

Super Rich Dad Chapter 611-613

Chapter 611

Jiang Hao looked at old man Bi and smiled without saying anything, and then began to prepare for work.

That was the way things were in the hospital, they could rest when no medicine was prescribed down from above.

Led by old man Bi. Jiang Hao also began to look down on some of the hospital's rules and regulations.

The two of them smoked in the office when they should and chatted when they should.

During this time Nurse Xiao Li had come over and thought that Jiang Hao had given up on himself after seeing his appearance!

When Dr Xu found out about this, he sniggered at Jiang Hao.

He thought that the other party would never endanger his position again. He was also smug in his heart.

When there was nothing else to do, Dr Xu had even visited Jiang Hao a few times.

The morning passed uneventfully. Just when Jiang Hao was about to leave work in the afternoon.

Outside, Lin Yan walked in and then looked down the hall and saw no sign of Jiang Hao.

Now she said to nurse Xiaoli, 'Where is your doctor Shen, why don't you see him?'

Hearing this, Nurse Xiaoli thought that Lin Yan had come to look for trouble!

Because she had heard that Dr. Shen had treated Lin Yan's sister to vomit blood that day!

So she spoke with fear and trepidation, 'That, wait a moment, I'll go and call for you.'

Lin Yan nodded slightly after hearing this, she had come here today specifically to thank Jiang Hao.

It was because after Lin Bei Bei had taken his medicine, her whole being had become better and better.

Xiao Li saw Lin Yan sitting down with a calm expression and hurriedly poured a cup of tea.

Only then did she hurriedly walk out of the reception room. Then she called Dean Jiao: 'Dean, it's not good! Miss Lin is here!'

When Dean Jiao heard this, his mind couldn't help but recall what Lin Yan had said when she left that day.

So his heart couldn't help but follow the tension: 'Hold on, wait for me to arrange it, how is her face?'

Xiao Li returned with a slight anxiety, 'Her face is very bland, she doesn't feel like she's looking for trouble.'

After hearing this, Dean Jiao relaxed a little, and then hung up the phone.

Then he got up and walked to the medicine room, seeing Jiang Hao actually swallowing clouds with the two old men, Bi.

Looking at the two of them, Dean Jiao couldn't help but get another headache!

'This is in a hospital. Can you guys still have a little professionalism?'

After saying this, Dean Jiao pointed at Old Man Bi: 'Old Man Bi, you are also an old man in the hospital, why don't you take care of him properly?'

Old man Bi and Jiang Hao looked at each other, and then hastily put out their cigarettes.

'Dean, we're just relaxing a little because it's almost the end of the day.'

As he said this, old man Bi hurriedly pulled over a chair, 'Come. You sit down!'

Dean Jiao looked at Old Man Bi's appearance, and then looked at Jiang Hao's seemingly indifferent expression.

The anger in his heart intensified!

'Xiao Shen ah Xiao Shen. I was going to keep you around, but you might not really be able to stay this time!'

Jiang Hao faintly stared at his words and looked at Dean Jiao somewhat strangely.

The thought crossed his mind that he didn't seem to have done anything when he came over here. Why did he suddenly say that to himself.

Dean Jiao looked at his puzzled expression and laughed bitterly twice: 'You ah, you should never have gone to show off your abilities!'

After saying this, he shook his head and continued, 'Now it's good. The other side has come to our door, so what do you think we should do about this?'

Jiang Hao and Old Man Bi looked at each other, both of them a little confused.

'Ahem, Dean, who are you talking about?'

Dean Jiao sneered when he heard this, 'Who do you think I'm talking about? It's not even Miss Lin!'

After saying this he looked at Jiang Hao and said angrily, 'It's okay that you're trying to be a hero, but you're still picking on people to be a hero, and now they're looking for you!'

Jiang Hao was silent at these words, he had already taken care of Lin Beibei's illness.

Even late yesterday. He had even given Lin Yan all the medicine she needed to take afterwards, so how could she possibly come looking for trouble.

Thinking of this Jiang Hao was about to open his mouth to explain. Saying that there might be some misunderstanding here.

But before he could open his mouth, Dr Xu, who had come over at some point, spoke up first.

'Dean. Why are you still nagging with him? Let him take the blame for what he did!'

