

# Super Rich Dad Chapter 751-753

## Chapter 751

Ning Kun spoke with some confusion after a period of silence, 'Why would he possess the power of a third level when he's just a doctor?'

Sally frowned as she held the phone and watched Jiang Hao's every move on the computer screen, 'So that's one of the things I suspect, he could very well be the target you're looking for.'

After saying this, Sally picked up the data she had Old Black investigate, 'I've asked Old Black on my side to check Shen Yan's entry and exit records in the Northern Province for me, I'll show them to you later.'

Ning Kun closed his eyes and pondered, Sally was a lot like her grandfather, not just in her style of doing things.

She would never do something like a target without a target, and since that was the case, Ning Kun had reason to believe that Jiang Hao was his target!

After thinking about this Ning Kun was silent for a while and then suddenly said with some alarm: 'Oh no! That kid has eaten his heart out today, running off to make a scene at the engagement party between the Shen and Xue families!'

Sally was also surprised at his words, before she hurriedly spoke up, 'What should we do then, did you keep an eye on what's going on back there?'

'Now the people have been taken away by the Shen family, while the Xue family engagement party has been stopped, what should we do?'

Speaking of this, Ning Kun couldn't help but feel a little nervous too!

If Jiang Hao was really his target, thinking that his mission this time was to protect each other properly, if he fell into the hands of the Shen family and was found out his true identity.

He would be lucky to see Jiang Hao's body intact, not to mention protecting him!

At this moment, in the lobby of the Shen family, Jiang Hao was firmly confined by four chains, and Shen Qing Shu was sitting in front of him with a gloomy expression.

'You've got some nerve, spoiling my good deeds over and over again!'

With these words, Shen Qing Shu gave a slight wink, and the man standing beside Jiang Hao picked up the whip and whipped him fiercely!

Jiang Hao didn't say a word as he ate the whip, his head lowered and he couldn't see the expression on his face.

Seeing this, Shen Qing Shu laughed coldly before standing up and walking over to Jiang Hao, then said in a deep voice: 'The gate of my Shen family has always been good for entry and good for exit, this is just an appetizer.'

As he said this, Shen Qing Shu looked at Jiang Hao with some disdain, 'Let me ask you, how much did you really know about that incident with Chen Minggang back then?'

At the banquet Jiang Hao had been forced to speak Chen Minggang's name in order to draw Shen Qingshu's attention to himself.

This was also secretly noted by Shen Qingshu, and the Shen family would never eat this loss and not want to return it!

Jiang Hao only smiled coldly in the face of Shen Qingshu's questioning and said, 'Do you want to know? Beg me, if you beg me, I might tell you!'

Hearing these words, Shen Qing Shu slapped Jiang Hao's face with his backhand!

'What do you think you brat is, daring to talk to me like that?'

With those words, Shen Qing Shu grabbed his own man's whip with one hand, then hit Jiang Hao hard!

'I'd like to see just how hard the bones in your body are, and whether you can withstand my whip!'

After saying that Shen Qing Shu's whip hit Jiang Hao's body fiercely, while Jiang Hao closed his eyes and gritted his teeth using the true qi in his body to continuously protect his internal organs.

Jiang Hao didn't care about the flesh wounds, but if Shen Qingshu hurt his internal organs with the whip, he would be in trouble!

Just as Shen Qingshu was venting his anger, a man suddenly ran in outside the door and hurriedly leaned in to whisper in Shen Qingshu's ear, 'Young master, a big old black man came outside and said he was from Tianzhu Villa.'

Shen Qing Shu looked and sneered twice before turning a deaf ear to the words, still whipping Jiang Hao.

Only after another dozen lashes did he stop with a slight gasp, then looked at his men and spoke, 'A big old black man? What does the other side mean?'

The man shook his head slightly before standing respectfully beside Shen Qingshu, who, after a moment's contemplation, turned his head and gave Jiang Hao a grim glance before leaving on his own.

