

# Super Rich Dad Chapter 649-650

## Chapter 649

When Jiang Hao looked at Lin Yan's red eyes, he smiled slightly and agreed to this matter.

However, there was only a dormitory at the hospital, and although it was also a single room, Lin Yan was a girl after all. It was inevitable that someone would gossip about her if she rashly moved into her room.

Thinking of this, Jiang Hao looked at Lin Yan and then pondered for a moment and said, 'How about I rent you a room outside and you can rest for a while?'

Lin Yan shook her head when she heard this, the matter at home was still not sure when the result would be.

And she felt that Jiang Hao's details were a bit unclear though. But she didn't want to use Jiang Hao's money.

So after shaking her head she refused the matter. Only after the car arrived at the entrance of the hospital dormitory did Lin Yan follow Jiang Hao out of the car.

After getting off the car Jiang Hao looked at the dormitory building in front of him and smiled helplessly and said, 'You should think carefully, we live alone together, in case the fire is dry I am not responsible for it!'

Lin Yan laughed at Jiang Hao's appearance and walked in with a sense of amusement.

As she walked, she looked around and smiled slightly, 'Looks like your dormitory is quite nice, go and buy me something for the girls.'

Jiang Hao shook his head lazily, threw a card from his pocket to Lin Yan and said, 'The password is six zeros, go buy them yourself, I don't care to go shopping.'

After saying this, Jiang Hao suddenly reacted to one thing!

'That's not right. That night you bet 200,000 on me, this should be your own money, you want to buy it yourself!'

Thinking of this Jiang Hao then hurriedly took back his card and carefully tucked it into his bag.

Lin Yan looked at Jiang Hao's petty look and gave a light hum, then left to prepare his toiletries.

After Lin Yan had left, Jiang Hao looked at her back and fell silent.

If anyone really wanted to bully her, they would have to ask themselves if they agreed.

But at the moment, Lin Yan still looked a bit upset, so Jiang Hao didn't intend to ask her so soon.

Just as Jiang Hao was thinking about these things, a coughing sound suddenly came from behind him.

‘Ahem. Xiao Shen ah, you can’t bring your girlfriend over to the dormitory, don’t you know?’

Jiang Hao was startled by the voice that suddenly rang out, and quickly turned his head to look at the other party, seeing that it was actually the hospital’s security guard, Xiao Lei!

Jiang Hao looked at the other party and shook his head before opening his mouth and laughing, ‘So it’s you kid, why aren’t you on patrol?’

Jiang Hao laughed and joked, then took out a cigarette from his bag and gave one to Xiao Lei.

Xiao Lei took the cigarette from Jiang Hao’s hand with both hands and laughed, ‘No, it’s just my turn to be in charge of this side today.’

After saying this. Xiao Lei looked at the direction Lin Yan was going and said, ‘Brother Shen, who is this. Your girlfriend?’

Jiang Hao shook his head and briefly explained what had happened, then reached out and patted Xiao Lei’s shoulder and said, ‘Don’t spread the word about this matter, right?’

Xiao Lei smiled when he heard this and nodded at Jiang Hao, made a gesture of understanding and disappeared.

Then Jiang Hao laughed lightly and accompanied Lin Yan to buy some daily necessities, and then returned to the dormitory to make some simple arrangements.

But while Jiang Hao was settling in for Lin Yan. As soon as Xiao Lei spread the word, the whole hospital knew about it!

By the time it reached Dean Jiao’s ears, the story had become that Jiang Hao had abducted a beautiful woman and was doing something indescribable in the dormitory!

This made Dean Jiao’s blood pressure rise, and he felt that Jiang Hao had drifted off!

He had just settled the matter with Miss Xue, and now he had brought a woman to the dormitory to spend the night?

He got up and slapped the table. Dean Jiao thought that this matter had to be dealt with seriously, so he walked out of his office and rushed to the dormitory area.

When he arrived at the dormitory building, he found that Miss Lin was screaming at the house with a footbath in her cheap pyjamas!

‘Damn it! Can’t you just bring out the footwash and pour it yourself!’

Jiang Hao’s playful voice soon came over, ‘Don’t forget, it was you who lost in rock-paper-scissors, trying to cheat!’

Hearing these words, Dean Jiao looked slightly embarrassed.

