

Chapter 69

Azure High School sits on the outskirts of the city of Visterdem.

Although it is a suburban area, it is prosperous due to the intense development in recent years and the fact that several institutions of higher learning are located nearby.

Since it was the 70th anniversary of the school, this time Azure High School was extraordinarily grand.

In addition to all the social elites from their alma mater, many big-name celebrities were invited to attend the event.

The whole evening was set up to be a star-studded affair.

Jenny and Nina Hua arrived together, and while they were still sitting in the car, they noticed that the entire entrance of the school was already filled with luxury cars.

Except for a red carpet aisle left in the middle, there was an array of luxury cars all around.

There were quite a few fans of Clara and Nina Hua gathered on either side, and inside there were dozens of media reporters, screaming, noise, flashing lights, and the clear voice of the host, all intertwined in an unprecedented fashion.

"Sia!Ah-!Maya is so pretty!"

"I love you Maya!"

"Clara and Mu Shao are simply a match made in heaven!What a match!"

"Maya's dress is so pretty tonight, I love it!"

"The little fairy in the middle!It's so pretty!"

Since red carpet space was limited, those who arrived later needed to wait in line for those in front to pass first, so they were in no hurry to get off.

Rao still heard a mountain of screams outside.

When you look through the car window, you can see that it is Clara and Rovell Mu who are walking on the red carpet at this time.

Clara was wearing a white puffy dress tonight.

The corseted design, which spread out from under her breasts all the way out, was cleverly designed to cover her three-month pregnant belly.

The flowing gauze like texture, looks gentle and generous, indeed in line with Clara's usual fairy persona.

And Rovell, perhaps to match her outfit, also wore a white suit tonight.

The handsome face in the flash, like a Western medieval prince, gentle and gentlemanly, appearing for just ten seconds, captured the hearts of many young girls.

Nina Hua withdrew his gaze and rolled his eyes speechlessly.

"A pair of scm slts, are those people blind?It's not good to like anyone to like this white lotus flower!"

Jenny Jing sarcastically quirked his lips.

"But you have to admit, she does disguise herself well in front of an audience, after all, innocent fairies don't come in for free."

"Chuckle!You're still an innocent fairy!How come you didn't see how innocent she was when she was climbing her future brother-in-law's bed behind her sister's back?"

After Nina Hua finished speaking, he realized that he had spoken out of turn.

Turning his head to glance at Jenny's appearance, he was relieved to see that she didn't have any sadness on her face.

Jenny Jing dropped his eyes, and after a moment, he said faintly, "Actually, thanks to Clara."

If it wasn't for her, how would she know Rovell's true face?

Sometimes she didn't dare to imagine that if she hadn't broken up their affair that night, she would still be in the dark and foolishly believe that he loved her.

Nina Hua seemed to have thought of this as well and patted her hand comfortingly.

"Get over it, isn't it clear now anyway? And I've heard that Mr. Lu, the one you're with, is very fond of you, oh!"

Ever since the last time she saw Biden Lu in the video, Nina Hua has never stopped "interrogating" her.

Jenny had no choice but to tell the truth and the truth.

Her affair with Biden Lu had already blown up at Clara's birthday banquet before, but because Biden Lu had placed a gag order, almost no one present dared to reveal their relationship.

It was because Nina Hua, who hadn't attended the birthday banquet, naturally didn't know.

Now that I hear her mention it again, I think.

That man, Jenny also smiled.

He did treat her well.

It was kind of, almost spoiling good.

Sometimes she couldn't even help but wonder if the heavens couldn't bear to see her alone and alone and had deliberately sent him to her side to save her.

And thinking that it's Christmas, I wonder if he's still working late at the office, and if the party ends early, I might still be able to say Merry Christmas to him in person!

Jenny was imagining things, and the people in front of him had already finished walking.

It's their turn to get off.

Since a staff member came to open the car door for them, Nina Hua got off the car first, and before Jenny could go down, she heard cheers and screams ringing out like a tidal wave outside.

"Ah – it's Nina Hua! I see Nina Hua!"

"Nina Hua is so beautiful! The distant is the most beautiful!"

"Ooooooh... I'm going to be crying by my Yao Yao Beauty!"

If Nina Hua can be called "the most beautiful woman in the entertainment industry", her beauty is needless to say.

The good thing was that she was also used to such occasions, so she seemed calm.

Turn back and hold out your hand.

"Hey, there's someone else in Faraway's car, who is it?"

"It's not a handsome guy, is it!"

"Bah humbug! Yao Yao hasn't fallen in love yet! Don't be ridiculous!"

"Right! Poison Only doesn't stand cp!"

Soon, everyone could see clearly that the one holding Nina Hua's hand and walking down together was actually a woman.

Everyone couldn't help but take a breath of cold air.

