

Super Rich Dad Chapter 747-748

Chapter 477 - Asking you to marry me

Just as Sally's side was plotting for Ning Kun's target person, the Xue family also sent over the invitation as promised.

Old Black held the invitation in his hand with some hesitation, and after asking Sally for advice, he received only one reply.

'He is already an adult, so he should be responsible for his own words and actions, give him the invitation, I believe he will make a wise choice.'

Hearing these words, Old Black also understood what his boss meant, so after only a slight hesitation he passed the invitation to Jiang Hao.

Looking at the date on the invitation, Jiang Hao closed his eyes and pondered quietly for a moment, and then decided to come down.

This time, he would either make it impossible for the Xue family to hold the engagement party as promised, or he would beat Shen Qing Shu until he couldn't take care of himself!

This time, we would have to do it to death anyway, so we would simply make a big fuss.

Since Shen Qingshu had to marry someone he shouldn't, don't blame him, Jiang Hao, for being ruthless!

Three days later, Jiang Hao took the invitation in his hand and changed into a slightly more formal suit and walked in with a gift in his hand.

Because there were too many people going in, the people at the door only checked if there was no invitation before stopping them, which allowed Jiang Hao to blend in.

Looking at the courtyard full of men and women with happy faces, it seemed that both the Shen family and the Xue family were very happy with the marriage.

Jiang Hao's heart was filled with mixed feelings, especially when he thought that Xue Yuning had lost her memory, would she still remember him?

Or would she blame herself for disrupting her wedding banquet?

After shaking his head, Jiang Hao put all these thoughts away and sat down at the table by the corner and waited quietly for Shen Qing Shu's arrival.

Perhaps because of the timing, Shen Qingshu arrived a little late.

As soon as he walked into the garden, many people rushed up to him, congratulating him and so on.

No matter how much trouble the Shen family had encountered before, the Shen family was still the Shen family to them after all, and this would not change in any way.

And as the sole heir of the Northern House, Shen Qingshu's status was still as noble as before.

The most important thing is that they are no fools either. With the mutual union of the Xue and Shen families, the strength of the two families will grow by leaps and bounds in the future.

The two families will grow in strength by leaps and bounds in the future, and they will be able to follow behind the two families to take advantage of them.

Although he talks a good game, he is only after profit.

Businessmen are all beasts of prey, if they have the same interests then they can cooperate for a long time, if not, then it's a matter of life and death.

To Shen Qingshu, these people were a bunch of fat sheep waiting to be slaughtered, and he did not mind scavenging them one by one if necessary.

After all, the reason why the Shen family had been able to maintain its name as the number one family in the Northern Province was not based on any good men and women, but rather on its iron-clad strength!

After a brief exchange of pleasantries, Jiang Hao saw Xue Chongli, who represented Old Master Xue, walk out, and he looked at Shen Qingshu with an unsalty face.

After a brief word he directly invited Xue Yu Ning to walk out, she was wearing a large red cheongsam that set off her figure in a charming way.

Shen Qingshu originally thought that no matter what the other party looked like, he would still marry her, as he was only doing it for the sake of the Xue family's business.

However, he did not expect Xue Yu Ning to look as good as Lin Yan, so his heart lit up with a hot fire, and he even put aside the shame of being withdrawn from the Lin family's marriage.

So what if Lin Yan had withdrawn her marriage, he could marry another illegitimate daughter whose looks were no less than Lin Yan's!

The way he thought of this, Shen Qingshu looked at Xue Yuning with even more eagerness.

Xue Chongli, who was standing at the side, also noticed it, so he coughed lightly and said, 'Old Master Xue and Old Madam are not feeling well today, so they did not come out, so I will handle everything here.'

Shen Qingshu nodded at Xue Chongli after hearing this, no matter what, the other party was the main family today after all, so Shen Qingshu was very respectful.

With a flick of his hand, a thin red envelope came through and was handed to Xue Chongli.

‘A small gift is no token of respect, here is a cheque for two hundred thousand dollars, please take good care of Butler Xue.’

While saying this, Shen Qing Shu looked at Xue Yu Ning twice, the meaning of which was naturally self-explanatory.

Xue Chongli wanted to smash the red envelope in his hand on Shen Qingshu’s face, but after a few moments of hesitation, he had no choice but to put it away.

He knew exactly what would happen if he did so, and he knew that even if he was unhappy with Shen Qingshu on such an occasion, he could only hold it in.

