

Chapter 681

Ok?

The purpose is complete?

Hearing this, Bai Yi's mouth showed a deep wry smile. They came to Yunhai this time to buy the Blue Ocean Building, but now they have not only forged a deep hatred with the Cai Guofu brothers, they even almost died in their hands. in.

There is no hope of buying this Blue Ocean Building.

However, although Bai Yi was disappointed in his heart, he knew that the matter was here, and staying in Yunhai City would not be of any use.

"Well, although the Blue Ocean Building is not available, we can go back and find another address!" After Bai Yi finished speaking, he took Lin Fan and walked downstairs.

But she didn't realize that after hearing this, Fei waited for all the giants in Yunhai City and twitched the corners of his mouth.

The Blue Ocean Building did not buy it.

This is really nothing, and got it for nothing.

And it's not just a blue ocean. Your husband has assigned all the assets of the two brothers to his own name, and even sent the brothers to hell.

At this moment, although many of the giants in Yunhai City were quite speechless, they were still obediently preparing to see them off.

Buzzing.

In Lin Fan and Bai Yi, they just walked down the restaurant and instantly saw that Rolls Royce after another had been parked outside the hotel.

There are as many as twenty cars, densely parked in the parking lot in front of the hotel, making it look like a Rolls-Royce fair, which is shocking.

"This is..."

Bai Yi was stunned, but she remembered that when she came to the restaurant just now, there was a

Rolls Royce in the parking lot, and now...

“Miss Bai Yi, this time you are shocked. Now! So tonight, we decided to personally escort you out of Yunhai City!”

Old Fei said respectfully to Bai Yi.

what!

Bai Yi was shocked when he said this.

She knew that the dozens of people in front of her included almost all the upper-class figures in Yunhai City.

Randomly pick one out, they are all resounding giants, and now, all of them are going to escort themselves and Lin Fan out of the sea of clouds?

This makes Bai Yi actually have a dreaming feeling.

However, before Bai Yi said anything, he was pulled by Lin Fan and boarded the Mercedes-Benz car driven by the two of them.

See this scene.

Fei Lao and others all got on the bus.

At this moment, a shocking scene appeared.

I saw ten Rolls-Royce cars in the front of the parking lot of the Hongyun Restaurant, and a Mercedes-Benz in the middle, slowly moving.

Behind the Mercedes-Benz, ten Rolls-Royce escorts were also followed.

The scene was extremely shocking.

No one has ever seen a Mercedes-Benz like this. A Mercedes-Benz needs twenty Rolls-Royce escorts. This is so high that every passerby who sees this scene will be stunned. Tingling.

Chapter 682

This is more than that.

One by one, from the mobile phones of those giants. , Suddenly, traffic control appeared.

The main road from Yunhai to Jiangshi was blocked one by one, and private cars were prohibited from passing.

The entire Yunhai City seemed to be using an incredibly high standard to escort Lin Fan and Bai Yi away.  
at the same time!

On the main road to Jiangshi, there is also a BMW X5 driving slowly.

Inside the car, it was the uncle Bai Hai and Bai Yifan.

After dealing with Yunhai City, the father and son are going to return to Jiang City tonight.

However, when they had just turned an intersection, they suddenly found that police cars were clearing the road, dispersing traffic on the road.

“Huh? Roads are restricted?” Bai Yifan frowned while driving.

At this moment, he saw that a car was driven away by traffic restrictions, making the entire main road empty.

This is more than that.

A famous traffic policeman began to pull up the isolation belt on the edge of the road. This scene seemed to be a big figure going out.

“Oh my god, a road was blocked! I don’t know who is going to leave Yunhai City?” Uncle Bai Hai was also shocked.

He knew that even if it was the No.1 Big Brother Yunhai, there was absolutely no such treatment.

This is at least the highest level in the province, or national-level giants, to enjoy such treatment.

however!

The shock is just beginning.

At this moment, the father and son saw that from the front of the empty road, there were Rolls Royces driving in front.

“Ten Rolls-Royce, clear the way!” The father and son looked at each other, obviously frightened.

But this does not stop.

When they saw clearly the license plate of the Rolls Royce, their hearts were even more shocking.

