

Super Rich Dad Chapter 609-610

Chapter 609

Although Jiang Hao said so, Lin Yan stubbornly spoke up, 'You're just a doctor now, there's no need to act like a big head in front of me.'

Hearing this, Jiang Hao shook his head helplessly and sighed, 'It's really fine. That said, you take the medicine, and if there's anything wrong with Bebe, contact me in time.'

After saying this, Jiang Hao then exchanged his phone number with Lin Yan.

Lin Yan looked at the phone and was slightly lost in thought. After a long time of silence, she spoke, 'No matter what, I still have to apologize. I'm sorry for what happened at the hospital.'

Jiang Hao nodded helplessly, and looking at the time it was already a bit late he said, 'Alright, you'd better go back early.'

Lin Yan laughed lightly after hearing this and then left.

In fact, what Jiang Hao didn't know was that although Lin Yan was the first lady of the Lin family.

However, during this period of time, the Lin family had also encountered some things, resulting in Lin Yan's hand not being very generous either.

The reason why Chen Minggang, a rich young man with no brain, kept pestering Lin Yan was related to the troubles that the Lin family had encountered.

Thinking about these things, Lin Yan let out a long sigh.

After Jiang Hao saw Lin Yan off, he went back to his hospital dormitory to rest.

But to his surprise, he found that his things had been thrown out of his room!

Looking at the wrecked aisle, Jiang Hao shouted with anger in his eyes, 'Who did this!'

As soon as the words left his mouth, Dr. Xu opened the door to the room in good order and leaned against the door frame to gloat at Jiang Hao.

'Yo, if it isn't our famous Doctor Shen, how come all the stuff has been thrown out?'

Jiang Hao looked coldly at Dr. Xu: 'You threw out my stuff?'

Dr. Xu waved his hand at his words, 'You can eat your food, but you can't talk nonsense!'

After saying this, he laughed sorrowfully, 'Not to mention that it wasn't me, even if it was me who threw it out, what can you do?'

Hearing the noises outside, Dr. Ren also opened the door of his room in his pajamas and walked out.

Looking at Jiang Hao's things thrown all over the aisle, so he frowned a bit dissatisfied.

'All very cleaning aunt said. Rubbish should be thrown into the bin, how to do things, really!'

Jiang Hao heard this, a pair of eyes shining sharply to look at Dr. Ren!

'So, you're the one who threw my stuff away?'

When Dr. Ren heard this, he just wanted to sneer at Jiang Hao.

But suddenly he realized that the other party's eyes were so cold that it was as if he was looking at a dead man!

What he didn't know was that what Jiang Hao hated most was when people touched his things!

Dr Xu stood at the door and saw that Dr Ren had been silent for a long time. Naturally, he sensed that he was frightened by Jiang Hao.

So he said helpfully, 'So what if I lost it, you're such a piece of trash. Why should you stay here!'

After saying this, he simply walked forward and looked deeply at Jiang Hao.

'I'm telling you, the fact that you weren't kicked out by the dean today is already enough for you to burn incense and worship Buddha!'

After Dr. Ren pleased off Jiang Hao's grim look. No sigh of relief.

Hearing Dr Xu's words, he hurriedly stepped forward and spoke, 'Right! The dean likes to repay kindness with virtue, but we're not vegetarians!'

After saying this, he continued to speak, 'Just this three-legged skill of yours. You still want to stay in this building? You're delusional!'

Dr. Xu also laughed and said, 'Hurry up and pack your things and get out, a single room is not for people like you!'

Jiang Hao, holding his suitcase in his hand, bowed his head in silence in the face of the two men's words.

A lion never cared for a wild dog that barked wildly in front of him.

It was because of this reasoning that he had not bothered to take care of this Xu.

But now this matter had completely angered Jiang Hao, and this was the thing he hated the most!

Even if the surname Xu had informed him, Jiang Hao would not have been so angry!

Jiang Hao, who had gone through a life and death crisis, had gradually stabilised his mind. Basically, he would not lose his temper over some trivial matters.

He knew how to push people back, but it was the first time he had gone so far. But this was the first time Jiang Hao had ever encountered such an excess!

Looking up at Dr. Xu, Jiang Hao smiled sorrowfully: 'You are very good. Believe me, you will pay for what happened today!'

The very moment Jiang Hao said those words. Doctor Xu suddenly felt a chill at the bottom of his heart for some reason!

But there was still a proud look on his face: 'Is that so? With you, a foreigner with little ability?'

After saying this, Dr. Xu moved closer to Jiang Hao's ear.

'I've been in this hospital for more than ten years, do you think you're the first person I've screwed away? Mudbloods!'