Said this. Doctor Xu walked in, then looked at Jiang Hao with cold eyes.

'From now on you're not part of our hospital, you're on your own with Miss Lin's side of things, come with us!'

Old man Bi stood by in silence, he was aware that Jiang Hao had no problem with the way he treated people.

But he didn't want to lose his job because of this, so he just let out a long pant and went silent.

Dean Jiao's eyes burned as he looked towards Jiang Hao: 'Let's go Miss Lin is waiting in the parlour, I'll accompany you there.'

Jiang Hao shook his head and smiled, 'Alright, in that case, I'll just accompany you guys on your journey.'

As soon as the words were said, Jiang Hao took the initiative to walk out of the pharmacy.

Dean Jiao looked at Jiang Hao's back and exchanged glances with Dr Xu, they were initially a little worried that Jiang Hao would not go out.

They were initially worried that Jiang Hao would not go out and then give the hospital the blame and cause trouble for himself!

But to their surprise, Jiang Hao walked out with such ease, not even worrying about his future or anything like that.

Dr. Xu laughed coldly at this: 'Dean, look, this is a dead pig not afraid of boiling water!'

Dean Jiao looked at Jiang Hao's back and fell silent, how can he say that this young man was called here by himself.

'We are short of people in the hospital, but what is this guy, you are too gullible to trust others.'

When Dr Xu saw that Dean Jiao was silent and ignoring him, his heart grew even more complacent!

Back when Jiang Hao had first gone against him, he had fantasised about throwing him out every day.

Now finally, everything felt clearer!

After the three of them walked to the reception room, Xiao Li was standing respectfully at the door.

She took one look at Jiang Hao and hurriedly lowered her head again, waiting until the trio had entered before she raised her head to look inside.

The three of them went in and Dean Jiao hadn't said anything yet.

Dr. Xu walked up first, and didn't care about the three of them.

He opened his mouth and said, 'Miss Lin, Shen Yan is no longer a member of our hospital, so whatever he did has nothing to do with our hospital!'

President Jiao looked at Dr. Xu who wanted to say something but thought that the words had already been said, so be it!

Lin Yan faintly froze when she heard this, and then gave Jiang Hao a somewhat puzzled look.

'Is that so? Whatever he sits on has nothing to do with you guys, right?'

Dean Jiao fell silent at these words, only looking at Jiang Hao somewhat helplessly.

Dr Xu, on the other hand, hurriedly nodded and spoke, 'Yes, yes, anything he does has nothing to do with us!'

After saying this, he coughed lightly and continued, 'Miss Lin, if you want to find trouble, you can find him, I'll leave the person to you!'

When Lin Yan heard this, a strange look flashed in her eyes, and then she laughed lightly.

Chapter 612

Lin Yan looked at Jiang Hao and smiled, 'It looks like you're having a hard time.'

Jiang Hao laughed helplessly along with him, 'What can I do, it's not because of you, what are you doing here today?'

President Jiao and Doctor Xu looked at Jiang Hao chatting with Lin Yan like this, and felt like something was wrong!

Didn't this Lin Yan come to look for trouble with Jiang Hao. Why did she seem to be chatting about family matters?

'Right, how is Bei Bei's health, did the medicine work?'

Lin Yan nodded and said, 'Well, I feel good after taking it. Bebe has become much more energetic in the past two days.'

After hearing this, Jiang Hao nodded, 'Take the medicine on time, and have someone check it again when it's finished. You know what.'

Lin Yan looked at Jiang Hao somewhat strangely: 'What, aren't we looking for a follow-up consultation with you then, why do you want me to ask someone to check again?'

Hearing this, Jiang Hao laughed bitterly twice, then shook his head at the dumbfounded Dr Xu and Dean Jiao.

'It's not because you made a scene the other day, I'm not a doctor anymore, but an odd job in the pharmacy.'

Dean Jiao coughed violently at these words, 'Cough cough cough, that, Miss Lin, this is...?'

Doctor Xu also looked at Lin Yan in surprise: 'Wait. Miss Lin, you're not here to cause trouble?'

Lin Yan gave Jiang Hao a playful glance before smiling, 'No, I'm here specifically to thank Dr. Shen, he saved my sister.'

