

Chapter 611

"Oh, it turns out that Yan Ke is going to get married. Why don't you tell me?"

Xu Ting suddenly appeared in front of them, still with that kind of innocent eyes, looking like a pathetic look, as if the courage is very small, may be bullied at any time.

If it's the first time to see her, especially a man, then they will be confused by her appearance. However, no matter Zhao Tongxin or Xu Yanke, they have been dealing with Xu Ting for so many years, so they can't be more clear about her temperament. This woman looks petite and amiable, but she is extremely insidious and vicious from the bottom of her heart, and she is very scheming Deep, especially hostile to both of them.

So she appears here at this time, not to share their joy, probably to pour cold water, or even secretly hit Xu Yanke.

As the core of the team, Zhao Tongxin naturally has a leading position, so she first said: "Xu Ting, if you don't host your gambling party well, what are you doing here? We don't seem to welcome you very much."

Xu Ting weak looked at her, innocent eyes but flashed a trace of extremely venomous light, she sat opposite Zhao Tong Xin, soft said: "Tong Xin, we are relatives, we don't need to make the relationship so rigid, Yan Ke and I know for a long time, know that she is going to get married, care about her is not a very normal thing?"

Zhao Tong heart light smile for a while: "Xu Ting, put away your false appearance, there is no outsider here, we all know what kind of goods you are, so there is no need to disguise."

Xu Ting's face a cold, she never showed such a cold expression, so we are not used to her change.

"Zhao Tongxin, since the words have been said, then there is nothing to hide. I just don't like you. How about that?"

Before Xu Ting's voice falls, Xu Yanke, Shaoyuan and Rong Qi all stand up and stand beside Zhao Tongxin. They all know that Xu Ting's skill is good. They are afraid that she will suddenly attack Zhao Tongxin, so they protect Zhao Tongxin in advance.

Xu Ting disdained a smile: "Zhao Tong heart, do you only have this ability, no matter what you do, you have to need the protection of others, don't you think, if it's not because you married Zhengting, you are nothing rubbish?"

Zhao Tong Xin's face unchanged, she looked at Xu Ting calmly: "maybe what you said is not wrong, if there is no court, I am really useless, but I am very sorry, we have been together, and are legal husband and wife, so if your those do not exist, I know you always want to get the court, so will everywhere for me, no I've told you that a hypocritical and insidious woman like you, Zhengting can't like you. "

This is the first time that Zhao Tongxin and Xu Ting speak in such a strong tone. In the past, even if they met, they would inevitably lead to conflicts, which were carried out in secret. But today, Zhao Tongxin is somewhat abnormal, because she doesn't want anyone to think about Jin Zhengting. She is Jin Zhengting's wife, so she will do everything to protect her love.

Xu Ting's face changed greatly. She didn't expect that Zhao Tongxin, who had always been gentle, was so straightforward, and every sentence poked her pain. The reason why she hated Zhao Tongxin and Xu Yanke was that they both robbed Jin Zhengting from her in a certain period of time. Although Jin Zhengting had never been attracted to her, she always took it for granted that if she was not happy with her, she would be happy with her. Without these two women, Jin Zhengting's final choice will be her.

So when Zhao Tongxin said that she couldn't be with Jin Zhengting, the deepest nerve in her heart was deeply stimulated. She even could not help but almost immediately teach Zhao Tongxin a lesson.

But she didn't do it in the end, because when she just had the idea of hand and clenched her hands into fists, Shaoyuan and Rongqi had flashed to block Zhao Tongxin behind her, and Xu Yanke stood by Zhao Tongxin's side, facing the three experts, Xu Tingzhi knew that she would not have any chance of winning.

She has been rectified by Zhao Tongxin one after another, so Xu Ting has fully accepted the lesson that when Zhao Tongxin is protected, she should try her best to avoid direct conflict with her, otherwise the person who suffers from the loss will be herself. After all, the person Jin Zhengting cares about most is Zhao Tongxin, and he assigns the most elite part of his staff to Zhao Tongxin.

Zhao Tongxin's treatment also deeply stimulates Xu Ting. Once upon a time, she longed for Jin Zhengting to be as good to herself as Zhao Tongxin, but it often backfired. What she saw was that Jin Zhengting and Zhao Tongxin were more and more in love and inseparable with each other, which was the most frustrating place for her.

I don't know whether Zhao Tongxin's luck is too good, or my own luck is too bad, so that every time I want to deal with Zhao Tongxin, the final winner will always be her, but Jin Zhengting is more and more indifferent to himself, and even has shown a very disgusting appearance, which is absolutely unacceptable to Xu Ting.

She attributed all this to Zhao Tongxin. If she didn't show her discord with Jin Zhengting, how could Jin Zhengting hate her?

But now the situation is that she can't move her hand to Zhao Tong, and she can only bite her teeth helplessly. She said coldly, "the one who laughs last will smile the most beautiful and sweet. I don't mind making you proud for a while. One day, I will let you see what you don't want to see happen." Naturally, she means to be with Jin Zhengting. Now, taking Jin Zhengting away from Zhao Tongxin will be the most successful thing in her life.

"I'll give it back to you intact. Don't think you can be arrogant after being Huo Tingchen's dog. I can tell

you that this kind of life won't last long. Let's wait and see."

Zhao Tongxin has never been so ruthless when she talks, but she seems to have no patience in the face of Xu Ting, who is against her all the time. Although she is related to her family, she has no emotion except blood relationship, and both sides have an identity, that is, rival in love. For women, it is a kind of love. Everything can be forgiven, but the only one who can't be forgiven is his rival, which is why Zhao Tongxin treats Xu Ting in an abnormal way.

Xu Ting's face turned pale with anger. She pointed to Zhao Tongxin and said, "I don't know what kind of method you used to confuse Zhengting and make him be loyal to you, but I can tell you that Zhengting is always mine. Sooner or later, I will break you up and throw you out to feed the dog."

Zhao Tongxin sent out a very disdainful hum from Qiong's nose: "you can only use your mouth. You can talk to anyone. If you say it, you have no ability to do it, it will become a complete joke. Xu Ting, you've got a lot of jokes, and you won't mind one more, right?"

"You

Xu Ting's patience is almost to the limit, but in the face of Zhao Tong's strict protection, she really feels helpless. Although this is her jewelry company, the company is full of Huo Tingchen's people. She, the nominal president, has no right to mobilize them. What's more, these people's skills are not very good. If they make trouble, they may even have eyes. The first three beauties are not sure, not to mention the bodyguards who patrol around not far away.

If she conflicts with Zhao Tongxin without authorization, Huo Tingchen may be very unhappy. Now she just hugs Huo Tingchen's thigh. Huo Tingchen also thinks that the only value she can make use of is her close relationship with Xu Zheng. She is used to monitor Xu Zheng. Other things really don't pay attention to her, and she is not trusted, But know the contradiction between her and Zhao Tong heart irreconcilable.

Xu Ting suddenly feels that she is in a sad position. She doesn't agree with Xu Zheng and Zhao Tong. Huo Tingchen doesn't care about her at all. This makes her feel besieged.

"Zhao Tongxin, you wait, I won't let you have a good time, and you, Xu Yanke, don't think that if you want to get married, someone will marry you, think about your past, if the person who married you knows, see if he will dislike you!"

Impatient Xu Ting, not only to Zhao Tongxin, but also scolded Xu Yanke.

Xu Yanke's face is cold. Her past under Huo Tingchen is really disgraceful, so it's taboo for someone to mention it. But Xu Ting's voice in such a public place attracts the sidelights of some good people, which makes Xu Yanke a little unacceptable.

Just as she wanted to teach Xu Ting a lesson, she was held by Zhao Tongxin: "Yan Ke, it's not convenient

to have a conflict with her here, but you don't care. For such a poor person as her, let her call for a while. It's charity for us."

Xu Yanke looked at Zhao Tongxin: "Hey, I just found out today, in fact, your mouth is quite poisonous."

"It depends on who I'm with. I've never been polite to those who are evil hearted."

Zhao Tong heart white one eye gas of some shiver of Xu Ting, smile to say.

"Zhao Tong Xin, don't you think that if someone protects you, you will be so arrogant? If you have the ability, don't let people protect you."

Xu Ting is really a little angry now, so no matter what.

Zhao Tong Xin did not speak, his face showed a quiet expression, and a pair of beautiful eyes also become gentle.

Xu Ting see her no reaction, think she is afraid of himself, some proud just want to speak, suddenly behind a voice.

"She has this ability, if you dare to move a hair, I will let your whole Xu family disappear from the riverside."

The voice is magnetic and familiar. Xu Ting suddenly looks back and sees Jin Zhengting's handsome and chilly face.

Chapter 612

Xu Ting's face immediately turned pale color, she glared at Zhao Tong Xin: "the court has long been here, you are deliberately lead me to say those words."

Zhao Tong heart faint smile: "you just said those are not your heart? Are you still afraid that the court will hear? "

Xu Ting's heart sinks down. She has always been very conceited about her scheming. She thinks it's more than enough to deal with such a simple person as Zhao Tongxin. Unexpectedly, Zhao Tongxin, who she always despises at such a critical moment, is overcast.

"Zhengting, it's not what you think. Will you listen to me?"

Xu Ting knows that her only poor image in Jin Zhengting has been destroyed, but she is still unwilling to give up. In fact, from another perspective, she is sincere to Jin Zhengting, but this kind of sincerity is too disgusting.

There was no other expression on Jin Zhengting's face, but it could be seen from his cold eyes that he was very angry now.

Jin Zhengting doesn't know what Xu Ting has done. Although she has been against Zhao Tongxin, she hasn't done anything out of line. After all, Jin's family and Xu's family are family friends, so he doesn't plan to care about these things with Xu Ting, or Xu Ting's actions haven't reached the level of being shameful.

However, today Xu Ting is also very unlucky. What she said just now because of her anger just touched Jin Zhengting's bottom line. He will never allow anyone to do anything to hurt Zhao Tongxin, even if she just has this idea. Jin Zhengting's hegemony is obvious at this moment.

Xu Ting's threat to Zhao Tongxin has undoubtedly made Jin Zhengting angry. In fact, Zhao Tongxin has already seen Jin Zhengting come over, but she deliberately angered Xu Ting and let her say these words in front of Jin Zhengting, which means that Xu Ting has completely lost the qualification to compete with her from now on.

Jin Zhengting ignored Xu Ting for the time being and walked straight past her. At the moment when they passed each other, Xu Ting felt inexplicable pain in her heart. She also had a premonition that the distance between her and Jin Zhengting was getting farther and farther away, so far away that she would never have the chance to brush her shoulder with him again.

"Zhengting, don't be angry. Although Xu Ting always has this idea, it's also out of her love for you, so I'll forgive her. It's just because of the existence of people like her that you can prove how excellent a man you are."

