

Super Rich Dad Chapter 699-700

Chapter 699

Sally glanced at Jiang Hao with some embarrassment and said haughtily, 'Is that okay?'

Jiang Hao nodded encouragingly, but to his surprise, just after nodding, Sally rushed up and completely knocked Long Hair to the ground with a leg lift!

Jiang Hao watched dumbfounded as Long Hair covered his crotch and slowly fell to the ground, then turned his head to look at Sally with a shudder.

Sally seemed to have realised that she had hit him a little too hard. She hastily put her hands behind her back and said, 'Did I hit too hard?'

The eyes of the surrounding crowd were shining as they looked at Sally and shook their heads firmly before giving a thumbs up in unison!

Only Jiang Hao rushed forward and grabbed Sally and ran off wildly, not forgetting to yell out as he walked away, 'Boss. I'll come back for the check next time I have time!'

The barbecue stall owner, Crumpled Old Man, looked at the wreckage everywhere before looking at Jiang Hao's back with a tearless expression.

I don't know why. His right middle finger always wanted to stick up high, but when he thought of Jiang Hao's amazing skills, he had to sigh and force it down.

After Jiang Hao had led Sally on a wild run for two or three blocks, the two of them stood on the ground and exhaled heavily.

Sally looked like a young girl of 18 or 19 at this time, not a cold CEO like she had been when they first met.

After taking two breaths of relief, Sally looked at Jiang Hao with joy and said, 'This is the first time I've ever hit someone, it's so exciting!'

Jiang Hao looked at this girl's glowing eyes and thought with a slight shudder: this girl couldn't have awakened something she shouldn't have, could she?

But on his face, he shook his head with a bitter smile and said, 'It would be even more exciting if he was caught by the police uncle, do you want to try it?'

Even if Sally was stupid, she knew that Jiang Hao was flirting with her. So she reached out and gently twisted the flesh around Jiang Hao's waist.

She then pouted, 'It's not your fault for leaving me there to make all this mess!'

Jiang Hao shrugged his shoulders and stood up straight. The night was slightly cooler in Beifu City, plus it was about to be winter, and there was a chill in the night breeze.

He took off his jacket and draped it over Sally's body and said, 'How could I have known that there was no one following you around?'

Sally looked at Jiang Hao blankly, this was the first time a man had taken off his coat and draped it over her.

In the city at night, under the neon lights, a man and a woman were standing by the roadside, and the man took off his jacket and draped it over the girl.

The scene in front of him looked like one of those TV episodes, and Jiang Hao looked as if he was the main character in the drama.

With a smile on his face. He was looking at himself with a slight dissatisfaction in his eyes.

But feeling the warmth of this jacket on his body, it was so considerate.

Thinking of this, Sally's pretty face flushed and she looked dumbly at Jiang Hao and popped out, 'Are you going to kiss me next?'

Jiang Hao stared at Sally with round eyes, 'Huh? No, wait, why would I kiss you?'

Sally then snapped out of her third-rate idol drama and quickly lowered her head in embarrassment, 'No, no. Nothing!'

Only she knew that her face felt like it was on fire at the moment. It was burning!

Looking at Sally's strange appearance, Jiang Hao shrugged his shoulders and didn't take it to heart, but instead, he spoke with some confusion and asked, 'Just asked you, why aren't you following anyone around.'

Seeing that Jiang Hao did not seem to notice his abnormality. Sally couldn't say whether she was happy or lost in her heart.

After hearing this he sighed a little helplessly, then took out his mobile phone and spoke, 'Because my mobile phone was automatically switched off, they couldn't trace my signal.'

Jiang Hao looked at Sally's phone and shook his head somewhat helplessly, 'Alright, so what now. Should I take you back or should you take a taxi back yourself?'

Sally looked at Jiang Hao with round eyes for a long time, then lowered her head for a moment in silence and said in a weak voice, 'Couldn't I follow you back?'

After all, Jiang Hao was also considered a top expert, and he could still hear such a voice clearly.

After giving Sally a strange look, Jiang Hao couldn't help but mutter, 'Why do they all seem to treat my doghouse as a refuge.'

As soon as he finished speaking, Jiang Hao shook his head helplessly, reached out to hail a taxi and took Sally back to the hospital dormitory.

Jiang Hao took Sally into the room, took off his shirt and fell down on the bed and closed his eyes.

'The toilet is on the right and the bathroom has clean unused toiletries. The towels are under the sink cabinet.'

