

Super Rich Dad Chapter 799-800

Chapter 799

After Sanniang left, Shen Qingshu walked into the study to see his father sitting in a chair drinking tea with some annoyance.

Shen Qingshu was slightly silent for a while, he naturally knew what his father was worried about.

Noticing his son's return, Shen Wennian looked up at the door and saw Shen Qingshu standing in the doorway, so he nodded and said in a deep voice, 'Come in, how are things going?'

Shen Qingshu respectfully walked into his uncle, then stood in front of Shen Wennian and said somewhat helplessly: 'That old dog Chen Jingdao has gone crazy, no matter what I say he can't listen.'

For such an answer Shen Wennian had already expected, but where Chen Jingdao can behave a little more sensible, to talk to him will not be Shen Qingshu, but himself!

The idea is that Shen Wennian is quite helpless, and I don't know why, in a short period of time, his family has been hit so many times and still can't find a way to fight back!

'What is the attitude of the Xue family now, do they have the intention to come forward to help?'

In any case, the Xue family and the Shen family is now a marriage relationship, if the Xue family does not come forward then it would be a little hurt Shen Wennian's heart.

However, the answer is disappointing, in fact, the Xue family is now also full of internal conflicts.

The previous marriage between the Xue family and the Shen family had caused a conflict within the Xue family, now if you want the Xue family to come forward to help them, it is simply a fool's dream!

Shen Qingshu looked at his father's face slightly embarrassed, and then simply did not speak but lowered his head.

Shen Wennian was a little surprised to see this and asked: 'What do you mean by that? Is the Xue family not coming forward to help me?'

After taking a deep breath, Shen Qingshu spoke with some difficulty: 'Father, the Xue family already has many internal conflicts, and the marriage with them last time already crossed the line, so it is reasonable that they did not come forward this time!'

'If they don't come forward, then what is the use of our marriage with the Xue family, and what will others think of our Shen family's relationship with the Xue family?'

After saying this, Shen Wennian slapped the table and said angrily: 'It's simply too much bullying, I'd like to see what the Xue family's old man wants!'

As he spoke, Shen Wennian was furious, he was already a bit frustrated, and now he was even more furious and shouted!

Shen Qingshu looked at his dad like this, so he sighed lightly and got up to pour a cup of tea for Shen Wennian.

Then spoke: 'These things we have not expected before, in contrast, Shen Tianyang's people arrived today?'

Not to say this matter is fine, talking about this matter Shen Wennian's heart is even higher anger!

Shen Tianyang just a dog's leg dare to look down on himself, in the future if Shen Tianyang personally come, is this bad old man will have to serve tea to the other side?

Shen Wennian thought of this then some distracted spoke: 'people just came, the money has been transferred to the company's account, you should have seen those people when you just returned.'

Hearing this, Shen Qingshu frowned and thought of Sanniang, who had just passed him by mistake, so he spoke: 'Is the other party a woman, delicate in appearance, about 25 or 26 years old?'

Shen Wennian nodded, then said in a deep voice: 'That female is a bit arrogant, you'd better go to contact with the other party less, lest any accident happen.'

The words just fell, he handed the folder that Sanniang handed to him to his son, then continued: 'Shen Tianyang explained that they came to the North Mansion to do a thing, want to find a person, this is the information of that person, you look at it.'

Shen Qingshu opened the folder and read it for a while before nodding, 'No problem, I'll go down later and order someone to inquire about it.'

'Do not act rashly after inquiring about this person, tell me first, let me go to meet the other side before deciding whether to tell that what Sanniang.'

Hearing these words, Shen Qingshu looked at his father with some doubts, seemingly not quite understanding his approach like this.

Shen Wennian also has nothing to hide about this matter, just a moment of some do not know how to tell his son.

After a long silence, he slightly organized his language and said: 'Do you know the Shen clan before?'

Shen Qing Shu nodded: 'The Shen clan is the clan of the thirty-six families of the Shen clan, including our northern Shen clan is also divided from the clan, why?'

Shen Wennian nodded and said, 'Then you should still remember the subsequent case of the Shen clan's extermination, right?'

