

Chapter 781

“However, that little guy seemed to be born to create miracles! Since he was thirteen years old, he has been on the Throne of Darkness, and he has led us on crusades! The Hall of Hades and the Eight Gods Abyss have all become our dead souls!”

“Death of America” Fighting camp, Asia’s Shura Valley! Thirteen places in Europe! All slaughtered by that man! ”

What!

Listening to the story of the Blood Buddha, the blood wolf only felt his scalp burst.

Death fighting camp, Shura Valley, thirteen places!

These three names, ten years ago, can be said to be in full swing, each of them is unimaginable super cruel.

Five years ago, they were all destroyed.

Even more terrifying is the Palace of Hades and Eight Gods Abyss!

This is the once dominant force in the global dark world.

But what Blood Wolf couldn’t imagine was that all of this had something to do with his master and that mysterious man.

“Master, what’s the name of that man? He... what strength is he?” The blood wolf was dumbfounded .

Before, he originally thought that he, the top master, was already extremely powerful.

But at this moment, he truly understood that the mysterious man was thirteen years old and could kill more than ten masters like him.

Not to mention now!

I’m afraid that he now doesn’t even have the qualifications to die in the opponent’s hands.

“I don’t know his appearance, I don’t know his name!”

What?

When the blood wolf heard this, his head was even more dazed.

My master has followed that man for several years, killing countless times, and he doesn't even know what the other person looks like or what his name is?

how can that be.

"This is the iron law!"

Xuefutu looked at the blood wolf and said solemnly:

"In that place of death, except he wants you to know who he is, otherwise you can't ask!"

"Every time he appears in us In front of them, they all wore a grimace mask! Since then, grimace and skeletons have become our symbol and glory!"

"He, also known as the King of Blood Prison!"

It was him!

Hearing the name of the king of the blood prison, the blood wolf felt a cold breath, and went straight to the forehead from the sole of the foot.

He has been invincible in the assassin world in the past three years after leaving the Blood Buddha, but the most heard word is the legend about the King of the Blood Prison.

Countless international bigwigs are in awe of this name.

Countless hero killers regard this name as the highest faith.

once!

The blood wolf didn't understand why these international bigwigs were like this. After all, in his eyes, the legends of the king of the blood prison were too mysterious and weird.

At this moment, after listening to what his master said, he understood.

King of Blood Prison!

This is the godless emperor of the global dark world, the supreme god!

Chapter 782

“Okay! Hurry up and take this devil’s grass!” The Blood Buddha smiled slightly and stopped talking.

Heard this!

The blood wolf nodded immediately, took the herbal medicine, put it in his mouth, and chewed hard.

As the herbs were chewed up, a little bit of liquid medicine flowed down the throat into the stomach of the blood wolf.

Suddenly, the blood wolf felt only a hint of coolness, and it followed his stomach and began to rush into the pubic area frantically.

“Ah!!!” It hurts!

At this moment, the blood wolf only felt that his pubic area was as if he was struck by a knife, and he couldn’t help screaming in pain.

Sweat dripped from the blood wolf’s forehead.

His back was completely wet.

See this scene!

Bloody Buddha seemed to have no accident:

“Hold it! This is the medicinal effect of Devil’s Grass, slowly repairing your dantian!” When the word fell, the blood wolf was almost fainted by the pain, and suddenly awoke.

He hurriedly sat cross-legged on the ground, silently controlled his inner strength, and reunited towards his dantian.

Time passed slowly.

A quarter of an hour!

half an hour!

One hour!

... After a full three hours, the blood wolf was completely wet, as if he had been fished out of the water.

But what is shocking is that the momentum on his body has become more and more surging.

That terrifying coercion was even more powerful than the top master before he was injured.

“Are you going to break through?” A thick grin appeared at the corner of Xuefutu’s mouth.

And as his words fall!

Click!

A cracking sound rang from the blood wolf’s pubic area.

Huh...

Within a few meters, it was like a gust of wind blowing, and the surrounding flowers and plants were blown to and fro.

And the eyes of Blood Wolf suddenly opened.

“I...”

A trace of confusion appeared in Blood Wolf’s eyes. He touched his abdomen, and his face suddenly burst into ecstasy and shock:

“My dantian has been repaired! And my strength has improved. Is it?”

“I’m... Grand Master now?”