Zhao Tong heart faint smile, to Jin Zhengting gently said, intentionally or unintentionally with bright eyes Piao a look complex Xu Ting, in Xu Ting's eyes, Zhao Tong heart this look is clearly the winner in a loser's provocation.

Jin Zhengting once took over Zhao Tongxin. He didn't care what intimate moves he made with her in public, because he always went his own way. Of course, only he had the capital to show his love in Jiangbin city.

"Don't worry, you won't have any enemies. If someone hurts you, even if it's just an idea, an idea, I will make him pay a heavy price."

His voice is very cold, this sentence is not only to Xu Ting, but also to the people around. He believes that Huo Tingchen will soon know this sentence. He wants to show his attitude in public, that is, no matter who it is, Zhao Tongxin is untouchable.

"Hey, see how good my brother is to Zhao Tongxin? Just now Xu Ting also said I'm good, but you didn't say anything."

Xu Yanke, who has nestled up to Rong Lei, looks at Zhao Tongxin enviously in his eyes and says to him.

Rong Lei hesitates a little and looks at Jin Zhengting with inquiring eyes. Jin Zhengting's eyes are a little more relaxed and no longer seem so cold. Maybe it's because he holds Zhao Tong's heart in his arms that his coldness is gradually melting. Seeing Rong Lei looking at him, he immediately understands his meaning. He just nods his head gently instead of speaking 。

Rong Lei has been following Jin Zhengting for many years. He has a clear understanding of the meaning of any of his actions. Jin Zhengting's meaning is very obvious, that is, to allow Rong Lei to do anything.

Rong Lei also slightly nodded his head and said to Xu Yanke, "Yanke, I'm going to avenge you now."

Then he came to Xu Ting and looked at her like electricity: "Miss Xu, although I'm not in a high position, I have my own principle, that is never to beat a woman, but I've heard what you just said. I've not only touched the bottom line of boss, but also touched my bottom line."

Xu Ting is still immersed in the pain of losing Jin Zhengting. As for what Rong Lei said to her, she didn't hear at all. She just watched Jin Zhengting and Zhao Tongxin embrace each other, but her brain was blank.

Rong Lei sees that she has no response and no longer talks nonsense. A direct wave is a slap in the face. At ordinary times, with Xu Ting's skill, she can at least resist, but now she is in a state of being out of her wits, so she has no response at all.

With a crisp sound, Rong Lei slaps Xu Ting firmly in the face. Xu Ting suddenly feels dark in front of her eyes and nearly faints. It can be seen how strong Rong Lei is to hit her. At this time, Xu Ting also reflected that she covered the beaten face with her hand, showing a very ferocious expression. Today, it can be said that she lost the most miserable time in her life.

She glared at Rong Lei, biting her teeth and said, "what are you? You dare to beat me. Anyway, I'm also a miss of the Xu family, and you're just a little assistant of the court. You're a criminal. Do you really think our Xu family is a bully?"

If the slap is from Jin Zhengting or Zhao Tongxin, she can barely accept it. If Jin Zhengting does it to her, maybe she will enjoy that she finally has a chance to have a close skin contact with Jin Zhengting. If Zhao Tongxin beats her, she will be very angry, but Zhao Tongxin's identity is there, Jin Zhengting's wife This title, in the upper class of Jiangbin, can be said to be able to walk horizontally, and she can only swallow it.

But when Rong Lei beats her, Xu Ting is really not calm. Although Rong Lei is Jin Zhengting's confidant, she is not a member of the upper class after all. The difference in identity makes her feel superior. However, Rong Lei gives her a loud slap in the face in public, which definitely makes her unable to get off the stage. Moreover, there is already a group of anger in her stomach, so she has to face it Find someone who is easier to deal with and let it out.

Normally speaking, as a rich lady, it's no problem for her to reprimand Rong Lei, but Xu Yanke will never allow women other than herself to speak to Rong Lei in this tone.

Just when Xu Ting's whole attention is focused on Rong Lei, Xu Yanke has already gone around her side. Raising her hand is another slap on her face. When Rong Lei hits Xu Ting, he still has some strength. After all, he is a man. Although Xu Ting turns over Xu Yanke's past, which makes him feel very uncomfortable, he doesn't show any special brilliance to women. So that slap only took 30% of the force.

Xu Yanke is different. She has been angry by Xu Ting. In addition, she talks to Rong Lei so aggressively, and they don't like each other, so Xu Yanke slaps her with all her strength.

Xu Ting is staring at Rong Lei. Suddenly she feels a figure on the other side of her face flash in front of her. Before she can react, there is a sharp pain on the other side's relatively intact cheek. Then the whole person is covered in an instant. She staggers back for several steps and finally falls to the ground.

In Xu Yanke's eyes, there is a sharpness that has never been seen before: "Xu Ting, who allows you to talk with Rong Lei like this, don't you know that he is my man?"

The onlookers, when they see Rong Lei beating Xu Ting, already feel very strange. However, they also know that Jin Zhengting inspired them, so naturally they don't think there's anything wrong with it. But after Xu Yanke's attack, it's different, especially that Rong Lei is her man, which is enough to arouse everyone's gossip fire.

"Xu Yanke, you!"

Xu Ting can say that she has never suffered such a big loss, but today she is really disgraced in public. However, Jin Zhengting is present, and so many bodyguards are also present. She knows that even if she gets angry, she can't lift any storm, so she has to stare.

"Ladies and gentlemen, while everyone is here, I'd like to make it clear to you that Xu Yan is my sister. She's from the Jin family. She's just separated because of some changes. Now she's home."

Zhao Tongxin saw many people whispering, timely released Xu Yanke's identity.

When people listen to Zhao Tongxin's words, they immediately become awed when they look at Xu Yanke. Everyone knows that Xu Yanke used to be Huo Tingchen's subordinate. Unexpectedly, his real identity turns out to be Jin Zhengting's younger sister. Although this reversal is a bit big, the Jin family's status is aloof in Jiangbin, so everyone immediately feels that Xu Yanke's image is tall.

Xu Yanke looks at Zhao Tongxin gratefully. Although she has returned to Jin's home, only a few people know about it. Zhao Tongxin says it in public, that is to say, her life experience is publicly known, so that her status is more consolidated.

"Tong Xin said a little less, that is, Rong Lei is not only my assistant, but also my sister's lover. They are going to get married soon, so Xu Ting, do you think the Jin family is so easy to bully?"

Jin Zhengting and Zhao Tongxin stand side by side, his deep eyes with inviolable dignity, looking at Xu Ting coldly said.

Now those people who watch the crowd look at Rong Lei in awe. Although Rong Lei has a special identity and is Jin Zhengting's confidant, after all, he has no background. People here treat him with superficial respect. But if he becomes Jin Zhengting's brother-in-law, it will really be a carp leaping over the dragon's gate.

Suddenly several turns, let everyone almost forget to choose the gambling stone thing, in twos and threes began to talk about Rong Lei and Xu Yanke.

Chapter 613

"Boss, did I go too far?"

Looking at those people whispering and asking Jin Zhengting and Zhao Tongxin to come out to help him out, Rong Lei feels that he was too aggressive just now. After all, only when there is no way out can conflicts break out in public.

Jin Zhengting has just told you that Rong Lei is the Jin family's son-in-law, which is equivalent to a direct conflict between the Jin family and the Xu family. Rong Lei knows that Jin Zhengting is doing this to protect himself, so he is very grateful to him. However, considering the current situation, it is not appropriate to make too many enemies. Rong Lei also feels that he has gone too far.

Jin Zhengting light smile: "do you love Yan Ke?"

Rong Lei did not expect that Jin Zhengting would suddenly ask this, but subconsciously blurted out: "boss, I love Yan Ke."

But all of a sudden, he felt that it was not very good for him to answer directly, so he seemed to be pinching.

On one side, Xu Yanke looks at his embarrassment and can't help but smile. She is also a beautiful woman who is nine points similar to Zhao Tongxin. Of course, this charming look is also charming.

Rong Lei can't help but be stunned. He has to admit that at the beginning, what attracted Xu Yanke most was her very similar appearance to Zhao Tongxin. But with the two people getting along, he found that Xu Yanke also had many advantages, which other girls didn't have, such as her innocence, her arrogance, and her almost bullying to him The thoughtfulness of Tao.

His reaction was in the eyes of Jin Zhengting, and he gave a faint smile: "since you like it, you should

grasp it well. Our Jin family is not a dream family. As long as you are sincere and have a tacit understanding, and feel that you can join hands all your life, then I will not oppose it."

"Boss, I'm afraid I don't deserve Miss Yanke."

Rong Lei says in a low voice that he really has some weakness. He always thinks that a beauty like Xu Yanke should not commit herself to his side. In fact, it's still because of Xu Yanke's current status that he can't let go.

"Yan Ke, do you hear that? It seems that Rong Lei doesn't want to marry you. He has a lot of worries. Don't you plan to do his ideological work?"

Zhao Tong heart pulled the corner of Xu Yan Ke's clothes, looking at a face of cramped Rong Lei, said with a smile.

Xu Yanke hands akimbo, showing a severe expression: "Rong Lei, what do you say, don't you want to marry me so much? Since Tong Xin asked me to talk with you, let's find a place where there is no one to have a good talk."

She said, can't help but pull Rong Lei away, Rong Lei like a good baby, let Xu Yan can pull his ear away.

"Zhengting, I think Yan Ke and Rong Lei should be very happy together. What do you think?"

Zhao Tong Xin's face showed a happy smile, she really hope that everyone around her can be so happy.

Jin Zhengting's face also showed a gentle look: "I know Rong Lei very well. He's very steady, and he's also a dedicated man emotionally. It's also a good choice for Yan Ke to be with him. She has suffered a lot in her heart before. Only a gentle man like Rong Lei can comfort her. You can see how they look together, though Yan Ke's heart is not good But I believe Rong Lei can tolerate her. "

"If we have time, we should ask them when to get married. Even if we don't get married for the time being, we can fix the wedding date first."

Zhao Tong says thoughtfully that she is only worried about Xu Yanke's personal problems now. She knows that Xu Yanke had a painful past before. She hopes that her marriage with Rong Lei can help her out of the haze.

"After the gambling stone meeting, I'll talk to Rong Lei. Yan Ke will give it to you."

Jin Zhengting is also a decisive person. When he sees that two people are together, he can conclude that they can get together and will be happy.

They talk about Rong Lei and Xu Yanke, and their faces are filled with a touch of happiness, which is contagious.

Xu Ting, who is ignored by people, stands in the distance and looks at the two people who love each other. Her eyes become extremely vicious. Jin Zhengting's attitude completely smashes her fantasy, just like a colorful soap bubble. Moreover, after this incident, her face is lost, and she even forms a grudge with the Jin family in public. If this incident is publicized, Almost everyone around her would keep away from her.

At the moment, she has only one idea in her heart, which is crazy revenge, but her power is limited after all. The first person in her mind is Huo Tingchen. Only by relying on him can she launch her own revenge against Jin Zhengting and Zhao Tongxin.

