

Super Rich Dad Chapter 731-733

Chapter 731

After easily waiting for Lin Yan to finish eating, Elder Lin looked at the wounds on Lin Yan's body that had not yet healed.

After a slight hesitation, he could not help but speak, 'What is this all about, where have you been all this time?'

Lin Dong, who was sitting on the table together, was a little afraid to look at Lin Yan and lowered his head slightly, not daring to speak. He was afraid of being given a lecture by Elder Lin.

After Lin Yan had eaten and drunk enough, she looked at Lin Dong and then looked up at Elder Lin and said, 'After I escaped, I went to look for Sally, she is my best friend.'

Old Hei sat on the side and nodded slightly. With a cold expression, he looked at Elder Lin and spoke, 'Miss Lin was not in good health when she first arrived, so we didn't send her over first.'

Master Lin nodded to show his understanding and then asked, 'Then who rescued you. We already know who the person who kidnapped you is, but who rescued you?'

Hearing this question, Lin Yan's and Old Black's hearts were both tightened, and this was the next crucial question.

After a slight silence, Lin Yan spoke with a sobbing voice, 'The person who saved me from death was Chen Minggang, but unfortunately he was tortured and then fell down the stairs to his death.'

After taking a deep breath, Elder Lin sighed and looked at Lin Yan, not knowing what to say for a moment.

However, his eyes looked coldly at Lin Dong who was sitting at the side, 'Don't you think you should say something at this time?'

As soon as Lin Dong heard this, he hurriedly knelt down, then flashed himself in the face one by one and cried, 'I'm sorry. I shouldn't have instructed someone to kidnap you, this is all my fault.'

Lin Yan looked at Lin Dong coldly, disappointment flashing in her eyes, but in the end she couldn't be cruel.

So she could only get up and shook her head and left, while Elder Lin looked at Lin Dong with a disappointed look in his eyes.

'In the end you and Yan'er are all family, why do you have to do this.'

After saying this Master Lin intended to leave, while Old Black sat and looked at the time, looking as if he was waiting for something.

On the other hand, after Chen Jingdao received the news of Lin Yan's return, the first time he brought Ning Kun to pay a visit.

However, he was stopped by Elder Lin. He said that Lin Yan had just returned and was not in a good state of mind.

Faced with such a situation, although Chen Jingdao had the intention to barge in, Master Lin was not a person to be messed with, so he had to wait.

Just as Chen Jingdao was waiting, Old Black walked up and looked at Chen Jingdao and gave a salute, then spoke, 'Excuse me, is this Old Man Chen, right?'

Chen Jing Dao and Ning Kun looked at each other before nodding slightly in confusion and asking, 'You are?'

'I am Miss Sally's bodyguard at the Tianzhu Villa, our lady said that if she saw you. Let me go with to ask you to come to the villa for a while, she has something to give to you.'

Hearing these words. Ning Kun frowned and pondered for a moment, then whispered something beside Chen Jingdao's ear.

Then he got up and looked at Old Black with a calm expression and said, 'I'll go with you, I can act as a full agent for Old Chen at the North Mansion.'

Old Black just nodded after hearing Ning Kun's words, although that was what he said. But it would only be considered valid if Chen Jingdao nodded.

After Chen Jing Dao was silent for a while, he nodded somewhat hesitantly and spoke, 'Go ahead, he can act on my behalf with full authority.'

Hearing these words. Old Black looked at Chen Jingdao and smiled a little before the two of them walked outside with a smile and talk.

But just as he walked out of the doorway, Ning Kun looked at Old Black with a suspicious expression and asked, 'Why didn't you report the case first when you received Miss Lin, or send her back?'

Old Black looked at Ning Kun, a mocking smile appeared at the corner of his mouth and said, 'Perhaps there is one thing you are mistaken about, we have not made friends with any worldly families in the Northern Province, nor do we want to offend any worldly families.'

'Do you think that right now in the Northern Province, you guys can still stand alone?'

After getting into the car, Old Black fastened his seatbelt while speaking plainly, 'Because you families are too small. It's not suitable to come and go, understand what I mean?'

