

Chapter 761

Many reporters were called at the wedding, probably to record how much Lu Shuchen loves Yun Xiaoyin, and also held a wedding with her. Weddings are also big scenes, and they have to take care of her for a lifetime, so the previous rumors are naturally false.

When the bride spoke, she thanked the Lu family and her family first, and then involved Yin Luo. She was really shot while lying down.

Yun Xiaoyin said in a voice that she thought was affectionate and beautiful, "In fact, I still want to thank Sister Luoluo. If she hadn't retired from Shu Chen, Shu Chen would not have known me, and found out that she liked me. It was Luoluo. Sister prevented this tragedy from happening."

Yun Xiaoyin said that even though Yin Luo was sitting in the corner, many people silently glanced at her. After all, through the last headline and press conference, many people also knew her. In addition, she used to be the object of Lu Shuchen's engagement, so she still knew some of the main elders of the Lu family.

Yun Xiaoyin continued, "Of course, sister Luoluo ended the wrong engagement because she met the right person. But many people say that her engagement with Mr. Yi was just for the money of Mr. Yi. I always think it's profitable to marry Sister Luoluo. But I don't think so. I know Mr. Yi loves Sister Luoluo very much. No matter where she goes, he will follow and protect her."

Seeing Yun Xiaoyin's words getting more and more wrong, Lu Shuchen frowned and stood beside her and reminded her in a low voice.

But Yun Xiaoyin continued to speak as if he hadn't heard.

By the way, Sister Luoluo, where's Mr. Yi, didn't you bring it with you?

He has something to do today, and he doesn't have time to attend your wedding. Yin Luo replied.

But the reporters below are restless. After all, they are the presidents of the company that occupies half of the city, and they are naturally very concerned. In addition, President Lu was so determined not to let Yin Luo go at the last press conference, but now he is married to Yun Xiaoyin. The most important thing is that Yin Luo actually came to join the person she was once engaged to.

Therefore, the relationship between these people is very complicated. Just one thing can make a big news, so naturally you can't let it go.

Although there are many security guards to maintain order, there are warnings again and again. However, there are still reporters who are not afraid of death to break into Yin Luo's side, holding the camera and aiming at her like a gun.

Various questions began.

Ms. Yin, is your marriage with Mr. Yi really just a deal? You just seem to be in love, but you actually use each other, right?

Miss Yin, please answer, you still like Mr. Lu, right?

Is it all fake that day? It's just a lie you want to explain to everyone, isn't it?

President Yin, what is the relationship between you and Mr. Yi, Mr. Lu and Miss Yun now, can you tell me?

...

Is Miss Yun the third party between you and Mr. Lu?

Upon hearing these words, Yun Xiaoyin's face changed. The reporter was clearly looking for her. She had already told them to ask only what was bad for Yin Luo, and not to say that it was bad for her and Lu Shuchen. Thing. Unexpectedly, they were so bold that they ignored everything in order to break the news.

Because there was nowhere to go in the corner, Yin Luo could only sit there, covering his face, so that they would stop taking pictures.

But how can a reporter listen? Especially reporters who have the opportunity to break the news. They were as hungry as a group of hungry wolves suddenly saw a sheep.

They pushed me and squeezed me. I don't know who's machine hit Yin Luo's forehead, and a big bag suddenly appeared. The reporters didn't notice it at all, and continued to press Yin Luo. Even if they noticed it, they wouldn't let Yin Luo go.

Yin Luo pressed her forehead with his hand and looked up and found that the reporter had spread out to both sides, and the air was much fresher.

A group of cool black bodyguards stopped them and prevented them from moving forward. At this moment, a tall man walked from behind, with a slender figure and a handsome appearance. He was Yi Yan. When he walked, he had the breath of a king, which made people unable to ignore.

Yi Yan hated iron and looked at the injured woman. This stupid woman could hurt herself even at a wedding. She was really capable.

He turned around, faced the reporters, waved his bodyguard to retreat, and the reporters did not move forward miraculously because no one dared to come forward.

Everyone at the wedding was watching this scene, and they all sighed at Yi Yan's powerful aura. Even those with good net worth and who had seen the big scene were shocked by him.

Yi Yan looked at the reporters with a gloomy look. With only one look, people were depressed and speechless. They even didn't even dare to move, like a kid who did something wrong, listening to an adult. Teachings.

He said coldly, "Ask me any questions, and I will give you the answers you want one by one."

At this time, the scene was quiet, and no one dared to speak. Although they all wanted to have the best news, it was still important to save their lives. Yi Yan gave them the feeling that they could kill them. The reporters lowered their heads, not daring to look at Yi Yan.

Well, since you don't ask, then I will say. Luoluo is my woman. Whoever dares to bully her is bullying me, bullying me, and you know the end. Who caused the injury on her head?

