

## Chapter 591

"Now that I've decided, I'll try my best to hold Jin Zhengting back. Mr. Huo, your action should be faster. Although I'm confident that I can deal with Yang ziye and Zhao Tongxin, if Jin Zhengting suddenly steps in, I'm afraid it will be difficult to persist for a long time with the current strength of the company."

Xu Zheng is still a little worried. Although he plans to cooperate with Huo Tingchen frankly, he still has some worries. After all, Huo Tingchen has always been a villain who has no faith in his words, so he naturally worries that Huo Tingchen will take advantage of the entanglement between him and Jin Zhengting to make trouble to himself.

Huo Tingchen said with a smile: "I know what you are worried about. You are also a smart man. Now you are my arm. Can anyone give up his arm before fighting the enemy?"

He is telling the truth. To some extent, the faster Xu Zheng develops, the more favorable it will be for him. Their enemy is Jin Zhengting. No matter what kind of plan they have, the prerequisite is to defeat Jin Zhengting first. Without this prerequisite, everything is empty talk.

For the first time, he didn't calculate Xu Zheng's future enemy. It's also because he watched Xu Ting give Xu Zheng a sailing boat with an eavesdropper. In Xu Zheng's character, he would collect the gifts from his cousin. According to Xu Ting, the gifts she gave Xu Zheng in recent years would be put in the bedroom. In this way, Huo Tingchen would be happy. It's like watching Xu Zheng when other people can't reach him.

This is also why Huo Tingchen is very reassured about Xu Zheng. He always has to control absolute control to be at ease.

Xu Zheng nodded his head to show his trust in Huo Tingchen, then frowned and said, "Mr. Huo, should we start to prepare for the gambling meeting now?"

Cheng mobing also said: "according to the message from Jin Ying, for Zhao Tongxin's talent, the rare stone has been camouflaged. I believe she can't find it."

Huo Tingchen thought about it and said, "I know that you have spent a lot of thoughts on the gambling Stone Fair, especially Miss Cheng. In order to buy this rare stone, you have also spent a lot of money. Well, all the profits of this gambling Stone Fair will be taken care of by you. Now that Xu Zheng's company has just been established, you also need this starting fund."

Xu Zheng and Cheng mobing look at each other. They know that Huo Tingchen does not want to use the funds to develop himself, so as to achieve the purpose of shielding him. However, they are still surprised at Huo Tingchen's generosity.

Huo Tingchen cold smile: "you don't need that kind of expression, compared with other things, I always put down Jin Zhengting in the first place, so I will try my best to support you."

"I also know some very powerful gambling experts who can come forward and ask them not to participate in the gambling meeting, which can also reduce a lot of risks."

Lu Moyan said faintly that he has a good relationship with Jin Zhengting group and has frequent contacts in business. Naturally, he is very familiar with the jewelry industry. Therefore, he can use his reputation and relationship to make those stone gamblers hold still and theoretically reduce the risk that rare stones will be quickly selected.

"Well, I think it can, and Xu Ting's company monopolizes the jewelry market in Jiangbin. Most of the stone appraisers have to watch her face, so the risk is further reduced."

Huo Tingchen looked at Xu Ting and said.

Xu Ting glanced at the crowd with innocent eyes and said weakly: "I will do well what Mr. Huo told me. At least 80% of the gambler appraisers in Jiangbin are employees of our company, so they will not accept the employment of some rich people in Jiangbin. I can guarantee that."

Xu Ting, who has always been aiming at defeating Zhao Tongxin, has no equal loyalty to Huo Tingchen. After all, Huo Tingchen is the thigh she needs to hold tightly, because Xu Zheng is a full sister, and Zhao Tongxin has let him go many times. She can't guarantee that her affectionate cousin will find out after defeating Zhao Tongxin that she will let him go. A jealous woman.

Therefore, she knew that Huo Tingchen, who had a deep hatred for Zhao Tongxin, would spare no effort to deal with her.

"For the rich who participate in the gambling Stone Fair, the number of appraisers they can find is very limited, and the level is certainly not too high, so our plan should be very successful."

Huo Tingchen has been in control of this matter, so he is very determined about this plan. The only thing that makes him a little uneasy is the omnipotent Jin Zhengting.

Lu Moyan seemed to see his worry and said: "Mr. Huo, you don't have to worry about Jin Zhengting. Although he started in the jewelry industry, and there were a number of appraisers in the company before, since Zhao Tongxin changed his job, those appraisers have been unemployed. There is still a period of time before the beginning of the gamble club. We can use this period of time to attract them, Xu Ting's company also needs such people. "

Huo Tingchen nodded slightly: "you're right, we still have time, so we don't need to worry now. Xu Ting, this matter is up to you. You can offer them more than twice of their annual salary, as long as these people are firmly tied to the interests of our group." Xu Ting quite some embarrassment said: "Mr. Huo, our company's gambler appraisers have nearly saturated, do not need so many people."

During this period of time, Xu Ting has also made great efforts in running jewelry companies. Gambling stones are originally a branch of the jewelry industry. A mature jewelry company will not take gambling

stones as its main business. If all the former gambling stone appraisers of Zhao Tongxin company are arranged to her company with high salary, they will not become useful talents, and they are likely to be the financial personnel of the company. It's a burden on people.

Although her company monopolizes the jewelry industry in Jiangbin, the market is now saturated due to the low price operation in the past. The company's efficiency can be said to be going from bad to worse. In addition, Huo Tingchen's capital is scattered in other industries, so it is even more stretched now.

Huo Tingchen insidious smile: "you can use your brain, who let you support them for a lifetime? As long as they are in the gambling club, these people will not become saboteurs. As for what you want to do with them after that period, whether they will remain in the company has the final say.

Xu Ting's eyes twinkled a few times, revealing an expression that I know. In fact, she had thought of this for a long time. After the end of the gambling stone meeting, these gambling stone appraisers have no value. Who cares about their life or death? But if she says it immediately, it will expose her original cold and heartless nature, which is something she does not want to do.

"I see, Mr. Huo."

Xu Ting nodded her head slightly. She didn't care what others would do. She only cared whether she could win Zhao Tong's heart.

"Well, if we don't have any opinions, we'll have a good drink. After the gambler's meeting, it's the day for us to fight Jin Zhengting."

Huo Tingchen's voice seems a little excited. He can't restrain his agitation. After waiting for so many years, he finally has the chance to kill Jin Zhengting. Outsiders will never understand the taste.

Judging from the current situation, everything is developing in the most favorable direction for him. If the balance within the group can be maintained before the final duel with Jin Zhengting, then his chances of winning are unprecedented. At least Huo Tingchen thinks so.

"Brother, I think someone should pay special attention to it."

Long Jiu suddenly said that she never liked to express her opinions on such occasions, but today she felt it necessary to remind Huo Tingchen that they seemed to have overlooked a very important detail.

"Oh? Who else needs our attention? "

At the time of the smooth progress of the plan, Huo Tingchen is now complacent, so he doesn't pay much attention to long Jiu's worries, but just casually asks.

"Didn't Jin Ying mention a man named Xiaoma in her last message?"

Long Jiu ponders that women are usually calmer than men at this time, and Jin Ying's news from the Jin family is naturally unknown to outsiders such as Cheng mobing and Xu Zheng. She sees that Huo Tingchen has shown that before dealing with Jin Zhengting, she should ensure that the alliance is stable, so she thinks it's the right time to say it.

"Of course I remember, and I sent you to take someone to kill him, but Chen Dong is always by his side. You don't have a chance to start. It's just a small role. There's nothing to be surprised about."

Huo Tingchen waved his hand indifferently. Although he knew that the pony was cultivated by his uncle, he was not enough to destroy the plan of the gambling club.

"I've met the man named Xiaoma. I don't think he's a very easy person to deal with. And although he looks a little stupid, his ability is very strong."

Long Jiu is not as relaxed as Huo Tingchen. Maybe it's because it's related to the success or failure of the gambling club. Women's natural carefulness is also shown at this critical moment.

"Is there anything special about him? How do you see that? "

The favorable situation sometimes makes a cool head, especially Huo Tingchen, who has been suppressed for a long time. Now he is not able to listen to other opinions, even long Jiu, who has the closest relationship.

Long Jiu shrugged: "I don't know. Maybe it's intuition. I always think that he will destroy our plan."

She did not see the pony hand, just rely on a woman's intuition, feel that he is very dangerous, but there is really no evidence to prove that her intuition is right.

Huo Tingchen said with a smile: "I think you are too sensitive. A small person can't change the situation. Don't worry. If you are really a terrible person, Jin Ying will warn us."

He did not put anything else in his mind at all, but focused on the weakest link of Jin Zhengting. Therefore, he ignored a problem that might be fatal.

## **Chapter 592**

For several days, the whole city of Jiangbin has been calm. Zhao Tongxin has made all preparations for Xu Zheng to start a commercial war. However, in recent days, Tianhong catering company has not made any other moves except for its regular restaurants.

Huo Tingchen is calm and unusual. He has even withdrawn from many investment fields. Even he has begun to cut investment in the controlled jewelry industry, and he has not made any action against Jin Zhengting group. As he said, it seems that he has really achieved a temporary peace with Jin Zhengting before the gambling Stone Fair.

But everyone's heart is very clear, this is just a sign before the storm, can trigger the fuse of the storm, is tomorrow's gambling stone meeting.

Jin family villa.

Jin Zhengting and Zhao Tongxin are sitting in the living room, discussing with Yang ziye, Lu zhanyan and the core members of the group the gambling stone meeting that will start tomorrow.

"Zhengting, what's Huo Tingchen's idea on earth? I thought he supported Xu Zheng to set up a catering company to set off a new round of commercial war. What I didn't expect was that Xu Zheng was too peaceful and didn't even start the most direct competition with our company. It's really strange."

Yang ziye frowns and says that he has long been ready for Xu Zheng to start unfair competition. Unexpectedly, he has been preparing for a long time, but Xu Zheng has not responded at all. On the contrary, he has sacrificed his precious time to pick up girls and go to the nightclub. All the plans he has prepared have lost their use of force. No wonder he is very depressed.

Jin Zhengting gently held Zhao Tongxin's hand, his eyes flashed a few times, and said faintly: "from this point of view, this time we really met our opponent."

Yang ziye asked, "what does this mean? How can I not understand it?"

Jin Zhengting smiles and turns his head to ask Zhao Tongxin: "it seems that the intelligence quotient of the president of your United catering group is not enough. I don't know if you, the vice president, can answer this question."

Zhao Tong's heart gave a faint smile. She knew that Jin Zhengting was training her ability to judge the current situation, and she had already thought about it, so she tentatively said, "I may have guessed wrong. It's just my personal idea. If I'm wrong, you can't laugh at me."

