

# Super Rich Dad Chapter 711-713

Chapter 711

After hearing this Chen Shao looked at Rat coldly and said in a deep voice, 'It's better this way, she's my person now!'

After taking a deep breath, Chen Shao stood in the doorway and continued, 'Come with me to the balcony outside for a moment, I want to talk to you about something.'

Rat nodded and instructed his men to keep a good eye on Lin Yan. Don't let anything go wrong, and then followed Chen Minggang to the balcony.

'Take out your mobile phone, then call that kid Lin Dong and ask him to resell his shares in the Xichunju project somehow.'

Chen Minggang spoke with a slight hesitation. After giving a light laugh, he shook his head and spoke, 'Forget it, it's better if I do it myself.'

Rat took out his mobile phone with some trepidation and handed it over. Then he hesitantly spoke, 'Will this make a big deal out of it?'

While looking for Lin Dong's phone number, after hearing Rat's words Chen Minggang looked up at Rat and smiled, 'Don't worry, what are you afraid of with me here.'

With these words, he found out Lin Dong's phone number and called it over.

Lin Dong, who was happy for his old man, suddenly heard his phone ring and took it out to see that it was Rat's phone number and couldn't help but smile as he picked it up, 'Rat, thanks to you this time!'

Hearing this, Chen Shao laughed out loud and said, 'You're welcome Lin Shao, because the next rules of the game are not up to you.'

Hearing these words, Lin Dong's face faintly froze before he spoke with some hesitation, 'You, what do you want! Not right. You're not a rat!'

Chen Minggang laughed out loud twice and said back, 'Never mind who I am, I really didn't expect you to do it to your own sister, how ruthless, young Lin must be a big shot in the future!'

'Wait, we agreed that you can't touch Lin Yan, that's what I discussed with Rats!'

'What does that have to do with me, did I talk to you about such things?'

Seeing that Lin Dong was still so naive, Chen Minggang snorted a laugh before lighting himself a cigarette and spoke lightly, 'Now the new rules of the game, release the shares of the Xichunju project to me little by little.'

‘Impossible. The West Spring Residence has already invested sixty percent of our Lin family’s capital, and there is still more than five billion dollars there, how can you make me release it!’

Chen Minggang laughed sorrowfully before whispering, ‘If you don’t release it, I will release this matter, believe it or not?’

After saying this, Chen Minggang hung up the phone and then threw it to Rat and laughed wildly!

So what if he was the son of a family, so what if he was a member of a powerful family!

Who could be his opponent in playing tricks?

One day there will only be one voice left in this Northern Province. That is him, Chen Minggang!

The Lin family’s father and son were silent as they looked at the mobile phone in their hands, and Lin Dong’s face was pale as he sat down in a chair and mumbled, ‘It’s over. Something big has happened this time.’

Lin Nan looked at his son with a sombre face and said, ‘Do you know who you asked to do this?’

Lin Dong nodded slightly and spoke with his eyes listless, ‘It was a man nicknamed Rat, I don’t know his real name.’

Hearing this, Lin Nan looked at Lin Dong with hatred and anger and said, ‘You don’t even know what the other party’s real name is. And you can leave such a matter to the other party?’

Lin Dong looked at the angry old man and instinctively spoke in fear, ‘I didn’t expect him to do such a thing before, but I gave him five million dollars! Five million!’

‘You’re a waste, you can’t do anything right. Now you’ve stolen the chicken and lost the rice, haven’t you?’

After saying this, Lin Nan slammed the table and sat down on the chair, tilting his head up and said, ‘Xichunju is our Lin family’s biggest investment now, a whole share of more than five billion, the other party is really able to put his mouth on it.’

After hesitating for a moment, Lin Nan said in a deep voice, ‘You go to the police station immediately and report this matter to the police, don’t worry, I will find a way to get you out of this matter.’

Lin Dong looked at Lin Nan in shock and spoke in disbelief, ‘Dad, you, you want me to report this to the police?’

Lin Nan looked coldly at his indisputable son. His eyes were furious as he said, ‘What else do you want me to do? Do you really want me to ruin this family for you to finish off?’

Lin Dong couldn’t help but fall silent after hearing this, he also knew how important the Xichunju project was. How much money the family had invested into it.

After hearing this Lin Dong took a deep breath and nodded his head and spoke back, ‘I know, I will go and report it.’

After saying these words. Step by step, Lin Dong walked out of the room.

But when Lin Dong had just walked out of the room, Lin Nan suddenly thought of someone who might be able to bring Lin Yan back.

Hesitating for a moment. He hurriedly chased after him and saw that Lin Dong was planning to drive away.

He hurriedly spoke, "Wait! Wait for me first, I have something to tell you!"

