

Chapter 780

The man was forced back, naturally did not touch the ball, she was busy occupying the most advantageous position, was about to serve, the back of the man's club has been wrapped up, her arm by a huge force away, arm up, again missed a good opportunity.

Georgie was a little fired up.

At this point, both of them had understood each other's reality and did not dare to act rashly.

Bella Qiao bowed slightly and stared fiercely at Gu Si Qian, who was also bowing in an alert state, and gritted her teeth, "You will undoubtedly lose today!"

Gu Si Qian sneered, "So confident?"

"Of course!"

The words came out of his right arm and suddenly went through his armpit at once.

The club in her hand was already held by her, and then she jumped to the right of Gu Siqian in an extremely tricky and difficult position, and the club in her hand had already hit the ball flying and it fell into the far hole.

There were excited cheers and applause from Lin Song.

"Yes! It's brilliant! Joe did a great job!"

He was so excited that he didn't even feel like shouting out the name he used to call her.

Bella Qiao and Gu Siqian, neither of whom seemed to care, Gu Siqian wiped the fine sweat that appeared on his forehead and said, "I lost."

Bella Qiao's eyebrows rose, quite smugly, "Where's the bet?"

Not being a rogue, Kusken asked, "What do you want?"

This question, however, put Bella Qiao in a difficult position.

You want Kuskan to do something? Truth be told, she hadn't figured it out yet.

Seeing her hesitation, Gu Si Qian smiled.

"There's no rush, just think about it and tell me it's all valid within the day."

Afterwards, the man had turned around and headed for the rest area.

Yusra Lin had already been waiting there, watching the match between the two just now, watching anxiously, thinking that Gu Siqian would win steadily, but she didn't expect to end up being won over by Bella Qiao.

Dissatisfied, he waited until Gu Siqian approached before handing him a glass of iced drink he had already prepared, complaining, "Siqian, she's too disrespectful, what kind of thing would dare to win you?"

Gu Siqian was about to catch the cup with a pang.

The eyes glanced faintly at her, mixed with a hint of coldness, "What the hell is she, by what you can say?"

Yusra Lin was stunned.

In the next second, I saw Gu Siqian put his hand back and gave a cold command to the waiter beside him, "Go and bring me a glass of ice water."

"Yes."

The waiter was busy going down, and Yusra Lin, startled, held her cup forward and explained in a low voice, "Si Qian, this is what I ordered especially for you..."

Before he could finish, he was interrupted by Gu Si Qian.

"Don't ever take it upon yourself to prepare such sweet things for me! I don't need you to serve me anything I drink yet!"

Afterwards, the man had already picked up the club again and was heading down the course.

Yusra Lin stayed there completely.

The man's deliberate indifference caused a great sense of humiliation to rise in her heart.

Especially when she thought that there were people watching next to her, and among those bystanders, even more so with Bella Qiao who had once had a bone-deep relationship with him, she just felt her cheeks burning with pain and hatred.

It's all because of that woman!

The burning hatred made her turn to stare at Bella Qiao, then, striding over on her heels.

Jackie won the ball, but she was feeling a little better than she had in the morning.

Is drinking water while chatting with Lin Song.

The glass of water in her cold hands was snatched away, and in the next second, only a cold face, a glass of water had been splashed all over her body.

"You shameless vixen! What exactly did you say to Siken? Let him be so partial to you?"

Bella Qiao closed her eyes and opened them again, reflecting Yusra Lin's furious red face before her eyes.

Lin Song stayed beside him, a little surprised and more than a little embarrassed.

"Miss Lin, you..."

Before I could say anything, I heard a pop.

A resounding slap on Yusra Lin's face.

Lin Song shut his mouth at once and turned his head, looking at Bella Qiao in stunned silence, but he saw that the other party's eyebrows were flat, as if what was happening at that moment was a perfectly ordinary thing.

The exit voice was also incomparably clear and calm as it said in a deep voice, "What are you again? What right do you have to question me?"

Yusra Lin was furious.

For the first time in my life, a woman has trampled on me like that!

She covered her face, feeling the flesh of her face swelling up at a palpable rate, her eyes red and angry.

"How dare you, how dare you hit me?"

Bella Qiao snickered.

She casually pulled the handkerchief handed to her by Lin Song's eyes behind her, wiped the water from her face, and said, "The face stretched out, not beaten for nothing, if you're not convinced, you can go and complain to Gu Siqian and ask him to back you up ah!"

Yusra Lin's face turned red with anger.

But she knew that by fighting, she was no match for Bella Qiao.

This woman, who she hadn't given a second thought to, was such a difficult person to deal with now.

She must not be allowed to remain in Gu Si Qian's side!

