

# Super Rich Dad Chapter 651-653

## Chapter 651

After this incident, Elder Lin had completely seen through Lin Dong.

He did not want to entrust the foundation of the Lin family to such a person, no matter what, and he was afraid that only Lin Yan would be able to take it on.

But when he thought of Lin Yan, she was only a girl after all, just like her old partner had said. After all, she would have to marry someone else.

While Master Lin's side of the family was in an uproar, Jiang Hao was staring at the book in his hand with a bitter expression.

While looking at the book, he unconsciously said, 'I say how long are you going to stay here, it's not a problem to go on like this.'

Lin Yan, who was sitting on the sofa watching TV, heard this and glanced back at Jiang Hao.

Then she lay down on the sofa and spoke unnecessarily, 'What. I came over to play with you, and you still dislike me, don't you?'

Although Jiang Hao had only just arrived at the Northern Mansion. However, he still had a good understanding of some of the things in North Mansion.

For the reason why Lin Yan had come out from inside the house, his side had also sort of heard about it.

Thinking of this Jiang Hao looked back at Lin Yan and said, 'You can't hide here with me for the rest of your life, you still have to face the things you should face.'

Lin Yan frowned slightly at Jiang Hao's words, how could she not know this truth.

It was just the thought of going home and having to face those two people that brought a look of disgust to Lin Yan's heart.

'You should leave this matter alone, it's not like I'm eating or drinking from you here for nothing anyway.'

After saying this, Lin Yan sat up and looked at Jiang Hao and continued to speak, 'By the way, is there any news outside during this time, especially about my family.'

Jiang Hao shrugged his shoulders, picked up a newspaper and threw it to Lin Yan and said, 'I think you should know this person. I guess this is the biggest news.'

Lin Yan took the newspaper and looked at it, only to see that the headline on the front page was the news that Lin Dong had been arrested for gambling.

Looking at the picture of Lin Dong covering up on the top, Lin Yan didn't know whether to be happy or sad for a while in her heart.

She just shook her head slightly before lying down again and murmuring, 'I'd only be uneasy if the Lin family was really handed over to such a goods, ah.'

Jiang Hao looked at Lin Yan's sad look somewhat questioningly and spoke, 'Since this is the case why don't you just don't marry, there must be many men who want to eat your soft rice.'

After saying this, Jiang Hao looked at Lin Yan with a bad smile and some ambiguous meaning in his eyes.

Lin Yan faintly glanced at Jiang Hao and said, 'What, you want to eat my soft rice.'

After saying this Lin Yan snorted, 'You think I'm rich, every penny I've used since I was a kid was given to me by my grandfather, I've never touched a single penny from the company.'

The words had just fallen. The mobile phone on Lin Yan's body suddenly rang.

She took out the phone after a slight faze and looked at it, only to see that it was unexpectedly a call from Elder Lin.

In the phone call, Elder Lin only briefly asked about Lin Yan's condition during this period of time, and then went on to talk about Lin Dong's affairs.

When these two paragraphs were finished, the old man hung up the phone after asking, intentionally or not, when he was going home.

Lin Yan sat on the sofa and looked at the phone thoughtfully, as if she was thinking about the old man's intention for this call.

Jiang Hao sat on the side and listened to their conversation clearly, and saw that Lin Yan was quietly pondering.

So he smiled before speaking, 'It looks like this is an opportunity for you, it's up to you whether you want to grasp it or not.'

Lin Yan turned her head and looked at Jiang Hao: 'Impossible, uncle won't let me go back so easily.'

Jiang Hao looked at the hesitant look on Lin Yan's face and couldn't help but let out a slight sigh and said, 'Since your uncle won't let you go back just like that. Couldn't you still find a way to sneak back?'

After saying this Jiang Hao faintly froze, then fell silent and asked, 'There's something I seem to have heard you say before. Is that what's-her-name Lin Dong talking business with someone recently?'