Jin Zhengting's eyes softened: "just say it. I'm sure you can't guess wrong."

"I think the initial purpose of Huo Tingchen is to make Xu Zheng bigger, so as to attract our attention. Let's focus on dealing with him. Huo Tingchen can take advantage of this gap to inject the capital in Jiangdong into the market of Jiangbin. The price of doing so is to sacrifice Xu Zheng, and his failure to do so only shows the relationship between him and Xu Zheng. They have reached a compromise. Now they are really working together to deal with us. They don't have any action now, which just shows that Huo Tingchen and Xu Zheng have formed a tacit understanding. Xu Zheng won't attract our attention for the time being. He should be helping Huo Tingchen plan the gambling Stone Club. "

Zhao Tongxin pondered that this is her idea, has been very close to the truth of the matter.

Jin Zhengting nodded faintly while listening. Zhao Tongxin's analysis is very reasonable and can stand

scrutiny. At the same time, it coincides with his idea. Looking at Zhao Tongxin with a smart face, his heart moves. She has changed from a simple girl to a woman president who can adapt to the intrigue in the business field. She has made too many sacrifices for herself.

Think of here, holding Zhao Tongxin's hand can't help but tighter a few, he doesn't want to let go, just want to hold her like this all the time.

"I think Tong Xin's analysis is very correct. Maybe it's because at the opening ceremony of Xuzheng company last time, we gave him and Huo Tingchen too much stimulation and made them feel the pressure. That's why they got together. Zhengting, it's still a bit improper."

Lu zhanyan frowned and said that he felt that the sudden appearance of Jin Zhengting last time was the main reason for Huo Tingchen and Xu Zheng to cooperate again, so he didn't understand Jin Zhengting's practice. Of course, he firmly believed in every decision made by Jin Zhengting.

Jin Zhengting held his hand slightly: "zhanyan, actually I did it on purpose. I just want everyone to see my attitude towards Huo Tingchen and Xu Zheng, and let them know our position. Even if they unite again, I think we will win in the end. Now they join hands and we will not have to deal with them one by one."

In the whole Jiangbin City, only Jin Zhengting can say such domineering words.

"It's good, but their alliance is still very difficult. If Xu Zheng is willing to sacrifice for the overall situation, Huo Tingchen will invest all his funds in his company. Recently Huo Tingchen is constantly withdrawing funds from other industries. This is the signal that he wants to do so. At that time, the company he loves will face great pressure, which will be a success For our weakest link. "

Lu zhanyan has been working hard in business for many years, and he has seen through Huo Tingchen's purpose at a glance. Of course, he has only seen it one sidedly. With his insight, he can not see through the whole situation.

However, we can feel that the withdrawal from Huo Tingchen is aimed at Zhao Tongxin company. This insight can not be underestimated."No, zhanyan, you are right in Huo Tingchen's calculation."

There is no special expression on Jin Zhengting's face. He is always so cold and calm, but his eyes are shining with wisdom. Only a small part of his position is supported by the Jin family. Most of the reasons lie in his innate super insight. He can always see the essence through the appearance, so as to make the best decision Correct judgment.

Lu zhanyan was stunned for a moment: "Zhenyting, is Huo Tingchen deliberately making these moves?"

Jin Zhengting nodded: "Huo Tingchen still wants to focus our attention on Xu Zheng, but this time Xu Zheng is likely willing to do so, otherwise Huo Tingchen will not withdraw capital from other industries to support Xu Zheng even if he provides support. Such a big move should have been carried out in

secret, but Huo Tingchen is making a big show, which can only show that he wants to do it Let's see. "

"According to your inference, the purpose of Huo Tingchen's doing this should still be to divert our attention and then inject capital while we are not prepared, but which industry should he start from?"

When he said this, Lu zhanyan looked at Zhao Tongxin from time to time. His meaning was very obvious. In his cognition, Yang ziye was a dandy, while Zhao Tongxin had no business experience. Although they were very clever, they were obviously not rivals of old foxes like Huo Tingchen and Xu Zheng, so their weak link was naturally The catering industry has developed rapidly, but why should Huo Tingchen draw their attention to the weakest link and let them take precautions? This is what Lu zhanyan can't figure out.

"Zhan Yan, I think you underestimated the abilities of Tong Xin and Zi Ye."

Jin Zhengting said faintly: "Tong Xin is needless to say. Since she became the president of the company, she has shown her strong ability so many times. Ziye, though he has no chance to show himself, I think Huo Tingchen and Xu Zheng are very clear. If he is serious, he is also a terrible opponent."

Lu zhanyan has never doubted Jin Zhengting's vision of seeing people. Every successful person has his own unique vision, because every successful person is very good at employing people, and Jin Zhengting is no exception.

Zhao Tongxin is a little embarrassed. Although she knows exactly how Jin Zhengting feels for her, she is still a little uncomfortable with her generous praise in front of so many people. However, she is very happy to get such an evaluation from her favorite man.

However, Yang ziye has long put his tail up in the sky. As a famous playboy, he seldom gets such high praise. He snorted: "have you heard the speech, or the court has vision. How do you know that we are the weakest link of the group? If so, Huo Tingchen has already started on us, and we still need to wait so long For a long time, really. "

As for Yang ziye's character, Lu zhanyan has long been familiar with it. He directly ignores his ostentation and says to Jin Zhengting, "Zhengting, which industry do you think is the weakness of the group?"

"I think you should know this better than I do."

Jin Zhengting looked at Lu zhanyan with deep eyes and said that he knew that with Lu zhanyan's mind, what he could think of soon was that he was just confused by Huo Tingchen's superficial actions.

Lu zhanyan lowered his head to think about it and suddenly raised his head: "do you mean the real estate industry?"

"Zhanyan, did you drink too much today? Real estate is your backyard. Huo Tingchen must know that. How can he treat the real estate industry as a weak link? Isn't it his own death?"

Yang ziye disagrees. In his limited cognition, the Lu family has always been the leader in the real estate industry, and its status is similar to that of his family in the catering industry.

"Ziye, you're right, but most of my capital is abroad, and I don't invest much in Jiangbin real estate."

Lu zhanyan has found out Huo Tingchen's purpose, and his forehead has been in a cold sweat. If it was not for Jin Zhengting's reminder, Huo Tingchen would probably have used this to complete the capital injection.

"Only me and Zhengting know about this. Huo Tingchen should not know. How can he think that this is our most fatal weakness?"

He frowned and pondered, because he really couldn't figure it out. Only the core members of the Lu family and Jin Zhengting knew that the Lu family's control of the real estate industry was just an illusion.

"The problem should be Mo Yan. He should know where the Lu family's capital is."

Jin Zhengting immediately thought that it was Lu Moyan who leaked the news to Huo Tingchen, because no one else had motive and opportunity except him.

"It shouldn't be wrong. It seems that Mo Yan really won't look back. Since he wants to destroy the Lu family, it's time for me, as the owner of the family, to respond."

Lu took a deep breath, and his eyes became firm. He finally made up his mind. Compared with the interests of his family, their affection could only be put down temporarily.

### **Chapter 593**

"By the way, Zhengting, how are the spies inside the group doing? It's been so many days, so they should have a look?"

Yang ziye sees that Lu zhanyan is a little sad, so he timely changes the topic. A man who can be loved by many women has a very high EQ besides Duojin.

"Ziye is right. The spy in our company must be close to the core members of the group, otherwise he would not know so much top secret information."

Lu zhanyan doesn't have time to think about Lu Moyan any more. After all, some of them keep divulging information to Huo Tingchen, which is more dangerous than Lu Moyan.

"Boss, I've checked."

Rong Lei said slowly that this matter is of great importance. Jin Zhengting asked him to be fully

responsible for the thorough investigation. Although his injury is not complete yet, he is still competent to do these jobs with his physical foundation. Besides, Xu Yanke has been with him all the time, and their ability is enough.

Jin Zhengting nodded his head slightly and motioned him to go on. Rong Lei said faintly: "Yan Ke and I have thoroughly investigated all the people in Jin's villa recently and eliminated their suspicion. We have also checked all the employees of the group and its branches, and there is no leakage."

"That means there's no way to find out who's betraying us?"

Lu zhanyan's brows wrinkled. He knew that Rong Lei was Jin Zhengting's most effective assistant, so if he didn't find out about this incident, it would only show that the spy was either hidden too deeply or there was no such person at all.

But he quickly denied the possibility behind. A series of events have proved that this spy exists. He not only divulges many confidential things to Huo Tingchen, but also participates in framing himself and kidnapping Jin Ying. It is certain that this person must be around Jin Zhengting, and he can go in and out of Jin's villa at any time. That way, he is right to doubt The elephant has shrunk, but there is no one else except these people here.

So it's in a stalemate.

Jin Zhengting certainly knew what Lu zhanyan was thinking. He took a light look at these people and said, "zhanyan, you don't need to doubt anyone here. I absolutely believe that no one here will betray us."

Rong Lei, Shaoyuan, Rong Qi and Xiao Ma, their faces are touched, because they can feel Jin Zhengting's full trust in them.

Not to mention Zhao Tongxin and Yang ziye, Lu zhanyan absolutely does not believe that they will betray Jin Zhengting, so he has no idea who the traitor is.

"Don't think about it. The spy is Jin Ying."

Jin Zhengting's words are amazing, his tone is very calm, but there is an imperceptible sadness in his eyes.

Zhao Tong was surprised: "Zhengting, what are you talking about? We have already analyzed it. It can't be Xiaoying's. If it's really her, it won't be kidnapped by Huo Tingchen. Isn't it more useful to leave her with us at this time?"

Her hypothesis is not unreasonable, but also represents the opinions of most people. If Jin Ying is really a traitor, then her most useful point is that she can get close to the core members of Jin Zhengting group in the villa, so as to find out all kinds of confidential information. If that's true, Huo Tingchen has no

reason to break into Jin's villa and kidnap her in order to ask for help. It's a very risky thing to coerce them, and it's useless.

"Zhengting, I think you are too sensitive. How can Xiaoying be a spy?"

Yang ziye is also against it. He always does not believe that Jin Ying is a traitor, which makes him emotionally unacceptable.

Although Lu zhanyan didn't speak, his expression also showed that he didn't agree with Jin Zhengting. He and Zhao Tong thought that the most useful thing for Jin Ying was to stay at Jin's home. It seemed unreasonable for Huo Tingchen to kidnap her at the most critical moment.

Jin Zhengting snorted coldly: "this is the smartest part of Jin Ying. She turns herself into a victim, so we take it for granted that she is not a spy."

At this time, only he can maintain enough calm and extremely keen insight, because his character is like this, and there will never be any tenderness when he is cold.