After saying this, Lin Yan took out a banner from the bag she was carrying with her.

'I thought that Shen Yan is a doctor of your hospital after all, so I ordered a banner for your hospital.'

Speaking here, Lin Yan shook her head somewhat helplessly, 'Unfortunately, it's useless now, he no longer has anything to do with you guys.'

When Dean Jiao heard this, his intestines turned blue with regret!

Doctor Xu was also shocked as he looked at Lin Yan. For a moment, his entire brain seemed to shut down.

Jiang Hao stood at the side and looked at Lin Yan helplessly, the culprit for his dismissal was right here!

After glaring viciously at Dr. Xu, Dean Jiao hurriedly looked at Lin Yan and said, 'How can it be okay, he is still working in our hospital!'

After saying this, Dean Jiao hurriedly looked at Jiang Hao, a hint of pleading flashed in his eyes!

You have to know what the Lin family's banner represents, it's the trust the upper class circle has in them!

The hospital in the centre of the city. There really wasn't any family that had ever received a banner from the Lin family!

As long as they kept Jiang Hao in the palm of their hands, then would they still worry about the hospital developing badly in the future?

And since Lin Beibei had been cured. That would prove that Jiang Hao's ability to perform two kinds of stunts wasn't a joke, it was real!

The over-the-hill fire needle technique, which had been lost for two to three hundred years, and the life-renewal needle technique, which had been around for over a hundred years.

The General Hospital side, not to mention having them, had never even heard of such things!

Lin Yan smiled after hearing Dean Jiao's words, 'It's just a waste of talent at your hospital. How about coming to my home?'

'Eight hundred thousand dollars a year, and all you need to do every month is to give my family a medical checkup, treat any illnesses, and tune up if they don't.'

Dean Jiao hurriedly spoke up, 'This, this, this. How can this be, Miss Lin!'

Doctor Xu was even more surprised to hear this and looked at Lin Yan, not expecting the other party to want to poach Jiang Hao straight away!

'Miss Lin, I let Jiang Hao go to the pharmacy because I want him to become more familiar with our hospital's medicinal materials!'

After saying this, Dean Jiao coughed lightly and continued, 'There is absolutely no other reason, I hope you don't misunderstand!'

Lin Yan faintly froze, then looked at Jiang Hao and questioned, 'Is that really the case?'

Jiang Hao forced a smile to look at Dean Jiao and nodded, 'Mm. That's how it is.'

A hint of disappointment flashed unconsciously in Lin Yan's eyes before she sighed and said, 'In that case. Alright then, this banner is still for you.'

Although Lin Yan said it in an ordinary way. But Dean Jiao was trembling to accept that year's banner.

Looking at Dean Jiao's manner, Lin Yan couldn't help but smile: 'Dean Jiao. I'll have to come back for a follow-up consultation some time later, so I hope Dr. Shen can take a look at my sister then, how about that?'

Dean Jiao hurriedly nodded: 'That's for sure, if you're not sure, I'll let him continue to return to the second department in charge when I go out later!'

Jiang Hao shook his head somewhat helplessly, then coughed lightly and said, 'It's almost time, I still have some things to do and I have to go back to the pharmacy first.'

Lin Yan nodded after hearing this, 'I'll come with you, there's just something I want to talk to you about.'

Jiang Hao nodded and said, 'I'd be honoured.'

The two of them then left the reception room, leaving behind an excited Dean Jiao and a dumbfounded Dr Xu.

Only when the excitement had faded a little did Dean Jiao glance at Dr Xu.

‘I know you two have some grudges against each other, but I don’t want you to touch him again in the future, do you understand what I’m saying?’

Dr. Xu gave a bitter smile upon hearing this and nodded his head.

He knew that from today onwards, he might never have the chance to target Jiang Hao again.

After a deep sigh, Dean Jiao put away the banner, then hummed a little tune and returned to his office.

On the other side, Jiang Hao looked at Lin Yan with a cigarette in his mouth somewhat helplessly, ‘Why are you suddenly here.’

Lin Yan smiled a little embarrassed after hearing this, ‘It’s not because I know I did something wrong, so I came over to make up for it.’