Ning Kun looked at Old Black with some disbelief when he heard this. This was still the first person to say that the Northern Province's family had a small structure.

Ning Kun, who hadn't spent much time in the North Mansion, couldn't help but look at Old Black with some suspicion at this point, as if he was confirming whether what the other party was saying was true or not.

The old man, on the other hand, was completely unafraid of Ning Kun's probing look. After smiling slightly, he said, 'Don't be unconvinced, you'll know when you meet our family's old boss.'

I don't know since when. There were suddenly many more visitors to the Tianzhu Villa.

After Old Black led Ning Kun out of the car, Ning Kun was just as shocked by the Tianzhu Villa as Jiang Hao was.

To build a villa of this size on the highest mountain in the Northern Province, how much money would it cost to do so?

After walking into the villa and looking at the people in black suits patrolling everywhere, Ning Kun couldn't help but somewhat agree with Old Black's words at this point.

But when had there been such a mysterious big shot in the North Mansion, and he had some connections with the Lin family!

With these questions in mind, Ning Kun, who was following behind Old Black, couldn't help but ponder until a knock on the door jolted him out of his thoughts.

After Old Black opened the door to Sally's office, Sally was sitting in front of her desk, writing something with her head down.

She looked up at Old Black and nodded slightly, then pretended not to know and looked at Ning Kun and said, 'Who is this?'

Before Ning Kun could introduce himself, Old Black bowed his head and spoke, 'This is the person beside Old Mr. Chen, who can make all the decisions for Old Mr. Chen.'

After hearing these words, Sally nodded with a flat expression, then waved his hand to indicate for Old Black to go down.

After Old Black had left, Sally looked at Ning Kun carefully before suddenly opening her mouth and smiling, 'You are Ning Kun? Well, you look a bit smart.'

After saying this, Sally got up and pointed to the sofa and said with a smile, 'Sit down, you can wait for a while, Old Black has gone to get the things I prepared.'

Although Sally spoke with a calm expression and a faint smile on her face.

But somehow, Ning Kun could always smell a hint of danger on her, as if the bottom of the biological chain had met the top.

Even though Sally was only twenty years old, there seemed to be an invisible pressure on her that made Ning Kun become a bit restrained.

Facing Old Black, Ning Kun might be able to ask questions freely, because he was used to seeing people like Old Black.

But when facing Sally, he did not dare to be as casual as he was with Old Black.

He had only experienced such a feeling with one person, and that was Shen Tianyang, and not even Chen Jingdao had ever given him such a feeling.

Thinking of this, Ning Kun's forehead couldn't help but seep out a cold sweat.

Sally, on the other hand, seemed to be unaware of anything, looking at Ning Kun with a smile and still looking at his tablet computer with no idea what he was reading.

Chapter 732

After a few moments, Old Black walked in with a small USB stick in his hand, then respectfully placed it in front of Sally.

'Old Chief, this is what you instructed me to bring up.'

Sally looked at the tablet computer in her hand. After hearing Old Black's words, she gave a soft muffled sound before speaking back, 'Go down and don't come in if there's nothing else to do, I need to talk to Mr. Ning about something.'

Old Black nodded slightly and retreated. And with his amazing professional talent, Ning Kun could hear that Old Black was guarding the door directly after he closed it.

Ning Kun, who had relaxed a little bit, was at this point surveying the USB drive placed in front of Sally. He thought about what was inside it and was lost in thought for a while.

Sally took a deep breath after she finished what she was doing and looked at Ning Kun as he stared at the USB stick wondering what he was thinking about, so she smiled and said, 'How long has Mr. Ning been following Mr. Chen?'

Suddenly awakened, Ning Kun felt a bit flustered for a while, looking up at Sally in a slightly bewildered manner for a long time before coming back to his senses.

'Ah? Oh oh, I've been following Old Mr. Chen for four or five years now, I've been serving him since he arrived overseas.'

Sally nodded before pondering for a moment, 'Oh, no wonder Old Mr. Chen said that you could handle it all on his behalf, it seems that Mr. Ning has Old Mr. Chen's trust.'