Everyone lowered their heads. Everyone was thinking about this problem. After Jin Zhengting's reminding, they thought it might be possible, but they couldn't accept it emotionally. Of course, the most unacceptable one was Xu Yanke. Jin Ying was hurt by her, so she always had guilt in her heart, and she was eager to get all the family affection, so was Jin Ying. Her sister, without her family, would not be perfect.

"Brother, it may be a coincidence that Huo Tingchen wants to prepare for the gambling Stone Fair. He needs to keep peace during this period of time, and there are not many people he can start with, so he can only choose Xiaoying who is blind and the most unprotected?"

She is trying to defend Jin Ying, which is also likely to happen. After all, only Jin Ying's protection is the weakest. It's not because Jin Zhengting doesn't like her sister, but because Jin Ying seldom goes out under normal circumstances, so there are fewer bodyguards. In Xu Yanke's view, it's really a chance for Huo Tingchen to do it. "Maybe it's possible, but I don't think it's the truth. The reason why I say Jin Ying is a spy is based on other things."

Jin Zhengting tapped the table with his slender fingers and said faintly that a chill appeared on his handsome face. It can be seen that he is not very happy now.

"Zhengting, have you found anything?"

As his wife, Zhao Tongxin knows Jin Zhengting very well. He has never been a man who speaks freely. As long as he suspects him, he must have found some evidence.

So even if she didn't want Jin Ying to be a spy, she felt that what Jin Zhengting said was probably true.

"I remember one morning when we went out together, we met Jin Ying in the corridor. Do you remember?"

Jin Zhengting asked Zhao Tong faintly. Zhao Tong thought about it and said, "I seem to have some influence. At that time, I was anxious to go to the company, so I left first. You and Xiao Ying were talking in the corridor."

"Yes, that's the time. She told me that she had been with Gu Chen, and I didn't pay attention to it. But in retrospect, I finally found that something was wrong."

Jin Zhengting's eyes were shining with wisdom, as if he could see through everything in the world.

"It's a good thing that she and Gu Chen are together. How can it be wrong?"

Zhao Tong blinks her beautiful eyes and asks. She knows that Jin Ying likes Gu Chen all the time. She also hopes that Jin Ying can be with Gu Chen very much. It's just because of her own reasons that Gu Chen never agrees with Jin Ying. So Jin Zhengting says that when Gu Chen and Jin Ying suddenly get together, she feels a little surprised, because she knows Gu Chen very well and what he does to her My own feelings.

Gu Chen is a very dedicated person, so he will not suddenly choose to be with Jin Ying without warning, so she also thinks there is something strange in it.

"According to the normal situation analysis, if the girlfriend was kidnapped, as Jin Ying's boyfriend, Gu Chen should have what reaction?"

Jin Zhengting asked faintly. Zhao Tong thought to himself and replied, "under normal circumstances, Gu Chen should be very anxious, right?"

"Under normal circumstances, it's like this, but the people who monitor Gu Chen have been sending news recently. Gu Chen seems to have nothing happened. What does it mean to do what he should do?"

Lu zhanyan pondered for a while and said, "it shows that Xiaoying is lying. They are not together at all."

Jin Zhengting nodded his head: "yes, you and I know Jin Ying's personality very well. If Gu Chen has no feelings for her, she will not choose to be with him. This shows that if she doesn't lie, Gu Chen should be very anxious. But today, he hasn't made a phone call, which proves that he knows about Jin Ying and we have blocked the cancellation He only wants to know from Huo Tingchen. "

"Gu Chen is working for Huo Tingchen, everyone already knows, but why does Xiao Ying lie?"

Zhao Tong can't help but ask, she some don't understand Jin Zhengting's meaning, why just rely on the relationship between Jin Ying and Gu Chen, can prove that she is a spy.

"She lied to cover up. She said that when she was with Gu Chen, how intimate a conversation between lovers could be. She took advantage of this. Gu Chen was working for Huo Tingchen. She conveyed the information she had collected at home to Huo Tingchen through Gu Chen. Even if we checked her call records, she could explain it with the excuse that two people were lovers."

Jin Zhengting frowned. He should have thought about it for a long time, but because Jin Ying was his sister, he deliberately ignored it. As a result, Huo Tingchen may have learned a lot about it. This is also the reason why Huo Tingchen and Xu Zheng improved their relationship.

"Brother, it's too arbitrary to say that Xiaoying is a spy based on this?"

Xu Yanke is still defending Jin Ying. After all, what Jin Zhengting said is speculation without direct evidence.

"Maybe you're right, and I hope you're right, but if you connect the whole incident, you'll find that Jin Ying is the real spy. Besides her, who can get the confidential information?"

Jin Zhengting said flatly, then waved his hand: "now is not the time to discuss this issue, tomorrow is the gambling meeting, this time we must defeat Huo Tingchen's plot, otherwise we will be really passive."

When he said that, he was tantamount to making a judgment on Jin Ying, because no one could violate every sentence Jin Zhengting said.

## **Chapter 594**

In the morning, Tianhong jewelry company.

Countless luxury cars are parked in the parking lot, and the rich class of Jiangbin city are gathering again. They are all here for today's gambling fair.

For these rich people, the stone worth one billion is the most important.

Although we have to pay 10 million yuan to Tianhong jewelry company for each selection, compared with the value of rare stones, it is obviously insignificant. Every rich man is a gambler in business, so few people give up this once-in-a-lifetime opportunity.

When Xu Zheng and Cheng mobing planned the gambling club, they grasped the gambler's psychology of these rich people. They were almost the same as Huo Tingchen's gambling boat plan, but Xu Zheng was obviously better.

Although Huo Tingchen's gambling boat plan also uses this kind of psychology, the purpose is to win out the assets of these people, but it is illegal after all, so there are still a lot of more restrained people who did not participate in it. But this gambling stone will be completely legal, and it will be carried out in

public, which dispels many people's concerns.

All the people present are well-off. It's no big deal to spend only 10 million yuan. They are also willing to spend 10 million yuan on this billion yuan stone. This is where Xu Zhengming is brilliant.

Almost every rich person is accompanied by a gambling stone appraiser, which is also allowed, so it is more attractive. However, these gambling stone appraisers are basically second rate, third rate or even non-standard. The real first-class experts have been controlled by Huo Tingchen group for a long time. They are now employees of Tianhong jewelry company Naturally, I won't take part in this gamble.

Huo Tingchen stood at the door of the company, with a gentleman's smile on his face, and politely said hello to everyone who came to the gambling fair. In his eyes, these people are fat pigs, and they can't get rid of the fate of being slaughtered by him today.

Xu Zheng stood side by side with him. After greeting his acquaintances, he whispered to Huo Tingchen, "Mr. Huo, people are almost here. We can start in a little while."

Huo Tingchen looked, slightly shook his head: "wait, our opponent has not come."

Xu Zheng naturally knew that he was talking about Jin Zhengting and Zhao Tongxin. His brow slightly wrinkled: "don't worry, you are ready. All the original stones have been micro processed. Even if Jin Ying's news is true, Zhao Tongxin is very sensitive to the temperature difference between the original stone and ordinary stone. I can guarantee that she can't feel it."

Huo Tingchen was very relieved about Xu Zheng's ability to handle affairs. His face showed an imperceptible smile: "you've done a good job. Another thing is that when we draw lots later, we must try our best to put them in the back. When we finish cleaning up the small fish and shrimp, we can play with them slowly. I can't wait to see them now Jin Zhengting looks lost. "

"it's okay. The draw is also ready. Anyone who chooses the gambling stone has the final say."

Xu Zheng is very confident that the gambling stone will be something they have planned for a long time, so there is no loss for every detail.

"Very good. We must defeat Jin Zhengting this time. I will give you all the profits of the gambling club. Today is the beginning of our final duel with Jin Zhengting."

Although Huo Tingchen tried his best to suppress, he couldn't hide his excitement, because he finally waited until this day.

"Yes, we just need to follow the plan and proceed step by step."

Xu Zheng is very calm, he knows that the real duel has not started, they have to face the man standing at the top of the river.

Huo Tingchen's eyes become cold, and his pupils are shrinking, because he has seen Jin Zhengting and Zhao Tongxin.

Jin Zhengting and Zhao Tongxin got out of the car and walked to Huo Tingchen hand in hand. They also saw Huo Tingchen for the first time.

"They are coming. As hosts, we'd better go and meet them."

Huo Tingchen turned his head and said to Xu Zheng. Then he showed a gentle smile on his face and welcomed Jin Zhengting and Zhao Tongxin.

"Mr. Jin, all the people invited are almost here. You and your wife are late. I'm really worried that you might have an accident on the way. In that case, wouldn't I be the culprit?"

Huo Tingchen said to Jin Zhengting with a smile, but his eyes and words have a soft thorn, which makes people feel uncomfortable. Of course, it's not Huo Tingchen's EQ problem. He is willing to leave all the most vicious curses in the world to Jin Zhengting.

Jin Zhengting didn't have any expression on his angular face, and his eyes were full of unspeakable profundity and gloom. He was not a man who liked to show off his tongue, so he didn't show dissatisfaction with Huo Tingchen's unkind words.

The corner of his mouth touched and said faintly: "you don't have to worry about this. Some time ago, I sent someone to clean up the mice on the riverside. Now the road is very safe."

Huo Tingchen's eyes beat a few times. Naturally, he knew that Jin Zhengting was satirizing himself for being cheated several times and that he had lost everything. He reluctantly kept smiling, turned to look at Zhao Tongxin, eyes finally fell on her abdomen, Zhao Tongxin this period of time has begun to show the smell of pregnancy, of course, he can see.

"Miss Zhao Tongxin, I didn't expect you to come with Mr. Jin. At this time, women need to be maintained. As an old friend, I think it's necessary for me to advise you that since you are pregnant, you should stay at home and settle down. Don't take part in business. Tension and fatigue are fatal to pregnant women."

Huo Tingchen has a trace of irony in his eyes. It's hard for him to take advantage of Jin Zhengting's duel. However, killing Zhao Tongxin's first child is one of the few victories he can achieve. Seeing Zhao Tongxin who is pregnant, of course, he won't miss this opportunity to stab her.

What he didn't expect was that Zhao Tongxin didn't explode, and even her eyes that could not be disguised didn't change at all. She just gave a faint smile, and her pretty face was always with a trace of peace and tranquility: "I think I should also thank you for your concern."

Huo Tingchen hit a soft nail, originally wanted to hit Zhao Tong heart, but now he felt very uncomfortable, he said with a smile: "you are too polite, I am sincere."

"Then I should also remind Mr. Huo that you should go to the hospital regularly for a general examination."

Zhao Tong heart light said, her attitude makes Huo Tingchen more uncomfortable, but in public he is not easy to attack, he suddenly found himself not only in front of Jin Zhengting can't get any advantage, even Zhao Tong heart is not very easy to deal with.

