

# Super Rich Dad Chapter 797-798

## Chapter 797

Jiang Hao accompanied Chen Jingdao and Ran Sheng after a brief chat, then left, and the card in the end how much money, it seems that no one as if they do not know the general.

In fact, this is indeed nothing to ask, after all, Chen Jingdao this time but took out more than 30 billion to play with the Shen family, which is already all his Shen family.

Right now at this time, the Lin family as long as the reason to take out the money has shown their attitude, as for the rest of the matter, that is already another layer of meaning.

Soon Xincheng Group Chen Jingdao take to get the news of assistance in Ran Sheng's planning, not spread, many people have become hesitant after knowing.

Now the test is the art of standing in line, as long as a slight wrong step, then the consequences are ashes to ashes.

But high risk means high reward, if they succeed in standing right, the gain will be unimaginable.

Maybe then they can copy the success of Chen Jingdao, with a small company into a large giants of the North, this is absolutely not something impossible!

But these are not on Jiang Hao's mind, he is now thinking about Shen Tianyang sent to the northern province ready to station down the first, that is, more than a hundred people.

This thing Sally and Ning Kun has planned, he just need to cooperate, but if Ning Kun will leak his news in the North, I'm afraid that the people who come may not be this district more than a hundred people.

The reason why Shen Tianyang can dominate overseas for so many years, relying on more than just these people, this point Jiang Hao have a good idea.

Although he lost the battle at the beginning of the slanting sun valley, but about the strength of Shen Tianyang's men, Jiang Hao also considered to understand a rough.

After several considerations, Jiang Hao finally confessed to Dean Jiao, quit his job, and then quietly waited for news from Ning Kun.

Things passed almost two days, Ning Kun side suddenly sent a text message to Jiang Hao, the content of which is not much, only three words: 'People are coming.'

Who is coming, how many people? These Jiang Hao and Ning Kun already know, they need to do is to act according to the plan.

Shen Wennian is very happy these two days, the whole person looks as if a few years younger because Shen Tianyang's people came, quickly took over some things, resulting in Shen Qingshu pressure is not so great.

But Shen Qingshu for these people in the eyes is really some look up, because no matter how strong they are, for the Shen family is always just a group of servants.

Although their master is Shen Tianyang, but as a branch of the Shen family, Shen Qingshu thinks he can also become their master.

Following them together was not only people, but also a large sum of money, a sum of money that Shen Wennian had dreamed of getting.

As long as there is this money, they can continue with the new Cheng hard consumption, when the new Cheng once the funds are broken, they will be able to carry out acquisition plans openly, completely eliminating Chen Jingdao's way back!

But just happy not two days of time, the news from the new Cheng side but let Shen Wennian and happy not up, because Chen Jingdao also found a capital injection of funds into the company.

Unlike him, Chen Jingdao's funds come from no way to find out, not even know who gave it.

This proves that there are now people in the North who are already on Chen Jingdao's side, and the other side looks like they are definitely funding Chen Jingdao and then splitting their own interests!

Thinking of this, Shen Wennian's heart emerged a trace of worry.

The family's funds are easily talked to Shen Tianyang, if they can't beat the other side, then I'm afraid that the family will really have to declare bankruptcy.

When he thought of this, Shen Qingshu stood out and suggested to Shen Wennian: 'If it is really not possible, to find out Chen Jingdao's activity time, and then let Shen Tianyang's people to simply deal with it.'

The words inside the treatment is a what means, Shen Wennian naturally clear, but right now if they Shen family to do so, it will be easy to be found out!

Not only that, then many families may find the excuse to open war against the Shen family, ants will bite the elephant!

Just when Shen Wennian was considering this matter, a rumor suddenly circulated in the North!

Some people say that the surviving son of the Shen clan is in the eastern suburbs of the Northern Province! And the other party is also carrying Shangdian!

This news to others might just be a laughing matter after tea and dinner, just some gossip.

But for these people who came to support the Shen family, it was like a shark in the deep sea, suddenly smelling a trace of blood!