Sally nodded with a flushed face and then dutifully went to the bathroom to wash up.

It was only when she had finished that she came out and realised. One thing seemed to have been overlooked!

Why Jiang Hao's room was always ready with all these things, and the words he said before he came back!

'How come they all seem to treat my place as a refuge! This statement obviously carried a problem!

Thinking about this. Sally could not help but feel a flash of anger in her heart!

Without saying a word, she lifted her foot and stepped on Jiang Hao's back and said angrily, 'Get up! Get up and tell me clearly! Get up now!'

In the past few days, Jiang Hao had been busy improving his prescription at Sally's, and he hadn't rested much because he had a slight love of bed!

At this moment, it was hard for him to lie down. Sally was bothering him again and again!

Jiang Hao, who was really angry, sat up straight and rolled his eyes at Sally, 'B*tch, don't make any more noise or I'll kick you out!'

Looking at Jiang Hao's angry look, Sally bit her lips and then whispered, 'Who else has been here besides me?'

Hearing this Jiang Hao was really a bit helpless, so he said honestly: 'Lin Yan came here to hide from me when she was forced to marry by the Shen family, any more questions, no I'm sleeping!'

Sally shook her head after watching Jiang Hao fall down, she couldn't help but bite her lip thinking about that deal Jiang Hao made with her.

Three billion don't want a penny, transfer to Lin's group.

Thinking about this matter, Sally couldn't help but look at Jiang Hao with a somewhat complicated look in her eyes.

The next morning, Sally woke up early, wearing a shirt she had found in Jiang Hao's wardrobe and put it on.

She then clumsily experimented in the kitchen while watching the tutorial for frying eggs on her phone.

Looking at the seven or eight eggshells in the bin, it looked like Sally had been practising for a while!

Jiang Hao was woken up by a puff of green smoke, in his sleep, it looked like his room was on fire!

Just dreaming about it Jiang Hao jerked up and then smelt the scorching smell in the air!

Oh my! Had there really been a fire?

Jiang Hao followed the smell to the kitchen and saw that it was Sally who was wrecking the eggs, he rubbed his brow with a bit of a headache!

Chapter 700

'If I hadn't seen it with my own eyes, it would be really hard for me to believe that there are people in this world who can turn eggs into coal.'

Suddenly hearing Jiang Hao's voice, Sally's hand shook and the shovel fell to the ground in shock.

Fortunately, Jiang Hao was quick to catch it. Then he looked at Sally with a sigh and said, 'I say, why don't you sleep well in the morning and fry eggs?'

Sally just looked at Jiang Hao's slumbering appearance, and the early riser Sally wanted to learn how to make a breakfast for Jiang Hao.

According to Sally's careful examination with the mindset of doing research, there was no problem with the ingredients and no problem with the fire. Then there must be something wrong with the tutorial she found!

Thinking of this, Sally lowered her head and spoke timidly, 'This. This must be because I found the wrong tutorial, that's why it turned out like this!'

Jiang Hao couldn't help but roll his eyes, then sighed at Sally and said, 'Forget it, you'd better go out and see if your clothes are dry, and change.'

Sally looked at Jiang Hao and nodded before leaving in a panic, while Jiang Hao looked at the black, unidentified object in the pot.

Jiang Hao looked at the black unidentifiable object in the pot and sighed in his heart, fortunately he was up, otherwise if he had to eat that thing, he might as well die.

As he thought about this, Sally suddenly leaned her head against the door frame again and looked at Jiang Hao, 'That. You'd better try it, I think it's the best one I've ever made!'

Jiang Hao twitched the corner of his mouth, pointed his finger tentatively at the unknown object in the pot and said, 'Try this?'

Sally nodded excitedly and looked at Jiang Hao with an expectant face, the corners of her mouth even curled up unconsciously!

Faced with such a situation, Jiang Hao turned his head to look at the unknown object in the pot, and with a brave heart, he pinched a bit of it with his fingers and threw it into his mouth.

Sally hurriedly opened her mouth expectantly and asked, 'How is it, is it delicious!'

I don't know what kind of effort it took for Jiang Hao to turn around and give Sally a thumbs up, after seeing her run away happily.

Jiang Hao hurriedly spat out a mouthful and finished rinsing his mouth with water and muttered, 'I never thought anyone could make an omelette look like a poison!'

After shaking his head helplessly. Jiang Hao himself cooked two small dishes and then made a pot of millet porridge.