After saying this five-one voice turned around and left, leaving Jiang Hao to look at his back thoughtfully.

And sensing the ruckus inside the dormitory building, the security guard walked up.

Looking at Jiang Hao squatting on the floor to gather his things, several security guards let out a faint sigh.

Then they all came forward to help: 'Little brother, think outside the box, you can't afford to offend this Doctor Xu.'

Jiang Hao snorted after hearing that, couldn't afford to offend?

Someone as powerful as Shen Tianyang, he would have to destroy him in three years!

Thinking of this Jiang Hao shook his head, now was not the time for him to be bothered with such things.

When he found Xue Yu Ning, he would slowly clean up these two idiots then!

After the security guard packed up his things and handed them to Jiang Hao, he asked, 'Do you know which dormitory you should go to now?'

Jiang Hao shook his head in confusion and said, 'I'm not going to lie to you all, I really don't know which dorm I should go to right now.'

Saying this, Jiang Hao took out a red one from his wallet and quietly slipped it into the security guard's infirmary.

‘I’ve been assigned to the medicine room today, why don’t you take me to the medicine room’s dormitory?’

A few security guards looked at each other after hearing this, then walked out with a heavy expression carrying Jiang Hao’s luggage.

After walking downstairs, Jiang Hao dragged his suitcase in his hand and saw that the few security guards seemed to be discussing something.

So he walked up and said, ‘What’s wrong, don’t you know where the dormitory is for the pharmacy staff?’

After a moment of silence, a young man stood out from among the security guards.

He looked to be in his twenties, and seemed to be the same age as Jiang Hao.

Then he turned his head and spoke to his colleagues, ‘You guys go patrol, I’ll send Dr. Shen over.’

A few of the security guards nodded slightly and left to go on patrol.

As they were leaving, one of the guards paused slightly before looking at the young guard and said, ‘Xiao Lei, you go and return quickly.’

Security guard Xiao Lei nodded before turning his head to Jiang Hao and said, ‘Let’s go, I’ll take you to the pharmacy dormitory.’

After saying this he picked up Jiang Hao’s luggage, humming a song whose name he didn’t know as he walked.

Jiang Hao looked at Xiao Lei’s back and was slightly silent for a while, how come they seemed to be a bit scared when they heard that they were going to the pharmacy dormitory?

Thinking of this Jiang Hao laughed bitterly twice and followed helplessly.

Chapter 610

Only when he arrived at the pharmacy dormitory did Jiang Hao understand why those security guards were reluctant to come over.

Xiao Lei looked at Jiang Hao with a slightly darkened face, so he spoke embarrassedly, ‘Cough, the hospital has limited funds. So...’

Speaking here, Xiao Lei was also a little embarrassed.

Jiang Hao frowned slightly as he looked at the old house in front of him, the skin of which had peeled off a large portion of its walls!

The hospital had limited funds? This was treating him like a three-year-old child!

Would a hospital in the centre of the city not even be able to get the money to quietly repair it?

Thinking about the expressions on Dr. Xu and Dr. Ren's faces. Only then did Jiang Hao understand a little.

He was really being bullied by a dog this time, he didn't expect to be treated with such contempt!

Old man Bi was sitting on a recliner downstairs. He opened his eyes and sat up after hearing the commotion over here.

'Who's that coming over there, and why isn't he giving a shout?'

Xiao Lei heard this and hurriedly turned on his torch and walked over to him, then he smiled and said, 'Grandpa Bi, you're taking a cool break?'

Old man Bi looked at the parcel in Xiao Lei's hand and faintly stared at it, then he couldn't help but laugh lightly.

'Hahahaha, I'm not taking a cool break, I'm worried that someone won't have a place to sleep at night, so I'm waiting here!'

Jiang Hao heard this and walked up with a black face: 'Old man Bi, you're deliberately doing this, aren't you?'

Xiao Lei didn't know much about Jiang Hao and heard his words with a deep sense of resentment.

So he hastily spoke in embarrassment, 'Grandpa Bi definitely didn't mean to taunt. Don't misunderstand me!'

Jiang Hao looked at Xiaolei's reaction with a slight frown, then smiled bitterly and lit himself a cigarette and took a deep drag.

'Who's interested in getting angry with him, I'm getting angry with that group of snobs!'

After saying this, Jiang Hao walked over to sit beside old man Bi.

Then he took out a cigarette and handed it over and said with a squinty eye, 'Want one?'

Old man Bi did not hesitate to take one out and light it up, then let out a long breath.

'Kid, you'll get used to these things when you've seen more of the world.'

After saying this, Old Man Bi scowled at Jiang Hao and said, 'Why else do you think I've been reluctant to leave this courtyard?'