They finally confirmed after several checks that Jiang Hao, who had disappeared for nearly half a year, had finally shown himself, and he was indeed in the North Mansion and had not yet left!

Thinking of this, the people who brought people over to help the Shen family in the Northern Province hastened to inform Shen Tianyang of this news!

It had been more than half a year since the last siege of Jiang Hao in Mountain Ten Mile Shop, when Jiang Hao was still only a third grade.

And the people they sent just one of the three levels, there are a number of two levels of martial artists, as for the first level of people forget it, up there is just an obstacle.

After confirming the difference in strength between the two sides, Shen Tianyang immediately ordered people to make sure to capture Jiang Hao and get Shang Dian!

After getting the instructions from above, these people then hurriedly dispersed, and then carefully checked the source of the news in the North Mansion.

Perhaps in their view these actions were very careful, but they did not know that these things had already been seen by Ning Kun.

Sally relaxed after looking at the report submitted by Ning Kun, as long as the other side did not suspect, then Ning Kun's plan is feasible!

Thinking of this Sally looked at Ning Kun standing in front of her, smiled slightly and said: 'When do you plan to start the plan?'

Ning Kun was silent for a while, with a slightly nervous face, this is still his first real sense to develop a plan of action.

But still calmly spoke: 'If there is no accident, two days later I intend to start the action plan, now Jiang Hao has resigned from the hospital work, ready to cooperate with our action.'

Sally nodded slightly after a long silence, in fact, if Shen Tianyang had not gone a little too far, Sally would never have agreed to this operation.

After taking a deep breath, Sally signed the consent form for the operation, and then handed it to Ning Kun and said in a deep voice: 'After this matter is over, do you have any plans?'

Ning Kun looked at Sally and smiled bitterly, once you give up being a fish, then the only way to end up is to be locked in a cage.

People like them who do fish, not only to be suspected by the enemy, even after going back, but also to accept being suspected by their own people.

Chapter 798

Time changed, Shen Tianyang's people, as Ning Kun expected, just arrived at the North House and rushed to the Shen family first.

Shen Wennian looked at the visitors with a gloomy expression, and although he disliked the other party in his heart, he still forced out a smile on his face and said, 'You have come a long way, thank you for your hard work, please come inside.'

The people who walked into the Shen family are three in total, the leader is a straight-looking woman, her face looks calm and smiled at Shen Wennian, and then followed him with two of his men.

After entering the room, she sat down and looked at Shen Wennian and said, 'You're welcome, Master Shen, I'm sure your side is not too good this time, right?'

As the saying goes, hitting people without hitting them in the face and cursing them without revealing their shortcomings, the moment the woman spoke, she made Shen Wennian's face look a little ugly.

If not for the fact that the other party is Shen Tianyang's men, and whether the Shen family can survive this disaster depends on the other party, Shen Wennian would have slapped the table and sent the guest away.

Now look at the other side although the face calm, but the corner of the mouth if a trace of disdain is really a little uncomfortable.

'Okay okay, but just a little trouble, you guys came over this time I think everything should be fine, right?'

The woman laughed lightly twice and then glanced at the teapot, the meaning within is self-evident.

Shen Wennian frowned with the intention of anger, but took two deep breaths or held back, and then poured the woman a cup of tea and said: 'I do not know what you call?'

The woman picked up the cup and took a sip, then looked at Shen Wennian and smiled: 'You can call me Sanniang, your side of the trouble, I will help you solve.'

Hearing this, Shen Wennian nodded slightly, but was about to speak when Sanniang suddenly glanced at him.

Then said quietly: 'But we also have some trouble on our side, and we still hope that the Shen family master can help, I don't know if it's okay?'

If it was somewhere else, I'm afraid it would be difficult to ask Shen Wennian to do something, because all their networks are in the North Mansion.

But if you want to do something in the North House and need Shen Wennian's help, it will not be much trouble.

So after hearing this Shen Wen young nodded with a smile, then sat down and looked at the woman who called herself Sanniang and said, 'This is nothing to do, as long as I can do it, you said it.'

