

Super Rich Dad Chapter 759-760

Chapter 759

After a moment of silence, Sally took out her mobile phone and called Ning Kun and said in a deep voice, 'I have rescued the person you want, and the other party is confirmed to be someone named Jiang Hao from Chu Jiang.'

Ning Kun, who was sitting in his office watching the news, heard this and spoke in surprise, 'So soon? The Shen family is quite good at talking this time,'

Sally laughed lightly and said that Jiang Hao was the one she got back in exchange for the evidence of the Shen family's tax evasion. If it wasn't for that the Shen family would be so easy to relent.

But after laughing at this, Sally coughed lightly and said, 'I've already rescued the man, but he's also my friend now, is it convenient to ask you what the section is going to do with him?'

When Ning Kun heard Sally say that Jiang Hao was her friend, a hint of discomfort rose in his heart. At this moment, he couldn't help but smile bitterly when he heard this.

How could he know what was going on inside the section, a man on the outside, but if he was going by his usual style. Jiang Hao should be used to do something they are not convenient to come out.

The most important thing at the moment was about the Shen family, because since the Shen clan was gone, the remaining side branches had scraped the benefits left by the clan.

They have become one of the most powerful families in the region, and this shows how powerful the Shen family was back then.

Thinking of this Ning Kun sighed and spoke, 'Listen to my advice, it's best not to have too much contact with this person, you wouldn't be unaware of how many people the section has used over the years, would you?'

Sally listened and fell silent, this answer was expected, but she still wouldn't have died if she hadn't heard it for herself.

Seeing the silence on the other end of the phone, Ning Kun couldn't help but sigh, 'Some people are better off not getting too close. Otherwise you yourself know the consequences.'

As soon as the words left her mouth, Sally hung up the phone straight away, she didn't want to think about those things right now.

And at this moment, the entire North Mansion couldn't help but be immersed in one piece of news!

That was that the young man who had made a scene at Shen Qingshu's engagement party had been rescued by the one from Tianzhu Villa, and the news soon spread to all the big and small places in the North Mansion.

From then on, they all knew that perhaps soon, a dark horse no less than Ning Kun would rise in the North Mansion.

What concerns people most is that this dark horse seems to have some trouble with the Shen family, and has repeatedly sought trouble with the Shen family.

Shen Qingshu had locked himself in his room during this period of time, and he had regretted it ever since he heard the news from outside.

If it wasn't for that time when he was really scared of Sally's strength. Shen Qingshu would never have let Jiang Hao out!

Now not only were the people of the Northern House laughing at them, but I'm afraid Jiang Hao was laughing at them as well, and the Shen family was just that much closer to being a laughing stock.

Thinking of this, Shen Qingshu's heart was filled with anger, thinking that he was a newcomer to the Northern House, but he had been unlucky to have a mud-legged boy again and again!

After closing his eyes slightly to rest, Shen Qingshu took out his mobile phone and hesitated whether to call the Xue family to ask for information.

No matter what, the marriage with the Xue family was his current strategy, and if he gave up on it, the damage done to the Shen family would be much greater.

Right now, the Shen family no longer has many allies in the northern province. The Chen Minggang incident has directly led to people choosing not to trust the Shen family anymore, and in addition, the Shen family has accumulated prestige for many years.

Many people are happy to gloat in the shadows. As they watched the Shen family slowly go downhill.

In the end, Shen Qingshu had no choice but to call the Xue family and hang up after a little concern about Xue Yuning's news.

The Xue family was the only ally he could get, and if he lost it again, the Shen family would be completely helpless in the northern province.

And just after Shen Qingshu hung up the phone. Xue Yuning, on the other hand, remembered the person who had made a scene at the engagement party that day, and she couldn't help but feel a little curious about Jiang Hao.

Whenever Xue Yuning remembered the way Jiang Hao looked at her, her heart would flutter indisputably, as if she was cheering for it.

Thinking about it. Xue Yuning couldn't help but blush, and looking at Xue Chongli's face as if nothing had happened, she spat out her tongue a little mischievously.

Then she said, 'Uncle Chongli, when do you think my father will come back and how is he?'

When Xue Chongli heard this, he opened his eyes and looked at Xue Yuning with a complicated expression, hesitantly saying, 'Your father, he's fine, you'll know when you see him.'

Xue Yuning gently agreed and continued, 'Who was the man who came to my engagement party that day? Why do I feel like he looks familiar?'