When he was about to leave, he didn't expect Jiang Hao to come out from inside, and then looked at Dean Jiao and said, 'Yo. Dean ah, it just so happens that I still have something to come over to you.'

Dean Jiao's heart was anxious. Big brother, you can do whatever you want to do. I don't know anything, don't I?

Despite the panic in his heart, his face was still as steady as an old dog as he turned his head to look kindly and amiably at Jiang Hao.

'What's wrong Xiao Shen. What's the matter with you?'

Jiang Hao heard this and nudged Lin Yan and said, 'Well, it's just that this girl is having trouble with her family and wants to come to my place for a holiday, is that okay?'

Dean Jiao coughed lightly, then reached out his hand and patted Jiang Hao's shoulder and said, 'Just take care of this matter yourself, I believe you can handle it well.'

After saying this Dean Jiao hurriedly slipped away, and before he left he couldn't help but greet Jiang Hao's relatives in his heart.

'What sh\*t luck, to be missed by such a grand lady, how come I don't have this good luck!'

Jiang Hao looked at Dean Jiao's back for a slight moment, then shook his head and went back to the house.

Looking at Lin Yan, who had a bad image and was currently wiggling her little feet on the sofa and looking at the computer.

Jiang Hao pondered for a moment and squeezed out a seat and said, 'Tell me, what's going on?'

Lin Yan said without looking back, 'What's going on, why are you asking this?'

Jiang Hao picked up the apple from the fruit tray and said leisurely while peeling it, 'I'm a doctor anyway, right, so I'm giving you a psychological counseling session.'

Lin Yan was a little surprised to hear this and turned her head to look at Jiang Hao, then shook her head and said with a bitter smile, 'You won't be able to figure this out even if you counsel me again.'

After hearing this, Jiang Hao looked at Lin Yan in a strange way, and without looking at his hands, he split the apple in two.

Then he handed it to Lin Yan and said, 'What's wrong, what's so hard to figure out.'

Lin Yan turned her head and took the apple from Jiang Hao's hand, then spoke back, 'My family is planning to marry me off, the point is I don't even know who I'm marrying!'

Hearing this, Jiang Hao faintly froze, then spoke slyly, 'I wish I could have a family like that, so I wouldn't have to worry about marrying out.'

Although it was a joke, Lin Yan couldn't help but laugh out loud as she watched Jiang Hao perform his act so beautifully.

Chapter 650

Just after laughing, a trace of bitterness flashed across Lin Yan's face.

'You know, my position in the Lin family is very awkward. Grandma can't see me, and grandpa can't help me. Uncle even plans to marry me off.'

After saying this, Lin Yan took a deep breath before shaking her head and flopping down on the sofa in a daze.

Only at this time did Jiang Hao realise that Lin Yan was just an ordinary girl.

She might have an optimistic and cheerful side, but when it came to her own family, Lin Yan was acting so helpless. But when it came to her family, Lin Yan was so helpless.

She doesn't even know if she should take action in the face of her uncle and the others. Whether she should take action herself.

It was only after enlisting an outsider like Jiang Hao that she decided to take action, but she never expected that her uncle seemed to have already seen through her.

As soon as he had done so, he had decided to marry her off straight away, and now Lin Yan was a little dumbfounded.

Thinking of this, Jiang Hao looked at Lin Yan and smiled and said, 'Actually, I think marrying someone seems quite good, after all, marrying anyone is marrying someone.'

Lin Yan turned her head to look at Jiang Hao and said, 'If you say that, then we can't talk together, a girl is only a girl once!'

Jiang Hao snapped his big feet and said disdainfully, 'Don't say such misleading things, I'm a decent young man!'

After saying this, Jiang Hao looked at Lin Yan's skirt and said with a lecherous smile, 'I didn't think you'd still like the bear pattern.'

When Lin Yan heard this, she sat up. Then she covered her skirt with her hand and looked at Jiang Hao with a blush!

'You you you, did you just see that?!'

Jiang Hao shook his head and raised his hand with a confused look and asked, 'What did you see, why don't I know.'

Lin Yan was so anxious that tears were coming out of her eyes, and pointed at Jiang Hao with a burst of irritated hammering!

Only after she had finished, did she realise that she had unknowingly jumped into Jiang Hao's arms again.

Jiang Hao was slightly stunned at this moment, looking at Lin Yan's watery eyes he couldn't help but stretch out his hand and touch Lin Yan's head.