After hearing this, Lin Dong turned off the car, then got out and waited for Lin Nan to rush to him before asking, "What, is there anything else?"

Lin Nan took two deep breaths before nodding and speaking, "Maybe you don't need to report the case, you go to the First Chinese Hospital in the city centre and reveal the news to the one surnamed Shen."

After hearing this, Lin Dong was a little surprised and asked, "Reveal it to him? Would it be useful to tell him?"

Lin Nan took a couple of breaths before a pale colour surfaced on his face, the last time he had sent people to try to get rid of Lin Yan, those people had been sent off by Jiang Hao.

So naturally he had a few thoughts about Jiang Hao, since he had such good skills, perhaps he could count on him to get the people back.

Lin Dong saw that his own master did not open his mouth to explain, but looked at himself with a peculiar look in his eyes, and thought that he was angry.

So he hurriedly nodded before getting into the car and speaking, "I'll go and inform him now!"

Looking at Lin Dong's leaving figure, Lin Nan took out his mobile phone after taking a deep breath and dialed a number.

The reason why the Lin family had been able to stand in the Northern Province, to say that they didn't have some people under them would be like a joke.

Previously, these people were all in the charge of Elder Lin, but since he had fallen ill, he had handed them over to him.

This was a bit of compensation for letting him resign from his position as general manager.

Originally, Lin Nan had always felt that these people were of little use, and now that the Lin family was already a member of the northern gentry, it was believed that there would not be any unscrupulous people who would dare to make a move against their Lin family members.

The family had its own rules, and not targeting each other's families was the main rule.

It was for this reason that Lin Nan had always despised these people, but he had never thought that they would come in handy today.

After a brief explanation of what had happened, the many, many people raised by the Lin family in the Northern Province began to move about the streets.

Chapter 712

Lin Dong, who had just arrived at the hospital, waited for almost half an hour before finally waiting for Jiang Hao, who had just finished seeing all the outpatients booked for the day.

Ever since he became popular, many people would rather spend the high outpatient fees than have Jiang Hao give them a medical check-up.

Often Jiang Hao just puts his hand on the patient's wrist and then uses his internal energy to seep into the patient's body.

He only needs to see what is wrong with the patient. He would know what was wrong with the patient's body, so Jiang Hao was very quick and accurate.

This also further established his reputation as a miracle doctor.

Before Jiang Hao could reach the door of his office, he was stopped by Xiao Li at the reception desk, saying that someone had been waiting for him.

After hearing this Jiang Hao was slightly puzzled in his heart. But still, he walked to the meeting room to see what kind of person made Xiao Li have to come and trouble him.

He had to know that every time he finished seeing those booked clinics. He had to take a break, after all, the consumption of internal energy was no joke.

After walking into the parlour, Jiang Hao frowned slightly at the person who came over to him, he didn't have any dealings with Lin Dong.

After seeing Jiang Hao, Lin Dong's eyes were surprised as he stepped forward and said, 'Doctor Shen, you're finally here!'

Seeing how excited Lin Dong looked, Jiang Hao winced and said, 'No, you should just call me Shen Yan, I can't afford your honorific.'

After saying this, Jiang Hao sat down without hurry and poured himself a cup of tea, then looked at Lin Dong and said, 'What's the matter with Lin young master coming here this time? Could it be that something has happened to your old man again?'

A hint of embarrassment flashed across Lin Dong's face upon hearing this, and he somewhat wanted to get angry, thinking of Lin Yan's matter.

He had to hold it down, then spoke bitterly, 'No, our family Yan'er has been kidnapped!'

Hearing this Jiang Hao almost spat out a mouthful of tea, 'What? Say it again, I didn't seem to hear you clearly!'

'You heard right, Yan'er was kidnapped when she came back today, the story hasn't spread yet, I'm worried that the impact is too great!'

Jiang Hao carefully looked at Lin Dong's face and saw that he didn't look like he was lying. After hesitating for a moment, he found that there was no need for the other party to lie to deceive himself.

So he sank his face down and looked at Lin Dong and asked, 'What's going on?'

'Someone kidnapped Yan'er and then called over to ask us for shares in the Xichunju project, which is why my father asked me to come over to you.'

Jiang Hao's eyes flashed with a fine light after hearing this, 'You should have gone to the police when something like this happened, why did you come to me?'

Lin Dong looked at Jiang Hao, there was some anxiety and anger in his eyes!

'I don't know why I came over to look for you, anyway, my father asked me to come over to look for you.'

After hesitating for a moment, Jiang Hao then spoke, 'Forget it, you should leave. I'm just a doctor, I can't help with things like this.'

After saying this, Jiang Hao got up and left the meeting room in a hurry. Then after returning to the office he sat down and hesitated for a while.