Wow...

if you are heard by ordinary people, you will be shocked.

It took ten years for Leng Aotian from the master to reach the realm of great master, and eight years for Helan Mountain.

But now!

With the help of a devil’s grass, the blood wolf not only repaired the disused Dantian, but even succeeded in breaking through from the previous top master to become a great master. If this is spread out, it will definitely make a sensation in Jiangnan.

“Yes! Devil’s grass not only has the function of repairing the dantian, but also contains the spiritual

energy of heaven and earth, which is of great help to your cultivation! In addition, you already have a deep foundation, and breakthroughs are justified!”

Xuefutu was satisfied ! Nodded.

After being confirmed by his master, the blood wolf was even more ecstatic.

This feeling of recovering from loss, or even a higher level, is simply wonderful.

“Hahaha... I succeeded, I turned out to be a great master!”

“Lin, have you seen it? Tomorrow will be the day of revenge for my blood wolf!”

Chapter 783

The blood wolf was trembling with excitement at this moment.

once!

He was defeated in front of Lin Fan and even suffered the biggest blow in his life.

But now, with the help of his master, he returns the king.

Then tomorrow’s battle of the four great masters will become...five!

Seeing his apprentice excited.

The corner of the bloody Buddha’s mouth also appeared a touch of sorrow:

“Let’s go! We master and apprentice, go and meet the Great Master Lin!”

“After tomorrow, I will take you back to the Caribbean and meet the King of Blood Prison!”

Wow!

As soon as this remark came out, blood raged all over the blood wolf.

idol!

Is he going to see his idol soon?

...

Time flies by.

When the early morning came the next day, the whole Jiang City boiled again.

On the street, crowded with people, luxury cars began to gallop towards the Jiangshi Stadium.

Today's Great Master's battle will be held in the stadium.

There is no live broadcast, only live watching.

This also made the number of places to watch the game extremely limited. Even in Jiang City, only the giant forces like the Tianlong Group and the first-class family can send people to watch the game.

Not only that!

The other twelve cities around, as well as the wealthy chaebols in Jiangnan City, the provincial capital, also sent many high-level officials to come to see the great master.

To know!

There are 13 cities in Jiangnan.

Although there are very few Big Macs and first-class families in every city, the number of people in the 13 prefecture-level cities combined is far too many.

Even if it is early in the morning, luxury cars have been parked at the entrance of the stadium.

Porsche!

Lamborghini!

Rolls Royce!

...It's like a huge luxury car exhibition. There are many different license plates of luxury cars. Some belong to Jiangnan City, some are local in Jiang City, and Yunhai City is nearby.

This seems to have gathered all the famous chaebols in Jiangnan Province, and the grand occasion is unprecedented.

Creak!

A BMW car stopped in the parking lot of the stadium.

If it is normal, BMW is definitely a very good car in any parking lot.

But now, it belongs to the most inconspicuous car.

Grandpa Bai and Baishan father and son slowly got out of the car.

When they saw the luxury cars around, the Bai family only felt that their faces were hot, ashamed and embarrassed.

“Grandpa! This car of ours is simply...a bit embarrassing!” Bai Yifan said to the old man with embarrassment.

And when he heard this, the old lady also felt a fever in his old face:

“Wait! As long as we have a good relationship with Grandmaster Lin, and then kill the new Baishi, then we will change to a luxury car!”

Hearing this, Baishan The father and son also nodded helplessly.

This time when they came, in addition to the old man watching the battle, they also hoped to have a good relationship with Grandmaster Lin.

Chapter 784

after all!

The weight of a great master is too heavy.

A word of others can determine whether your group can gain a foothold locally.

And Grandmaster Lin, who was from Jiangshi, was naturally also the coveted object of the Bai family's dream.

“Grandpa, look! That's Xu Tianlong, Blood Rose, and Zhang Guohao!”

“Huh? Mr. Fei and Mr. Qi from Yunhai City are here too!”

“There is also the Tian Family in Jiangnan City!”

“...”

At this moment, Father and son Baishan exclaimed.

Every spectator who came here was a city-level giant, and they could only be seen on TV in normal hours, but now they are all here, which is too shocking.

It's more than that!

Creak!

Creak!

Another row of Rolls Royce was parked in the parking lot.

Then, a black bodyguard with white gloves got out of the car quickly and lined up in two rows.

