

Chapter 621: Raise the Price Anytime!

Was he crazy to use 600 million yuan to buy it?

Shen Fanxing smiled at Jiang Rongrong calmly.

“Before the scent-making competition, bring 600 million yuan to me to exchange for the share transfer document! If your precious granddaughter wins the scent-making competition and becomes famous, Lan Yun Entertainment will make a comeback... At that time, you won't be able to get 600 million yuan!”

Upon hearing this, Jiang Rongrong and Yang Liwei's expressions changed again.

This Shen Fanxing really knew how to pinch their Achilles' heel.

‘They knew that Qianrou would definitely win this competition, so they placed all their bets on her!

Once Qianrou achieved results, Lan Yun Entertainment's value would naturally be immeasurable.

Roughly estimating the current market price of Lan Yun Entertainment, 15% of the shares was 600 million yuan. This price was not low, but it was not much higher!

“I wait for your news. It's best if you hurry up. I have to prepare for the scent-making competition. Who knows, I might feel that 600 million yuan is too little one day and I can increase the price anytime!”

“You...” Jiang Rongrong's face twitched and she trembled in anger.

“Yes, I regret it now. I'll add another 50 million! 650 million!”

Jiang Rongrong's face darkened.

Shen Fanxing supported Shen Shanghua and took two steps forward. Jiang Rongrong did not budge.

Shen Fanxing raised an eyebrow again and said, “I think 50 million is too little...”

Jiang Rongrong's eyes were bloodshot and she was fuming with anger.

In the end, he tured to make way for Shen Fanxing.

Shen Fanxing pursed her lips and finally brought Shen Shanghua out of the house.

Shen Fanxing got into the car and drove away without a word.

Shen Shanghua opened his mouth before he pursed his lips and sighed heavily.

Shen Fanxing couldn't bring herself to mention the Shen family after years of disappointment.

Jiang Rongrong and the rest had no choice but to fight.

Since she couldn't see them, she naturally didn't want to waste any time on them.

As for Shen Shanghua, she knew that he was stuck between her and Shen Qianrou.

There was a barrier between them. After all, she had left the Shen family for six years.

Although they were both his granddaughters, Shen Qianrou had protected him for so many years and knew how to coax him. It was reasonable for them to be closer.

She knew that he doted on Shen Qianrou, but he didn't trust her back then.

However, how could she have so many requirements for kinship?

From the beginning to the end, all she wanted was a sincere care and concern from her family.

She never expected others to do much for her.

Shen Shanghua only wanted justice tonight, but she felt that it was enough.

No one was perfect, so why should she expect him to be perfect?

'The car drove all the way to Luxury Emperor Garden.

Shen Shanghua was well aware of the terrain.

The best place in the center of Ping Cheng City was priceless.

At first, he was puzzled. But when Shen Fanxing's car drove into Dihao Luxury Court without any obstructions, Shen Shanghua had no choice but to believe her.

"You live here?"

Shen Fanxing alighted and opened the car door. She reached out to help Shen Shanghua. Upon hearing his question, she nodded lightly.

He gave a soft grunt.

Shen Shanghua looked at her deeply and said, "Your... boyfriend lives here too?"

Shen Fanxing looked at the only relative she had now. She paused and closed the car door. Then, she nodded and said calmly,

"It's my fiancé."

Chapter 622: No One Is Better Than Him

"It's my fiancé."

Shen Shanghua gripped his walking stick tightly, his eyes filled with surprise.

"You..."

"The marriage I mentioned tonight isn't just to shut Yang Liwei up."

Shen Fanxing said calmly, but there was a faint smile on her face.

Through the dim light, Shen Shanghua could see the expression on her face clearly.

“You’ve decided on him?”

“Yes. In this world, no one is better than him.”

Shen Shanghua pursed his lips and nodded, but he was still a little worried. “You have to be more observant this time. There aren’t many good men in this world.”

Shen Fanxing smiled and replied, “Yes, he reminded me that too.”

Surprise flashed across Shen Shanghua’s face again.

Although he was also a man, no one knew better than him how much he had seen through after living for so many years.

