

Chapter 756

The young master didn't find his grandmother, so Zhang's mother was worried. "The young master came back today to give you a surprise, but he didn't find you at home, so he went to your company to find you. Didn't you see him?"

No. Please search (web) on Baidu. Yin Luo was also a little anxious, and nothing really happened. "Mama Zhang, do you know the phone number of Assistant Yi Yan? Ask him maybe."

Yeah. Mom Zhang called Xiaotian, and then asked, "Xiaotian, do you know where the young master is now?"

I don't know. Xiaotian replied, "I didn't follow the young master on this business trip. Shouldn't the young master come back two days later? Or I will call Mr. Gu to ask?"

Zhang's mother was about to agree, and Yin Luo told Zhang's mother that she didn't need it, so Zhang's mother hung up the phone.

Because Yin Luo received a text message in his cell phone saying that Yi Yan was drunk in Diyi KTV and asked her to go there.

Yin Luo comforted Zhang Ma and asked her to wait in Yinyuan, and she would take Yi Yan back.

When I drove to Pinyin Court, I found the room that Yi Yan had brought her to before, and opened the door, but inside, Yi Yan and Gu Xiaoer were hugging each other ambiguously.

Her heart stabbed suddenly, more painful than seeing Lu Shuchen and Yun Xiaoyin together before. Why? Is it that men are all in their midst, without a good thing?

However, she clearly felt that Yi Yan was not such a person. She forcibly resisted the tears in her eyes and called his name "Yi Yan" in a hoarse voice.

Yi Yan was drunk and drunk, but when he heard Yin Luo's voice, he was sober the moment he saw her. Gu Xiaoer is not Yin Luo, Yin Luo is there. So habitually, Yi Yan walked crookedly to Yin Luo and hugged her.

She is like a poppy, once infected, it is difficult to quit. Now he feels fulfilled and more at ease when he holds her.

Let go of me. Yin Luoben wanted to ask for the reason, but in the end she persuaded that she was afraid that what she asked was not the answer she wanted. Moreover, she didn't want him to see her crying, or let him know that she still cared about him.

Yin Luo pushed Yi Yan away and ran outside the door. At this time, Yi Yan was a little drunk again, and fell to the ground after being pushed by her.

Gu Xiaoer saw it, and immediately went to help Yi Yan, but Yi Yan left her mercilessly. He stood up by himself with a serious expression. Gu Xiaoer had never seen Yi Yan like this before, and was a little scared for a while.

Although he didn't express his anger too much, just at this moment the surrounding air became gloomy and cold, and he could know his mood.

Gu Xiao'er, you should be clear about your identity. I used to look at your brother's face, so I didn't care about it with you. But if Luoluo hurt a point today, I will definitely not be able to spare you.

After warning Gu Xiaoer, Yi Yan walked out of KTV and called a taxi, not knowing where to go.

Should he go to Yin Luo? Doesn't she still care about Lu Shuchen? Why was she still sad when she saw him and Gu Xiaoer together?

Or is she pretending? Or she wants to step on two boats.

He returned to Pin Yin Yuan distraught and found that Yin Luo was not there. It was also normal. If she didn't want him to find her, she would naturally not hire Yinyuan again.

She is a girl, now it's getting late again...

After dialing the assistant's phone, Yi Yan said, "Send someone to find Yin Luo. If you find it, don't let her detect it. Tell me first."

Yes. Xiaotian replied, and then sent people to various streets, neighborhoods, and hotels to look for.

After all, I couldn't worry about her. Yi Yan went to the bathroom to wash his face and asked the driver to drive him around to find him. He obviously drank a lot of alcohol, but he was sober now.

After Yin Luo ran out of KTV, he found that Yi Yan hadn't caught up with her, and he was suddenly very disappointed.

So he walked alone on the sidewalk, and the dim light on the road hit the bicycle parked on the side of the road, dim and somewhat desolate. There will be one or two stray dogs on the side of the road.

Occasionally, there are one or two pairs of old grandma and grandpa walking along the roadside. Their teeth are almost broken, their hair is white, and their faces are covered with wrinkles, but they are still smiling happily. The grandma looked at the grandpa like a hero, thinking that he was the most handsome person in the world. The grandfather looked at the grandma tenderly like a little princess, thinking that she was the best person in the world.

The years are quiet, the feelings are intact, until the old, this may be the love that Yin Luo admires most.

I walked straight forward and I arrived at a park. In the past, Yin Luo was always busy at work. He has never been able to enjoy the scenery of the city, but he doesn't seem to be in any mood today.

I had to sit quietly on a bench in the park, watching the children playing in the park, watching the older people dance the square dance, watching the vendors selling some gadgets.

Passing by a young couple on the way, the girl looked very angry, but the boy didn't know what he had said to the girl, and the two hugged each other. Yin Luo smiled. It is good for young people to fall in love. Everything is just impulsive, and it will be all right later. And she married him directly.

