

Super Rich Dad Chapter 634-636

Chapter 634

Xue Chongli looked at the two people's surprised looks and spoke with a slight bitter smile, 'This, to be honest I'm also a bit confused.'

But just after he said that, Jiang Hao shook his head and went up and said, 'It doesn't matter. It doesn't matter, just go up and see what's going on.'

After saying this, he went up and Dean Jiao did not even try to stop him.

As a result, Jiang Hao had just gone up and heard his grandmother say to Xue Yuning, 'Daughter, do you really not know who you were before?'

Xue Yu Ning shook her head and said, 'I'm not sure, but I think my name is Xue Yu Ning.'

The old grandmother looked at the Xue Yu Ning in front of her and was completely confused about her identity. For a moment, she couldn't help but feel very happy.

No matter what, she was still considered half of the Xue family, even if she didn't want to use it. Even if she didn't want to use it, she could still use it as a bargaining chip that she could control at will.

Thinking of this, the old grandmother couldn't help but look at Xue Yuning a little bit more affectionately.

'It doesn't matter if you can't remember, from now on, you can live here in peace, this is your home now!'

After looking at the old grandmother in front of her and hearing these words, Xue Yuning couldn't help but look at her and say, 'Grandma, you're so nice!'

Jiang Hao looked at these two women and couldn't help but have black lines all over his head. After coughing lightly twice and seeing both women looking at him, he brushed off a wave of presence.

'Ahem, that. I'm here to see the doctor for Xue Yu Ning.'

The old grandmother herself was somewhat disgusted with Jiang Hao because of the previous incident, and if it wasn't for him, she wouldn't have been so embarrassed yesterday.

At this moment, when she heard Jiang Hao say that he was here to see a doctor, the old grandmother coldly snorted and said, 'See a doctor? No one here is sick!'

Jiang Hao didn't bother to pay any attention to this woman and walked straight towards Xue Yu Ning and said, 'That, Miss Yu Xue, I'm here to find a way to restore your memory.'

Xue Chongli also walked up at this moment, then looked at his old grandmother and bowed respectfully and spoke without haste, 'Old grandmother, this is the order from the master. Let Doctor Shen find a way to restore Miss's memory.'

When the old grandmother who had the intention of telling Jiang Hao to get lost heard this, her face looked as if she had eaten a fly and had to shut her mouth.

She could say something to Xue Yu Ning when she didn't know anything now, but she didn't dare to say much in front of Xue Chongli, probably because Xue Chongli was the equivalent of the Old Master's eyes and ears.

Xue Chongli saw that her grandmother didn't seem to want to leave yet, so he coughed lightly and roared, 'It seems that old grandmother is still grounded, right?'

'Humph! What does it matter to you if I'm grounded or not, I can't go for a walk!'

As soon as she finished speaking, the old grandmother gave Xue Chongli a somewhat helpless look. With that, she turned around and left.

And Xue Yuning, who was sitting in the pavilion, was about to ask to stay, but was held down by Jiang Hao.

'Who are you. Why did you drive Grandma away, you must be a bad person right!'

Looking at Jiang Hao who had left her behind hard in front of her, a touch of anger surfaced in Xue Yuning's pure eyes.

Jiang Hao looked into her eyes and froze slightly, his heart involuntarily throbbing with pain.

'Yu Ning. It's me, do you really not recognise me?'

For just a split second, Jiang Hao actually blurted out what was on his mind!

Xue Chongli, who was standing at the side, glanced at Jiang Hao with some surprise, and Jiang Hao then hurriedly responded, 'I was treating you yesterday!'

Only after hearing this did Xue Chongli withdraw the look he had just given. Then he spoke to Jiang Hao, 'This, Dr. Shen, you go ahead and get busy, I'll wait outside, if there's anything you need, please feel free to order.'

Jiang Hao turned his head to look at Xue Chongli and nodded slightly before sitting down and saying to Xue Yuning, 'Do you still remember that yesterday, after you woke up, the first person you saw was me?'

