

Super Rich Dad Chapter 764-766

Chapter 764

Before leaving, Jiang Hao first called to inform Xue Chongli, and when he arrived at the Xue residence, he saw Xue Chongli already waiting at the door. The first time I saw Xue Chongli, I felt that the other party's face was a little off, as if he was looking at himself with averted eyes, and like he was preoccupied.

ot you this is what's wrong? ot

Jiang Hao could not help but curiously open his mouth and ask.

Xue Chongli was called by Jiang Hao froze for a moment. Whirling his head up ot nothing, what is the matter? ot

Although he said so with his mouth. But Jiang Hao could see that he was lying.

Jiang Hao frowned, out of courtesy, said ot Mr. Xue, if you really encounter anything, you can let me know, although I have little power, but if I can do my part, naturally I will not shirk. ot

Xue Chongli sighed and just shook his head. The actual fact is that you can't be a part of the world. ot

He then said ot Oh right, you suddenly came today, is there something ot

Jiang Hao nodded ot course, I found out another method that might be effective for Miss Xue's illness. But I need to corroborate it first, so I rushed here, it won't be too much of a nuisance, right? ot

Xue Chongli just shook his head and let Jiang Hao follow him inside.

The duo walked all the way inwards, directly to Xue Yuning's room. However, Jiang Hao saw that the door to Xue Yuning's room was tightly closed at this time, and the curtains were also drawn to death.

The room was quiet, and Xue Yu Ning was lying on the bed, like a sleeping beauty, breathing a little weakly. Jiang Hao couldn't help but frown at how, at this hour, Miss Xue was still sleeping?

Jiang Hao twisted his head to look at Xue Chongli, but saw the other party subconsciously clench his teeth. A hint of anger unnaturally flowed from his eyes, as well as heartache.

Of course Jiang Hao knew. Xue Chongli's feelings for Xue Yu Ning, he looked surprisingly showed a hint of heartache? Could it be that

ot could it be that Yu Ning's illness is serious again? ot Jiang Hao could not help but show a hint of nervousness in his tone, and then without waiting for Xue Chongli to answer, he rushed to Xue Yu Ning's side.

Jiang Hao certainly did not want everything he envisioned to come true. It was just that the more he thought this, the more eager he became in his heart. Just as he was about to examine Xue Yuning, Jiang Hao suddenly noticed the bruises and scars on Xue Yuning's exposed arm.

Seeing these marks, Jiang Hao's eyes contracted violently. Breathing came to a standstill.

Jiang Hao could of course see at a glance that the injuries on Xue Yu Ning's body were from being beaten, and the entire arm was covered in bruises, so obviously under her quilt, there were even more bruises that he didn't know how many there were.

ot Mr. Xue, what's going on? ot Jiang Hao got up and asked, and he also seemed to understand why, just now. Xue Chongli would act so unnaturally.

Xue Yu Ning was beaten, how could he face it naturally?

Xue Chongli smiled. He just heaved a sigh and then rightly said ot you just need to help Yu Ning check her condition. As for the other things, you should leave it alone! This matter this matter I can't even manage. Not to mention you. ot

Obviously, Xue Chongli did not think Jiang Hao had the ability to manage this matter, not to mention that this matter was also a family matter of the Xue family in the end, and besides, it was about the relationship between the Xue family and the Shen family, so naturally Xue Chongshan did not want things to get all over the city.

It's just that what he got was nothing but a heavy sigh from Xue Chongli.

Jiang Hao could also tell that Xue Chongli seemed to have something to hide, and it definitely could not have been done by the Xue family, so who could have beaten Xue Yuning so badly?

Jiang Hao couldn't help but fall into a burst of contemplation, but soon, a person gradually became clear in Jiang Hao's mind

ot is Shen Qingshu right?ot Jiang Hao asked in an icy tone.

When Jiang Hao smashed out the name Shen Qingshu, Xue Chongli actually subconsciously shivered, which further confirmed Jiang Hao's suspicions.

ot heck, it really is him. ot

At this moment, Jiang Hao's heart was already churning with anger.

Jiang Hao looked at Xue Yuning, who was breathing weakly on top of the hospital bed, and blamed himself infinitely in his heart.

It was all his own fault, it was all his own fault for not protecting Yu Ning, if it wasn't for himself, Yu Ning wouldn't be here today!

