

Chapter 726

Ok?

This scene caused a slight stagnation in the atmosphere between the four.

On Zhou Nan's pretty face, there was a hint of jealousy, while Lin Fan's eyes were slightly cold.

"Young Master Leng, please respect yourself!"

Bai Yi's face turned gloomy, and said to Leng Bufan in disgust.

And see this screen, this extraordinary cold face unfortunately let go, said apologetically:

"Sorry, beautiful white lady Iraq, so I did some absences really sorry!!"

He said.

He even put the palm of his hand on the tip of his nose and sniffed deeply, as if it smelled like Bai Yi's jade hand.

On his face, there was no apology.

This scene made Lin Fan's expression even more gloomy.

He could naturally see that this Leng Shao was obviously hitting Bai Yi's idea.

"Bai Yi, is this your husband?" Zhou Nan's gaze turned, and he couldn't help looking at Lin Fan next to him.

After seeing Lin Fan's casual clothes, Zhou Nan's eyes on the table could not help flashing a deep contempt, and even lightly comprehending the five noses, as if he was afraid that Lin Fan had an unpleasant smell.

"Yes... That's right! He is my husband Lin Fan!" At this moment, Bai Yi's pretty face was slightly pale, and she said directly.

Until then.

Leng Bufan's gaze shifted away from Bai Yi's body.

He looked at Lin Fan, and when he saw Lin Fan's casual outfit, the corners of his mouth became more

full-bodied:

“Tsk! Miss Bai Yi, your husband’s name is so famous! This outfit, and him The name fits too well! Lin Fan, ordinary! Hahaha...”

Leng Bufan seemed to be making a joke, and laughed after speaking.

Only after hearing his words, the young talents in Jiang City around would naturally not let go of this chance to please, and laughed and agreed:

“Hahaha... Mr. Bai, today is a grand dinner , Your husband’s clothes seem too ordinary!”

“Oh! One is Lin Fan, the other is Leng Bufan! Sure enough, Master Bufan is the real protagonist, and Lin Fan is just a clown!

” Alas... It’s a pity that such a flower as President Bai was inserted on the cow dung! In my opinion, President Bai and Leng Shao are a match made in heaven!”

“...” There was a lot of noise.

And among these voices, almost all of them were flattering words to Leng Bufan and mocking and attacking Lin Fan.

Hear these words.

A deep anger appeared in Bai Yi’s heart, she couldn’t help but grabbed Lin Fan’s palm, and then said to the crowd with a cold face:

“Sorry, my husband is good, you can’t see it!”

“His clothes, I am very Satisfied! This is enough!”

Ga!

Bai Yi’s words did not show any mercy.

Suddenly, it seemed like a slap in the face, slapped fiercely on the faces of the surrounding guests, and suddenly made everyone feel hot.

Obviously!

They didn't expect that Bai Yi, a beautiful president, would actually protect his waste husband in this way.

Chapter 727

Bai Yi ignored the ugly expressions of everyone around him, pulled Lin Fan, and walked towards the corner of the box.

Obviously, she didn't even think of talking to everyone.

See this scene.

In Leng Bufan's eyes, there was not the slightest unhappiness, but as if seeing a plump prey, he became more excited and evil.

"Zhou Nan, your old classmate is not only intellectual and beautiful, but also cold-tempered! I like it! Hahaha..."

"She, I'm going to make a deal!" Leng Bufan licked the corner of his mouth and faced Zhou Nan next to him. Said.

No taboo!

No convergence!

Even with his girlfriend Zhou Nan by his side, he did not shy away from his love for Bai Yi.

And this sentence made Zhou Nan's face pale.

But obviously Zhou Nan had self-knowledge, everything she had was given by Leng Bufan, so she could only agree to all Leng Bufan's requests.

"My dear, don't worry! I must find a way to help you get that hooves!" Zhou Nan said with a smile, holding Leng Bufan's arm.

Hearing this answer, Leng Bufan was obviously extremely satisfied.

His big hand patted Zhou Nan's buttocks fiercely, and then he smiled evilly:

"Hey! I'm going to fuck this woman tonight! Let her be with you, and the three of us will come together!"

“From now on, let you two be real sisters! Hahaha...”

Thinking of Bai Yi’s glamorous face and the scene where he was pressed under his crotch, Leng Bufan only felt hot in his heart.

And just when the two were talking!

Creak!

The door of the box was opened again.

Then everyone saw that Bai Yifan, Lin Guangyao, and Shen Jian walked in with their female companions.