Hearing Zhao Tongxin's words, Huo Tingchen asked subconsciously: "why should I go to the hospital for examination?"

Zhao Tong Xin smile: "because I'm afraid you have heart disease, today is likely to attack."

When she said this, Jin Zhengting couldn't help but smile, full of ridicule to Huo Tingchen. Huo Tingchen's eyes immediately became cold, and he even wanted to immediately attack Zhao Tongxin. However, when he saw that Jin Zhengting also took a half step to protect Zhao Tongxin behind him, he still controlled his emotions.

Although he is on his own territory, he has seen Xu Yanke, Rong Lei, Rong Qi, Shaoyuan, Xiaoma and other experts have come down from the car. Moreover, in a relatively distant place, there are many unrelated figures shaking. However, from their vigorous bodies, we can see that these people are all experts, and they are undoubtedly Jin Zhengting's closest bodyguards It's too late.

Thinking that his most elite subordinates no longer exist, it's impossible to fight Jin Zhengting with his current strength, so reason finally defeated the impulse. He laughed: "I don't quite understand what you mean."

"Because from today on, your heart may have to bear a lot of pressure. I'm afraid you will die suddenly one day because of excessive pressure."

Zhao Tongxin solemnly said: "your gambling stone meeting plan failed, and then the jewelry companies and catering companies went bankrupt one after another, and your capital far away in Jiangdong could not be injected into Jiangbin. I don't know if you can bear these blows."

Huo Tingchen's pupils contracted again, and his face was covered with a chill: "Oh? Miss Zhao seems to be very confident, but being too confident means being conceited. We'll wait and see. This game has just begun. "

Zhao Tong smiles faintly and stops talking. He takes Jin Zhengting's arm with a happy expression on his face. This scene is the last one Huo Tingchen wants to see, because he wants all the people in Jin's family to be miserable.

"Up to today, I have fulfilled the agreement, so after the gambler's meeting is over, I want to see Jin Ying at home. Otherwise, you should know the consequences."

Jin Zhengting took Zhao Tongxin's hand and said in a low voice when he passed by Huo Tingchen. His tone was very low, with a momentum that could not be disobeyed at all.

Huo Tingchen showed an imperceptible smile at the corner of his mouth. He kidnapped Jin Ying to prevent her from revealing her identity. He also knew that Jin Ying's stay in Jin's home was far more useful than in his own hands, so he said with a smile: "Jin is always a person who keeps his promise, so naturally I won't turn back. Don't worry, I will send Miss Jin back soon, and you will be happy. Don't worry, she has been my VIP these days, and I take good care of her."

"That's the best way."

Jin Zhengting said faintly, and walked into the hall with Zhao Tongxin. Huo Tingchen looked at their back, and his eyes became more and more cold.

"Huo Tingchen, boss disdains to argue with you, but Yan Ke's account, I'll find you to figure it out when I have time."

Huo Tingchen is stunned for a moment. He doesn't know who dares to talk to him like this except Jin Zhengting. Turning around, Rong Lei holds Xu Yanke's hand, and his sharp eyes are staring at him with anger.

## **Chapter 595**

"Yan Ke, I didn't expect you to find a man who is willing to stand out for you so soon, but Mr. Rong Lei, do you think you and I are the same level opponents? You are not worthy to be my opponent, so you'd better hold Jin Zhengting's thigh tightly, but I also want to advise you that even Jin Zhengting can't win me."

Huo Tingchen disdains to smile at Rong Lei. In his opinion, although Rong Lei is a good assistant, he is not qualified to be an opponent with himself. In his eyes, Jin Zhengting is the only enemy in the world.

"Huo Tingchen, you really regard yourself as a character. You don't need my brother to deal with you. Rong Lei is enough."

Xu Yanke coldly told him that her subconscious had a deep fear of Huo Tingchen, or a very heavy psychological shadow. However, when Rong Lei was despised by Huo Tingchen, she didn't know where she had the courage to face the person she was most afraid of.

Huo Tingchen raised his eyebrows and said with a smile: "Yan Ke, it seems that our feelings can only stop here. However, for the sake of you doing a lot of things for me in the past, I still want to say thank you, especially for your turning Jin Ying into a blind person. Whenever I think of it, I will feel an indescribable

pleasure. I don't know that my sister has turned her into a blind person As a sister, how much psychological burden do you have when you become disabled? "

Xu Yanke's face changed greatly, which is perhaps the most difficult thing for her to let go of. At the beginning, she didn't know her life experience, and she had a deep misunderstanding with Jin Ying. However, it's also true that she made Jin Ying look like she is now. There's no reason why she can put off the past.

In fact, this is also Huo Tingchen's plot. He faintly feels that Jin Zhengting has begun to doubt Jin Ying. He is a very sensitive person and knows Jin Zhengting very well. As far as Jin Zhengting's character is concerned, he should immediately rescue Jin Ying when she is kidnapped. Even if he does not dare to take risks, he should also launch some warning revenge on himself, but It was during this period that Jin Zhengting was too calm, which made Huo Tingchen alert.

He has never doubted Jin Zhengting's keen insight, and he knows that because of all kinds of recent leaks, Jin Zhengting will definitely notice that there is a ghost around him. If he really doubts Jin Ying, it is definitely not a good thing for Huo Tingchen, because he needs Jin Ying's information very much now, so he deliberately mentions her injury in front of Xu Yanke This can inspire Xu Yanke's sympathy for Jin Ying. Even if Jin Zhengting doubts Jin Ying, Xu Yanke can help Jin Ying say a few words.

But what Huo Tingchen doesn't know is that as long as Jin Zhengting makes a decision, he will not change it. Jin Zhengting has determined that Jin Ying is the ghost hidden inside them, so no matter what anyone says, he will not change his mind, because he always believes in his own judgment. All his judgments over the years are correct and correct It gave him enough confidence.

Although Huo Tingchen's wish is lost, but for Xu Yanke, the harm is still very big, she clenched her lips, beautiful eyes showed a look of pain, at the same time with extreme anger, staring at Huo Tingchen, hands have been clenched into fists, at any time may be the appearance of hand.

Rong Lei has discovered Xu Yanke's emotional change for a long time. He quickly goes forward and holds her in his arms. In public, even Jin Zhengting will try his best to avoid direct conflict with Huo Tingchen, because Rong Lei also knows that the high-level people are always paying attention to the behavior of the big families. If any party provokes a dispute first, it will be severely punished.

"Yan Ke, there is no need to be angry with him. One day I will make him pay the price."

Rong Lei pulls Xu Yanke, comforts him in a low voice, and walks to the hall.

"Mr. Huo, I can see that Jin Zhengting has made preparations. I'm afraid the gambler will not be so smooth this time."

Xu Zheng, who has not spoken for a long time, sees Jin Zhengting's indifference. He already has a bad feeling in his heart. At this time, even if Jin Zhengting's psychological quality is very good, he will not be so calm unless he is ready.

"I think he's pinning his hopes on the gambler's apprentice, the young man who looks very rustic."

Huo Tingchen has noticed Xiaoma for a long time. He doesn't have much information about Xiaoma, because he has just joined Jin Zhengting group. However, his intuition tells him that Xiaoma is a guy who doesn't reveal himself.

"I feel that he really has some abilities, but it doesn't matter. Everything is under our control, so Jin Zhengting has no chance of winning this time."

Xu Zheng is also aware of this, but he is still very confident that with a young man, it is unlikely to create any storm. He firmly believes that this gamble will be able to achieve their desired goal.

"I hope so. I'm very confident in you. I'll see Xu Ting next."

Huo Tingchen lit a cigarette. When the hazy smoke rose, his eyes became more and more deep.

In the hall, all the celebrities of Jiangbin gathered together, but this time, different from other gatherings in the past, everyone's eyes fell on the center of the hall. The hall of Tianhong jewelry company building is very large, even if the celebrities of Jiangbin gather, it will be very empty in the hall, but today it seems a bit congested, because the central position is full of all kinds of gambling stones, and everyone is attracted by thousands of gambling stones, so there is no one to speak, so although there are a lot of people on the scene, it seems very quiet.

When you see Jin Zhengting and Zhao Tongxin, the beautiful men and women who will attract countless envious eyes everywhere, they all make way for them.

Although Jin Zhengting's appearance here today is essentially a competitive relationship with them, his status is there, and these people dare not annoy president Jin.

Jin Zhengting and his party came to the center of the hall. Yang ziyue and Lu zhanyan had already arrived. They said hello to Jin Zhengting and then continued to study the pile of gambling stones.

After watching for a while, Yang ziyue, who knew nothing about these things, first chose to give up such boring things. He came to Jin Zhengting and said, "Zhengting, I've been here for a long time. Everyone is studying which stone is rare. It's so boring."

"All the people who come to the gambling club have the same goal. I think they are still dreaming of winning a billion with 10 million."

Jin Zhengting said faintly, but from his tone can hear a little disdain, he has never been a gambler, know want to get wealth, need their own efforts, rather than with these people, waiting for the sky to drop pie, not to mention this pie is Huo Tingchen do, according to his character, his pie is not poison or dynamite, just this Some people have been dazzled by gambling, they just can't think of it.

"It costs 10 million to choose an opportunity. With so many gambling stones, Huo Tingchen really made a lot of money this time."

Yang ziye roughly counts the gambling stones that he can't count at all. He murmurs that although he is not interested in these, he can still count the simple accounts.

Unless someone has good luck far away from the stars, it is difficult to choose the one worth one billion from these gamblers.

"The more he makes, the more he makes for us."

Jin Zhengting said confidently that his eyes became very gentle when he looked at Zhao Tongxin. He could see that Zhao Tongxin was a little nervous now. After all, this time, she worked as the group's gambling stone appraiser together with Xiaoma. It was very difficult to pick out one of these gambling stones. It was just like looking for a needle in a haystack. It was natural for Zhao Tongxin who had never had such experience to be nervous. This gambling meeting is related to the trend of the future situation, which is also a heavy pressure on her.

"Tong Xin, don't be nervous."

Jin Zhengting gently took Zhao Tongxin's hand and comforted her with a more relaxed tone: "I believe you can do it."

"But with so many gambling stones, I'm afraid I'll make a mistake."

Zhao Tongxin looks at countless gambling stones and keeps beating drums in her heart. She has a different sensitivity to gambling stones. It's true, but in the case of so many gambling stones, she is also worried that she will make mistakes.

"It's OK. Before I came here, I asked the financial department of the group to prepare 300 million yuan for you, which means that you have at least 30 opportunities."