"Xu Ting, do you still think Jin Zhengting will change his mind and be with you one day?"

Just when Xu Ting was thinking about how to use Huo Tingchen, he had already stood beside her, still with that kind of gentlemanly smile on her face, and a faint smile in her eyes. He saw the scene of the conflict just now. To be honest, he is in a good mood now, because he knows that from that moment on, Xu Ting will become his most loyal dog, as long as he can help her clean up the humiliation she suffered today.

"Mr. Huo, I was wrong before. I shouldn't have fantasized about Jin Zhengting, but today he and Zhao Tongxin make me look disgraced. I will never give up!"

Xu Ting clenches her teeth and looks fiercely. Huo Tingchen appreciates her eyes very much, which proves that her heart has been completely engulfed by hatred, which is more conducive to her control.

"Come to my office tomorrow and I'll tell you what to do. Of course, I'll help you with Jin Zhengting and Zhao Tongxin."

Huo Tingchen said with a smile, but also very considerate took a tissue and put it in Xu Ting's hand: "girls should pay attention to the appearance, you see your makeup is spent, go to the bathroom to clean up."

"Thank you, Mr. Huo. I won't stay here today. I'll be in your office on time tomorrow morning."

Xu Ting grateful thanks later turned to leave.

"Brother, I can't see you are so gentle to girls."

Dragon nine from Huo Tingchen's side turned out, sour said, she saw Huo Tingchen good to other women, heart is full of jealousy, want to kill Xu Ting immediately.

Huo Tingchen's mouth touched, and said with a smile: "it's just for fun. Don't you think Xu Ting has been completely controlled by me now?"

"Brother, I don't understand why you want to woo Xu Ting. She does have some Kung Fu, and she's

quite resourceful, but she lacks the ability to do great things. I don't think it's very meaningful to woo her."

Long Jiu's eyes flickered, and then added: "I'm not hostile to her because you care about her. In fact, she really can't help with the group."

Huo Tingchen said with a smile: "I know you are not a avenger. I have come up with a plan. I need Xu Ting, who hates Jin family to the bone. That's why I want to control her and let her work for us, because it's a very dangerous thing for us to complete this plan by ourselves."

Long Jiu's eyes brightened: "brother, what's the plan, is it related to the treasure?"

Huo Tingchen nodded with a smile: "you have made a lot of progress. Yes, I just want Xu Ting to help us open the treasure. If it is successful, she will be more loyal to me, because she is a smart woman. She knows that my strength will increase greatly after I get the treasure, so she will be more confident in dealing with Jin Zhengting. If she fails, she won't have to come back And Jin Zhengting didn't want to get the treasure. "

Dragon nine charming smile: "this plan is really good."

But her face immediately became dignified again: "but we don't know the password to open the treasure, and the Jin family's guard is so tight, it's not easy to get the password."

Huo Tingchen's face showed a confident smile: "do you forget that we still have an undercover agent beside Jin Zhengting? I have just told Jin Ying to do it. I believe she will be able to do it soon."

"Yes, I almost forgot her, but if I put her back like this, would Jin Zhengting doubt her?"

Long Jiu is also a smart person, so it's very comprehensive to look at the problem. She doesn't believe that if Jin Ying is sent back to Jin's family in this way, Jin Zhengting won't have any doubt about her. If Jin Zhengting doesn't even have this idea, he would have been defeated by Huo Tingchen.

Huo Tingchen's eyes showed a smile: "he will believe it, because I used a bitter trick. Now Jin Ying is black and blue. I think Jin Zhengting will immediately think that I beat her like that because of my hatred for the Jin family, so he will not doubt her."

"It's a good way. If I were Jin Zhengting, I would be very angry. I have no time to think about why we let Jin Ying go back. But I'm still a little worried. After all, Jin Ying is a member of the Jin family. Why does she want to help us deal with her family?"

This is a problem long Jiu has been pondering for a long time. She really can't figure out why Jin Ying should help them deal with her family.

Huo Tingchen shrugged: "others may not know, but I know her feelings very well. When a person is

seriously hurt and frustrated, her psychology will be distorted. Now Jin Ying is not a normal person. She just needs to vent. As for which way to vent, it will become quite casual. As long as she feels happy, so it's OK. It's normal for Jin Ying to do anything that is difficult to understand now, because she can't speculate with common sense at all. Fortunately, it only affects her psychology and doesn't damage her intelligence. Otherwise, this heaven-given opportunity will be wasted. "

"How do you know so well, brother?"

Long Jiu blinked and asked, wondering why Huo Tingchen understood Jin Ying so well.

Huo Tingchen's eyes became deep: "because in the years of confrontation with Jin Zhengting, I always feel Jin Ying's pain, but I can't vent like her.

Chapter 614

"Brother, Jin Zhengting, they still don't want to make a move. Do they want Lu Moyan to finish the gamble

Looking at the way Jin Zhengting and his party sat on Diaoyutai, long Jiu felt that they were doing this for some purpose.

So by virtue of women's natural intuition, they think that gambling Stone Club has brought a lot of benefits now, and now it can be over. Lu Moyan clearly knows the characteristics of the rare stone. As long as he goes in and takes out the stone at this time, those rich people will no longer invest in it.

Huo Tingchen frowned and thought for a while, but shook his head and denied long Jiu's suggestion: "no, we still follow the original plan. These rich people are not only the hidden danger of Jin Zhengting, but also our biggest opponent at present. With Jin Zhengting alone, it is impossible to block us for such a long time.

The reason why our capital can't be smoothly injected into the Jiangbin market is that these rich people are still working for Jin Zhengting. They have also made a lot of efforts to block us. So I have to make them pay the price and let people see the end of those who choose to fight against me. "

"But I always feel that keeping them is a greater threat to Jin Zhengting."

Long Jiu is still sticking to her own opinion. Huo Tingchen knows that she will not have other selfishness. This woman is really determined to herself, so she is not angry.

Just a little serious, he said: "remember, Jin Zhengting blocked our capital because he was afraid of our huge capital. This is not what he can resist. As long as we clean up all these rich people here, Jin Zhengting's current strength will not be able to stop us. At that time, we don't need any help at all. We can restrain him and defeat him only by our own strength. "

"Well, I see, but all the proceeds of the gambling club will be handed over to Xu Zheng. Brother, do you really believe him?"

Long Jiu looks at Xu Zheng, who is sitting in the host position, and frowns. From the beginning, she doesn't believe Xu Zheng, because she and Huo Tingchen are the same kind of people. She never believes anyone except herself. Of course, now she just believes Huo Tingchen unconditionally.

Huo Tingchen's mouth showed a sinister smile: "believe him? I don't think I've got enough money in my head. He's a man I don't believe. So before I fight Jin Zhengting, I'll clean up him and Cheng mobing first. The reason why I give him the profits of this gambler's meeting is to increase the strength of his company and threaten Zhao Tongxin's company. In terms of Jin Zhengting's dotting on Zhao Tongxin, I think he's a good one Will concentrate on helping Zhao Tong heart.

At this time, we can also work quietly behind his back. What storm can Xu Zheng bring about? Only he is obediently swallowed by us. So now it seems that he will take the most advantage of the gambling stones. In fact, he is just keeping them for us for a while. If you want to take them, you should give them in advance. "

Long Jiu's face showed an expression of admiration: "brother, you're really great. I didn't expect that you'd come up with so many countermeasures so soon. I believe Jin Zhengting will lose this time, and our Huo family can get revenge."

"No, we can't take things lightly when they don't develop according to our imagination. Jin Zhengting is a person who can seize the opportunity to complete the reversal as long as he is given a little chance, so we must carefully consider whether there are any mistakes in the plan."

Huo Tingchen showed a consistent cautious attitude, because he had suffered a lot of losses before. Every time when he got the upper hand, he was suddenly overturned by Jin Zhengting, so he learned to sum up the lessons.

"After thinking about it, it seems that there is no mistake in your plan, unless Xu Zheng has gone to Jin Zhengting, but I think the probability is too low. After all, Xu Zheng has always regarded Jin Zhengting as his opponent."

Long Jiu said with ease that she just made a joke, because she would never think that Xu Zheng, who was already in hot water with Jin Zhengting, would suddenly turn around and cooperate with Jin Zhengting to deal with them.

However, Huo Tingchen was shocked by this sentence. He also ignored this problem. He always took it for granted that Xu Zheng would follow his own script. However, he also ignored one point, that is, Xu Zheng suddenly betrayed what to do. In that case, the people who suffered from the enemy would turn from Jin Zhengting to them. This is a situation he didn't want to see.

"You remind me that Xu Zheng is a very intelligent person. Our intention is too obvious. Originally I was

very wary of him, and he knows that. But this time we choose to support him as much as possible, Xu Zheng will have doubts. With his intelligence level, it's not difficult to see our goal if we think about it carefully. Xu Zheng is not a generous person, so we should be careful. He is likely to retaliate against us, and even he can feel my threat to him, which may be the reason for his defection. "

Huo Tingchen's eyes flashed. He had been in a state of confrontation with Jin Zhengting for so many years. His opponent was a wise man who existed as a God, so he was trained very comprehensively. He could infer the whole situation from some subtle links.

Of course, he doesn't have Jin Zhengting's judgment. He just speculates that Xu Zheng may choose to cooperate with Jin Zhengting when he feels threatened. But this has happened in fact, so Huo Tingchen is still a little slow. "We don't have to worry too much about this. We still have Xu Ting in our hands. Xu Zheng always loves his cousin. We can send Xu Ting to explore his reality and prepare for the next step."

In terms of spying intelligence, Long Jiu is really at the expert level. She soon came up with a solution. She also clearly knows that Xu Zheng's attitude is related to the trend of the whole situation. In this game, Xu Zheng undoubtedly becomes the most critical chess piece.

"Well, this is the final match with Jin Zhengting. We are not allowed to make any mistakes. We have to make clear Xu Zheng's attitude. Not only him, but also Cheng Mobing and Lu Moyan's attitude. Each of them is a chess piece that we can use, which will cause great trouble to Jin Zhengting. We need to make clear. Such people disturb Jin Zhengting's deployment. "

Huo Tingchen's eyes are burning. He can also feel Jin Zhengting's mood. In fact, after fighting for so many years, they both know each other very well. It can also be said that they have formed an alternative tacit understanding. They can feel each other's big action.

"Brother, you can rest assured that I am the best at doing such things."

Long Jiuyi said confidently that she is really good at this, so naturally she has absolute confidence.

"The next step is to see Jin Ying's action. I always have a premonition that she will be able to get the password to open the treasure. If we can get the treasure, then we don't need any strategy at all. We will defeat Jin Zhengting with absolute strength."

Huo Tingchen is still obsessed with those treasures, not only because they are related to the trend of the whole situation, but also because he thinks that the treasures are the property of the Huo family. No one else is worthy of them, and Jin Zhengting is even less qualified.