Jiang Hao looked at Shen Qingshu's back and a glint of hatred flashed across his eyes!

One day, he would let this Shen Qingshu have a good taste of being flogged!

When he walked out of the lobby, Shen Qingshu looked at Old Black sitting quietly on a chair drinking tea, so he smiled and then walked up and said, 'Yo, isn't this Master Black, why are you interested in coming to our place?'

Old Black got up and gave a fist bump to Shen Qing Shu, then took off his sunglasses and smiled, 'That's very polite, you can't be a master.'

After saying this, Old Black sat down and looked at Shen Qing Shu and said, 'I heard that Young Master Shen seems to have arrested someone, right?'

Shen frowned and thought of the person in his own backyard whom his own men happened to be good at entertaining.

So he smiled and nodded, 'Master Black is really quite well informed, not bad, this kid messed up my wedding banquet, so I arrested him to see the world properly.'

'In that case, that man reckons Dao should have seen a lot of the world by now, right?'

Old Black broke into a profound look at Shen Qing Shu and continued, 'To be honest, that person has some connections with our family's old boss, so I was entrusted to come over and ask about the situation.'

Hearing these words, Shen Qing Shu could not help but close his eyes and ponder awkwardly.

That time when his own Shen family was targeted, what exactly was the work of the person who did it.

There would not be too many people who knew about his plan, and if he could produce the video that day, it proved that Chen Minggang must have been behind that incident.

If he could get the other party to hand over the waiter who served him the last time, he might be able to find out some useful information!

Thinking of this, Shen Qing Shu coughed lightly, then looked at Old Black and said, 'It's no problem to ask for the person, but this guy is not just insulting me.'

'Then what should we do with this person if we follow what Young Master Shen wants?'

'Very simple, how about we exchange one for one?'

Shen Qing Shu smiled wickedly and looked at Old Black, 'You hand over the manager of the restaurant where Chen Ming and I just had dinner last time, and I will give you this person, what do you think?'

Old Black sneered in his heart at this, if he really did this, I'm afraid Shen Qing Shu would find a way to make a bit of a fuss and hold it over their heads.

Thinking of this Old Black pondered for a while and shook his head, 'We don't have anyone on hand, and we don't know where you and Chen Shao had dinner last time, where am I going to find the person who gave you that?'

Speaking here, Old Black gave a bitter smile at Shen Qing Shu, 'If Young Master Shen is sincere, I will try my best to do this matter, if not, there is nothing I can do.'

After nodding in silence Shen Qing Shu looked at Old Black and sneered, 'You're very good, everything is guarded to death, it looks like you plan to not reveal any information at all right?'

At Shen Qingshu's words, Old Black simply ignored them, he knew what kind of people were under Shen Qingshu's command.

If he was targeted by them, he was afraid that it would probably bring some trouble to Sally.

Chapter 752

Both sides looked at each other and could not help but fall into silence, as if the conflict would be widened if one of the two sides did not back down.

At this moment, Shen Qing Shu looked at Old Black and spoke, 'If you think you can't do this yourself, you can also ask Miss Sally to come and talk to me in person.'

Old Black looked deeply at Shen Qingshu. After taking a deep breath, he got up and nodded before turning around and leaving.

Since the negotiations were at an impasse, it was the best option to leave first to find a breakthrough, there was no need to continue wasting time here.

And looking at Old Black's back, Shen Qing Shu laughed grimly twice before getting up and returning to the backyard.

Jiang Hao's eyes were closed at this moment. His body was covered with blood marks from the whip, and there were still stars of blood dripping from the ground.

Shen Qing Shu sneered twice before walking up to Jiang Hao. With contempt in his eyes, he looked at Jiang Hao and said, 'Guess who came to fetch you just now, it was really surprising.'

Jiang Hao snorted, his brow couldn't help but drip a few cold sweats, although it was a flesh wound it didn't mean it didn't hurt!

