

Super Rich Dad Chapter 721-723

Chapter 721

After saying this, Old Black looked at Lin Yan, who was sitting in the car with a blank expression, then frowned and spoke, 'Nothing has happened to Miss Lin, right?'

As he spoke, Old Black noticed that a trace of blood was seeping out of her shirt, as if she had suffered a traumatic injury.

Jiang Hao looked back at Lin Yan for a moment. With a sigh he spoke, 'There's a bit of a problem, but it's not a big one, did you bring the medicine?'

Old Black nodded before turning around and walking to the car, then took out a large bag from the passenger side and tossed it to Jiang Hao and said, 'Here are the woman's clothes. There's also some trauma medicine, do you need me to go back?'

Jiang Hao faintly glanced at Old Black. Then he rolled his eyes and went back to the car and looked at Lin Yan for a moment and hesitated.

'Here are the clothes for you to change into, there was a bit of commotion this evening, I need to take care of all the clothes on you.'

Hearing this, Lin Yan turned her head and looked at Jiang Hao dumbfounded, and was silent for a long time before she nodded and took the clothes in his hand, then directly started to change.

Jiang Hao frowned and wasn't surprised as he smoothly copied a bottle of trauma medicine and opened it before applying it evenly to Lin Yan's wounds.

Perhaps stimulated by the medicine, Lin Yan would cry out in pain every now and then, but otherwise had no other reaction.

Jiang Hao frowned with some heartache and said: 'These medicines are slightly irritating, but they are very effective. It can speed up the healing of your wounds.'

Lin Yan nodded before changing her clothes and speaking in a hoarse voice, 'Where are we going?'

Jiang Hao was silent for a while, then took Lin Yan out of the car and sent her to Old Black's car.

Then he threw all of Lin Yan's changed clothes into Chen Minggang's car, opened the car's fuel tank lid again, and pushed it to the river.

Old Black watched Jiang Hao's actions and frowned, Jiang Hao's way of handling the situation made a hint of familiarity rise up within him.

When Jiang Hao had detonated the car, Old Black looked at Jiang Hao who was walking towards him with deep brows and spoke, 'This way of doing things for you kid, why do I feel so familiar with it.'

Jiang Hao snorted and then leaned on the front of Old Black's car and looked at the river, then hesitated for a moment before saying, 'I did this a long time ago, why? Does it make you feel a little nostalgic?'

Hearing Jiang Hao's words, Old Black looked at Jiang Hao closely for a long time before saying hoarsely, 'I knew you were something else, now I've caught you in the act, right?'

Jiang Hao shook his head but didn't say anything, his mind was now blank.

After dawn, the news of Chen Minggang's death would definitely spread throughout the entire North Mansion, and by then, whether it was the people of the Xincheng Group or the Shen family, the first target of suspicion would definitely be the neighbouring family.

The first object of suspicion would definitely be the neighboring families, and the Lin family would definitely guess that this matter was done by themselves at that time.

Thinking of this Jiang Hao let out a deep sigh. Now he didn't know what he should do.

Old Black looked at Jiang Hao's silent look and shook his head with a bitter smile: 'After all, you're still young, you don't think about the consequences at all. The people behind Xincheng Group are not simple.'

Jiang Hao looked sideways at Old Black and smiled, 'Since I dare to do this, I haven't worried about his background.'

Although the words were beautiful, Jiang Hao couldn't help but have a hint of unease rise in his heart.

Old Black's background was also very uncomplicated, even including Sally. Up until now, Jiang Hao didn't understand what kind of ability Sally had, so much so that so many powerful families in this northern province didn't dare to do anything to her.

After the two men were silent for a while, it was Old Black who spoke first, 'No matter what, since you called me. And since you're our partner, I'll give you a hand this time.'

After saying this, Old Black took out his mobile phone and sent a text message to Sally, before gesturing for Jiang Hao to get into the car.

After looking slightly at Old Black, Jiang Hao sat in the car and smiled bitterly, 'Don't blame me for not warning you, this time the matter is a bit complicated, and the Shen family seems to be involved.'