When the doors of two of the Rolls-Royce cars hit.

The two old men got off the two cars separately.

Seeing these two people, whether it is the Bai family or Xu Tianlong and other big men, they all refreshed.

Because these two people are Grand Master Leng Aotian, and Grand Master Helan Mountain!

“Grandmaster Leng and Grandmaster He are here! The two grandmasters haven't shown up for three years! Now they appear together for the blood of the Buddha!”

“Hey, especially this time I came to Jiang City. God, I actually abolished Grandmaster Leng's grandson and Grandmaster He's granddaughter one after another!”

“You mean, the son-in-law of the Bai family? I also heard that this kid is really cowardly !”

“...”

At this moment, after seeing Leng Aotian and Helan Mountain appear, all the big men around him Everyone, there was a lot of discussion.

The Bai family greeted them with excitement.

Mrs. Bai took the lead and took the lead to bow to Leng Aotian and Helan Mountain:

” Hello, two great masters! I am Bai Zhengxiong!”

Bai Zhengxiong?

Looking at the old lady, Leng Aotian and Helanshan couldn't help but frown.

Obviously neither of them had heard of such a number one person.

Old Mrs. Bai couldn't help but a trace of embarrassment appeared on his face, but he bit his head and said,

“Lin Fan, who hurt your grandson and granddaughter, was once the son-in-law of our Bai family. Although Lin Fan has been driven out of the Bai family, I'm The lord of the Bai family, I still have to say sorry to the two!”

Finished.

Bai Zhengxiong, led by Baishan and his sons, bowed to Leng Aotian and the others again, his face was full of flattery.

But until Leng Aotian and Helanshan heard the name Lin Fan, their expressions instantly became gloomy.

“Why? Are you here to intercede for that little beast?”

A trace of terrifying coercion spread out from the two great masters.

Suddenly the old lady Bai and others were almost scared to pee.

Chapter 785

“No, no, no! Grandmaster , please don't get me wrong!” Bai Zhengxiong's cold sweat continued to flow, hurriedly waved his hand and explained:

“We are not pleading for that little beast! To be honest, he is not only offended. bit, is also offended our white house! ” ”

this came, is the hope that the two Grandmaster, today after a battle, you can destroy the Niexu, I can be considered for the white house out of a foul smells! ”

remark One out.

Only then did Leng Aotian and Helanshan's expressions eased.

"So this is! Do not worry, after today, that little beast must pay the price!"

"Yes! He will bear the wrath of the two of us old guys!"

Finished.

Leng Aotian and Helanshan were too lazy to take a look at the Bai family. Surrounded by a group of bodyguards, they took the lead in the gym and slowly walked away.

Wherever he went, a big-time figure greeted the two great masters warmly.

Full of style and boundless scenery.

And after receiving the promises of the two great masters, the faces of the Bai family also showed a thick color of pleasure.

"Grandpa, it's great! It seems that Lin Fan is completely finished!"

"Yes! Dad, once Lin Fan is finished, we can start preparing to annex the New Bai Group. Don't forget, the New Bai Group not only has The Blue Ocean Building, and the huge industry of the Yunhai Cai Guofu brothers!"

Blue Ocean Building!

The huge industry of the Cai Guofu brothers.

After hearing this alluring word, the old lady trembles with excitement.

They just didn't find it.

The Bai family's every move fell in the eyes of Xu Tianlong, Blood Rose and others.

Several top giants in Jiangshi looked at the Bai family one by one, as if they were looking at a group of idiots.

"I don't know in the future, once the Bai family knows about Mr. Lin, they will be Master Lin. How will they react?"

Xu Tianlong's mouth was full of sarcasm.

And the blood rose also giggled:

“More than a great master? If they knew that Mr. Lin is our ultimate BOSS, I am afraid that the face of this family will be very exciting!”

Finished!

Xu Tianlong and Blood Rose looked at each other, and the two of them smiled more brilliantly.

At this moment, as a big man walked into the gymnasium, the old lady turned his head and said to the Baishan father and son:

“Okay! You can wait here, I’m going!”

The ticket for this spectator is only one ticket. Just one person, although the Bai family came a lot, without exception, they could only wait silently outside the gymnasium.

“Grandpa, this time you have to have a good relationship with Grandmaster Lin for everything! I even suspect that the reason why the people from Yunhai City Fei were not far away last time came to escort him. It was Grandmaster Lin who escorted him?”

