

Chapter 652

“Emperor-level guest? No, impossible! How could this be possible!”

At this moment, after seeing this scene, the fat man was scared to death.

The cold sweat rushed from his forehead.

He couldn't believe it.

Lin Fan, Bai Yi, the poor group, turned out to be imperial guests!

“It is rumored that only a few of the top tycoons in China are eligible to have the Emperor-level cards of the Shengshi Group! Is this a woman of that kind? How is this possible!”

Fatty couldn't believe it at all.

After all, whether it is from a comprehensive analysis, whether it is Lin Fan and Bai Yi, or Shen Yuzhi and others, none of them are like powerful figures.

And just when the fat man was almost scared to pee.

He Sheng's words came again:

“Miss Bai Yi, as an imperial guest of our Shengshi Group, we will prepare an imperial box for you, as well as 108 precious dishes and drinks!”

“Please move with your guests. Go ahead!”

He Sheng waved to the back as he said.

Hoop!

All the high-levels and welcoming guests of the Shengshi Hotel behind, separated a road.

Seeing this scene, Bai Yi and others wanted to move forward.

But at this moment.

Lin Fan made a move with his palm:

“Wait a minute!”

Huh?

The three simple words immediately caused He Sheng and all the big guys to shake his body.

Only they knew Lin Fan's true identity.

They had never dared to bow and greet Lin Fan before, for fear that they would reveal Lin Fan's identity privately and arouse the slightest dissatisfaction of this super boss behind the scenes.

And now, this one finally spoke.

"Lin...Mr. Lin, please don't hesitate to tell me what you have ordered! No matter what, we will do it!"

He Sheng wiped the sweat from his forehead at the moment, and said respectfully to Lin Fan.

And this scene fell in the eyes of everyone, and it made everyone slightly stunned.

Because they see.

When Chairman He Sheng spoke to Lin Fan, he seemed to be more nervous and respectful than when he faced Bai Yi, an imperial guest.

His body has been bowing slightly.

The sweat on his forehead was as if he had opened a faucet, and even facing Lin Fan, he was shaking.

Ok?

When this scene fell in the eyes of everyone, they couldn't believe their eyes.

what happened?

Chairman He Sheng, why is he so respectful to this young man to such an incredible level?

Especially in the eyes of everyone, it seemed that Lin Fan was the one who truly feared He Sheng.

This is even more incredible.

It's just that Lin Fan didn't care about everyone's horrified gaze, his eyes rolled, and instantly locked on the fat man and the greeter.