This is the facade of a family. No matter how dirty you are behind the scenes, you can’t dirty the facade, if you have a face, you have to have a heart, and if you can’t have a face, you have to have a heart.

This is also the reason why the Old Master and Old Lady Xue did not come out today, because the Xue family has been a very upright family for a hundred years, if others were to spread the word that they were selling girls and selling illegitimate daughters.

The Xue family’s face would be ruined, so they could only leave these matters to their butler, Xue Chongli, and did not dare to inform Xue Yu Ning’s father about the engagement party.

The guests saw Xue Yuning come out and took their seats, and Xue Chongli sighed and took Xue Yuning by the hand to sit beside Shen Qingshu.

Then he coughed lightly and said, ‘Today is the engagement ceremony between Xue Yuning and Shen Qingshu, so we are honoured to have you all as witnesses!’

Hearing these words, the crowd on the stage howled, seemingly happy to see such a situation, except for Xue Yuning who frowned, not bothering to listen to what Xue Chongli was saying.

After noticing this, Shen Qing Shu sat beside her and spoke with a light smile, ‘It’s alright, you’ll get used to it later, I’m actually quite happy with you and don’t care about the fact that you’re an illegitimate daughter.’

This matter was already a pain for Xue Yu Ning, and after this was said by Shen Qing Shu, she became even more displeased with him.

Originally, she did not want to marry him, but because of her grandfather’s arrangement, she had no choice but to agree to do so.

But she never thought that although the other party looked handsome and gentle, he would open his mouth in such a hurtful way!

Thinking of this, Xue Yu Ning could not help but whisper, 'If you dislike me, you can say so now, the ceremony is not yet complete, you still have a chance.'

As she said this, Xue Yuning also mustered up the courage to look at Shen Qing Shu, and a trace of disdain even flashed in her eyes.

Shen Qingshu choked slightly at his words, and had the intention to get angry but suddenly felt that Xue Yuning at this moment was just like Lin Yan that day.

So he hesitated for a moment before holding back, and even opened his mouth to laugh, 'I didn't expect that you didn't want to marry me either, that's okay, I just want you to marry me!'

Chapter 748

Xue Yu Ning couldn't help but clench her palms after hearing this. In fact, Shen Qing Shu was good looking and had a good family background.

Although he was a bit vulgar, he was powerful and influential in the Northern Province, and since he was young and talented, there was nothing wrong with marrying him.

But she didn't know why, but there was always a shadow in her mind, as if she was bound to marry him.

When she thought of that shadow, she unconsciously thought of the first person she saw when she woke up, Shen Yan!

His eyes were very much like that shadow, very much like him, but he didn't look like him.

When she thought of these things, Xue Yu Ning's head ached again, causing her to involuntarily draw in a breath of cold air.

Shen Qingshu, who was sitting at the side, laughed lightly, thinking that Xue Yuning was fighting with herself, and a feeling of amusement rose in his heart.

Just as Xue Chongli was holding the paperwork in his hand, he read out, 'The betrothal ceremony is complete!'

Jiang Hao, who was sitting in the corner of the stage, suddenly slammed his bowl and stood up, then walked to the front of the stage and said disdainfully, 'Who said that the ceremony was completed, none of the elders of the Xue family are here, and Miss Xue's father is not even here, how can this be done?'

Xue Chongli would have liked to see someone stirring the pot, but not a powerless doctor!

He naturally remembered Jiang Hao, but such a powerless doctor in such an occasion, it was not adding to the chaos!

Thinking that he was the benefactor who had saved Xue Yuning's life, Xue Chongli coughed lightly and said in a low voice, 'Bastard, you don't want to live anymore, what are you doing here?'

Jiang Hao heard these words and looked at Xue Chongli, slightly puzzled by the fact that he was the one who had come to make trouble, and how this old man looked like he wanted to protect himself.

But just as Jiang Hao was puzzled, Shen Qing Shu who was sitting on the stage stood up with a gloomy face.

Then he looked at Jiang Hao nonchalantly and spoke, 'What are you, and you deserve to stand here? Who let such a wild dog in here? Give him some colour and he really thinks he's something!'

Jiang Hao snorted and pulled a chair over and simply sat down in front of the stage, then looked at Shen Qingshu and said disdainfully, 'Do you think you're something again? Haven't you been beaten enough?'