Bai Yifan told the old lady at this moment.

Hearing this, everyone in the Bai family was taken aback.

Chapter 786

That’s right.

If there is anyone in Jiang City that deserves to be escorted by Fei Lao, Qi Lao, and all the giants in Yunhai City, then there is only one possibility, Da Master Lin.

“Yes!”

Old lady Bai nodded in agreement:

“It seems that the last time we met Lin Fan, it was just a coincidence! I’m afraid this little beast doesn’t know. He is just a shield. The person who is really escorted must be It’s Master Lin!”

Finished!

There was a strong expectation and excitement on the face of Grandpa Bai : “Don’t worry! This time, in

any case, I will try my best to get in touch with Grandmaster Lin!" As soon as the words fell, Grandpa Bai immediately contacted the group of Jiangshi. The giants slowly walked towards the stadium.

At the gate of that gym.

There is a strong and powerful bodyguard who checks the invitations there.

Only after confirming that the invitation is in person, will it be released.

At this moment, Bai Yifan and Baishan father and son disappeared behind the entrance after seeing the old lady passing the security check.

Only then did the father and son breathe a long sigh of relief, and the excitement on their faces became more intense.

"Dad! I now look forward to the future of our Bai family even more!"

The smile on the corner of Bai Yifan's mouth almost reached the roots of his ears, and there was a sparkle of excitement and expectation in his eyes:

"Once Lin Fan is caught by the two great masters. Abolished, the new Bai family is swallowed by us, and coupled with the relationship with Grandmaster Lin, then our Bai family will become the most powerful family in Jiang City!"

Hearing this.

The Baishan beside him was flushed with excitement.

However, just when he just wanted to say something.

But he saw a figure.

Ok?

"Yifan, do you think that person riding an electric bike looks like... Lin Fan?"

What!

Bai Yifan was startled when he said this.

Lin Fan?

What is his little trash son-in-law, doing here?

Especially, the two great masters are his enemies. Didn't this guy come here to seek death?

Right now, Bai Yifan quickly turned his eyes and looked in the direction of the entrance of the parking lot.

I was surprised to see that an electric car drove slowly into the parking lot of the stadium.

This is more than that.

The scene that shocked Baishan and his son appeared.

I saw that Lin Fan not only came in on an electric bike, but also stopped in a very spacious VIP parking space.

After that, he put his electric car in the VIP parking space seriously, and took out a chain, carefully and carefully locked the electric car.

Chapter 787

"This... is this guy crazy? He actually parked his electric car in the VIP parking space! And it was locked?"

Bai Yifan's jaw almost fell off at this moment.

You know, that VIP parking space is for Grand Master.

For example, the previous Rolls-Royce of Leng Aotian and Helanshan stopped at the VIP position.

And now.

Lin Fan parked an electric car next to Rolls-Royce. The difference between them made Baishan and Bai Yifan speechless.

This is more than that.

Let the Baishan father and son be full of black lines.

After Lin Fan locked his electric car in the VIP parking space, he even pulled the chain vigorously, as if he was afraid that his electric car would be stolen.

“Ni... Nima! This weird thing ...” Baishan father and son sweat.

A whole parking lot, hundreds of luxury cars, who would steal your electric car if his head is squeezed by the door?

However, the two were speechless to speechless, but their minds were extremely puzzled.

“The strangest thing is, how could this kid come to such a place?”

Bai Shan frowned, but felt something was wrong in his heart.

As for Bai Yifan, a sneer appeared at the corner of his mouth:

“Dad! Let’s ask if we can find out!” With that, Bai Yifan stepped towards Lin Fan.

When he just walked in front of Lin Fan, a thick scornful and sarcasm smile appeared at the corner of his mouth:

“Ah! Isn’t this the Jiangshi hero who abolished Master Leng Bufan and Miss He Jiaojiao?”

“What? Lin Fan, are you here to die?”

Bai Yifan’s words were not polite, but they came up with mockery and ridicule.

just.

Lin Fan was too lazy to look at him, and said indifferently:

“It’s your shit!”

After saying this, Lin Fan looked like an idiot, glanced at Bai Yifan, and then wanted to pass him straight.

“You...”