Jin Zhengting said faintly, but Zhao Tongxin was moved for no reason. She knew that the group's capital had not been able to turn around recently. Because of the need to resist Huo Tingchen's capital invasion, Jin Zhengting invested almost all of his capital in various industries. Therefore, Jin Zhengting was very reluctant to spend 300 million at this time, he said Just don't want to have a lot of pressure.

Zhao Tong bit her lip lightly, and her eyes gradually became firm. She always wanted such an opportunity to help Jin Zhengting share some things. Now the opportunity is in front of her, and there is no reason to let it slip away.

"Don't worry. I'll find that rare stone. Huo Tingchen's plot won't succeed."

Jin Zhengting gently stroked her long hair, and her eyes became more and more gentle: "just try my best. I care more about the process. As for the result, it's just a subsidiary product. I understand your heart."

Zhao Tong Xin gently nodded her head and nestled up to him. Before the gambling stone meeting, she needed him to give her the greatest encouragement, that is, he always belongs to his own arms.

## **Chapter 596**

Just when Jin Zhengting and Zhao Tongxin were making love, two hate eyes shot at their position. The owner of the eyes was Xu Ting, who was standing on the rostrum to preside over the gambling meeting.

As the president of Tianhong Jewelry Group, the gambling Stone Fair is established in the name of Tianhong jewelry company, so she naturally wants to preside over it. The MC tells her that all the guests will come and ask her to come on stage to announce the beginning of the gambling Stone Fair. When Xu Ting comes on stage, she is still looking for Jin Zhengting's figure.

As long as she can see him, even if there is no intimate contact, Xu Ting will feel very happy. But when she sees the man who is always missing, her heart is like overturning a bottle of vinegar, because Jin Zhengting is gently embracing Zhao Tongxin, and she seems to be very happy, which she can't bear Love.

From a certain point of view, Xu Ting is in love with Jin Zhengting, and her love is very deep, but her love is too extreme, or the love she asks for is no longer love, but a simple possession. She always firmly believes that no one is worthy of being with Jin Zhengting except herself, and Jin Zhengting must only like her.

Of course, this is just her wishful thinking, but when she sees Jin Zhengting and Zhao Tongxin together, she always has an uncontrollable jealousy in her heart, which is the only reason why she and Zhao Tongxin become enemies.

At present, she is in public, so she can only endure her hatred for Zhao Tongxin. She comes to the stage, shows a professional smile in front of her, and says to the microphone, "welcome to the first gambling Fair held by Tianhong jewelry company."

After all, Tianhong Group is the organizer of the game, and Xu Ting will naturally announce the rules of the game, which is their most concern.

After a burst of polite applause, Xu Ting raised her hand to signal everyone to be quiet and said with a smile: "everyone, you must be very concerned about the rules of this gambling stone meeting. In fact, it's very simple. We will sort them according to your assets. This order is your drawing order, and the number you draw is your order of choosing the original stones. This is also to be fair Each time you choose a gambling stone, the fee is 10 million. As long as you pay the selection fee, no matter which gambling stone you choose, it will belong to you. Here is the question time. Anyone who has any questions can raise them, and I will explain them to you. "

After a moment's silence, a rich man came to the stage and asked, "is that rare stone publicized by your company really in it? How can we believe you?"

With a smile, Xu Ting said to the rich man, "this gentleman's problem is very good. I think this is also something that many people here are worried about. However, you can rest assured that this gambling stone will be notarized by the authoritative department. If you want to see it, I can take out the notarial certificate to prove that the most valuable rare stone is in these gambling stones, and start from the activity. In the first 24 hours, journalists from the mainstream media have been filming the event, so there will be no fraud you are worried about. "

The rich man nodded his head and didn't ask any more questions. All the people present believed that Tianhong Group didn't dare to do anything big in this kind of public activities. At most, it might let the related people take a small advantage in the draw, but it didn't hurt too much. Thousands of gambling stones were put there. It didn't mean that the chance of taking the first shot was big, in fact, it came from the chance. It's almost the same, and even more likely to be selected later.

"Miss Xu, can you introduce this rare stone to us?"

Another question has been raised, which is also the most concerned issue. Since Tianhong Group has stated that the rare stone is worth one billion yuan, it is unlikely that a group of this scale will deceive you, because this rare stone has not been introduced too much and you do not know much about it. On the contrary, it has increased your interest in this rare stone.

This is what Xu Zheng deliberately did when he planned this gambling meeting. The purpose is to make people more interested in the original stone. Generally, the more mysterious things, the more people want to understand. Xu Zheng's ability in grasping subtle psychology is no less than that of Huo Tingchen, an expert.

Xu Ting had been prepared for a long time. Before the gambling Stone Fair, Xu Zheng asked her to recite the information about this rare stone. With a smile, she replied, "this rare stone is from Southeast Asia and was discovered by local miners. If it is cut, it will be a crystal clear emerald stone. The reason why it is called rare stone is that if it is cut, it will be a crystal clear emerald stone. If the cut is successful, the rarest dragon pattern in gems will appear. Therefore, one billion yuan is only the initial estimate. Once it is processed into a work of art, the value will be higher, or even double. "

All the people present have a certain understanding of jewelry. They all know how rare the dragon pattern jadeite is. So everyone's eyes when they look at the gambling stones show greed. If they can get the rare stone, it's not too much to say that they will get rich overnight.

However, some people still keep a cool head: "Miss Xu, the original stone has not been opened. How can you guarantee that it will be like what you said? In case it's just a piece of scrap, will the gambling stone be suspected of fraud?" This problem is very sharp, but Xu Ting seems to have been prepared for a long time. She took a contract from her assistant and raised it a little in her hand: "you see my contract.

This is our company's solemn promise. After the gambling stone meeting, no matter whether anyone can get the rare stone, we will successfully cut this stone in public. If the stone doesn't come out, we will be able to cut it. As I have just described, our company will refund all your selection fees and double the compensation. The contract is here. Someone will send it to you for your signature later. "

After the questioner nodded his head, he didn't say anything more. Tianhong Group eliminated the last doubt that gambling stone would do this. In fact, this is one of Xu Zheng's plans. He wanted to make these people feel uneasy and let them focus all their attention on whether the rare stone is really as good as the propaganda, so as to ignore the thousands of points. It's a matter of the odds that more people will be cheated.

Jin Zhengting has a sneer of disdain at the corners of his mouth. Xu Zheng's method is not brilliant, but it seems a bit clumsy in front of him. He can see through the essence of Xu Zheng at a glance, and Jin Zhengting also disdains the reaction of those rich people. These are all animals whose interests are supreme. It's not worthy of sympathy to be calculated by Xu Zheng. If you want to blame them, you can only blame them Greed.

"Zhengting, should we remind them that they have already been cheated by Huo Tingchen and Xu Zheng?"

Zhao Tongxin has never been greedy, so she doesn't have a fever in her head when she looks at things. She keeps calm as usual. After practicing around Jin Zhengting for such a long time, Xu Zheng's trick naturally can't escape her eyes. Her heart softens when she thinks that these people on the scene are likely to lose their money because of the gambling stone meeting. When the last boat gambling incident happened, those people are very happy. The tragedy of the person who lost all her wealth is still fresh in my mind. She doesn't want to repeat this kind of tragedy again.

Jin Zhengting looked at her tenderly. Zhao Tongxin was always so kind. She would consider others, not just what she got. This is what he likes very much, and it is also the precious quality that people have less and less. But he still shook his head: "Tong Xin, look at these people, they have been completely occupied by greed, no matter what we are. They won't listen to anything."

"Don't they know it's a conspiracy? These rich people are successful people. How can they not even have this intelligence?"

Zhao Tong Xin looks at those eyes greedy to see to gamble stone's rich people, eyebrow tiny wrinkly ask.

"All the winners are gamblers, so they win their lives. So when they meet a gamble that can change their fate or bring huge profits again, no one can stop them. Look at these people, many of whom went bankrupt on the gambling boat last time. I know that you are kind-hearted and give all your assets back to them, but now they have long forgotten the lessons of the last time, so these people are not worthy of our sympathy. "

Jin Zhengting's eyes are deep and dark. He has thoroughly seen the nature of these people. They are

greedy, so they are calculated by Huo Tingchen and Xu Zheng one after another.

"We can return their assets as we did last time, so that when things happen in the future, we can get their support, isn't that good?"

Zhao Tongxin still wants to give these people a chance. Since she was pregnant, she yearns for all the good things in the world. She really hopes that everyone will be as happy as herself.

Jin Zhengting took her into his arms with a faint smile and said, "I know you are a kind person, but for these people, there are only interests in their eyes. If one day Huo Tingchen takes the initiative in the situation, they will not hesitate to put themselves into his arms, so you have to remember that in this world, some people never need to be soft hearted, or you will be the one who will be hurt in the end. "

"I know. It won't be like this in the future."

Zhao Tongxin nodded her head cleverly. She knew that Jin Zhengting had rich experience in business and even in the whole rich family circle. He would not be wrong when he saw these people. She also knew that Jin Zhengting was teaching her how to get along with the people in this circle, so she accepted it with an open mind.

"But you don't have to change, because I think your kindness is beautiful."

The corner of Jin Zhengting's mouth touched slightly, showing a very charming smile.

## **Chapter 597**

The contract was sent to everyone who attended the gambling Stone Fair by the employees of Tianhong Group. After careful reading, everyone signed their names on it and then handed it back to the employees, which means that the gambling Stone Fair has officially started.

"Everyone has already signed the contract, so we will have a draw ceremony now. The first draw is the youngest and most powerful business leader in the city, president Jin Zhengting."

After seeing that everyone had signed the contract, Xu Ting began to announce the draw. When she read Jin Zhengting's name, she couldn't help her heart beating. This is also a rare opportunity for her to get close to Jin Zhengting.

However, her original hot eyes soon became resentful. She saw that Jin Zhengting came to the stage together with Zhao Tongxin.

Seeing Zhao Tongxin with a happy face, Xu Ting's teeth can't help biting together. She is more and more jealous that Zhao Tongxin can get Jin Zhengting's love, because this is the taste she hasn't got in her whole life. The happier Zhao Tongxin is, the more jealous she is. However, she still keeps her reason, because Jin Zhengting is beside Zhao Tongxin, and she is very happy. It is clear that he has reached a very

paranoid state for Zhao Tongxin's maintenance. If she makes a vicious remark and ridicule at Zhao Tongxin, Jin Zhengting may give her a hard time in public.

Xu Ting managed to squeeze out a smile and nodded to Jin Zhengting and Zhao Tongxin. Fortunately, her disguise was very good. In other people's eyes, she didn't have any dissatisfaction with Zhao Tongxin at all. On the contrary, she felt that their relationship was very good.

No one has any opinions on Jin Zhengting's first draw. In this city of Jiangbin, there is no more successful person than Jin Zhengting. Of course, no one dares to have any opinions. Although Jin Zhengting is not as ruthless as Huo Tingchen, those who offend president Jin can pay a heavy price at any time.

