

# Super Rich Dad Chapter 784-786

## Chapter 784

Ning Kun's meaning is very simple, he just hope to take this opportunity to directly tell Jiang Hao the truth, as well as their identity.

But for Sally is still a little too early, not just for her own selfish reasons, but more because she does not want Jiang Hao to look at himself with a colored eye in the future.

There were rumors that Sally had fallen in love with Jiang Hao, and Sally herself did not refute the rumors.

Ning Kun looked at Sally's indecisive look, his heart immediately thought of this matter, and then lightly smiled and said 'What, you don't really see that boy, right?'

Sally face slightly red, lowered her head to speak like a mosquito, 'If it is true, what are you going to do?'

Ning Kun looked at Sally dumbfounded, this is the first time he saw this tigress become this way, instantly felt himself a little frightened!

'Hey, hey, hey, you have to think clearly, this matter is not a joke, especially at this time now.'

Sally raised her head to face Ning Kun, the reason why the Shen Clan and them basically did not make any trouble in the well back then, in addition to someone being secretly responsible for communication between the two sides.

More than that, the reason was that the person in charge of the Shen Clan back then actually knew their old man as well.

After taking a deep breath, Sally shook off her head trying to expel this thought from her mind.

'Anyway, you should leave this matter alone, I will naturally have my thoughts on my side, you first take these people on hand and scatter them.'

'Will it be a little too early to disperse, I think Shen Qingshu and Shen Wennian the two foxes should not show their fox tails so soon, right?'

The two were silent for a long time, Sally opened the computer and looked at it, which showed the data of both sides of Shen's group and Xincheng group.

'It's only one morning today, the New Cheng Group's funds have already started to stabilize, on the contrary, the Shen family is still still a bit turbulent, so I think there should be no small problem within the Shen family.'

Ning Kun is naturally clear about these things, while smoking a cigarette while looking at the data on the computer some emotions said 'I had the idea when I was in Xincheng before, this old man Chen secretly must have hidden a lot of things.'

Sally nodded slightly at this, only with a day's time, Chen Jingdao has pulled out at least two management team and a team responsible for risk control.

These people add up to at least not less than fifty people, and so many people have been holding some obscure positions in the New City Group before.

Just because of Ran Sheng's ascendancy, these people came forward, it seems that this is Chen Jingdao left a long time ago the backhand.

Thinking of here Sally are some emotions said 'the entire North, I think has been preparing for the root of any family to start a war, only Chen old man.'

Ning Kun listened to a slight nod, a trace of appreciation flashed in his eyes, 'the older generation of people are more worried about the sense, their new Cheng group is only a rookie, after all, this is just as well.'

Said here, Ning Kun some bitter smile shook his head and continued 'the most important thing is that I think he is also clear about what his son is a virtue, the reason for this is afraid that every day is worried that someone will suddenly stand out.'

Sally nodded slightly and closed the computer, then looked at Ning Kun and said in a deep voice 'I do not want to care about these things for the time being, give you a task, I ask you to find out everything about the situation of Shen Tianyang's men.'

Ning Kun listened to a slight stare, then looked at Sally and said 'Who will keep an eye on Shen Qingshu's side, do you expect Old Black? I don't believe he has that kind of ability.'

Not afraid of laughing, Ning Kun's image of Old Black has always been a silly big thick, he does not believe that Old Black can do such fine work.

But the reality is often the opposite, even Zhang Fei of the Three Kingdoms period also has an embroidery needle-like mind, not to mention the old black.

Sally snickered at Ning Kun and roared, 'You really don't look down on Old Black, in fact she graduated with the first grade in the headquarters!'

Knowing this news, Ning Kun was so shocked that he could not say anything, and kept chanting 'Fake it, that guy would have such a brain?'

Sally nodded with a light smile and said 'If it wasn't for that, why do you think I would transfer him to my side, I can actually save a lot of time in a day with him.'

Every leader has his or her own team, and Old Black is the equivalent of the head of Sally's team.

Although he is nominally just Sally's driver as well as bodyguard and so on, but in fact all the affairs in the whole villa Old Black is qualified to manage.

This is not only because of the ability of the old black problem, more reason is that Sally herself ordered him.

This in Sally is still only a teenager chose the old black, until now.

Ning Kun looked at Sally in silence, seemed to be a little confused, why Sally at first glance to see the old black it.

Sally, perhaps because she is used to such a look, although not looking up, but know what is in the mind of Ning Kun.

‘Everything in this world has a certain value, even including people, but there is a kind of person who has no value.’