Dean Jiao had originally sent Jiang Hao over to treat Xue Yuning, so he did not stay inside the pavilion, but followed Xue Chongli outside.

He couldn't help but shake his head and smile bitterly after looking at Jiang Hao, 'Xiao Shen is really too dedicated, sigh. This is something we can't compare to.'

Xue Chongli nodded slightly after lighting himself a cigarette, and then turned his back on Jiang Hao and the others and swallowed the clouds.

Xue Yu Ning looked at Jiang Hao with some confusion for a long time. Only then did she slowly speak, 'Oh, I remember now. The first person I saw after I woke up yesterday was you!'

After saying this, she spoke with some surprise, 'So you're a doctor. Aren't doctors always old men, why are you so handsome?'

Jiang Hao was slightly stunned at these words, Xue Yuning's words had made him laugh and cry.

Jiang Hao waved his hand and then looked at Xue Yuning and sat down and said, 'Cough, don't worry about that first, let me ask you a question, you must answer me honestly.'

After hearing this, Xue Yuning looked at Jiang Hao with one pair of eyes and nodded, 'Hm!'

'Do you want to remember your past, do you want to retrieve your previous memories?'

Xue Yu Nings rightfully nodded before speaking, 'Of course I want to get it back, I don't know what I am until now, it's a hard feeling you know.'

Jiang Hao nodded after a moment of silence and said, 'Alright, close your eyes and then sit on a chair and try to recall something, anything at all.'

Xue Yuning nodded slightly before closing her eyes, and then Jiang Hao took this opportunity to violently draw out a golden needle and stab it from the top of Xue Yuning's head.

Then he quickly used his true qi to pierce several other golden needles in total, a scene which caused Dean Jiao to feel stiffly surprised.

The Heavenly Spirit was not something that could be stabbed casually, it was a major deadly point in the human body!

Seeing Jiang Hao stabbing the golden needles into the body, he even started to apply needles around the Heavenly Spirit, Dean Jiao's heart was in his throat!

If he was not careful, he could not be held responsible for what would happen!

Only Xue Chongli, who knew nothing, looked at Jiang Hao as if he was watching a performance, and almost applauded!

'Old Jiao, you really don't say, this Dr. Shen still has some skills!'

President Jiao glanced at Xue Chongli helplessly and casually said, 'Really, how did you figure that out?'

Xue Chongli clasped his hands to his chest as he watched Jiang Hao first use acupuncture on Xue Yuning, and then take his pulse again.

So he couldn't help but speak up, 'Look at a random ordinary person's words, can he have such a fast speed in placing needles?'

Dean Jiao rolled his eyes when he heard this, he suddenly felt like an idiot for even asking the question just now, what was the point of talking to someone who didn't know anything about art!

Thinking of this, Dean Jiao stopped paying attention to Xue Chongli and instead concentrated on watching Jiang Hao's movements!

Chapter 635

Jiang Hao's movements in placing the needles were very swift, and he had already pierced all the golden needles into the acupuncture points on the top of Xue Yu Ning's head after a period of time.

When this was done, he reached out to wipe the false sweat from his forehead, the next step was the most crucial one.

Thinking about it. Jiang Hao looked towards Xue Yuning who had her eyes slightly closed and spoke, 'Yuning, can you hear me, Yuning?'

Xue Yuning nodded slightly, but didn't open her mouth to say anything, instead looking at Jiang Hao with some confusion.

'Your name is Xue Yuning. You grew up in Chu Jiang, do you remember?'

Xue Yuning looked at Jiang Hao in confusion. As if she hadn't heard what he said, her whole body looked like a Muppet.

Jiang Hao looked at Xue Yuning unresponsive but didn't get discouraged, instead he kept talking softly about something from before, trying to stimulate Xue Yuning's memory through this.

Dean Jiao and Xue Chongli stood outside watching Jiang Hao's actions, Xue Chongli spoke with some confusion, 'Does this really work, I see a lot of people doing this.'

