

Super Rich Dad Chapter 637-638

Chapter 637

As long as his identity hadn't been discovered, he could continue to stay in the Northern Mansion.

After his heart had settled down a little, Jiang Hao had to think about letting Yu Ning recover her memory again.

He then looked at Old Master Xue and mused, 'I think I understand somewhat, is this Old Master's intention to never let me set foot in the Xue family again?'

Old Master Xue faintly stared at these words. Then he smiled and said, 'It's not that you won't be allowed to enter the Xue Family, since you saved Yu Ning, then you are also considered a friend of our Xue Family.'

At this moment, Jiang Hao's heart could be described as mixed, looking at Old Master Xue's calm and peaceful appearance.

Jiang Hao took a deep breath before smiling lightly, 'Alright. I know what to do.'

Old Master Xue looked at Jiang Hao and shook his head slightly, then said softly, 'Trust me. The reason I did this is for your own good, I hope you won't blame me in the future.'

Jiang Hao looked at Old Master Xue and shook his head slightly before speaking, 'I understand what you mean, don't worry, I won't interfere too much in this matter again.'

Jiang Hao didn't want to give up just like that, but the Xue family was considered a powerful family in the Northern Province after all.

And his current status was nothing more than a poor doctor who wanted nothing, and although he still had five billion in his card, he didn't dare to reveal it casually.

However, the one million he had earned that night when he accompanied Lin Yan to the Blaze Bar could still be used casually.

Thinking of this, Jiang Hao spoke with a bitter smile, 'There's something I want to ask about. I don't know if it's convenient.'

Seeing that Jiang Hao had agreed to everything, Old Master Xue couldn't help but have a flash of guilt in his heart, so he looked at Jiang Hao and nodded and spoke, 'Well, go ahead.'

Jiang Hao pondered for a moment before speaking, 'When we came in earlier, we noticed that Old Grandmother was treating Miss Xue as if something was wrong.'

Hearing this, Old Master Xue smiled before waving his hand and saying, 'This matter is not something you should worry about, well, you guys should go back first today.'

Jiang Hao gave a bitter smile and roared to get up and agreed before turning around and leaving.

After waiting to walk out of the room, he found that Xue Chongli had disappeared by now. Only Dean Jiao was standing alone outside the door, smoking.

After he saw Jiang Hao come out of Elder Xue's study, he smiled slightly before his face was surprisingly amiable with an unusual smile.

'Well, if things are all settled, let's go back to the hospital.'

Jiang Hao looked at Dean Jiao in a slight daze, then looked back at him and nodded and smiled, 'Suddenly I'm a bit hungry, do you want to go out and have something to eat?'

Dean Jiao looked at Jiang Hao and nodded hesitantly, 'It just so happens that I know of a good steak restaurant, do you want to come along?'

After Jiang Hao agreed to go. The two of them walked out of the Xue house side by side.

Only after the two had left did Xue Chongli walk out. Then he went to Old Master Xue's study and spoke, 'The two of them have already left.'

Old Master Xue nodded and then picked up his cup of tea and took a sip, then said, 'It's good that they've left, it looks like that Dr. Shen still knows what's right.'

Xue Chongli nodded and then said, 'But he didn't take the consultation money today, he looks like he's a bit lost.'

Old Master Xue shook his head and said in a flat tone, 'Normal. Every man will always feel this way. You should order someone to make a banner and send it to the hospital tomorrow.'

The old man thought he had done right by Jiang Hao by doing this.

The Xue family's power in the northern province is really big. No one had carefully calculated this.

And for the Xue family to offer a banner, as if it was from Lin Yan of the Lin family, was a recognition from a powerful family.

If Jiang Hao was not Jiang Hao, but the real Shen Yan, then such an acknowledgement would have been enough to last him a lifetime.

On the other side, Dean Jiao said softly while driving, 'You kid, don't be insatiable either, a neighbouring lady is enough, right?'

Jiang Hao laughed bitterly, 'If I say I don't have any relationship with that young lady, it looks like you won't believe me, right?'

Hearing this, Dean Jiao glanced disdainfully at Jiang Hao from the rearview mirror. Then he opened his mouth and said back, 'You kid, don't sell yourself short with me, you know Missy Lin has never had any scandal in the North Mansion.'

Speaking of this. Dean Jiao paused, then looked at Jiang Hao and said, 'As a result, it's only been a short time since you came here. And you've already caused this mess.'

