

Super Rich Dad Chapter 694-696

Chapter 694

With Lin Dong pointing his finger at the company in more and more ways, the company was becoming more and more chaotic.

The various departments simply did not know what to do anymore and it seemed that Lin Dong had to interfere with everything, making it seem as if he was the general manager of the company.

This kind of thing has been brought to Lin Yan's attention more than once. But considering that Lin Dong was after all the person personally arranged by her grandmother, she could not say anything.

So this matter could only be put aside, and Lin Yan had to put away her temper to clean up after Lin Dong's various matters, making her anxious.

Master Lin was getting tired of watching Lin Yan during this time. However, he did not say anything, thinking that the Shen family matter was still not over.

This day, after Lin Yan had gone to work. Master Lin sat in the courtyard in silence for a while, and then ordered someone to invite Jiang Hao over.

Jiang Hao, who had received the invitation from the Lin family, was helping Sally study the prescription, and when he suddenly received the invitation from the Lin family, Sally took a look at it with some surprise.

Then she laughed delicately and said, 'I didn't see that you were quite close to the Lin family.'

Jiang Hao laughed helplessly, then put the invitation away and said, 'I've helped you so much in the past few days, why, don't you find a car to send me off?'

Sally's eyes looked at Jiang Hao with a faint flicker, then she smiled and said, 'Sure, wait for me for a moment. I'll change my clothes.'

Jiang Hao watched as Sally turned around and went back to her room and couldn't help but be a little puzzled as she called out, 'No, what are you changing for when I go to the banquet?'

After hesitating a little, Jiang Hao left Sally's villa in a sneaky manner and called a car to leave.

Since Jiang Hao was almost always inside the villa during this period of time, the people gradually became familiar with him, and because of Sally's reason.

The people were still very respectful of Jiang Hao, and when they saw that he was leaving, none of them stopped him.

After leaving the villa, Jiang Hao sat in the car and said proudly, 'You want to pester me, no way! I really think I have no brain!'

After changing her clothes and dressing up, Sally came out of her room and called Shen Yan twice to see that Jiang Hao didn't say yes, so she looked around in wonder.

When she realized that Jiang Hao had left, she was so angry that she gnashed her teeth!

But after a slight hesitation, Sally couldn't help but look down the hill at the city of Beifu for a while in silence. Then she smugly opened her mouth and laughed, 'You think I can't catch you just because you ran away, huh?'

As she spent more and more time with Jiang Hao, Sally couldn't help but have a strange feeling about him in her heart.

He was a man who seemed to be rather silent most of the time and was so serious when doing things that he would even forget to eat.

It was only when he waited until after last night's business at hand that he would look at her with ease and a hint of satisfaction and ask for a meal with glee, as if that was the greatest satisfaction of all!

Sally had never seen such a person before, every single thing Jiang Hao had done for her would have cost tens of millions if it had been done for anyone else. I'm afraid it would have cost tens of millions of dollars.

But Jiang Hao was different, he would just look at the results with satisfaction. Then he would show off to himself like a child before asking for food and drink like a child.

Because of this, and the fact that when she first met Jiang Hao, he left Sally with a personality that did not value money and fame.

As a direct result, Sally saw Jiang Hao as a man who was indifferent to fame and fortune and somewhat childlike in nature, and such a man seemed to be exactly the kind of man she had been looking for!

At this moment, Jiang Hao, who was sitting in the car and heading to the Lin family's home, was snorting his nose while thinking about the events of the past few days. The whole day, day and night, he was told to work.

I really don't understand how such a woman can sit in such a position now!

The first thing you can do is to think about it, and you can't help but sigh, if it wasn't for the fact that the other party is still pretty. Plus the other party had already paid for that prescription after all, he really wanted to just go on strike!

It was so easy to escape the misery, and this dead girl still wanted to pester him, humph, playing tricks in front of him Jiang Hao, no way!