Dean Jiao nodded slightly before speaking with seeming understanding, 'I'm not really sure about this, but looking at Xiao Shen's movements, it should be using acupuncture to stimulate the acupuncture points and then strengthen the effect.'

But after saying this Dean Jiao shook his head again, 'The human brain is the most complex place, not to mention the current medical technology. Even if we wait another thirty years, we may not be able to fully explore the secrets of the brain.'

Xue Chongli frowned slightly when he heard this, 'From what you're saying, you don't think Yu Ning can recall it?'

Dean Jiao nodded before speaking back, 'This is not to say that it is an absolute thing, it may require some very powerful stimulation to do so, but again, I am worried whether the patient will be able to carry it off.'

After saying this, Dean Jiao sighed lightly and continued, 'It is not unheard of for some patients to suffer from amnesia and then have a schizophrenic episode as a direct result of simple and violent mental stimulation by their family members.'

After hearing Dean Jiao's words, the expression on Xue Chongli's face could not help but darken somewhat, and the look he gave Xue Yu Ning also became somewhat complicated.

Of course he did not want Xue Yu Ning to become a mental patient, if a memory loss and a mental patient had to make him choose. He would rather Xue Yuning never recall anything for the rest of her life.

For some reason, Xue Chongli could always feel in Jiang Hao a kind of concern that others did not have for Xue Yuning.

This was not only reflected in the last incident with his old grandmother, but even just now this feeling flashed through his heart.

To Xue Chongli, Jiang Hao was not supposed to know Xue Yuning.

So to him, the only possibility that could explain these things was that Jiang Hao had fallen in love with Xue Yuning at first sight, I'm afraid.

Such a possibility was not out of the question, as Xue Yuning was, after all, considered a beauty.

Thinking of this, Xue Chongli let out a faint sigh and roared, 'Old Jiao, you watch over here. I have something I need to go and speak to Old Master.'

Hearing these words, Dean Jiao nodded slightly and then watched Xue Chongli leave.

In his heart, he had guessed a few things about this matter, but he just didn't dare to conclude it. It looked like he would have to find an opportunity to ask Jiang Hao after his treatment was over.

No matter what Xue Yuning's identity is, right now she is the pearl of the Xue family after all, while he is a young man with no roots, no background and no connections, let's put an end to this idea.

While Jiang Hao was carefully treating Xue Yuning. He didn't expect that things would change completely when he only showed a slight concern for Xue Yuning.

On this side, Xue Chongli looked at Old Master Xue after walking to the backyard and slightly bent down and saluted, then spoke, 'Master, there's something I don't know if I should say.'

Old Master Xue was sitting in his study, slowly making tea, and people who were older seemed to like tea.

After hearing Xue Chongli's words, he nodded slightly and spoke, 'You've been with me for a day or two, just say what you have to say.'

Xue Chongli nodded slightly before speaking, 'That Dr. Shen seems to have something in mind for Yu Ning. So, I'm a little worried.'

Old Master Xue heard these words. The movement of his hand paused, and then looked at Xue Chongli in silence.

Only after a long time did he speak faintly, 'Does anyone else know about this matter?'

Xue Chongli shook his head, 'I only saw it myself. Because that Dr. Shen seems to care about Yu Ning in a way that is beyond normal people, and this can be seen from what happened to my grandmother last time.'

Old Master Xue nodded and then sighed, 'It's not that our Xue family looks down on the children of humble families. But the word 'family' has been used since ancient times.'

Xue Chongli listened to the strings and asked, 'After Dr. Shen has finished treating Yu Ning, do I need to invite him over?'

Master Xue pondered for a moment and avoided talking about this issue, instead he asked, 'Tell me first whether there is a cure for Yu Ning's amnesia.'

'About this matter, I talked to Dean Jiao, and he said it was somewhat dangerous.'

After saying this, Xue Chongli then relayed what Dean Jiao had told him again before speaking, 'If I really have to choose, I would rather Yu Ning not recall who she is for the rest of her life.'

