## Chapter 697

Thinking of this, Jiang Hao looked at Sally and said, 'The improvement of the remedy has been completed, next you can use it to improve the human body's potential, so the deal between us is complete, right?'

Sally nodded and then chewed on a chicken leg and said, 'Of course. You're a great partner, it's a shame you're not my assistant.'

Jiang Hao looked at Sally and shook his head with a smile, telling her straight away that Sally was afraid there were many secrets behind her.

If he really agreed to be her assistant, I'm afraid he wouldn't be able to ask her away to carry out his revenge plan in his life.

Sally looked at Jiang Hao and a trace of confusion flashed across her eyes. Then she shook her head with a bitter smile and said, 'I've already adjusted your salary to the highest, and you can earn eight million a year as an assistant in the whole of Beifu City. That's about right.'

Jiang Hao knew that such a price was already very high, but still shook his head with a bitter smile and said, 'You should stop cornering me like that, to be honest, I'm a bit surprised myself that I can refuse such a thing.'

Speaking of which, Jiang Hao gave himself a hard drink of beer and then placed it violently on the table and took a deep breath.

'There's something I'd really like to ask you about, if it's convenient for you, if it's not convenient for you, just pretend I didn't ask.'

Sally picked up the freshly grilled lamb skewer on the table and nodded, without looking at Jiang Hao she spoke back, 'You ask. I'll listen.'

'Who exactly are you, and why does the Lin family's old man consciously put himself down in front of you?'

Hearing these words, Sally couldn't help but pause in her hand movements.

Although it was very briefly just a moment, Jiang Hao was still keenly aware of it.

'I am what I am, Sally, the general manager of a trans-international pharmaceutical company's branch in North Province, simple as that.'

'A branch general manager has the right to casually mobilise three billion to hit the accounts of a company completely unrelated to his own within half a month?'

Looking at Sally as if nothing had happened, the puzzled look in Jiang Hao's eyes intensified.

'Listen, I want to be friends with you. But before that I think we should come clean with each other, okay?'

On the noisy street, a man in a suit sat on a barbecue stall staring at a girl with a delicate face who looked to be about eighteen or nineteen years old.

People passing by looked at Jiang Hao and Sally with a look of a golden girl, but what they didn't know was that the two were secretly trading blows at the moment.

'What about you, don't you have anything to hide from me?'

Looking at Jiang Hao's aggressive gaze, Sally was silent for a while before throwing the kebabs on the table in a rather bummed manner.

Then she took out two paper towels and wiped her hands before leaning on the table and looking at Jiang Hao, 'A twenty-two year old young man holding a hundred year old lost needle technique in his hands, you think this is normal?'

After taking a deep breath. Sally lowered her head and said in a deep voice, 'Let's make a deal, I won't go over your story. You don't care about my identity either.'

Jiang Hao was silent for a while, he didn't really want to care about Sally's identity.

But the things he carried with him did not allow him to trust anyone easily, and Jiang Hao dared not approach anyone who was suspicious of his identity in particular!

Looking at Sally's faintly furrowed brow. Jiang Hao was silent for a while before shaking his head and speaking, 'Perhaps I shouldn't have gotten involved with you.'

As soon as the words left her mouth, Sally, as if she had been stimulated by something, reached out and tipped the table onto the ground.

The people around the barbecue stall noticed what had happened and turned to look at Jiang Hao and Sally, who were silent.

They guessed that they were a couple. They were having some kind of disagreement.

The owner of the barbecue stall was a greasy uncle in his thirties, and after watching what was happening over here he came over.

He picked up the table and cleaned it up, chanting, 'Oh, what can't the young couple talk about?'

The tense atmosphere was interrupted by the boss, and instantly the air was filled with a smell of embarrassment.

Sally's face turned red and she looked at Jiang Hao and said excitedly, 'Yuck! Who wants to be with him as a couple!'

Jiang Hao clasped his hands over his chest and spoke up without showing any weakness, 'Yeah, who wants to be with her, look at her stinking temper!'

Sally had only said something stiff. A girl's face was already thin.

But looking at Jiang Hao's justified look, she instantly became a bit displeased!

'Who are you calling stinky-tempered? I'm telling you Shen Yan. I've already given you face by being able to accompany you until now!'

After saying this, Sally pulled away the chair and stepped on it with one foot and looked at Jiang Hao aggressively, 'You said it yourself. When you were bullied, was it me who helped you out!'