Thinking of this, a fierce intent flashed in her eyes and she gritted her teeth, "Okay, wait! I'm going to tell Si Qian, so she can see how you're bullying me!"

Afterwards, he turned on his heels and walked angrily to the stadium.

Bella Qiao was cold-eyed from start to finish, when the water on her face was wiped clean, only then did she realize in hindsight that the handkerchief was Lin Song.

Only to turn back to him and say, "Sorry, I'll give you back the handkerchief next time when it's clean."

Her aura was so strong just now, and she had returned in a trance to the way she had looked so glaringly four years ago, Lin Song was a little startled, but then she reacted and shook her head.

"It's okay, it's just a handkerchief, just throw it away, Joe..."

He paused, as if in some difficulty.

Bella Qiao looked up at him with eyes that looked like a smile and asked, "Don't call me Miss Qiao anymore?"

Lin Song was embarrassed and smiled.

When Bella Qiao and Gu Si Qian broke up, Gu Si Qian also forbade any of them to be friends with Bella Qiao anymore, and he was thus forced to change his name from Ah Qiao to Miss Qiao to show the distance between them and his own station.

And now, seeing her stern appearance again, compared to four years ago, a little more steady and calm, but not less stern edge.

Where is the complexion of the moment to keep your mouth shut?

Lin Song scratched his head and said, "Things between you guys are too complicated for an outsider like me to get involved in saying more, but Si Qian hasn't had as easy a time as you think these past four years, so if I may..."

"No."

He hadn't even finished, and Georgie seemed to have guessed what he was going to say.

Coldly interrupting, then faintly saying, "I have a grudge against him, either he dies or I die."

As soon as this was said, the next thing Lin Song wanted to say was suddenly stuck in his throat.

Chapter 781

Finally, in the end, he accosted and lowered his head and said, "Fine, but as a friend, I still don't want to see any of you hurt, and I stood by his side four years ago because of circumstances, not because of any ill will towards you, Joe, I hope you understand."

Bella Qiao didn't say anything, her eyebrows were still so calm, but there was a slight fluctuation of light in the depths of her eyes.

She replied quietly, "It's all over."

Yeah, it's over!

All those wounds she had suffered, she could care less, all the pain she had endured, she could forget, and all those who had betrayed her, she could forgive.

But there was only one thing she couldn't care less about, couldn't forget, and couldn't forgive.

Those are the brothers and sisters who died because of her.

They knew about her relationship with Kushikan, yet they were still willing to trust her, to believe in the promises she made and that she wouldn't betray the organization.

They treat her with the utmost sincerity and passion, thinking that black is black and white is white, and although she and Gu Siqian were childhood sweethearts, her position is her position.

In the end? What did they get?

It's outright betrayal, it's genocide, it's pain and remorse poured out in blood.

There had been countless nights when Georgie had lain on the tiny iron bed in the prison, staring into the dark, deep night above her head, thinking darkly.

If time could do it all over again, what would she choose?

She would definitely not choose to be with Gu Siqian, and would definitely not choose, at that most critical time, to still believe that he could really do it, make a clear distinction between public and private, and would never use their feelings as a weapon, or take advantage of her feelings.

She's so naive!

Really, that's naive!

He was like that, step by step, using her trust and affection for her to get close to the core members of the Vermillion Bird Society, using their trust in her to put out false information, and finally killing them all without any effort.

What a cruel heart!

If you're so cruel, why didn't you kill her as well?

Countless times, Georgie had thought that, but she didn't have an answer.

Never in a million years will I find the answer.

Lost in thought, there were footsteps, and she was slightly shaken, coming back to her senses to see Yusra Lin holding Gu Siqian's arm, walking this way with a grumbling face.

"Si Qian, look, she's the one who hit me, my face is still swollen na, I was just trying to give her a glass of water and she hit me, how can there be such an unreasonable person in the world?"

She wrapped her arms around Gu Si Qian and looked up at him with a face of aggravation and admiration.

Gu Si Qian's appearance was indifferent, but he couldn't see any joy or anger, only that he looked at Bella Qiao with a few hints of an evil and cold smile in the end.

"Oh? You say she hit you?"

"Yes."

"Then just call back, what do you want with me?"

As soon as this was said, Yusra Lin stalled for a moment.

Lin Song coughed and couldn't help but explain, "Si Qian, it's not Ah Qiao's fault, she was clearly the one who first splashed Ah Qiao with a glass of water just now, before Ah Qiao fought back."

"Joe?"

Kusken bit down lightly on the word, narrowing his eyes and turning his head to look at him.

Lindsong punched.

Receiving a hint of danger signals from his eyes, it was hard to say anything more, taking a step back and looking away, pretending that he hadn't just said anything.

Only then did Gu Siqian take his eyes back.

Bella Qiao took it all in and felt a chill in his heart, but his face didn't move.

