill your guts here today, it's a question of whether or not you can walk out!"

Chen Qi looked at the other party and frowned slightly before continuing to speak, 'I advise you to leave here as soon as possible now!'

As the man in black was about to speak, suddenly a person stood out next to him and whispered in his ear, 'Team leader, something is not quite right.'

After saying this. He looked at Qian Lao and continued, 'That old guy seems to be someone from the provincial city before, it's a bit bad to make a move.'

After hearing these words the man in black looked at Jiang Hao who was standing in the middle of the field in a committed position. His eyes were very reluctant!

He had worked so hard for so long and was about to get the Shang Dian, was he just going to give up all his work?

No, this was impossible!

'Give me a go! I want to see who dares to stop me today!'

The men in black who were standing still and waiting for orders heard these words, and their hands moved faster to continue to attack Jiang Hao!

Qian Lao narrowed his eyes slightly and looked at the other side, this was the first time he had felt provoked!

This was the first time he had ever felt provoked, and it was a bunch of guys who had no face to see!

After coughing lightly, Qian Lao took out his mobile phone and looked at the men in black, 'You don't take me seriously anymore, do you?'

After gently pressing a phone number, a man's voice came out after just a few rings, 'Hello, this is Section 3. What can I do for you?'

Qian Lao pressed the speakerphone and then spoke, 'There is no problem now, but it will be difficult to say later, do you have anyone in Thirty Mile Bay?'

The man on the other end of the line spoke after a period of silence, 'There's a rapid response unit with two hundred people, feel free to contact them if you need to.'

The man in black's face changed dramatically at those words, then looked at Qian Lao in silence!

After a long time Chen Qi sneered and looked at the man in black and said, 'What, you can't understand human words, can you get out of here quickly?'

When the men behind Chen Qi heard this, they instantly surged up and then stood by Qian Lao's side.

The guys in their hands were aimed at the man in black. It looked as if they would give them a good time if they didn't leave!

Qian Lao looked at the men in black and smiled faintly, then hung up the phone in his hand and said, 'I know what your origins are in my heart, but this is not a place where you can run wild.'

After saying this, Qian Lao looked at Jiang Hao who was panting in the field and shook his head, 'This young man has saved my life, today I will consider it as a return of his kindness, you guys go.'

The man in black at the head of the group looked deeply at Qian Lao for a few moments, it wasn't that he didn't want to do something about it.

But this Third Section was really a bit solid, and thinking about it he let out a soft sigh in his heart.

'You have to remember this thing you did today. I hope you won't regret it when you think about it later!'

After dropping such a harsh sentence, the man in black looked towards the blood-soaked Jiang Hao and sneered, 'So what if I let you off once today. Don't worry, I will bite you until I bite you to death!'

After saying this he waved his hand and the people in black on the field gathered up their dead companions. Then without looking back, they left.

Jiang Hao was already exhausted at this moment, and after watching the other party leave, he sat down on the ground and looked at Ying Ying's corpse in a daze.

Chen Qi watched the other party leave, his eyes unconsciously glanced at Qian Lao and said, 'What do we do now?'

Qian Lao took a deep look at Jiang Hao and shook his head back, 'You take the men and follow them up, don't let them stare outside. I don't like having a vicious dog at my doorstep.'

Chen Qi nodded before leading his men to the car and following them, as long as Qian Lao was behind him, Chen Qi felt that he would not be afraid of doing anything.

When Chen Qi and the others had gone, Qian Lao looked at Jiang Hao then walked up and sat down beside him.

Jiang Hao looked at Ying Ying's corpse and spoke somewhat woodenly, 'Thank you.'

Hearing this, Qian Lao shook his head and then lit himself a cigarette, 'There's nothing to thank you for, today is my day to pay you back.'

After taking a deep puff, Qian Lao handed the cigarette to Jiang Hao and continued, 'Actually, I had already guessed your identity when I was at my house before, and I had been reluctant to take action because I didn't want to provoke them.'

Jiang Hao wiped the blood on his hands and then took a deep puff from the cigarette: 'So you're still not making a move now. What, you're not afraid of them anymore?'

Qian Lao laughed at his words and said, 'There's nothing to be afraid of. I'm not in the same circle as them, they can't target me.'

After saying this, Qian Lao took a deep breath. Then he continued, 'On the contrary, you are in the same circle as them, what should we do next. Do you have an idea in your mind?'

Jiang Hao shook his head at his words, he now felt as if he had nothing left.

Qiao San had died to save him, and now Ying Ying had also died in front of him.

Those students from before had all been taken away by them and there was no news at all, and he didn't even know where to go to save them.

Thinking about these things Jiang Hao's face welled up with a deep sense of powerlessness, he looked at Ying Ying's corpse and felt as if he was a waste!

Qian Lao looked at Jiang Hao's silent face and a trace of gloom flashed across his face, so he shook his head and said, 'Think about it, I can only help you this once.'

After saying this, Qian Lao got up and planned to leave, just as he said, he and Jiang Hao were not in the same circle after all.

Jiang Hao looked at Ying Ying's corpse and suddenly seemed to come back to his senses, then he called out to Qian Lao's back, 'Can I trouble you with one thing?'

Hearing this, Qian Lao stopped in his tracks, then turned back to Jiang Hao and smiled, 'That depends on my mood.'

Jiang Hao took a deep breath and looked at Elder Qian with firm eyes, 'Help me take care of Elder Zhang, and I swear I will repay you!'

The old man, who had been in the eunuch's sea for nearly forty years, looked at Jiang Hao's eyes and faintly froze, and decided to agree to this matter after just a moment of contemplation!

He had already guessed Jiang Hao's identity, after all, there was no impermeable wall in this world.

The reason why he didn't arrest those men in black was also because it wasn't considered a matter within his jurisdiction.

But if he could have someone inside that circle, perhaps he would really need Jiang Hao's help in the future!

Thinking of this, Qian Lao nodded with a smile and said, 'Alright, I'll agree to this matter, I hope you won't let me suffer!'

Jiang Hao looked at Qian Lao's smile and nodded firmly, he knew that he now owed him a favor!
