

# Super Rich Dad Chapter 794-796

Chapter 795

After saying this, Shen Qing Shu looked at Chen Jing Dao with a hint of helplessness flashing in his eyes.

If he really wanted to kill Chen Minggang, why would he leave so much evidence pointing to himself, which is completely unreasonable.

At first he did not want to explain to Chen Jingdao, because he was too lazy to explain, and the pride in his heart did not allow him to lower this head.

But what he didn't expect was that things would turn out the way they are now, causing his father to have to ask for help from the Shen family overseas to get by.

Chen Jing Dao looked at Shen Qing Shu snorted, and then said softly: 'These things why you did not take out in the first place, and, do not you think it is now a little late?'

Ran Sheng walked over at some point, then stood behind Chen Jing Dao, a pair of eyes flat but with a hint of coldness looking at Shen Qing Shu.

'If you are coming over to reason with us today, I think there is no need to talk anymore, when have you people from the Shen family ever reasoned again?'

Faced with such sarcastic words, Shen Qing Shu's forehead rippled with veins, and a surge of anger surged in his eyes as he looked at Ran Sheng!

'I came to the door today to avoid you being used by others, it's not that my Shen family is afraid of you Xincheng, there is really no one in this northern province that can make our Shen family afraid!'

Chen Jingdao's hand, which was about to drink tea, stopped after hearing these words, and then looked at Shen Qingshu with a smile, 'What did you just say, there is no one in this Northern Province that can make your Shen family afraid?'

After saying this, he put the cup down, then opened his mouth to Shen Qingshu and laughed: 'If so why did you come to me, wouldn't it be better for us to fight to the death?'

In his words, Chen Jingdao did not put Shen Qingshu in his eyes, he is almost eighty years old, to his age many things have long seen through.

If it were not to give Chen Minggang a good foundation, so that he can be able to meet people in the future, he would not be running outside.

As a result, after working so hard for so long, the news is that Chen Minggang has died, his own son, the only bloodline just died.

This made Chen Jingdao's heart feel as if someone had torn open a large mouth, instantly becoming somewhat empty.

Looking at Shen Qing Shu sitting in front of him with an angry face, Chen Jing Dao took a deep breath before smiling bitterly and said, 'Young man, if I were you I wouldn't have said what I just said, because you did nothing but anger me even more.'

Ran Sheng nodded slightly, then sat down beside Chen Jingdao and picked up his cup of tea after taking a sip.

With gloomy eyes, he looked at Shen Qing Shu and said, 'You'd better go back, you started this war, and now you're here to talk to me about a truce, don't you think it's a bit ironic.'

The disdainful look made Shen Qingshu feel as if he had been stripped naked and then placed in front of a large audience in general disgrace!

'You will regret your choice today, for sure! You will definitely regret it!'

After saying this Shen Qingshu stood up and pointed at Chen Jingdao and said in a deep voice: 'Old Dog Chen! I respect you as a senior, but don't think that you can win with certainty!'

Chen Jingdao snickered and nodded: 'Don't worry, I'm ready to play with you guys to the end, can't you see the situation right now?'

Shen Qingshu turned around and planned to leave, there was nothing left to ease the matter, in that case he had to choose to accept Shen Tianyang's help.

Ran Sheng looked at Shen Qing Shu's back and thought of a rumor about the Shen family, so he spoke with some mockery: 'The overseas Shen family is estimated to have extended a helping hand to you, right?'

After hearing these words, Shen Qing Shu's footsteps paused and turned his head to glance coldly at Ran Sheng, but did not open his mouth to answer but directly left.

After he left, Chen Jingdao spoke with some confusion: 'Did the overseas Shen family interfere in this matter after all?'

Chen Jingdao had some friendship with Shen Tianyang before, so he knew how strong Shen Tianyang really was.

Ran Sheng looked at Chen Jingdao and nodded gently before speaking: 'Just received the news, the overseas Shen family has sent people over, I'm afraid that they will set up a subsidiary next, and then through that company to transfer a steady stream of funds to the Shen family.'

In the end, things have come to this point, Chen Jingdao sighed deeply and stood up straight with Ran Sheng's help.

Then he waved his hand and said, 'You go ahead, I'll go do something, don't call me for dinner tonight, let me be alone.'