Lin Dong, on the other hand, looked at Jiang Hao's back and could not help but feel a little anxious, seeing that Jiang Hao seemed to be somewhat indifferent to this matter.

He couldn't help but be a bit dumbfounded, didn't he say that Lin Yan was in a relationship with him, how could a person who seemed quite decent be of this virtue!

After a somewhat distressed sigh. Lin Dong then called up his old man to inform him of this matter.

And after Lin Nan learned of Jiang Hao's reaction, despite some doubts in his heart, he nodded and instructed Lin Dong to go home as soon as possible.

He believed that Jiang Hao would never sit idly by and do nothing, and the reason why he acted like he couldn't help was probably just for them to see.

In fact, Lin Nan had really guessed it this time. Lin Dong had just left shortly after.

Jiang Hao then changed his clothes and then left in a hurry after calling Dean Jiao directly to ask for leave.

Then he changed his mobile phone card, then took out the phone and dialed Master Lin.

Master Lin looked at the phone with some surprise and when he picked up, he heard a strange man speak, 'Hello, Mr. Lin, I am a friend of Shen Yan and I am very good at some things, do you need me now?'

Elder Lin hesitated a little when he heard this. After a while of silence he spoke, 'Wait for a while, I will contact you later.'

After saying this he hung up the phone. Then after a moment of contemplation, he called for Lin Nan and asked, 'Who told Shen Yan about Yan'er?'

Lin Nan stood respectfully at the bottom and then spoke with some confusion, 'I don't know. What, did something happen?'

Elder Lin nodded slightly before taking out his mobile phone and said, 'Just now, someone called me and said he was a friend of Shen Yan's. He can help us.'

Lin Nan's heart was pleased, then after glancing at the phone number on it, he secretly wrote it down and said, 'Don't worry, I'll go down and check it out carefully.'

Master Lin nodded slightly and agreed to the matter, then asked, 'Have all our people gone down there?'

Lin Nan nodded and gave a brief explanation before slowly retreating.

Just after walking out of the room he took out his mobile phone and called the number he had just seen, and Jiang Hao responded quickly, picking up the phone just as it rang.

'It's Dr. Shen's friend right, this is Lin Nan.'

Jiang Hao cupped his throat and said in a deep voice, 'Hello, Second Master Lin, Shen Yan told me that something seems to have happened to your Lin family, so he asked me to contact you.'

After all, he knew that Jiang Hao had never had any contact with anyone since he had arrived in the Northern Province, so how could he have any friends?

But now that Jiang Hao was willing to help, he spoke as if he didn't know, 'It's like this, our Yan'er has been kidnapped.'

'When did it happen, where did it happen, and did the other party call?'

After hearing this, Lin Nan briefly explained, and then gave Jiang Hao the phone number of the depleted capital then spoke, 'At the moment, this is all we have on hand right now.'

After hearing this Jiang Hao nodded slightly and said in a deep voice, 'In that case I'll hang up first, I'll contact you when I have any news.'

Then Jiang Hao hung up the phone and looked at the phone number on the slip of paper and pondered for a moment.

He took out his mobile phone with some hesitation, but pressed out a phone number anyway.

After the ringing sound, Sally's voice rang out on the other end of the line and said, 'Hi Shen Yan, why did you remember to look for me today?'

Jiang Hao smiled bitterly and said, 'Sally, there's something I want to ask you for a favour, can you?'

Sally was dealing with something at the moment, but after hearing Jiang Hao's words she agreed without saying a word, 'You name it, as long as I can help.'

Chapter 713

'So quick? You've made me a bit afraid to talk to you like this.'

Hearing Sally's reply, Jiang Hao laughed and then shook his head slightly and spoke, 'I have a friend who was kidnapped, and the other party should be from the Northern Province, so I want to ask you to check a phone number for me.'

If such a thing were to happen in the Northern Province. Jiang Hao could casually check the other party out.

But unfortunately he had now changed his name and was just a nothing Shen Yan.

They had their own power in the Northern Province and it was not a big deal for them to check a phone number.

After hearing Jiang Hao's words, Sally pondered for a moment and said, 'Give me the phone number, what do you want to check?'

'The most recent call records dialed from this phone number. I just need to get the last three days of call records.'

Jiang Hao wasn't greedy, he knew that these call records were generally not something that anyone could retrieve. So he only needed the last three days and that would be enough.

And Sally smiled and nodded after hearing Jiang Hao's words, having some understanding of Jiang Hao's thoughts in her heart.

So after a light laugh she spoke, 'Give me three hours, I'll give you the call records in three hours, is there anything else I can help you with?'

To Sally, Jiang Hao didn't have many friends in the Northern Province, so suddenly he asked himself to help him with this, he must be in some kind of difficulty.

'As you can see, I still have some people in the Northern Province, if you need it I'll call a few people over there to help you.'