With his mind on the journey, Jiang Hao arrived at the Lin family's home, where Master Lin was sitting in the garden quietly drinking tea.

When he saw Jiang Hao coming, he smiled slightly and then said, 'Sit down. I've come to see you today because there are some things I want to discuss with you.'

Jiang Hao closed his eyes and took a slight sniff after sitting down and said, 'The tea Old Master is drinking is really good, it's been a long time since I've smelled such a pure and elegant tea fragrance.'

Elder Lin looked at Jiang Hao with a hint of surprise in his eyes. Then a smile appeared on his face and he said, 'If you like it, take a few back with you when you leave later to try it.'

Jiang Hao reached out to pick up the cup of tea and looked at Elder Lin with a light smile. He then sighed after taking a sip, 'Good tea! Only a few taels for such a good tea, old man is a bit stingy, isn't he?'

Elder Lin laughed out loud twice at Jiang Hao's unpretentious attitude. Because Jiang Hao had cured his illness, Elder Lin had a point of gratitude for Jiang Hao in his heart.

'Today, I invited you here because I actually want to discuss with you about the engagement party with Yan'er, when do you think it would be more convenient to hold it?'

When Jiang Hao heard this, he couldn't help but stiffen his hand movements, then looked at Elder Lin and said with a bitter smile, 'Does this have to be done, doesn't Shen Qing Shu already know about this?'

The old man shook his head and said, 'If he knows, he knows, but we still have to do it, otherwise those people outside will be suspicious if they see that the Lin family has not taken any action even after the news has been released.'

Jiang Hao watched the tea in his cup float and sink, and sighed after a while of silence, 'I don't care, I'm just worried that I'll ruin Lin Yan's innocence.'

After saying this, Jiang Hao raised his cup of tea and drank it all in one go.

He was obviously drinking tea, but he made it look like he was drinking.

Elder Lin looked at Jiang Hao and shook his head with a smile and said with some dissatisfaction, 'Don't sell yourself short when you've gotten a bargain.'

Jiang Hao hemmed and hawed a little before pulling up Elder Lin's wrist, then closed his eyes and said in a deep voice, 'Alright, alright, these are just trivial matters, let me check your body first.'

After giving Master Lin a brief examination, Jiang Hao nodded in satisfaction, 'If you continue to heal slowly like this, you will be able to stand up in less than a month, and you will be alive and well by then!'

Elder Lin smiled at his words and shook his head, picking up his cup of tea and taking a sip before suddenly realising something!

'You brat, I was telling you about the engagement party, why did you give me a hard time in a few words!'

Jiang Hao smiled at his words, hesitating for a moment before looking at the old man and casually returning, 'You see what you can do, I'm not really sure about the time, but let's wait until I talk to Lin Yan about it.'

This good friend suddenly had to turn into an engaged relationship. Jiang Hao didn't mind, he was thick-skinned anyway, but he was a little worried that Lin Yan wouldn't want more.

As Jiang Hao was contemplating this, an old grandmother's nonchalant voice suddenly came from the distance and said, 'Yo. I thought it was someone's noble son, but it's just a broken groom.'

Jiang Hao frowned slightly at these words. He turned his head to look at his old grandmother who was being helped to come over in silence.

He had heard Lin Yan briefly talk about the Lin family's and personal feelings before, and the last time he had seen the old grandmother of the Lin family, he had thought that she was barely fair to people and things.

But then Lin Nan not only wasn't kicked out of the Lin family, but was only transferred to a subsidiary company this thing made Lin Yan quite a bit uncomfortable with this old grandmother!

'Our Lin family's invitations are not something that ordinary people can hold on to. I'm curious, where did you get the guts to come to the door of my Lin family?'

The old grandmother sat down without ceremony, then frowned at Master Lin and said in a deep voice, 'I'm not saying you, don't invite everything to your home in the future, you'll have to have someone wash the floor if you get dirty.'

Elder Lin frowned at these words. Looking apologetically at Jiang Hao and nodding, he spoke in a deep voice, 'That's almost enough for you!'