With these words, Jiang Hao handed Old Black the video he took out from Chen Minggang's phone.

And Old Black looked at it and then was silent for a while. Only then did he put the video away and said, 'Let's go back to the boss first, it's better for the boss to handle these matters. Although I have ideas but I am still no match for her after all.'

Hearing these words, Jiang Hao's heart was slightly relieved. After looking through the rear-view mirror at Lin Yan, who was leaning against the car window secretly weeping.

Jiang Hao turned back and asked softly, 'What's wrong, why are you crying all of a sudden.'

Lin Yan turned her head to look at Jiang Hao for a while in silence. Then she opened her mouth slightly and said, 'I'm out, right?'

Jiang Hao looked at the way she looked at herself, as if she was a stray cat on the street, no longer having that glowing look of yesteryear.

Jiang Hao's heart throbbed for a moment, then directly sat in the back seat and reached out to wrap his arm around Lin Yan's shoulders and said, 'It's okay, it's all in the past, just leave the rest to me.'

Lin Yan gently leaned into Jiang Hao's arms, while Old Hei, who was driving, unconsciously frowned when he saw this scene.

Although he was still unmarried in his thirties, it didn't mean that Old Black was an emotional idiot.

His own boss was afraid that he had a crush on this man who was acting in a somewhat bizarre manner, and right now this man seemed to have some indefinable feelings for this woman as well.

When he thought of this, Old Black could not help but feel a little big-headed, like sighing that your circle is really messy.

And after wrapping his arm around Lin Yan for a while, he reached out and gently stroked Lin Yan's head and spoke, 'Don't worry, everything has passed, no one will bully you anymore.'

Listening to Jiang Hao's small voice of comfort, Lin Yan finally couldn't help but cry out, crying her heart out all the way.

By the time they almost reached Tianzhu Villa, Lin Yan had already fallen into a deep sleep.

Jiang Hao carried Lin Yan out of the car, old black looked around and handed the car over to the doorman, then led Jiang Hao into a guest room in the villa and said, 'Let's put Miss Lin here first, tell me what's wrong, I'll go out and get it at dawn.'

Jiang Hao nodded and then put Lin Yan, who had fallen into a deep sleep, onto the bed, then carefully covered her with the blanket.

Old Hei stood in the doorway frowning and lit himself a cigarette, smoking as he watched Jiang Hao's movements.

Only after Jiang Hao had done all this did Old Black speak in a deep voice, 'Shen Yan, how about I want to talk to you if I have time?'

Jiang Hao turned his head to look at Old Hei, then after waving his hand slightly he smiled bitterly and said, 'It just so happens that I also have something I want to ask you, can you help me find some clothes, I think I should take a shower.'

Old Black looked at Jiang Hao's body, which was covered in dust, and his face, which was covered in bruises.

So he laughed lightly twice before speaking back, 'Maybe I'll have to cook you another egg.'

Chapter 722

After taking a shower, Jiang Hao sat down in Old Black's room, and after taking a closer look at the style of the room, he couldn't help but laugh lightly, 'I didn't realize you were still a war-monger at heart.'

He said this because the walls of Old Black's room were full of all kinds of equipment, including guns that had been dismantled into parts.

There was also some tactical equipment including bulletproof vests, night vision devices and helmets and military boots.

And Old Black poured Jiang Hao a glass of water. He came over with a hard-boiled egg in his hand and sat down.

Handing the egg to Jiang Hao he spoke in a calm manner, 'Take it and put a good compress on the bruises on your face, otherwise you won't be able to see anyone tomorrow.'

In reality Jiang Hao could use his true qi to get rid of them. On the surface it looked like he had been beaten up badly.

But Jiang Hao had used his true qi to shield his body when he was beaten, so his body only looked like it had some bruises.

Jiang Hao took the egg and put it on his face while he did so. As he did so, he drew a cold breath and said, 'These things of yours should be illegal in the Northern Province, right? Why, aren't you afraid I'll report them.'