Oh, my God!Who's that?

It's beautiful!

I saw that the visitor was tall and slender, with a blue openwork dress that outlined her delicate body line.

Auburn hair in large curls, one side of which was pinned up with a blue diamond hairpin, the other side draped gently over her shoulders, playfully quivering as she walked.

Fair skin in the light, white almost glowing, delicate features is like a painting out of the fairy, perfect to not pick out a hint of fault.

At that moment, the same question was on the minds of countless people.

Who is she?

Is it a star?

Why haven't I seen her before?

Jenny had always been used to being behind the scenes, and it was the first time she had stepped out in front of the stage to enjoy the attention of so many people, and was slightly uncomfortable.

Nina Hua held her hand, keeping a starlet standard smile on his face, and whispered, "Seeing as I spent so much effort today to dress you up so beautifully, give your sister a fight, don't be a wimp!Not to mention, at least compare the b*tch in front of you!"

That b*tch in the front....

Isn't that Clara?

Jenny couldn't hold back and puffed out a soft laugh.

She's fine when she's not smiling, the crowd just sighs lowly.

But that smile, however, saw a face that was originally as cold as the flower of Gao Ling, suddenly seemed to bloom with colorful splendor, making one's eyes shake, as if even tonight's sparkling fireworks had lost their colour.

"Oh my God!Who the hell is this?Hurry!Check it, I can't, I'm about to suffocate from her beauty!"

"Compared to her, the Clara who just went in there is like a village girl, don't you think?"

"Pfft-!It seems a little oh."

"Will you guys stop saying that?Our Maya is on the innocent route, not a style at all, can we compare?"

"Tsk, others Nina Hua is still taking the classic beauty route, standing together with others is still not inferior, it can only be said that they are equal, Clara's appearance is not as good as others, just admit it, why are you still talking tough?"

"You!"

Chapter 70

Not far away, Clara, who had reached the autograph wall, also suddenly changed colour when she saw the two women coming from the red carpet entrance.

Jenny?Why is she here!

Who doesn't know about that incident five years ago that made such a big fuss throughout Azure High School?

Today, for the 70th anniversary of the school, almost all the students have returned to celebrate for their alma mater, so naturally they will meet many acquaintances.

She has the nerve to come?

Next to him, the host laughed and asked, "Clara, you and Mu Shao both went out from Azure High School and were alumni for several years, why have we never heard of your relationship?"

Clara withdrew her gaze, restrained her thoughts and smiled, "Although Brother Azawa and I got engaged a long time ago in the presence of our elders, we were both still students at the time and were worried that announcing it would have a bad effect on the school, so we kept it a secret and didn't say anything, so please forgive us!"

Her voice was warm and soft, and had a touch of shyness to it.

The host laughed, "Clara is so sensible, no wonder you were able to get such excellent grades back then, but I heard that you originally wanted to take the Royal Academy of Fine Arts at that time, but then missed that opportunity for some reason, is that right?"

The smile on Clara's face visibly dimmed at the mention of this.

She forced a smile, "It is, but it's in the past, and today's theme is school celebrations, so let's leave it at that."

Such an understanding and accommodating gesture won the hearts of millions of people all of a sudden.

Even those who had mocked her for not being pretty enough had now shut up.

Clara is really so polite and cultured!

Even if I feel sad, I've suffered in silence for the sake of the greater good.

So what if she's not pretty enough for such a kind girl?

It's good to have a beautiful heart!

King.Heart Beauty.Maya paused and suddenly said again, "And it's been so many years since the incident, I'm sure my sister has realized her mistake, so I don't blame her."

As she spoke, she also looked at the two men on the other side of the red carpet who were slowly making their way towards the autograph wall.

An imperceptible flicker of provocation flashed across the bottom of his eyes.

Nina Hua naturally noticed and was furious.

Jenny Jing calmly shook her hand and smiled without changing her face, "Actress, watch your image!"

Nina Hua also knew that the red carpet was so long, she wouldn't be able to hit Clara even if she ran over.

I could only take a deep breath under my breath and curse under my breath, "b*tch!"

Not far away, Niu Lili, who had been hiding in the crowd, said to the people around her, "Eh, you all know about that thing the host asked just now, right?"

There were blank expressions all around.

After all, the incident was a big deal, but it was limited to the same students and teachers, as well as some of the students at the Academy.

Many of those attending the celebration today are former alumni, so they don't know much about it.

Niu Lili saw this and deliberately showed a very surprised expression.

"You guys don't even know that? No way, right?"

"What the hell is going on! Just tell us if you know, what are you selling?"

"Right."

Niu Lili smiled, "It's a simple matter. Five years ago, Clara and her sister were both studying at Azure High School, and they originally wanted to enter the Royal Academy of Fine Arts together.

