

Chapter 711

Bloody Buddha!

When they heard this name, the faces of the other three wolves showed a deep disdain.

“Big brother, don’t worry about it! That bloody Buddha has disappeared for five years, I am afraid it will die long ago!”

“Yes! Big brother, now in the northwest, but the world of our four wolves, what shit bloody Buddha, if he appears in front of us, kill him in minutes!”

“The two brothers are right! According to rumours, the bloody Buddha was already full of white hair five years ago. Now five years have passed, he is afraid it will be too early. It’s turned into a pile of withered bones!” The other three wolves didn’t care about the name of Bloody Buddha.

After all, now in the Northwest, almost all the forces and powerful people heard the names of the four of them, and they were so scared. This also made the four of them arrogant and invincible.

Hearing the words of the three brothers, the wolf nodded.

That’s right!

A person who has disappeared for five years, even if he is alive, is afraid that his combat power would have been exhausted long ago, but there is nothing terrible!

At the moment, a group of four people continue to set out to the front.

They are preparing to cross Lake Robe and then from the northwest of China, expanding their prestige and fame.

However, just after the four of them approached Robe Lake, the figure in front of them gave them a glimpse.

“Huh? Brother, there is an old man fishing in front of you!”

Fishing!

This sentence made the other three people startled slightly.

After all, this Robe Lake is extremely dangerous, fishing here is absolutely incredible.

The other three hurriedly turned their eyes to look ahead, and suddenly saw the shore of Robe Lake not far in front.

There is an old man wearing a hat sitting alone by the lake with a fishing rod in his hand.

Fishing quietly!

Especially what shocked the Northwest Four Wolves!

With the palm of the old man's hand, a very fat fish was thrown onto the shore along the fishing line.

"Huh? What a unique fishing technique?"

This scene made the four northwest wolves stunned.

Especially, when they saw that the big fish that the old man caught was actually a precious Lobu Lake fish, the four of them immediately moved.

"Brother, it is said that this kind of fish tastes extremely delicious, especially after grilling, it can be sold in the mainland for 10,000 catties, and there is still no market!"

"Yes, brother, I have also heard of it, Someone has eaten this kind of fish, and they can't praise it!"

"Brother, I am a little hungry now, so I might as well..." The other three wolves swallowed fiercely at this moment, full of greed.

The four people burned, killed, and looted for a day, and have not eaten until now, and after seeing this delicious big fish, it was naturally intolerable.

Chapter 712

Heard this.

The wolf nodded, in fact, he was already hungry.

"Let's go! Let's go forward and buy this fish!"

"Also, this place is extremely dangerous, and this old man is fishing here alone. This is very strange, so the three of you must remember not to be reckless, otherwise you will avoid life Right or wrong!"

The wolf said to the other three people with a solemn expression at this moment.

His sense of crisis is extremely strong. Although the old man in front seems to be 80 years old, he is still unwilling to provoke him.

After all, in this deserted land, a fishing man appeared out of nowhere, and it made people shudder to think about it.

When the other three heard this, although they were disdainful, they nodded.

A group of four people soon came to the lake.

The wolf held a fist to the old man, and said:

“ Old sir , we are passing by here, a little hungry! I don’t know, can you sell this fish to us?”

The wolf said very politely.

However, after his words fell!

One minute!

five minutes!

...The old man didn’t seem to hear it at all, and he didn’t seem to notice the arrival of the four, he didn’t turn his head, let alone reply!

This... the four northwest wolves were taken aback.

A trace of anger emerged in the hearts of the four.

However, the wolf still endured his anger and asked with his fists again:

“Sir, we are really hungry. Can you sell this fish to us? The price is not a problem! You old man, you can mention it at will!”

The wolf’s voice became more respectful.

It just makes them incredible.

Even if it was his voice, it was already very loud and contained internal strength, the old man in front of him did not answer.

Like a deaf, he doesn't care.

"Damn! Brother, I think this old thing is a deaf man. If you want me to say, we just grabbed it!"