Ran Sheng nodded respectfully to Chen Jingdao, and then stood in the office to see him leave, because he knew that next I'm afraid Chen Jingdao will also start to use some relations.

As expected, after leaving the office, Chen Jingdao took out his cell phone and the first person he called was Shen Tianyang.

After receiving Chen Jingdao's call, Shen Tianyang first made a hash of trying to push things through, but after learning of Chen Jingdao's determination, he could only helplessly choose to stand on the side of the North House Shen family.

What Shen Tianyang wants is to integrate all the Shen branches together, and then he is re-establishing a Shen clan!

In order to this goal, a mere Chen Jingdao count and what is it.

The answer from Shen Tianyang, Chen Jingdao's expression also gradually became calm.

Then he called another person, a figure that Jiang Hao and Sally were not expecting, that is, Qian Lao!

Originally, Qian Lao was already in a semi-retired state, but for some reason he stood out again, currently living in seclusion at Thirty Mile Shop though.

But many people are still asking him to do things, and the most important thing is that Chen Jingdao had a meeting with Qian Lao a long time ago.

After receiving Chen Jingdao's call, Qian Lao pondered for a while, if not for hearing Shen Tianyang's name, he would not have planned to take action.

But now that he knew that Shen Tianyang had interfered in this matter, Qian Lao looked at the crazy old man in his home and a trace of anger flashed through his heart.

So he said in a deep voice: 'You go find a person named Shen Yan, I think he will have a way, that's all I can help you with.'

After saying this, Qian Lao hung up the phone, while Chen Jingdao was looking at the phone in his hand in a daze.

Shen Yan's name was perhaps the one he had heard the most since he returned to the North, being a doctor but close to the Lin family and Sally, and there were rumors that he had some relationship with the Xue family as well.

Thinking of this, Chen Jingdao silent for a long time eyes became firm.

As long as we can take down the Shen family, not to mention let him go to Shen Yan, even if it is to let him go to a beggar he also have no complaints!

Just when Chen Jingdao wanted to go to Jiang Hao, suddenly Ran Sheng came to his study, then respectfully bowed and said: 'There is a person named Shen Yan downstairs to visit you, do you want to let her up?'

Chen Jingdao listened and nodded: 'Let him come up quickly, no, I'll go myself, you pack up and go with me to see him.'

Ran Sheng looked at his uncle with slight surprise, Shen Yan was someone he had heard of, but had never met.

After all, who would go to see a doctor without anything, only know that this Shen Yan is a doctor in the northern province has risen to fame over the period of time, and with several family members seem to have a relatively close relationship.

But looking at Uncle Chen so excited, Ran Sheng suddenly thought in his heart that perhaps things are not as simple as they seem.

Jiang Hao stood downstairs and waited for a while before Chen Jingdao walked down with Ran Sheng, then looked at Jiang Hao and nodded with a smile and said, 'Why don't you go up when you're here, what are you doing downstairs.'

Jiang Hao suddenly saw that Chen Jingdao was so familiar with himself, so after a slight daze he opened his mouth and laughed: 'It's not that I didn't get your permission, so I'm still a little conscious and obediently waiting.'

Chen Jingdao laughed after hearing this, and then looked at Jiang Hao and nodded in satisfaction: 'Some young people just know how to be polite and know that the master does not invite them to enter, some young people are different and will just barge in.'

Ran Sheng standing on the side heard this after snorting out a laugh, and then looked at Jiang Hao opened his mouth and laughed: 'Do not sit here, let's go up and talk, the old man just brewed a pot of tea.'

Jiang Hao nodded slightly and then followed Chen Jingdao upstairs, the people did not say anything on the way, and only after entering the office Chen Jingdao looked at Jiang Hao and smiled: 'Sit here.'

Ran Sheng saw his uncle Chen treat Jiang Hao attitude is somewhat unusual, so also generous open smile: 'here to don't be polite, what need to say just.'

Jiang Hao felt Chen Jingdao and Ran Sheng sudden enthusiasm, forehead can not help but seep a bean of cold sweat!

Technically speaking, he also ruined Chen Jingdao's son, and now the other party is so enthusiastic about himself, this is not trying to take advantage of the opportunity to kill, right?