But the day before submitting her work, her sister temporarily realized that her work wasn't as perfect as Clara's, so she just ruined her work, stole Clara's submission again, and knocked her unconscious.

Clara didn't have time to take the exam and naturally lost her eligibility for the competition before she had to choose film school and enter the entertainment industry."

The people around her had incredulous expressions after hearing what she said.

"Oh my God!How can there be such evil people in this world?"

"Exactly!And sisters!Even if you're jealous, you shouldn't be!"

"What kind of person steals a work even if he steals it and knocks someone unconscious?"

"It literally shattered my mind!"

Listening to the people around her criticize one sentence higher than the other, Niu Lili smiled proudly.

Jenny, you're against me!

I'm just going to give you a taste of what it's like to have your nose pointed at and yelled at in front of everyone!

It had been a week since the last time he had been humiliated by Jenny in a luxury shop.

This week, every time she thought about what had happened that day, she hated it.

When has she ever been humiliated like this?

Jenny was nothing more than a shady mistress who was bullying her just because she had Biden Lu's backing, so how would she make her feel better?

After finding out about Biden Lu's relationship with Miss Guan Jia from a friend in Kyoto, Niu Lili automatically classifies Jenny Jing as a mistress.

She had originally wanted to take revenge on Jenny through her family's influence.

But for some reason, the family business has recently suffered a series of setbacks.

Dad hadn't told her much, but she could sense that the company was in big trouble lately, just by the atmosphere at home.

But Bull Lily doesn't care about that, her dad and uncles will take care of it, she just has to be her big sister.

Thinking this, Oxley took a deep breath, growing more and more proud of herself.

"Who is her sister, by the way? Are they also students at our school?"

"I suppose so! Didn't we just talk about exams together?"

Someone asked curiously, and Cowley looked at the two men on the red carpet with a venomous grin in her eyes.

"Her sister, that's Jenny. Here, that's the one in the blue dress, walking down the red carpet right now!"

There was an uproar all around.

On the red carpet, Nina Hua noticed the gazes cast by the crowd and sensed that something was wrong.

"Jenny, be careful, I have a feeling that the people over there are malicious towards you."

Jenny Jing said in a soft voice, "I saw it."

Even if Niu Li Li hid it well, it still couldn't escape her eyes.

But she didn't care, as much as those people were yelling at her now, it would hurt to punch her in the face tonight!

They quickly reached the autograph wall.

Clara had finished the interview process, but stood there without moving, as if waiting for them.

Seeing them coming over, the good girl came forward and smiled, "Sister, Miss Hua, you're here too."

Nina Hua snorted and ignored her, turning around to take the signature pen and sign.

There were fans of Clara in the crowd who snorted with disdain.

"So what if you're pretty? No manners at all! Hot chicken!"

But more fans of Nina Hua.

"You have eyes don't you? Is our Yao Yao familiar with your White Lotus? Saying hello to everyone you see, rubbing off on the heat?"

"You!"

"You what you? I don't want to talk to you, understand? The word is signed and the interview is done, and you're still standing there like you're so good looking!"

Chapter 71

"Exactly! Being a carpet star in a foreign country is also not enough, a school celebration red carpet is also dilly-dallying and refusing to walk, rubbing traffic to this point is also pitiful, I advise you have the spirit to blindly bb here, you might as well hurry home and crowdfund to buy traffic for your little white lotus!"

"You guys are lying! Our Maya isn't a carpet star, she was invited there by the organizers!"

"Yes, yes, yes, no work every year, every year they are invited, but it's only as big as your little white lotus face, so it's good to run over there."

"Right, it's not like our family, Yao Yao, who refuses to go without a shortlisted entry, alas! I can't help it, who let our family Yao Yao want to save face and be thin-skinned!"

"What's wrong with people being willing to invite us, even though we're not a finalist for Maya's work?"

"Exactly! Bunch of lemons! It's simply too much!"

There was so much noise over at the fan table that some of Clara's fans were on the verge of tears.

On the red carpet, Jing's smile stiffened for a moment.

But soon, she pretended not to hear the snide remarks of those people and regained her original appearance.

Seeing that Jenny didn't want to pay attention to her either, she turned back to Rovell Mu with a sense of humor and said, "Brother Azawa, it's cold here, let's go sit over at the guest table."

All the while holding the exposed arm tenderly.

However, after waiting for several seconds, there was no response from Rovell.

In the meantime, she looked up.

But he saw Rovell Mu dumbfoundedly looking in the direction where Jenny was, his pupils filled with amazement.

Clara's face swished and sank.

The fingers holding her arms tightened, her heart thick with resentment and anger like a volcano almost on the verge of erupting, but in the end she held it in.