And Shen Qing Shu saw that he didn't say anything and shrugged his shoulders and didn't think anything of it, but signaled for his subordinate to pull over a chair, then sat on it and looked at him quietly.

'It's alright, I have plenty of time, I've suddenly become laid back since what happened to Chen Minggang.'

Saying this, he looked bashful as he took the whip from his subordinate, then lashed it violently at Jiang Hao's body.

'You can rest assured. I have plenty of time to spend slowly with you.'

After Jiang Hao had received the whip, a hint of anger had flared up in his eyes as he looked at Shen Qing Shu!

'Believe me, if you don't get me killed today, you'll definitely regret what happened today later!'

Shen Qing Shu looked at Jiang Hao disdainfully and shook his head, 'You know, what I resent most is people like you, who are obviously nothing but so self-righteous!'

With these words, he lashed out with another whip, bringing down a trail of blood onto the ground.

Old Black, who had left the lobby of Shen's house, took out his mobile phone and called Sally, briefly reporting on Shen Qing Shu's conditions before falling silent.

Sally could not help but fall into silence too, knowing that if the matter of framing the Shen family was disclosed.

She was not the only one who would be unlucky. It was likely that Ning Kun, who had easily risen to the top, would also be involved in this matter.

After taking a deep breath Sally closed her eyes and pondered for a moment, then spoke into the phone, 'You go and get ready right now, I want to meet this Shen family personally.'

Old Black nodded before hanging up the phone and then started to gather his men to keep an eye on some of the Shen family's properties.

Although the Shen family had a lot of white connections in the Northern Province, what Sally held in her hands was the most powerful force.

This she has never shown, because no matter where the Northern House is or where they are, what they need is absolute stability!

But at the moment, in order to protect Jiang Hao. Sally couldn't care less at the moment!

Sitting in her office, Sally pondered for a while before picking up her mobile phone and calling Lin Yan.

Just after she got through, she said, 'Lin Yan. Shen Yan has been taken away by Shen Qing Shu, do you know about this?'

Lin Yan, who had already taken over the family business, was still unclear about what had happened at the moment, as she had been too busy to turn around during this period of time and had no time to see some of the happenings in the northern capital.

At this moment after hearing Sally's words she said back in astonishment, 'Why is that. How could Shen Qing Shu have arrested Jiang Hao?'

Sally let out a somewhat helpless sigh, 'I'm not really sure, I just know that Shen Yan, the bastard, took some wrong medicine and ran off to make a scene at Shen Qingshu's engagement banquet.'

Lin Yan slapped her forehead helplessly, shook her head and said, 'So what now. Shen Qingshu won't do anything to him, will he?'

Sally let out a bitter laugh, and a trace of mockery could not help but float faintly in her heart.

It seemed that Lin Yan was still a bit too naive, really thinking that Shen Qingshu was something good.

It was only strange if she wouldn't do anything, after all, that Shen Qingshu person was not a guy with a big heart.

After shaking her head somewhat mockingly, Sally said in a deep voice, 'Don't publicize this matter for the time being, I want to join you in pressuring the Shen family to save Shen Yan, what do you think?'

Lin Yan was silent for a while before nodding her head and agreeing to this matter. With that, she hung up the phone and fell into deep thought.

With such a big matter happening in the Northern House, his own grandfather must know about it. Why would he not tell himself?

Thinking of this, Sally immediately got up and returned home. She looked at Master Lin who was sitting in the backyard fishing in the fish pond and was silent.

Master Lin, who was fishing, heard footsteps behind him and knew that it was Lin Yan who had returned. After seeing that she did not say anything, she smiled and took the initiative to say, 'What's wrong. You're back so early today?'

'Why didn't you tell me when such a big thing happened in the North Mansion, do you know what happened to Shen Yan?'

At this time, Lin Yan was already a little tired of the deceitfulness with her own family, she had said something to her old grandmother before.

If she had to be careful of her own family in her own home, what was the point of staying in this home.