He admitted that he wasn’t a good man, so he didn’t think much of reminding Fanxing.

However, the other party should be young and energetic, yet she could tell Fanxing all these without hiding anything.

He was really curious about who this man was.

“Let’s go in.”

After entering the password, the door opened successfully. Shen Fanxing helped Shen Shanghua to the sofa and sat down.

Then, she looked around the living room. Seeing that there was no sign of a man, she was slightly disappointed.

Then, she walked into the kitchen and heated up some milk for Shen Shanghua.

“It’s getting late. You can sleep after drinking. You can sleep in the guest room anytime.”

Holding the warm milk in his hand, Shen Shanghua sighed helplessly.

“You can’t reject the dowry. Other than the ones your mother left you, I’ll prepare another one for you. However, looking at the current situation of the Shen family, compared to your mother’s dowry, the ones I gave you might be a little shabby...”

“It’s enough. The 15% shares are already not cheap.”

Shen Shanghua shook his head disapprovingly. However, thinking of the 15% shares just now, he said,

“Are you really planning to sell those shares to your grandmother?”

Shen Fanxing looked up at him, her cold gaze probing. “Do you think...”

“With their ugly faces, 650 million yuan is considered reasonable. But why did you sell it? With it and the shares in your hands, even if the company doesn’t belong to you in the future, you still have the right to make decisions at the shareholders’ meeting. If you give it to them like this, Lan Yun

Entertainment...”

“Grandpa!”

Shen Fanxing interrupted Shen Shanghua and said, "There's nothing worth making decisions for Lan Yun Entertainment in the future."

Shen Shanghua stared at her. "You... you really want to ruin Lan Yun Entertainment?"

Shen Fanxing sat on the sofa opposite and took a sip of warm water. Then, she smiled at Shen Shanghua.

"It's not me who wants to ruin Lan Yun Entertainment, but Old Lady and Shen Qianrou."

"From the beginning to the end, I've never really reached out to Lan Yun Entertainment. They only have themselves to blame! Shen Qianrou's image has collapsed. Who can she blame? Lan Yun Entertainment's manager and artistes were forced by them. I accepted them because I felt that they were worth

it.. Reality has proven that my decision was right! Why hasn't Ji Yi done anything in Lan Yun Entertainment for the past five years? Now that she's with me, she has become the most popular singer? In order to support Shen Qianrou, Old Lady Jiang didn't even care about the artistes in the company... She's

too stubborn, isn't she?"

Chapter 623: Meeting

In the end, Shen Shanghua could only sigh and shake his head helplessly. "I know. Lan Yun Entertainment won't last long in her hands."

Shen Fanxing smiled silently.

No one spoke in the living room, so they could hear everything clearly.

She vaguely heard footsteps coming from upstairs. Shen Fanxing turned her head and indeed, in less than two seconds, she saw a tall and slender figure walking up the stairs.

He had a tall and well-proportioned figure.

Before he could take off his meticulously ironed expensive suit, his long legs looked even longer from downstairs.

In his hand was the white porcelain cup that Shen Fanxing had placed in the study room. His bent arm revealed his spotless white shirt cuff.

Her noble and elegant temperament was outstanding. Even though she didn't have to stand at such a height, one couldn't help but be infatuated with her.

Surprise flashed across Shen Fanxing's eyes. So he was here.

When Bo Jinchuan's dark eyes landed on the unfamiliar man on the sofa, his pupils constricted and his rarely-expressionless face turned frosty again.

Shen Fanxing stood up and walked to the stairs. She smiled and beckoned to him.

“So you’re here! Come down quickly, I’ll introduce you.”

Bo Jinchuan pursed his lips and his gaze landed on Shen Shanghua. His eyebrows twitched and he looked displeased. But he still went downstairs.

Shen Fanxing grabbed his hand and pulled him to the sofa.

Their eyes met and Bo Jinchuan and Shen Shanghua exchanged a brief look. Both of them were on guard.

“This is Grandpa.”

Bo Jinchuan’s eyes flashed and almost instantly, all the emotions in his eyes vanished.