The old grandmother smiled and poured herself a cup of tea, putting it between her nose and sniffing it before speaking with a pitying expression, 'What a waste of such a good tea, feeding it to the wrong person.'

Old Master Lin's face was a little embarrassed, today he had wanted to talk to Jiang Hao and the two of them about Lin Yan alone.

But who would have thought that his grandmother would come over and insult him like that! How could he, the host, lose face?

'That's enough, I have serious business to discuss with Xiao Shen today, so don't interfere here!'

The old grandmother looked at Master Lin's somewhat unhappy expression and spoke with a slight chatter, 'What is there to talk about with him, I'm already being gracious if I don't let someone beat him up!'

Jiang Hao was drinking his tea without being shocked. It was as if he hadn't heard anything, completely ignoring the old grandmother as if she was nothing.

But it was this attitude that enraged the old grandmother even more, seeing that Jiang Hao did not put himself in her eyes at all.

The old grandmother sneered and then looked at Jiang Hao and said, 'Look at yourself, what are you, how much does a poor doctor earn a month, are you worthy of our Lin Yan?'

After saying this, the old grandmother couldn't help but think of the marriage with the Shen family, her heart surged with even more anger!

'If you hadn't interfered and messed up our marriage with the Shen family. Why would my Lin family have been in so much trouble!'

Master Lin looked at his grandmother and spoke angrily, 'Have you said enough!'

'No, that's not enough! I just can't stand him! Acting like a savior after doing something rotten and having to let him get engaged to our family Yan'er. What kind of a thing is he!'

Hearing this, Jiang Hao couldn't help but have a bitter smile appear on his face.

God knew that he was also pushed out to take the blame, but Jiang Hao didn't resent Lin Yan in his heart because he felt that every girl had the right to pursue her own happiness.

Even for the Shen family's grudge Jiang Hao did not take it to heart at all. He was only worried about whether or not it would affect Lin Yan's reputation if he was betrothed to her.

Seeing the old grandmother's increasingly excessive words, Jiang Hao couldn't help but speak after taking a deep breath, 'I really don't know about this matter. Please don't say anything nonsensical either.'

Elder Lin glanced at Jiang Hao with some apology before saying softly, 'Xiao Shen, why don't you go back first, we'll talk about this matter in two days.'

Jiang Hao looked at Elder Lin and nodded, just as he got up, he didn't expect his grandmother to curse, 'Get out of here! Don't ever set foot in here again! You are not welcome in our Lin family!'

With his back to his grandmother, Jiang Hao took a few deep breaths before suppressing the anger in his heart!

No matter where he was, Jiang Hao was considered a big shot and had never been so belittled by anyone!

What Jiang Hao didn't know was that right outside the back garden door, a young girl was clenching her fists with her teeth. It was as if she was afraid she wouldn't be able to control herself.

Hearing the old grandmother's increasingly excessive words, the young girl finally couldn't hold back!

She stood up and looked at the old grandmother and said contemptuously, 'I didn't expect the old grandmother of the Lin family to be like a shrew. I've seen it today!'

Hearing this, the old grandmother faintly froze and said angrily, 'Where did that little b*tch come from?'

When the old grandmother and the old man Lin saw the person coming. They both looked at each other in surprise!

Especially the old grandmother's eyes, looking at each other with a hint of panic in them!

Jiang Hao, on the other hand, looked at the visitor and let out a bitter smile. I thought I had gotten rid of her, but I didn't expect her to follow me anyway.

'I advise you to speak more politely, your Lin family is powerful, but my family is not weak either, don't you think?'

Sally looked at Jiang Hao and smiled, then she walked over and put her hand on Jiang Hao's arm and said with a somewhat ambiguous expression, 'I told you to wait for me, why are you walking so fast, look at the dress I changed, does it look good?'

Jiang Hao some helpless frown, looking at the makeup exquisite beauty heart of Sally, he heart can not help but sigh a siren.

