

Chapter 762

Yi Yan didn't change his mind because of Yin Luo's persuasion and the reporter's begging for mercy. He smiled, somewhat coldly: "Luo Luo, you have to know that the reason why this man ended up like this today is because of you. Because you concealed it. You make me angry."

And you. Yi Yan looked at the reporter again, his eyes didn't look like Yin Luoshi's pity and reluctance, but sullen, "The girlfriend who married you just for the bride price, don't worry. Men can't beg for mercy casually. Weeping, kneel down. If you go straight, I might still be able to look at you. But now... take it on."

As a result, two bodyguards in black came and dragged the reporter down.

Yes, it's my fault. Yin Luo looked at others who were punished heavily by Yi Yan because of him, and felt very upset. "Then you shouldn't count my mistakes on others. If you want to punish me, punish me. what."

Yi Yan said bitterly, "Yes, I should punish you. You make me very angry, and I will settle accounts with you at night." But, how could he be willing to punish her? He can only tell her with the consequences of others and provoke his fate.

Xiaotian asked, "Then...what about the reporters?"

Slander, teach them a lesson, just keep them off for a few days. Yi Yan ordered. Fortunately, the authors' crimes were not too serious. Otherwise, once Yin Luo was hurt, he would punish them even if they showed their dark side. .

So Xiaotian received the order and started to do business.

Can you make some sense? Yin Luo felt very uncomfortable seeing them all being punished because of her. He looked so unfamiliar at this time, like a Raksha who came out of hell, who can dominate the fate of others casually. Such a person is the most terrifying.

Reasonable? Isn't he all for her?

Yi Yan grabbed Yin Luo's wrist, "I can make sense with anyone, but you can't."

He can always break principles for her, and he doesn't treat her like others, so the truth is also unspeakable. It was like she had occupied a unique place in his heart without reasoning with him.

You... let go. Yin Luo wanted to shake off his hand angrily, but he grasped her tightly and couldn't get away at all.

Yi Yan only had a stern face and ignored Yin Luo. He should settle accounts with her, since the last time he saw her and Lu Shuchen eating in the restaurant. This time she tricked him into attending Yun Xiaoyin's wedding for work reasons. He should settle with her,

The wedding above is still going on. Although the host maintains the scene, it is still very embarrassing.

Lu Shuchen was obviously angry with Yun Xiaoyin's actions. He even used the wedding and reporters to embarrass Yin Luo. If Yi Yan hadn't come today, he couldn't guarantee that he would rush on impulsively.

Yun Xiaoyin might make her happy for a while, but she lost Lu Shuchen's heart forever. No, she never got it, and she won't get it.

At the party, Yun Xiaoyin has taken off his heavy wedding dress, and put on a big red cheongsam embroidered with golden phoenix, with rich makeup on his face. It was supposed to be a beautiful and festive classic beauty makeup, but at this time Yun Xiaoyin turned it like a child stealing an adult's makeup.

Although everyone looked embarrassed, they didn't say anything. After all, she will be the Lu's grandma in the future.

There were even a few young relatives from Yun Xiaoyin's side, leaning in front of Yun Xiaoyin, and complimenting her for her beauty. I don't know if their eyesight is not good, or they are deliberately flattering. In short, this trick worked very well for Yun Xiaoyin. A few of them were talking and laughing, but they were a bit like the chattering people playing mahjong in the countryside.

Later, Mother Lu walked over to Yun Xiaoyin and rebuked her in a low voice, looking unhappy. Then their bunch of talents dispersed, Yun Xiaoyin found Lu Shuchen and followed him peacefully.

But Lu Shuchen didn't seem to laugh much during the whole process, even when the guests came to him, he smiled reluctantly.

And Yin Luo was led by Yi Yan. He was really afraid that this woman would be harmed if he was not by his side, or would do something to apologize to him. I have never been so helpless and powerless to a person.

But tonight, Yin Luo still has his own plan, so he can't be led by the man all the time.

Oh, my stomach hurts and I want to go to the bathroom. Yin Luo stopped suddenly, looking at Yi Yan pitifully. She thought, this is the three major urgency of life, he can't control it anymore.

It turned out that Yi Yan could only helplessly confirm "really."

Yeah. Yin Luo looked at Yi Yan with her big sincere eyes.

In Yi Yan's eyes, she was seduce him nakedly. Her big eyes blinked, her pupils were clear and transparent, and her long and dense eyelashes were on the upper eyeliner, which was very moving, like a beauty who came out of a painting to seduce him.

Yi Yan didn't dare to look at Yin Luo, because he was afraid that he might go off accidentally. So he hurriedly took Yin Luo to the women's toilet.

President, I don't know how to go to the bathroom, so you have to wait. Yin Luo wanted to dismiss Yi Yan so as to give her room to exert her strength.