"Jin Ying is a smart woman. I think what she can accomplish is that she is afraid that one day she will suddenly fall ill again, and then even we can't control it."

Long Jiu is worried that Huo Tingchen has said before that Jin Ying is in a morbid state of mind. No one can predict what she will do next, so she is afraid that Jin Ying will suddenly stop cooperating with them.

In that case, they will lose too much.

Huo Tingchen once tried every means to put her own people around Jin Zhengting. The most successful person before was Xu Yanke. Unfortunately, she failed in the end. This time, she didn't want Jin Ying to fail, because it was very useful to be able to lurk around Jin Zhengting and send them the most accurate message.

"This possibility is very low, because no matter whether Jin Ying is morbid or not, I can see that she is a very paranoid person, so she won't change her mind after she makes some decisions, so she doesn't need to worry about her at this time. Besides, she has her own weakness. I think she should also be very clear that Gu Chen's fate is in my hands. If she doesn't want to change her mind, she will not have to worry about her. If she doesn't listen to me, Gu Chen's life will be in danger. In terms of her feelings for Gu Chen, she will obediently listen to my orders and do things. "

Huo Tingchen's face showed a smug smile, everyone he needs to use will be firmly controlled by him in his own hands, because few people in the world like him, good at grasping everyone's weakness.

"Brother, you see, someone has finally lost his fortune. The purpose of this gambling meeting has been achieved. I hope Xu Zheng will not let you down."

Long Jiu saw that some people had begun to cry and come out of the gambling area. It proved that some people had begun to take all their values out to fight for the rare stones. The weakness of human nature is the idea of greed. Therefore, these people were eaten by Xu Zheng, and the wealth of these rich people was squeezed out by him little by little. They were still obsessed with getting the rare stone Yuanshi didn't react until he hurt his muscles and bones, but it was too late.

"I can't see that Xu Zheng is really a talent in this respect. If he is willing to be my subordinate, maybe I will leave him a life."

Huo Tingchen's eyes flashed a vicious expression. According to Xu Zheng's performance, as long as he can't be his subordinate, he will become his enemy, so he can't stay.

Chapter 615

"I see."

Long nine o'clock a head, she understand Huo Tingchen's meaning, that is from now on to prepare manpower, when Xu Zheng can't control, directly do him.

"Well."

Huo Tingchen nodded: "you still have two tasks. First, from tomorrow, immediately organize a group of people who are ready to go to Southeast Asia to open the treasure. These people must guarantee absolute loyalty."

Dragon nine charming smile: "you rest assured, I still have a group of loyal men, should be able to do this task."

Huo Tingchen continued: "the second task is to tell Lu Moyan, let him give up the chance to choose gambling stones."

As soon as he said this, long Jiu expressed his doubts: "brother, why do you want Lu Moyan to give up? Didn't you give up the rare stone to Jin Zhengting or Xu Zheng?"

Huo Tingchen said with a faint smile: "yes, I just want to leave this stone to them. I want to see Xu Zheng's reaction. If he chooses to compete with Jin Zhengting for this rare stone, then we will happily watch them bite the dog. If Jin Zhengting and Xu Zheng both want to give up this rare stone, it can only prove that they are not happy when we haven't thought of it. We have reached some kind of agreement against us. "

Long Jiu sincerely admires Huo Tingchen's stratagem. This can really test the delicate relationship between Jin Zhengting and Xu Zheng, and even if their worries are unnecessary, it can deepen their hatred.

In a corner of the hall, Lu zhanyan and Lu Moyan sit opposite each other, but they are speechless. The atmosphere is a bit awkward and strange.

This is the first time in recent years that they have met and talked face to face.

After two people were silent for a long time, Lu zhanyan sighed: "Mo Yan, I'm sorry."

"What are you sorry for?"

Lu Moyan's eyes flashed a ray of cold light, and the muscles around his eyes were constantly twitching, which showed that he was not calm now, but also trying to suppress the anger in his heart.

"Although I was framed, I also made the fact that I'm sorry for you."

Lu Mo Yan is likely to explode at any time, while Lu Zhan Yan is calm. His heart has always been very sorry for his brother, but also full of apologies for Qian Yuan Yuan. Although all this is Huo Tingchen's vicious plot, without him, Lu Mo Yan and Qian Yuan Yuan may still be in a state of peace, and the relationship between him and his brother will not be so bad. It's a situation.

"You keep saying that you were framed, but how can I explain when I see you and Qian Yuanyuan together? Are you framed by Jin Zhengting in Jin's family?"

Lu Moyan is suffering the most difficult thing to accept as a man, not to mention another man is his brother, so his emotion is getting more and more excited. Fortunately, Lu zhanyan has told his

bodyguards not to allow anyone to come near here before talking to him. Although this is Huo Tingchen's place, the two young masters of the Lu family have no face Don't give it.

This is also because Lu zhanyan is afraid of making his family dirty, so Lu Moyan is hysterical, and no one looks here.

"Mo Yan, you really misunderstood. Qian Yuanyuan and I had a relationship a long time ago, but since she married you, I have never had any contact with her. Do you only believe in Huo Tingchen, not your brother?"

Lu zhanyan painstakingly said that this is one of his few opportunities. He hopes that through this conversation, he can persuade his younger brother to come back from Huo Tingchen.

"Believe you?"

Lu Mo Yan laughed angrily: "I believed you. I married Qian Yuan Yuan, so I lost the inheritance of the Lu family. On the contrary, I helped you, the young master of the Lu family. So I don't believe Huo Tingchen or you. I only believe in my own eyes. That night, I saw you hugging each other with my own eyes. It was a picture of deep love, so you don't need to say yes to me No, on the contrary, I have to say congratulations to you! "

Lu zhanyan's eyes flashed a few times. He soon understood why Lu Moyan had just seen the scene when he comforted Qian Yuanyuan, so he no longer defended himself. Instead, he said, "Mo Yan, calm down first, and I'll ask you a few questions when your mood calms down."

Lu Moyan snorted: "why, do you want to make up any reasons? I tell you, you can't cheat me. My mood is very stable now. If you have any words, just ask."

"I ask you, do you know Jin Ying is working for Huo Tingchen?"

Lu zhanyan looked around and saw that he was surrounded by his own people. When there was no outsider present, he asked in a low voice.

Lu Moyan already knew that Jin Ying was Huo Tingchen's internal agent, which he discovered after he joined Huo Tingchen group. At that time, he was still very surprised. He didn't know why Jin Ying betrayed her family and chose to cooperate with the family's enemies, so he was very impressed by this.

It's just that he doesn't understand why Lu zhanyan asks this question. However, from his question, Lu Moyan already knows that Jin Ying's identity has been exposed. On second thought, there's nothing to be surprised about. No matter how smart Jin Ying is, she's also a little girl who doesn't know much about the world. Jin Zhengting group is all experienced experts, so it's reasonable for Jin Ying to play with them But he immediately had the idea of informing Xu Zheng. From all kinds of performance, Huo Tingchen is not worthy of his trust, but Xu Zheng can still be trusted, because during this period, he felt that Xu Zheng's temperament is a person who can achieve great things, so he decided to bet everything on Xu

Zheng. Of course, his purpose is to defeat Lu zhanyan.

"Of course I know. What's the matter?"

Lu Mo Yan felt that there was nothing to hide, so he agreed casually, and his tone was a little impatient. But as soon as the words came out of his mouth, his face changed, and something flashed in his mind.

Lu zhanyan saw his eyebrows wrinkled and knew that he had thought of the key to the problem, so he struck while the iron was hot and said: "Mo Yan, you said that Qian Yuanyuan and I had an affair. Apart from what Huo Tingchen told you, I saw that I was holding her that night. In fact, you never gave me a chance to explain. She was too sad that night. I just tried to go Comfort her. Unexpectedly, you saw her. I want to ask you, how did you know we were in the garden at that time? "

Lu Moyan's brow wrinkled deeper, he said: "at that time, I listened to Huo Tingchen's words, and then went to Jin's villa to seek your confirmation. Zhengting and Tong Xin were not at home. Jin Ying received me. She told me that you were in the garden, so I found them."

"That's right. At that time, Jin Ying told me that Qian Yuanyuan was crying in the garden and asked me to accompany her. That's why I went to the garden to find her. We didn't meet at all during the two days when we were in Jin's house, and the one you saw was the only one."

Lu zhanyan said faintly that he had thought that the key to the problem was Jin Ying, so he used this clue to arouse Lu Moyan's suspicion of Huo Tingchen.

"All the problems lie with Jin Ying. She deliberately led us to the past. At that time, she should have been working for Huo Tingchen. That is to say, Huo Tingchen designed all these things."

Lu Moyan is very clever. He infers the whole story from this flaw. He suddenly finds that he really wrongly blames his brother and his wife, because if Huo Tingchen had planned to frame Lu zhanyan in order to divide the Lu family, then the plan would be almost perfect.

The exposure of Jin Ying's identity and all kinds of coincidences seem to show that Huo Tingchen is behind all this.

"At the opening ceremony that day, one of Huo Tingchen's subordinates came to me and told me that they kidnapped Qian Yuanyuan and asked me to go to the abandoned factory in the suburb alone. Then they threatened me with her life and made me drink a cup of things. After I was forced to drink, I didn't know anything. When I woke up, you had already arrived. I think that's all Huo Tingchen's business It's a plan. "

Lu zhanyan recalled what happened that day. He had to convince Lu Mo Yan with the truth, because the duel with Huo Tingchen was about to begin. At this time, the Lu family had to maintain unity to become Jin Zhengting's powerful help.

"It turns out that all this was designed by Huo Tingchen."

Lu Moyan's teeth rattle. He is not only angry with Huo Tingchen, but also guilty of Lu zhanyan and Qian Yuanyuan. At the same time, he also has deep regret. He knows Qian Yuanyuan very well. Once his attitude towards her has deeply hurt Qian Yuanyuan's heart, so he knows that Qian Yuanyuan left him when he said so heartless words It's gone.

He slowly stood up, with a strong sense of killing in his eyes, looking for Huo Tingchen's figure. Now he just wants to cut Huo Tingchen to pieces.

Lu zhanyan held him in time: "Mo Yan, don't be impulsive, this matter should be considered in the long run."

"Mr. Lu is right. Mo Yan, none of us can fight against Huo Tingchen here. Don't forget the rules of senior management. We can't have a direct conflict in public."

Xu Zheng was talking. He had noticed Lu zhanyan and Lu Moyan talking in the corner for a long time, so he quickly came over. Although he thought of the plan to frame Lu zhanyan, at this time he must put all the things on Huo Tingchen.

"Xu Zheng, don't you have a share in it?"

Seeing the arrival of Xu Zheng, Lu Mo Yan's eyes became colder and colder, staring at Xu Zheng.