Considering some of the things that Lin Dong's father and son had done, the old grandmother was too ashamed to reply and had to leave in silence and embarrassment.

At the moment, Master Lin was facing the same dilemma, knowing full well that his granddaughter was standing behind him, but he was a little afraid to turn around.

What Jiang Hao had done for them was naturally clear to Elder Lin.

He had helped him avoid the revenge of that old mad dog of Chen Jingdao's, helped him save Lin Yan, and by the way, helped him strike a blow at the Shen family.

Thinking of this, Elder Lin put down the fishing rod in his hand, then turned his head to look at Lin Yan and sighed, 'There are some things we should try not to interfere in if we can, do you understand?'

Lin Yan's originally somewhat indignant expression could not help but turn to a hint of consternation after hearing these words, and looked blankly at her grandfather, a touch of strangeness appearing in her eyes.

'Did you just say that this matter, we shouldn't interfere?'

Elder Lin was silent for a while before sighing, 'What do you know, right now our Lin family was originally standing on the edge of a cliff, if the Shen family moved their fingers a little we could have been doomed!'

After saying this, Elder Lin was also a bit helpless with anger and continued, 'If not for this, do you think I would have let it go?'

Lin Yan looked at him blankly as if she knew her grandfather for the first time, 'You know that he was the one who saved me, you know how much danger he risked when he saved me, but did he back out?'

With that said, Lin Yan slammed the bag in her hand down fiercely in front of Elder Lin!

'Knowing kindness and returning the favour, that's what you taught me, have you forgotten?'

Elder Lin lowered his head and looked at his feet, not knowing when the first snow of winter had suddenly arrived in the Northern Province.

Chapter 753

Just as the two were lulled into silence, an unexpected visitor suddenly arrived at the front door.

Sally was dressed in a leather jacket and had boots under her feet.

Her already slim and slender figure looked even more striking against the boots. There was something of the taste of an earthly exile.

'Old Mr. Lin, your choice this time is a slight disappointment to me, a junior.'

Lin Yan smiled and fiercely turned to look at Sally who was walking with Old Black, a hint of surprise flashed in her eyes as she hurriedly rushed up and spoke, 'Sally. You're here!'

Sally looked at Lin Yan and nodded with a smile, before turning to look at Old Master Lin who raised his head and continued, 'I'm afraid there's something you don't know yet.'

Elder Lin frowned. Looking at Sally, he faintly dropped a sentence, 'Listen with respect.'

'If Shen Yan hadn't taken out a medicine prescription from me in exchange for three billion, and then slowly transferred it to your Lin Group, do you think you would have been able to survive the last incident at the Western Spring Residence?'

After saying this, Sally smiled faintly, then walked to the side of Elder Lin and looked at the fish pond in silence.

And Lin Yan looked at Sally with a surprised expression when she heard this, for a moment she didn't even know what to say!

Shen Yan had put together three billion for the Lin family? How is it possible? He is just a doctor, where did he get so much money?

How could such a thing happen when a medicine prescription was sold for three billion. Was Sally a fool?

Thinking of this, Lin Yan spoke up somewhat incredulously, 'Sha, Sally, you are joking right, how is it possible for him.'

Sally didn't open her mouth to answer, but laughed and then remained looking at the lake as if she hadn't heard anything.

She even reached out and picked up Master Lin's fishing rod, then put it away and looked at it for a moment and laughed, 'How can you fish when the bait is all eaten up.'

Lin Yan looked at Sally's deaf ears and fell into a state of confusion for a moment. Could this thing be true?

And Elder Lin was also filled with doubts, how could a mere doctor be able to get three billion to help himself?

He didn't believe that a prescription could be worth three billion dollars!

Thinking of this, Elder Lin said in a deep voice without even looking at Sally, 'What do you mean by this, are you trying to accuse me of not knowing how to repay you for your kindness?'