At these words, Ning Kun only smiled but did not say anything. Then after a moment's hesitation he spoke, 'That, how should I address you?'

Although Old Black had always referred to Sally as Old Master on the way here, Ning Kun felt that he was not one of Sally's men, so there was no need to call her that.

Sally spoke after a light laugh, 'You can just call me Sally, keep it simple, why.'

'Sally then.'

With that said, he pointed to the USB stick on the table and spoke, 'What's this?'

Sally casually glanced at the USB stick before speaking, 'This is what I'm going to give to Old Man Chen, so if you want to see it, just open it and take a look.'

Ning Kun nodded and then said, 'Is it okay?'

'Open it and take a look, you'll have to read it back anyway. It's okay for me to look at it here for clarification.'

With these words, Sally picked up the USB stick and went to her desk, then plugged it into her computer and opened the video's.

Ning Kun watched the video for a while in silence before realizing it was surveillance footage, first for a while, then he saw Shen Qingshu and Chen Minggang sitting together.

First they sat together and ate something, then Shen Qingshu mocked the look and left, while Ning Kun looked at such a surveillance video was silent for a while.

Then he looked at Sally and said: 'To Chen Minggang, the two then broke out into a heated argument.'

Then Chen Minggang got up and looked at Shen Qingshu and smiled before turning around and leaving. And then the video ended here.

Ning Kun looked at the video in silence for a while, then looked sideways at Sally and said in a deep voice, 'May I ask where did you get this video from?'

Sally smiled and took off the USB stick. Then she handed it to Ning Kun and said, 'The place where they ate was a restaurant under my name, so, you know.'

Ning Kun pondered for a moment and looked at Sally, which did not explain why she had handed him this video.

Sally just looked at him and knew what was going through his mind. So after a moment of silence she got up and went to the sofa and sat down.

Then looking at Ning Kun, she spoke, 'Lin Yan is my best friend, and very few people in the Northern Province know about this matter, including Shen Qing Shu.'

As she said this, Sally casually threw out a folder. Then she gestured for Ning Kun to open it.

‘This is something Shen Qing Shu did against the Lin family last time, I believe you should have heard about it when you followed Old Man Chen back.’

Ning Kun opened the folder and looked at it, finding that it was precisely some reports on the game between Shen Qingshu and the Lin family last time, which detailed the in and out of the two families’ funds during that period.

Any document that involved money should be top secret, and he looked at Sally, a flash of alarm appearing in his eyes, ‘How did you get this information?’

Sally laughed lightly twice and shook her head and spoke, ‘You don’t need to worry about this, the reason why I’m showing you this is to tell you that I’m the only one who will help the Lin family in the entire Northern Province.’

When she said this. Sally lowered her head and paused, ‘It’s also to prove to you that Lin Yan and I are indeed bosom friends. Because that time if I hadn’t taken out three billion, I’m afraid the Lin family would have collapsed long ago.’

She let out a soft sigh after saying this. Ning Kun, on the other hand, looked at Sally and spoke hesitantly, ‘What do you mean by showing me this?’

‘I suspect that the Shen family is behind this incident, of course. I think Chen Minggang’s death might have been something else, after all, he was the heir to the New City Group.’

Ning Kun hesitated for a moment and closed his eyes, carefully sorting out the information he had gathered over this period of time, then playing out the calculations in his head.

The Shen family had kidnapped Lin Yan to threaten the Lin family into handing over their shares in the Xichunju project, only to have Chen Minggang break through.

Chen Minggang liked Lin Yan and had told all the upper echelons of the Northern House that he would definitely marry her.

There was also Shen Qingshu who had a henchman named Rats, who had been seen following Chen Minggang.

Thinking of all these things, Ning Kun opened his eyes and spoke with a grave expression, ‘If this thing is true, Miss Sally’s great kindness, I will definitely repay it.’

Sally waved her hand and then spread out on the sofa and said flatly, ‘There is no need to repay your kindness, I know that Master Chen has promised you something, but I have to tell you that it is not a good thing to take.’