Sanniang took a deep look at Shen Wennian, then turned her head to her two men and gave a wink, the two nodded at each other and exited the room.

After the two men had left, Sanniang then looked at Shen Wennian and said, 'Actually, it's not a big trouble, but I just hope you can help me find someone in the Northern Province.'

Shen Wennian nodded slightly after listening and smiled: 'This is no problem, have a photo, what is his name, how old he is, as long as you give me these things, I will definitely give you news within three days.'

Sanniang see Shen Wennian said so confidently, the face was a little sad look suddenly looked better.

Then spoke: 'The name is Jiang Hao, perhaps now has changed his name, here is a picture of him, you give a look.'

After saying this, Sanniang took out a folder and then handed it over, this is something that Shen Tianyang specially explained to Sanniang, in order to come by the way to look for Jiang Hao's trace in the North Mansion.

Shen Wennian picked up the folder and looked at it, then put it away and laughed: 'OK, this matter I promised, I will give you an answer within three days, just do not know what you think of my matter?'

Sanniang laughed lightly twice and then clapped her hands, outside the door suddenly came in one of her men, and then took out a laptop computer on the table and opened it.

The third mother pointed to the computer and smiled: 'As long as you sign a contract, immediately our family master side will transfer the money to you, of course, this is not to trust you, but just hope that we can cooperate happily.'

After so many years in the business world, it's not that Shen Wennian has never seen such a gesture.

But before, he was always like this to others, others like this to him, this is the first time.

Thinking of this, the corner of Shen Wennian's mouth flashed a complex look, and then gently nodded and said in a deep voice: 'Give me the contract, let's sign it now, and then I can go do your business.'

Sanniang looked at Shen Wennian did not drag his feet in the slightest, so he nodded in satisfaction and took out the contract, and waited until Shen Wennian signed it before transferring the money over.

The specific figures Shen Wennian did not care, after all, Shen Tianyang how is also the head of the overseas Shen family, naturally will not be generous.

But there is one thing that Shen Wennian could not help but put on his heart, that is, Sanniang asked him to find the man named Jiang Hao.

At the beginning of the look did not think there was anything wrong, but after a closer look, Shen Wennian suddenly found that the other party looks, very much like a deceased person!

Thinking of this, Shen Wennian was about to speak, but after thinking of that person's identity he fell silent again and then spoke: 'Since the matter is finished, then I will not send you all off.'

Sanniang was obviously a bit dissatisfied with Shen Wennian's actions, coming all the way here without even taking a bite to eat, and then rushing people away just after finishing the business.

Such a move would be uncomfortable for anyone else, but thinking that the other party is also working for Shen Tianyang in the future, like herself, she had to grit her teeth and stood up to leave.

But I didn't expect to run into Shen Qingshu, who had just gone home, when he reached the door. Shen Qingshu looked at Sanniang and frowned slightly, but he didn't remember when the backyard of his house was a place where strangers could enter and leave casually.

But also just a slight look at two then left, and did not put Sanniang on the heart.

And Sanniang looked at Shen Qingshu carefully and then gently curled her mouth and whispered: 'This is probably Shen Wennian's son, Shen Qingshu, right?'

The already far away Shen Qingshu naturally did not hear Sanniang's whispering, and Sanniang's men listened and hurriedly bowed their heads and said: 'Good, I heard that Shen Wennian has been giving the family to him in these times, the purpose is to train him to become the successor of the Northern House Shen family.'

Sanniang satisfied looking at Shen Qing Shu nodded after laughing: 'Well, now it does seem to have so much poise, do not know how capable.'

No matter where people are, pulling in capable people is a most important thing, and Sanniang is no exception.

The reason why she can sit in this position now, in addition to her own ability to bear hardship and her strength has reached the third level, there is another most important reason is that she can manage people's network.

Although she is only one of Shen Tianyang's subordinates, but there are many people within Shen Tianyang who have a little concern with her.

Because of this reason, this time to help the North House Shen family of the fat job will fall on her!

To know how much money to give this time over, how much money to deduct, these things can all be her say so!
