

# Super Rich Dad Chapter 629-630

## Chapter 629

A single punch could beat a strong man who was two meters tall and weighed three hundred pounds to the point of spitting blood, what kind of strength was that?

However, Jiang Hao looked at Yan Feng who had fallen to his knees, spitting blood while glaring viciously at himself and let out an angry laugh, 'How the hell do you dare to board me?'

With those words he quickly stepped forward. One leg was straightened out then fiercely lowered to kick Yan Feng in the head, then he stomped his head under his feet!

'I'm really not quite sure who gave you the confidence to even dare to glare at me, what do you think you are!'

Jiang Hao snorted disdainfully before lifting his foot and kicking Yan Feng to the side. Then double count it, I don't want to fight anymore.'

The host nodded slightly before nodding his head. Looking awkwardly at the unconscious Yan Feng he spoke, 'Ahem, there shouldn't be any need to read the count, I don't think he'll be able to wake up for a while.'

Jiang Hao nodded before removing his own gloves, then threw them in the ring and raised his hands in Lin Yan's direction, enjoying the screams of the crowd on stage!

He even came down to the ring riding on the necks of others being taken to the box, with many women scrambling to shake Jiang Hao's hand along the way!

Some of those who didn't get a handshake even took their underwear off and threw it at Jiang Hao, hoping to get his attention in this way!

The only consequence of this was that by the time Jiang Hao returned to the box, Lin Yan was looking rather helplessly at him with several pieces of women's corsets on his head.

Looking at Lin Yan rolling her eyes at herself one after another. Jiang Hao sighed somewhat helplessly, 'It's not like I wanted them to throw it over, can you stop it?'

Lin Yan looked at the aggrieved look on his face, and after slightly twitching the corners of her mouth, she couldn't help but laugh out loud.

But only after she had finished laughing did she then carefully sized up Jiang Hao.

'You're not right, you're just a doctor, why do you have such strong power?'

Jiang Hao put on his own clothes, then after picking up a glass of wine and taking a sharp sip looked at Lin Yan and smiled, 'I like to work out, okay?'

What kind of secrets are you hiding?’

Although she was already a little drunk, the calm Lin Yan’s eyes were surprisingly bright.

Jiang Hao looked into her eyes and couldn’t help but say, ‘Your eyes are so beautiful.’

As soon as he finished speaking, he could not help but look slightly choked, and then hurriedly explained, ‘No, I just couldn’t help myself.’

But when he had finished explaining, he was surprised to find that a blush of puffiness had surfaced on Lin Yan’s face.

‘Don’t think you can fool me just by gagging like that, say. Did you deliberately approach me!’

Looking at Jiang Hao as he ate and stared at himself, Lin Yan’s heart was beating faster and faster for some reason.

When she said those words. Lin Yan didn’t even dare to look at Jiang Hao again, and could only sit on the sofa with her head lowered.

Jiang Hao smiled at her appearance, sat down and lit a cigarette before taking a deep drag.

Looking at the noisy scene, many people looked drunk and dreamy. Jiang Hao suddenly felt a wave of exhaustion.

‘I’m a bit tired, let’s go back.’

Lin Yan, who suddenly heard this, froze slightly, then looked up at Jiang Hao and said, ‘I can’t drive if I’ve been drinking, you should go back.’

Jiang Hao looked at Lin Yan and shook his head, ‘Look at the mess here. Can I feel comfortable leaving you here alone?’

The sudden thoughtfulness caused a warm current to rise in Lin Yan’s heart, then she nodded slightly and said, ‘It’s okay, there’s a hotel upstairs, I’ll just rest there tonight.’

Jiang Hao pondered for a moment that he wouldn’t be able to go back tonight anyway, so he helped Lin Yan to stand up.

But he didn’t expect Lin Yan to fall into his arms when her feet went weak, so Jiang Hao hugged her and said, ‘Are you alright, have you had too much to drink?’

Lin Yan’s face flushed red. But she didn’t say anything in reply.

After frowning slightly, Jiang Hao simply picked Lin Yan up horizontally. Then he walked outside.

As a result, just as he reached the door, two waiters suddenly came out and respectfully spoke, ‘Please leave us a bank account. We will credit the money to your account as soon as possible.’

Jiang Hao frowned at these words and after glancing down at Lin Yan, he spoke, 'No need. It's the same for you to pay into Miss Lin's account, I have a headache now, move aside.'