Thinking of this Jiang Hao hurriedly shook his hand and said, 'It's okay, it's okay, you're welcome, today I actually have something to say to Mr. Chen.'

Chen Jingdao smiled and nodded before saying: 'In fact, I also have a matter to talk to you, do you know Qian Lao?'

Jiang Hao heard this name, looked at Chen Jingdao's eyes pupils shrunk!

The first thought in his subconscious mind was, could it be that his identity was exposed again on Chen Jingdao's side?

Such thoughts made Jiang Hao breathing can not help but pause, and Chen Jingdao looked at Jiang Hao surprised look, heart is satisfied nodded.

It looks like he did not guess wrong, Qian Lao said Shen Yan is this Shen Yan in front of him!

Thinking of this Chen Jingdao after a deep sigh spoke: 'Look at your appearance should be to know this Qian Lao, truth be told I have a little relationship with him, he said to solve my current predicament, only to find you.'

Hearing these words, Jiang Hao a hanging heart then let down, it seems that Qian Lao did not reveal his true identity, but only said his pseudonym.

After a slight gasp Jiang Hao's expression eased down, looked at Chen Jingdao and smiled and said: 'So, I thought it was something, Qian Lao I do know, and also by his help once.'

Speaking of this, Jiang Hao bowed his head in silence for a while, then said in a deep voice: 'But to solve your current problem, it is really a bit troublesome, I believe you will not put all your hopes on me alone, right?'

Chen Jingdao collected the smile on his face and looked at Jiang Hao with a serious face and said, 'In fact, the thing I lack the most now is money, if this time I don't take advantage of the fact that the Shen family doesn't have much money and bring them down in one fell swoop, you know the consequences.'

Jiang Hao is certainly clear about this, and in fact he came today to give Chen Jingdao the money given to him by Elder Lin, which is a kind of disguised help.

But there are some things that can't be discussed in the open, so they have to be privately passed to Chen Jingdao through Jiang Hao.

Thinking of this Jiang Hao took the card out of his hand and put it on the table and smiled: 'It just so happens that I came here today to provide a sum of money for you, Mr. Chen.'

Looking at the bank card placed on the table, Chen Jingdao and Ran Sheng looked at each other and read a trace of confusion in each other's eyes.

'This, Shen, ah, you mean to say that you came over today just to provide this money?'

Jiang Hao smiled and nodded, then picked up the tea on the table and took a sip before laughing, 'This money is not mine, you must not misunderstand, Mr. Chen, I am just a transfer.'

Hearing these words, Chen Jingdao's heart dropped, if Jiang Hao had known on the way here that they couldn't hold out.

Then Jiang Hao as a doctor, so concerned about these family matters, then there must be some intriguing things behind this!

Ran Sheng raised his eyes and then looked at Jiang Hao with a question: 'This, Shen Yan little friend, who are you helping to transfer this money, convenient to tell me about it?'

Jiang Hao looked at Ran Sheng first looked up and down once, and then the wind flashed a trace of longing in his eyes and said: 'I have long heard that Mr. Ran is an extraordinary person, and today I see that it is really so, hahaha.'

The words just fell, Jiang Hao looked at Chen Jingdao continued: 'The truth is not to hide, this money is to help the old man Lin transfer, the specific reason, I think you must have a number in mind.'

Chen Jingdao looked at Jiang Hao slightly silent for a while, then closed his eyes and recalled the conflict that broke out between the Lin family and the Shen family some time ago.

Then he smiled in satisfaction and nodded: 'Well, clear, now I can understand why Qian Lao asked me to find you, it looks like you have a lot of contact with the family in the North.'

Jiang Hao shrugged his shoulders and then looked at Chen Jingdao and said, 'Of course, I don't plan to be a doctor for the rest of my life, so if anyone thinks of me and promotes me, I'll be grateful!'

Ran Sheng and Chen Jingdao looked at each other and laughed, Ran Sheng directly said: 'If you want, I can promote you now, how about a monthly salary of 30,000?'

Jiang Hao to Ran Sheng smiled and did not open his mouth to say yes, or Chen Jingdao some dissatisfaction after a glance at Ran Sheng spoke: 'Wait for us to talk about it after this time, now you let people over is not let people jump into the fire pit.'