Lin Yan nodded before speaking, 'Well, I mentioned to you once before that Lin Dong had recently been talking to a group company about a cooperation project.'

Jiang Hao pondered for a moment, then looked at Lin Yan and asked, 'Do you think it's possible that he put some of the money Put it somewhere else to hide?'

Lin Yan smiled before looking at Jiang Hao and shaking her head, 'Even if that's the case, I wouldn't be able to retrieve the money if he didn't go.'

Of course Lin Yan could understand Jiang Hao's thoughts, if she was going back she certainly couldn't just go back empty handed.

Otherwise, not to mention others, I'm afraid that even her grandfather would feel a bit disappointed with her.

Thinking of this, Lin Yan gave a bitter smile. Being in a family, one had to prove one's worth if one wanted to have a good life.

Jiang Hao watched a hint of bitterness flash across Lin Yan's face, so he reached out and gently nudged Lin Yan's forehead.

'Are you stupid, even if you can't take it out, but you can still tell your grandfather about it.'

Lin Yan gave Jiang Hao a somewhat hesitant look, if she did so she would undoubtedly be tearing her face off from her uncle.

And her uncle was definitely not someone to be dealt with, otherwise he wouldn't have been able to compete with her on the matter of the heir.

The first thing you need to do is to find out if you've got the right to be the heir. And even if we find out, grandpa may not be able to do anything about them.'

Jiang Hao heard these words. A look of disappointment flashed across his face.

Because of Lin Yan's problems, Jiang Hao had also felt a little tired during this period of time. That was why he wanted to settle it quickly and well.

Lin Yan naturally understood Jiang Hao's feelings, and after seeing a trace of disappointment flash across Jiang Hao's face she smiled and said, 'Don't worry. I will take care of this matter.'

After saying this, she looked at Jiang Hao's somewhat uneasy look, so she continued, 'Even if there is something that can't be handled properly, I will still call you.'

After confirming this, Jiang Hao then nodded like he was relaxed and said, 'Well, in that case, you should go back early, I'll wait for your news.'

Lin Yan looked at Jiang Hao and smiled, then she packed her things and planned to go back.

Jiang Hao, on the other hand, looked at Lin Yan's busy back and shook his head slightly, in fact he had some heartache for Lin Yan in his heart.

She was obviously still a girl, but she had to take on a heavy responsibility for the family.

Lin Yan had only just come over to rest for a few days, but she didn't expect to go back early after such a thing had happened.

When Jiang Hao sent Lin Yan to the door, many people saw this scene and looked at Lin Yan with some snickering.

Jiang Hao's face was slightly red, it was the first time he had seen such a scene.

And a blush appeared on Lin Yan's face, then she quickly hid and left.

## Chapter 652

Just as Lin Yan got into her car and returned to the Lin family, at this time the Lin family was divided into two factions internally.

Those who had served Elder Lin for a long time supported Lin Yan to officially become the successor, while those of the older generation who stood behind their grandmother supported Lin Dong.

Each of their parties had something to say on each side, but of course there was the same thing. That is, both parties are somewhat tit-for-tat about people other than those they support.

After learning that Elder Lin had informed Lin Yan of his return, his grandmother was the first to know.

She sat in the house with her eyes closed in quiet contemplation. For her, the reason she chose Lin Dong as the Lin family's heir was also for the good of the Lin family.

At least the family wouldn't have to fall outside. The risk of being robbed by outsiders.

The old grandmother knew very well what kind of person Lin Dong was, so she didn't have much hope for him. She just wanted to be able to give her a heavy grandson when Lin Dong settled down.

She did not believe that the Lin family could not produce a single outstanding person in three generations, and it was for this reason that she had always been on Lin Dong's side.

Originally, the plan was to marry Lin Yan off so that her threat would be lifted.

However, Lin Dong, an indisputable creature, had caused such a mess at this time, after a slight sigh.