When he came to the stage, Jin Zhengting didn't communicate with Xu Ting. He knew that Xu Ting was hostile to Zhao Tongxin all the time, which also touched his scales. Therefore, he didn't have any good looks for Xu Ting, so he ignored her directly.

Based on Jin Zhengting's attitude, Xu Ting is even more angry with Zhao Tongxin, because without her, Xu Ting believes that Jin Zhengting will not be indifferent to himself. So although she looks at Zhao Tongxin with a smile, her eyes are filled with an imperceptible chill.

"Tong Xin, how did you come up?"

Xu Ting pretends to ask Zhao Tongxin intimately. In fact, she just wants to find a topic, so that she can strike Zhao Tongxin without any trace, so as to express the evil spirit ignored by Jin Zhengting.

"Oh, I'm the judge of gambling stones in the court. According to your regulations, I should be able to take part in the draw on stage, right?"

Zhao Tong Xin takes Jin Zhengting's arm and tells Xu Ting faintly that her intimate action immediately stimulates Xu Ting's sensitive nerves.

"Of course, it's stipulated in this gambling meeting that people who participate in the gambling meeting can bring two appraisers. But as far as I know, you haven't seen a piece of jewelry before you met Zhengting. How can you suddenly become an appraiser?"

Xu Ting asked weakly on the surface, but she deliberately raised her voice. Through the microphone that was not turned off, everyone heard her words. She wanted to make use of Zhao Tongxin's previous life experience to ridicule. After all, the people present were all successful people from rich families. Although Zhao Tongxin was Jin Zhengting's wife, she still looked down upon her civilian identity.

Sure enough, after she said this, some people began to whisper, and they also smile with a trace of irony. In their view, the reason why Zhao Tongxin, a civilian like Zhao Tongxin, married Jin Zhengting was just for the sake of Jin's property and rich family life.

Jin Zhengting's eyes suddenly become sharp, how can he not hear Xu Ting's voice, but he did not attack,

because Zhao Tongxin has a calm face standing in front of him, the tacit understanding between the two people for many years let him know that Zhao Tongxin does not want him to intervene in this matter, she wants to solve it by herself.

"Maybe I haven't been in touch with these before, but since the court trusts me, then I will do my best to be worthy of his trust. Do you think I'm right?"

Zhao Tongxin is calm and says that as soon as Xu Ting's eyes change, the last thing she likes to hear is about Jin Zhengting and Zhao Tongxin. Those rich people under the stage naturally feel that the two beauties are competing in secret, and they all look at them with great interest. It's obvious that Xu Ting is a little better at the beginning, but Zhao Tongxin should be able to fight back soon.

Xu Ting reluctantly laughed: "if it was me, I would do the same to you, because it's really not an easy thing to get the trust of the court. I don't know how much effort and means it takes to do it, so of course I will cherish it."

She has done something wrong in the dark again. When people hear this, they will feel that Zhao Tongxin is a scheming whore. In order to get Jin Zhengting's favor, she does not hesitate to use any means.

There was another murmur under the stage. We all know that Jin Zhengting's fondness for Zhao Tongxin almost reached the degree of paranoia. Naturally, he thought that Zhao Tongxin was a woman with great ingenuity. Otherwise, he would not be fascinated by Jiang Bin's strongest and most powerful president Jin.

Zhao Tong Xin didn't seem to hear it. He said with a smile, "you're right. I really used a lot of thoughts and means to the court." There was an uproar under the stage. Everyone didn't expect that Zhao Tongxin would admit in public that everyone had a heart for gossip, especially for general manager Jin's gossip. So everyone stretched their ears to listen to Zhao Tongxin's words.

Xu Ting can't help showing a trace of complacency. Since Zhao Tongxin has admitted that she is a scheming whore, I'm afraid that her image has been formed in everyone's heart. Although it can't directly hit her, it can also have some impact on her future development. As long as it is effective, Xu Ting will be very satisfied.

Huo Tingchen holding a glass of red wine, in the stage disdain to Xu Zheng said: "it seems that we are all wrong, Zhao Tongxin is not Xu Ting's opponent."

But Xu Zheng frowned: "Mr. Huo, Xu Ting is still too young. She has been trapped by Zhao Tongxin."

Huo Tingchen suddenly turned his head: "what do you say?"

Xu Zheng could not help sighing: "look, soon Zhao Tongxin will reverse everyone's impression of her, and will tie Jin Zhengting's heart more firmly."

Zhao Tong Xin on the stage smiles again, and this calm power deserves people's admiration. She looks at Jin Zhengting, and her bright eyes twinkle with water like tenderness: "if I don't care, I won't stand here, because he always dotes on me and won't let me do anything. If I don't think carefully, he won't let me do anything at all Tired. In fact, I always want to say one thing to him, that is, the group belongs to our husband and wife, so I am very, very willing to help him share. That's why I use these careful thinking to force him to agree with me to help him run the company. "

When Zhao Tongxin became the president of the company, they all thought that this woman was very persistent in power, but they didn't think that it was because of her love for Jin Zhengting that she helped him share it. How considerate it was.

The rich people on the scene, looking at their precious wives, are secretly making comparisons. Which one of their wives is not lazy and wants to live a rich wife's life every day. They have never considered sharing the pressure of work for themselves. Compared with Zhao Tongxin, who has never been a fan Dai, they suddenly feel that Zhao Tongxin is the most suitable wife Maybe this is the most precious quality of Zhao Tongxin from the common people.

Zhao Tong Xin gently smiles at Jin Zhengting. At this time, she looks so holy and flawless.

"As you said, when I was with Zhengting, I did use means, but my means are not as rich as you think. There is only one, that is, love for Zhengting."

She no longer looked at Xu Ting, turned to all the people under the stage, and her gentle eyes flashed with firm light: "maybe you think I am a woman of civilian origin. Marrying Zhengting shows that I have a plan. In fact, you are wrong, because you have never really loved a person. When you really love a person, no matter what you do for him It's all acceptable. As you can see, as a civilian woman, I have made so many changes for the court. Before, I didn't dare to imagine that I would go in and out of such occasions, because I was very self abased, very shy and a little timid, but now I won't, because the court needs me to be like this, and I'm willing to change for him. That's why we can be together The reason for that. "

After Zhao Tongxin finished, he looked at Xu Ting and said coldly: "unlike some people who say they love someone, but they don't make changes for the people they love at all. Instead, they use all kinds of despicable means. Such people are not worthy of love at all, and can only be described as shameless."

Her words made many people on the scene bow their heads, because they also felt ashamed. Many intelligent people knew why Jin Zhengting doted on Zhao Tongxin so much, because when he doted on Zhao Tongxin, he also got all her love.

Although love does not ask for return, it should be the happiest thing in the world if you really pay and get the same return.

Xu Ting's face was blue and white. She wanted to take this opportunity to humiliate Zhao Tongxin, but

she didn't expect that Zhao Tongxin took advantage of this opportunity, not only humiliating her, but also confessing her longest love to Jin Zhengting.

There was no other expression on Jin Zhengting's face, but from his gentle eyes, we can see that his heart was also full of emotion. Obviously, Zhao Tongxin won Xu Ting again.

## **Chapter 598**

After Zhao Tongxin finished all his words, without looking at Xu Ting, he went back to Jin Zhengting, took his arm and nestled in his arms.

"Well done."

Jin Zhengting never thought it was wrong to show her love in public. He took her by the waist and whispered in her ear. A rare smile appeared on her handsome face.

Zhao Tong Xin gently smile for a while, did not speak, she knew that only one action, can blow up Xu Ting gas.

Sure enough, Xu Ting saw Zhao Tongxin directly into Jin Zhengting's arms, her face turned pale, almost no language can describe her present mood, envy, jealousy, and deep hatred mixed together, let her want to immediately strangle Zhao Tongxin.

However, this can only be an idea. She absolutely does not dare to really treat Zhao Tongxin, because she sees Jin Zhengting's doting attitude towards Zhao Tongxin. If anyone touches Zhao Tongxin's hair, Jin Zhengting will certainly tear that person to pieces.

So she could only try her best to suppress her anger, coughed gently to cover up the embarrassment, then put on the innocent expression, and said softly: "Zhenhging, can we start drawing lots?"

Jin Zhengting turns to look at her, but her gentle eyes immediately seem to become cold. Although Xu Ting has been taught a lesson by Zhao Tongxin, from the point of view that she always aims at Zhao Tongxin, he will not forgive Xu Ting, even if she looks very innocent.

"You are not qualified to call me by my name. Please call me Mr. Jin."

Jin Zhengting's voice is also very cold, without any emotion, which is also a warning to Xu Ting that anyone who touches his scales will become emotionless.

Xu Ting's heart is shocked. Jin Zhengting's words mean that she has no chance, and even her past feelings no longer exist.

Looking at Zhao Tong Xin nestling beside him, Xu Ting's teeth are clenched tightly. Jin Zhengting's indifference towards her is completely caused by this disgusting woman, and she will take revenge.

"Sorry, Mr. Jin, can we draw lots?"

In public, Xu Ting knows that she can't be too fierce, so she still tries her best to apologize to Jin Zhengting.

If other men see her this pathetic look, almost will be soft hearted, but Jin Zhengting is not another man, his heart only Zhao Tong Xin a woman, so to Xu Ting turned out of this look directly ignored, he coldly said: "start." And then I don't talk to her anymore.

The audience can see that Xu Ting is in love with Jin Zhengting. That's why she is full of hostility to Zhao Tongxin. She satirizes Zhao Tongxin on such an occasion, and even has some suspicion of malicious slander. As a result, Zhao Tongxin cleverly resolves her ridicule, and Xu Ting is also very annoying to Jin Zhengting.

Many intelligent people have discovered one thing from Jin Zhengting's attitude, that is, Zhao Tongxin is Jin Zhengting's enemy. No one can touch Zhao Tongxin. People who have business relations with Zhao Tongxin's company think that they must have a good relationship with Zhao Tongxin, or they will be Jin Zhengting's enemy. It's better to be Jin Zhengting's enemy in Jiangbin I'm afraid.

So Xu Ting wanted to hit Zhao Tongxin this time, not only failed, but also paved the way for Zhao Tongxin's future business. It's a bit like stealing chicken and not eating rice.

Xu Ting was jilted by Jin Zhengting. It's easy to imagine how depressed she was. However, she knows what she should do. As long as the plan of this gambling stone meeting is successful, Xu Zheng will get enough funds to directly bring down Zhao Tongxin's company. So the most urgent task now is to host the draw ceremony well. As for the account with Zhao Tongxin, we should pay attention to it After that, there are plenty of opportunities. She places her hope on her cousin, because she can also feel that Xu Zheng is a very capable guy.