Old Black rolled his eyes at Jiang Hao's sneer, then went to the closet and opened it against the wall and said, 'Here are some good things, remember to take two pictures if you want to report it, otherwise I'm afraid people won't believe me.'

Jiang Hao looked at the closet full of all kinds of equipment and couldn't help but tsk, 'You really are a professional, all right, what do you want to talk to me about.'

After saying this, Jiang Hao looked at Old Black and continued with a light laugh, 'It's not just to show off to me that you have a real man's room, is it?'

Old Black shook his head with a bitter smile before walking over to sit down beside Jiang Hao. Then he frowned and said in a deep voice, 'I want to talk to you about the matter behind the Xincheng Group.'

Jiang Hao shrugged when he heard this, on his way back Old Black had already said that there was something uncomplicated behind the New Cheng Group.

Such uncomplicatedness even made people at Sally's level a little scandalous, but Jiang Hao didn't take this matter to heart.

It was precisely because Old Black could see this that he invited Jiang Hao to his room after he had put Lin Yan in place and wanted to talk about it.

'The Xin Cheng Group has just been established in the Northern Province for less than twenty years and has reached its current size, have you ever thought about what's behind it?'

After saying this, Old Black took the two cups on the table and poured Jiang Hao a glass of water.

'The truth is that if you weren't our friend, I would just pretend I didn't know you as a person tonight, and even many people in this northern province.'

Jiang Hao laughed bitterly before picking up the cup and taking a slight sip and said, 'So what now, can't you regret what you've already done.'

Old Black shook his head and said in a deep voice, 'The remedial action started when I saw you. The hooligans you let go are believed to have evaporated by now.'

Hearing these words, Jiang Hao looked at Old Black in silence with some surprise.

Old Black thought Jiang Hao thought he was being cruel, so he frowned after giving a bitter laugh and said, 'Don't look at me like that, it's the only way if you want to save you.'

After taking a deep breath, Old Black looked at Jiang Hao and continued to speak, 'We'll talk about the next matter after Miss wakes up from her sleep, but if we go by my idea, it would be best to frame the Shen family for this incident.'

While saying these words. He took out the video Jiang Hao had given him and laid it on the table.

Jiang Hao looked at the video and said in a deep voice: 'You want to frame the Shen family for the incident based on this video alone? It's a bit insufficient, isn't it?'

'Rat is in fact Shen Qing Shu's man, and last night Chen Shao was there to save Lin Yan. As a result, he accidentally didn't want Rat to find out that all of them were unfortunately killed.'

After saying this, Old Black laughed grimly twice before continuing to speak, 'If you didn't do this, do you think the people behind the New City Group would not pick you out?'

Jiang Hao hesitated for a while before shaking his head and speaking, 'Why would the Shen family admit it?'

Old Black looked at Jiang Hao and rolled his eyes, 'Why do I need the Shen family to admit it? Hasn't the inside story of this matter already been exposed?'

Jiang Hao carefully contemplated the whole story.

From the very beginning, Chen Minggang had set up a trap, first inviting Shen Qingshu to dinner. Then he had Lin Dong make contact with Shen Qingshu and record the video.

Then he had Rats get in touch with Lin Dong, then did Lin Dong's bidding and kidnapped Lin Yan, and then used Lin Yan to pressure the Lin family to ask for shares in the Xichunju project.

While doing this, Chen Minggang also leaked the news that he had framed the Shen family for Lin Yan's kidnapping.

Afterwards, Lin Dong also confessed that he had asked Rat to kidnap Lin Yan. But he didn't know who Rat was working for!

Thinking of this, Jiang Hao took a deep breath before speaking somewhat hesitantly, 'That means that everyone in the Northern Province is now putting their eyes on the Shen Family, believing that this matter was done by the Shen Family?'

Old Black nodded after smiling sorrowfully, 'And now that Rat is dead, he is whoever we say he is.'

After taking a deep breath, Jiang Hao looked at Old Black and lamented, 'They say that people become elites when they're old, and you're not even old yet. You're already almost like a genius!'