Bai Yifan was ignored by Lin Fan and flushed with anger. He gave Lin Fan a vicious look, threateningly said:

“Boy, do you know that you parked your electric car? What location?”

“That’s a VIP location, let alone a damn thing of you, even the most powerful Xu Tianlong in our Jiang City, dare not stop there!”

“VIP parking space, it is for Grand Master. Yes, what are you?”

Bai Yifan’s voice was cold.

It’s just that Lin Fan didn’t bother to pay any attention, he went straight to the entrance of the gymnasium at this moment.

”

Yeah ?” “Lin Fan, it seems that you are really good at it! You still want to enter the gymnasium? Hahaha...”

After seeing this scene, Bai Yifan suddenly bent over with a smile.

Not only him, but the Baishan next to him shook his head in disdain:

“This idiot is starting to get muddled again! Only the top wealthy chaebols in each city are eligible to enter this stadium! Isn’t he looking for ugly? ? ”

moment, Bai Yifan and White Mountain and his son, surrounded by his hands, slowly starting to see a good show.

Chapter 788

At the entrance of the gymnasium, there are savvy bodyguards who will be released only after verifying the body.

But Lin Fan couldn’t take out the invitation card, so he would only be expelled, and he would definitely lose face by then.

Da da da!

Under the gaze of the father and son, Lin Fan got closer and closer to the entrance.

Until he came closer.

But there is no intention to come up with an invitation.

“Hahaha... this guy really didn’t have an invitation! Look at it, he will be expelled in a while?”

“Idiot, this guy is really an idiot!”

Baishan father and son almost bent over with a smile.

However, their smiles just appeared, and the next scene was frozen instantly.

Hoop!

Immediately after Lin Fan walked in, he saw that all the dignified black bodyguards brushed their bodies together, and then bowed to Lin Fan as much as possible.

More than a dozen security guards bowed together, and this scene was extremely shocking.

This scene fell in the eyes of the Baishan father and son, causing the sneer on their faces to freeze in an instant, and the eyes of the two almost fell out.

“Dad! I... Am I really wrong? Lin Fan seems to be... in?”

Bai Yifan swallowed fiercely, his face flashed in disbelief.

More than him.

The Baishan beside him was completely dumbfounded.

“No...impossible! Anyone who is invited to watch the battle can only enter with invitations! This kid obviously didn't take out the invitations. Are those security guards idiots? How can you let him in?”

Bai Shan rubbed hard. Own eyes.

After he was convinced that Lin Fan didn't even have an invitation card, he entered the gymnasium and disappeared in the corridor, Baishan was completely blown up.

“No! I'm going to ask them!”

finished.

At the moment, Baishan took Bai Yifan towards the entrance.

The father and son had just approached the entrance.

I saw that more than a dozen black-clothed bodyguards instantly hulled and stood in front of them,

waiting for them one by one, with fierce anger on their faces.

“Sir, please show your invitation card!” The headed bodyguard in black said coldly.

And heard this.

Baishan suddenly shouted angrily:

“What invitation! Don’t you have bad eyes? I didn’t see that guy just now, there was no invitation at all, how can you let him in?”

“Also, are you idiots? Why do you want to ask him? Bow? What kind of thing is he?”

Bai Shan was furious. After all, the scene just now was really slapped, so how could he accept it.

Bai Yifan on the side also clamored.

“Didn’t you see? That kid came here on an electric car? He was so timid and parked his electric car in the VIP parking space!”

“That is the parking space of the Grand Master, he is a waste. , Why?” The father and son scolded again and again at this moment, without being polite.

And hearing these words, the eyes of the black bodyguards became more and more cold.

“Does it have anything to do with you?”

Chapter 789

what!

When hearing the words of the headed bodyguard in black, Baishan and his son both stayed for a while.

“You...what did you just say?” Bai Shan could hardly believe his ears.

It was just the next scene that made him dumbfounded.

The headed bodyguard in black looked at the Baishan father and son, as if looking at a pair of idiots, and said with a sneer:

“I said, the gentleman’s car just now, if you want to park, just stop it!”

“He thought When you enter the gymnasium, you enter the gymnasium!”

“Fuck you...shit!”

I...my Nima!

After hearing the words of the black-clothed bodyguard, the minds of the father and son Baishan suddenly ran across 10,000 grass mud horses.

What’s wrong with this?

Is this world crazy?