"Well, Mr. Jin, the draw is now on."

Xu Ting kept a professional smile and nodded her head. Then she looked at Huo Tingchen and Xu Zheng in the crowd with the corner of her eyes. They could control the draw, so whoever they want to get can only get what.

Huo Tingchen and Xu Zheng looked at each other and exchanged a look. Then Huo Tingchen secretly held out his hand with his thumb down. This was the secret sign they had agreed long ago. He wanted to give Jin Zhengting a back signature.

Xu Ting knowingly nodded her head and put her hand into the crystal box of the draw.

Jin Zhengting's eyes are keen. Xu Ting and Huo Tingchen's every little action is in his eyes. However, he is calm on the surface. He whispers in Zhao Tongxin's ear: "they did something in the draw."

Zhao Tong Xin frowned: "how can it be? How can they do it in public? "

Jin Zhengting looks at the transparent box, and each metal ball containing the number is rolling in Xu Ting's hands. From the appearance, it's impossible to cheat. No wonder Zhao Tongxin doesn't understand it, but she doesn't understand it, which doesn't mean she can hide it from him.

"You see, Xu Ting keeps touching metal balls with her fingertips. It's very possible that the temperature of these metal balls is different. The higher the temperature, the more in front of the signings. The lower the temperature, the more backward. She is feeling the temperature now, and Huo Tingchen has given her instructions. Our signings must be very backward." Jin Zhengting's eyes radiated wisdom, as if nothing in the world could be concealed from him, which fully reflected his genius insight.

In fact, as Jin Zhengting speculated, Huo Tingchen group had already done something on these metal balls for drawing lots in advance when planning this gambling meeting, and it was no different from Jin Zhengting's idea, that is, Xu Ting was allowed to choose the number by the difference of temperature.

Xu Ting pretended to turn over in the crystal box. After she felt a cold metal ball, an imperceptible smile flashed in her eyes. She took out the metal ball and put it on the table. Then she said to Jin Zhengting, "Mr. Jin, do you open it in person, or do I open it?"

Jin Zhengting's disdainful mouth slightly touched: "you come."

Voice did not fall, he has led Zhao Tongxin's hand down the stage, because there is no need to look at the number, he already knew the result.

Jin Zhengting's attitude of ignoring Xu Ting has hit her hard, and it can't come out yet. This is what makes her most uncomfortable. Even though she is used to all kinds of disguises, the smile on her face is still a little reluctant.

At this time, Zhao Tong Xin intentionally or unintentionally turns back and looks at her. From Zhao Tong Xin's eyes, you can see a winner's smile, which makes Xu Ting more difficult to accept.

She ruthlessly opened the metal ball, took out the number printed on the paper from inside, and showed it to the public: "Mr. Jin drew No. 78."

This time, there are only a hundred rich people participating in the gambling Stone Fair, and the number 78 is already a very low number.

"Zhengting, you are really good. You can guess everything."

Zhao Tongxin doesn't care about the result of the draw at all. She knows that no matter what number they draw, Huo Tingchen won't let others take away the rare stone. So she doesn't need to worry about it. She just worships Jin Zhengting's insight.

Two people together, men are generally women's idols, this sentence is very applicable to Zhao Tongxin, in her mind, Jin Zhengting is an omnipotent existence.

Jin Zhengting said with a faint smile: "it's nothing. It's just a little trick. Huo Tingchen won't let us come forward. Maybe he has a premonition that we are most likely to get the rare stone, so he has come here."

"Unfortunately, no matter what, his plot will not succeed, because you are much more powerful than him."

Zhao Tong heart a gentle smile, soft voice to Jin Zhengting said, for a man, there is no more than his favorite woman to his praise, so even has always been cold Jin Zhengting, handsome face appeared a smile.

## **Chapter 599**

Xu Ting's mind is more careful. On the surface, she promised Yang ziye, but in fact, she secretly gave him a lot of hatred. The purpose of her saying this is to make everyone dissatisfied with Yang ziye.

If Yang ziye still wants to draw lots in person, because of the status of the Yang family in Jiangbin, other people will not object to him, but they will certainly be dissatisfied with him in private. After all, in everyone's eyes, Yang ziye is the one who breaks the rules of the game, which is not fair to those who want to get the rare stone.

Although Yang ziye is a playboy in other people's eyes, he is much smarter than everyone imagined, so he immediately understood Xu Ting's intention. He showed a charming smile and waved his hand smartly: "I think it's better to forget it. Although I don't like the rules, I still don't want to break the rules that everyone abides by OK, so I'd like to invite Mr. Xu to draw lots. Why don't I let such a beautiful woman as you do it for me? "

Xu Ting's pupils contract. She didn't expect Yang ziye's reaction to be so fast. Among Huo Tingchen's core members, Yang ziye has never been the focus of attention, because what he usually shows is a dandy's style. Naturally, such a person will not be taken seriously.

She subconsciously looks in the direction of Huo Tingchen and Xu Zheng, because Jin Zhengting and Lu zhanyan need to pay attention to when making plans. She adopts a laissez faire strategy towards Yang ziye, but Xu Ting's keen sixth sense of women makes her feel that Yang ziye is not so easy to deal with.

Huo Tingchen asked Xu Zheng in a low voice: "it seems that Xu Ting finds Yang ziye hard to deal with. What position do you think he should be placed in?"

Xu Zheng looks coldly at the playboy who is as famous as himself on the stage. Because he always shows himself in this image, he never looks down on people like Yang ziye. When things get to the critical

point, he can't tolerate any mistakes. No one can guarantee that Yang ziye and himself are all playing the role of pigs and tigers.

"Mr. Huo, put Yang ziye in the front. On the one hand, we can verify whether Yang ziye has been hiding his ability. On the other hand, we can also touch Jin Zhengting's card by the way."

Xu Zheng's brain quickly turns a few times, and immediately has a decision. In this respect, he is really similar to Jin Zhengting, who is extremely quick to respond, and will quickly make the most favorable judgment when there is an emergency.

"But if Yang ziye really keeps his secret, won't our plans be ruined?"

Huo Tingchen is worried about Xu Zheng's suggestion, because he can't see through whether Yang ziye is ready or not, so he rashly puts him in the front. Once Yang ziye gets the rare stone first, their plan can only stop abruptly.

"No, Yang ziye didn't bring a gambling stone appraiser with him. He probably just came to find out about us for Jin Zhengting, but we can see from this that he is not an easy guy to deal with. We must pay more attention to him in the future."

Xu Zheng looks at the handsome Yang ziye on the stage and says that at this time, Yang ziye seems to be looking at him unintentionally. The two people's eyes look at each other across the air. It seems that there is a strange spark in both sides' eyes. Maybe from this moment on, the two Playboys in Jiangbin city regard each other as their opponents.

Huo Tingchen is also a decisive person. He soon has his own judgment. What Xu Zheng said is quite reasonable. He immediately reaches out his hand and thumbs up. This is to tell Xu Ting, who is going to draw lots, to give Yang ziye a front number.

Xu Ting did the same trick again. She seemed to be groping aimlessly in the crystal box. In fact, she was trying the temperature of each metal ball with her hand. Soon she found a hot metal ball. Needless to say, she knew that the number in the metal ball must be in the front.

She took out the metal ball, opened it and showed it to the public. They all whispered, because Yang ziye's number is number one, that is to say, he will be the first to choose the gambler.

"Yo, I'm lucky to draw lots. I don't know what the next luck will be. If I can choose, I won't do business in the future. I just need to buy a few lottery tickets every day."

Yang ziye talks about himself and goes off the stage. He and Jin Zhengting have already agreed that his task is to find out the way for Jin Zhengting and see if Huo Tingchen has any other tricks in the process of selecting gambling stones.

Today, he has only prepared 20 million, and two chances are almost the same. He should be able to find

out what the gambling stones are and what small means Huo Tingchen used.

Xu Ting can't help sighing a sigh of relief when she sees Yang ziye stepping down. If Yang ziye had to draw lots by himself just now, she would have to promise. After all, Yang ziye's position is there, and even if she forces him a wave of hatred, in everyone's eyes, he is just a willful dandy. If he does such a domineering thing, everyone will be happy. It's natural to think that he is just a result of his character and will not have too much dissatisfaction with him.

Fortunately, Yang ziye also chose to abide by the rules, otherwise the crystal box is full of metal balls with different temperatures. As long as Yang ziye touches them, he can know how they control the draw. "Well, the next one to draw lots is Mr. Lu zhanyan, President of Lu's group in our city."

Xu Ting said while looking at Huo Tingchen, although they have already agreed on the order of these people, but it still depends on the changes on the spot.

Huo Tingchen turned his head and asked Xu Zheng around him, "Jin Zhengting and Yang ziye are back and forth. Where do you think Lu zhanyan should be?"

Xu Zheng thought for a moment: "put him in front of Jin Zhengting. If Jin Zhengting doesn't sing, Lu zhanyan will definitely stop. I don't want to miss an opportunity to earn Lu zhanyan's money."

"Well, you're right. No one here can escape us."

Huo Tingchen said with some satisfaction, looked at Jin Zhengting in the distance, stretched out his hand, thumbed up.

Xu Ting cleverly understood what he meant. He looked at Jin Zhengting with his thumb up, which showed that Huo Tingchen wanted to arrange Lu zhanyan in front of Jin Zhengting.

She quickly picked out a metal ball with moderate temperature, opened it and announced, "President Lu's number is 35."

"The next one is also president Lu, Mr. Lu Moyan."

Xu Ting slightly raised her voice and announced that Lu zhanyan, Jin Zhengting and Zhao Tongxin, who are stepping down from the stage, were stunned. None of them thought that Lu Moyan would take part in the gambling fair.

However, everyone soon understood that Huo Tingchen specially arranged for Lu Moyan to participate in the event for the sake of insurance. At present, few people know that Lu Moyan has become a core member of Huo Tingchen group. In general, they only have cooperative relationship in business, so they will not have any opinions on Lu Moyan's participation.

Huo Tingchen and Xu Zheng took advantage of this point. They wanted to minimize the risk. Before the

gambling meeting, Lu Moyan had clearly remembered the characteristics of the rare stone, so they could choose it to avoid Jin Zhengting getting it.

Of course, according to the arrangement, he will not be too far ahead, because Huo Tingchen and Xu Zheng need to use this rare stone as bait to catch more capital.

When Lu Mo Yan came to power, he happened to pass by Lu zhanyan who was stepping down. They looked at each other. Lu Mo Yan's eyes were full of anger, but Lu zhanyan's eyes were full of pain.

"You wait. I'll win you this time, and I'll win you all the time until you lose your fortune and lose your reputation."

