

Chapter 646

That's it!

Dead!

Bai Yifan and Shen Jian looked at Lin Fan at this moment, with pleasure, complexity, and even a little pity.

after all!

Although they hated Lin Fan so much, they had to admit that this guy was their relatives, and sometimes this bastard's methods, even as opponents, were somewhat admired and admired.

however!

"All grievances and hatreds, is it coming to an end today?" Bai Yifan gave Lin Fan a complicated look.

Suddenly, it felt that this guy was not as nasty as before.

For a moment, he didn't even want Lin Fan to have an accident.

More than him!

A wry smile appeared at the corner of Shen Jian's mouth:

"Brother Bai! Although Lin Fan is afraid that this time he is in danger, but why, I feel a little bit sorrowful for him!"

"Whether this guy hurt Leng Shao, Miss He! I still disdain the two great masters, and even make me have some admiration for him!"

"If I were replaced by me, I...definitely could not do it!"

Shen Jian shook his head, his face full of complexity.

And Bai Yifan also involuntarily patted him on the shoulder.

"Not just you, but me too! Although I hate Lin Fan, I admit that he is an opponent I admire!"

Finished!

The expressions of Shen Jian and Bai Yifan became even more complicated.

clatter!

And at this moment!

As if hearing the words of Leng Bufan and Lin Guangyao, the footsteps of a group of big men like Leng Kang gave a slight pause.

His eyes turned to look at his son, and there was no emotion in his eyes.

It seemed that even if his son was kicked to the ground, he couldn't cause him the slightest disturbance.

"I know about the Emperor Card!"

Finished!

Leng Kang no longer paid attention to Leng Bufan and others, but led a group of Shengshi directors, stepping towards Lin Fan, and slowly leaving.

Da da da!

The sound of these footsteps, like a series of reminders, made the faces of the seniors of the New Bai Group become paler and paler, and some of them were even unstable and limp to the ground.

especially!

When Leng Kang waited for a group of big guys, walked in front of Lin Fan and others.

Just about to speak.

"No!!!" A scream came suddenly.

Everyone was surprised to see that from the direction of the elevator, a woman ran out quickly.

It is Bai Yi.

Her pretty face was pale, and at this moment, she hurried to Lin Fan's face, and then stopped Lin Fan behind her, as if she was protecting a little chicken, and said to Leng Kang and others with a panic face:

"Leng Kang President Kang, dear directors of Shengshi Group, hello! I am Bai Yi!"

“Regarding the Skeleton Emperor Card, I can tell everyone that this matter has nothing to do with my husband Lin Fan!”

“That card is... I stole it!”

What!

As soon as this is said!

The expressions of everyone in the hall changed.

Bai Yi stole it?

This... how is this possible!

The people around were all unbelievable.

Especially Lin Guangyao, as if he was stepped on his tail, he screamed:

“Mr. Lenggang, please don’t trust this woman! That card was not stolen by her at all! It was given to him by Lin Fan. ! ” ”

she came out, Lin Fan is clearly want to help the thief to drop the charges! ”

scapegoat!

Hearing these two words, everyone around him shocked.

One by one, they looked at Bai Yi, but there was no ridicule and ridicule, but a deep complexity and admiration.