Shen Shanghua smiled when he saw the change in Bo Jinchuan’s expression.

She took a deep look at the extraordinary man in front of her. Her words and actions were elegant and noble.

However, he didn’t know if he should be happy or worried about her domineering and possessive aura.

Shen Fanxing didn’t pay much attention to their thoughts and continued,

“Grandpa, this is Bo Jinchuan, my fiancé.”

Upon hearing Shen Fanxing’s introduction, Bo Jinchuan’s eyes lit up.

She called Shen Shanghua “Grandpa” willingly.

Shen Shanghua nodded lightly, his gaze fixated on Bo Jinchuan. There was still doubt in his eyes.

Bo?

Bo Jinchuan?

“You and the Bo Consortium...”

He finally asked. There weren’t many people with the surname Bo in Ping Cheng City.

Bo Jinchuan nodded and said, “I’m in charge of the Bo Consortium now.”

Shock flashed across Shen Shanghua’s eyes.

He turned to look at Shen Fanxing and Bo Jinchuan, unable to hide his shock.

“You... You guys... How did you...”

He couldn’t imagine how Fanxing would end up with the CEO of the Bo Consortium!

They should have nothing to do with each other.

With the Bo Consortium’s wealth, power, and family background, it was impossible for them to be related to Fanxing.

With such a family background, how many daughters from wealthy families in this world could marry into the family?

Fanxing

“Does the Bo family’s patriarch know about your marriage?”

Shen Fanxing’s eyelashes fluttered.

She tightened her grip on Bo Jinchuan’s hand.

Although she didn’t say it, she had thought about it..

Chapter 624: Let Me Kiss You First

She was well aware of the Bo family’s background. Although Grandma wasn’t worried about objecting, what about the rest of the Bo family?

How did Bo Jinchuan’s parents, grandfather, and even the others react?

It wasn’t that she was overthinking, but these problems were inevitable and had to be faced.

Sensing her movement, Bo Jinchuan squeezed Shen Fanxing’s hand tightly.

“No one can influence what I decide. No one.”

Shen Fanxing looked up at him with a warm smile.

It was a faint smile of reassurance and reassurance.

That smile made Bo Jinchuan’s heart skip a beat.

Shen Shanghua sighed deeply and shook his head slightly.

How was this just a matter of decision?

It would be fine if it was an ordinary wealthy family, but the Bo Consortium.

It was a top-notch family in the world!

In the early days in Hong Kong, they were in the business of smuggling firearms, opening dance halls, and selling people’s lives like ants.

The Bo family was powerful and influential. The old master of the Bo family had countless mistresses. This was because he didn’t have many children. Now, the old master still had two brothers and a few cousins who were eyeing the Bo Consortium covetously.

‘The Bo family was a dangerous place!

Moreover, they were not from the same family. How could the Old Master of the Bo family tolerate a woman who was of no help to his grandson?

This sounded grand, but in reality?

Shen Fanxing stared at Shen Shanghua for a long time before saying,

“Grandpa, don’t worry. I like him and I’m willing to marry him. I’ll listen to you and keep a close eye on him. I trust him too.”

Shen Shanghua looked at her deeply and sighed again.

“I know I can’t control your actions, but please don’t regret it. I don’t have any other expectations. I just want you to live well.”

Shen Fanxing’s face softened and she was touched.

“I know, Grandpa.”

“Alright, rest early,” said Shen Shanghua as he stood up with his walking stick.

Shen Fanxing sent him to the guest room and settled him before closing the door.

Then, she exhaled softly and reached out to brush her hair.

However, at this moment, her body suddenly felt light as she was hugged by someone.

“Ah—”

Shen Fanxing moaned softly and instinctively clung to the man’s shoulders.

Of course, she wouldn’t suspect that there was another person in the room who was most likely to do such a thing.

She composed herself and took a good look at the well-dressed and handsome man in front of her. Shen Fanxing looked at him reproachfully. Out of consideration for her grandfather, she lowered her voice and said,

“What are you doing?”

Bo Jinchuan stared at her for two seconds before kissing her on the lips. Then, he carried her upstairs.