“Dad! Isn’t that license plate exclusive to Mr. Yun Hai Fei? Does Mr. Fei drive himself? How is this possible?” Uncle Bai Hai almost fell out of his eyes at this moment.

He stared at the old Rolls-Royce with a pair of eyes. After he saw an old figure on the back seat of the car, Bai Hai could not help but shudder.

“Yes... it is Father Fei, it turned out to be true!”

Shocked!

Bai Hai couldn’t imagine what a terrifying identity this escort could be for a big figure like Mr. Fei to open the way in person.

On the side, Bai Yifan also exclaimed in shock:

“Dad! And the next one is the luxury car of the Qi family! Father Qi is also sitting in it!”

“The third car is the Zhou family, and the third wealthy Yunhai is at the helm. People!”

“...”

One after another!

But Bai Hai and his son were shocked to discover that this Rolls-Royce, which had cleared ten vehicles, had gathered the helms of all the top giants in Yunhai City.

This is horrified.

Chapter 683

It’s just that a scene that shocked them even more appeared.

When ten Rolls-Royce drove slowly past, in the double-team of the convoy, they actually vaguely saw a...Mercedes-Benz in the middle!

Wow...

Father and son Bai Hai almost suspected that they were dazzled at this moment.

Ten Rolls-Royce's horrible road lineup, and the escort turned out to be a Mercedes?

Isn't this an international joke?

However, the voice of Bai Yifan next to him was as if he had seen a ghost:

"Dad...Dad! How do I look? The Mercedes escorted inside the Rolls-Royce motorcade seems to be Bai Yi's family Of? "

What!

Hearing Bai Yifan's words, Bai Hai was even more confused.

He immediately looked at the convoy ahead again, but the Mercedes-Benz was almost sandwiched by Rolls-Royces, and it was impossible to see the license plate of the Mercedes-Benz.

"Yifan, what are you talking about nonsense! What are Bai Yi and Lin Fan? Just Cai Guofu can break Lin Fan's leg and make Bai Yi go home alone!"

"What qualifications do they have? Let all the top bosses in Yunhai City personally escort them! Isn't this bullshit!"

Uncle Bai Hai sternly reprimanded his son at this moment.

And heard this.

Bai Yifan nodded involuntarily.

That's right!

If Bai Yi and Lin Fan were personally escorted by the entire Yunhai giants, it would be unbelievable even if they killed him.

"Maybe my eyes are dazzled!" Bai Yifan shook his head, and immediately threw this absurd idea out of his mind.

At this moment, the father and son once again saw that after the ten Rolls-Royce and the escorted

Mercedes were moving forward, there were still ten Rolls-Royces behind.

In particular, these ten Rolls-Royce all belong to the underground giants of Yunhai City.

King Kong...

Tiger Head...

The car of one underground boss after another, this made the Bai Hai father and son almost suffocated.

“Unbelievable! It’s incredible!”

At this moment, Uncle Bai Hai looked at the broken ten Rolls Royce, and his whole body was shocked to the extreme.

“It’s unimaginable, that the Mercedes car, what is the big brother who? Even let the old charges and others to clear the way, let Diamond, who bring up the rear!”

“This is the number one fear level save it!”

The uncle white In the eyes of the sea, perhaps only the top provincial giants have the opportunity to enjoy this kind of treatment.

And aside.

Bai Yifan also the face of lament and excitement:

“! Dad went to River City, this road is the main road, the old charges to escort and others, is likely to be the great man went to River City, we should not inform their grandfather!”

“Maybe , Have a chance to catch up with this big man!”

Chapter 684

Ok?

Bai Yifan’s words made Uncle Bai Hai’s eyes suddenly light up.

That’s right.

This road is the road to Jiangshi, in other words, Jiangshi is the destination of the big man.

As the Bai Group, which is currently the most popular in Jiang City, if it can get in touch with this big man, it will become popular in the future, which is just around the corner.

Thought of this.

Uncle Bai Hai's breathing became a little hurried, and he quickly took out his mobile phone and called the old man.

At this moment, it was not only Bai Yifan who thought of this.

Even the other vehicles around, many people thought of this.

All of a sudden, one phone call came out from the surrounding cars, sending the news to Jiang City.

Wow...