'If it really doesn't work, the big deal is that I'll help you top it up, the little master is confident that he doesn't have to be worse than anyone else.'

Lin Yan looked at Jiang Hao in front of her, 'Perhaps, it's also possible, but I'm afraid the person you're going to face is a bit terrifying. I don't know if you'll be able to hold up.'

After looking at Lin Yan and smiling, Jiang Hao pressed on with no answer to this question.

He didn't yet believe that there was anyone in the Northern Province who could hold him down, after all, he was the kind of person who could set up dozens of companies in a minute, no matter how he put it!

If we are talking about the second generation of the rich, I am afraid that there are really not many people in the entire North Province who can compare to Jiang Hao.

On the other hand, since Lin Yan had left.

Lin Dong and Lin Nan had endured the scolding of the two old men in the family, and after they had both retired.

The old grandmother looked at Elder Lin and nodded slightly before speaking, 'Look, this is the person you're protecting, what do you want what doesn't work!'

Thinking of this. The old grandmother even snorted coldly and said, 'Instead of this, you should have married out earlier. You might as well get married off sooner than that, so as not to plague us at home.'

Master Lin frowned at these words, then turned his head to look at his grandmother and said, 'Tell me properly, how come Yan'er is not able to do it?'

After saying this, the old man threw the account book in front of his grandmother and said, 'You should look at the people under your own command. This is what that nephew of yours has done!'

Looking at his grandmother's embarrassed face, the old man let out a deep sigh, 'Now that the board meeting is about to start, what are you going to use to cover this 30 million deficit?'

A whole thirty million dollars, to take it out right away was simply impossible!

And Master Lin looked coldly at the uncertain look on his old grandmother's face. After a cold hum, he said, 'I told you that these two men in the family are unreliable!'

The old grandmother heard this and became quite furious, this Lin Dong did not do what he wanted, how could it come to this point.

Everyone searched for Lin Dong on the way to the car, but they never found him.

When they got home, their grandmother sat silently in a chair and stared at him.

Master Lin, on the other hand, stood up with a cold snort and said, 'Look, this is the grandson you are protecting!'

Lin Nan stood down and became a little embarrassed, so he took out his mobile phone and hurriedly called Lin Dong.

As soon as the call was answered, Lin Nan cursed, 'Where are you, you bastard, how come I haven't seen you?'

After listening carefully. Lin Nan heard a burst of mahjong sounds coming from Lin Dong's side.

So he frowned and asked, 'Where the hell are you, don't make me ask a third time. Old grandmother and grandfather are here!'

Hearing this, Lin Dong hurriedly collected himself. Then he walked out of the room and stood in the corridor and lit a cigarette.

'Dad, I'm outside having dinner with a client. I'll be back after we finish eating, they plan to sign with the company today.'

After hearing this answer Lin Nan directly sighed with relief, 'The matter of contract or not can be put aside for now, you just need to come back in peace.'

Lin Dong agreed, and then turned around and started his own battle again, intending to take the one million that his grandmother had taken out and turn it over in one go!

The result was that before Lin Dong could react, Infinity had turned into a real Infinity, and everyone around had froze and disappeared.

By the time Lin Dong left, he was surprised to find that he had been arrested for playing cards!

However, Lin Nan, who was serving Master Lin and his grandmother, did not know about this, and looked at the two old men with a pleasing face after hanging up the phone.

'Ahem, that boy Lin Dong is accompanying a client, saying that he wants to earn back all the money he has lost for the company.'

When the old grandmother heard this, a look of pride flashed across her face!

'That's what our Lin family is all about, losing isn't scary, what's scary is losing and not being able to get up!'

After saying this, she looked at Elder Lin with some pride and said, 'Elder, how about it, the person I'm protecting is still not bad, right?'

As a result, just as these words were finished, just as Elder Lin was about to open his mouth to speak.

Lin Nan's mobile phone suddenly rang, and seeing that it was his son's call, Lin Nan hurriedly picked it up.

Then he spoke into the phone and asked, 'What's wrong, what's wrong?'

A male voice came from the other end of the phone and said, 'Sorry, hello, your son has been detained on suspicion of gambling, please send someone over.'

Hearing these words, the old grandmother, who had just been beaming with joy, suddenly turned dark.

While Elder Lin, who was sitting with them, snorted disdainfully, 'Is this what you call having the ability?'
