## Chapter 704

Just as Lin Yan and Jiang Hao were enjoying the two of them, Chen Minggang was sitting in his office quietly waiting for a message.

Not long afterwards his mobile phone rang, and after reading the message on it, Chen Minggang confirmed that Shen Qing Shu had given up his plan to target Lin Yan.

Thinking of this. Although he was a little unhappy in his heart, there was nothing else he could do.

After pondering slightly for a moment, Chen Minggang looked at his phone and fell into deep thought.

Lin Dong was currently back in the Lin Group, and since he had been able to trap Lin Dong once. So what if he could do it again.

Anyway, a fool like Lin Dong wouldn't dare to say anything, and he might even be happy to deal with Lin Yan himself so that he could get the Lin Group faster.

Thinking of this, Lin Dong laughed lightly in triumph. Then he picked up his mobile phone and dialed Shen Qing Shu's number.

After two rings, Shen Qingshu picked up the phone and had a brief chat with Lin Dong before hanging up and looking at his phone in thought.

The biggest difference between Chen Minggang's Xincheng Group and Shen's and Lin's groups was that Xincheng Group had just risen to prominence in recent years, so Shen Qingshu looked down on this young master Chen from the bottom of his heart.

But after a few moments of careful contemplation, he suddenly realised a problem: this Chen Minggang had once made a bold promise to marry Lin Yan in the northern capital!

Thinking about what Chen Minggang had said to himself over the phone, Shen Qing Shu curled his lips and could not help but murmur, 'Interesting.'

His plan against the Lin family seemed to have turned into a means of revenge against the Lin family as he could not marry Lin Yan.

This was also a normal thing, how the Lin family would not be able to outwardly promote their own family scandal, so to outsiders it seemed. Himself indeed.

And it seemed that one's own approach like this made Chen Minggang appreciate it very much, so he wanted to ask himself to plan from what position to strike the Lin family, to let them know that the Northern Province was not something that their Lin family could just be arrogant about.

After a moment of slight contemplation, Shen Qingshu picked up the phone and called his father, Shen Wennian.

On the phone, he told Shen Wennian about Chen Minggang's case, but Shen Wennian just laughed lightly and left the matter to him to deal with.

To Shen Wennian, no matter who was behind this Xincheng Group, it was just a newly-emerged profiteer.

Even if the old man of the Lin family came, he would not be concerned about it now.

After receiving the permission of his master, Shen Qingshu simply packed up and went to a restaurant in the city centre to sit quietly for a while.

He waited for almost five minutes or so. Then he saw Chen Minggang walking slowly towards him with someone and sat down.

Shen Qingshu looked at Chen Minggang sitting in front of him for a moment and said in a flat tone, 'You don't look the same as before.'

Chen Minggang reached out to order something, and when he heard Shen Qingshu's words he looked back and smiled, 'Really, what's different?'

'You've become a bit more introverted, that's not like you, before you were very arrogant and bold in the North.'

Chen Minggang laughed loudly at his words, then crossed his legs and said, 'Don't worry. I will still be the same young Chen as before when needed.'

Once he finished speaking, Chen Minggang looked at Shen Qingshu with deep meaning in his eyes and said, 'What did I tell you over the phone? What do you think?'

Shen Qingshu shook his head at his words, 'I don't think there is any chance of targeting the Lin family, this time I failed because the one inside the Tianzhu Villa made a move, not because I am incapable.'

Hearing these words, Chen Minggang's pupils shrank in surprise, 'The one in the Heavenly Pillar Villa made a move? What does she have to do with the Lin family?'

'In fact that one is not to mention with the Lin family. There's nothing to do with any of the North Mansions, but I can't figure out why she's stepped in this time.'

Thinking about that time when Sally called, Shen Qing Shu couldn't help but feel a little depressed in his heart.

If Sally hadn't suddenly stepped in to help the Lin family, Lin Yan might be kneeling in front of himself crying right now.

A slight sigh roared out. Shen Qing Shu looked at Chen Mingang and spoke, 'So if you plan to make a move this time, you better do it stealthily, I'm afraid that the one at the Heavenly Pillar Villa will still make a move.'

The two were silent for a while waiting for the waiter to serve a bottle of wine, Chen Mingang poured himself a glass and shook it gently.

'Well, it seems that I have underestimated the Lin family a bit, that the one from the Tianzhu Villa has even intervened in this matter.'

After saying this, Chen Mingang finished all the wine in the quilt in one gulp, and then looked at Shen Qingshu and said, 'So what are you going to do next?'

Shen Qingshu shook his head at his words. As he surveyed the crowd in the restaurant, he didn't know why a slight feeling of unease always surfaced in his heart.

'For the time being, I'm not going to make any rash moves. Let's wait until after the storm of this matter has passed, I promised the one at Tianzhu Villa. Only take this one hand.'