"For so many years, our four wolves in the northwest have eaten, when have we been so low-pitched?"

The two wolves were full of faces at the moment. Said ferociously.

Not only him!

The other two people beside him also echoed:

"Second brother is right! I see the old thing is a deaf man, talk nonsense with him!"

"Big brother, grab it! The big deal is to leave him before we leave. Just some money!" The other two also persuaded.

And heard the words of the three.

The wolf couldn't help but nodded. After all, it was too difficult to find food in this desert.

And the old man in front of him is so old, even if he is robbed, he should be fine.

Thought of this!

The wolf wanted to wave his hand right now, but at this moment.

Huh!

They were surprised to find that the old man waved his palm again, and the fishing line flashed out from the lake.

It was another big plump fish worth twenty or thirty catties, and it was thrown out of the lake.

Another one!

This scene made the other three wolves both envious and greedy.

But when the three of them were about to start a snatch, the eyes of the wolf suddenly spotted the fishing line thrown out.

"No! Don't!"

“There is no hook on that fishing line! What...what’s going on?”

Chapter 713

What! When the words of the wolf fell, the other three were taken aback and looked at the old man’s fishing line.

Until then, they couldn’t believe that there was really no hook above the fishing line!

how can that be!

Senseless!

At this moment, the four wolves only felt chills all over their body, and they ran straight into their forehead from the soles of their feet.

You can fish without hooks!

This method, in the realm of the master, simply cannot be done.

In other words, this old man turned out to be a great master.

“Damn! He... he is the Blood Buddha! Grand Master! Run!”

The wolf felt his scalp numb at this moment. He screamed and flashed away first, trying to run away.

The other three reacted, almost scared to pee.

The four figures at the moment, like frightened rabbits, flew to the side.

Their speed reached the limit at this moment.

But at this moment!

The old man who was fishing seemed to know the four of them. He sighed softly, followed by a voice of vicissitudes:

“Oh! Back then, my king told me

!”

“You must eliminate the evil, and you must eliminate the roots!” “You, want to go now? It’s too late!”

Boom!

These words seem to have the ability to penetrate the air, and they were instantly passed into the ears of the four northwest wolves, and the complexions of the four people suddenly changed greatly, and they only felt like they were being stared at by a demon. .

this not stop!

The wolf turned his head and looked around, but was surprised to find that under the old man’s palm, the fishing line without a hook made a buzzing sound, like lightning, swept toward the four.

“No! Be careful!”

The wolf screamed in surprise, and then the whole person wanted to crawl to the ground.

But at this moment, the bloody scene that made him the most memorable in his life appeared.

call out!

The speed of that fishing line is almost to the extreme. Almost instantly it had flashed in front of the other three wolves.

The fishing line seemed to be filled with extremely pure internal force, like a steel wire, tough.

Facing the necks of the other three wolves, one stroke passed!

“No!!!”

The wolf let out a scream.

He suddenly saw that the bodies of his three brothers had completely froze, and then their heads continued to roll down from their necks.

Puff!

A headless body, under inertia, fell to the ground violently, blood flowed!

Two corpses!

died!

At this moment, the wolf only felt his scalp burst.

A fishing line killed the three great masters. The strength of this bloody Buddha was far beyond the imagination of the wolf.

Especially, after he saw the fishing line and killed his three brothers, he went straight to him in a flash.

The wolf is even more bleak!

Chapter 714

"I don't believe you, you are so strong!"

Clang!

The wolf pulled out the spikes from his waist, and when the fishing line struck, he suddenly resisted the fishing line!

Sneer!

However, what made the wolf unbelievable was that when the fishing line crossed the spikes, his spikes actually broke apart like paper.

Then snorted!

The wolf only felt his neck cool, and he heard the sound of his neck being severed.

Then, his gaze slowly fell along with his head.

Seeing my body falling to the ground, the whole head, grumbling, rolled to the ground.

be quiet!