Old Black rolled his eyes and drained his glass, then sat down on the chair and loosened his tie and said, 'Anyway, I will discuss this matter with Miss after dawn.'

Jiang Hao nodded before looking at Old Black in a somewhat strange manner and asking, 'Why do you want to help me?'

Sally's identity was not simple. Old Black also had something uncomplicated about him, but what he didn't understand was. Why would both of these two choose to help themselves.

Old Black looked at Jiang Hao's puzzled expression and shook his head, speaking rather arrogantly, 'Just because old me is happy to!'

Jiang Hao snorted and then made a move to leave. Old Black hastily reached out and pulled Jiang Hao back and smiled, 'No, no, no, you sit down, I'll tell you the truth.'

Only after hearing this did Jiang Hao let out a light hum and said, 'That's more like it.'

After Jiang Hao sat down, Old Black looked at him with a complicated expression and said, 'Because our boss seems to like you a bit, the kind between men and women, you know what I mean?'

Jiang Hao first hesitated for a moment, then his eyes widened as he looked at Old Black, his eyes full of incredulity!

'You mean that little girl, the one who looks seventeen or eighteen years old likes me?'

‘Stop! She’s twenty years old, her face just looks seventeen or eighteen, haven’t you noticed she’s a D cup?’

‘Even so, no, what did you just say, I didn’t really notice that!’

Old Black slapped himself on the face, he was completely confused by Jiang Hao.

The two men looked at me, I looked at you, after a long time of silence from both sides.

Jiang Hao spoke tentatively, ‘Leaving aside whatever cup we have, she likes me for this thing, is it true or not?’

What answered Jiang Hao was not true or false, but a dull sleep from Old Black!

Chapter 723

The next day was just dawn when Jiang Hao was shaken awake by Old Black.

Half-asleep, Jiang Hao yawned and then took his clothes and put them on, resulting in two crooked buttons.

Looking at Jiang Hao’s listless appearance. Old Black was surprised to find that all the bruises on his face had disappeared after a good night’s sleep!

Such a discovery surprised Old Black, but at the same time, he could only put it down to a secret unique to him as a doctor, after all, he was not a curious person.

After shaking Jiang Hao awake, he looked as if he was still dreaming. Old Black coughed twice before saying in a deep voice, ‘Pack up and come with me to see the old boss.’

Hearing this Jiang Hao sighed a little helplessly. Then he yawned and put his clothes on.

He walked to the bathroom and brushed his teeth while speaking vaguely, ‘I really don’t understand why you all like to call her the old boss when it’s obviously a woman.’

Hearing this question, Lao Hei’s movements paused slightly before he whispered back, ‘Because she is our boss, we are here when she is here.’

And Jiang Hao turned his head at the sound of Old Black’s voice and asked something, looking as if he hadn’t heard it.

Old Black shook his head and then rinsed his mouth and walked out of the washroom, not answering Jiang Hao’s question.

By the time Jiang Hao had finished washing up, the time was exactly 8:30, exactly the same time as he usually went to work.

Once a person had developed some habits, it was harder than ever to change them.

Old Hei took Jiang Hao out of his room. First, he went to Lin Yan's room and saw that Lin Yan was still sleeping, so he didn't wake her up.

Instead, he went straight to breakfast with Jiang Hao, during which the entire villa of about thirty people sat at the same table.

Seeing such a scene Jiang Hao couldn't help but be slightly stunned, and then spoke somewhat speechlessly, 'Your family table is really big.'

Old Black shook his head somewhat helplessly and pulled Jiang Hao to sit at his seat and wait quietly.

Jiang Hao saw that none of them had moved their chopsticks, so he also sat upright and didn't make a move, just a little puzzled as to who they were waiting for.

The confusion didn't last long, as Sally came in her pyjamas and yawned and sat down at the main table.

They all rose and bowed to Sally and said, 'Good morning, boss!'

The voices were so neat that it was as if they were all coming from the same person. Jiang Hao sat in his seat and saw that Old Black had done so.

After hesitating for a moment, he slowly got up, then looked at Sally with a serious expression and said in a deep voice, 'Good morning, boss!'