The old grandmother opened her eyes and looked at Lin Nan and said, 'Where has Yan'er come to now?'

Lin Nan stood below hearing these words and lowered his head slightly and spoke respectfully, 'Yan'er is almost at the doorstep of the house, do you want me to go and pick her up?'

A cold aura flashed in Lin Nan's eyes as he said this, anyone who dared to threaten their father and son's inheritance of the Lin family estate would be his enemy to Lin Nan.

Since Lin Yan had returned, he must go up and give her a good look, so that she would know that she was not the one who belonged to this family after all.

How could the old grandmother not understand such a mind of Lin Nan's.

After looking at the look on Lin Nan's face, the old grandmother coldly snorted in disdain and said, 'You'd better put away those little tricks of yours. Master will be even more disgusted with you when he finds out.'

After saying this, the old grandmother rubbed her head with a bit of a headache and said, 'Your son's affairs are already annoying, so you should not get involved in the hilarity at this time.'

Lin Nan was slightly reluctant to hear this, but in front of his old grandmother he had to put up with it.

After a few moments of contemplation, his grandmother looked at Lin Nan and said thoughtfully, 'How are you doing with the marriage arrangement you were asked to arrange?'

Lin Nan nodded slightly and then said, 'I have already prepared the marriage, and I have personally visited the Northern family before.'

Hearing these words, a trace of joy finally appeared on the old grandmother's face.

After nodding slightly, the old grandmother could not help but sigh, 'After all this time there is finally a bit of good news, if we can make a relationship with the Shen family. We'll have a better life.'

Lin Nan frowned slightly and looked at his old grandmother with a slightly suspicious look.

To him, the Northern House Shen family had always been very low-profile, so even if they could get into some kind of relationship what could the other party give them.

The old grandmother seemed to have read Lin Nan's mind, smiling and shaking her head before speaking: 'Of the three Lin Xue Shen families in the Northern Province, our Lin family stands first not because we are strong, but because we stand under the sun.'

After saying this the old grandmother spoke with a little sigh, 'And the Xue family is on the grey road, so it ranks second. Lastly is this Shen family.'

After hearing this, Lin Nan looked at his grandmother strangely and said, 'What's so different about this Shen family that the water is even deeper than our Lin family?'

The old grandmother snorted at these words. Back then, the Shen family had been so dominant.

Although it had since split into many families, by now even a single branch of the Shen family was beyond the reach of ordinary people.

They no longer needed to be as prominent as they once were, and that was why they were all the more frightening and worrying.

Thinking of this, the old grandmother shook her head and said, 'You don't know about this matter. Back then, when the Shen family was around, our family was in danger of being wiped out by the Shen family even if we behaved a little.'

'Then why has the Shen family become so low key now, many people don't even pay much attention to the Shen family ah.'

The old grandmother snorted, for the first time she felt how the children she had given birth to were so stupid.

'I won't say any more than that. Just do as I instructed you, and I will naturally go and give an explanation on the old man's side.'

After saying this, the old grandmother turned around and spoke, 'I'm tired, you should retreat to fetch Yan'er, and by the way, tell Yan'er about this matter.'

Lin Nan looked at his old grandmother's back and wanted to say something, but after a slight hesitation he put it down and then turned to leave.

Just as Lin Nan reached the door, he saw Lin Yan dragging her suitcase over, and after a smile, he walked up to her.

He then said in a soft voice, 'Yo. Isn't this your niece, why have you come back today?'

Lin Yan gave him a cold look and then didn't even bother to pay attention. But to her surprise, Lin Nan stood in front of her and blocked the way.

'My niece, my grandmother has arranged a marriage for you. The other party is the young master of the Shen family, and it has already been negotiated.'

Lin Yan stopped momentarily surprised and looked up at Lin Nan. The look in her eyes was filled with shock in disbelief!

'Why didn't you guys go through my permission for such a big thing, why didn't you all ask me about it?'

