

## Chapter 763

Wearing crystal high heels, Yun Xiaoyin slowly approached Yin Luo. Yin Luo really didn't know that she was pregnant. Wouldn't she care about her child so much? Still feel that everything is fine in order to be beautiful in front of others?

At this moment, the maid had already followed Yun Xiaoyin, lowering her head and holding a tray beside her.

Yun Xiaoyin put on a pure and innocent smiling face, and slightly nodded and asked Yi Yan, "Mr. Yi, can you borrow your wife for a while?"

After all, he is the president of a big company. Even if Yun Xiaoyin thinks he is such an arrogant person, he does not consciously nod, as if she was born to be inferior to him, but the fact is true.

Yi Yan knew that Yun Xiaoyin was not a good person, and just now he triggered a reporter's questioning of Luo Luo. He was a serious face, and now he doesn't have a good face to her.

He didn't answer, but Yun Xiaoyin was already shocked by the powerful aura in him. But she can't back down, she must achieve her goal today.

Why? Why does Yin Luo possess Lu Shuchen's heart and marry Yi Yan, a mysterious man with the aura of the emperor, who knows that he is not a Fanpin at first glance.

Yi Yan originally looked at Yin Luo with tenderness, but when Yun Xiaoyin came to ask questions, he only glanced at Yun Xiaoyin indifferently and did not answer any more. It's not that he doesn't answer, he's lazy, and he doesn't bother to answer to such people.

For a while, Yun Xiaoyin stood there, no one paid attention to her, she was very embarrassed.

Yin Luo comforted Yi Yan with his eyes, then patted his hand lightly to signal him to feel relieved.

Then Yin Luo stood up with a wicked smile, "Of course, Xiaoyin is my good sister before."

Yun Xiaoyin pretends to be a weak person again, her eyes are still very moist, it seems that her tears are about to fall in the next second, she looks like Lin Daiyu very vividly, but it is just an ugly version, a stupid version plus The vicious version.

She pretended to be full of apology and said, "Sister Luoluo, I blamed me just now. I just wanted to say that you and Mr. Yi were in love with each other. I didn't expect to harm you. I blamed those reporters for wanting to break the news so much to make money. Fortunately, Mr. Yi has already dealt with it. I can't stand them anymore. I'm all to blame for this, because I didn't choose a good person."

Don't blame you. Yin Luo just nodded slightly, not wanting to talk too much nonsense with her, so that she would feel sick herself, just waiting for her to tell her purpose.

Yun Xiaoyin picked up a glass of red wine and handed it to Yin Luo, "Sister Luoluo, I really want to apologize to you. I was wrong. I now want to toast you a glass of wine to make amends to you, and you and Shu Chen were engaged in the first place. I was with him before. I owe you too much."

After speaking, she took a glass of juice from the tray dragged by the servant and said, "I am pregnant now, so I can only substitute juice for wine, you won't mind."

Yin Luo smiled and said, "It's fine if you know, of course I don't mind very much now. I don't care about what happened at the beginning, and you didn't mean it today. So, you don't have to apologize. I don't drink this apology wine. On the contrary, I also want to thank you. It was you who let me meet Yi Yan, and then I realized that even the most perfect person in the world is inferior to him, not to mention that he is the most perfect person."

After speaking, Yin Luo glanced at Yi Yan affectionately, his eyes full of happiness.

Had it not been known that Yin Luo still cared about Lu Shuchen, Yi Yan would have been fooled by her acting skills. She was just acting for Yun Xiaoyin. So as her husband, he should also unconditionally cooperate with her performance.

He also responded to her smile, but his smile was real, he could only smile like this when facing her.

After that, Yin Luo put the wine in the tray again. She still wants to let her go. All the results can only be seen by herself, how much Yun Xiaoyin hates her, and whether she is willing to let her go. As long as Yun Xiaoyin let her go, she also let her go.

Seeing Yin Luo put the wine back on the tray, Yun Xiaoyin's originally smiling face suddenly stiffened. Then, she reacted and pulled the corner of her mouth forcibly, picked up the wine glass again and handed the wine to Yin Luo. The fall will continue.

Yun Xiaoyin said forcefully, "Sister Luoluo, even if you don't hate me, you still drink this glass of wine without being angry with me. I really appreciate you. I didn't expect that I have done so many things wrong all the time. You can forgive me regardless of the previous complaints. So much time has passed, and we should have a drink too. If you don't drink it, you won't forgive me?"

It seemed that she still refused to let her go, so Yin Luo didn't have to be polite to her.

Yin Luo curled his lips, a hint of coldness passed through his eyes, "Well, since you have said so, let's drink together."

Okay, I respect you. Yun Xiaoyin raised his wine glass and looked at Yin Luo. The two clink glasses together, each with their own thoughts.