But on his lips, he said, 'They didn't invite you, so why are you following them?'

Hearing this, Sally gave Jiang Hao a resigned look before turning her head towards Elder Lin and smiling, 'It's been a long time, Mr. Lin, are you still in good health?'

Master Lin looked at Sally and Jiang Hao for a while before nodding and saying in a deep voice, 'Yes, my old bones are still healthy, do you want to come over today?'

Sally looked at Elder Lin and smiled, then looked up at Jiang Hao who was pretending not to see anything.

'Nothing much, just saw that he had received your invitation and thought I hadn't visited for a long time, so I came along to join in the fun.'

As soon as the words left her mouth, Sally put away the smile on her face, then looked sorrowfully at the old grandmother, who was too dark to speak, and said, 'But I didn't expect to have the pleasure of seeing the true face of the old grandmother of the Lin family this time.'

The old grandmother looked at Sally and couldn't help herself any longer and said angrily, 'How dare you! Don't think you have it behind you!'

'That's enough! Haven't you made enough noise, you old woman, get the hell out of here!'

Before the words left his mouth, a low, angry roar rang out from Old Master Lin!

The old grandmother turned her head a little stiffly, then looked at Sally again before she came to her senses and realised what a big mistake she had almost made!

She then allowed herself to be assisted by the servants and walked on in silence.

Chapter 696

‘I’ve heard for a long time that the Lin family’s old lady is shrewd in the world, but today, to be honest, I’m a little disappointed.’

After Sally said this, she took Jiang Hao’s arm and looked straight at Old Master Lin. The look on her face could not be described as happy or angry.

‘When I heard that old Mr. Lin was ill some time ago, I wanted to come over to visit him at that time, but I couldn’t make it because of some delays.’

Hearing this, Master Lin hurriedly arched his hand and said, ‘I don’t dare to bother you, Miss, it’s just a minor illness. Doctor Shen has already seen me.’

Jiang Hao looked at Master Lin and then at Sally and told him straight away that something was not quite right. How did this Sally seem to be a little more powerful than the Lin family?

But at this he remained silent for a while, thinking of what Elder Lin had just told him.

Jiang Hao pondered for a moment and spoke, ‘Old Mr. Lin, that thing we were talking about just now, why don’t we talk about it some other time, okay?’

After listening, Master Lin looked at Jiang Hao and nodded, then looked at Sally and smiled, ‘I wonder what the relationship between Miss and Mr. Shen is?’

Sally held Jiang Hao’s somewhat smugly and opened her mouth and laughed, ‘He, my boyfriend, why?’

‘Boy! Boyfriend?!’

Hearing these words, Elder Lin looked at Sally dumbfounded, as if he had heard something incredible.

Jiang Hao covered his eyes in some pain. This girl was simply a bit unbearable to watch!

There was no need to put up with it anymore, so Jiang Hao reached out and gave Sally a light tap on the head before speaking up in discontent, ‘What are you talking nonsense about!’

But Master Lin looked at Jiang Hao’s action as if he had seen something terrible!

Jiang Hao, however, looked at Elder Lin helplessly and said, ‘Don’t listen to this girl’s nonsense, I’ve been helping her change a recipe recently, so I’ve been getting closer to her for a while, so I’m considered a friend.’

Sally looked at Jiang Hao’s serious explanation and felt as if she was being looked down upon, clasping her hands to her chest and humming lightly.

Looking at Sally's dissatisfied look and the sincere smile on Jiang Hao's face, Elder Lin looked at Jiang Hao after a while of silence and nodded, 'Alright. Then we'll talk about this matter some other time.'

Jiang Hao nodded slightly before turning to look at Sally, a hint of helplessness flashing in his eyes.

I didn't know why, but this girl seemed to be stuck to him and couldn't be shaken off wherever he went.

Thinking of this, Jiang Hao looked at Sally and said, 'I'm going back to the hospital, won't you go home?'