Sally laughed lightly and shook her head, it was out of respect for Elder Lin that she had come to visit, and also because of Jiang Hao's face, after all, Lin Yan was his friend.

She didn't think about what kind of relationship Lin Yan had with Jiang Hao, she just assumed they were just ordinary friends.

Moreover, the matter of rescuing Jiang Hao was not something that she alone could completely pull off. Even though she was more powerful than the Shen family, there were some things that couldn't be put out in the open.

That's why they needed the Lin family's assistance on the side. It might even be necessary to find a way to get Ning Kun to stand up and say something for Jiang Hao.

The old black man standing at the side took a look at the unbelievable look on Lin Yan's face.

The company's main business is to provide a wide range of products and services to the market. He was the one who used a prescription to exchange funds from our old boss.'

Lin Yan looked at Old Black quietly, her eyes suddenly flushed a little for some reason: 'Is he stupid, three billion, that's three billion. He didn't ask for a single penny?'

Just after she said that, she suddenly thought of a project that her family had worked on with the New City Group, and it was Jiang Hao who helped her find the money for the shortage of more than 50 million!

‘Is this Shen Yan stupid? Why would he do that? Is he an idiot!’

Lin Yan didn’t know why she was so angry, or even pissed off, and she didn’t know why she wanted to scold Jiang Hao so much at the moment!

If he was in front of her, she might even have pounced on him and hit him!

Sally sensed Lin Yan’s sobbing and shook her head, saying in a deep voice, ‘Lin Yan. Take your emotions away and calm down.’

Then with a calm look, she baited the fish hook. Throw it into the fish pond quietly take the fishing rod and sit down.

Old Black was also standing behind Sally with a calm expression, as if this had become a habit for him.

The first snowfall before the New Year came a little late. The four of them stood by the fish pond in the backyard in silence.

Time passed slowly, and Master Lin was having a fierce internal battle at the moment!

On the one hand, it was for the safety of the family. On the one hand, he was trying not to interfere if he could, and to leave it all to Sally.

On the other hand, it was his own conscience, he could not accept this, after all, Jiang Hao had put up a whole three billion dollars!

After closing his eyes slightly, Master Lin hid the struggle in his eyes, and the atmosphere around him seemed to freeze.

Sally, on the other hand, still looked calm, and just after a while of silence, she looked at the fish drifting up and down and smiled and whispered, ‘It’s hooked.’

Then with a violent pull, a big fish was caught by Sally!

Lin Yan watched Sally fishing with a happy expression, while her grandfather closed his eyes, as if he was in a deep sleep.

She then gritted her teeth and said angrily, ‘I am in charge of the Lin Clan now, grandpa, since you won’t say anything, let me make my own choice this time!’

After saying these words, Lin Yan walked straight out of the Lin family and then headed straight to the company.

Elder Lin opened his eyes and looked at Lin Yan’s back as if he wanted to say something, but in the end, he fell silent.

Sally, who had her back to Elder Lin, shook her head before whispering, 'Elder Lin, you've changed, you're no longer as sharp as you were back then.'

Hearing Sally's words, Old Master Lin smiled quite a bit to himself before tightening the thick cloak he was wearing.

'I am no longer as young as I was back then either, so it seems that in the future, this Northern Mansion is really not a place for us old things to talk.'

Sally sniffed and put down the fishing rod in her hand, extending her finger towards Old Black.

After a moment's hesitation, Old Black took out a cigar wrapped in a glass tube and tinfoil from his pocket and handed it to Sally.

Sally gave Old Black a blank look and opened the packet, then lit it for herself and took a light puff, seemingly unaccustomed to the taste and coughing twice as she choked.

'What is it, why is it so choking.'

The Lin family has you in charge, so it won't be a problem to prosper for another thirty years.'

The words just fall Sally will get up and take the old black to leave, when leaving, that just lit and smoked two mouthfuls of Xue Jia, was placed in a regular manner beside the old man Lin.