Hearing this reply, he looked at the slightest hint of red on Lin Yan’s face if any.

Jiang Hao didn’t know what flashed through his heart, and then shook his head with a bitter smile.

‘Actually, Dean Jiao is quite nice, and Dr Xu is also alright, it’s just that human nature is like that.’

Lin Yan stood in the corridor and smiled when she heard Jiang Hao’s words, ‘Is it true that no matter how people treat you, you won’t get angry?’

Jiang Hao snorted, ‘Then I’m not human, hahaha.’

Just after those words, Jiang Hao teased, ‘But I have to admit, just now in there, it was that much of a relief.’

Lin Yan laughed lightly twice, a hint of sadness flashing between her brows.

‘You know, although I was born in the Lin family in the Northern Province, my father passed away unexpectedly, and I have always been dependent on my sister and me.’

Lin Yan’s eyes burned as she looked at Jiang Hao: ‘That’s why her attitude towards you that day was a bit over the top, she’s really important to me.’

Jiang Hao lowered his head and let out a soft ‘hm’ before speaking, ‘So who is in charge of your family now?’

Hearing these words, a trace of gloom flashed across Lin Yan’s eyes.

Amongst the several families in the Northern Province, who didn’t have some nasty things going on in their family.

Lin Yan smiled as she thought about her own family's affairs, 'Let's not talk about that, would you like to join us for dinner tonight?'

Jiang Hao looked at Lin Yan's smiling face and agreed with a slight nod.

Chapter 613

When Jiang Hao returned to the hospital after sending Lin Yan away, he was surprised to find him still in the hospital!

Dean Jiao looked at Jiang Hao's return and nodded with a smile, 'Hmm. Not bad, not bad.'

Jiang Hao smiled: 'Dean what is this eek messing with, by the way, where is Dr Xu?'

Dean Jiao smiled at these words and shook his head, 'He still has some business. He's already gone back first.'

After saying this, Dean Jiao slightly pondered for a long time: 'Ahem. There's another thing I want to talk to you about.'

Jiang Hao nodded slightly, then lit himself a cigarette and said lightly, 'Go ahead.'

'Doctor Xu is actually not a very bad person by nature, if possible, I don't want to see you take revenge on him.'

Jiang Hao nodded and took a deep breath and said, 'Don't worry, he hasn't been on the same page as me from the start, there's no need.'

Hearing these words, Dean Jiao was really speechless for a moment.

It felt like Jiang Hao had never put Dr. Xu in his eyes from the very beginning, and even thought that the other party was not in the same world as himself at all.

Thinking of this, Dean Jiao shook his head helplessly: 'Alright. In that case I have nothing else to say.'

Jiang Hao was about to get up after nodding, when he suddenly hesitated for a moment.

Because of Old Bi's identity, he still had some curiosity on his mind!

To be able to stay here for such a long time, but yet remain silent.

Jiang Hao didn't believe that this Old Bi was really a lousy old man who didn't know anything!

Thinking of this, he turned his head to look at Dean Jiao and asked, 'There's something I want to ask, what kind of person is Old Man Bi?'

Dean Jiao looked at the banner in his hand and his hand that was playing with it trembled slightly.

'What's wrong with you asking him all of a sudden, did he say something to you?'

Jiang Hao frowned at Dean Jiao's abnormal performance: 'No, it's nothing. It's just simple curiosity about my roommate.'

After hearing this Dean Jiao let out a long breath before looking at Jiang Hao and saying, 'It's none of your business, try to stay out of it.'

Jiang Hao bet that Dean Jiao knew why this Bi Lao had remained obscure!

After walking out of the office. Jiang Hao lowered his head and couldn't help but think of the times he had done things with Bi Lao.

Not only the dean and the others, but even some of the people below had acted as if they hadn't seen him and Bi Lao.

Thinking of this, Jiang Hao shook his head with a bitter smile.

In his heart, he secretly pondered, 'It looks like the water in this hospital is still too deep, he hasn't stepped on the bottom yet.'

Just as he thought of this, suddenly a man walked out in front of him and blocked Jiang Hao's way!

'Doctor Shen. How are you?'

Jiang Hao looked up at the person who came, but it was Dr Xu who had already gone back first!