Sally hummed and looked sideways at Jiang Hao without looking at him and said, 'I can work anywhere, if you beg me, maybe I will go back to the hospital with you.'

Jiang Hao rolled his eyes and didn't bother to pay any attention to this girl. He turned around and walked towards the door.

Sally waited with some satisfaction at first, but after waiting for a long time, she didn't see Jiang Hao apologise. Instead, he turned around and left.

So she looked at him with some surprise and called out, 'Hey, you're just going to leave! You stop right there! Return the greeting!'

With these words Sally hurriedly chased after him, leaving Master Lin sitting in the garden alone with a smile on his face.

But only after Sally had left did Elder Lin let out a deep sigh. A trace of fear flashed across her eyes.

Then she spoke in silence, 'Where is old grandmother?'

A voice slowly emerged from the surroundings and said, 'Old Madam is in the backyard at the moment.'

After nodding, Old Master Lin slowly rushed to the backyard, where Old Grandmother was still sulking at the moment.

When she saw Elder Lin enter, she spoke discontentedly, 'Look at that Shen. If he hadn't ruined my good deeds, we would be on the same side as the Shen family right now!'

Master Lin's face was gloomy as he let someone push his wheelchair forward, then looked sorrowfully at his grandmother for a while in silence.

The old grandmother's heart shivered at the look in his eyes and she shivered and said, 'Old, old master, what do you mean by that, what have I done wrong?'

'What have you done wrong? Do you know who the woman who came after Shen Yan is? How dare you say something like that!'

Said here. Elder Lin picked up the teacup on the table and slammed it hard at his grandmother's feet!

‘Although Sally and her family are not involved in meddling in the affairs of the Northern House, but if you really dare to offend her. Ten Lin families wouldn’t be enough for her to play with, and you dare to ask what I’ve done wrong?’

Hearing these words. The old grandmother’s face snapped white!

She only knew that this girl called Sally seemed to have some background, but she didn’t think that her background was so big!

But since she had such a big background. Why did she seem to be very close to Shen Yan?

Thinking of this, the old grandmother spoke with some hesitation, ‘She, shouldn’t, hold a grudge against me, right?’

Hearing this, Elder Lin snorted coldly, ‘This matter is not something you need to care about, you should care about yourself!’

He did not know that his grandmother was doing this for the good of the family.

But some things could not be obtained by force, Yan’er was not a tool, she was a living, breathing human being!

He remembered telling Lin Yan that if the Lin family had to rely on women to make sacrifices in order to preserve the family business after so many years of hard work, then what was the point of using the family business?

It would be better not to have it, so that the family would not have to fight within itself.

Thinking of these things, Elder Lin sighed deeply and said, ‘Well, you should leave this matter alone!’

The old grandmother nodded in silence, only looking at Elder Lin’s back, a trace of resentment flashed across her eyes.

On the other hand, Jiang Hao was currently sitting at the barbecue stall with Sally staring wide-eyed at each other.

‘Smoky barbecue has a lot of carcinogenic substances and is not very nutritious, why would you want to eat something like that?’

‘You can choose not to eat it if you don’t like it, I didn’t ask you to follow me around, why do you keep following me around?’

‘Look at what you’re saying, we’re still working together, why can’t I follow you?’

‘Hey, come with me for a chicken leg, don’t eat alone!’

Jiang Hao sat on the barbecue stall with a dumbfounded face and looked at Sally who was feasting on it and said, ‘Didn’t you say that barbecue has a lot of carcinogenic substances, why are you grabbing it from me?’

Sally took a bite out of the chicken leg while glancing at Jiang Hao, 'I'm doing this for your own good, so it's okay if you don't appreciate it, but what kind of eyes are you giving me?'

Jiang Hao rolled his eyes at Sally after he had ordered another 20 skewers of lamb, and simply ignored her.

Seeing as this little aunt was still quite quick to pay for herself, let's consider it a treat for her today.