Still no one spoke.

Yi Yan suddenly turned to Lu Shuchen and asked, "Mr. Lu, today your wedding, if I come here uninvited, you won't be unwelcome."

Of course not. Lu Shuchen said politely.

It's just that your security issues have hidden dangers. I will bring people here to protect your guests. You won't mind.

Lu Shuchen's face has changed a bit at this time, but he still said politely, "Naturally, I won't mind."

The wedding is still in progress, and naturally I won't affect you. Yi Yan said, and then he turned to the reporters and said, "None of you can run away."

Afterwards, the bodyguards he brought surrounded the reporters, and the reporters didn't dare to struggle anymore, they could only stand there obediently. Anyone who dares to find something at this time really doesn't want to live.

Then he sat next to Yin Luo. Even if she didn't look at the man, she could feel the man's powerful aura, and she was surrounded by depression. Then Yi Yan waved his hand to signal that Lu Shuchen's wedding could continue.

So, even though it was still embarrassing, the wedding continued.

Yin Luo knew that it was a mistake that she came to the wedding without telling Yi Yan, so he cautiously asked "Why are you here?"

Yi Yan was still angry. "Yes, for a woman like you, who is walking on two boats, I shouldn't have come. I should let you be bullied to death by those reporters. I shouldn't be softhearted."

Where am I going around, how can I step on two boats? Yin Luo retorted. Seeing Yi Yan ignored her, she had no choice but to resort to a trick.

I was wrong. Yin Luo said a little coquettishly, "Did you know this a long time ago?"

Am I so stupid? Yi Yan is still angry. Only this woman can be so stupid. She is still the president of the Yin family. I really don't know how this stupid woman is.

Yin Luo whispered, "I should have known that you are so smart. I must know it. I was stupidly trying to hide it from you."

Yi Yan pinched Yin Luo's chin fiercely, "You are stupid, and you can always annoy me."

Let it go, it hurts me. Yin Luo struggled away from his hands.

Yi Yan said coldly, "It doesn't hurt, how do you learn the lesson? Woman, you should know what to do and what not to do, don't make me angry at will."

At this time, Xiaotian has already brought an ice pack. "Mrs. President, come, apply it and it won't hurt."

Yin Luo took the ice bag and put it on his forehead. It was indeed more comfortable and less painful. She asked Yi Yan, "Did you let Xiaotian take it? Although I made you angry, you still care about me, right?"

Xiaotian took it himself, didn't he, Xiaotian? Yi Yan still proudly refused to admit it.

Faced with the president's threat of taking his salary, Xiaotian decided to stay quiet and change the subject. After having been with the president for so many years, he also learned a little smarter. "The president, the reporter who hurt the president's wife has been found out. Would you like to see him? meet him?"

Yin Luo was a little curious, "You weren't there at the time, how did you know which reporter hurt me?"

You are really stupid. With so many cameras, someone must have captured that scene. Yi Yan replied disgustingly, and then told Xiaotian to let him bring people up.

The reporter is a man in his twenties, wearing a pair of glasses, he feels very knowledgeable.

As soon as he saw Yi Yan, he persuaded, and immediately begged to go around "Mr. Yi, I was wrong, I didn't mean it."

Isn't it on purpose? I brought you closer to Luoluo? Yi Yan asked back.

The reporter dared not say anything at once. As a reporter, he knew the mystery of Yi Yan deeply. He was a figure he couldn't afford to provoke. But if it wasn't for money, who would do such a risky thing? Then he begged for mercy, "I'm sorry, I'm sorry, I was really wrong."

Yi Yan gently touched Yin Luo's head and asked her, "What do you want to do with him?"

Me? Yin Luo thought that she was not a good person, and she must be revenge if there is a grudge. But today, the reporter knew that he really didn't mean it. Moreover, he will be punished more severely if he falls into Yi Yan's hands. So, let's talk for him, "Yi Yan, he didn't mean it. The punishment should be punished, that is, it should not be too heavy."

Don't be too heavy. Yi Yan repeated, then thought for a while, and then said to Xiaotian, "Find a lawyer and sue him for hurting and slandering. By the way, slander can be big or small. How many years have you been sitting for?"

Yin Luo looked at Yi Yan with some worry, "Will it be too serious for him to go to jail? He is still young and going to jail will ruin him."

The reporter immediately shed tears and begged for mercy, "Yes, I can't go to jail, I want to get married. I want to interview Mr. Yin, but accidentally hurt her. This is not my intention, I'm all for the bride price."

Seeing that Yi Yan hadn't moved, the reporter even knelt down in shock, "Please, please forgive me. I was really wrong, can't I apologize to President Yin? I really can't go to jail."