Bo Jinchuan rushed to the bedroom and kicked the door shut, pressing Shen Fanxing against it.

Shen Fanxing panted as she looked at him. “You.

“Let me kiss you first

Bo Jinchuan’s large hand pulled her shirt out of her skirt and slipped into it. When he touched her soft and smooth skin, he pressed his body against hers.

Chapter 625: Look At His Guts

Shen Fanxing trembled and her red lips moved slightly. Before she could answer, Bo Jinchuan had already bent down and pressed his lips.

“Mmm—”

The sound she was about to make was cut off halfway, turning into a delicate cry.

Bo Jinchuan pressed his lips against hers and rubbed them repeatedly. Eventually, they deepened.

The tip of his tongue pried open her teeth domineeringly and entered her mouth.

His kisses became more and more skilled, causing Shen Fanxing's heart to tremble uncontrollably.

Bo Jinchuan kissed her passionately, as though every kiss was his last. However, when he retreated slightly, he continued to recommend her.

The quiet bedroom was filled with their voices. Shen Fanxing grabbed his shirt tightly and raised her head to welcome Bo Jinchuan's kiss.

It wasn't until she was panting from the kiss that Bo Jinchuan retracted his lips. He pressed his forehead against hers and looked at her flushed face.

Shen Fanxing's legs went weak and she trembled as she tried to slide down. In the end, she instinctively pressed her body against Bo Jinchuan to support herself.

Bo Jinchuan understood and chuckled softly. He carried her again and placed her on the bed. His fair forehead was right in front of her as he kissed her.

Then, he stroked her hair and said in a low and restrained voice.

"Fanxing, don't think about anything. I won't let anyone hurt you."

Shen Fanxing smiled and shook her head as she held Bo Jinchuan's hand.

"I know you won't. However, I don't need your deliberate protection. I can protect myself. I don't want to drag you down, let alone be your weakness."

Shock flashed across Bo Jinchuan's eyes.

The words she had once said suddenly rang in his mind. She had said long ago that she didn't want to be a burden to him. She told him to walk forward without any worries.

So she had already thought of these questions

Knowing that she might have to face this problem in the future, she chose to believe him.

Just as Bo Jinchuan was in a daze, Shen Fanxing added,

"So, no matter what happens, don't let me leave you..."

Bo Jinchuan hugged her tightly and asked, "Do you think I'll let you go?"

Shen Fanxing nodded with a solemn expression.

"Yes."

Bo Jinchuan stared at her intently and gave a low laugh.

"How is that possible? Since you've become mine, you'll be mine for the rest of your life! Leave? Don't even think about it."

Shen Fanxing raised an eyebrow and gave a reassuring smile.

Bo Jinchuan looked at her helplessly. He suddenly thought of something and flicked her forehead.

“Hey! What are you doing? It hurts!”

Shen Fanxing rubbed her forehead in pain as she glared at him.

Bo Jinchuan pushed her hand away and looked at the spot where he had flicked. It was indeed red.

She placed her palm on it and rubbed it, but she still reprimanded,

“I really want to know what’s on your mind every day. You can think of all sorts of nonsense!”

Shen Fanxing snuggled into his embrace and leaned on his shoulder.

“This is called planning ahead. I’ve thought of everything that might happen. I won’t be flustered and helpless when it really happens!”

Bo Jinchuan smiled and his touch on her forehead softened.

“Look at how capable you are!”

Shen Fanxing looked up at him with sparkling eyes and said, “Then you have to watch me closely. I’m such a capable person. What if someone else takes me away?”

Hearing this, Bo Jinchuan suddenly let go of her.

“What should I do? I want to see how bold that man is!”

Chapter 626: An Electronic Invitation to the Fragrance Competition

Shen Fanxing smiled and said deliberately,

“alright, then hurry up and skin Pei Yunze alive. Let’s see how much courage he has.”

Upon hearing Pei Yunze’s name, Bo Jinchuan’s face darkened.

His low and deep voice was cold, freezing the surrounding air.

“I’ll skin him sooner or later.”