After saying this, Sally clapped her hands and Old Black, who was standing outside the door, walked in.

Then after saluting her, he looked at Ning Kun and said, ‘Mr. Ning, we should go now.’

Ning Kun hesitantly got up, and when he reached the door he paused as if he wanted to say something, but in the end he didn’t say anything.

Sally laughed lightly as she watched Ning Kun being escorted out by Old Black, now that the game had been set up, the Shen family had to take the blame.

On the way back, Ning Kun kept pondering over the matter in his mind, everything was pretty much as he had envisioned.

But Ning Kun seemed to feel that something was missing, but he couldn't tell.

Everyone in this case appeared to be just right, and all the clues eventually led to the Shen family.

After hesitating for a moment, Ning Kun's eyes became determined.

He was only in charge of the investigation anyway, and now that the results were in, all he had to do was tell Chen Jingdao and he would get his own reward.

And since Chen Jingdao had originally had that ability to take revenge, this matter was not in his consideration.

Having let go of the worry in his heart, Ning Kun let go of the pressure that had been fighting on him all this time while smiling lightly.

Chapter 733

When Old Dark led Ning Kun to the Lin family estate, it was already dark.

As he watched Ning Kun get out of the car, Old Dark nodded to himself and immediately drove away, as if he had never been there.

Chen Jingdao, meanwhile, was still sitting in the lobby of the Lin family with a calm expression. Master Lin did the same, both of them sitting there in silence.

Hearing that he could not be called on to approach, Chen Jingdao opened his eyes and looked at the door, and within moments Ning Kun walked in. Then he nodded at him.

Then he looked at Elder Lin and spoke, 'Elder Lin, may I have a word with Miss Lin?'

Elder Lin was silent for a while. He casually waved his hand and said, 'Forget it, Yan'er is not feeling well right now, so you can wait two days before coming over.'

When Chen Jingdao heard these words, blue tendons burst out on his forehead, 'Old Dog Lin! Don't go too far! My son's bones are not yet cold, so whoever stops me now is not getting along with me!'

Master Lin, who was about to leave, stopped in his tracks and then slowly turned around to look at Chen Jingdao with a gloomy expression.

In a cold tone, he said, 'Chen Jingdao, what did you just call me?'

Although Chen Jing Dao had been very prosperous in the Northern Province in his early years, he was still inevitably a little flustered in his heart when facing Old Master Lin.

‘Chen Jingdao, I respect you as a person in your early years. I also respect you now, and I feel sad for your son in my heart.’

Looking at the angry Chen Jingdao, Elder Lin continued with a grim expression, ‘But don’t you forget! My Yan’er is also a victim! Put away your mouth!’

Ning Kun stepped forward and hurriedly pulled Chen Jingdao back, all saying that this time Chen Jingdao had turned into a mad dog after he came back and heard the news.

Right now, this old man of the Lin family looked like this was the real mad dog!

After being pulled twice by Ning Kun, Chen Jing Dao also felt something wrong in his heart, so he hesitated for a moment before sighing, ‘Just let me see Yan’er for a moment, I just want to hear one word about who really harmed my family Mingang!’

Just as Elder Lin was about to have a good theory with Chen Jingdao, a sound of footsteps suddenly came out from the back room. It sounded very soft.

Both sides could not help but be interrupted by the sound, and then they saw Lin Yan walk out in a pajama suit, and then kneeled down in front of Chen Jingdao without saying a word.

‘Uncle, the person who saved me was Ming Gang, but unfortunately I couldn’t save him and caused him to be tortured by the thugs and then pushed down the stairs.’

When Chen Jingdao heard this, his eyes burst into tears, ‘I know you have suffered this time, but you have to tell me. Was it that rat who killed my family Minggang or not?’

Lin Yan couldn’t help but think of the few hooligans who had beaten up Jiang Hao that night, as well as Rat and the others.

So there was silence for a while. A hateful gaze surfaced in her eyes and she spoke, ‘The person who harmed Minggang’s brother was a hooligan nicknamed Rat!’

After saying these words, Lin Yan covered her face and cried out in pain.