Only a cold voice asked, "I hit you, so what do you want?"

Kuskan looked at her and laughed softly.

The narrowed eyes were full of indulgent evil intent.

"I've always been reluctant to interfere in disputes between women, but Moon is now my woman and has suffered so much today, and since I've been found, I can't really just

sit back and do nothing, Miss Qiao, so why don't you just apologize, it's just a word, you have nothing to lose."

The atmosphere was instantly silent.

Yusra Lin raised her eyebrows proudly and looked at her with all the derring-do and provocation.

Lin Song sighed inwardly, unable to watch, lifted his step, and walked away to the side.

Bella Qiao's eyebrows didn't move.

In the depths of his eyes, however, there was coldness quietly gathering.

"What if I don't apologize?"

Yusra Lin snorted, "Then I'll kick you out of the castle! Don't ever come back from now on!"

As soon as the words were out of my mouth, I felt a line of sight overhead looking right at me.

When she looked up and met Gu Siqian's slightly cold gaze, she only felt a chill down her back, lowering her head in a row and shutting up, not daring to speak again.

Gu Si Qian looked up and looked at Bella Qiao.

The voice was low, but with a domineering air that could not be denied, "She has no right to drive you away, and you have no right to do anything to her, Bella Qiao, apologize!"

Bella Qiao snickered out.

It had been about a long time since I'd actually laid hands on someone, and suddenly my bones felt itchy and my fingers were tight.

She asked, "Kusken, are you sure you really want to stand up for her?"

Gu Si Qian did not speak.

Silent, but already the best answer.

Bella Qiao nodded her head, a chill gathering in her heart, and couldn't tell if she was disappointed or sad, but felt as if even the smallest little flame in the depths of her heart was about to go out.

She took a step back and said in a cold voice, "I'm not apologizing, if you're really upset, come out and we'll fight! How about solving problems like a man?"

In the meantime, Gu Si Qian's brow was slightly knitted.

Georgie has started moving her arms and legs.

Yusra Lin didn't think it would come to this, was this still a woman in front of her?

How dare you point out that you want to fight a man?

Does she have any self-awareness at all that a woman should have?

However, at this time, she didn't dare to say anything more and just looked up at Gu Si Qian with an expectant face.

I don't know how long it took, but Gu Si Qian suddenly smiled.

The laughter had a few hints of sarcasm and chill.

He said, "Georgie, you're no match for me."

Not four years ago, and even less four years from now.

Bella Qiao also narrowed her eyes, her slightly narrowed eyes tinted with a smile, but it was a chilling sight.

"How do we know if we don't try?"

Gu Si Qian saw the silence for two seconds and stepped out.

Yusra Lin didn't expect him to actually agree to do it, her heart rose with a leap of joy and pleasure, but her face showed a hint of embarrassment as she reached out and grabbed his arm.

"Siken, or...never mind."

She bit her lip and lowered her head slightly, then looked up at Bella Qiao, who was standing not far away, and said, "She's just a girl, so I'll take it if she slaps me, but I can't do anything about it if she won't apologize. That's just not worth it!"

Gu Si Qian looked at her askance.

Chapter 782

A sarcastic and cool smile tugged at his lips, "You're quite thoughtful of me."

Yusra Lin didn't see his expression, slightly dropping her eyes, her voice light and soft, "I like you, selfishly I should think of you."

Gu Si Qian, however, had no reason to be nauseous plus bored, and didn't even bother to look at her again, lifting his steps.

Realizing that he had gone over, Yusra Lin was startled, and what rose after a slight surprise was an indescribable joy that also hurriedly followed him.

The group was back on the lawn.

Bella Qiao had been moving her wrists and ankles, and said to Lin Song, who was following not far away, "Mr. Lin, stay away for a while, I'm afraid that I'll move too much and endanger you."

Lin Song looked at these two people who were going to fight in disagreement, looking embarrassed and a little helpless.

In the end, he sighed and stepped aside.

Gu Si Qian walked across to her with a steady face.

Seemingly with good intentions, she opened her mouth to remind, "Bella Qiao, I taught you most of your kung fu, plus women are inherently invincible to men in terms of strength, do you really think you can beat me?"

Bella Qiao snickered.

The stare towards him seemed to be quenched with cold knives, and one word, "Win or not win, we won't know until we fight!"

After saying that, the man had rushed over like a gust of wind.

This committee was a great fight.

The two of them were on equal footing in terms of skill, technique and reaction, with Gu Siqian having the innate advantage of a man, as he said, being stronger, but Bella Qiao was no vegetarian.

During her four years in prison, she did nothing else but meet a judo master and practiced everyday according to her methods.

Thus, Gu Siqian's strength was easily neutralized by her natural feminine softness and flexibility, and after forty to fifty moves, not only was there no difference, but the battle was becoming more and more stalemated.