Xu Zheng looks at Lu zhanyan with a smile and signals him to speak for himself. After all, Jin Zhengting group wants to cooperate with him, so we can't break this relationship at this time.

Xu Zheng is really smart and has really been in an invincible position.

Chapter 616

"Mo Yan, you should know Xu Zheng's situation. Huo Tingchen never really believed him, so I believe Xu Zheng did not participate in this incident."

Even though he knows that Xu Zheng is also involved, Lu zhanyan still decides to defend him for the sake of the overall situation.

A faint smile appeared on Xu Zheng's face: "Mo Yan, since we started to cooperate, don't you feel my friendship with you, so I won't harm you."

In some cases, the most open and aboveboard person will become hypocritical. It depends on the huge benefits he gets. Xu Zheng has weighed the balance and chose to cooperate with Jin Zhengting group, which can quickly deal with Huo Tingchen. In this way, he can quickly expand his strength, and finally compete with Jin Zhengting group for the dominance of Jiangbin.

Compared with Huo Tingchen, Jin Zhengting is a person who never plays tricks, and the means are relatively mild. Therefore, Xu Zheng thinks that it is better to take Jin Zhengting as the final opponent than to fight Huo Tingchen.

Lu Moyan snorted: "although you didn't participate, you should at least know. Why didn't you tell me earlier?"

, "Mo Yan, do you think I could tell you at that time, don't you know how many eyeliner that Huo Tingchen has placed in my side? If I tell you, then you will find that I have been done in second days."

Xu Zhengyi said seriously, it seems that people can believe that, after all, he is also a good performer.

"Mo Yan, you can't blame Xu Zheng either. You can only blame Huo Tingchen for his excellent plan. You can say that every detail is handled just right. That's why we are trapped by him. As long as you know where you are going, then it's the best news."

With Xu Zheng's testimony, Lu zhanyan knows that his younger brother will believe it. At the same time, it is a signal that Xu Zheng has chosen to cooperate with Jin Zhengting, otherwise he will not appear here to testify for himself.

"Brother, it's my fault. I don't believe you all the time, and I misunderstood you."

Lu Mo Yan is really regretting now. He only apologizes to Lu in a low voice, just like when he made a mistake when he was a child. This scene makes Lu Zhan Yan's nerves beat. He still has a lot of feelings for his brother.

"Mo Yan, don't say these words. We should think about the next step."

He said a word of comfort, suddenly thought that Xu Zheng is not a completely trustworthy person, so did not say the following words.

"Zhanyan, you can go on. Since we choose to cooperate with Xu Zheng, we should trust him."

Jin Zhengting took Zhao Tongxin's hand, came over and said faintly. Then he took Zhao Tongxin and sat opposite Xu Zheng. His face still had that kind of faint expression: "what I said should be right."

"Mr. Jin, I can tell you that I am not a loyal person. That is to say, if I find that Huo Tingchen will not threaten me and you are at a disadvantage in the future, I will not hesitate to join him again. In addition, even if we join hands to deal with Huo Tingchen, you are still my opponent."

Xu Zheng's eyes sparkled with excitement. He liked the pleasure of challenging Jin Zhengting, which was one of the few opportunities for him to show his ambition.

Jin Zhengting's eyes flashed a look of approval: "OK, I promise you, if you think I'm not an ally worthy of alliance, then you can turn to Huo Tingchen at any time. In addition, I want to say one more thing, I like such a real villain as you."

Xu Zheng's mouth slightly raised, showing a faint smile: "I also like to compete with a real gentleman like you."

"Before that, we'd better cooperate to deal with Huo Tingchen. I can tell you frankly that my strength alone is not enough to swallow Huo Tingchen."

Jin Zhengting said faintly that he, who has always been in the riverside, never avoids what he can't do, because people are not gods after all, and there are many things he can't do.

Xu Zheng feels a little strange about Jin Zhengting's honesty, because Jin Zhengting always shows his most domineering side to outsiders. He is always so superior and never bows to anyone.

"You don't have to be surprised, what I said is just a fact, and you are not an outsider. After all, you and Tong Xin are still relatives."

Jin Zhengting's eyes became deeper, as if he could see through any thoughts in Xu Zheng's heart. This was the first time Xu Zheng discussed things with Jin Zhengting face to face. He suddenly had a feeling that no matter how hard he tried, he would not be Jin Zhengting's opponent, because in front of him, any of his thoughts escaped his sharp eyes.

This makes Xu Zheng feel deeply frustrated. He always takes Jin Zhengting as his goal. In these years of waiting for the opportunity, it's not too much to say that he has to endure hardships. But Jin Zhengting gives him the feeling that he is always higher than him, which makes him gradually lose the confidence to fight with Jin Zhengting.

It has to be said that Jin Zhengting's method is really brilliant. Through a few short conversations, he has already made Xu Zheng such a powerful figure show a look of shame. Few people can match this alone. What he said behind him warmed Xu Zheng's heart. After working with Huo Tingchen for such a long time, he had never felt trusted. Since Jin Zhengting said he didn't treat him as an outsider, he really didn't treat him as an outsider, because he knew Jin Zhengting. Jin Zhengting never lied and didn't disdain to tell lies, because he didn't know him at all. The need to lie.

This feeling of trust comes from his opponent Jin Zhengting. Although it's strange, it's warm to be trusted. So Xu Zheng's face shows a touch of being moved, which shows how clever Jin Zhengting's wrist is.

"By the way, before we talk about specific things, I think we should thank Tong Xin first. I know that we have had many conflicts, and there are many opportunities. Jin can always kill me. I also know that Tong Xin pleads for me, so I have to thank you for saving my life."

Although Xu Zheng is also a man of great means, he is essentially different from Huo Tingchen. At least he will never be hypocritical when he is sincere to people. This is why Jin Zhengting agrees to cooperate with him.

Means is a necessary condition for a person to use in order to achieve his goal, but a person's character has little to do with means.

Zhao Tongxin with a quiet smile: "it's nothing, I grew up relatives are not many, you are one of my few relatives, so I think in my ability to protect the family is also should."

Her tone is very sincere. Zhao Tongxin is a kind person. Xu Zheng knows that, so she doesn't say high sounding words in order to win over herself. These are all from her heart.

"Mr. Jin, Tong Xin, I don't intend to apologize for what I have done before, because I also have my own goals, and you are my opponents on the road, so I have to attack you if I want to get it, but I can at least guarantee that I won't attack you in the period of our cooperation."

Xu Zheng's face said seriously, his tone is also with unspeakable sincerity, Xu Zheng is also a man who can say and do, since he has such a guarantee, then it proves that he will do what he says.

"Xu Zheng, don't mention the past. I know you have a good relationship with Xu Ting, but I want to remind you that Xu Ting has always been the undercover arranged by Huo Tingchen. She told Huo Tingchen all the secrets she could know about you."

Zhao Tongxin said calmly that Jin Zhengting had just told her about it. To convey it to Xu Zheng from her mouth can not only narrow the relationship between them, but also make Zhao Tongxin angry. After all, Xu Ting has done a lot of small actions against Zhao Tongxin, so Jin Zhengting specially left her an opportunity to tell Xu Zheng about it and let Xu Zheng go to find Xu Ting to settle the accounts.

As soon as Xu Zheng's face changes, he is still very complicated about Xu Ting's feelings. On the one hand, he thinks Zhao Tongxin's words are likely to be true. On the other hand, he doesn't want to believe that his beloved cousin will betray himself.

"Zhan Yan, you can show Xu Zheng what you have."

Zhao Tongxin told Lu zhanyan that Jin Zhengting told her that as long as Xu Zheng saw what Lu zhanyan had, Xu Zheng would believe what she said. At this time, she didn't want to miss an opportunity to attack Xu Ting.

In essence, Zhao Tongxin is not a vengeful person, let alone a malicious woman with deep intention. But Xu Ting has gone too far over the years, so she has to make a strong response. At the same time, she has to tell her that the idea of beating her own man does not come to a good end.

Lu zhanyan nodded his head and put the things Jin Zhengting gave him on the table. They were two

small eavesdroppers: "these are the things that Zhengting's staff found in your respective offices. One of them is in Xu Ting's hand. She put the eavesdropper on the sailboat that she gave you, so no matter how careful you are, you can't detect it. Mo Yan's one is on the sailboat Under your desk, Huo Tingchen knows that you are only angry at this time, so it is impossible to pay attention to these details. "

Seeing the eavesdroppers on the desktop, Xu Zheng and Lu Moyan look at each other. Now they really believe that in Huo Tingchen's eyes, they are just useful pieces, but they have to be under his supervision. Although they know Huo Tingchen will do it, they didn't expect that he will do it too much.

"Mr. Jin, Tong Xin, thank you for your reminding. I will make Huo Tingchen pay for it."

Xu Zheng's eyes became extremely sharp.

Chapter 617

"Zhenɡting, we should study what we should do step by step."

After solving the problems of Xu Zheng and Lu Moyan, Lu zhanyan has a keen eye on how to deal with Huo Tingchen in the future.

Because of the misunderstanding with Lu Moyan, the strength of the Lu family has declined greatly, so the support to Jin Zhengting is limited. This is one of the reasons why Jin Zhengting wants to go and let Huo Tingchen's capital in. Jin Zhengting thinks that instead of blindly blocking, it is better to give Huo Tingchen enough time to transfer the capital, and then make the final decision according to his ability. It's a decisive battle.

However, Xu Zheng's defection also brought Lu Moyan back from the abyss of sliding to Huo Tingchen's side. With their participation, Lu zhanyan is more confident in dealing with Huo Tingchen.

"Tong Xin, what do you think of this problem?"

Jin Zhengting's eyes gently look at Zhao Tongxin. He will give her plenty of opportunities when he can exercise her.

Zhao Tong thought for a while, then looked at Jin Zhengting with a kind of twinkling eyes and said, "Zhenɡting, if I say what I think, do you think I'm a very resourceful woman?"

You look at me and I look at you. At last, everyone laughed. Even Jin Zhengting, who was always serious, showed a rare smile.

Zhao Tong blinked his beautiful eyes and looked at everyone doubtfully: "what's the matter, is there anything wrong with my worry?"

Jin Zhengting fondly touched Zhao Tongxin's hair, his eyes were very gentle: "if it is in normal life, some

people may think so, but this is in the business field. People who have no scheming here will be eaten without bones. Remember, in the business field, who has deep scheming is the final winner."

"Oh."

Zhao Tongxin is embarrassed and lowers her head. In front of these people, she still seems a little immature, because Jin Zhengting, Lu's two brothers and Xu Zheng are all struggling in the business field. From the perspective of experience, she can't compare them.

So she worded a little and said faintly: "I think so. Since Huo Tingchen has arranged Xiaoying to be our internal agent, we can also use Xiaoying to give Huo Tingchen some false information, such as the passwords recorded in my mother's diary."