“Enough! He’s probably just bored! It’s a miracle for a late-stage clean freak to have a woman in his life.”

Bo Jinchuan’s eyes darkened even more.

Shen Fanxing’s eyes flashed and she pushed his shoulders away. She stood up from Bo Jinchuan’s embrace.

“It’s getting late. I’m going to wash up and sleep. I’m so tired today...”

There was nothing in her embrace. Bo Jinchuan swiftly grabbed Shen Fanxing’s waist and pulled her back. He flipped her over and pressed her against the soft mattress.

“Ah—”

Shen Fanxing blinked and looked at the man who was approaching her. Her gaze shifted elsewhere.

Bo Jinchuan’s lips curled into a devilish smile.

“You want to slip away before we get down to business?”

Shen Fanxing avoided his gaze and asked, “What business?”

Bo Jinchuan snorted and pinched her chin, forcing her to turn to look at him.

“Tell me, what happened with Su Heng today?”

“It’s a misunderstanding. I was also very surprised when he suddenly appeared downstairs. I said not to let him appear in front of me, and then he grabbed me. He might have drunk too much and grabbed my hand until it hurt.”

‘As she spoke, she extended her hand to Bo Jinchuan. Although there was nothing on it, Bo Jinchuan studied it for a long time.

“Hmph, is he going back on his word? He can’t even differentiate between diamonds and stones. What’s the use of having such a man? Is he used as a decoration? He actually wants to go back on his word and redeem himself. How stupid... Don’t you think so?”

Bo Jinchuan glanced at her and retorted.

Shen Fanxing looked at the most handsome and expensive man in front of her. The indignant expression on his face was a wonder of the world.

However, she had seen the contrast in him before. Now that she saw him again, she felt amused.

Bo Jinchuan felt a little uncomfortable when she didn’t respond. He looked down at Shen Fanxing’s pursed lips and pinched her waist.

“What are you laughing at? Are you?”

Shen Fanxing was touched and she nodded repeatedly. “Yes, yes, yes! Su Heng is too stupid! I was blind to have fallen for him back then! I really have to thank him for falling for such an outstanding man like you!”

Bo Jinchuan pursed his lips and said, “Although it’s despicable, it’s the truth. Stay away from those stupid people in the future.”

“Yes, I will!” Shen Fanxing promised.

‘As she had to accompany Shen Shanghua, Shen Fanxing wasn’t in a hurry to go to work.

At ten in the morning, she was chatting with Shen Shanghua when she received an electronic invitation from the organizer of the International Fragrance Competition.

Based on her past experiences, she had always thought that the venue for this year’s competition would be the same.

Unexpectedly, there was such a huge change this year.

Because it was the 50th birthday of the princess of Country F, the competition was delayed by two days.

Princess Matilda was a romantic who pursued supreme beauty. She had a special fondness for unique perfumes.

The venue of the scent-making competition this time was Provence, the city of knights in the romantic city of lavender.

She remembered that the competition was in full bloom!

Chapter 627: Shameless People Are the Best to Deal With

Provence was indeed a romantic place.

All these years, she had never relaxed.

This time, it was an opportunity.

Sighing softly, a smile appeared on her beautiful face.

She looked as if she had really arrived in Provence and was enjoying the warm sun and the fragrance of flowers.

However, this thought didn't last long before her phone rang again.

Seeing the caller ID, Shen Fanxing smiled and picked up the call.

"Hello..."

"Miss Shen Fanxing, I'm..."

"I know, Lawyer Chang, Did Jiang Rongrong and Yang Liwei look for you again?"

Lawyer Chang paused for a moment before saying, "Yes, I brushed them off just now. They seemed to be in a hurry. They didn't even prepare any excuses before they charged over. They didn't distinguish between right and wrong and insisted on transferring those things to Shen Qianrou. Ha... That's

ridiculous. I've been a lawyer for so many years and I've seen some people who would do anything for money. However, this is the first time I've seen someone like them. The way they acted shamelessly at the lawyer's office today is really unbearable... Miss Shen Fanxing, have you... forced them into a corner?"

