

Super Rich Dad Chapter 789-790

Chapter 789

The reason why Jiang Hao will say this naturally has his reasons, because Sally will definitely not sit back and do nothing.

In fact, Sally's side is indeed the same, in Shen Qingshu just began to investigate, she has created a lot of problems to Shen Qingshu.

One of them is to let Ning Kun to deal with Shen Qingshu's investigation, trying to intercept him back.

At this time within the New Cheng Group, Chen Jingdao is sitting quietly in the president's office drinking tea, Ran Sheng is wearing a pair of flat glasses looking at the computer, from time to time open his mouth to say something.

'The Shen family has invested about two hundred million in the stock market at one time, it looks like they have invited outside help, what should we do?'

Ran Sheng looked at the computer above the big data can not help but frown, at this time the new Cheng Group internal funds although there is still a large part, but if the transformation into a protracted war to give the Shen family the opportunity to breathe.

The consequence is that the respite from the Shen family will use their huge capital flow, and then a breath will be the new city group to collapse, this is the game of money.

Chen Jingdao tea cup action slightly paused, and then said in a deep voice, 'For the time being, do not bother with those, continue to follow the original rhythm.'

After hearing these words Ran Sheng nodded slightly, picked up the desk landline to call a person, and then simply instructed after taking off the glasses some tired rubbed the glasses.

'Uncle Chen, if we continue like this, I'm afraid we'll soon lose the battle, someone just said that the North Province Shen family has already asked the overseas Shen family for help.'

Chen Jingdao nodded and smiled, 'I know, hold on a little longer, if I'm right, someone will come forward soon.'

The reason why no one dared to resist some of the things done by the Shen family in the northern province was because there was no one to lead.

Chen Jingdao was confident that he could be a leader, as long as he could hold on, then the rest of the people would definitely follow, he just needed to hold on for a while longer.

Ran Sheng looked at the uncle who raised him, slightly stunned, at this time Chen Jingdao looks like an old man sitting firmly on the fishing platform.

Who knows why Chen Jingdao would be so confident, thinking that as long as he continues to hold on for another someone to help.

But the turn of events is so fast, just when Ran Sheng is worried about the funds, suddenly the arrival of an unexpected guest broke the deadlock.

The landline on the desk rang, Ran Sheng answered and promised that the phone was the receptionist downstairs to call in.

Said only one sentence.

‘There is a person who calls himself Old Black wants to Dao president’s office, please ask the manager is it convenient for you now?’

Chen Jingdao as if anticipating everything, turned his head to look at Ran Sheng faint smile ‘Look, it is not someone to come?’

By the time Old Black walked into the office, Ran Sheng was sitting calmly at his desk, while Chen Jingdao was sitting quietly on the sofa drinking tea.

Old black first carefully looked at Ran Sheng spoke ‘Well, before has not been much attention, now it seems that I am a little clumsy, did not expect Mr. Ran has such talent.’

Ran Sheng to the old black lightly smiled and nodded and laughed, ‘No, no, no, you are somewhat polite.’

Chen Jingdao looked at the old black standing at the door and then opened his mouth and laughed, ‘What is the matter, come in and say, do not make people feel as if I have neglected the guests.’

After saying this Chen Jingdao poured a cup of tea for Old Black, and then reached out to indicate Old Black to sit down.

After Old Black was seated, he spoke softly and said, ‘What do you want to do today?’

‘I received some news that the overseas Shen family has assisted the North Province Shen family with more than two billion dollars as a temporary emergency, so I think your side might need some help.’

Hearing this, Chen Jingdao and Ran Sheng’s heart could not help but follow a jump, especially Ran Sheng, a stone hanging in his heart finally fell down.

Chen Jingdao is calmly looking at the old black smile ‘Really, how do you plan to help me, overseas Shen family I’m afraid I have to be more familiar with it than you.’

The main reason why he said this is because before he handed over the Xincheng Group to his son, in order to lay a good foundation for Chen Minggang, he went directly to the overseas Shen family.

For this point old black obviously know, so he smiled slightly and said 'I certainly have my way to help, just see if old Mr. Chen will not mind.'