'I was just asking the dean about you. He said you had to go back first, but I didn't expect you to be waiting for me.'

Dr. Xu laughed bitterly twice after hearing this, 'Do you know why I waited for you? Do you know?'

With these words, Dr Xu took two steps towards Jiang Hao.

Only then did Jiang Hao smell the strong smell of alcohol on him, while his originally somewhat handsome face.

At this moment, it was twisted and said, 'Why did you come here. Why did you push me down!'

Jiang Hao looked at the maniacal Dr Xu and shook his head, 'You're not fit to talk to me now, get out of the way.'

After saying this, Jiang Hao walked past Dr. Xu, not even wanting to pay him a single word!

But it was this attitude that angered Dr. Xu!

He jumped on him. Then he tried to bite Jiang Hao on the shoulder!

Instead, he was thrown to the ground by Jiang Hao with a beautiful over-the-shoulder slam.

'I know you're upset inside, believe me, I'm a bit upset now too, so please get lost!'

He was really fed up of playing with people like this, with little ability yet big hearts.

The slightest setback and it seemed like the sky was falling and the world was ending.

After finishing off Dr Xu, Jiang Hao walked straight ahead.

When he got back to the dormitory. Old man Bi was eating a mouthful of peanut rice in a little wine on the ground floor.

When he saw that Jiang Hao had returned, he only faintly stared. Then there was silence.

Only after a long time did he suddenly say, 'When do you plan to leave?'

Jiang Hao smiled and said back, 'Why should I leave.'

Hearing this, Old Man Bi gave Jiang Hao a somewhat strange look.

'Didn't someone Miss Lin come up here to look for trouble with you?'

Jiang Hao laughed twice. Then he sat up and picked up the peanut rice and nibbled on it twice.

'What do you think I was doing out with the medicine yesterday, little master I'm now officially rehabilitated!'

Old man Bi sniffed in surprise and looked at Jiang Hao: 'You're kidding me. Can Kid Xu let you continue to go back to Section 2?'

Jiang Hao shrugged his shoulders: 'You say that, this hospital still belongs to him alone?'

After saying this Jiang Hao laughed grimly twice: 'I'm going back tomorrow, come on, flatter me a bit and I'll take you out with me!'

Old man Bi laughed and cursed, then shook his head and lamented, 'You're really kind of exciting, one bit a day.'

Jiang Hao nodded his head and agreed, the first day he was the head of the second section, the next day he became a handyman.

The first day he was in charge of the second section, the next day he was a maid. Well, now he was back in the second section when Miss Lin gave the word.

Not to mention what he himself would think, the people watching below would inevitably have some thoughts in their minds as well.

Pondering this, Jiang Hao sighed somewhat helplessly, 'Hearing you say that, I don't even want to go back.'

Old man Bi heard this and hurriedly said, 'No, you'd better go do what you need to do!'

After saying this, he took out a small wine cup and then filled it up for Jiang Hao.

‘Although I like the look of you, this is not a place for young people to stay.’

Speaking of this, Old Man Bi lifted his glass and took a sip.

He smashed his mouth and said, ‘Back in the day, I was the one who said no to everything in this hospital!’

Jiang Hao laughed at that, ‘Now you’re old, so your temper is slowly coming back?’

Old man Bi looked at Jiang Hao and shook his head, ‘More or less, you’re actually the same as me when I was young, too arrogant!’

Speaking here, Old Man Bi paused.

Slightly with drunken eyes he looked at Jiang Hao: ‘I’m not talking about too arrogant in the sense of bullying, but arrogant in the sense of being born with it.’

Jiang Hao smiled: ‘Isn’t that good, everyone should have their own proud side.’

Old man Bi hemmed and hawed: ‘True, but you still need to polish it first, your pride is too prickly.’

Jiang Hao had never thought about this point, but in fact, when he thought about it, it did seem to be true.

He was a proud man, so proud that sometimes he didn’t even bother to care about some people.

Just like Dr Xu, some people would see him as a rival.

Jiang Hao, on the other hand, didn’t even look at him squarely!

It was no wonder that Dr Xu was so devastated later on, the man he treated as an opponent had never even looked at him directly.

Even when Jiang Hao was down and out, for Dr Xu, he had never taken it to heart!