Jiang Hao smiled and shook his head before speaking, 'It's alright, as long as we can check the call records, that's enough. I can take care of the rest.'

Sally hung up the phone with a light sigh, then pondered for a moment and called for Old Black, asking him to find a way to retrieve the call records from the phone number.

After getting the phone number, Old Black nodded slightly and left to deal with it, but just as he reached the door.

Old Black hesitated for a moment, then turned around again and walked to Sally's desk and mused, 'Lin's group recently changed a general manager named Lin Dong, this person had some black history before, do you think we should continue to transfer our funds to the Lin family?'

After hearing this Sally closed her eyes and pondered for a moment, she had read Lin Dong's profile and his main black history was embezzlement of family property.

After a moment of contemplation, Sally said slowly, 'Forget it, don't have any cooperation with the Lin family for the time being. The importation of funds should also stop for now, with the two billion their family should be better off.'

Old Black nodded and then turned around and left, thoughtfully closing the door during the process.

On the other hand, Jiang Hao hung up the phone and then found a hotel to stay in, with an identity that was of course opened with someone else's.

There were places where the hotel would not require the use of identification or anything like that because the scale was just too small, and such a place was undoubtedly the most suitable for Jiang Hao to stay.

Although his identity had changed, there was no guarantee that he wouldn't be discovered by those of Shen Tianyang's people if he showed any hints in the northern capital.

After checking in. Jiang Hao had just rested for a while when he suddenly received a text message on his phone.

The content of the text message was very simple. There were only two words, 'Save me.'

After looking at the phone number and realising that it was a text message from Lin Yan, Jiang Hao hurriedly replied, but hesitated when he was about to reply.

If he replied to the other party at this time, wouldn't he be telling them that he had already seen the text message?

Then Jiang Hao put the phone back after a period of silence. He quietly waited for the news from Old Black's side.

Lin Dong had never dreamed that he would be set up and somehow become a scapegoat.

He only wanted to put Lin Yan under house arrest for a period of time, then excuse that Lin Yan had been kidnapped and the Lin Group could not be left without a master. Then push himself or the old man up.

But now it looked as if the other party was deliberately using this opportunity to get close to himself.

Everything that was contradictory now that he thought about it carefully had this rat stirring up and deliberately influencing him.

Such a tactic made Lin Dong, a person with a slow brain, could not help but think of Chen Minggang, as it was too similar.

When Chen Minggang had pitted himself at the beginning, he had also used gambling and then led himself step by step into the abyss.

Thinking of this, Lin Dong was silent for a while then told the old man about his worries.

And after hearing his son's words Lin Dong took a deep breath and sighed, 'The only hope now is that Shen Yan can save Yan'er, and also we have to find a way to stall the other side on our side.'

Lin Dong nodded slightly before he set about making arrangements, and now the entire underground of the Northern Province was beginning to boil.

Many people in a hurry began to roam around the streets. It looked as if a hunting dog was searching for the scent of its prey.

Chen Minggang also felt such tension, but he didn't take it to heart.

No matter what kind of move the Lin family would make this time. The meeting between Shen Qingshu and Lin Dong, as well as the recording of Lin Dong's conversation with Rat would be able to pluck him out of this matter.

If one's heart was a little bigger. Maybe he could even provoke a second round of war between the Lin and Shen families.

When he thought of the two powerful families in the Northern Province being played by himself, a feeling of satisfaction rose in Chen Minggang's heart.

So what if they were powerful families. In the old days, the gentry were just synonymous with obsolescence.

After a few moments of contemplation, Chen Minggang called Rat and asked him to find a way to step up his plans.

He had to get the Lin family to release their shares in the West Spring Residence project before the Lin family found Rats.

In Chen Minggang's eyes, Rats had become an outcast at this point.

If he was smart, he could find an excuse to confess his guilt and then wait a few years to get out and give him a sum of money.

But if she was not smart enough to bite, he could only take out the two recordings in his hand and then cause a dispute between the Lin and Shen families.

Taking advantage of the fact that the Lin family was not yet ready, Rats, who had received Chen Minggang's instructions, only hesitated slightly before continuing to pressure Lin Dong over the phone, trying to get them to give up their shares in the Xichunju project as soon as possible.

Lin Dong, who was carrying the pressure on one side, was also secretly hoping that Jiang Hao would really find Lin Yan as soon as possible, just as his father was optimistic.

Not only was Lin Dong and his son looking at Jiang Hao at this moment, but the old man of the Lin family was also staring at Jiang Hao closely at this moment.

I don't know why, but it seemed like everyone in the Lin family was expecting Jiang Hao to find Lin Yan at this time, it was an indescribable sense of trust.

It was as if everything would be a little different when it came into Jiang Hao's hands.