Old Master Xue let out a deep sigh, picked up his cup of tea and took a sip, 'It's not easy for this child, Yu Ning, forget it, let's wait for Dr. Shen's judgement later.'

Xue Chongli nodded and then retired, then returned to the backyard to stand quietly beside Dean Jiao and look over to Jiang Hao.

'Did you go in and see if the treatment had any effect?'

Dean Jiao shook his head, 'It's not that easy, look at Xiao Shen's expression, he's having a hard time too.'

Saying this, Dean Jiao lit himself a cigarette and then sat down somewhat worriedly.

'You just went to see Old Master Xue, right, what did he say.'

Xue Chongli turned his head to look at Dean Jiao with some surprise, 'What do you mean by that, what did he have to say.'

When Dean Jiao heard this, a hint of helplessness flashed in his eyes as he looked at Xue Chongli.

'How can I say that Xiao Shen is now one of my people, can't I still care about what you guys think of him?'

Hearing these words, Xue Chongli's eyes turned a little more complicated as he looked at Dean Jiao.

'If you truly want what's best for him, then persuade him not to have any thoughts about Yu Ning, I'm on the old man's side on that.'

Everything seemed to be as expected, it was only inside fairy tales that things like a princess falling in love with a frog prince could end up together.

And in reality, the beginning of the story may be the same, but the end will definitely not be a surprise.

Chapter 636

Jiang Hao tried for a long time, but finally looked at Xue Yuning's unresponsive appearance and couldn't help but feel a pang of frustration in his heart.

He had done his best, he had tried all the methods he could find out. But it was to no avail, not to mention.

Xue Yuning's face gradually turned ugly and Jiang Hao knew that if Zi continued any further.

He was not sure if he could cure Xue Yuning, but I was afraid that Xue Yuning's spirit would soon start to break down. The consequences would be unthinkable.

After gently helping Xue Yuning to lie down, Jiang Hao took out all the golden needles little by little. Then he opened the door of the room and walked over to Dean Jiao and the others.

When Xue Chongli saw Jiang Hao come out, he hurriedly went up to him and asked, 'How is it, how is Win's condition now, can he get better?'

Jiang Hao nodded and then said helplessly, 'I've done my best to treat the physical injuries, but I'm afraid there are still some difficulties with the others.'

When he said this, Jiang Hao's face could not help but lower, for the matter of memory Jiang Hao was somewhat obsessed.

After hearing this, Xue Chongli nodded slightly, then after glancing at Dean Jiao who was standing at the side, he spoke, 'I'll take Dr. Shen to meet Old Master Xue, do you want to come along?'

Dean Jiao faintly stared, then looked at Xue Chongli with complicated eyes and said, 'If it's convenient for me to go along. Then I wouldn't mind coming along.'

Xue Chongli nodded and then looked at Jiang Hao and said, 'Doctor Shen, please come this way, come with me to get the consultation fee, and the old master also has something to say to you.'

Jiang Hao thought that Xue Chongli was talking about Xue Yuning's treatment, so he nodded slightly and then said, 'Let's put the matter of the consultation fee aside for now, right now Miss Xue's matter is the most important.'

After looking at Jiang Hao, who was not swayed by money in the slightest, Xue Chongli could almost decide in his heart that he had fallen in love with Yu Ning at first sight!

What could make a man not swayed by money? Obviously, thinking of this Xue Chongli's eyes flashed a hint of sympathy when he looked at Jiang Hao.

And Dean Jiao also noticed it somewhat sensitively, and could not help but lower his head becoming silent.

Jiang Hao looked at both of them and saw that they didn't look quite right. So he couldn't help but speak up, 'What's wrong, although the condition is somewhat serious, you guys don't need to be so depressed, right?'

Jiang Hao didn't know what Dean Jiao and Xue Chongli were thinking inside, and thought that they were feeling a bit upset because of Xue Yuning's condition.

Dean Jiao spoke a little awkwardly while walking after hearing Jiang Hao's words, 'Well, ahem, that's fine to take your time. I'm sure we'll find a way, for sure!'