Lin Nan looked at her surprised look and smiled, his heart filled with pleasure.

However, he could not show it in front of so many people, but spoke with a kind face, 'The family is always there for your own good.'

Hearing these words and looking at the expression on Lin Nan's face, Lin Yan completely felt a little cold-hearted towards this family this time.

It seemed that no matter how hard she tried, to this family, she was just a burden.

Thinking of this Lin Yan took a deep breath, and then coldly asked, 'Has this matter been approved by grandpa?'

This was her last hope, if Elder Lin also agreed, then her end was basically doomed.

Lin Nan looked at her expressionless face and said with a smile, 'I believe the results will come out soon from the old man's side, why don't you come over with me and take a look?'

Lin Yan gave a cold snort and walked towards the study, just as she reached the door she heard the sound of a low conversation coming from inside.

'This child Lin Yan is quite nice, but her temperament is a bit violent, so I think she may not be suitable for your family's grandson.'

At that moment, a strange man's voice came from the room and said brightly, 'You are welcome, Mr. Lin, I think this matter is still more appropriate.'

After saying this, the other man went on to speak, 'Young man, after slowly spending more time together, you will naturally get a feeling out.'

Chapter 653

Lin Yan, who was standing outside the door, could not resist rushing in and then saw Master Lin sitting with a middle-aged man, whispering.

The middle-aged man looked Lin Yan up and down before smiling and saying, 'This is Miss Lin Yan Lin, right?'

Master Lin looked at Lin Yan and nodded, then spoke to the middle-aged man, 'How about this. Can you go back first and wait for me to discuss it properly with her before giving you a final answer?'

The middle-aged man looked at Lin Yan and then at Elder Lin before nodding reluctantly, and then got up and left.

After the man had left. Only then did Lin Yan look at Elder Lin with a pale face, 'Grandpa, who was that man?'

Elder Lin lifted his cup of tea and took a slight sip: 'The Shen family's butler. He came over this time to talk about your marriage.'

Hearing this, Lin Yan instantly blushed miserably, and then she sat down in her chair and fumed quietly.

'You don't need to worry so much, the other party only has this intention right now, they haven't decided on it yet.'

The Old Master could not bear to see Lin Yan suffer this hardship, after all, although the Shen family was huge, but who did not know that the water in their family was the deepest.

After saying this, Elder Lin looked at Lin Yan and continued to speak, 'Recently some matters on Lin Dong's hands have been delayed, so I hope you can go and take care of them.'

Lin Yan's heart was slightly reassured when she heard this, as long as she was still useful to the family. Then the old man would not marry herself to the Shen family.

So she looked at Elder Lin with a straight face and waited quietly for his orders, determined in her heart that she would complete whatever it was!

'Lin Dong was in charge of a cooperation project with the Jincheng Group, he is not suitable to do this now, so you should go.'

Lin Yan faintly froze, then looked at the old man and spoke, 'Jincheng Group? This, isn't this Chen Minggang's family's company?'

The old man smiled before looking at Lin Yan and nodded, he knew of the enmity between Lin Yan and Chen Minggang.

But if he didn't talk this matter down, there was no reason why he could keep Lin Yan in front of his family.

'I know this task is difficult, but if you don't go through with it. I have no explanation on the family's side either.'

After saying this, the old man couldn't help but smile bitterly twice, thinking that he was the head of a family but was being elbowed by his family in everything he did.

Lin Yan looked at the old man and took a deep breath before saying with a bitter smile, 'Alright, I will do this matter with all my heart, no matter what, I won't disgrace you grandpa.'

Master Lin looked at the bitter smile on her face and let out a deep sigh of silence.

He knew that the reason his old companion was doing this was also for the sake of the family's development, as long as she climbed the big tree of the Shen family, the Lin family's glory and prosperity would continue again.

But the Lin family had been about children since their generation. Where was the thought of sacrificing the child for the sake of the family?