After saying this, Sally raised her head to look at Ning Kun and smiled, ‘Old Black is this type of person, and so are you, so I hope you can not return to the headquarters in the future, how about following me?’

Sally's identity is unspeakable to Ning Kun, can make Sally to his own initiative to throw an olive branch, such a thing is already very rare.

But Ning Kun did not know what came to mind, the corners of his mouth some bitter smile roared and said ‘Well, no, I am not very good natured, if I rely on you here, I am afraid it will bring you trouble.’

The words just fell, Ning Kun walked out of Sally's office, because he really did not want to face Sally's eyes again.

It was as if she could see through what was going on in people's hearts and could reach the bottom of people's hearts, leaving them with nowhere to hide.

Everyone has their own secrets, especially Ning Kun, he also carries some of his own things, or he would not have joined this organization.

When Sally was slightly disappointed, the phone rang in her hand, and when she got through it was the news that Old Black had safely delivered Jiang Hao to the hospital.

Sally nodded gently and was about to hang up when Old Black suddenly said in a deep voice, ‘Chief, did you talk to him about Ning Kun's side of things, how did it go?’

Sally smiled bitterly, it seems that the identity of Ning Kun is not too simple.

‘He refused, it looks like he does not want to stay and work by my side.’

After saying this, the two briefly chatted, Old Black drove back to the villa, and as usual continued to stand calmly and coldly outside Sally's office door.

The first day the Shen family and Chen Jingdao declared war, the two families fired the first shot in the stock market based on the issue of funds.

Just one day, the number of funds turnover on both sides is already an incalculable number, but no one dares to stand out to stop it.

Even the people in power, including the North House, did not dare to come forward, because this war without smoke is simply that they can not be swayed.

Sally is also the same, she stood outside the circle to watch the two families in the field like wolves bite each other, not the people inside the circle simply do not know how cruel this war is.

At this time in the Shen family mansion, Shen Qingshu sitting in front of the desk, the desktop is placed on Chen Minggang's previous photos and the following information.

Shen Wennian sat on the main seat with a gloomy look at his son 'That old dog Chen Jingdao is simply crazy, this is only two days, they have already invested nearly more than one hundred million dollars!'

This number may not be a big number, but compared to their previous operations, it is already very impressive!

Shen Qing Shu narrowed his eyes slightly and said in a deep voice, 'Don't worry, they won't last long, if we talk about the financial strength alone, Chen Jing Dao, the old dog, is still no match for our Shen family.'

Although the tone is low, but the words are a truth.

The Shen family has been operating in the northern province for so many years, how can a Chen Jingdao easily overthrow?

Shen Wennian naturally also knows, but he is worried about this joint eye will have some people stand out, intend to take advantage of the two sides of the fight, for their own benefit.

The company's main goal is to provide a better solution to the problem.

Shen Qingshu frowned slightly and shook his head back, 'It's hard to say, this matter seems a little too complicated at the moment, the most critical thing is that I can't find an excuse to bring that Shen Yan back.'

The most important thing is that I can't find an excuse to bring that Shen Yan back. Thinking of this Shen Qing Shu is a burst of frustration, if not because last time Jiang Hao was taken away, he was afraid that he would have taken the opportunity to find out the truth about Chen Minggang.

Shen Wennian was silent for a long time and then suddenly shook his head and got up and said, 'In that case, then you continue to work on your side, it looks like I need to go find someone to help.'

At this time, the Shen family is like sitting on a powder keg, just a little effort Chen Jingdao, countless people like wild dogs will swarm, trying to rip off a piece of meat from the Shen family to share.

He could not accept such a thing happened, so even if he had to sacrifice part of the cost, he had to go to find someone to come forward to help.

And the only person who can help their northern Shen family is only one person, and that is the leader of the overseas Shen family, Shen Tianyang!

Shen Qingshu naturally knew what his father was thinking, although he had the intention to stop it, the pride in his heart did not allow his father to bow down to Shen Tianyang.

But the situation at hand, just a little one person to stand out to be the first to eat crabs, everyone behind will follow closely.

After closing his eyes and taking a deep breath, Shen Qingshu looked at the documents on his desktop, among which was a picture of Jiang Hao.

'I will definitely catch you, remember me, I will make you pay for this time!'

The development of the situation in the North House was not as expected by Shen Tianyang, but only five days or less, Shen Wennian called him.

In the phone call, Shen Wennian politely proposed that he could come forward to help, and if possible, he was willing to pay some appropriate price.

But what Shen Tianyang wanted was not a piece of meat, what he needed was all of it, for this request Shen Wennian naturally refused.