A small wasteful son-in-law, let these bodyguards maintain so?

This is more than that.

The black-clothed bodyguard named the head cold his eyes and waved his palm:

“Come here! These two guys dare to insult Mr. Lin and throw them out!”

“Yes!!!” He drank after a while.

Hoop!

A group of black-clothed bodyguards gathered around, grabbing Baishan father and son with all hands, and threw them out like a dead dog.

at the same time!

In the gymnasium, after Lin Fan walked in, he went straight to find a quiet place and sat down.

He ignored the farce outside the gymnasium and didn’t bother to care about it.

In his eyes.

The Bai family is just a group of ants, nothing more, and there is no interest even to give him a second look.

“Blood servant?”

Lin Fan’s gaze turned straight to the high platform of the gymnasium, and deep excitement and

excitement appeared in his eyes.

The Blood Servant hadn't seen his true face, especially, Lin Fan's voice now was far different from when he was in the Blood Prison.

As the King of the Blood Prison, his voice was cold and awe-inspiring, like a demon of hell.

And now!

With the three years of living in Bai's house, his voice was calm and gentle.

Not to mention the blood servant, even any blood prison powerhouse could not distinguish him at all.

"Today, it should be the first time you have seen my true face!"

Lin Fan smiled, and now began to close his eyes and calm down.

At the same time.

The big guys in the front seat were whispering and talking.

"Hey, now Grandmaster Leng and Grandmaster He are here! Why haven't you seen the mysterious Grandmaster Lin?"

"Cut! According to me, the surname Lin might not come at all! Otherwise, Blood Buddha I provoked it twice on TV, why didn't the one surnamed Lin respond once!"

"Yes, after all, the Blood Buddha is a super murderous man who has long been famous! The Great Master Lin may be just a newcomer, so he dare not come. Normal!"

Chapter 790

Almost all around are bigwigs from 13 cities in Jiangnan.

At this moment, the topics they discussed were almost all about Master Lin.

In particular, the conclusions are extremely uniform.

That was Great Master Lin, who didn't dare to come, let alone fight the bloody Buddha.

clatter!

And just when everyone is noisy.

A heavy footstep suddenly came from the high platform in the center of the gymnasium.

Everyone saw that from the left and the right of the high platform, two figures slowly stepped up.

It is Leng Aotian and Helan Mountain.

“Look, the two great masters are on stage! The time that the bloody Buddha said is coming soon!”

“I really look forward to it! I don’t know that the two great masters will be able to kill the murderer here!”

“...”

Many big men are full of excitement.

Punish?

That’s right!

In China, there is an unwritten rule.

Anyone in the martial arts, revenge or challenger, as long as the two parties do not agree to “stop until”, then even if there is a murder case, the official will not pursue it.

In other words.

Today, whether it was the Blood Buddha who killed Leng Aotian and Helan Mountain, or the two of them killed the Blood Buddha, they would not be caught.

This belongs to the personal grievances of people in martial arts, nothing more.

now!

Under the admiration of everyone, the two great masters have already stepped onto the high platform.

“Everyone!”

In Leng Aotian’s voice, there is real energy, like a rolling wave, spreading to every corner of the gymnasium.

His sharp eyes swept across the figures in the stands.

As he passed, the big men on the stands instantly became quiet.

Everyone only felt that Leng Aotian's gaze was like a cold knife scraping from their body, making everyone feel cold all over.

"This...is this the gaze of the Great Master? Oh my god, I have a shudder from the soul with just one look?"

Many big bosses were silent at this moment.

Almost instantly, all the noisy sounds in the entire stadium stopped abruptly, and the needle drop could be heard.

Until then.

Leng Aotian nodded in satisfaction, and then continued:

"Today, the old man and Brother He came here to kill China!" "Presumably everyone also knows that the bloody Buddha, with such a fierce reputation, died in his hands. The martial arts powerhouses on the go, the corpses are exhausted, this kind of people, our generation will get rid of!!!"

Leng Aotian's words were awe-inspiring.

The many big brothers who said suddenly were enthusiastic and cheered.

This is more than that.

Leng Aotian continued:

"Also, there is a new great master in Jiangshi , but the old man and the two have never seen this person, and I don't know if this person is really as his name!"

"But the only certainty is , Grandmaster Lin, we can't count on it anymore!"