Chen Mingang heatedly smiled before speaking sorrowfully, 'Then it looks like that one still knows what's going on. She knows that we have nothing to do with her.'

Shen Qing Shu sneered at Chen Ming Gang before laughing, 'That's because I'm the heir of the Shen family, while you, I'm afraid, are a bit difficult.'

Chen Mingang's face changed when he heard this, he knew how the entire Northern Province's gentry viewed himself, thinking that he was just a profiteer without any heritage.

It was also because of the views of those of them that Chen Ming had just deliberately broken the jar in front of these people.

It was also because of these gentry's view of himself that he was so determined to marry Lin Yan!

He wanted to use such a way to tell the gentry of the Northern Province that even if he was a profligate, he could still marry the daughter of any gentry.

Originally, this matter had been almost carried out, if the Shen family hadn't suddenly jumped out and made a project with the Lin family for the West Spring Residence, perhaps Lin Yan would have been his woman already!

Thinking of this, Chen Mingang couldn't help but look at Shen Qingshu with some anger and said, 'Don't be too proud of yourself, you think you're any better than me?'

Shen Qing Shu smiled and spoke with a calm expression, 'Three generations produce nobles, I'm afraid you will never be able to do that, but I happen to be the third generation.'

As he said this, Shen Qing Shu looked at Chen Ming Gang with some sympathy and continued, 'You are indeed very good, but in this Northern Province, you are only a thug after all.'

After confronting Shen Qing Shu for some time, Chen Minggang suddenly laughed out loud twice, 'Alright, as you wish, let's not talk about those things today, let's simply have a meal.'

After saying this, Chen Minggang lowered his head and ate his meal, not even bothering to look at Shen Qingshu again.

#### Chapter 705

The reason why Chen Minggang asked Shen Qingshu to come out this time was to discuss with him about continuing to suppress the Lin family.

But this time, the two of them had torn their faces apart, so Chen Minggang naturally did not bother to work with Shen Qingshu anymore.

But thinking of the good things he had planned in his mind, he suddenly spoke after a period of silence, 'Right. There is someone I would like to introduce to you.'

Shen Qingshu ate indifferently, looked up at Chen Minggang and then wiped his mouth and said, 'Who is it? Tell me.'

'Lin Dong of the Lin family, I think you should have heard of this person. Now he is the manager of the Lin Group's customer department.'

Hearing Lin Dong's name, a strange smile surfaced on Shen Qing Shu's face. After a moment of silence he nodded and spoke, 'This person seems to be of some use, perhaps I can get to know him.'

Watching a strange colour flash in Shen Qingshu's eyes, Chen Minggang nodded in satisfaction before looking down at the time.

Seeing that Lin Dong was almost there, he coughed lightly and then got up and said to Shen Qingshu, 'In that case, you can wait here for a moment, I think he should be here soon.'

Seeing Chen Minggang's intention to leave, Shen Qingshu looked at him with a little puzzlement and said, 'What, aren't you going to stay and meet with me?'

Hearing this, Chen Minggang only smiled lightly and did not reply.

Although Lin Dong was only a second generation ancestor who had been bold and arrogant because he had the support of his old grandmother, he was not so stupid that he did not know who was designing to harm him.

It was enough to hand the man over to Shen Qingshu. Shen Qingshu would naturally know what to do next, and there was no need for him to be a conspicuous light bulb on the sidelines.

Chen Minggang smiled and turned around to leave, while Shen Qingshu looked at his back and did not ask to stay.

He stood at the door and looked around for a while before calling a waiter and leading him to Shen Qingshu.

Looking at Shen Qingshu, the eldest son of the Shen family, Lin Dong looked at the other party with slight confusion and said, 'Why are you here?'

Looking at Lin Dong, Shen Qing Shu smiled and casually spoke back, 'Since you are here, have a seat, someone arranged for me to meet you and get to know each other.'

As he said this, Shen Qing Shu looked Lin Dong up and down a few times, he did not seem to be a particularly intelligent person.

There were just a few of the noble families of the Northern Province. It was almost a mandatory lesson for every family's sons and daughters to learn who had any outstanding people in the next generation.

And this Lin Dong didn't even know who he was, which showed that he wasn't a very smart person.

And Shen Qing Shu often treated such people with great tolerance, because such people were the best to use to control.

When Lin Dong sat down, Shen Qing Shu looked at Lin Dong and smiled and said, 'Do you want to eat something, the steak here tastes quite good, try it?'

After Lin Dong Shen Qing Shu had already eaten almost everything on the table, he shook his head and spoke, 'Forget it, it looks like you've already eaten.'

After finishing his words. He turned his head and looked around for a moment before speaking with some confusion, 'Who arranged for the two of us to meet. And why do you want to get to know me.'

Shen Qing Shu looked at the somewhat confused look on Lin Dong's face, as well as the slight anger in his tone.

