

Chapter 648

Friends of the New Bai family are friends in the prosperity!

The enemy of the Xinbai family is the enemy of the Prosperity!

At this moment, after hearing Leng Kang's words, everyone in the entire hall couldn't believe their ears.

What...what's going on?

In the hall, everyone looked at each other.

Didn't you mean the thief?

Didn't you say that it's a crime?

Why now, Bai Yi has not only become the fourth holder of the Skeleton Emperor Card, but now even the New Bai Group has become the first partner of the Shengshi Group.

Everyone understands the significance of the partners of Shengshi Group.

This is a cooperation with the top chaebol in Jiangnan.

Especially, as the first partner, the position of the New Bai family can be said to be soaring. I am afraid that all the chaebols in Jiangnan will squeeze the door and want to cooperate with the New Bai family.

Puff!

At this moment, after hearing this news, whether it was Gao Zhilong or the group of suppliers, one by one seemed to have been drained of all strength, and people kept falling on the ground.

"Oh my God, this... how is it possible! Xinbaishi became a partner of Shengshi? And I was so stupid to terminate the contract with Xinbaishi?"

"How could this happen! If I didn't terminate the contract, it would mean that I It is also equivalent to a partner of the Shengshi Group! And now..."

"Ma's! Gao Zhilong, you bastard! You are so damned!"

"..."

Chaos!

At this moment, these suppliers are all regretful.

Everyone looked at the gazes of Gao Zhilong and his son, and wanted to swallow them alive.

after all!

With the support of the Shengshi Group, the new Bai family is definitely an upstart in the Jiangnan business circle.

Following the New Bai family, it will definitely be a turbulent time in the future, and they unexpectedly canceled the contract stupidly, and even complacent for the small amount of cancellation fees.

Thought of this!

Crackling!

Suppliers slapped themselves regretfully, wishing to slap their cheeks.

More than them!

After reacting, Gao Zhilong's mouth also twitched fiercely. He only felt that his heart was dripping blood.

Originally, their Shengyuan Group was the first supplier of New Bai's.

If the contract is not terminated, then their company will be the same as Xinbaishi, soaring into the sky, becoming the top chaebol in Jiangnan.

But now!

Thought of this.

Gao Zhilong looked at his son, full of hatred and cruelty:

"You bastard! I want to kill you!"

Finish!

Gao Zhilong seemed to be mad, kicking Gao Zhiyuan's wheelchair to the ground, and then slapped Gao Shengyuan with his head and face.

"Dad...no, don't fight! I was wrong, I really knew it was wrong!"

Gao Shengyuan almost peed at this moment.

He naturally understood why he was so angry.

And he also regretted his intestines.

However, nothing could be done again, feeling the appearance of Lao Tzu wishing to kill him, Gao Shengyuan's body trembled, but he was completely scared to pee.

And contrary to them.

After hearing Leng Kang's words.

All the senior staff of the New Bai Group were all confused.

Bai Yi, Baishan, and the rest of the high-level staff were struck by lightning, their eyes widened and their faces full of consternation.

"I... Did I get it wrong? We became the first partner of Shengshi?"

"God... God! We are going to develop? God sent us such a gift?"

"No, it's not right! Lin Fan seemed to have said before that we will fly into the sky today! Could it be this?"