Shen Fanxing sneered coldly. She had been forced into a corner.

Last night, she said that they couldn't be touched. Today, they had to fight for it personally.

Hearing Shen Fanxing's laughter, Lawyer Chang continued, "But you shouldn't force them too much. Those who are obsessed with money might do something extreme in the end. If they keep coming to the law firm, I... won't be able to take it..."

Upon hearing this, Shen Fanxing's eyes lit up and she said, "That's easy. Announce the legal documents left behind by my mother. Although they're shameless, they care about their reputation the most. We don't have much strength, but don't we have the entire country's citizens? It's best to release some of the videos of them making a scene at the law firm today. I want to see how they have the face to continue going to the law firm..."

Upon hearing Shen Fanxing's words, Lawyer Chang was stunned for a long time before he couldn't help but laugh.

"You have the most ideas."

Shen Fanxing smirked and said, "It doesn't take much effort to deal with shameless people."

"Okay, when they came here back then, there was a busybody employee who recorded a video. I can use it now."

"Yes, you've worked hard."

After hanging up, Shen Fanxing couldn't help but sneer. It seemed like there was another joke to watch.

After leaving the law firm, Jiang Rongrong and Yang Liwei were furious and frustrated.

"Mom, what should we do? I've already told my in-laws about Qianrou's dowry. If we can't take it out now, I..."

Jiang Rongrong was so angry that her heart ached. Hearing Yang Liwei's words, she glared at her.

"The matter hasn't been discussed yet. Who allowed you to make such a decision?"

Yang Liwei looked miserable. "A few days ago, I was playing cards with my in-laws and a few madams. I couldn't help but... Mom, at that time, I said that I would be a joke to those madams..."

Jiang Rongrong snorted coldly and said, "You can't even produce anything now. What a joke!"

Yang Liwei became even more anxious.. "So Mom, what should we do now?"

Chapter 628: Tweet

Yang Liwei became even more anxious. "So Mom, what should we do now?"

Jiang Rongrong pondered for a while and said, "Bring your father back first. That evil creature might only listen to him in this family. Let's comfort your father first and get him to talk to her later!"

Yang Liwei hurriedly took out her phone and called Shen Fanxing.

Shen Fanxing wanted to cut a plate of fruits, but before she could finish, three calls came.

"What's the matter?" Yang Liwei's call was expected.

He had wanted to embezzle her dowry behind her back. If it were anyone else, they would have hidden away and been too ashamed to see her. But she.

Was she trying to push her luck?

“Fanxing, I’m your aunt... It’s like this. It’s not right for your grandfather to stay at your place. Where are you staying now? Let’s go and fetch your grandfather...”

It was unexpectedly friendly and flattering, as if the person who had given her the cold shoulder yesterday was not her.

“No need. I’m afraid he’ll be angered to death by you guys when he goes back.”

Yang Liwei choked. Thinking of the chaos in the Shen family last night, they were too impulsive.

In the end, even Shen Defan was so angry that he didn’t return home.

“If there’s nothing else, I’m hanging up.”

“Fanxing, your grandfather can’t stop taking his medicine every day. He’s used to living at home. After all, he’s old and it’s difficult for him to adapt to his new environment. If you don’t worry... you... you can move back...”

Shen Fanxing frowned and said, “I won’t go back. I won’t let Grandpa go back either. As for his medicine, I’ll go back to the Shen family to get it.”

“Fanxing...”

Yang Liwei refused to give up and wanted to say something, but Shen Fanxing had already hung up.

After she hung up angrily, Jiang Rongrong could tell what had happened. She frowned and confusion flashed across her eyes.

“Where is that girl staying now?”

Yang Liwei shook her head and said, “Ever since Qianrou’s fans smashed her car, she has moved out of that district.”

Jiang Rongrong frowned. After a while, she suddenly said,

“Let’s go back first.”

“But Mom, what about Dad...”

Jiang Rongrong didn’t answer and got into the car. Yang Liwei could only follow. She had been invited to play mahjong early in the morning. If she went back now, she would be able to play a few rounds.