After drinking the wine, Yun Xiaoyin's heart was both happy and excited. She could finally see with her own eyes how her once aloof and invincible friend ended up. I couldn't wait. I just don't know if she can be so proud in the future, can she step on everything. If Shu Chen knew about this, I'm afraid it would be disgusting. Who knows that Yin Luo is still not clean now, and has been in a few men's beds.

Yin Luo couldn't wait. She really wanted to see Yun Xiaoyin's stunned look after knowing the truth. She really wanted to know what she had experienced after suffering the consequences. Now she just let

people exchange wine glasses, the next thing is to find Lu Shuchen or another man, or whether to use medicine to treat it all depends on her.

Anyway, no matter what kind, she can receive the punishment she deserves, that's enough.

After Yun Xiaoyin finished drinking, there was a dangerous breath in her eyes, and her red lips were raised high, as if she was welcoming victory in advance. Turning around, Yun Xiaoyin raised his head, like a peacock pouting his ass proudly, and left triumphantly.

Yin Luo sat down slowly, looking at Yun Xiaoyin's leaving back, picking up a glass of red wine on his table and savoring it. The performance of this play was really exhausting and disgusting.

Yi Yan, who had been sitting in a chair watching the whole scene, smiled evilly, clapped her hands, and praised, "It's great. It's said that there are three women in one scene, and the scenes of the two of you women are really true. Very wonderful."

What did you see? Yin Luo asked suspiciously. If someone else said this, she might be sure that they were just acting, but Yi Yan, this smart man, could not guarantee that he didn't see anything.

Yi Yan gently touched Yin Luo's head and said, "My woman, of course I am familiar with it. You can talk to Yun Xiaoyin so calmly when you face Yun Xiaoyin, and you laugh and drink her toast. There is a conspiracy, isn't it?"

Yin Luo took off the man's "salted pig's hand" and said proudly, "You won't see the good show, but it's wonderful when you think about it."

Huh? The man asked for unknown reasons, really wanting to know what good things a stupid woman like her can do. Her woman is really open, knowing that you shouldn't be merciful when dealing with bad people, which is good.

We'll leave after a while. Yin Luo demanded another sip of red wine. Today's wine is delicious and fragrant.

She wants to leave for two reasons. First, according to what the maid said, Yun Xiaoyin will ask someone to take her away and be trampled on. She doesn't want to get into these unnecessary troubles, so she should leave first. Second, she didn't want to see Yun Xiaoyin's appearance after Chinese medicine. Everything was up to the sky.

She just taught her a little lesson this time. If she still doesn't learn the lesson and gains her wisdom by taking a bite, even if she doesn't retaliate against her, then she will have more and more enemies in the future, and Yun Xiaoyin's life will not be any better. Whether it is good or bad in the future depends on her own choice.

After a while, Yi Yan and Yin Luo joined hands and quietly left the party.

After leaving the villa, the air outside was really fresher, Yin Luo stretched out and breathed in the fresh air to his heart's content. The lights in the villa are very white and bright. If you stay in it for a long time, you will get used to the brightness there.

When I first came out, I was still attracted by the warm light of the street lights outside. Although in a big city, there is a lot of traffic, but it is still dozens of times warmer than in a villa.

Well, let's take a walk around here. Yin Luo looked at the scenery here, although it was not very good, but the whole picture looked like a harmonious landscape painting, and suggested.

How could Yi Yan refuse Yin Damei's proposal, even though he is still jealous now, to blame this woman for being so unconscionable.

Yin Luo walked ahead excitedly. At night, a warm wind came on her face. He blew the black hair on Yin Luo's forehead and ears, blowing on the corners of her thin dress, and gently touching her. That flower-like cheek.

Yi Yan looked at this beautiful and peaceful picture and carved them deep in his memory, not wanting to forget it.

Yin Luo walked forward on his own in the front, while Yi Yan only silently followed behind. He was fascinated just by looking at her slender back. This woman is born with an attraction that attracts him to her side and cannot do without her. No matter how many mistakes she made, he couldn't ignore her, regardless of her.

She is like a concubine, with a natural scent that is fascinating, and Yi Yan is like a butterfly. When she turns, he wants to suck the smell of her and wipe her away.

Hey. Yi Yan suddenly stopped Yin Luo who was jumping in front of him.

Yin Luo was happy to leave, but turned his head when he heard Yi Yan's shout. When Yin Luo is in a good mood, he can do whatever he says, "What's the matter?"

Do you remember what I said after saving you today? Yi Yan suddenly asked about this, as if there was a dangerous aura attacking like Yin Luo.

Yin Luo thought about it seriously, then hesitated, "It seems...there is nothing special. You said such a conversation today, how do I know which sentence it is?"

You really don't remember. Yi Yan approached Yin Luo with his unique aura of danger, "It seems that you have been talking about me? Huh?"