Lu Mo Yan said coldly, then ignored his brother and went directly to the stage.

Lu zhanyan sighed helplessly. Now Lu Moyan is the enemy, so even if he has a lot to say in his heart, he has to leave it for later.

Lu Moyan's number has been reserved for a long time, just before Jin Zhengting, which also shows that Huo Tingchen and Xu Zheng are on guard against him.

The three key figures in Jin Zhengting group and Lu Moyan have already finished drawing lots. As for the other small fish and shrimp, they are more casual. Due to the large number of people, the drawing time is relatively long. They have been busy for more than three hours before they are completely completed.

"Ladies and gentlemen, I announce the end of the drawing ceremony. Please select the gambling stones according to the number in your hand and the number of times you pay the selection fee."

Xu Ting said softly, but her eyes flashed with a ray of excitement. Although Yang ziye made a mess in the middle of the way, on the whole, she was still in accordance with their plan, which means that the gambler will still be in control.

"Mr. Jin, you're not very lucky today. The number is too late. Maybe the rare stone has been selected before it's your turn."

Huo Tingchen and Xu Zheng meet Jin Zhengting and Zhao Tongxin head-on when they go to the gambling district. They provocatively say intentionally or unintentionally.

Jin Zhengting said faintly: "my luck has always been good. Even if I was arranged at the back under your advice, that rare stone can't be someone else's

"Oh? Mr. Jin seems to be confident. Is it because Miss Zhao Tongxin has a keen sense of gambling stones? I advise you not to have too much hope, because I will limit her play

Huo Tingchen's eyebrows raised. He was very proud at this time. He was not afraid that Jin Zhengting knew that he had planted a traitor inside him. He just wanted to see Jin Zhengting look embarrassed.

Xu Zheng frowned a little, but he still didn't say anything. He was a calm man, and his character was not as open as Huo Tingchen, or he didn't have so much hatred with Jin Zhengting, so he didn't like to let Jin Zhengting see his cards before things were completely over.

Jin Zhengting's face remained unchanged. He gave Huo Tingchen a cold look: "we'll see."

## **Chapter 600**

With everyone moving to the gambling area of the hall, gambling will be officially started at this time.

Cheng mobing and long Jiu are in charge of the gambling district. They are actually monitoring each other, because no matter how close the cooperation between them is, they are all based on the principle of being defensive. Only now that the two sides are in a highly consistent state of interests can they show a tacit understanding of cooperation.

With charming eyes blinking, long Jiu gently said to the crowd sitting on the sofa waiting for the selection of gambling stones: "everyone, the number in your hand is the order of admission. According to the rules, each person can bring two gambling stone appraisers into the gambling stone area, and only one group of people can enter each time. This is also to ensure fairness. Let's invite number one, Mr. Yang ziye He pays 20 million yuan for the selection of gambling stones, that is, he can bring out two gambling stones. "

Before his words, Yang ziye has already swaggered over, and there is no stone appraiser around him.

Long Jiumei said with a smile: "is Mr. Yang himself an expert in the identification of gambling stones, so he didn't even invite an appraiser?"

Yang ziye's eyes are shining, greedily swimming on long Jiu. This is the familiar playboy. Seeing beautiful women's eyes, he becomes a high-definition digital camera.

"In fact, I don't understand this at all. I just want to test my luck."

His handsome face showed a frivolous expression, which was the usual expression when he saw a beautiful woman, as if he had forgotten that long Jiu was his mortal enemy.

Long Jiu seems very calm, because she has already memorized the information about Yang ziye. Although she has not had much contact with Yang ziye, she knows that he is just a dandy. Otherwise, Huo Tingchen and Xu Zheng, two experts who are very accurate in judging people, will not sneer at him.

Maybe he is really smart, but his intelligence has long been wasted in the romantic, so long Jiu's guard against him is naturally much less.

"Oh? What's Mr. Yang saying? "

Long Jiu blinked his long eyelashes and seemed to ask with interest.

Yang ziye shrugged, put his head into long Jiu, and whispered in her ear, "in fact, my luck is not very good. Every time I want something, Jin Zhengting always gets it first. I want to try whether I can get that rare stone today. Miss long Jiu, do you think I can?"

Long Jiu's eyes turned a few times, and his face was still with a charming smile that broke the man's heart: "as far as my personal wishes are concerned, I still hope that Mr. Yang is such a handsome person to get the best, but as far as the interests of the group are concerned, I certainly don't want anyone to get that rare stone."

"Why don't you choose for me? Last time you kidnapped me, I haven't apologized. This time you should compensate me. How about this proposal?"

Yang ziye frivolously picks up long Jiu's chin with his fingertips, but the corner of his eye is looking at Huo Tingchen behind him.

Long Jiu originally wanted to play with Yang ziye, who looked clumsy, but she didn't notice that Huo Tingchen had arrived here. When she saw that Yang ziye was acting on him, she deliberately catered to him and said with a smile, "if you want to ask me out, you can tell me secretly that in front of so many people, you are really a coward."

Yang ziye laughs: "seeing a beautiful woman like you, I don't want to do anything. Just like the last time you kidnapped me, after seeing you, I didn't resist."

Dragon nine mouth slightly raised: "Mr. Yang, it's not that you don't want to resist, but that you are scared to be weak?"

Yang ziye didn't feel embarrassed at all. He said with a smile, "this is the normal reaction of a normal person. How about helping me to choose together?"

Long Jiu shook his head and said with a smile: "I can't help you. According to the rules of the game, we can't help the guests to choose the gambling stones."

"Even so, I'd better choose by myself. It seems that if I entangle with you again, you Mr. Huo may break me to pieces."

Yang ziye once again said in a frivolous tone, and then turned his head to look at Huo Tingchen, who had an iron face.

Long Jiu was surprised. She was born as an agent. She always had a kind of professional habit for men,

that is to use her beauty to lure them. It can be said that this is also an occupational disease. But she never dared to do this in front of Huo Tingchen, because she knew Huo Tingchen was a very mean person. When she saw Huo Tingchen, she knew that she was not taken lightly by Yang ziye I've done a lot of calculations.

"Mr. Huo, I don't mean to seduce your fiancée. I just think she is very beautiful. I don't think you should be jealous."

Yang ziye said this, but he didn't mean to take back his hand with long Jiu's chin.

Huo Tingchen leaves the crowd and stares at Yang ziye coldly. His heart is full of jealousy, not only because he is narrow-minded and takes long Jiu as his personal belongings, but also because long Jiu does not show any resistance in front of Yang ziye.

"Mr. Yang, is it not good for you to tease my fiancée in public?"Huo Tingchen's voice was full of anger, and his eyes were cold enough to kill.

Yang ziye took back his hand and gave a faint smile: "I'm sorry, Mr. Huo. I can't help it when I see beautiful women, especially those beautiful women who prefer to see me off. Since Mr. Huo doesn't like it, I'd better go to pick the gambling stones first. Goodbye."

With these words, Yang ziye swaggers into the gambling area, not letting Huo Tingchen and long Jiu see the smug smile on his face.

"Brother, it's not what you think. It's Yang ziye."

Long Jiu knows that he has been fooled by Yang ziye. Although he knows that it is useless to explain Huo Tingchen, he still wants to explain it, because Huo Tingchen is angry and can do anything.

Huo Tingchen gave a cold smile: "it's none of your business here. Go to the office and wait for me. I'll find you later."

"Oh."

Seeing Huo Tingchen's anger, long Jiu knows that he is really angry. At this time, the best way is to comply, otherwise she will die miserably. However, she is still very happy. At least Huo Tingchen is jealous for her, which proves that he still has his own position in his heart, and the amount is still very heavy.

Jin Zhengting and Zhao Tongxin looked at the scene and couldn't help smiling.

"I didn't find out before. It turns out that ziye is very bad."

Zhao Tongxin is also the first time to find Yang ziye's bad water, some surprised, but also some tolerant

Jun said.

Jin Zhengting smiles faintly: "we still underestimate ziye. Longjiu's information is limited. We only know that she has received secret service training. But ziye knows how to make longjiu deceived by such a little clue, which shows his keen control over the details of things."

Zhao Tong Xin nodded his head: "if his smart mind can be used in business, I think Yang's group will be much more prosperous than it is now. Unfortunately, he just likes to get into women."

"People always have their own pursuit. We can't ask for them with our own requirements, as long as I'm different from him."

Jin Zhengting made a rare joke and looked at Zhao Tongxin gently.

Zhao Tong looked at him angrily: "who doesn't know that Jin is always the most attractive man in Jiangbin City, but I have many more rivals for no reason."

Jin Zhengting took her hand and said faintly: "you don't have any rival, because my heart is very small, I can only accommodate you alone."

This may be just a common sentence between lovers, but from Jin Zhengting's mouth, Zhao Tongxin sounds like the happiest honeyed words in the world.

Holding his broad palm, Zhao Tongxin felt a sense of peace of mind. Jin Zhengting was sincere, because he would not look at any woman except himself.

"I don't know if ziye can choose. The chance is too low."

Watching Yang ziye walk into the middle of thousands of gambling stones, Zhao Tongxin's heart is still a little nervous. She knows that it's too difficult to choose, but it's related to the future situation, so she can't help frowning.

Jin Zhengting's hand a little bit hard, light said: "don't be nervous, I believe you."

"I'm still afraid I'll make a mistake. What if I don't win the election?"

Zhao Tong Xin doesn't have much confidence in himself. As Huo Tingchen has said just now, he has made corresponding countermeasures against her. Otherwise, he won't speak so blatantly.

"Just do your best. Don't forget, we still have the card of pony. But Huo Tingchen's complacent manner just now confirms that Jin Ying is an insider."

Jin Zhengting said in a low voice, and his brow also wrinkled, because before today, although he firmly believed that Jin Ying was a traitor, there was no full evidence. However, Huo Tingchen's quick talk just

now proved that the person who delivered the news for Huo Tingchen must be Jin Ying.

His memory is also amazing. At that time, when talking about the stone gambling meeting, there was no outsider around. At that time, only Jin Ying was in her room. When she thought of Jin Ying's blindness, her hearing became very sensitive. She would probably hear the conversation in the living room, and then she would tell Huo Tingchen that Zhao Tongxin was very sensitive to the temperature of the stone.

"Although I don't believe Xiaoying will betray us, I think it's almost her. Zhengting, what are you going to do to her?"

Zhao Tongxin is a smart person. She can also think of things. She is very worried about Jin Ying's future and doesn't want Jin Zhengting to punish her severely for this.

"When she comes home, we'll pretend we don't know anything for the time being. Maybe we can let her pass some false news to Huo Tingchen."

Jin Zhengting coldly said that his eyes became deep, and Zhao Tongxin naturally knew that he had a new plan.