Jin Zhengting nodded his head faintly and didn't speak. He just motioned Zhao Tongxin with his eyes to continue. However, from his flashing eyes, we can see that he is thinking about whether Zhao Tongxin's proposal is feasible.

"Zhen gting and I have analyzed that the way to start the treasure in my mother's diary may be a trap, luring the Jin family or Cheng family to open the treasure. In fact, that method is wrong, and the purpose is to let the person who opens the treasure die without a burial place."

At present, only she and Jin Zhengting know about this matter, so it is necessary for Zhao Tongxin to explain it to you.

It was the first time that people heard this news, and they were all surprised. On the one hand, Jin Zhengting had already got some clues about the treasure, but they didn't know it, especially Xu Zheng. Now he knows how good Jin Zhengting's secret keeping work is. If the method of opening the treasure is true, before he has noticed anything, Jin Zhengting group will completely submerge him with huge capital.

If Zhao Tongxin's foster mother didn't steal the diamond necklace, she would deliberately find a chance to let the Jin family or Cheng family get the necklace by accident, and the Jin family or Cheng family would be seriously injured.

"What Tong Xin said is right. My grandmother definitely has such intelligence to set up this game, and my guess is the same as Mo Bing's, Tong Xin's words are probably the truth of the matter."

Cheng Mohan and Cheng mobing come and sit down. Cheng Mohan's words confirm Zhao Tongxin's words, because no one here knows old lady Cheng better than him.

Xu Zheng's brow was deeply wrinkled. He was obviously engaged in a fierce ideological struggle. He pondered and said: "Mr. Jin, Mr. Cheng, Tong Xin, what you said is very reasonable, but have you ever thought that if that method is correct, let Huo Tingchen get the treasure, it will be a disaster for us."

Lu zhanyan also echoed: "Xu Zheng's consideration is not unreasonable. If it is true, we let Huo Tingchen get a big advantage by divulging such a big secret. Is it too risky to do so? The chance of success is only half, and this matter matters a lot, so I think it's better to be cautious."

"Someone raised an objection, Tong Xin. What do you think?"

Jin Zhengting seems to be intentionally cultivating Zhao Tongxin's adaptability, so he always leaves the problem to her to solve.

As for the questions raised by Xu Zheng and Lu zhanyan, Zhao Tongxin seems to have made a decision for a long time: "in fact, there is no difference between this and gambling Stone Club. There is only one piece of rare stone. Even if you know the skills and rich experience of gambling stone, you can't guarantee that you can choose it at one time. In fact, we all do it for the same purpose, just to leave the only chance to Huo Tingchen, if he's lucky enough, we'll have to accept it. But the chance that he can't open the treasure is far greater than that of opening it. So if it's me, I'll bet on it. "Xu Zheng couldn't help nodding his head: "what Tong Xin said is right. We can really gamble. After all, the chance that he can win is extremely small. Once he makes a wrong choice, even if he is OK, I believe his cronies will also suffer losses. This kind of thing will be left to others. With Huo Tingchen's character, it is absolutely impossible. Either he will go in person, or he will Send out the most trusted hand to do it. Anyway, if the treasure explodes, it must be him who will lose. "

Cheng mobing nodded: "Xu Zheng is right. According to this probability, Huo Tingchen will definitely lose this time. In a word, we should try it."

Lu zhanyan was obviously also convinced. He thought their analysis was right. Judging from the past situation, Huo Tingchen's luck has never been better, so he was willing to believe in probability.

Cheng Mohan sees that everyone agrees, and shows a smile of approval to Zhao Tongxin. She is able to convince these people with high intelligence in such a short time, proving that she is also very capable.

He turned his head and asked Jin Zhengting, "Mr. Jin, I'm willing to believe Tong Xin's probability. The probability is so small that I don't think Huo Tingchen has any chance of winning. To say the least, even if Huo Tingchen really gets the treasure, what kind of storm can he set off?"

In Cheng Mohan's words, he had a strong sense of hegemony. He attached great importance to Huo Tingchen, but he was never afraid of this opponent.

Jin Zhengting smiles confidently: "in fact, I'm ready for Huo Tingchen to get the treasure, but he just keeps it for us for the time being. Before long, everything about him will become our booty."

From his cold and proud eyes, there is no fear of the risk of this thing. He is such a man. Once he makes a decision, no matter what difficulties he faces, he will try his best to achieve his goal.

At the same time, it is also the biggest support for Zhao Tongxin. Although her plan has great hidden

dangers in detail, it is the first time for her to independently plan for the future situation, so Jin Zhengting will certainly protect her self-confidence.

Zhao Tong Xin naturally knew this layer of concern. He could not help holding his broad hand under the table. His beautiful eyes were full of love.

"Mr. Jin is really aggressive. Now I finally know why Huo Tingchen has been defeated by you many times."

After the real contact with Jin Zhengting, Xu Zheng's heart was filled with admiration. He felt that Jin Zhengting's temperament was something he didn't have.

Jin Zhengting smiles and says to Zhao Tongxin, "Tongxin, your plan is just a beginning. Go on."

For Jin Zhengting's understanding of himself, Zhao Tongxin felt a burst of happiness, because they really had a tacit understanding.

"We use Xiaoying to leak the password to Huo Tingchen. In addition, Xu Zheng and Mo Yan still have to play a good game. In the future, we still have to maintain a fierce competitive relationship. Huo Tingchen thinks that we have already been in the same boat. At this time, Xu Zheng will show signs of failure. I think Huo Tingchen will not want you to lose to me, and he will increase his investment So you can take advantage of this opportunity to grow your strength. "

Zhao Tong Xin's eyes showed a trace of cunning. Now she is more and more clear about the way of business.

Xu Zheng is a little embarrassed to smile: "Tong Xin, in fact, your plan is the same as mine, and I also think so. No matter how the competition is in the recent period, I am ready to start to shrink capital and create the illusion of being squeezed by your company, so I will definitely cooperate with you on this point."

"As long as a part of Huo Tingchen's capital is attracted to the catering industry, the pressure on Zhengting can be reduced. Zhengting should put all Huo Tingchen's capital in, so that Huo Tingchen will not be left with any way out. After all, Jiangdong is not Huo Tingchen's territory. I think he still wants to develop in Jiangbin."

Zhao Tongxin went on to say that with Jin Zhengting's training, her eyes on people have reached a certain level, and she can find some habits of Huo Tingchen keenly.

Jin Zhengting's faint smile: "you are worthy of being my secretary. You have got my biography, and now you can graduate."

Zhao Tong Xin some embarrassed to say: "which has, I and you compare also difference too far."

"Do you two still have to share each other?"

Yang ziye pushed out a beautiful woman in his arms, came to him and said in a low voice, "don't blame me for not reminding you. Huo Tingchen appears again. If you don't want him to find your secret, get out of the way."

Chapter 618

"Jin Zhengting seems to be with Xu Zheng and Lu Moyan."

Long Jiu's eyes are very keen. In the crowded hall, he soon sees Jin Zhengting sitting opposite Xu Zheng and Lu Moyan, and Cheng Mohan and Cheng mobing are also there.

However, seeing that their atmosphere is not particularly friendly, they are used to fighting each other secretly in public places, and long Jiu has no special doubt.

Not only she, but also Huo Tingchen has no doubt. He looks at Jin Zhengting and Xu Zheng, who are looking at each other, with an unconscious smile on his face, because this is his favorite scene. As long as Xu Zheng keeps this attitude towards Jin Zhengting, he is more relieved.

"Let's go. Since everyone is so busy, let's have a share."

Huo Tingchen is happy now, everything seems to be under his control, but what he doesn't know is that Jin Zhengting and Xu Zheng are just making a show, mainly for him to believe that there is no possibility of reconciliation between the two sides, which is also to dispel Huo Tingchen's doubts.

Huo Tingchen was deceived. He once thought that Xu Zheng had felt the threat to him, so he began to be on guard. When he saw that Xu Zheng and Jin Zhengting were still hostile, he was really down-to-earth. At the same time, he was secretly mocking Xu Zheng. Now he is still hostile to Jin Zhengting, which is to completely block his retreat.

"It seems that I really think highly of Xu Zheng. He is just a useful chess piece at most."

Huo Tingchen thought in his heart that he had come to Jin Zhengting and Xu Zheng.

Jin Zhengting always disdains acting for others. Fortunately, there is no expression on his face. This cold and arrogant look is not very friendly, while Xu Zheng is very good at acting. When he looks at Jin Zhengting, his eyes seem to have a look of winning or losing with the man standing at the top of the river.

"Mr. Jin, you are sure to lose this gambling stone meeting. I can tell you frankly that Mo Yan already knows the characteristics of that rare stone. He will choose the gambling stone first. I really want to see how you win me."

Xu Zheng deliberately spoke very loud, which was also heard by Huo Tingchen. Huo Tingchen was very satisfied with his attitude, because it showed that Xu Zheng had not doubted his idea of annexing him.

Jin Zhengting said faintly: "you probably forget that before Lu Moyan chose the gambling stones, the signing position of Zhan Yan was higher than that of him. I can let Tong Xin and Xiao Ma play as his gambling stones appraisers. I believe they can choose."

After hearing this, Xu Zheng burst out laughing: "Mr. Jin, you can't be so naive. You only have 15 minutes to gamble with thousands of stones. You really believe that you can get the rare stones with two people. It's ridiculous."

Jin Zhengting's mouth touched, showing a charming smile: "of course, I don't think it's a very funny thing, because I believe in Tong Xin and her staff. If you think it's funny, you can laugh for a while, don't wait for a while to cry, it's not good for your health."

There was a trace of anger on Xu Zheng's face. Of course, it was also his superb performance ability: "well, Mr. Jin, don't be too confident. It's easy to lose."

"If you don't believe it, try it. I know you want to make use of this gambling club to accumulate wealth. I can also tell you frankly that this gambling club, I also want to eliminate these hidden dangers with your hands. Since we have the same goal, we'd better wait until the goal is achieved, and then we can decide the outcome."

Jin Zhengting's tone was very flat, but his eyes became cold. It was not because he was good at making such a realistic performance, but because he saw Huo Tingchen behind Xu Zheng. However, with his words, Huo Tingchen believed that he and Xu Zheng were fighting secretly.

"I'm really sorry. Although I'd like to make this bet with you, I can't decide this matter, because here, everything depends on Mr. Huo."

Xu Zheng knew that Huo Tingchen had come from Jin Zhengting's change of eyes, so he didn't need to look back at all. He deliberately uttered this sentence very loud and flattered Huo Tingchen.

Huo Tingchen would not know that they had been united. Now they are just acting to him. He has heard some of them. He thinks he has never really served him. He is just using each other. He does not think he knows himself. He knows that everything has the final say.

So his attitude towards Xu Zheng changed a little immediately. He even wondered whether he had wronged Xu Zheng. Although he was an ambitious man, he had no choice but to rely on himself because of his lack of strength. His greatest ambition was not to obtain absolute power, but to defeat Jin Zhengting.

