

# Chapter 767

When Dalia smiled, her eyebrows were crooked, she was very beautiful, she was also beautiful, she was the kind of beauty that was supported by delicate flowers, she was very good, and she was exquisite in dress, and she did not lose. To Suzi, Suzi can tell at a glance that Dalia belongs to the kind of woman who is well cared for by men, but who is not spoiled and proud.

She is very good, very sensible, not squeamish, but gentle and very angry.

But Suzi is different. Suzi has edges and corners, even when he is silent, he brings a sense of rigidity and comfort. But now, her Shu Leng dissipated a lot, and was replaced by a kind of work independence. Such Suzi made Dalia very envious.

Dalia couldn't help being attracted by Suzi.

Suzi also has a good impression of Dalia.

Perhaps it was because Kraig treated Suzi very kindly from the beginning.

When Suzi was not working, Kraig encouraged Suzi and asked him to find a job.

Looking back now, Suzi is grateful to Kraig.

As a result, she also had a good impression of the women next to Kraig.

The two hit it off and quickly added WeChat.

"I will go shopping together in the future." Dalia said.

"Yeah." Suzi readily agreed.

"In the future, I want to learn from you." Dalia said again.

"Huh?" Kraig, who was sitting next to him, couldn't help but look at Dalia more: "You are a military wife, and you have never studied architectural design. What can you learn from Suzi?"

Dalia's face suddenly blushed: "This is our women's business, I won't tell you!"

Kraig: "..."

After a while, he turned his head and asked Arron: "Old Fu! She is your daughter-in-law. Tell me what can your daughter-in-law teach her?" Arron: "..."

To be honest, he also wants to know.

Before he, before he found Suzi, he was a man who never cared about women.

Now, he is curious to know what his daughter-in-law can teach his brother's daughter-in-law.

Arron looked at Suzi.

Suzi looked dumbfounded.

To be honest, she didn't know what Dalia wanted to learn from her?

At this time, Dalia grinned against Suzi's ear and whispered to her.

Suzi suddenly smiled: "Puff..."

The smiling men were inexplicable.

Dalia was also familiar with the other two women, so she covered the other two women's ears and said something.

The four women suddenly burst into laughter.

Four laughing men, look at me and I look at you. Then they tacitly understood each other.

They have to wait until they get home to ask this secret out anyway.

The curiosity of men is no less than that of women.

After the four men had their business talks, they went back to their homes. Arron and Suzi's only family of three also took the car home. When they got to the house, they were the only ones to sleep. One of the first things Arron did was to hold his wife in the house. On the bed, he said very domineeringly: "Say, what exactly did Laojun's wife learn from you?"

Suzi blushed suddenly, and then fell in his ear: "She..."

## Chapter 768

Arron listened attentively, but didn't hear what Suzi was saying.

When he looked up, Suzi's face was as red as a ripe tomato.

"Don't tell me?" The man sneered: "Don't tell me, let's see how I punish you today."

Suzi's smile was sweet and mischievous: "Punish, punish, anyway, your punishment for me is a kind of enjoyment for me. I like you to punish me, hehe."

The man screamed again: "That's because I didn't want to really punish you. If you really punish you, you won't be able to get out of bed for a week. At that time, your job that the women envy, you think you can still ..."

"Don't!" Suzi immediately raised his hand to plug the man's lips: "I said, can I say it's not alright?"

The man looked at Suzi's woman in his spare time: "Well, let's talk about it."

"Dalia asked me, I...how did I control you. Is it physical, I have any tricks to make you bend your ears to me like this." Suzi's face was flushed with blood again.

Arron: "..."

She controls him!

She still controls him?

However, as soon as she saw her blushing face, the man immediately circled her in his arms: "I will teach you today, how to control me..."

"No...Isn't it that I didn't punish me..." Suzi was stuck in his lips before he finished speaking.

This night, Suzi is doomed to endure a punishment.

Endure a sweet punishment.

Early the next morning, her body was not as unable to get out of bed as he said.

On the contrary, her face is very good, very smooth, and her whole person is refreshed. With a good spirit, you will be more effective when you go to work in the company.

Suzi was busy in the morning until lunch, and she had no time to come down. At this time, she also remembered that she had two good girlfriends upstairs. Suzi put down her work and went straight upstairs to call her girlfriends to eat together. It was discovered that neither Galia nor Rayna had come to work.

Neither of them came to work, which is a bit strange.

Suzi took out his mobile phone and called Galia: "Galia, why didn't you come to work?"

At that end, Galia said excitedly: "The company is recruiting fresh graduates from a university in another place. I will come to the interview together. I have to wait two or three days to come back. What's wrong, you miss me?"

Suzi suddenly fell: "No, I just saw you, Rayna, and neither of you came to work. I care about you."

"Rayna hasn't come yet?" Galia asked.

Suzi also asked, "What's wrong with Rayna?"

Galia answered on the other end of the phone: "The day you returned to your hometown, Rayna called her parents again. On the phone, she apologized to her parents, and her parents were not as angry as before. Humph, after Rayna asked, he learned that her mother was sick and was in the hospital. Rayna has been taking care of her mother in the hospital these days."

Suzi: "Uh... what I said. Okay, I know, when you two come back, I will invite you to dinner."

"You don't need to invite me. I wanted to invite you at noon today. I ordered milk tea at the Internet celebrity restaurant opposite the company. It's difficult to order milk tea at their house, but I didn't expect that I would be led before I came to work today. Asked to go to a school in another city, Suzi, go to the internet celebrity shop opposite the company to get it."

Suzi nodded: "Okay, I will get it now."

It also happens to be out for ventilation.

Suzi went downstairs to enter the elevator, went downstairs, and then came out of the elevator, but he ran into the company boss Darius, who had not seen him for many days.

Darius was still with another person.

When seeing the two people, Suzi pursed his lips and smiled, "Mr. Shu, Mr Ling."

The man with Darius was Joan.