Hearing these words, the two waiters hurriedly moved aside, afraid of blocking Jiang Hao's way.

Only after Jiang Hao had walked out of the bar did the two waiters say, 'Tch, it seems that this kid is not short of money, but the boss has lost a lot of money tonight, at least two million dollars!'

Another waiter interjected, 'Who said it wasn't, I didn't expect that kid to be so powerful, he looks like a character in a martial arts novel!'

Regardless of what the people behind him were talking about, when Jiang Hao was carrying Lin Yan in the lift to the upper floor, a gust of wind suddenly blew in.

Jiang Hao's head started to feel a bit dizzy, so he braced himself and opened the room.

He carried Lin Yan into the room and then flung himself onto the bed and fell into a deep sleep.

In his sleep, Jiang Hao vaguely felt as if he was in a sewer, and his body and face were sticky.

When he woke up, he opened his eyes and looked out of the window, but the sun was already shining.

Just as he was about to get up, he suddenly smelt a sour and foul smell.

Only then did he realise that the nightmare he had last night was because Lin Yan couldn't help but throw up all over him, and he had slept like that all night!

'Lin Yan! Get up and see what you've done!'

Lin Yan, who was still sleeping, moved and moaned with his eyes closed, 'What are you doing? How can you let people sleep in the early morning!'

After saying this, she turned to her side and went back to sleep, while Jiang Hao was shivering with rage at the filth on his body!

After taking two deep breaths to suppress the thought of strangling Lin Yan, Jiang Hao ran to the bathroom with the speed of lightning and hurriedly took off his clothes and took a shower.

He then changed into a bathrobe and sat on the sofa in his room, ordered room service and waited quietly for Lin Yan to wake up.

Finally, after about two hours, Lin Yan opened her eyes when she sensed that something was wrong.

She sat up and looked around and said, 'Where is this place and why am I here?'

Jiang Hao sipped his coffee while eating the breakfast served by the hotel room service and said, 'Why don't you care about the dirty things on your bed sheets?'

Hearing these words, Lin Yan looked down and then a scream rang out, 'Jiang Hao! You're going to die aren't you!'

Chapter 630

Jiang Hao looked at Lin Yan's blushing appearance, but laughed out loud.

After a flurry of chicken and dogs, Lin Yan, who had just cleaned up, came out of the bathroom wearing a bathrobe while wiping her hair.

When she met Jiang Hao's flirtatious eyes, she couldn't help but roll her eyes and said, 'To be honest. You really aren't fit to be a gentleman, at least a man would take care of a lady in a situation like this.'

Jiang Hao shrugged and let go of the knife and fork in his hand, then wiped the corner of his mouth to look at Lin Yan.

'I would consider myself gentleman enough for not lashing out at you in the morning looking at the filth on my body.'

After saying this. Jiang Hao shook his head slightly and spoke, 'Thanks to you, my suit worth up to five hundred dollars will have to be taken to the dry cleaners.'

Hearing this Lin Yan rolled her eyes, 'If you need it, I can use the money you won back for me yesterday to exchange it for 17 or 18 suits for you.'

After shaking her head slightly, Lin Yan walked over to the table and sat down, then looked at the breakfast in front of her and nodded in satisfaction.

'You have good taste, that is something that surprises me a little, a bigger surprise than your victory over that big guy yesterday.'

Jiang Hao looked at her, smiled and said, 'Of course, if you get to know me better, you'll find more surprises.'

'I don't think so, I wonder if you've ever heard of a joke?'

Jiang Hao shook his head slightly at his words. Looking at Lin Yan with red eyes, he spoke, 'That doesn't stop me from learning about it now, does it?'

'Of course, the joke is that a man and a woman are sleeping together and the woman draws a line and says that the one who crosses that line is a beast.'

Jiang Hao snorted out a laugh and watched as a slight look of anger flashed across Lin Yan's face.

He then hurriedly spoke, 'Cough cough, that, I suddenly remembered that I seem to have heard this joke before, so I understand what you're trying to say.'

Although a flash of red appeared on Lin Yan's face, she still lowered her head and spoke, 'To be honest. You're the first man to make me feel angry.'

Jiang Hao snorted and looked at his watch, then spoke, 'Don't worry, I definitely won't be the last man in your life to make you feel angry, I firmly believe that.'

Lin Yan felt like she had rolled her eyes more in this day than she usually did in a year, and this point was even a little too much for her to take.