Jiang Hao's gaze was abruptly fierce and hostile, looking keenly at Xue Chongli, coldly saying ot Why did he make a move on Yu Ning? When did this happen? ot

otThisot Xue Chongli hesitated for a while before finally saying, otThis matter is actually still related to you!

ot and I related? ot Jiang Hao could not help but be a little surprised at the words, he thought for a moment, before he understood somewhat what Xue Chongli meant.

ot is because the other day, I met with Miss Xue this thing right? ot Jiang Hao asked.

Xue Chongli did not say anything, but also did not deny, after a moment of contemplation shook his head and said of this matter I will deal with, you still as soon as possible to Yu Ning's disease cure it!

The company's main business is to provide a wide range of products and services to the market.

Chapter 765

When Xue Yuning suffered such a thing, Xue Chongli was also furious in his heart, but because the Xue family was still unable to fight the Shen family in the Northern Province.

Although no formal ceremony had been held, the fact that Xue Yuning had become Shen Qingshu's fiancée was already known. It was already well known.

If he did something rashly, he was afraid that he would displease the Shen family and at the same time, he would also lose the reputation of the Xue family.

The company's main business is to provide a wide range of products and services to the public. Remember clearly your own identity. ot

Xue Chongli knew that Jiang Hao seemed to have a different feeling towards Yu Ning, but he just put it down to the doctor's responsibility towards the patient. And didn't put much thought into it.

But Jiang Hao didn't think so, after all, the reason why Xue Yu Ning lost her memory and became the way she is now is itself related to himself.

Thinking about this Jiang Hao was a little bit hidden angry, but he couldn't show it too bluntly in front of Xue Chongli.

So after taking two deep breaths, he looked at Xue Chongli and said in a deep voice: 'Okay, I'll pretend this never happened, and I won't go out and say anything to anyone. ot

The first thing that happened was that Jiang Hao still had a trace of resentment in his heart.

The company's main business is to provide a wide range of products and services to its customers.

After saying this, he let out a light sigh, his eyes were full of sadness.

Jiang Hao stood next to him and followed with a soft sigh. After looking at Xue Chongli's appearance and pondering for a moment, he opened his mouth and said ot this is okay, I have already contacted Sally before, she has a special medicine in her hand that can deal with Miss Xue's illness. ot

Although most of the Hundred Flowers Jade Dew Pill was applied to beauty, for such a disease, Jiang Hao could deal with Xue Yuning's condition with a little modification.

The company's main business is to provide a wide range of products and services to the public.

The Tianzhu Villa was not something that ordinary people could get close to, and there were many people in the entire northern capital who wanted to get close to her and find out more about her.

The only word they got was 'ot', and they wouldn't even say anything extra.

The company's main business is to provide a wide range of products and services to the public.

Why would such a big shot associate with this little doctor in front of him?

Although Jiang Hao was now a rising doctor in the whole of the Northern Province, he was after all so young and did not have many contacts at hand.

No matter what Xue Chongli thought, he would never have imagined that Jiang Hao had to rely entirely on his own skills to get in touch with Sally.

Just as the two fell into silence for a while. Jiang Hao took a deep breath and stood up, then wrote down a prescription and handed it to Xue Chongli.

ot Miss Xue's illness can only be slightly relieved for the time being. But it's hard to cure it at the root, so I need some time. ot

Even though Xue Yuning was only an illegitimate daughter from outside, Xue Chongli treated her as if she was his own daughter.

The reason why he has no offspring descendants is also because he has seen the entire Xue family through, or rather to his own family.

No matter how hard he tried. No matter how hard he tried, no matter how hard his descendants tried, it was as if some dogs were taken care of from birth, while others took care of themselves.

The reason why Xue Chongli became the spokesman for Elder Xue in the Xue family was because he had no descendants.

Old Master Xue put the entire Xue family in his hands for the time being. There was no need to worry about Xue Chongli using the full power of the Xue family for personal gain.

And it was because of this reason that the old lady of the Xue family thought of this that she did not object to Xue Chongli sitting in this position of steward.

Otherwise, he would have been sent straight out to do business, just like Xue Yuning's father, and would not have allowed Xue Chongli to remain in the Xue family at all.

After a few moments of silence, Xue Chongli saw that Jiang Hao had packed up his things and stood up, looking as if he intended to leave.