Jiang Hao heard this and then looked out the window and said, 'Where are we going for dinner? Why do we have to drive so far?'

Dean Jiao heatedly smiled and then proudly replied, 'Count yourself lucky, I'll take you to see the world today if you're in a bad mood.'

After saying this, Dean Jiao looked at the time and said, 'There's a restaurant in the outer circle of the North Mansion, although it's not top-notch, it's one of the best in the North.'

Jiang Hao touched his nose at his words, 'It's just a simple meal, is it necessary to go to such a nice place, aren't you afraid of wasting your money?'

Dean Jiao laughed dismissively at those words, he was a very different person to the one Jiang Hao thought he was.

Perhaps those who met him for the first time would think he was a frugal person, but only after spending more time together.

Only after spending more time together would one understand that he, Dean Jiao, had always been a hedonist who was drunk on wine today!

Thinking of this, Dean Jiao laughed lightly and said, 'You should remember the saying, 'The spring breeze is fast, once you step on all the flowers in Chang'an!'

Jiang Hao looked at the smugness that inadvertently showed on his face as he uttered these words.

He smiled slightly and said, 'Alright, today I will accompany you to tread through the flowers of Chang'an.'

Dean Jiao laughed loudly upon hearing this, strictly speaking, he was now no longer treating Jiang Hao as his subordinate.

Instead, he had truly started to open up his heart and deal with Jiang Hao as a friend.

The reason for this realistic statement was that on the one hand, it was because of Jiang Hao's ability, and on the other hand, it was because Jiang Hao was a person worthy of deep friendship.

Although he hadn't talked to Jiang Hao much, from the way Old Master Xue looked at Jiang Hao from time to time and the way Miss Lin treated Jiang Hao.

He had intuitively concluded that the young man in front of him would have an unlimited future.

Having considered this, he did not mind showing a little bit of his goodwill now while Jiang Hao was not yet developed.

This way, when the other party becomes rich, he will have a capital to make him remember him.

The most proficient business for people born and raised in the North is the business of favours, and as long as the business of favours is done well, money is just a minor issue.

The first thing you need to do is to get a good idea of what you are getting into.

Chapter 638

Dean Jiao drove for almost two hours before stopping at a place that resembled a farmhouse.

Jiang Hao got out of the car and stretched his back, slightly unused to running so far for a meal.

The smile on Dean Jiao's face didn't stop after he got out of the car, and when he looked at the sign for the mountain village, he pointed and said, 'Shen. Come, come and take a look.'

Jiang Hao stopped moving when he was called out, then walked to the entrance of the lodge and took a look: 'Hmm? Who owns this mountain villa? How dare you name it that.'

Four big words topped the gate of the mountain villa. Half Wall Villa!

Dean Jiao smiled heatedly after hearing Jiang Hao's words, 'Someone said that you can eat half of the mountain's delicacies here, but I haven't finished it yet.'

Jiang Hao looked at him with some surprise. Dean Jiao was a kind of person Jiang Hao had heard a little about in the car.

At this moment, it was a bit interesting to see him saying that he hadn't finished eating here.

After smiling slightly, Jiang Hao took the lead and walked up, saying, 'In that case, I'll have to ask Dean Jiao to treat me today, hahaha.'

Dean Jiao smiled and then said, 'Of course!'

Then he hurriedly followed and called out, 'You walk slowly, this place is a membership system, if you don't have a membership you are not allowed to enter.'

After hearing this Jiang Hao was about to ask a question when two men in suits suddenly stood out beside the path up the hill.

‘Sorry, the place belongs to a private entertainment venue, do not enter if you are not invited.’

Dean Jiao watched the two men appear. He hurriedly walked up and took out his membership card from his person and handed it over, ‘This is my membership card, can I go in now?’

The two men looked at the membership card and nodded slightly, then moved out of the way and said, ‘Yes, sorry sir, I hope you two have a good time.’

Jiang Hao glanced around a little strangely, this place was definitely not as simple as he seemed.

After pondering slightly for a moment Jiang Hao followed behind Dean Jiao and spoke, ‘What exactly is this place for, it doesn’t look like a place to eat to me either.’

The main reason why Jiang Hao said that was because he had seen at least no less than twenty cameras along the way!

And who would put so many cameras inside a normal restaurant?