Jiang Hao laughed lightly after hearing old man Bi's words, 'From what you're saying, you used to live in that area too?'

At this time, security guard Xiaolei hurriedly said, 'Grandpa Bi used to be very powerful, even more powerful than Dr. Xu!'

Jiang Hao glanced at old man Bi after hearing this. Then he looked at Xiao Lei's expression again.

'Come on, if he was really that powerful, wouldn't the position of dean have been his a long time ago!'

After saying that Jiang Hao put down the suitcase in his hand and then faintly exhaled a wisp of green smoke.

'It can't be helped, although I'm powerful, I'm a bit stupid and don't have that much of a heart.'

After saying this, Old Man Bi sighed. Then he looked at Jiang Hao's hand for a while in silence.

'I've heard about today's incident, you kid is kind of something. Little Doctor Shen.'

Jiang Hao heard this and glanced at old man Bi, then said softly, 'Xiao Lei, you go patrol, I'll rest after talking to your grandfather Bi.'

Xiao Lei looked at old man Bi. Then he nodded slightly after looking at Jiang Hao again.

He wasn't a fool either, and knowing what the two might have to say next, he obediently left.

After Xiao Lei had left, Jiang Hao looked at Old Man Bi and said, 'Doctor Xu said before. The Life Renewing Needle has been lost for nearly a hundred years, how did you know about it?'

After saying this Jiang Hao paused, 'Don't tell me to read a book, if there really was a book recording this needle technique, then it wouldn't have been lost.'

Old man Bi started with a smile on his face, and when he saw the serious look on Jiang Hao's face, he gradually put it away.

'Well, I do know these things, but I just don't want to use them anymore.'

Some things had been seen through since. Old man Bi simply didn't hide it anymore either.

'This thing is supposed to be a chicken feed, it has to be used in conjunction with other stitches to have a miraculous effect!'

After saying these words. Old man Bi laughed bitterly with some helplessness, 'But those other needle techniques, how can they be lightly passed on.'

Jiang Hao listened and looked at old man Bi with some seriousness: 'Thanks to the dean who still sighs all day long about not being able to find talent. It feels like the talent is right under his nose.'

Hearing this, old man Bi snorted and shook his head, 'You're overestimating him when you say that. He's just here for the gold plating.'

Jiang Hao faintly stared, thinking that Dean Jiao did not seem to have earned power with Dr. Xu either.

He had even deliberately shown weakness in front of Dr Xu at certain times, so he couldn't help but fall silent.

Old man Bi looked at Jiang Hao's pensive look and smiled: 'After staying here for a long time, you will be able to see through some things!'

After saying this, he got up and picked up Jiang Hao's luggage and walked into the house.

Although the room looked a bit shabby, it was cleaned by old man Bi.

Jiang Hao looked around and frowned, I'm afraid this was the worst place he had ever lived!

Old man Bi looked at Jiang Hao and pointed to the sofa and said, 'You can make do on the sofa this evening, I'll have the bed moved over tomorrow.'

After saying this, old man Bi fell into bed and fell asleep.

Jiang Hao gave him a helpless look, then shook his head and spread the quilt on the sofa and fell asleep too.

The next morning, Jiang Hao woke up with aches and pains all over his body, especially in his neck, which felt numb!

Old man Bi came in wearing a taiji suit and laughed at Jiang Hao's face as he woke up.

'Young people are a little more sleepy than us, hey, but there's still something to say.'

Old man Bi spoke as he scrubbed his face clean.

'Why do you need to sleep long when you are alive, you will sleep long after death, hahaha!'

Jiang Hao got up and glared at Old Man Bi somewhat helplessly: 'I wonder which old madman made me sleep on the sofa last night!'

When Old Man Bi heard this, a look of embarrassment flashed across his face.

'Ahem, hurry up and wash your face and get up to get ready for work!'

By the time Jiang Hao had packed up and gone to work, the hospital people were pointing at Jiang Hao, not knowing what they were saying.

Faced with such a situation, Jiang Hao was open to it, as if he was not affected in any way.

Old man Bi sat down and glanced at Jiang Hao: 'Xiao Shen, look, you've become popular in our hospital, hahaha!'

Jiang Hao helplessly glared at this old madman: 'Just be a bit more virtuous!'

As soon as the words left his mouth, Jiang Hao looked at the phone in his hand and faintly stared.

In his mind, he couldn't help but recall the image of him standing at the entrance of the hotel last night, exchanging phone calls with Lin Yan.

Thinking of this, the corners of his mouth turned up slightly.

Seeing this, Old Man Bi laughed out loud and said, 'Brat, what good things are you thinking about, laughing so treacherously!'