Sally opened her eyes and looked at Jiang Hao from her seat, and saw that everyone was bending and bowing, but he was the only one looking straight at her and saying good morning.

So she couldn't help but speak with a light laugh, 'Alright, alright, everyone sit down, you too Shen Yan. Sit down.'

Old Black was the first to straighten up and then took the lead to sit down, and only then did everyone sit down and start eating.

Jiang Hao whispered to Old Black in a somewhat embarrassed voice, 'Do you guys have to do this to her every morning?'

Old Black looked sideways at Jiang Hao. Then he nodded and said, 'Well, because she is our boss and here, she is like a king.'

Jiang Hao nodded and then ate his breakfast quietly. After she finished her breakfast, Sally wiped the corner of her mouth then looked at Jiang Hao and spoke, 'Shen Yan, accompany me to the back garden and have a seat.'

Under such an oppressive atmosphere, Jiang Hao hurriedly got up and nodded to Sally and said, 'As you wish, Queen. No, good!'

Sally looked at Jiang Hao blankly, hesitated for a moment and then laughed out loud, 'Hahaha, you're killing me, you're not my subordinate.'

Old Black also couldn't help but laugh at this moment, but didn't raise his head to look at Jiang Hao.

Jiang Hao shook his head helplessly and sighed, then he followed behind Sally and said, 'It's not because of this whole thing you guys are doing, it's scaring me.'

Sally laughed lightly at these words and did not explain. The rules had been in place for a long time and there was no need for her to explain them.

When they got to the back garden. A cup of good black tea was soon brought to her.

Sally picked up the cup and took an extremely ladylike sip before narrowing her eyes slightly and saying, 'Although this is for after lunch, I like to drink it in the morning.'

Jiang Hao picked up the cup and skimmed his lips. Then he took a sip and smacked his lips, looking a little unfulfilled.

Sally, on the other hand, was amused by Jiang Hao's action again. But after laughing she put down her cup and said in a flat tone, 'Old Black already wrote a report on yesterday's incident last night and handed it in to my room, and I've read it this morning.'

Jiang Hao nodded slightly and then looked at Sally's flat expression, thinking that she didn't take it seriously.

So with a smile he spoke, 'In that case, what are you going to do?'

'Lin Yan stays with me and cannot go out for half a month, you must keep a low profile for a while, and you must not come out for anything that happens next.'

After saying this, Sally let out a light sigh and looked at Jiang Hao with a rather sorrowful look in her eyes, 'You have no idea how much trouble you've caused this time.'

Jiang Hao reached out and took out a cigarette from inside his clothes, then looked at Sally with some doubt.

After receiving Sally's permission, he lit the cigarette and took a deep puff, saying in a deep voice, 'No matter how much trouble I've caused this time, it's already done and it's too late to regret.'

Hearing Jiang Hao's words, Sally shook her head somewhat helplessly.

'Even so, can't you show a little bit of guilt, that's a human life.'

'Some people can be called human, but others, I really don't think are considered human, do you know what I mean?'

Jiang Hao snorted twice before taking a puff of his cigarette and continuing, 'Although things are a bit troublesome, I still don't have a bit of regret when I think about it.'

Sally had no choice about Jiang Hao's attitude, so after taking a sip of her black tea, she gambled, 'In exchange, you have to find me another prescription!'

'Do you think that stuff is wholesale, that you can just say you have it?'

'First it was the Over Mountain Fire, then the Life Renewing Needle, and then the Nine Turning Pill recipe whose name I took a long time to find out from a book, so why can't I assume you have another remedy on you?'

A woman should never try to reason when she's being cheeky, because the more you talk the more you're wrong!

Looking at the somewhat angry look in Sally's eyes, Jiang Hao couldn't help but have the words Old Black had said to himself last night flash through his mind.

This woman in front of him, in her heart, really likes me?

At the same time as this doubt arose, Jiang Hao unconsciously spoke, 'You're not playing games with me because I went to save Lin Yan and caused such big trouble, are you?'