‘When Yang Liwei arrived, Shen Qianrou was playing mahjong with Cai Jingyi and the other ladies.

Seeing her, Shen Qianrou gave up her seat.

After that, she sat beside Cai Jingyi to look at the cards and remind her of what she had missed.

In a row, Yang Liwei gave Cai Jingyi two slaps, and Mrs. Sun also gave her one.

“Aiyo, what is this called? A married daughter is like water that has been splashed out. Look at this daughter’s good fortune. In the blink of an eye, it has gone to her mother-in-law!”

Cai Jingyi was so happy that she couldn't close her mouth. She was even more satisfied with Shen Qianrou and believed in the saying that she was born with a phoenix fate.

Shen Qianrou said shyly, "No, I'm just lucky..."

"Tsk tsk, that's such a sweet name. But who are you calling?"

Mrs. Sun teased, making Shen Qianrou even more embarrassed. "Auntie Sun, stop teasing me..."

"Haha... Aiyo, wait a moment. I'll go to the toilet first..."

Mrs. Sun went to the toilet. Mrs. Zhang, who was opposite her, disliked the marriage between the Su and Shen families.

Outsiders said that the man was good-looking and the woman was beautiful.

There was a sour feeling in her heart. She couldn't bear to see others feeling proud.

She didn't want to go against Mrs. Sun's wishes. In her boredom, she picked up her phone to watch the stock market. At that moment, she saw a news notification. It was clearly about the Shen family fighting for Shen Qianrou's dowry.

Looking up at the in-laws who were chatting happily, she pursed her lips and clicked on the notification.

It was written that Director Jiang of Lan Yun Entertainment and his wife, Madam Yang, had caused a scene at the law firm because of Shen Qianrou's dowry. They wanted to take the dowry that Shen Fanxing's mother had left for her..

Chapter 629: Pay the Price

The photo was of Ji Fengmian's legal assets. On the day of Shen Fanxing's wedding, the assets under his name belonged to Shen Fanxing.

There was another video.

Mrs. Zhang snorted and looked up at Yang Liwei with disdain.

It was one thing to destroy her family, but now, she even wanted to swallow the assets that she had left for her daughter. How shameless.

Without any hesitation, she clicked on the video and Yang Liwei's sharp voice sounded.

"What's with your attitude? I'm her mother now. Why can't I decide on her dowry?"

The moment she said that, Yang Liwei's expression changed and she looked in Madam Zhang's direction.

"In the end, those things belong to the Shen family. Shouldn't the legal first heir be the spouse? She still has a husband. I'm his mother. It's my right to arrange these things!"

Jiang Rongrong's cold and authoritative voice sounded even more domineering.

Yang Liwei and Shen Qianrou's expressions darkened. Cai Jingyi also turned to look.

"Chairman Jiang, Madam Yang, the two of you should understand. This document clearly states that Madam Ji's personal assets belong to her only daughter, Miss Shen Fanxing, She is the first and only legal heir."

"What personal assets? She's the daughter-in-law of the Shen family. Where did she get her personal assets..."

After watching the video, Mrs. Zhang put away her phone with a strange expression.

She covered her mouth under her nose and said in a daze,

"I saw the personal businesses announced by the law firm. There seems to be cafes, KTVs, porcelain shops, jade shops, and so on. Liwei, didn't you tell Jingyi about the dowry a few days ago? There seem to be these things too... So, hehe... They're all the dowry that Ji Fengmian left for his biological daughter..."

Yang Liwei's face darkened. She snatched the phone from Mrs. Zhang's hand and looked at the news. Her face twitched and she couldn't hang up.

Cai Jingyi frowned. "In-law, what's going on?"

Mrs. Zhang coughed lightly and pretended to be embarrassed.

"Liwei, that's a little too much. At our age, we all know what kind of woman Ji Fengmian is. In the circle of rich ladies, she's the best at making trouble. Didn't the Shen family do nothing in the beginning? Didn't they rely on Fengmian to squeeze into the upper-class circle? What you're enjoying now is supported by him. Humans have to know how to be grateful and grateful, right? Chairman Jiang, why did you make such a mistake?"

