

# Catch Me If You Love Me

## Chapter 66

Pulling her arm with force, she slammed her towards the sofa.

Immediately afterwards, the old man smashed her head and covered her face.

“My dear niece, since you are not funny, then I will tell you the truth. Now you are the only one and you cannot afford Gu’s family.”

Snapped!

A thick stack of documents fell in front of Zoey Gu’s eyes.

“As long as you sign these documents, you will give up all your rights in the Gu family. I promise that even if you don’t do anything in your entire life, you will have no worries about food and clothing, and will not let others get in touch with you. How about?”

Zoey Gu trembled all over, struggling to get up from the sofa, gritted her teeth and looked at the old man.

“You mean, not only do you want me to be with you, but also to be your little one and sleep with you forever?”

The old man looked at her squintly, as he should.

“Your father has not been in these years. If it weren’t for me, do you think Gu can have today? Even your stepmother, Lydia Lin, was slept by me, and then climbed to that position!”

Zoey’s eyes blushed.

She squeezed the edges of those documents, her voice trembling.

“My dad is not here, I naturally can’t take over the Gu family. But Gu family has many people who can take on this important task. No matter how bad it is, there are professional managers. But it’s definitely not your dirty and dirty, bad character. The old stuff!”

After she finished speaking in one breath, she picked up the red wine bottle on the table and slammed it at the old man.

In an instant, shards of glass broke to the ground. The red liquid splashed out, making the old man’s body and face embarrassed.

“you!!”

The old man’s expression changed, and he rushed forward, pushing Zoey Gu down on the sofa, turning over and riding on it.

“Toast and not eat fine wine! Anyway, I have been slept with you. See me to teach you a lesson tonight. At dawn, I have a way to ruin you!”

Stabbed!

He tore open the white chiffon shirt from her body, and k!ssed her after possessing her.

Zoey Gu’s face turned pale, and she twisted the beginning subconsciously.

The old man’s movements fell to nothing. As soon as he lowered his head, he saw a ring hanging from her collarbone with a red rope.

He let out a very contemptuous sneer.

“I’ve been in so many men’s beds, what innocent play with here!”

With a wave of his hand, he tore off the ring and threw it out.

“Don’t—”

Zoey Gu suddenly let out a scream, and her whole body was shocked when he saw the ring ding with a crisp sound.

Suddenly, a crazy anger rushed from the soles of the feet.

She blushed suddenly, turned her head abruptly, and stared at the man on her body motionlessly. Suddenly, she didn’t know where the power came from, and she pushed the man out hard...

The old man was caught off guard and fell to the floor with a “plop”.

Zoey Gu on the sofa leaped up, grabbed the bag beside him suddenly, and hit his head.

“Old devil! Old villain! Shameless! I am not dirty! I never climb a man’s bed, let alone be someone else’s junior!”

“My father is dead, my brother is dead, and the family is gone! Everyone says I am a disaster star, but who did I offend? Why do you all want to humiliate and bully me!”

She was crazy.

It’s not so much fighting back, it’s venting. His eyes were flushed, his hands were raised and hands down, and he was hitting whatever he was holding.

The old man was beaten with blood all over his face. He screamed while struggling, holding Zoey Gu abruptly, and pushing her out with force.

“court death!”

The old man stood up and raised his hand sharply at Zoey Gu.

In the next second, a flashing light suddenly flashed through his eyes.

The old man’s hands stiffened, and he subconsciously turned his head to look at the light...