'You did help me out. But you also caused me to be kicked out of the house!' With these words, Jiang Hao hummed and looked at Sally.

The people around him heard Sally's words but they looked at Jiang Hao with some surprise and whispered, 'I didn't see that, this young man looks quite handsome, why did he let a little girl stand up for him!'

'Yeah, look at him, he's got a strong body, he doesn't look like a soft-earner.'

'I don't know, he's so handsome and this is a little girl, maybe he's just taking advantage of her.'

Hearing the words of the people around her, a smug look appeared on Sally's face even more as she looked at Jiang Hao.

Jiang Hao surveyed the surroundings somewhat dumbfounded, and couldn't help but bemoan twice in his heart that the world was getting worse!

'Fine, fine, I won't bother with you about this matter alright, what else do you want to eat, I'll send you home afterwards.'

Seeing that he was about to bear the reputation of being a contemporary Chen Shi Mei, Jiang Hao resolutely chose to concede.

But Sally looked at Jiang Hao proudly and hummed, 'Yuck, who wants you to send me home, I don't care about you!'

As soon as the words left her mouth, a laugh came from afar, 'Yes, yes, why do you care about him, little sister?'

Along with the words came a long-haired man wearing a sleeveless vest and tattoos of various colours.

As soon as he got up, seven or eight men stood up around him, then they all walked towards Jiang Hao.

‘Little sister, why don’t you sit at my place and order whatever you want, and when you’re done eating, I’ll take you to have a good time and make sure you’ll have a good time!’

After saying this, the long-haired man laughed grimly twice and looked at Sally with a look in his eyes that all men understood.

Jiang Hao couldn’t help but look at this scene with amusement, then smiled lightly and spoke, ‘Fine, fine, fine, then I’ll trouble this big brother to take care of it!’

After saying this Jiang Hao intended to leave, he didn’t believe that someone like Sally didn’t have men following her in the shadows.

He took this opportunity to ask her to go home and take a good bath and sleep, the past two days had tired Jiang Hao out over the formula.

Chapter 698

When the long-haired man’s cadre of men saw that Jiang Hao was so sensible, the look of contempt in his eyes grew a few degrees thicker.

After two long laughs, he spoke to Sally, ‘You see, your good friend is not capable of anything at all. Just gave you away for nothing.’

Sally looked at Jiang Hao as he put on his jacket and was about to leave, and hurriedly spoke up and called out, ‘Shen Yan! Are you still a man!’

Jiang Hao rolled his eyes and shrugged at Sally, ‘Do you want me to take off my trousers and give you a test?’

Hearing this answer, the people around them looked at Jiang Hao with a slightly changed look.

Just now, they thought that these two were sitting together as a golden boy and a beautiful girl, but now they could see through the man. But now they could see through the man.

The owner of the barbecue stall couldn’t stand it anymore, so he came forward and leaned over Jiang Hao’s ear and whispered, ‘These guys are not good people. If you really let your girlfriend go with them, it won’t end well!’

He was only being kind and reminded that he was a customer eating at his place after all.

But Long Hair, however, had a very good ear, and after hearing the barbecue stall owner’s words.

He sorrowfully turned his head to Jiang Hao’s side and threatened, ‘Wrinkled Old Man, if you still want to continue to set up your stall here, you’d better keep your mouth shut for me!’

Jiang Hao looked at him and took a deep breath, forcing down the thought of shaving off the other man’s long hair and patting the barbecue stall owner’s shoulder.

He wanted to see if he could still get rid of Sally this time.

Sally was in tears at the moment, her phone was dead and she couldn't get a signal. There was no one around her.

She had even ditched the bodyguards around her this time, just to be alone with Jiang Hao.

She didn't know why she wanted to be alone with Jiang Hao, she just thought of it and went for it.

But to her surprise, she had put herself in such a situation!

Looking at Shaggy with an obscene look on her face, Sally forced herself to calm down her mouth and said in a deep voice, 'Excuse me, I'm going home, can you please move out of the way.'

Long Hair and the others looked at each other for a moment and then laughed wildly, 'Hahahaha, little sister, where else do you want to go, be a good boy and go back to my house with big brother!'

After saying this, Long Hair laughed loudly and was about to reach out to grab Sally's hand.