'When a lady is talking to you, you even bother to care about time?'

Jiang Hao let out a bitter laugh, 'Come on, I have a job and I'm also a doctor. Do you understand what I mean?'

As soon as the words left her mouth, Lin Yan was about to speak. The mobile phone on Jiang Hao's body suddenly rang.

He picked up the phone and looked at the caller's message before picking it up somewhat helplessly and saying, 'Dean, what's up?'

On the other end of the line, Dean Jiao was relieved to hear Jiang Hao answer the phone and said, 'Where have you been? Thank goodness you finally answered.'

Jiang Hao frowned at these words and said, 'What's wrong, is there something wrong with the hospital?'

President Jiao shook his head slightly and said, 'That's not true, it's mainly because someone from the Xue family sent word to me to ask you to think of a way to see if you can restore the patient's memory.'

Jiang Hao let out a slight sigh after hearing these words. Some things could perhaps be avoided for a while, but ultimately, they could not be avoided.

Thinking about Xue Yuning's condition, Jiang Hao had some difficulty doing so for a while, as the cause of her illness was likely to be related to Shen Tianyang.

Although Jiang Hao had healed all of Xue Yuning's injuries, he didn't have a good solution for a while regarding the memories in her mind.

After hearing Dean Jiao's words, Jiang Hao pondered slightly for a moment and said, 'Don't worry, I'll take this matter to heart. Give me some time.'

Dean Jiao let out a bitter smile and spoke, 'Try to be as quick as possible, because the Xue family's side seems to be in a bit of a hurry.'

After saying these words. Right now, the only person who could cure Xue Yuning was Jiang Hao. I was afraid that Jiang Hao was the only one who could cure Xue Yuning.

Lin Yan, who was sitting opposite Jiang Hao and was eating, heard the conversation between the two and then said with a slight daze of surprise, 'You cured that illegitimate daughter of the Xue family?'

Jiang Hao looked at Lin Yan and couldn't help but frown: 'She's not a bastard daughter. She's just.'

When he said this, Jiang Hao paused not knowing what to say below.

Even though Xue Yu Ning's identity was a sore point, Jiang Hao didn't know how to speak up for her.

Lin Yan looked at Jiang Hao and spoke somewhat unexpectedly, 'Everyone in the Northern Mansion says this, it's not like I'm the only one who says this.'

After saying this, she looked at Jiang Hao who looked a little unhappy, a touch of displeasure surfaced in her heart for some reason.

'Didn't you say she had turned into a vegetable, and you were able to cure and bring her back to life here?'

Jiang Hao nodded slightly, then picked up his cup of tea and gently took a sip, 'It's not a vegetable, it's just that there are some blood clots in the brain that are blocking the nerves, that's why she was in a coma for such a long time.'

Lin Yan heard this and said disdainfully, 'Don't you dare, who doesn't have open-heart surgery when there's a blood clot in the brain, can you still open it up for people?'

Jiang Hao looked at Lin Yan's disdainful look and shook his head, and did not defend himself, but he did not expect that it was this kind of attitude that made Lin Yan's heart trust two more points on this matter.

Looking at Jiang Hao's frank look, Lin Yan hesitated for a moment and asked, 'You, can you really dissolve the blood clots inside the brain without craniotomy?'

Jiang Hao glanced at Lin Yan and said, 'Just because you don't know something doesn't mean it doesn't exist, Chinese medicine has been passed down for thousands of years, is it weaker than Western medicine?'

Speaking of this Jiang Hao snorted, remembering what Western medicine's treatment tenets were back then, and they had said it as a joke.

Where is broken, cut it, after cutting it, sew it up, if you can't sew it up, chop it off, this was the original treatment philosophy of Western medicine.

Such a treatment philosophy was ridiculed by many people, because they treated the human being as a machine.

Chinese medicine, on the other hand, treats every human body as a piece of heaven and earth, which is evident from the fact that medicine is divided into five elements.

This is the reason why Western medicine treats the symptoms, while Chinese medicine treats the root.

Each person's body is like a piece of heaven and earth, and an imbalance between the five elements will lead to various abnormalities in the body.

Therefore, the philosophy of treatment in Chinese medicine has always been one of balance, and some say it is based on the Imperial Way.

A mere blood clot may require open-heart surgery for many Western doctors to remove.

But for Chinese doctors, all that is needed is to break up the clot with acupuncture, although this is not something that can be done by ordinary people either.