He then smiled lightly and spoke, 'I am Shen Qing Shu, I was supposed to marry your family Lin Yan, come to think of it?'

Hearing that the other party was actually Shen Qing Shu. Lin Dong's entire body could not help but feel a pang, then looked Shen Qing Shu up and down and spoke, 'I never thought I would see you here!'

In his excitement, Lin Dong had let go of his anger towards Chen Minggang in his heart, and was even a little grateful that Chen Minggang had actually arranged for such a big shot to meet with him!

The Lin Family did not need the Shen Family to stand firm in the Northern Province for such a long time. I'm afraid that their Lin family was as insignificant to the Shen family as Chen Minggang's Xincheng Group was to the Lin family!

'I really didn't expect this, although I knew that my family Yan'er had a marriage contract with Prince Shen before, I never had the chance to meet him.'

Between his words, Lin Dong was already somewhat flattering towards Shen Qing Shu.

Shen Qingshu looked at Lin Dong and nodded in satisfaction, 'It seems that Mr. Lin is also a smart person, in that case, I have a business deal that I would like to discuss with Mr. Lin.'

Lin Dong pondered for a moment before nodding his head and saying, 'You tell me, Sir Shen, if there is anything I can do to help. If there's anything I can do to help, you can just say hello!'

Although the Shen family had almost brought down the Lin family, this made Lin Dong want to cling to Shen Qing Shu's thighs even more.

Just ask such a character. Just by moving his hands and feet, so many people wanted to follow behind him, not to mention having a Shen family as his back. Who was the Lin family to fight with others.

'It's not anything important, I just want to ask if Lord Lin has ever thought of climbing up?'

Looking at Lin Dong's surprised look at his words. Shen Qing Shu laughed lightly twice and spoke slowly, 'Lin Yan is a woman after all, does your Lin family really intend to ang a family on Lin Yan's body?'

After the two sat together in silence for a while, Lin Dong looked at Shen Qing Shu with some difficulty and said, 'But, but what is the meaning of this climbing up?'

'Prince Lin has the old grandmother of the Lin family behind him, there are many people who know about this matter, if there is a Lin Yan missing, who do you think this Lin will be in the future?'

Lin Dong only thought for a moment before his eyes glowed and he looked at Shen Qing Shu and said, 'Is this serious, Sir Shen?'

Shen Qing Shu smiled and nodded, 'Naturally I am serious, if not what reason would I have for someone to introduce me to you.'

Lin Dong looked at Shen Qing Shu with joy and asked, 'Then if I take over by chance, Sir Shen will not make any more moves against the Lin family, right?'

Hearing this Shen Qing Shu just smiled and shook his head, 'That's not necessarily true, in case we can reach a cooperation in the future, wouldn't I come to Lord Lin as well?'

At this point both of them laughed out loud, except that Lin Dong had learnt to be wise for a while after all, and waited until he had finished dealing with Shen Qingshu to send the people away.

He sat in the middle of the restaurant for a while in silence, this matter was still a bit risky.

But the temptation of getting to the top was too great for Lin Dong, he had worked so hard for so many things, and all he wanted was to get to the top!

Right now, such a good opportunity was right in front of him, as long as he seized it, would he do any worse than Lin Yan?

No, this was simply impossible!

Just by considering this matter, Lin Dong became somewhat excited!

Chapter 706

‘That, Young Shen, is there something I can conveniently ask?’

Saying this, Lin Dong looked at Shen Qing Shu with some confusion and spoke, ‘Why would you choose me. If you really want to talk about cooperation, then you should choose my father, right?’

Shen Qingshu laughed lightly twice, then shook his head before speaking, ‘On the surface it looks like your father’s prestige is a little better, but I believe you can do better than your father. This is one of them.’

‘Oh? Then there is another?’

Hearing these words, a smile unconsciously appeared on Lin Dong’s face. He thought of how the people in the customer department were all surrounding himself in the company!

‘The second is that we are all young people, and the future belongs to us, not to those people who belong to your father.’

After saying that, a trace of mockery flashed through Shen Qing Shu’s heart.

The main reason why he had chosen Lin Dong was that this man was mindless yet competitive in his actions, and was much better to use than his father.

When Lin Dong heard Shen Qingshu’s words, he slapped the table and spoke in praise, ‘That’s right, the future belongs to us youngsters. Those of the old master have all become antiques!’

Lin Dong was also feeling it, after all, he had to be pressured by Old Master Lin on the one hand at home.

Although his old grandmother was supportive of him, on top of some things, she wouldn’t even let herself be touched, not to mention her rights.

Thinking of this Lin Dong let out a deep sigh and roared a little gratefully as he looked at Shen Qingshu and said, ‘We still need to talk more, when the time comes, if our two families join hands, who else would dare to mess with us in this northern province!’