But to his surprise, the owner of the barbecue stall suddenly rushed out. He pushed Long Hair away and stopped Sally in front of her, saying, 'Long Hair! Don't go too far! This is still a little girl!'

Long Hair looked at the owner of the barbecue stall with a surprised expression and said angrily, 'Damn it! You want to play hero with the lady, don't you?'

As soon as the words left his mouth, Long Hair took out a dagger from his body and said, 'You can play, I'd like to see if you have the ability to do that!'

When the seven or eight men behind Long Hair saw that their bosses had taken out their weapons, they also took out a bunch of weapons without showing any weakness.

After all, Wrinkled Old Man was only a barbecue seller, not a street gangster.

Seeing this scene in front of him, he instantly got a little nervous in his heart, but still stopped in front of Sally.

'Long Hair. If there's something to talk about, big deal, I'll pay for you to have a good time. You just let this little sister go!'

'Wrinkled Old Man, you were pretty tough just now, why are you wimping out now? I'll kill you!'

After saying this, Long Hair stabbed him with a knife, and Wrinkled Old Man was so scared that he closed his eyes. But his body was in front of Sally's body!

Just when the crowd thought that immediately was the shot of blood flowing like water, Jiang Hao's body scurried over like a ghost, and then took the hand of Long Hair with one hand.

‘Ahahahaha, sorry. I just forgot that I don’t seem to have settled the bill.’

After saying this, Jiang Hao waved his hand with conviction and Long Hair withdrew five or six steps away one after another!

The old man looked at Jiang Hao with dumbfounded eyes, not believing that this was what a soft-earner had just done to them!

Jiang Hao didn’t have the slightest bit of poise as an expert, and took a while to dig up and down before it occurred to him with some embarrassment that the barbecue stall only seemed to be able to use cash.

So he looked at Wrinkle Old Man somewhat awkwardly and said, ‘Cough, this, I forgot to bring cash on me, can I settle the bill next time?’

Old Man Crouching looked at Jiang Hao and faintly stared. Is there a next time for this stuff, do I know you, Laozi? Do I know you well?

Sally, on the other hand, looked at Jiang Hao with teary eyes and laughed lightly, then opened her mouth in discontent and cursed, ‘Shen Yan! You bastard!’

In fact Jiang Hao did want to leave just before. But after watching for a while until this punk took out his knife no one appeared around.

Only then did Jiang Hao stand out and looked at the tears on Sally’s face. Jiang Hao touched his nose awkwardly and then said, ‘Okay, okay, okay, I’ll take it out on you, okay?’

‘You little brat, what do you think you are! Brothers, let’s go!’

Long Hair, who had just regained his strength, looked at Jiang Hao with uncertainty.

With such an outfit, he might be a big brother in the road!

Thinking of these things, Long Hair gulped and then said angrily in a loud voice, ‘I don’t care if you are a dragon or a worm, you have to lie down when you come to my turf!’

Jiang Hao shook his head helplessly as he looked at the few punks who had rushed up, easily dodging the attacks of several people.

Jiang Hao said softly, ‘How come none of you have ever read a book, it feels as if the world’s landlubbers are just two words.’

As soon as the words left his mouth, Jiang Hao fiercely reached out and punched the leading gangster in the chest, hard enough to knock the other man to the ground and unable to crawl up.

‘If I were your father, would you be pouting and getting your ass kicked?’

Long Hair looked at the flirtatious smirk on Jiang Hao's face and the hint of disdain in his eyes!

With a fierce roar and a yell, he grabbed his dagger and charged forward, looking like he was planning to fight with Jiang Hao!

Although Sally didn't know any martial arts and hadn't learnt any taekwondo, she had seen many masters of all kinds around her.

Jiang Hao simply took down four or five people with two simple moves, and the rest of them stood on the edge, not daring to come near.

Only Long Hair seemed to have some problem with his brain and insisted on trying with a dagger!

As a result, Jiang Hao slapped the dagger out of his hand, and then slapped him left and right.

'I told you to be a rascal with me, I told you to act like a fork with me, I told you to give me a dragon pan and a tiger!'

After slapping him a dozen times, Jiang Hao looked at the dazed Long Hair and took a breather.

Then looking at Sally's eager gaze, he laughed lightly twice before saying tentatively, 'Why don't you try it too? It's quite enjoyable and quite stress-relieving!'