I'm waiting. Yi Yan replied easily, as if he was willing to wait as long as she was going.

If it was before, Yin Luo might feel it, but now he can only be anxious. He has been following her today, so how can she use her fists?

I may take a long, long, long time, because I want to...you understand. Yin Luo emphasized to the man that she really took a long time and wanted him to leave first, but the man was still patient at this time. It's really hard to deal with.

It's okay. I'll wait for you for thirty minutes. If you haven't come out yet, I don't mind finding someone to take you out, and then I will take you to the hospital for a gastrointestinal examination. If you dare to escape through the window... you try. The man put aside his cruel words, but even so, the man can't guarantee that Yin Luo will listen to him. This woman has given him countless "surprises", maybe she will create surprises for him again this time.

But I still want to put on makeup in the toilet. You know it takes a long time for women to put on makeup. And I want to comb my hair again, what else, it will take a long time to do it. Yin Luo tried everything possible. Yi Yan was unmoved by the delay.

He took out his phone mercilessly, turned on the timer, started the timer, then showed the phone to Yin Luo and warned her, "Now, you still have twenty-nine minutes and fifty-two seconds."

Okay, count you cruel. Yin Luo left a "last word" and rushed to the toilet. He didn't know she really thought she had diarrhea.

After entering the toilet, Yin Luo took out his mobile phone and dialed a call. Three minutes later, a maid arrived.

That's right, it's the maid of Lu's family, and Yun Xiaoyin bought this maid to harm her.

And now she gives her double the price. Comparing money with her Yin Luo, she Yun Xiaoyin is still tender. Although her company has just recovered, she has also been president for several years. But she, Yun Xiaoyin, was in her company before, and she knew that Yun Xiaoyin had an ineffective younger brother, and she didn't have enough money to pay him every day. Although she is married to a wealthy family, I am afraid that she does not have much money. If you want to say that the money may only be a verbal promise, how can there be real money?

That's why she is the one who will avenge her if she is the one who harms others and ends up harming herself.

Go ahead, how does she want to harm me? Yin Luo raised her red lips and asked the maid, her eyes full of disdain.

The servant lowered her head and answered truthfully, "Young grandma, she wants me to prepare a glass of wine with aphrodisiac and a glass of juice without any problem. She will talk to you when she says that, and let me go over and give you something, then you will naturally drink it. Drink that glass of wine with medicine. Then, when Mr. Yi is not paying attention, he will take you away, and then record a video for you, ruining your innocence."

Sure enough, Yun Xiaoyin was still so restless, she didn't want to care about her anymore, but Yun Xiaoyin still didn't let herself go. She probably has never heard of harming others and ultimately harming herself, nor has she heard that bad people have bad results. This time, it was only as a lesson for her. As

for whether the lesson was big or small, it was God's decision. She was still not ruthless enough, otherwise Yun Xiaoyin would not even know how to die.

Yin Luo smiled evilly and asked, "Then do you know what to do?"

The maid nodded and replied, "Change the medicine to the young lady's cup. After the incident, I will fly away. You will be responsible for any consequences."

Okay. Yin Luo nodded in satisfaction, as long as these are enough.

The maid also reminded, "The medicine given to you by the young lady is more effective. She is a pregnant woman. I am afraid there will be some serious problems."

Then look at it. Yin Luo told her that she didn't want to hurt the innocent. It was pitiful enough for the child to have such a vicious mother, and she didn't want to hurt the little guy anymore.

After putting on a light makeup, Yin Luo looked at herself in the mirror. It was not her boasting, the tender panel and the beautiful appearance. It is no wonder Yun Xiaoyin wanted to harm her. Probably because of jealousy, not only is she rich and handsome, but she is also liked by Yi Yan.

It was almost the time agreed with Yi Yan, Yin Luo simply cleaned himself up, and went out.

Seeing Yin Luo who had been in the toilet for almost half an hour, Yi Yan deeply felt that women were in trouble. It's just that Yin Luo didn't play any tricks and he was already thankful.

Holding her hand again, he took her into the party again. Yi Yan is not a lively person, so he and Yin Luo are in a corner. He was not interested in Lu Shuchen's wedding at first, but this time it was Yin Luo who reluctantly came over.

Yin Luo sat in the corner and quietly watched this dance party with different hearts, especially Yun Xiaoyin, who was different from the outside. If Yun Xiaoyin suddenly couldn't bear it this time and felt regretful, she might save herself again. But if she insists on harming her, then the consequences can only be borne by her.

But Yun Xiaoyin was approaching her, and then walked step by step. The night is still very long, she can't bear it anymore, do you want her to make a fool of herself as soon as possible? Then she is not to blame, it is Yun Xiaoyin's own cause, and she should bear the effect.