The wound, which was already almost healed, happened to crumble open at this time, causing strands of bright red to slowly seep out of Lin Yan’s upper body pajamas.

Looking at Lin Yan’s injuries did not look like a fake. Thinking about the information that Ning Kun had found out during this period of time.

Chen Jingdao closed his eyes to stop his tears before speaking, 'Fine, fine, with your words that's enough, the rest is none of your business.'

Elder Lin took out a cigarette and slowly lit it before saying with a gloomy expression, 'You say it's none of our business? You want to find reason in this matter. Don't I have to look for reason?'

At this time, Ning Kun stepped forward appropriately, then arched his hand at Old Master Lin and said, 'I'm going to bother Old Mr. Lin today, we'll meet again later.'

After saying these words, Ning Kun then hurriedly led Chen Jingdao out.

Once they had left the Lin family's gate, they hurriedly got into the car and then headed straight to the company.

During this time, Chen Jingdao's entire body was lost in thought, as if he had suffered some huge blow.

It was normal to say that he had worked so hard overseas for the Shen family overseas. Only to have his son killed by the Shen family in the Northern Province.

And the Shen family that had killed his son was still a branch of the overseas Shen family!

Thinking of this. A touch of despair appeared in Chen Jingdao's eyes.

Ning Kun hadn't noticed the look in Chen Jingdao's eyes at this point, as he sat down behind the passenger side and took out the USB stick that Sally had handed him.

He took out the flash drive that Sally had given him after sitting on the passenger side and played it back in the car and said, 'This was taken some time before the accident. The footage was taken in a restaurant.'

Looking at the picture of the argument that erupted between Shen Qing Shu and his own son Chen Ming Gang, Chen Jingdao's hand clenched into a fist and closed his eyes.

Ning Kun reached out his hand to soothe Master Chen twice before speaking. Somewhat hesitantly, he spoke, 'I have carefully investigated, no one dares to lay a hand on the young master in the Northern Province outside of the Shen family.'

Chen Jingdao took out two pills after taking two deep breaths and swallowed them with a shiver.

Only then did he grit his teeth and spoke, 'I don't care about these things, I just ask, who did this to my son!'

Ning Kun fell silent, then shook his head slightly and spoke, 'Perhaps there was some accident in this matter, the Shen family shouldn't have laid a hand on the young master either, or perhaps it was a problem with Shen Qing Shu's men.'

Chen Jingdao snorted twice after hearing this, his mouth kept muttering Shen Qing Shu's name.

After a moment he slammed his hand on the seat and then growled angrily, 'Shen Qingshu! I want you to pay the price!'

In the lobby of the Lin family, after seeing Chen Jingdao leave, Elder Lin hurriedly went forward to help Lin Yan up.

Then he spoke in silence for a moment, 'What do you have in mind for Lin Dong?'

The reason he said this was that he hoped to resolve the resentment in Lin Yan's heart, no matter how wrong Lin Dong had done, he was, after all, Lin Yan's relative.

Lin Yan sat down on the chair and shook her head listlessly and said, 'What can be done about it, it's just like you said, he is my family after all.'

After saying this, Lin Yan snorted in her heart and silently added another sentence.

That was, no matter how she wanted to deal with it, her old grandmother would not let her have her way.

Lin Dong was always her pawn, and it was possible that she was one of the people who had encouraged Lin Dong in this matter.

When she thought that this family was no longer the warm and welcoming home that it had been, Lin Yan's heart could not help but feel a tinge of desolation.

Her family, in the true sense of the word, was not even half as good to her as others.

Lin Yan was already a little tired, and after looking at the guilty look on Old Master Lin's face, she hesitated slightly.

Lin Yan spoke, 'Grandpa, there is something I would like to discuss with you.'

Master Lin nodded after hearing this and spoke with a flat expression, 'Just say it, if I can do it, I will definitely promise you.'

After taking a deep breath, Lin Yan hesitated for a moment before looking at Elder Lin and saying in a deep voice, 'I want to rest for a while, so don't contact me by phone during this period of time.'