After Sally had washed up and changed her clothes, Jiang Hao carried the food and put it on the living room table.

Then, pointing to the dishes, he said, 'Eat by yourself, I'll clean up the dishes when you're done, I'll go wash my face and brush my teeth first.'

Sally looked at Jiang Hao's cooking with surprise, nodded slightly and then picked up the bowl and ate.

Perhaps because she hadn't eaten much since yesterday, Sally ate a little too much.

When Jiang Hao came out of the bathroom, there were no more dishes on the table.

Jiang Hao looked at the leftovers on the table and froze slightly. Then he looked at Sally with some incredulity and said, 'I didn't see that you were quite a good eater.'

After saying this, Jiang Hao didn't notice the blush that flashed across Sally's face. Instead, he asked as he sat down to eat, 'Are you going back on your own after dinner or should I take you?'

Sally looked at Jiang Hao and hesitated for a moment, 'It's okay, I already charged my phone last night, I'll make a call later and Old Black will drive to pick me up.'

Hearing this, Jiang Hao nodded reassuringly, then spoke back, 'That's good. Next time you come out, don't ditch them, otherwise they'll be worried if anything happens.'

At this point, Jiang Hao looked at Sally with a serious expression, 'The security in the North Mansion is not as good as you think, you should have found out last night.'

Sally nodded a little awkwardly and then fell into silence. After Jiang Hao had finished eating and cleaning up.

She followed Jiang Hao tamely out of the room, but unexpectedly ran into Dr. Ren.

Dr. Ren looked at Jiang Hao's room and saw another beautiful woman with over ninety points, and couldn't help but marvel, 'Dr. Shen can do it, you're not too lucky!'

Jiang Hao looked at Dr. Ren and rolled his eyes, then turned his head to look at Sally and said, 'No, a friend of mine, who came over last night without a place to stay.'

Dr. Ren just took this as a pretext and turned around and left without saying anything.

When Jiang Hao first arrived, he was indeed a bit uncomfortable with Jiang Hao. He thought he was young and had a high-minded attitude.

But later on, after experiencing several incidents. Especially after the incident with Fatty Zhou, Dr. Ren was no longer tit-for-tat with Jiang Hao.

Looking at Dr. Ren's back. Jiang Hao shrugged his shoulders and then took Sally to the entrance of the hospital.

After looking at the time, it was already past nine in the morning. Jiang Hao then asked Sally to call Old Black to come over.

And as soon as Old Black received Sally's call, his whole body looked like it had gone crazy!

After knowing Sally's location, a whole villa of more than fifty people in twenty limousines rushed to the entrance of the city's First Chinese Hospital.

Along the way, many people were speculating which family this was that was going out and could have such a big party.

After seeing the motorcade stop at the entrance of the First Chinese Hospital, these people were not surprised.

Since Jiang Hao had arrived at the First Chinese Hospital, it had now become a noble hospital.

The people who came to see the doctor were no longer of the older generation, including the younger generation who had come to trust Chinese medicine.

Sally looked at her subordinates who had come to meet her and then looked at Jiang Hao with some reluctance.

But she saw that the boy was smiling heartlessly and waving at himself, as if he was afraid he wouldn't leave!

When she was about to get into the car, Sally couldn't swallow her anger, so she lowered the window and cursed loudly at Jiang Hao, 'Shen Yan! You bastard!'

Jiang Hao watched as Sally got into the car and slowly left, but it didn't feel right to hear those words!

Dr. Ren came to Jiang Hao's side at some point, and as he listened to Miss Sally's words, he gave Jiang Hao a strange look.

This kid had just arrived, first with the Miss Lin family, and then with this Miss from some unknown family.

But if this goes on for a long time, I'm afraid something will go wrong.

Only then did Jiang Hao look back at Dr. Ren, then opened his mouth and smiled, 'Yo, Dr. Ren is also at the door.'

Dr. Ren nodded and lifted his glasses, looking at Jiang Hao with deep meaning, he said, 'Young man, you must know how to behave and be discreet, or else you will be in trouble!'

After saying this, Dr. Ren turned around and left, leaving Jiang Hao standing alone in the doorway in a fog.

Looking at Dr. Ren's back, Jiang Hao couldn't help but mutter, 'What's going on, is my identity exposed? It can't be!'

Pondering over the matter, Jiang Hao followed suit and turned back to the hospital to start a new day's work.