After saying this, Jiang Hao poked out his body and stared closely at Shen Qingshu, a trace of murderous aura flashed in his eyes and said gloomily, 'Have you forgotten the lesson you taught your Shen family before and want to do it again?'

Chen Minggang's death the Shen family had originally been wrongly accused, and hearing Jiang Hao say these words at this moment instantly made Shen Qingshu furious!

'Could it be you brat who's up to no good? Someone, take this brat down for me!'

After saying these words, a dozen to twenty security guards poured in at the entrance and surrounded Jiang Hao in a group.

The guests who had come to the engagement party scattered in fear, then stood far away and looked at Jiang Hao, with some glee in their eyes, but also some interest.

After all, I'm afraid there's not even one person in the entire Northern Province who dares to mess with Young Master Shen's venue!

The eyes of Xue Chongli and Xue Yuning were surprisingly unanimous at the moment, both looking at Jiang Hao with worry.

After noticing the way these two people looked at him, Jiang Hao felt even happier in his heart!

It looked like Xue Yuning was not willing to marry Shen Qing Shu, since that was the case, then he would be able to make more of a scene today as he pleased!

'Hey, I say, Young Master Shen, isn't it a bit too much for you to have so many people against an unarmed doctor like me?'

After saying this, Jiang Hao picked up an apple with a face full of care, then took a fierce bite hard and looked at Shen Qing Shu with the feeling of a wolf eating meat!

‘Why don’t you come down and play a few hands with me? Teach me how to be a man!’

Seeing that Jiang Hao was still so arrogant at the end of his life, Shen Qing Shu laughed sorrowfully and then said, ‘It looks like you really have a lot of guts, I’m curious who is backing you up to do such a thing!’

As soon as the words left his mouth, Shen Qing Shu roared, ‘Take him down!’

The surrounding security guards rushed up, only to be knocked to the ground by Jiang Hao’s left punch and right kick, without his buttocks even leaving the bench.

The first five or six people who rushed up immediately lay on the ground, unable to get up, each moaning in pain, and there seemed to be the sound of bones breaking!

Jiang Hao frowned with some pity and looked at the five or six security guards lying on the ground, saying rather helplessly, ‘Alas, it’s not my fault, why are you all lying down?’

After saying this, Jiang Hao looked at Shen Qing Shu with a somewhat flirtatious smile and said, ‘I don’t know if the Shen family will pay for your medical expenses, otherwise this beating, it might be for nothing!’

When Shen Qingshu saw this scene, his face looked shocked and angry at the same time!

‘Shen Yan, how dare you! I’ll chop you up today, all of you!’

Seeing the boss so angry, some of those security guards who followed the Xue family also gritted their teeth, after all, Xue Chongli didn’t say no, and Shen Qingshu was likely to become a member of his own family.

So those security guards only hesitated for a moment before they rushed up again!

Jiang Hao saw this and was no longer polite, he got up and knocked one down with a punch, after dodging and sliding back to avoid a sneak attack.

Jiang Hao didn’t wait for the man to get up, then he stomped on him with his foot!

If Jiang Hao hadn’t wanted to make too much of a fuss, the man under his feet would have been dead by now!

A few people even took out their mobile phones and started recording the scene while Jiang Hao was not paying attention.

While Jiang Hao was making a scene at the Xue family’s engagement party, Old Black had also received the news and hurried to Sally’s office.

Then he opened his mouth and said, ‘Boss! It’s not good! This bastard Shen Yan doesn’t know what kind of medicine he’s taken, he’s gone to the Xue family engagement party to make a scene!’

Sally was already worried about Ning Kun's mission, and at this moment, after hearing Old Black's words, she even had a bit of a headache and said, 'What's wrong with that guy, why does he have to live with the Shen family!'

At this point, Sally couldn't help but pause, and then somewhat unexpectedly and sensitively noticed a problem!

What reason did Jiang Hao have to cross the Shen family, he was a small doctor who was not even qualified to enter the Shen family's gate, why did he dare to cross the Shen family?

Thinking about what Ning Kun had told himself earlier, after pinpointing the time, Sally's eyes grew wide and her mouth couldn't help but mutter, 'No, it can't be.'

Old Black thought Sally didn't believe it, so he simply handed the phone to Sally and said anxiously, 'Look, Old Master, I can't believe I didn't see that this bastard is not bad, he seems to have practiced!'

Sally watched the movements of Jiang Hao in the video between his prancing and moving, a complex look flashed in her eyes from time to time!