It’s just that their faces are very ugly, as if eating shit, revealing a kind of resentment and depression.

This scene stunned everyone.

“Hey! Young Master Bai, Young Master Shen! What’s wrong with you? Has anyone offended you?”

After seeing the three of them, many guests around could not help but say hello.

Just waited for Bai Yifan and others to reply.

I heard the guest coming in behind and said grinning:

“Hahaha... to tell you a funny news! Just now when the three of Bai Shao and Shen Shao came in, the hotel owner Zhou Wanshan actually admitted to the three of them. Fee!”

“Everyone, I paid 200,000!”

“Yes! I saw with my own eyes that Zhou Wanshan stopped Bai Shao and the others! In the end, the three of Bai Shao had no choice but to get the cash and send it over! Hahaha...”

What!

As soon as this was said, there was an uproar in the entire box.

Only then did they understand why the three of them looked so ugly.

And everyone is even more curious, why the hotel owner Zhou Wanshan would charge the entrance fee to these three.

Chapter 728

Looking at the ridiculous faces around, the expressions of Bai Yifan's trio were even more gloomy, almost dripping with water.

They stared fiercely at both Lin Fan in the corner of the box, and then looked for a corner with shame and sat down.

quickly!

The guests of the dinner came one by one.

When the people were almost there, the music in the box stagnated, and then amidst the cheers of everyone, the host took the microphone and walked to the center of the box:

"Okay, everyone is quiet!"

"Today This is the gathering day for all the young talents in Jiang City! Here, we must first thank the host of this banquet-Master Leng Bufan!" The host's words were full of flattering.

Happiness!

As soon as these words fell, those Jiangshi heroes around immediately cheered and applauded.

Their faces all exudes a thick, pleasing and enthusiastic smile.

See this scene!

The host shook his palm, and immediately, the applause gradually dissipated.

Then he looked at the extraordinary cold, respectfully said:

"!! Well, next, we have requested the master of the banquet, cold Master extraordinary statement,"

"everyone welcome"!

Papa Pa!

As soon as he said this, thunderous applause broke out again below.

The faces of everyone in the crowd were filled with a thick voice of ingratiating, calling out Leng Bufan's name.

“Leng Shao!”

“Leng Shao!”

“Leng Shao!”

This scene obviously greatly satisfied Leng Bufan’s vanity.

With a strong arrogance on his face, he walked to the center of the stage and waved to the people below, which made the cheers from below more loud.

“Okay! Be quiet, everyone!”

Leng Bufan said with a smug expression:

“First of all, thank you all for coming to this dinner I hosted! Everyone who is doing this is the elite of Jiang City, especially Miss white Iraq, is among the elite of the elite, not only is the River City, the first president of beauty, in my opinion, is the Jiangnan City, the first president of beauty!”

Wow

cold uncommon came to power in Iraq will praise white, which makes the bottom of the Everyone, howling wolves.

Obviously, they are creating an ambiguous atmosphere for Leng Bufan and Bai Yi.

“Everyone knows that our Shengshi Group is about to have new projects to invest in Jiangshi! In addition, we will choose a group for in-depth cooperation!”

What!

When Leng Bufan’s words were heard, everyone around him suddenly became even more boiling.

Shengshi Group will cooperate with a group in Jiangshi!

This is great news for all groups in Jiangshi.

In particular, everyone knows that who can get on the chariot of the Shengshi Group, that almost means that it will rise to the top and rise to the sky.

Just now.

Everyone looked in Bai Yi's direction.

Leng Bufan was praising Bai Yi just now, which means that the New Bai Group is more likely to be the lucky one.

Chapter 729

The gazes looking at Bai Yi one after another were filled with envy and jealousy.

In the eyes of everyone, it seems to be able to get Leng Bufan's favor, this is definitely a great fortune.

"Okay! Prom will be on soon!"

"Everyone can choose their favorite partner!"

Leng Bufan did not continue to say more, as he announced.

Immediately inside the box, a melodious music sounded.

In the sound of this music, young talents brought their dance partners to the dance floor in the center of the box and began to dance.

just!

Leng Bufan did not invite his girlfriend Zhou Nan, but slowly came to Bai Yi's body.

Then he bent down, like a gentleman, and stretched out his hand to Bai Yi : "Miss Bai Yi, can I ask you to dance?"

What!

This scene caused Bai Yi's pretty face to change slightly. She did not expect that this Leng Bufan was so arrogant, knowing that her husband was by her side, she even came to invite herself directly.