Lin Song watched from the side and didn't even dare to take a breath.

Watching the two move and fight, I really think these two are just crazy!

Yusra Lin was also nervous, but not that the two would get hurt, but that Gu Siqian would lose and then lose face and blame it on her.

After all, he was doing it with this woman because of her!

The thought of this is another sweet and proud one.

I just feel as good and arrogant man as Gu Siqian, but also because of himself and people fight, visible charm is still in, before all his rejection, but is a character problem, in the end he still has his own heart, will gradually fall in love with his own.

Yusra Lin's nervousness was not yet over when she suddenly heard a bang.

Gu Si Qian whips his leg and sweeps it against Bella Qiao's leg, and Bella Qiao's whole body falls down.

She didn't shout, "Yes!Siken, you're the best!"

Linzon turned his head and glared at her.

However, before they had a second to rejoice, they suddenly saw the fallen Bella Qiao's body as if it had no bones, all of a sudden wrapped around Gu Si Qian's calves, and then the whole person went up from the calves, they didn't even see it, and the next second, they saw that she was somehow riding on his shoulder.

Lin Songton was thrilled and roared in his heart, so handsome!

Bella Qiao stuck her hands around Gu Si Qian's neck, slightly out of breath, and asked with a sneer, "Gu Si Qian, what's up?Admit defeat?"

The woman's hand was not small, stuck right in his aorta, and with her kung fu, she could kill him any time she wanted at this point.

However, Gu Si Qian only sneered, "Admit defeat?Don't even think about it!"

Afterwards, regardless, he went so far as to tug at the calf of her leg that was riding on his neck, and his whole body bent over and rolled on the ground, instantly throwing off Bella Qiao.

However, how could Bella Qiao be willing to really be dumped by him?

The body had landed together though, and the hand was still stuck around his neck, in an extremely weird and tricky position, and the whole thing was climbing onto his back again.

In this way, Rao Gu Siqian was also a bit angry.

Angrily, "Bella Qiao, what the fu*k are you playing at?Get your ass down here!"

Bella Qiao sneered, stuck his neck from behind, allowing him to hold his face red and did not relax, sneering: "Free blogging still ask so much?Gu Si Qian, I haven't seen you for four years, your kung fu hasn't grown, but your motherly skills have grown quite a bit, no wonder the Dragon Corps is getting worse and worse led by you, and now all the trees have fallen to the monkeys."

That seemed to anger the man, but his eyes were fishy red and he gritted his teeth, "I'll count to one, two, three, let go!"

Bella Qiao's neck sticks out, "No release!"

"Heh!"

A sneer, and in the next second, Bella Qiao only felt a sharp pain on her wrist, her eyes were cold, and without saying a word, she turned on her heel and flung the man to the ground.

The two men tangled on the ground again.

The stalking didn't last long, because, on the ground, where judo was originally at its best, Bella Qiao restrained Gu Siqian in a few strikes.

One hand caught him and clipped him back behind his back, the other clasped his head, and his whole body was kneeling on his back, squeezing him so hard he couldn't get up.

"How?Convinced?"

They were both panting, and Georgie smiled proudly.

Gu Si Qian's face was blue with anger, in the past few years, it was rare to show his face once to punish fierceness, gritting his teeth, "Disobey!"

As soon as the words were out of her mouth, Georgie clasped his head and pressed his face hard into the grass.

"Convince or not?"

"Not convinced!"

Press again!

"Convince or not?"

"Not convinced!"

Shit! Kitty was furious and grabbed him by the hair, so she yanked the man up off the ground, flipped him over and punched him in the stomach.

"I'll ask you again, obey me or not?"

The woman's hand was not small, sparing Gu Siqian, who was so painfully hard that he couldn't speak for half a day.

Not far away, Lin Song's face was white at the sight of this, knowing that if the fight continued like this, the two would have to fight to keep things apart, and he even ran over to separate the people.

"Joe, enough is enough, stop fighting, let's call it a day, Siken he loses."

Gu Siqian covered his stomach for a long time, finally breathed through that breath, spat the dirt in his mouth "pooh", and said angrily, "Who said I lost?".

Linzon turned his head and glared at him.

Bella Qiao stood up straight, rubbed his wrist and stared at him with a sneer, "It's okay, come again if you don't give in, if I don't beat you today until you call your mother, I won't be surnamed Qiao!"

Lin Song: ""

Yusra Lin was standing next to her, shaking with anger.

She rushed over to her, wanting to stop her, but fearing she would strike out at her, she could only stand there pointing at her, trembling even with her lips and fingers, but unable to say a word.

This woman, this woman....

It's simply awful and abhorrent!

How could she do that? Is she still a woman?