So he couldn't help but ask whether he wanted to stay for dinner, and when Yu Ning woke up, you could ask her about her health again. ot

Jiang Hao, however, shook his head with a bitter smile and opened his mouth and said ot forget it. I'm afraid that if I continue to stay, soon Shen Qingshu will know the news again, and when the time comes, it will be Miss Xue who suffers. ot

The first time I said this. Jiang Hao's heart could not help but flash a trace of mockery.

Since when did the Xue family actually seem to have turned into a lapdog of the Shen family. Everything was swallowed by the Shen Family's popularity.

Thinking of the words the Lin family's old man had said, the reason they fought so hard. It was so that their offspring could be glorious and happy and prosperous.

But look at the Xue family, it seems that for the Xue family they are used to struggling without properly planning for their offspring.

Especially the old lady of the Xue family, who, by the looks of it, doesn't even see Xue Yuning as a member of the Xue family.

This could be seen from the place where Xue Yu Ning lived, the luxurious Xue family mansion, Xue Yu Ning as the daughter of the Xue family's eldest son actually lived in such a small courtyard.

I guess when people outside saw such a situation, they would probably think in their hearts that Xue Yu Ning was always just an illegitimate daughter and did not enter the heart of the Xue family.

In fact, Jiang Hao was not wrong in thinking that if it wasn't for the fact that Xue Yuning was still useful for Shen Qingshu's marriage, I'm afraid that Xue Yuning would have been put into the cold courtyard and no one would have cared for her at all.

After packing up his things a little, Jiang Hao walked out of the Xue family mansion, standing in front of the door he couldn't help but glance back at the Xue family's lintel.

ot you say, what in the world is the Xue family's old master thinking, Miss Xue's marriage engagement such a matter did not even inform her father, but made such a decision privately. ot

Xue Chongli's face reddened after hearing this, and he was silent for a long time before he spoke ot I don't know, and besides, you shouldn't care about this matter. ot

Jiang Hao nodded with a bitter smile, and left with a cacophony of anger, sitting in the car on the return trip Jiang Hao's mind was always on the injuries on Xue Yu Ning's body.

If it wasn't for him, if it wasn't for Shen Qingshu, I'm afraid Xue Yuning would have had a good life.

As he thought of this, Sally suddenly called, and the ringing of the phone brought Jiang Hao, who was caught up in his hatred, back to reality.

He looked at the phone and picked up after a moment of silence. Sally was slightly silent on the other end of the line for a while, and then said ot why did she pick up the phone now. ot

Her tone was very flat, as if nothing had happened.

And Jiang Hao shook his head with a bitter smile and spoke ot nothing, just thinking about something, why, what's the matter? ot

Sally nodded slightly, then looked at the invitation on the table and opened her mouth ot maybe the Shen and Xue families misunderstood my existence, so they plan to invite me out for a bit for a different reason.

Chapter 766

After saying this, Sally continued slightly disdainfully ot probably because of the Lin family's matter, making them think that I was about to jump out, so they wanted to pull me into their camp first. ot

Jiang Hao snorted at his words. The reason why the Shen and Xue families were doing this was frankly not because they wanted to unite with Sally and then continue to suppress some of the smaller families in the northern province.

If it wasn't for that, they wouldn't have wasted their time inviting an existence like Sally.

After a period of silence, Jiang Hao opened his mouth ot what are you calling to tell me about such a matter. ot

ot because I plan to bring you along ah. After all, my identity is really not very convenient to attend such a scene, and if you are there, everything will become logical. ot

Sally had said to many people before. The company's main business is to provide a wide range of products and services to the public.

The consequences will not be too simple, it is likely to become a thorn in the side of those families, when the Shen and Xue families do nothing, she will have to lean towards them.

This is not a matter of strength, but a matter of social interaction, Sally could not help but sigh here.

If she hadn't helped the Lin family last time because of Jiang Hao, she would never have been involved in such a matter.

The reason why this situation has become what it is now, after all, is because of you. ot

Jiang Hao suddenly found that as long as the woman who was near his side. It was as if everything was being counted on himself.

After slightly shaking his head, Jiang Hao suddenly thought of something, wasn't he just trying to find an opportunity to teach Shen Qing Shu a good lesson ?