The two talked for a long time before agreeing that Shen Tianyang would negotiate with Chen Jingdao, and then Shen Tianyang would take out a portion of the money to relieve the North House Shen family.

Originally, the North House Shen family was not so unhelpful, but in just a few months' time, Shen Qingshu first declared war on the Lin family.

According to the West Spring Residence project and the Lin family wrestled a bit, resulting in a break in the flow of funds back, which has become the current situation.

On the other hand, when Shen Tianyang saw the Shen family in the northern province asking for help, he was naturally very proud of himself.

The only one known to be the strongest among all the branches of the Shen family now is him, which makes Shen Tianyang see the hope of leading all the Shen branches in the future and becoming the new Shen clan!

When Shen Tianyang negotiated some terms with Shen Wennian, soon Shen Tianyang's men rushed to the North Mansion with their men, and the specific situation was naturally passed to Sally's side.

Looking at the report on the desktop, Sally rubbed her brow with some headache, the situation was getting more and more volatile, plus the sensitivity of Jiang Hao's identity.

Although Jiang Hao has done a disguise, but a long time down can not guarantee that it will not reveal any horses.

The most worrying thing for Sally is that she is worried that with Jiang Hao's character, if he sees Shen Tianyang's people appearing in the North Mansion.

I'm afraid that Shen Tianyang's men will not be able to return, after all, Jiang Hao has now reached the fourth level of martial artists, such a realm to deal with those people is just a matter of squeezing to death.

But once Jiang Hao did so, I'm afraid the consequences will be Shen Tianyang's realization attracted to the North Mansion, so Chu Jiang's matter will be repeated in the North Mansion.

This is what makes Sally feel the most headache, thinking about these things, Sally will have a headache.

The old black stood in the office looking at Sally's uncomfortable look, a trace of worry flashed in his eyes and said, 'What's wrong, boss, is there any trouble.'

Sally nodded slightly and then said, 'Shen Tianyang sent people over, according to the news, there are more than a hundred second-level martial artists, followed by about two billion dollars.'

After just a little consideration, Old Black knew that it looked like the Northern Province Shen family had finally put down their faces and asked Shen Tianyang for help.

Thinking of this, Old Black spoke with some disdain and said, 'Thanks to them, they are still the first in the North, I didn't expect that after only a week or so, they would start asking for help.'

Sally nodded with a bitter smile, although she also thought so, but there is another reason she also had to admit.

Chen Jingdao, the old man, was indeed ruthless, and those people led by his adopted son Ran Sheng were indeed very capable.

Ran Sheng took over the position of president of Ning Kun, just one day will be collected for the company nearly more than 30 billion, which is nearly already all the funds of the New City Group.

Faced with such a situation, the Shen family in a short period of time and where to find someone to help it.

Although the Shen family has allied with the Xue family, but in the face of Chen Jingdao so crazy move, the only thing the Xue family can do is to protect themselves.

At this time, not to mention the Xue family, even if she Sally with money to join the feast, I'm afraid the consequences are unpredictable.

Perhaps Ning Kun had his own intelligence channels, and soon he knocked on Sally's office door with a document.

Old Black turned his head to look at Ning Kun standing in the doorway, a complex look flashed across his eyes.

He had hoped that Ning Kun would stay and assist Sally with him, because in the near future, Sally would become an uncompromising leader.

And she will not just lead a district in the North, even Chu River and other places will also be assigned to Sally's area of responsibility.

But what Old Black did not expect was that in the face of such a good future for Sally, Ning Kun was still able to refuse, which could not let him think more.

Ning Kun just smiled in the face of Old Black's complex eyes, ignoring the fact that he walked into the office to place the documents in his hand in front of Sally.

'I received news on my side, Chujiang side came over more than a hundred second level martial artists, among them there is also a third level leader, is Shen Tianyang's people.'

Sally nodded calmly and said in a deep voice, 'Well, these people came to relieve the siege of the Shen family in the northern province, it seems that Shen Wennian has bowed to Shen Tianyang.'

Receiving such a reply, Ning Kun frowned and said 'This is the first time Shen Tianyang has made the Shen branch bow to him, it looks like he is not small in ambition.'

For such a guess, Sally obviously also has, but she did not say it.

Another reason was that the attitude of the headquarters side towards Shen Tianyang was also somewhat ambiguous, thinking of the order for them to protect Jiang Hao, it looked like someone in the headquarters was also playing some ideas.

After Sally looked up at Ning Kun, she saw the same idea in the other party's eyes.

After a period of silence, Sally turned to Ning Kun and said flatly, 'What do you think about Jiang Hao's matter?'