At this moment, after all the four wolves in the northwest had died, the lake was plunged into deathly silence.

Only the traces of scarlet blood continuously flowed out, filling this piece of air with a bloody air, and it gave people a feeling of scalp tingling.

Who can imagine that the four wolves in the Northwest, which have been so cruel and brutal as they were unimaginable, have been killed in seconds.

If this scene is seen by outsiders, you will definitely be scared to pee.

“It’s a pity!” At this moment, the old fishing man didn’t seem to kill four people to fly at all, but it was more like crushing four ants to death.

With a flick of his palm, all the blood above the fishing line disappeared, and then shook again.

call out!

The fishing line without the hook was once again severely thrown into the lake by him.

fishing!

Still fishing!

At this moment, if a great master is here, it can be seen.

This old man is not simply fishing at all, he seems to be fishing in a realm!

Fishing for life, fishing for death!

Time passed slowly.

And when an hour has just passed.

The old fishing man frowned slightly.

He couldn’t help raising his head and looking towards the blue sky.

The sky, without any flying birds or clouds, was blue, but it was just a minute later.

A loud buzzing sound came from above the sky.

It turned out to be a...helicopter!

The helicopter landed slowly.

Then the door of the plane opened.

Hulala, a bodyguard in black came out from inside.

These black-clothed bodyguards were Chinese and foreigners with eagle-eyed noses, but each of them was strong and burly, with all his waists bulging, but he was carrying a pistol.

A full ten bodyguards are divided into two rows.

Until then, a young man who seemed to have been hollowed out by the wine, slowly walked down from the cabin.

If Zhang Yichen was here, he would definitely recognize that this person was Zhang Lei, the youngest member of the Zhang family!

The cousin who once wanted to put her to death.

Chapter 715

“Cut! This is really a place where birds don’t shit!”

Zhang Lei wrinkled his brows as he walked off the helicopter, then he covered his nose and said with contempt.

It’s more than that!

When Zhang Lei’s eyes saw the four corpses on the ground, the disgust on his brows became more intense:

“There are still corpses! What a disappointment!”

Zhang Lei looked like a second generation ancestor.

Just hearing this, the Uncle Li behind him said with a horrified face:

“Master, these four corpses seem to be the four northwest wolves!”

What!

When he said this, not only Zhang Lei was shocked, but even the ten bodyguards trembled.

The four wolves in the northwest, this is a brutal bandit on the Megatron side.

In particular, they heard that these four murderers had just committed a terrifying crime in the Northwest.

And now, how could he die here.

“Uncle Li, are you... are you sure?” Zhang Lei’s face was pale, and cold sweat dripped from his forehead.

And hear this!

The uncle Li next to him nodded solemnly:

“Master, absolutely right! At the beginning, we even considered inviting the four wolves in the Northwest to deal with the one named Lin!”

“These four people are definitely Northwest. The four wolves are undoubtedly! And seeing their wounds, they should have been killed by one blow!”

Wow!

When Uncle Li’s words fell, Zhang Lei trembled, and the disdain on his face turned into solemnity and panic.

Especially, when he looked at the figure of the old fishing man, his scalp tingled even more.

“I didn’t expect that after five years, the Bloody Buddha would still be so cruel and terrifying!”

Huh!

Zhang Lei couldn’t help taking a deep breath, and now he took a group of people respectfully and walked slowly in the direction of the old angler.

It wasn’t until they came not far from the old man that they all bowed.

“Mr. Bloody Buddha, I am Zhang Lei from the Zhang family! This time, I am going to invite you old man to come out!”

Out of the mountain!

In Zhang Lei’s voice, although there was a faint horror, it contained a strong confidence.

It seemed that he was very confident and let the old man out of the mountain.

“Zhang Family?” After hearing the truth, the old man’s body paused slightly, and then the vicissitudes of

life came straight out:

“This family, I know, but it’s not qualified to ask me!”

What!

As soon as this remark came out, the expressions of Zhang Lei and others changed slightly.