If that was the case, what had he worked so hard to build this mountain for?

Thinking of this, Elder Lin waved his hand and sent Lin Yan down. This was how people were when they got old, they liked to think about things in particular.

But just as Old Master Lin turned around, he suddenly stumbled and fell to the ground.

Seeing this, Lin Yan hurriedly jumped forward and hugged the old man and hurriedly said, 'Grandpa, grandpa what's wrong with you!'

The people outside the house heard Lin Yan's shout. So they rushed in to see what had happened.

Seeing that the old man had actually fallen to the ground, a group of people hurriedly helped the old man up and sat him on the sofa.

Lin Yan in particular was terrified; the old man's whole body looked as if he had had a stroke, with saliva dripping from the corners of his mouth.

Lin Nan, who was respectfully waiting outside the door with the intention of discussing with the old man again about discussing Lin Yan's marriage. At this moment, he also hurriedly walked in.

He was overjoyed at the sight of this, but his face exclaimed in shock, 'What's wrong! What's happened!'

Lin Yan didn't bother to care about her wolfish uncle at this moment, but shouted, 'Call a doctor for me! Quickly!'

Soon after the voice went down, someone called the emergency number to the No. 1 Chinese Hospital in the city centre, which had recently gained fame.

The hospital that received the call immediately had someone drive a car with the intention of going out, and Jiang Hao was sitting in his office at the moment, working as usual.

The person who answered the phone had a strange look on his face after hearing the address, and then hurriedly spoke to Xiao Li at the front desk.

Because Jiang Hao has recently gotten closer to Miss Lin, so Xiao Li hesitated for a moment before running to Jiang Hao's office and knocking on the door and saying, 'Brother Shen, something big seems to have happened to the Lin family!'

Jiang Hao heard me ie I ie a frost. He put down the things he was doing and asked, 'What's wrong, what big deal can happen to the Lin family?'

'There was a call from the hospital just now. It said that the old man of the Lin family had a sudden stroke and fell ill, so let's send a car over there quickly!'

Looking at Jiang Hao after he finished saying this. Xiao Li spoke up again hurriedly, 'Brother Shen, do you want to go over with us?'

Jiang Hao pondered for a moment. Today was the day Lin Yan was going back, so if something really happened I hoped it wouldn't affect Lin Yan.

After hesitating for a moment Jiang Hao looked at Xiao Li and nodded slightly and said, 'OK, you can leave me a place on the emergency vehicle, I'll pack some things and come.'

Hearing this, Xiao Li nodded and left, while Jiang Hao opened the drawer and took out the golden needles that the dean had specially given him and hurried out.

When Jiang Hao and his group hurried to the Lin family, there was a lot of commotion all over the Lin family.

When they saw the emergency vehicle coming and Jiang Hao, a few people rushed up and took Jiang Hao with them and rushed to the inner house.

Lin Yan sat crouched on the floor and watched Master Lin, wiping the corners of his mouth with a tissue every now and then.

The old grandmother, who had just arrived with the news, looked at Elder Lin's appearance and broke down a little on the spot!

'Old man, what's wrong with you, why don't you say something to me!'

The old grandmother was so anxious that tears came out of her eyes as she said this, after all, she was also in her seventies really couldn't bear such a blow.

Lin Nan had not yet succeeded in ascending to the throne, so how could she allow anything to happen to her grandmother?

Looking at his grandmother's uncomfortable appearance, Lin Nan shouted in a low voice, 'Which son of a b\*tch revealed this matter to his grandmother, are you all crazy?'

Seeing that no one had come forward to admit this matter, Lin Nan looked at his grandmother's sad face and said in a low voice, 'If anything happens to old grandmother, you all can't make amends even if you die!'

After saying this Lin Nan hurriedly kneeled in front of his old grandmother and spoke, 'You must take care of your health, this old man has fallen, you can't fall!'