Just thinking about it, Xiaotian, Yi Yan's assistant, came to him. She and Xiaotian had met a few times, so they knew him.

My grandma, I found you. Xiaotian said, looking tired.

Why are you... looking for me? Yin Luo asked.

She looked at Xiaotian expectantly, Xiaotian came, then Yi Yan should have come to look for him, he finally had a bit of conscience.

Mother Zhang saw that you didn't go back, so she was a little anxious, so let me come to you, and my grandma will go back with me. Xiaotian said.

Mother Zhang. Although Yin Luo was a little lost, there was finally another person in the world who cared about her, "Alright, then I will go back by myself, and I won't disturb you, thank you."

Okay, no thanks, this is my duty. Xiaotian replied.

After Yin Luo left, Yi Yan walked out from behind and looked at her leaving back.

President, why are you so troublesome? Xiaotian sighed. The emperor, the president, is not in a hurry. He, the eunuch, is in a hurry.

I don't want the salary anymore. Yi Yan said coldly, and then quietly followed Yin Luo back to the Yin Yinyuan.

Xiaotian looked at the direction of their president's departure and shook his head. Since their president had a young grandmother, he has become more humane, at least sometimes happy and sometimes angry. No matter what the mood is like before, the face will be cold and daunting.

I hope that the president and his wife can reconcile as soon as possible.

Yi Yan followed Yin Luo back to Pin Yin Yuan. After Yin Luo entered, Yi Yan went in a while later. Hearing movement at the door, Zhang Ma came to the hall to take a look. Seeing that it was Young Master, Zhang Ma said worriedly, "Master, Young Grandma has just returned, you and Young Grandma..."

Well, I see. There is nothing wrong with Luoluo and I. It's getting late, you can go to bed quickly. Yi Yan said.

Although she felt that there was something between the young master and the young grandma, since the young master had said so, she couldn't ask any more, locked the door, and went back to the room to sleep.

Yi Yan walked upstairs, pushed open the door, and found that Yin Luo was already asleep in the bed.

After taking a shower, he lay down next to Yin Luo, helped her cover her quilt, and kept staring at her. Only at this time, she was so quiet, so behaved, so she wouldn't piss him off.

If someone betrayed him before, he would kick that person away without hesitation. But now, knowing that she might have something with Lu Shuchen, still reluctant to let go, how could he become like this?

Hugging her gently, and then she fell asleep safely.

When Yi Yan woke up the next morning, Yin Luo was no longer there. He went downstairs after washing up.

I thought Yin Luo would still get up early to cook for him as before, but after going into the kitchen to look at it, Zhang Ma was the only one.

Mother Zhang, where's the young lady? Yi Yan asked.

Madam Zhang replied, "Young lady, she has already eaten and went to work."

Zhang Ma brought breakfast, after Yi Yan took a bite of the fried egg, she frowned suddenly, "Mother Zhang, this egg..."

Madam Zhang tells the truth, "This egg was actually fried before my grandmother left. She wouldn't let me tell you. Actually, she still cares about you. Otherwise, why would I have fried eggs for you?"

No wonder, the eggs he eats are a little salty, and the eggs she makes are always salty. Just, does she still care about him?

After breakfast, Yi Yan went to work alone. Xiaotian sighed that Mr. Yi was finally not late, but Mr. Yi had always kept a straight face, as if someone owed him tens of thousands of dollars. The most important thing is that he must promptly inform the staff that today's work must be done well, or else it will be a bear.

Yin Luo was looking at the files in the office, and assistant Lin Lin came in and said that Gu Yan wanted to see her.

Yin Luo and Gu Yan didn't have any business dealings. They must come this time for personal matters.

So Yin Luo refused Gu Yan without hesitation.

Gu Yan was furious after receiving the message that Yin Luo refused to see her. He is the president of the Gu family. He just talked about a big deal of billions. This stupid woman didn't even see him. He didn't come this time for Yi Yan. With her.

He was not allowed to go in, and he had no choice but to rush, and no one dared to stop him, so he went all the way to the president's office.

Lin Lin also followed in and explained, "President, Mr. Gu insists on breaking through, we can't stop it."

Go out. Yin Luo ordered.

Lin Lin closed the door and went out.

Ms. Gu is here to discuss business with me, right? Yin Luo said.

Gu Yan said solemnly, "I came here to explain one thing clearly to you, and it is also my fault."

Hey, it's really rare for President Gu to admit his mistake one day, so let's talk about it. Yin Luo sat on the office chair, already guessing that this matter was related to Yi Yan.

In KTV that day, Yi Yan was in a bad mood and called me to drink. I asked him why, but he didn't tell me. He only drank alcohol alone. Then I saw that he was in a bad mood and accompany him to drink. But later, there was one. The waiter told me that someone was looking for me outside, and there was no one after I went. Then I saw my sister in KTV alone.