Yang Liwei suddenly stood up from her chair and threw her phone in front of Mrs. Zhang, She frowned and said,

"Zhang Cui, what do you mean?"

Mrs. Zhang's face darkened. She slammed the table and stood up.

"Hmph! You're indeed a mistress. You're all despicable! You could still put on makeup previously, but now you can't? You dare to smash my phone..."

Upon hearing the word 'mistress', Yang Liwei gritted her teeth in anger. "Who are you calling a mistress? So what if I threw your phone?!"

Mrs. Zhang gritted her teeth. "What's wrong? You broke my phone, so I have to make you pay!"

As she spoke, she picked up her phone without hesitation and smashed it on Yang Liwei's face!

Chapter 630: Who Do You Think You Are?

'As she spoke, she picked up her phone without hesitation and smashed it on Yang Liwei's face!

His movements were too fast and his strength was too strong!

Yang Liwei screamed and fell to the ground.

"Mom!"

Shen Qianrou panicked and hurried to Yang Liwei. There was a bloody hole at the corner of her mouth and her eyes were bruised.

There was an obvious phone print on the left side of her face.

Cai Jingyi was also shocked. Mrs. Sun heard the sound and came out of the bathroom. When she saw Yang Liwei's expression, she immediately covered her heart in fear.

"Oh my god, what happened?"

Mrs. Zhang raised her chin fearlessly and snorted. "Don't think that you're a rich lady just because you've entered our circle. A mistress is a mistress. She won't be able to go on stage for the rest of her life! How shameless and smug. What kind of person is she?"

Mrs. Sun understood immediately. "Hurry up and call the ambulance. Zhang Cui, you... what are you doing? What if you hurt her?"

"So what if it's broken! She even broke my phone! Coincidentally, my phone is used to pay for her medical fees!"

With that, she picked up her bag and walked out calmly!

"Sigh, Zhang Cui, Zhang Cui, you can't hurt the harmony... You've offended someone..."

"Why am I talking to a mistress? I've offended the Shen family. If you have the ability, come and settle scores with me! Without Ji Fengmian, hehe... Who does the Shen family think they are?!"

Mrs. Zhang left without looking back. Mrs. Sun listened to Mrs. Zhang's words and called the ambulance before leaving.

Yang Liwei wailed in pain as she cried and cursed. Her words were unbearable.

Cai Jingyi frowned when she heard that.

"Mom, Mom! Bear with it, stop talking, stop talking!"

Shen Qianrou felt ashamed and angry again!

That was enough!

That was enough!

After a long time, the ambulance arrived at the hospital. There were stitches on her mouth and medicine on her face. Yang Liwei's head was wrapped in gauze.

Shen Qianrou had just returned home with Yang Liwei when Shen Fanxing returned.

Seeing Yang Liwei's expression, Shen Fanxing blinked twice to stop herself from laughing.

She was fine in the morning. Why did she have a new head in less than two hours?

"Your... sister, you're back?"

Shen Qianrou was about to glare at her coldly when she saw Jiang Rongrong walking out. Her expression changed immediately.

Shen Fanxing sneered and ignored them before walking into the living room.

Jiang Rongrong's face darkened as she glanced at Yang Liwei.

"What happened? You..."

She had nothing to say. Other than giving birth to Qianrou, this wife was really useless!

She entered the living room and handed Shen Shanghua's medicine to Shen Fanxing.

Shen Fanxing lowered her head to verify before turning to leave.

"Stand still!"

"Don't talk to me about manners. I'll save my breath and you won't be angered to death by me!"

In reality, Jiang Rongrong was still angered.

After walking out of the living room, she looked at Yang Liwei with disappointment before saying to Shen Qianrou,

"Come out with me."

"Where are you going, Grandma?"

"Follow your sister and bring your grandfather back!"

Not long after, Shen Fanxing realized that she was being followed. Noticing that the car belonged to the Shen family, she smiled and let them be.

Following Shen Fanxing all the way, Jiang Rongrong and Shen Qianrou were shocked when they saw her car.

"Sister... lives here?"