As he said this, Dean Jiao wanted to slap himself twice. God knows what he was thinking when he said that he would definitely find a solution.

Was he thinking about Xue Yuning's condition or the Jiang Hao in front of him?

After shaking his head slightly, he also put this thought aside and instead fell silent and stopped talking.

Xue Chongli's eyes faintly glanced at Dean Jiao. He then followed suit and spoke with a sigh, 'Doctor Shen, just go in and talk to the old master yourself later, we won't be going in.'

After Jiang Hao agreed in a somewhat dumbfounded manner, he couldn't help but feel a little wary in his heart. Had the Xue family already figured out who he was?

Jiang Hao shook his head gently before walking to the door of Old Master Xue's study with such a thought in mind.

'Old Master Xue, I'm Dr. Shen, I heard you were looking for me right?'

Just after pushing open the door of the room Jiang Hao walked straight in and then respectfully and politely looked at Old Master Xue practicing his words.

When Old Master Xue heard the movement from the door, he spoke without raising his head, 'Close the door, then come over and see how I am doing with this writing.'

Jiang Hao nodded and closed the door with his backhand before walking over to the desk.

Old Master Xue was practising big words. He had written the words 'Fluttering like a Hong'.

Jiang Hao looked at the words on the desk and could not help but praise them, 'The old master's brush is so strong that it can still penetrate the paper. The characters are strong and simple, yet with a touch of delicacy.'

Hearing Jiang Hao's words, Old Master Xue could not help but let out a sigh in his heart.

He was not that bad when he looked at Jiang Hao's words carefully. There was a saying that the word 'face' could basically tell a person's character.

Jiang Hao was actually not that bad. At a young age, he was already a famous doctor in the Northern Province.

With his own strength, he has even made the city's Chinese medicine hospital take on a hint of the momentum of the number one hospital in the North.

However, the Xue family is not an ordinary family after all, if everything was so simple and casual, they would not have come this far.

Thinking of this, Old Master Xue looked at Jiang Hao and nodded slightly and smiled, 'Well, that's a good review, so I'll give you these words.'

Jiang Hao smiled and hurriedly said with great joy, 'It would be great if that was the case, Old Master Xue's words, I reckon there aren't many people in this Northern Province who are qualified to get them, hahaha.'

Old Master Xue smiled, slightly extended his hand and spoke, 'Sit down, there's something I want to talk to you about.'

After Jiang Hao sat down, the old dowager poured Jiang Hao a cup of tea, 'Yu Ning's condition, how do you see it from your side?'

Jiang Hao pondered for a moment and said, 'It's slightly troublesome, but don't worry, Old Master, I'll do everything I can to cure her.'

Old Master Xue looked at Jiang Hao's determined look and shook his head slightly, 'If it really doesn't work, then give up, as long as she is happy with her life.'

Hearing these words, Jiang Hao's hand couldn't help but shake as he looked up at Old Master Xue with some surprise.

'No, didn't we say before that we would let Miss Xue get her memory back no matter what, why all of a sudden'

Old Master Xue looked at Jiang Hao and mused, 'There are some things I don't want to say too bluntly, you're very good, it's not easy to be as young as you are now.'

Here, he sighed and continued, 'But you and Yu Ning are not quite suitable after all, believe me it is for your own good.'

Jiang Hao was shocked at his words, had he revealed something, had Shen Yan's identity been exposed, or had they become suspicious because of his special concern for Yu Ning?

Jiang Hao's big fuss flew as his mouth tentatively said, 'Old Master, I don't quite understand what you mean.'

After taking a deep look at Jiang Hao, Old Master Xue said, 'There is no need for me to say something bluntly, you understand it in your heart, but if you pretend not to understand it, then you are just embarrassing us all.'

After hearing these words Jiang Hao's heart was slightly steadier, considering what the Old Master had said earlier about his achievements at a young age.

He should not have recognized his identity yet, which made Jiang Hao's heart a little more at ease.