Ning Kun shrugged, leaned on the desk and old black looked at each other after a deep voice said 'My suggestion is to simply tell Jiang Hao the truth, and then see what he will do.'

Here he hesitated, then said in a deep voice 'Three days ago I received some reports from the Northern Government about Shen Tianyang, there is a key figure, Shen Haoting.'

Sally closed her eyes and pondered carefully for a long time before nodding 'Shen Haoting, Shen clan's people that year, to Shen Tianyang begged for mercy to stay a life, and later died in the battle of Xiyang Valley to protect Jiang Hao, I'm not wrong, right?'

Ning Kun some surprised look at Sally, do not understand he just said a name, Sally how can say so detailed!

Old Black smiled slightly at Ning Kun's surprise, before interfacing 'You may think you're ruthlessly smart, but I'll tell you, the old boss's previous but has the nickname of human computer.'

Sally laughed lightly twice before laughing somewhat suspiciously 'These do not need to say, I asked you Ning Kun, you intend to tell the truth to Jiang Hao what is the reason?'

Looking at Sally eyes flashed a trace of coldness, Ning Kun involuntarily shivered.

For a moment, Ning Kun looked at Sally's eyes as if he saw a fierce tiger that chose to devour people.

'Shen Haoting died before there are many people are unaccounted for, there is a woman I think you should all remember it, with the information is attached together.'

Sally frowned at the thought and nodded 'Well, I have read this report, a woman who worked for Shen Haoting, age unknown, appearance unknown, strength unknown, whereabouts unknown.'

After saying these words, Sally some disillusioned bitter smile said 'I do not know how the Chu Jiang side of the people are doing things, there seems to be no information on this woman.'

Ning Kun shook his head and said in a deep voice, 'Not no information, but the information is tampered with or deleted, I want to tell the truth to Jiang Hao's reason here.'

Old Black and Sally looked at each other after seeing the shock in each other's eyes, to know that the security of the North House is not as important as the headquarters, but it is also a very important stronghold!

To tamper with and delete such important information there, it was like a fool's errand!

Ning Kun apparently did not care about Sally and Old Black's shock, he just laughed lightly and said 'You can choose not to believe me, but you must believe in my findings.'

When he said this, he took out two more documents and a USB stick, and then pointed to something and said, 'This is the original record, I retrieved overnight from the headquarters backup, and Chu Jiang's records are completely different.'

'You mean you want to use Jiang Hao's identity to find out if someone is lurking within us?'

Old Black looked at Ning Kun and frowned, they were, after all, people from the Northern Province, not from Chu Jiang's side.

If they did that, it would probably offend the people in charge on Chu Jiang's side.

Sally obviously had the same idea, only she was interrupted by Ning Kun before she could speak.

‘No, there’s another reason, I want to catch Shen Haoting’s hidden money chain, think of how big a haul that would be!’

Even though Shen Haoting didn’t have a good time afterwards, how could the people of the Shen Clan admit defeat so simply.

While saying this, Ning Kun propped his hands on the desk and Sally looked at each other and said ‘This is not a small amount, it can make a lot of people do a lot of things.’

‘I’m afraid what you want most is to know how Jiang Hao is really perceived over at headquarters, right?’

Sally was not fooled by Ning Kun, although the property left behind by Shen Haoting must be very impressive, but it is not just a casual access, they do not have so much time to do something useless.

On the other hand, if you think about it, if you tell Jiang Hao the truth, with his character will definitely do something more out of the ordinary.

At this juncture had to Ning Kun slightly to Shen Tianyang’s men to reveal a little bit of the wind, Shen Tianyang rather kill the wrong principle, Jiang Hao will be in big trouble.

When the time comes, you will be able to infer from the orders sent down from the headquarters side, how the headquarters actually view Jiang Hao.

Old black silent for a long time after looking at Ning Kun cold voice said ‘you know what you are doing, some things should never be tested, this is the North!’

Sally also looked at Ning Kun with cold eyes ‘I can accept your rejection of me, but I can’t accept you doing anything in my territory, there is no room for negotiation in this matter!’

Ning Kun seems to be quite surprised by Sally’s reaction!

‘Think carefully, if we learn in advance the attitude of the headquarters towards Jiang Hao, we may be able to support him to the top before the headquarters!’

Ning Kun’s idea was that simple, he didn’t want to play any balancing power game, that wasn’t something he could think about.

If the headquarters side of the people do not give him the opportunity to rise to the top, it does not matter, he can make some preparations in advance, and then fight for the opportunity to rise to the top themselves!