Xue Chongli smiled, he was still a little grateful to Jiang Hao. If he hadn't come to make a fuss, it might have been a done deal between Xue Yuning and Shen Qingshu by now.

So after hearing Xue Yuning's words. A smile appeared on his face and he said, 'That guy, he's the one who saved you from the coma. He's still very nice.'

To him it seemed that as long as he could treat Xue Yu Ning well, people would be nice, and he didn't know since when.

Xue Chongli was like a father to Xue Yuning and took on this responsibility, asking about everything that happened to Xue Yuning on a regular basis.

Gradually, the people in the house also treated Xue Yuning as a real young lady, unlike when Xue Yuning first returned.

After a period of silence, Xue Yuning looked tentatively at Xue Chongli and said, 'Can I find a chance to see him again?'

'This, it's not impossible, just.' Hearing this Xue Chongli hesitated, no matter what the Xue family and the Shen family were at least verbally engaged.

If they let Xue Yuning meet with Jiang Hao in private again, I'm afraid that it would provoke the Shen family's dislike, so that's why Xue Chongli hesitated.

But looking at Xue Yu Ning's big, watery eyes, he took a deep breath and nodded, 'Alright, but only meet him at home, you hear me?'

Xue Yuning jumped up and down like a child after hearing this, and looked at Xue Chongli with joy as well.

However, Xue Chongli had another idea in mind when he agreed to Xue Yuning.

That was to let Shen Qingshu know that the person Xue Yuning wanted to meet was not him, so that it might dissuade Shen Qingshu's mind.

For Xue Chongli, if he really needed to sacrifice his children's happiness to protect the family's glory, then he would rather not have the family's glory.

This concept coincides with that of Master Lin, who said that earning money and glory is all about making life better for the next generation, not about sacrificing the happiness of the next generation.

The first half of Xue Chongli's life has been a long time in the making, and he has already seen through some things.

The guests in the courtyard that day all knew what Shen Qingshu had in mind.

If their Shen family had not been in trouble this time, how could they not have thought of the Xue family!

Chapter 760

As soon as he thought of it, he did it. Since Xue Chongli had promised Xue Yuning, he immediately went to work to arrange a meeting between Jiang Hao and Xue Yuning.

To Xue Chongli, nothing else mattered, only Old Master Xue and Xue Ying, the young lady who had returned from the outside world, mattered to the whole family!

The Xue family is also considered a powerful family in the Northern Province. After receiving Xue Chongli's call, Dean Jiao nodded respectfully, but thought of Jiang Hao still being locked up in the Shen family.

So he frowned and sighed, 'You asked me to give you Shen Yan, but what will I use to go to the Shen family to fetch that son of a b*tch!'

Just as the words left his mouth, a man's voice suddenly came from outside the door and laughed, 'What's wrong Dean. I've only been to the Shen family for two days, and you miss me that much?'

The person who spoke was naturally Jiang Hao. After he got out from Sally's place, he directly asked Old Black to drive him back to the Chinese Hospital.

At present, Jiang Hao was quite famous in the Northern Province, and many people had come to the Chinese Hospital specifically to find him.

Many people had also received such news when the Xue family was in trouble before, and they were all a bit sad that they wouldn't be able to find a suitable doctor in the future.

The result is that it didn't take more than three days for the Shen family to take the initiative to release this person, it looks like the other party hasn't put the Shen family in mind!

The dean Jiao looked at Jiang Hao standing in front of him and rubbed his eyes in disbelief and said, 'No way, how did you get out?'

Jiang Hao shrugged nonchalantly, then walked up and pulled away Dean Jiao's chair and sat down himself, even wiggling his buttocks comfortably.

'You don't say it yet, this chair is indeed quite comfortable to sit in. No wonder so many people like to sit in boss chairs.'

Dean Jiao rolled his eyes, pulled away the chair opposite Jiang Hao and sat himself down and asked, 'I'm serious with you, the Shen family is not someone to be messed with, if you're so impulsive, you'll get yourself into trouble sooner or later!'

Jiang Hao snorted and shook his head, looking at the worried look in Dean Jiao's eyes, he had some taunting words that he unconsciously held back.

Perhaps to Jiang Hao the Northern Province Shen family was nothing, it was already too good to deal with compared to Shen Tianyang's men.

But even so, the Northern Province Shen family was something that people like Dean Jiao could only look up to. That was also an existence that they could only look up to.