Chen Jingdao eyes flashed a cold awning, looked at the old black face not happy not sad look said 'Tell me, maybe I will accept your opinion.'

'By our boss to fund to your assistance, we will also cooperate with you to continue to block the flow of funds of the Shen family.'

'What is the price, I don't believe your boss will just stand up and help for no reason.'

Chen Jingdao has always followed the truth that there is no free lunch in the world, especially when you as a businessman are faced with the apparent generosity of another businessman, you have to be more careful.

Because the only reason that can make the other party generous is that he wants much more than what you think.

As expected, the old black heard Chen Jingdao's words after just a light laugh and said 'the price is very simple, regardless of the success or failure of this matter, we want fifty-one percent of the shares of the new Cheng Group!'

Ran Sheng listened to the hand directly on the table, shocked to look at the old black said 'impossible, this is not directly give the company to you?'

Faced with Ran Sheng's shocked look, the old black head did not return, but continued to look at a pensive Chen Jingdao.

'Old Mr. Chen might as well consider it, as long as you agree to this condition, we don't even need you to sign any contract, just a verbal agreement, we will take the plunge!'

Chen Jingdao took a deep breath after smiling at Old Black 'So I am underestimating that girl? Fifty-one percent of the shares, isn't that wanting the decision-making power of our company.'

After two bitter laughs, Chen Jingdao shook his head and lit himself a cigarette.

After a deep puff, his eyes a little lost to the old black said 'I Chen Jingdao twenty-eight years old to start a fortune, forty-five years old created a new Cheng, so many years down what has not experienced?'

Old Black looked at the smoke shrouded old Black laughed and said 'in that case, how should things be done, please Chen old man express.'

'I agree to this condition, but there is one thing, as long as I am still alive in this world for one day, Xincheng is my Chen Jingdao.'

When he said here he paused. Then smiled bitterly and said 'You see I am a bad old man will not live long, I think you will not mind this condition, right?'

Old Black shook his head with a bitter smile 'You are planning to wolf the rhythm of the empty glove, so I will be difficult to go back.'

Although the old black mouth said so, but the heart is already happy, they only need to use Chen Jingdao's identity out of just, and not really want the new Cheng.

Chapter 790

That said, but the money is a real investment, even if Sally is the head of the North side!

Old black according to the next cooperation matters with Chen Jingdao carefully communicated, then got up and intended to leave.

Before leaving, Chen Jingdao looked deeply at Old Black and asked a question that made him a little creepy.

'About my son's death, I don't know if there is some different news from your old boss's side, if so, please also tell us directly, okay?'

If not by virtue of years of experience in reading things, I'm afraid the old black in his eyes when he asked this sentence, the activity of the eyes directly exposed.

After taking two deep breaths to stabilize his mind, Old Black looked at Chen Jingdao and smiled and said, 'If possible, I will definitely ask the people above me, and then give you the news.'

Chen Jingdao smiled and nodded, then watched Old Black leave.

Just wait for the old black out of the office, Ran Sheng is a little anxious to speak 'Uncle Chen, why you have to agree to that fat man's conditions, this matter is not as simple as it seems.'

Chen Jingdao sat back on the sofa, and then picked up a cup of tea unhurriedly sip, and only then returned 'some things you have to see in private, now you can not see through, just because you do not have that position.'

Faced with this sentence, Ran Sheng face confused, said he did not understand some.

And Chen Jingdao quickly pointed to the table and opened his mouth and laughed, 'The northern Shen family and the overseas Shen family are of the same origin, I think you should know this news, right?'

'Well, I know, this news is basically an unspoken secret of the upper echelons of the Northern Government, but what does this have to do with the Tianzhu Villa.'

Chen Jingdao listened and smiled lightly 'This relationship is big, the reason why the one in the Tianzhu Villa is so bad, the main reason is that they themselves are not a businessman ah.'

If Chen Jingdao said outside that Sally is not a businessman, then can certainly harvest a bunch of people's spit.

Since Sally came to the North House, although she did not intervene in the matters between the upper class of the North House, but her ability to earn money had to make people admire her.