After these calls reached Jiang City, the whole Jiang City was completely boiling.

Many Jiangshi elders who got the news passed on ten, or passed on hundred.

In just one hour, almost half of the upper-class people in Jiang City knew about this.

After all, this thing is too shocking.

Almost all the giants in Yunhai City dispatched twenty Rolls Royces to give one person away, which is simply unimaginable.

Wow!

Suddenly, many luxury cars in Jiang City began to set off, heading towards the main road into Jiang City.

This main road from Yunhai to Jiangshi, named Yunjiang Road, is a national highway.

There is a vacant lot just before entering Jiang City.

In the past, there were few people in this clearing, but today it has become the busiest place in Jiang City.

A lot of luxury cars almost parked on the ground around Yunjiang Road.

It's like a luxury car fair.

Almost half of Jiangcheng bosses gathered.

Besides!

Almost everyone of these Jiangcheng bosses prepared a generous gift.

Calligraphy and painting, antiques, jewellery...the precious gifts are dazzling, making people overwhelmed.

Among them, naturally there are people from the Bai family.

"Dad! Did you say that the news of Big Brother is accurate?" Er Ye Shirakawa's face was full of excitement.

Shirakawa was previously arrested for colluding with Huang Guosheng against Lin Fan, but he was charged with a very minor charge and has now been released on bail.

Especially after the Baiyi family was driven out of the Bai family, the Baichuan family once again entered the Bai family group, and together with the uncle Bai Hai, they almost firmly controlled the Bai family group.

And heard this.

Old man Bai couldn't help but stroked his beard, and nodded and smiled: "Second, don't worry, your elder brother has always been safe, and the person who came this time is definitely a big man! Wait a moment, you should treat yourself well, if you can take it. If the relationship is established, then our Bai family will be completely stable!"

Chapter 685

Grandpa Bai solemnly shook his head, and said worriedly:

"Unfortunately, time is too rushed. We only prepared a million worth of calligraphy and painting "Treading Snow and Looking for Plum Blossoms"!"

"I don't know if it can be possible. Into that gangster's discernment?" He said.

Everyone's eyes couldn't help but look at the calligraphy and painting in the hands of a housekeeper next to them.

This calligraphy and painting is the most valuable one of their Bai family. It is called "Treading Snow and Looking for Plums". In order to get a relationship with that big brother, the Bai family can be said to be

bleeding.

And hearing this, the surrounding Bai family leaders couldn't help but worry.

after all!

But they let all the tycoons of Yunhai, a horror figure to send together, one million calligraphy and painting, I am afraid that they will not be able to enter the eyes of the other party.

At this moment, watching everyone worry.

Next to Bai Yan, is smiled and said:

“! Grandpa, this time even if we do not take the great man and the relationship, all right.”

“After all, uncle clouds trip this time, not only to achieve brothers and Cai Guofu In order to establish a cooperative relationship, they even let the Baiyi couple return empty-handed, giving the New Bai Group a heavy blow! It is enough!”

Huh?

Hearing Bai Yan's words, everyone around couldn't help but think carefully, it was indeed the case.

After all, for the Bai family right now, strangling Bai Yi's new Bai's group in the cradle is the most important thing.

Thought of this.

Smiles once again appeared on the faces of the Bai family members.

“Hahaha, it's a good thing to make a couple, I didn't expect that the third family will have today!”

Erye Shirakawa's face still has a strong look of resentment.

Obviously, for his previous arrest, all the blame was completely attributed to Lin Fan and others.

“Yeah, if we have a relationship with this big man again, then the new Bai family is just an ant in our eyes!”

“Yes! And that little beast of Lin Fan! I've long seen him unpleasant. Now! This time, it is really exciting,

that Lin Fan was taught a good lesson and interrupted this guy's dog legs!"

"Hahaha... From now on, I am afraid that Lin Fan will become a lame! Lame! Son-in-law? Hahaha..."

"..."

Many senior Bai family members all talked and laughed.

They seemed to have seen the tragic scene of the Xinbai Group being strangled and Lin Fan's leg broken.

But at this moment.

Another car came slowly.

After seeing the person who got off the car, the eyes of everyone in the Bai family suddenly flashed a trace of hostility.

The person here is the Baishan couple.
