

# Chapter 755

I'm not dead now.

So, you said, this good fortune, is it my turn again? "

Suzi sneered: "What do you want to express?"

"What I want to say is, maybe your husband will be my husband in the future."

"Well, I probably know where you are." Suzi said.

"Huh? Your husband told you where I was?" Lanita asked.

"No." Suzi's tone became more and more stable: "My husband has been too busy these two days. He probably hasn't had time to tell me, but I already know where you are. You are on Gasing Island, right? You fled to Gasing Island with your parents."

Lanita: "Little b!tch! You are as smart as ever! You guessed it!"

"Thanks for the compliment!"

Lanita: "..."

"It's not too late for a gentleman to take revenge for ten years! I think it's easy for you to escape from here to Gasing Island. If you escape from Gasing Island, I'm afraid it will be difficult? Then I will be easy. One day, I just go straight to catch turtles in the urn on Gasing Island." Suzi teased relaxedly.

"Huh! It depends on whether you have this capability!"

"I don't have one, my husband has one!" Suzi's tone became more and more relaxed.

Although she hated that Lanita's family had escaped silently, Suzi also knew the importance of calmness.

She said to the receiver in a contemptuous and light tone: "Lanita, I admit that thirty years in Hedong and thirty years in Hexi, but have you ever thought that you could see Arron all the time during the six years when I fled. But it took you six years, and you still have such a powerful grandpa, and you have not been able to marry Arron.

Do you think Arron will marry you even if you defeat me? Step back ten thousand steps and say, even if my man marries you, he will definitely not touch you all his life. If that's the case, if you stay alive and widowed for a lifetime, don't you want to die? "

"You...you! What! Oh! No! Go! Die!" Lanita was completely angered.

"Haha!" Suzi smiled very moistly: "My husband treats me well at night, my life is so moist, why should I die? Bye!"

Speaking of words, Suzi immediately hung up the phone.

In fact, her mood is not good at all.

She wants revenge!

She must catch Jarod and ask him personally, how could he be so vicious? Where is her mother!

But now, Jarod's family of three has escaped.

Escaped!

Suzi walked out of Arron's room with tears on his face, just in time for a collision with Arron.

"What's the matter?" The man's voice was very masculine with the low-alcohol hoarse characteristic of early morning.

Suzi looked at her husband with teary eyes.

"Have a nightmare?" the man asked.

Suzi shook his head.

"Think of your mother again?" the man asked again.

Suzi shook her head again. She didn't know how to tell Arron, but Arron took her into her arms and said to her gently, "I have a surprise for you, do you want to know what surprises?"

## Chapter 756

Suzi smiled slightly and looked up at Arron: "You must have a reason, right?"

Arron was startled.

He knew she was smart, and everything was just a click away.

"Huh?" He still looked at her puzzled.

"Lanita's family... escaped, and escaped to Jiaying Island?" Suzi said.

Arron nodded: "Yes."

Suzi: "The day before yesterday, you originally wanted to fly to my hometown with me, but when you arrived at the airport, you changed your mind temporarily, just to deal with the Lin family's escape?"

"Yes."

"It was Elder Shu who helped them escape, right?" Suzi knew that if it weren't for Elder Shu to help the Lin family, it would be impossible for the Lin family to escape to Gasing Island.

Arron was pleased with his wife's cleverness: "You guessed it..."

Suzi's tears flowed more fiercely, and she threw her head like Arron's arms.

The hurt of that family relationship is very deep.

Arron held her face and asked, "Have you ever thought about the relationship between Mr. Shu and you?"

Suzi's reaction was very cold and hard: "I and him! There is nothing to do! There will never be anything to do!"

Arron: "..."

Suzi suddenly wiped a tear, and squeezed a smile to look at Arron: "You just told me that you had a surprise for me? What kind of surprise was it?"

Man: "Christopher started to choose a cemetery for your father yesterday afternoon. Now he has selected a cemetery in the park. The environment is very good and quiet. He just called, you go and see?" Suzi Nodded: "Well, thank you husband."

She now yells her husband very naturally.

After breakfast, Arron went to the company to handle affairs. He had not returned to the company for two days, so he had to go to the company first.

Suzi drove to the kindergarten by himself and sent Lilly to the kindergarten. She came back again and wore a black windbreaker. After wearing sunglasses, she took her father's urn and went to the one that Christopher said. Cemetery.

The cemetery is in the north of the city, it is definitely surrounded by mountains and rivers, and the scenery is quiet.

When she came to the entrance of the cemetery, someone received her: "Miss Shen, come with me."

The staff led Suzi to a vacant place where the tombstone had already been erected. Suzi looked at his father's name, and looked at his daughter: Suzi, engraved in a few months and a few days.

Suzi burst into tears suddenly.

She knelt on the ground normal: "Dad..."

Childhood life is gray.

However, her father loved her very much.

But the father who loved her so much did not grow up with her.

In order to be able to take in her and her mother, no one knows how much verbal abuse and pressure the father has suffered in that village.

"Dad, the environment here is quiet and there is no dispute. Me and the only man who still has me, we will visit you regularly. Dad, I will definitely find my mother. If she is alive, I will find her person. If my mother is no longer alive, I also want to bring my mother's ashes and bury them with you. Dad, I will not leave you alone." Suzi knelt in front of his father's tomb, crying silently.

After a long time, a pair of rich hands supported Suzi's shoulders.

Suzi turned around and saw Arron wearing black clothes and black sunglasses.

What a noble man, what an invincible man, at this moment, he knelt side by side with Suzi in front of the tombstone without hesitation.