The business tactics are also very poisonous, at first some people tried to knock some blood out of Sally the newcomer's body, the result is hard to make people feel a little miserable.

Ran Sheng looked at Uncle Chen, who raised him since childhood, his eyes could not help but be a little puzzled, is this really the one who has been teaching himself?

'You just don't joke, the one at Tianzhu Villa is not a businessman, such a joke is not something that should be told now.'

Chen Jingdao also knew that he would definitely make a lot of people feel disdainful if he told the matter out.

So after a light sigh, he laughed and said, 'They are actually an organization of people, of course, you do not need to know this, let time slowly cover it.'

Hearing these words, Ran Sheng looked slightly stunned, and suddenly remembered something.

Many years ago he had heard a message, at the very beginning no matter what the northern province or what place, many many people have an existence above their heads that they cannot afford to mess with, that is the Shen clan.

This can be seen from the Shen branch left behind now, they are not the best of people!

And the Shen clan family standing at the head of these outstanding people, it is impossible to imagine how powerful it really is.

Although what his own uncle said at this time seems to have little connection, but Ran Sheng does not know why he remembered something about the Shen clan family.

'Uncle Chen, do you mean to say that the one from Tianzhu Villa is in a hostile position with the overseas Shen Clan?'

Chen Jingdao smiled after looking at the cup of tea sinking and floating opened his mouth and said 'this matter I also just figured out, but exactly how will go still have to wait, they are just a leader.'

In Chen Jingdao ready to press a sigh of relief at the same time, the old black back to the pillar of heaven villa after respectfully stood in front of Sally bowed his head.

'I have spoken to old Mr. Chen Jingdao as you instructed, and the funds are almost ready now.'

Sally nodded slightly, standing in front of the floor-to-ceiling window looking at the scenery outside and said in a deep voice 'What is the state of Ning Kun's side now, he will need to play soon, I do not want him to play under pressure.'

Old black heard this slightly hesitated, then continued to speak 'his current state is not very good, but should not affect things, after all, there are still fifty beast camp people.'

Sally looked slightly tired after hearing this, perhaps she didn't understand Ning Kun, so she thought the other side's idea of moving up the ladder was wrong.

Later, after Sally thought carefully about Ning Kun's history, she actually understood in her heart why he wanted to climb up the ladder so hard.

Thinking of this Sally lightly sighed and said; 'Maybe we gave him too much pressure, he will be like this, old black, do you think I did the right or wrong?'

The old black is silent for a long time did not speak, after all, Sally sat right or wrong, he is not qualified to judge.

After taking a deep breath, Sally looked out at the somber sky and whispered, 'Help me make an appointment with Jiang Hao, I plan to showdown with him, I'm afraid I still need Jiang Hao's help in this matter.'

Old black nodded in silence and exited the office, then a phone call to Jiang Hao who is in the Lin family and Master Lin's secret talk.

Looking at the phone number in his hand, Jiang Hao laughed lightly and nodded to Master Lin, then he picked up and said 'Hey, Old Black, what's the matter?'

'The boss wants to see you, don't say I didn't tell you in advance, she is not in a good mood.'

Jiang Hao listened and nodded slightly and said back 'I know, give me half an hour, I'll be over soon.'

After saying this Jiang Hao hung up the phone and then looked at Elder Lin and said, 'You see, there are some things that I don't need to be responsible for, in fact, someone is already starting to stop Shen Qing Shu.'

Looking at the confident look on Jiang Hao's face, Elder Lin smiled and nodded before putting down the big stone in his heart.

'This is the best, since this is the case, my side will be able to hand over the money to you with confidence and boldness.'

'Money? What kind of money?'

Hearing this Jiang Hao slightly froze, why would Elder Lin want to give himself money?

As a result, just as this thought surfaced, Elder Lin opened his mouth and laughed 'Of course it's for you to help that old thing Chen Jingdao, hahaha.'

Speaking here, the smile on old man Lin's face gradually stopped, then lightly sighed and said 'That old thing is a good person, but his son is really a little too incompetent, this small meaning as a token of my appreciation.'