Smart people think more about problems than stupid people. This is a natural advantage, but at some times, it becomes a disadvantage, because smart people believe too much in their own judgment, so

that they can make up for some facts they don't know, and also regard them as the truth. Huo Tingchen is making such a mistake now. Has the final say that she is the home court of Xu Ting, she is the president of jewelry company, but she left first for physical reasons, so everything here will be up to you. If you want to bet with Jin Zong, I will be happy to buy you win.

Huo Tingchen can't wait to speak. He thinks Xu Zheng can still be controlled by him, which has made him feel very happy. When people are happy, their spirit will relax and they will be easily cheated.

Hearing what Huo Tingchen said, Xu Zheng knew that he had been cheated. First, he looked back at Huo Tingchen and said that he had only seen him. At the same time, he said to Jin Zhengting faintly, "Mr. Huo has agreed. I don't know if Mr. Jin has such a nature?"

When he said that, he deliberately stepped back and let Huo Tingchen stand in the front and face Jin Zhengting directly. This is also an attitude he deliberately expressed, that is, Huo Tingchen is the most powerful person in the group, and he will not steal his limelight.

Huo Tingchen was more satisfied with this subtle action. He looked at Xu Zheng with a smile, and then stood up to Jin Zhengting and said, "Mr. Jin, I will not interfere in the affairs between you and Mr. Xu."

There are many meanings in his words. First, he is taunting Jin Zhengting and telling him that he doesn't need to fight at all, and his subordinate Xu Zheng can deal with him. Second, he is too high of his identity in front of the public. Jin Zhengting is not qualified to be his opponent, so he has to win Xu Zheng first.

At this time, Huo Tingchen was already overjoyed. In addition, the gambling club was also very successful, which made him feel that Jin Zhengting was just like this. Under the perfect cooperation between him and Xu Zheng, he could defeat him soon, so he had to find the so-called vanity in front of others.

"Huo Tingchen, don't think your plan is perfect. I can tell you that as long as I have my heart, I will get that rare stone."

Jin Zhengting stares at Huo Tingchen coldly, holding Zhao Tongxin in one hand, with a flat but cold tone.

Huo Tingchen looked at Zhao Tongxin with poor eyes, sighed and shook his head: "I know that Miss Zhao Tongxin and I have some misunderstandings, so she hates me to the bone. I also know that she has some special genius in gambling stones, but it's a pity that since I won't let Miss Zhao revenge, I won't let Miss Zhao's talent show."

Jin Zhengting disdained a smile: "is it really like this?"

Huo Tingchen laughs and makes a gesture of please to Zhao Tongxin: "I can make an exception for you. Jin and Zhao Tongxin can enter the gambling area to select the gambling stones before Mo Yan. You can try it and see if I'm right."

He just wanted to make Jin Zhengting lose face in front of the public. At the same time, he was very determined. After special treatment, the gambling stones were almost the same in temperature, so Zhao Tongxin's talent couldn't be exerted at all. Although he didn't know what kind of ability the pony had, it was very likely that he would choose rare stones from thousands of gambling stones in ten minutes. It's so vague that he irritates Jin Zhengting.

"Mo Yan, you should have no opinion?"

Huo Tingchen turned to Lu Moyan behind him and asked, in fact, he has achieved the goal of dividing the Lu family. Now Lu Moyan has invested almost all his wealth in Xu Zheng's company, so for Huo Tingchen, Lu Moyan has almost no value, so his attitude towards Lu Moyan is not very good, and he does not consider his feelings at all.

Now Lu Moyan is full of deep hatred for Huo Tingchen, but he has to perform the play well, so he glares at Jin Zhengting and Zhao Tongxin. Finally, his angry eyes fall on Lu zhanyan and coldly says: "I naturally have no opinions about the general Huo's orders, just hope they can't succeed."

Huo Tingchen is also very satisfied with Lu Moyan's attitude. He thought Lu Moyan had lost the use value, but seeing his expression, he suddenly felt that he could use his hatred for Jin Zhengting and Lu zhanyan to do many things.

He was more and more happy. He said to Jin Zhengting with a smile: "since they have no opinions, we will start this gamble when the assets of these people become general manager Xu."

"Huo Tingchen, I believe you will lose, and lose miserably."

Jin Zhengting said faintly, his eyes were as sharp as a knife.

Huo Tingchen didn't care at all. He said to Jin Zhengting with a smile: "I'm really sorry, Mr. Jin. It's inevitable that you'll have a bad life. Before that, you'd better care about your sister."

Chapter 619

Jin Zhengting's face changed, and his brain was running at a high speed. He soon understood that Jin Ying should be black and blue now. This is Huo Tingchen's bitter trick to make herself not doubt her.

Not only him, but also Yang ziye, Lu zhanyan and even Zhao Tongxin, who is the least resourceful, can immediately think of Huo Tingchen's intention. However, in order to confuse him, their faces show angry expressions and look at Huo Tingchen with complacency.

Huo Tingchen felt more relieved when he saw their eyes, because he knew that these people had been cheated. He firmly believed that Jin Ying's identity would not be torn down. When they went back, they would be very friendly to Jin Ying, and they would not suspect that Jin's secret agent was her.

Jin Zhengting's face is still calm, but his eyes become extremely sharp. Although he is very clear that Jin Ying's injury is a deliberate illusion, his anger at Huo Tingchen is burning up.

Huo Tingchen felt comfortable with Jin Zhengting's performance, because he enjoyed Jin Zhengting's anger and desperation. He laughed: "Mr. Jin, at the beginning, we just agreed that I would send Miss Jin Ying home when the gambling stone would go smoothly, but I didn't guarantee that she would not be hurt at all, So I didn't break the agreement, and you don't have to look at me like that. "

"I also said that if anyone in the Jin family loses a hair, I will put the account on your head. Sooner or later, you will pay a heavy price for today's things. I will do what I say."

Jin Zhengting stares at Huo Tingchen, just like a lion stares at his prey. He has to say that his aura is too strong. Not only Huo Tingchen, but also Xu Zheng, who has cooperated with Jin Zhengting, can feel his fierce momentum. This also makes him secretly celebrate his own choice. The end of fighting Jin Zhengting is likely to be the destruction of the whole Xu family However, he still takes Jin Zhengting as his goal, but now he has lost the spirit of that time.

Not to mention Huo Tingchen, he has always been cruel and cruel, but he also has people who are afraid. The only person in the world who makes him afraid should be Jin Zhengting in front of him.

But on the surface, he was still calm, because in public, he didn't want to be overwhelmed by Jin Zhengting's momentum, but the smile on his face was already a little reluctant.

"Jin Zhengting, you don't have to scare me. You and I know in our hearts that our decisive battle is just around the corner. Who will be the final winner at that time has not been decided yet. Don't talk big at that time, but there is no one to collect the corpse. I must let you Jin's family have a taste of being ruined."

Huo Tingchen's Phoenix eyes are very cold. At this time, he has completely burst out, and he has the courage to face Jin Zhengting. For so many years, the hatred of the Huo family being destroyed has been the driving force for him to fight against Jin Zhengting. When this goal is about to be achieved, he also needs to vent wantonly.

"It's no use saying anything now. We'll see you later."

Jin Zhengting has never had the habit of arguing with others. He just glanced at Huo Tingchen lightly, and then stopped talking.

He does not speak does not mean that no one speaks. At this time, Zhao Tongxin has stood in front of Huo Tingchen. She has always been gentle, but her eyes are filled with unspeakable anger and hatred: "Huo Tingchen, you Huo family's revenge, my mother's and children's revenge, I will certainly get it back from you."

Huo Tingchen looked at Zhao Tongxin in front of him, with a smile of disdain on his face, but his manner

was more gentlemanly: "Miss Zhao Tongxin, in fact, you are not my target. If you blame me, you must blame me for falling in love with someone you shouldn't love. If you are not Jin Zhengting's wife, I would not give you such a beautiful woman, and you seem to overestimate yourself I don't know what ability you have to take revenge on me. Without Jin Zhengting, I can crush you to death with a single finger. "

Zhao Tongxin took a deep breath. She said coldly, "you are wrong. Please don't say that if there is no Zhengting, I will be nothing like this. Because Zhengting and I are one. From the day we love each other, we can't tell each other. So my hatred is his hatred. I believe it's easy to deal with you with our strength, If you think I'm talking big, wait and see. "

Jin Zhengting has been watching her silently all the time, which virtually gives her a kind of protection. If Huo Tingchen dares to fight Zhao Tongxin, then the first person to fall must be him.

Hearing Zhao Tongxin's words, Jin Zhengting felt a warm feeling that he had never felt before. It seemed that his cold heart would melt. Zhao Tongxin's words were not only to Huo Tingchen, but also to him, because Jin Zhengting understood that from a long time ago, they were destined to be together forever.

Huo Tingchen didn't get angry but laughed. He raised his hand and clapped and said, "what a husband and wife. Since that's the case, I have to send you on the road together. At that time, Miss Zhao Tongxin, don't blame me for my hard work."

"Tong Xin, don't talk to him so much. Time will prove who is the winner. And I understand your mind. That's enough. Let's have a rest and wait for the gambler." Jin Zhengting takes Zhao Tongxin into his arms and says it in her ear gently. His eyes are extremely gentle, and there is a hot flame jumping in his eyes, which has completely melted her heart.

He nodded his head and took Jin Zhengting's arm. Zhao Tongxin left with him side by side, leaving Huo Tingchen with a figure of leaning against each other.

"Mr. Huo, you can rest assured that we are well prepared this time. Even if our opponent is Jin Zhengting, we are sure to win."

Until Jin Zhengting left, Xu Zhengcai whispered to Huo Tingchen.

Huo Tingchen's anger will dissipate at this time. He looks at Jin Zhengting and Zhao Tongxin, who have disappeared in the crowd. There is a chill in his eyes: "although we have achieved unprecedented success in this gambling Stone Fair, this is not our goal. Our ultimate goal is to win Jin Zhengting."

He has lost his sense now. In Huo Tingchen's mind, winning Jin Zhengting, even if it is only temporary, is better than the success of gambling Stone Club. He is always a man who is easily confused by anger.

"Mr. Huo, you don't have to worry about this. Only I know the characteristics of rare stone. I don't believe Jin Zhengting can find that rare stone from thousands of gambling stones."

Lu Moyan now also realizes why Huo Tingchen only told him the characteristics of rare stones, not because he only trusted him, but because he did not trust everyone. At the same time, only because he was not a member of Tianhong Group, he had to let him come forward. Just now, he asked Jin Zhengting to choose first, which is actually his distrust of Lu Moyan, because Huo Tingchen saw it. In recent years, it's harmless for the rare stone to fall into Jin Zhengting's hands, but in Lu Moyan's hands, the nature is different. After all, he is too close to Xu Zheng, and Huo Tingchen still doesn't want Xu Zheng's group to grow too strong.