A smile tugged at the corners of his mouth and he stiffened, "What are you looking at, Brother Asawa?"

This time, Rovell had finally come back to his senses.

He said evenly, "Nothing."

A touch of sarcasm and hatred flashed across Clara's eyes.

She took a deep breath, a gentle smile on her face, and looked back at Jenny.

"Sister is so pretty tonight, isn't she?"

Rovell was in a trance.

He was tempted to nod his head and admit that the woman was indeed beautiful.

It was even prettier than the last time, the way it looked at Kyo's birthday party.

As if since leaving his side, she was like a dusty pearl gradually being polished, becoming more and more dazzling and eye-catching.

It's so frustrating and...remorseful!

But Rovell still shook his head.

He withdrew his gaze, looked down at Kyo and smiled.

"Not as pretty as you."

Clara scoffed lightly.

"But everyone's praising her! Brother Asawa, you're not going to regret this, are you?"

A dark mane flashed across the bottom of Rovell's eyes.

He shook his head and reached out to take Kyo's hand.

"How? I won't regret it since I chose you, besides, no matter how beautiful the skin is, it will get old one day, I like your character, gentle, sensible and sensible."

Clara looked him steadily in the eyes.

For a moment, a gentle smile.

"I knew that Brother Asawa loved me the most."

"Well."

Rovell tried to control his distractions and noticed that she kept holding her arms and took off her suit jacket.

"It's cold, isn't it! Come on, get dressed and we'll go sit inside."

"Well, thank you Brother Asawa."

It was only after the two of them had finished getting bored and left together that Nina Hua and Jenny Jing came down from the autograph wall.

Nina Hua sneered, "If it wasn't for the inconvenience of wearing a skirt, I'd really want to go up and slap each of those sl*ts, dammit! It's disgusting to watch!"

Compared to her anger, Jenny seemed much more calm.

She lifted her skirt and walked with Nina Hua to the guest seats inside.

As I walked away, I said, "Isn't there a phrase? A female cousin with a dog, the sky is long, and it's only good that they're together, lest they go out and do harm to others!"

Nina laughed at once, "You're right."

They both found their places at the guest table, fortunately far enough away from King and the others that they didn't have to be grossed out.

Soon, everyone who was supposed to be here was almost here.

The lights came up on the front stage and the host took the stage and began to go through the process of introducing the history and culture of the school and the events of the 70th anniversary.

As one of the evening's performers, Nina Newspaper's program was to play the guzheng.

It had only been a short time since the party had started when a staff member came over to ask her to change and get ready.

Jenny instructed her a few times, seeing her off with the staff.

The end of the eye caught sight of the fact that King's side of the table was also empty, so he should have gone backstage to get ready as well.

She lowered her eyes slightly for a moment, shallowly curling her lips.

"The following is the 65th student of our school, Nina Hua, who will present the guzheng performance – "Phoenix Seeking the Phoenix"."

After the host finished announcing the curtain, Nina Hua walked up slowly with a zither in his arms.

A scream went up from the crowd.

There have always been a lot of fans of "The Best of the Best".

Nina Hua's piano playing skills go without saying, and Hua Jingze, the chairman of the Huashi Group, spoils his daughter with great affection.

But the only two things that have never let up on my daughter's control have been the two things.

That's her career and her relationship.

Needless to say, any male artist who has had a half-hearted scandal with Nina Hua is now almost untraceable in the entertainment industry.

In terms of career, Hua Jingze originally didn't want her daughter to enter the entertainment industry, but she couldn't help but like Nina Hua, and after agreeing, she almost escorted her daughter throughout the whole process.

In all the movies and TV series that Nina Hua has acted in, the name of the Huashi Group can almost always be found in the investor column.

Nina Hua is a good actor, plays the guzheng well, and studies Chinese painting in her spare time.

As long as Missy didn't lose her temper, she was properly the most standard of a famous lady's daughter.

Because of this, Hua Jingze was even more satisfied with his daughter.

The more satisfied you are, the more you will be satisfied that you are not good enough for your daughter, and all those who dare to mess with Nina Hua will be killed.

Nina Hua had been indifferent to his father being so tough, too.

Anyway...the ones that mess with her are the ones she doesn't like.

She likes it....

She likes it, she doesn't want to mess with her at all!

On the stage, Nina Hua laughed bitterly, the strings under his hands as if they had been given life, playing more and more mournfully and movingly.

The phoenix returns to its homeland and travels the four seas to seek its phoenix.

In the corner, a young man with a cold brow stood leaning against the wall, staring quietly at the stage.

He wore a black cap that made his face almost impossible to see in the dim light, but accentuated the cold, wild body that was becoming more and more apparent.

Someone passed by him and accidentally bumped into him, apologizing.

"Sorry buddy, huh? You're not..."