The mocking look in Shen Qing Shu’s eyes was almost spewing out, but Lin Dong still didn’t notice it, and even thought that Shen Qing Shu had seen that he was not a normal person!

Previously, he had thought that the Lin family should still have some ability to cultivate people after all these years, but after seeing Lin Dong. He sort of understood why someone like Chen Minggang could fool him around.

Such a foolish boy could only be played with, and when he thought of this, Shen Qingshu could not help but sympathise with Lin Dong.

After shaking his head slightly, he sighed lightly and said, 'Since the two of us are good friends, I advise you to plan a future for yourself.'

Lin Dong cocked an eyebrow at these words, coincidentally, he had the same thought in mind!

Right now, Lin's Group had been held by Lin Yan, and although he served as the manager of the customer department, those people did not even put themselves in their eyes.

Many people had transferred to the subsidiary under the guise of resigning, and then transferred all the clients of the client department to the subsidiary to handle their responsibilities.

This was something he knew about. But the people had already left, so even if he protested to Lin Yan, it was useless.

It was just as well that he didn't like the look on those people's faces. All day long, they had a dead face as if they were owed money, and only when they were dealing with clients would they smile!

At this moment, under the influence of Shen Qing Shu, a ball of anger rose up in Lin Dong's heart when he thought of these things!

'It's all because of that dead b\*tch Lin Yan, if she hadn't stopped me in front of it. I would have been the general manager of the Lin Group by now, that position should have been mine for her!'

Shen Qing Shu almost laughed out loud, before he worked so hard to fix the Lin family Lin Yan had resisted, which made him less resentful and more appreciative of Lin Yan.

But if it was this stupid pig up there. Maybe this guy would have already ruined the Lin Group before he could even make an effort.

Thinking of this, Shen Qingshu's heart moved, and then lightly sighed and spoke, 'It's a pity, if you could get to the top, then there would be a lot of opportunities for cooperation between us!'

Looking at the sincere look on Shen Qingshu's face, Lin Dong also felt some pity, and after a moment of contemplation.

After a moment of contemplation, he snapped the table and stood up, 'Don't worry about that, give me some time. I don't believe that I, Lin Dong, won't be able to climb up to that position!'

After saying this he turned around and left, while Shen Qing Shu looked at Lin Dong's back. A wicked smile appeared on his face.

It was perhaps a good thing for himself that the titular Northern Province Lin family would have such a straw man.

Otherwise they would really all be as bad to deal with as Lin Yan. In the future, we will have to think about who's voice will be the loudest in the Northern House.

Thinking about these things Shen Qingshu wiped the corner of his mouth. Then he got up and left, but he didn't notice that a black button-like object under the table was glowing with a flicker.

Meanwhile, Chen Minggang, who was sitting upstairs in the restaurant, nodded somewhat smugly looking at Shen Qingshu's back as he left and laughed lightly twice.

'You think your Shen family is very powerful, although tripping you up is a bit troublesome, but it is not impossible to do, let's start with you first.'

Once the words were out of his mouth, Chen Minggang took out his mobile phone after being silent for a while and called Rat who had been sent to harass Lin Yan last time.

When the phone rang twice, Rat spoke with some trepidation, 'Chen, young Chen, what do you want from me this time?'

Chen Minggang smiled sorrowfully and then said, 'The matter I want to talk to you about this time is very simple, you know Lin Dong, the second young master of the Lin family, right?'

After hearing Chen's words, the caller hurriedly took out a pen and wrote down Lin Dong's name on his notebook before asking, 'Yes, why, do you want to deal with him, Chen?'

Chen Minggang frowned at his words, 'This is my brother, try touching him if you dare!'

After saying this he coughed a little, then continued, 'You find a chance to get close to him during this period of time, then help him with one thing, do what he will tell you then, but don't say you know me.'

Rat gave a somewhat puzzled agreement, then hung up the phone and muttered, 'This is a brother again and won't let me say anything, the relationship between the upper echelons is so complicated.'

After receiving the order, Ratz started to act honestly, asking his men to find out where Lin Dong often moved.

He then dressed up a bit and planned to go to Lin Dong's side to see what he had to do, after all, Chen Shao gave him a lot of money every month.

After Chen Shao ordered the matter down, he got up and walked downstairs to the place where he was sitting and eating before, and reached out and took out the wiretap from under the table.

After looking at the wiretap in his hand and laughing twice, Chen Ming just remembered Shen Qing Shu's face and said with a heated smile, 'You think nobility is great? See how I will stomp you down!'

Lin Yan, who was taking Jiang Hao shopping, didn't notice in the slightest that Lin Dong would soon be making a move on himself.

Shen Qingshu hadn't expected that he would be set upon by a mobster either, and he couldn't produce any bit of evidence!

A large net was being spread out, invisibly and slowly enveloping several people's heads.