Even if this and on this journey. Jiang Hao had already encountered at least two checks, and as long as there was one if they didn’t take out their membership card, they would be asked to leave.

Dean Jiao looked at Jiang Hao’s somewhat scornful expression and smiled, ‘Relax, this place is actually, to put it bluntly, a better entertainment venue.’

After saying this, Dean Jiao reached out and pointed to the southwest of the pathway and said, ‘Over there is the hunting ground, over there is the fruit and vegetable garden, and there are some various entertainment facilities.’

Jiang Hao looked at Dean Jiao with some confusion after hearing this and said, ‘Then if that’s the case, this place isn’t the place I came to play at all. Why did you bring me here?’

After hearing this, Dean Jiao smiled mysteriously and then said, ‘Because I’m going to introduce someone to you. He’s a broad young man, so you can have a good exchange with the other person.’

Jiang Hao glanced at Dean Jiao helplessly, ‘I’m doing my job properly as a doctor, why should I know these people.’

What Jiang Hao was thinking in his mind was, ‘Whatever he is, he is not a rich young man. He was not as rich as him anyway.’

President Jiao looked at him but frowned with some dissatisfaction: ‘Do you plan to sit on top of this position for the rest of your life, don’t you understand that if you want to get ahead, you need someone to support you?’

Hearing this Jiang Hao was slightly stunned, at first his plan was also to find an opportunity to penetrate the upper echelons of the Northern Mansion.

Because only by being close enough to the upper class could he obtain more intelligence information that he wanted to know.

The dividing line between the classes lies in information. The inequality of information naturally creates class.

Thinking of this Jiang Hao nodded somewhat helplessly and spoke, 'Since you have said so, what else do I have to say, what is the other party's name?'

'Chen Minggang, the eldest young master of the Chen Group, a bit of a second-rate person, but he's still kind of nice to be around.'

Jiang Hao faintly stared at this name, Chen Minggang?

How come this name sounded so familiar, was thinking about it.

Dean Jiao suddenly spoke up, 'Finally, you're up here. Every time I come here I wonder why they don't install a lift, they have to make people walk up step by step.'

Jiang Hao heard this and casually said, 'From the bottom of the hill to the last step up here, there are a total of eight hundred and ten steps. The owner here is a bit interesting.'

Dean Jiao turned his head to look at Jiang Hao as if he were looking at a monster: 'You've been counting the steps all the way up here?'

Jiang Hao was slightly stunned, and then said, 'Ahaha. I just happened to notice it, I didn't intentionally count it.'

Dean Jiao looked at Jiang Hao and couldn't help but feel waves in his heart. He had been chatting with Jiang Hao all the way while he was thinking about things.

But under such circumstances, Jiang Hao could still notice how many steps he had taken under his feet, this kind of ability to use two minds at once was truly amazing.

'You kid are really surprising me more and more, let's go, Young Chen is waiting for us inside the restaurant with his friends.'

After saying this, Dean Jiao walked alongside Jiang Hao and spoke, 'They'll be amazed by you, you're definitely a genius!'

Jiang Hao Aka could only and Dean Jiao's excited look I after for a bitter laugh, if nothing else, he had already figured out who that broad was.

Thinking of this, Jiang Hao face looked a little embarrassed and spoke, 'I suddenly remembered that there are still some things at home, why don't we not go?'

Dean Jiao quickly shook his head and said, 'How can I do that? You are now the ace of our hospital, so I definitely want to bring you to meet my friends.'

After saying this, Dean Jiao reached out and patted Jiang Hao's shoulder and said, 'As the saying goes, many friends make many roads, there's no guarantee that there won't be a rich lady here who will fall for you!'

Jiang Hao was really a bit helpless, he was close to thinking about how he would react to the other side when he went in.

As expected, when Dean Jiao led Jiang Hao into the restaurant, Young Master Chen Minggang, who was socialising with his friends, turned his head and noticed Jiang Hao at first.

His face instantly turned from sunny to cloudy, then he put down his glass and walked up and said, 'Yo, isn't this the guy who had dinner with Xiao Yan the other day, why is he here today?'

Dean Jiao glanced at Jiang Hao with some surprise, then looked at Chen Shao and said, 'You two have known each other before?'

Chen Shao had a cigar in his mouth, after hearing Dean Jiao's words he nodded slightly before speaking, 'Not bad, what is this man's relationship with you?'