This is simply humiliating himself, and even more humiliating Lin Fan.

"Sorry! I'm not interested!" In Bai Yi's eyes, a deep look of disgust flashed, and immediately she stretched out her hand, and the host held Lin Fan's arm tightly.

Ok?

This scene made Leng Bufan's complexion a little gloomy.

He didn't expect that this Bai Yi would still not take the bait when he showed so straightforward.

after all!

As long as she has a relationship with herself, their New Bai Group will surely become the lucky one.

Is this woman not afraid to offend herself and lose the opportunity to cooperate with Shengshi Group?

Thought of this.

Leng Bufan's gaze couldn't help but glared at Lin Fan.

After all, he was beaten by a famous trash son-in-law. He was so cold and shameless.

However, although Leng Bufan was angry at this moment, he did not immediately attack.

Instead, a pair of eyes stared at Lin Fan and said playfully, "Lin Fan, how about we talk?"

Talk!

Hearing this, Bai Yi's pretty face showed a look of worry, she couldn't help but grasped Lin Fan's palm and signaled Lin Fan not to agree.

However, Lin Fan smiled slightly:

"Okay!"

After finishing speaking, Lin Fan patted Bai Yi's jade hand, indicating that she didn't need to worry, and immediately walked towards the corner of the box with Leng Bufan.

And see this scene.

Zhou Nan quickly walked towards Bai Yi and started chatting.

At the moment, the atmosphere in the box is a bit weird.

Almost everyone looked at Lin Fan and Leng Bufan intentionally or unintentionally. They wondered if

Master Leng Bufan had anything to talk about with Lin Fan, the door-to-door son-in-law.

However, as soon as the two of them walked to the corner, Lin Fan's expression sank as soon as the cold Bufan words came out:

"Lin Fan, make a price! Your woman, I want it!"

Chapter 730

Your woman, I want it~

Leng Bufan's words are domineering and arrogant, especially his condescending eyes looking down on Lin Fan, as if looking down on an ant crawler.

Hearing this, Lin Fan narrowed his eyes slightly.

Obviously, he did not expect that Leng Bufan would be so arrogant and domineering.

"Five million!"

Leng Bufan stared at Lin Fan, with a thick smile on his mouth, and said a number.

five million.

This is already a huge wealth that an ordinary person can hardly earn in his entire life.

Leng Bufan has heard that the waste son-in-law in front of him is just eating and waiting to die in the Bai family.

No job, no income.

He could conclude that Lin Fan could not even think about hearing the five million.

At this moment, Leng Bufan's face was full of arrogance and confidence, as if waiting for Lin Fan's consent.

however!

Silence...

Leng Bufan frowned, and he realized that Lin Fan didn't say a word, but instead looked at him as if he was looking at a mentally retarded person.

Ok?

“Too little?” In Leng Bufan’s eyes, a flash of contempt flashed:

“Then add another five million! Ten million, let me give Bai Yi, how about?”

Ten million!

This is definitely a sky-high price that can impress any ordinary man.

Leng Bufan has self-confidence. Any ordinary man can never calm down after hearing the number 10 million.

Unfortunately, let him down again.

Lin Fan still didn’t say a word, his eyes grew colder.

“Is it too small?”

Leng Bufan frowned, and then he couldn’t help but sneered:

“Humph! Lin Fan, everyone in Jiang City said that you are a trash son-in-law! But no one thought that you are quite greedy. ! ” ”

good! this small meet you, twenty million you tomorrow and white Iranian divorce! never leave her! ”

I have to say!

Leng Bufan can be said to have lost his blood.

Twenty million for a woman is absolutely crazy for many rich second generations.

But now, Leng Bufan looked more like he was sending Lin Fan this beggar.

just!

There was still no response at all.

On the contrary, Lin Fan looked at Leng Bufan’s gaze as if he was looking at an idiot, full of playfulness and disdain.

“You!!!”

Leng Bufan was completely irritated by Lin Fan's ignorant look at this moment.

There was a hint of coldness on his handsome face:

“Good boy, it seems that you don't know good or bad. If that's the case, don't blame me for making things difficult for you!”

Finished!

Leng Bufan smiled at Lin Fanyin, and then snapped his fingers with a 'pop'.

This snapping finger is like a signal.

After hearing this voice, Zhou Nan, who was chatting with Bai Yi, screamed in an instant,

“Ah! My ruby and diamond ring is gone!”

“Oh my God, my expensive ruby and diamond ring! Thief! There are thieves here!”