After pondering for a moment, Jiang Hao softly said ot well, this matter I shall undertake, you help me to see how much time is left, I may need to prepare. ot

Sally did not expect Jiang Hao to agree so freely this time, according to her understanding of Jiang Hao, he usually avoids as far as he can on such occasions.

The fact that Jiang Hao agreed so readily made Sally not know what to say for a while.

After a while of silence. Jiang Hao saw that Sally did not open her mouth to answer, so he could not help but ask ot What's wrong, give me the time address ah, I have to prepare properly. ot

The woman who came back to her senses coughed lightly, then looked at the time and address on the invitation and spoke ot the time is three days later, the address is Half Wall Villa. ot

Hearing these words, Jiang Hao couldn't help but fall into a memory, wasn't this place the same mountain resort that Dean Jiao had taken him to before.

Thinking about it. The company's main business is to provide a wide range of products and services to the market.

The reason is because of what happened to Xue Yuning. The company's main business is to provide a wide range of products and services to the market.

Sally was silent after hearing Jiang Hao's words, then sighed ot I don't know what happened to you, it's better to wait until we meet some time. ot

Jiang Hao nodded after hearing that he was planning to hang up the phone. Suddenly his heart moved to open his mouth and said ot wait, this time is to go to dinner or what? ot

The theme is a charity auction, but in reality it's just a showcase for the Xue family and the Shen family, more in the sense of declaring their alliance to the Northern House. ot

Jiang Hao smiled coldly. Then he looked out of the car window and said coldly ot In that case, I will give them an unforgettable party. ot

After saying this he couldn't help but laugh out loud and hang up the phone, while Sally on the other end of the phone was shocked and was about to say something but found that Jiang Hao had already hung up the phone.

After a long silence, Sally always felt a trace of uneasiness in her heart, so she called in Old Black and said in a deep voice ot you go and investigate if something happened around Jiang Hao in the past two days. ot

Old Black touched his head somewhat and couldn't help but frown.

He found that ever since Jiang Hao appeared, his own boss seemed to have put too much care on him. He didn't even care much about things inside the company.

Thinking of this, Old Black spoke with some hesitation to Old Chief, I feel as if you are now treating Dr. Shen. Some of

When he said this, Old Black's tone unconsciously lowered.

Although Sally was very young. But the way she handled things was already so mature compared to many people that it was a little scary.

Sally sniffed and glanced at Old Black, only puzzled for a moment before she understood what Old Black had in mind.

Then her face flushed. She was slightly embarrassed, but the look on her face remained unchanged, saying to this matter you don't need to bother, I know how to grasp the scale myself. to

After saying this Sally waved her hand and let the old black back down, after all, as a superior, if they are subordinates pointing out is not good.

The company's main business is to provide a wide range of products and services to the market.

The situation in the Northern Province had changed dramatically because of the change in the Lin family, and the Shen family in the Northern Province had been the most affected.

Sally had to take this time to probe carefully for news about the North House Shen family. If she did not expect it, it was likely that the North House Shen family would next ask for help from Shen Tianyang, the head of the overseas Shen family.

In any place, the competition for power never goes away and only gets more intense.

If the overseas Shen family, Shen Tianyang, took a fancy to this place, the pressure she would have to face next would increase exponentially.

What's more, now that she was aware of Jiang Hao's identity, if the overseas Shen family Shen Tianyang sent someone over, in case they detected Jiang Hao's presence.

Then I'm afraid that things will become very complicated next.

What happened in Chu Jiang would most likely be repeated in the North Mansion, and she did not want to see something like what happened in Chu Jiang happen in the North Mansion.

Moreover, since Shen Tianyang had come back, many things had gone a bit too far, which had undoubtedly attracted the attention of some people.

If they let Shen Tianyang continue to be so reckless, then the faces of those of them would soon be trampled under their feet.

Thinking of this, a cold glint flashed in Sally's eyes, if it wasn't for the change that happened to the Shen family years ago, things wouldn't have turned out to be like this.

On the other side, Jiang Hao, who had returned to the hospital, simply took care of things and hid in his room.

He then opened his computer and searched out the information available on the surface of the Shen family in the northern capital and looked at it briefly, and surprisingly, some of them also mentioned the charity auction dinner in three days' time.

After a few moments of contemplation, an idea soon formed in Jiang Hao's mind.

He decided that he couldn't keep such a low profile any longer, and that perhaps it was time for him to come forward!