In addition, Huo Tingchen's design to frame Lu Zhanyan makes him almost lose his brother, and his hatred for Qian Yuanyuan, a gentle and beautiful wife, makes him hate Huo Tingchen even more.

Fortunately, like his brother, Lu Moyan is good at seeing things from the overall situation, so he tried his best to suppress his anger and still said it gently to Huo Tingchen.

"I don't worry about this. I'd better take a step at it. Even if Jin Zhengting gets the rare stone, it's God's will. He can't blame others."

After Huo Tingchen regained his composure, he immediately felt that the biggest winner today was Xu Zheng. If Lu Moyan was allowed to get the rare stone again, then Xu Zheng would really win. This was not the result he wanted to see, so he said vaguely and left.

Long Jiu followed Huo Tingchen all the time. After walking out of a certain distance, she whispered to Huo Tingchen: "brother, have you found Jin Zhengting seems to be very confident? Does he already know something inside?"

Huo Tingchen also thought of Jin Zhengting's self-confidence, which made him doubt everyone around him. However, on second thought, Jin Zhengting always had this kind of confidence, so he didn't feel anything special wrong. He waved his hand and said, "Jin Zhengting is just bluffing. What he relies on is Zhao Tongxin and that man I don't believe that the people of ponies can make a difference under our careful arrangement. "

In fact, he didn't know that at this time, he and his group were already under siege.

Long Jiu always believed in Huo Tingchen's judgment. Seeing that he was so determined, she didn't say anything more. Looking at more and more crying rich people, her eyes also showed a cruel smile: "whether Jin Zhengting can win this time or not, our goal has been achieved. It seems that these rich people have become poor."

"It also means that Xu Zheng has got countless capital today. I hope he can help me fight against Zhao Tongxin, so as to attract Jin Zhengting's attention. As long as you give me a week's time, I can ensure that all the assets of Jiangdong will be transferred. With the assets of Cheng mobing, Xu Zheng and Lu Moyan, it's easy to deal with Jin Zhengting, If he knows that he has been besieged, I don't know if he can still have such self-confidence. "

Huo Tingchen is not without complacent said, in fact, he did not know, he is really into the situation.

Chapter 620

Gambling stone will continue. Almost all the rich people have lost their money. At first, they just want to be small and broad, so they don't invest much. However, as they become more and more unwilling, they invest more and more capital. Without exception, no one can choose that rare stone.

These rich people are just like gamblers who lose their money. They invest their wealth step by step into something that can only see hope, but can never get it. Naturally, the final result is that all their wealth becomes Xu Zheng's capital.

After only a few hours of gambling, Xu Zheng already has billions of capital in his hands, which gives him a lot of confidence. What he thinks now is that since he cooperates with Jin Zhengting, he should cooperate to the end. First, he should kill Huo Tingchen. He can feel that Huo Tingchen has already killed him. Once he finds that he can't control it, then he can Will be merciless to erase him from the world.

"Do you think we should help them secretly?"

Taking advantage of the opportunity of no one around, Lu Moyan quietly asks Xu Zheng, and Cheng mobing also looks at him with questioning eyes. They all habitually regard Xu Zheng as the core figure, and they are all forward-looking to his decision.

Now Cheng mobing is more inclined to reconcile with Cheng Mohan emotionally. The biggest obstacle between them is that they have been schemed by old lady Cheng, which makes their brother and sister almost turn against each other.

But old lady Cheng is dead now. With the passage of time, the two people's grudges gradually fade. Now all the Cheng family's property is in Huo Tingchen's hands, which makes the two brothers and sisters who came from the Cheng family regard Huo Tingchen as the number one enemy. Therefore, by the chance of gambling Stone Club, they reach a reconciliation, so Cheng mobing's heart naturally deviates To Jin Zhengting group, of course, compared with Huo Tingchen, her heart is completely in Xu Zheng now, which has no interest at all.

Naturally, Xu Zheng can feel Cheng mobing's feelings for him, so he doesn't want to go against Cheng mobing's wishes. Although he still has ambition, compared with Cheng mobing, he thinks his ambition is insignificant.

So when you meet the person you really like, you can give up everything.

"At this time, I also want to help Jin Zhengting, but you can't see that Huo Tingchen still doesn't trust us very much. I think he just wants to test whether we have the idea of cooperating with Jin Zhengting, so we don't do anything now."

However, Xu Zheng is still very mature, he has guessed the purpose of Huo Tingchen, so he will not be deceived.

"But how can they get the rare stones in Zhengting

Lu Moyan can't help but feel some worry about Jin Zhengting. That rare stone may be related to the fate of many rich people. But for Jin Zhengting, one billion is not a big number. Just the attitude of Jin Zhengting and Huo Tingchen just now shows that they don't want to lose the warm-up campaign before the decisive battle.

"Don't worry. I've told Jin Zhengting that there is a white quartz on that rare stone. I think they can find a general idea from this feature. As for which one is, it depends on their ability. We really can't do anything about it now."

Xu Zheng sighed and said faintly, from the bottom of his heart, he still hopes Zhao Tongxin can get the rare stone, because he is a full sister. After Xu Ting betrayed and betrayed him, he only has Zhao Tongxin, a good cousin. Moreover, Zhao Tongxin has saved his life, so from the emotional point of view, the balance of his heart also faces Jin The main court is inclined.

"Zhengting, do you really believe that I can find rare stones?"

Although Zhao Tongxin knows that the value of this rare stone itself is not so important, and the symbolic meaning is far greater than the actual value. This is because before the duel with Huo Tingchen, both sides want to surpass the opponent's performance in momentum, but she is still a little nervous. After all, she is a girl, and her psychological quality is not as good as Jin Zhengting.

Jin Zhengting raised her hand and stroked her hair, with an intoxicated smile in her eyes: "I believe in you, so you have to believe in yourself."

"Well, I see. Zhengting, you won't be disappointed."

Looking at Jin Zhengting's encouraging eyes, Zhao Tongxin's mood suddenly calms down, and her eyes also become firm, which may be the magic of love.

"Mr. Jin, Mr. Zhao, can you not ignore my existence? Mr. Zhao is not only a gifted gambler, but I'm not bad either. As long as you give me a chance, I'll be able to find it."

Xiao Ma said pitifully that his sense of existence was really not high, because it was the first time he met this scene, so his legs were a little weak. However, seeing that Jin Zhengting placed his hope on Zhao Tongxin, his man's self-esteem made him stand up.

Jin Zhengting light smile: "are you ready?"

"Don't worry, Mr. Jin. I'm at my best all the time."

Xiao Ma said confidently. Yang ziye, who was sitting drinking, gave him a white look: "Hey, your pants are zipped open. If you're sleeping with a beautiful woman, it's really the best state." Zhao Tongxin covered his mouth with a smile, and Jin Zhengting's face also showed a trace of smile. Only Xiaoma turned around in embarrassment and zipped up his trousers: "sorry, I bought these trousers from the street, the quality is not good."

"Well, we're ready to pick the stones."

Zhao Tongxin saw Huo Tingchen in the distance making a please gesture towards them, and said with a smile to the pony. Her eyes were full of encouragement, not only to the pony, but also to herself.

"Don't worry, we can go now. Mr. Zhao said

Pony agreed, leading into the gambling area.

Jin Zhengting looks at Zhao Tongxin, smiles, reaches out her hand, holds her little hand, and the two go into the gambling area hand in hand.

"Xu Zheng said that there is a piece of white quartz on the rare original stone. We only need to find a gambling stone with this feature and choose the one from it."

After entering the gambling area, Jin Zhengting talked with Zhao Tongxin and Xiao Ma, and looked around with his deep eyes. He could see the gambling stones quickly, but none of them escaped his eyes.

It's the same with Xiaoma. He has been trained in thousands of skills all the year round, and his eyesight is no worse than Jin Zhengting. It took them less than five minutes to read thousands of gambling stones. This speed is the limit of human eyesight.

"Mr. Jin, I found five gambling stones with quartz."

He said that he had already started to take the gambling stones he saw with such characteristics. Although 15 minutes was quite short for normal people, for a thousand door expert like Xiao Ma, he found these gambling stones in a few minutes.

Jin Zhengting nodded slightly and praised the little horse's eyesight. At the same time, he began to take out the two gambling stones left by the little horse.

Xiaoma is embarrassed to scratch his head. After all, people's eyesight is limited. It's the limit that he can find out five pieces. Unexpectedly, Jin Zhengting's eyesight is even better than him, and he finds out what he has missed.

"Mr. Jin, how did you do it? My master trained my eyesight for three years."

The young horse thinks very inconceivable to ask, he does not understand why oneself this professional personage, still cannot compare Jin Zhengting.

Jin Zhengting said lightly: "because I have practiced for five years, that's all."

"Oh."

Xiao Ma takes a look at Jin Zhengting with admiration, and then concentrates on observing the gambling stone, but Zhao Tongxin still doesn't move. This is Jin Zhengting's explanation. He won't let her touch the gambling stone easily before he makes her identify.

This is also to maintain her keen touch to the gambling stone. Jin Zhengting looked at it again and felt that no gambling stone with white quartz had been missed. Then he said to the mini walkie talkie at the neckline: "Rong Lei, you can start."

Three minutes later, the gambling area began to become hot and dry. Because of too much concentration, the pony was already sweating.

"Mr. Jin, why is it so hot all of a sudden?"

As the horse carefully identified the gambling stones, he asked. Jin Zhengting said faintly: "because the floor heating in the gambling stones area has begun to heat, Tong Xin, you can start."

Zhao Tong Xin agreed with a smile, and gently touched the selected gambling stone with her fingertips. When the pony had just identified two pieces, she had stood up, with a firm smile on her face: "Zhengting, I think this is the so-called rare stone."

Xiaoma took the rare stone identified by Zhao Tongxin, carefully observed the fog and grain on the gambling stone, and nodded admiringly: "Mr. Jin, Mr. Zhao is so powerful. Although this gambling stone is the most difficult product of Huangwu gambling stone, the grain is the authentic dragon pattern, which should be right. The reason why we didn't choose it is that we didn't choose it. We all think that the yellow fog gambling stone is too common, so we habitually ignore it."

Jin Zhengting, who started his jewelry business, is no stranger to gambling stones. He picked up this rare stone and wiped it gently. The yellow fog of artificial coloring on the stone was wiped away, revealing a very rare black fog.

"Huo Tingchen really did something on the rare stone. If we follow the true features of this gambling stone, it will certainly attract a lot of people's attention."

Jin Zhengting said faintly, and then looked at Zhao Tongxin with gentle eyes: "I said I have confidence in you, and it turns out that I am right, because you will never let me down."

Zhao Tong Xin smile: "that is also because you give me confidence."

Xiaoma was forced: "Mr. Jin, Mr. Zhao, you really have lost my confidence."