Thinking of this Jiang Hao let out a light sigh and spoke, 'It's nothing, I mainly had a friend to help me out.'

How much power did he need to have to be able to help save someone from the Shen family?

After looking Jiang Hao up and down, Dean Jiao said with some suspicion, 'The friend who saved you is not a woman, right?'

Although Dean Jiao's words had some other meaning, Jiang Hao really had no way to refute them, because the one who saved him was indeed ten women.

After laughing and scolding Dean Jiao, Jiang Hao crossed his legs and looked at the newspaper and said, 'Who was it that just called to see me?'

Dean Jiao looked up and gave Jiang Hao a mysterious glance before laughing, 'Who else could it be? There are no more than five people who can get through to me on this phone. Why don't you guess?'

Jiang Hao smiled without saying a word and looked at Dean Jiao, the only person who could want to see him at this time. I'm afraid it was only the person who hadn't revealed his identity at the engagement party back then.

Again, Jiang Hao smiled before directly getting up and speaking, 'In that case, the other party has taken the initiative to invite me, so I don't need to bring any gifts.'

Dean Jiao slapped himself on the face and said, 'Stop right there, how can you not have some manners when you go to meet a guest.'

With these words. He took out a bottle of wine from the cupboard and handed it to Jiang Hao, 'I'll leave this treasure to you, you must treat it well!'

Jiang Hao still looked at it a little strangely, when he found out that it was actually a bottle of foreign wine. Disdainfully, he brushed aside his mouth, he was getting tired of drinking this stuff.

By the time he arrived at the Xue family's gate, Xue Chongli had by now accounted for nearly a minute or so, then Jiang Hao got out of the car.

After getting out of the car Jiang Hao looked at Xue Chongli smiled but nodded, went up and said nothing, just put the gift in his hand in front of Xue Chongli.

Xue Chongli looked at the wine in his hand and his eyebrows lit up, then he said, 'You're quite generous today, you're willing to give away good wine like this.'

Jiang Hao turned around and looked at the happy Xue Chongli. Then he smiled and said, 'Let's find a place to talk, there's something I want to inquire about old brother.'

Xue Chongli nodded noncommittally. Then he led Jiang Hao to a pavilion and sat down and said, 'Just say what you want, what is it?'

Jiang Hao hesitated a little. Then looking at Xue Chongli's face he spoke, 'Why didn't you reveal my identity that day and let me in.'

The truth was that although there was an invitation that day. But the name written on the invitation wasn't Jiang Hao's at all.

And the reason why the card was instructed to be left behind was to let the body relatives know who was Jiang Hao.

After all, even if Shen Qingshu's men were wasteful, at this point they already knew where Jiang Hao mainly stayed, and it just so happened that there was another branch here, so he passed on Jiang Hao's name to the photo.

Originally, when Xue Chongli saw Jiang Hao somewhat trying to get Jiang Hao's copy of the invitation that day, a cold glint flashed in his eyes.

As long as he moved the invitation, he would then lead his men straight up and trap Jiang Hao!

Unfortunately that day Jiang Hao only took a glance at the man's customs card before handing it back to the forefront, all the way to Elder Xue Chongli, who looked at Jiang Hao with a smile but no words, as if waiting for some explanation.'

Jiang Hao hesitated for a moment at that time before speaking, 'I just came over to take a look today, why, can't I?'

At that time, although Shoulder High had already gagged and prepared to deceive, but Xue Chongli was still suspicious of Jiang Hao based on the slightest hint of panic Jiang Hao had shown earlier, as well as being suspicious of Jiang Hao.

If Jiang Hao was the real one, they would have made a fortune!

Unfortunately, what happened afterwards was simply dizzying, as Jiang Hao made a scene at the engagement party, and the Shen family was furious that more than a dozen people were unable to take him down.

If Jiang Hao hadn't consciously stopped, I'm afraid the people who died next would have been far more than this foolish i?'

After sitting down slightly, Jiang Hao looked at Xue Chongli sitting in front of him, so he smiled and spoke, 'What is it that Mr. Xue is looking for me today?'

Xue Chongli stared at Jiang Hao carefully, and after a moment of contemplation, he spoke tentatively, 'There really are heroes of my generation in the world.'

Jiang Hao hesitated for a moment before his eyes locked on old Mr. Xue Chongli and said, 'You can't say that, I'm just a small doctor, I'm not much of a hero.'