Shen Qing Shu pondered for a moment, then looked at his father and said, 'I know, but what does it have to do with the person we are looking for?'

'If I'm not wrong, this person is most likely the bloodline of the Shen clan!'

After saying this, Shen Wennian also felt a burst of alarm in his inner heart!

If this person is really the last bloodline of the Shen Clan, then he might have a supreme treasure on his body, Shang Dian!

When he thought of how the Shen clan family had been relying on the Shang Dian, Shen Wennian's heart was on fire!

No wonder Shen Tianyang is not willing to tell himself the real situation, it seems that if it were not for the power of the Shen family in the Northern Province, I am afraid that the other party will not even reveal the news!

Shen Wennian sneered twice before speaking: 'If this person is really the bloodline of the Shen clan family back then, then he must have a supreme treasure on his body, that is the Shang Dian.'

Shen Qingshu is still the first time to hear such a thing as Shang Dian, look at his father with some doubts in his expression.

'What is Shang Dian?' After asking this question, Shen Qing Shu was also secretly pondering, it sounded like a book.

'Shang Dian is a book that records many things, it was the root of the rise of the Shen Clan back then! If we get it, then we are the next Shen clan family!'

Hearing these words, Shen Qing Shu's eyes were on fire and he hurriedly read the information in his hands!

He then nodded and said, 'Don't worry, I will soon have the people below me take care of this matter, it just so happens that during this period of time, I also need to investigate the truth about Chen Minggang, and take this matter along with it.'

Shen Wennian looked at his son with some doubts and said, 'Isn't that old dog Chen Jingdao not listening to what you said, what is the need to continue to pursue it?'

Shen Qingshu sneered twice before speaking back: 'Although he does not listen to what we say, but it does not mean that no one in this northern province will listen!'

Then he continued to speak: 'If we don't get to the bottom of this matter, even if we win that old dog Chen Jingdao, the many families in this Northern Province will not be convinced of us.'

'The top one attacks the heart, the middle one attacks the strategy, the second one moves the army, it looks like you have grown up.'

Listening to his son's words, Shen Wennian's heart felt a burst of relief.

No matter what, his own son was always the number one man in the Northern Province, this he had never let himself down!

Chapter 800

At this time, on the other side, Sanniang was sitting in the room looking at the map of the North Mansion, and some key information.

Although this time to come to the North House is said to help the North House Shen family, but in fact the most important thing is always to find Jiang Hao, including the more than 100 people she brought is also for this matter.

Since Jiang Hao in the mountain ten miles store a parting, Shen Tianyang realized one thing, Shang Dian is likely to have fused with Jiang Hao.

The consequence of this is that Jiang Hao's strength must be vastly different from before, but Shen Tianyang did not expect that Jiang Hao had actually reached the fourth level.

The people he sent here were not enough for Jiang Hao to fight.

If it wasn't for the fear that Shen Tianyang would be detrimental to his friends, perhaps Jiang Hao would even want to try to sneak into Shen Tianyang's side and wait for an opportunity to do some small tricks.

At this time, Sanniang also like Shen Tianyang did not expect that Jiang Hao's strength would have a skyrocketing change, she got the news that Jiang Hao's strength was around level three.

This makes with dozens of second-class personnel Sanniang did not put much on the heart, quantity causes quality change she still understands the truth.

The most important thing now is how can we find Jiang Hao out in such a big place as the Northern Province, not to mention that the 30-mile store of that old man Qian is likely to help him out.

If it wasn't for that Qian Lao, Jiang Hao would have already been caught back by Shen Tianyang.

Thinking of this Sanniang can't help but be a little angry, a bunch of trash was actually intimidated by a bad old man, if it were her, even if it was a robbery to snatch people back!

Just when she was looking at the things on the table in contemplation, a knock suddenly sounded outside the door, Sanniang did not raise her head and said: 'Come in.'

The door was opened and the person who came in was one of her men, the man saluted towards Sanniang and said, 'There is someone outside to meet, he said he has the information we want.'

Sanniang listened and was slightly stunned, she had just come to the North House not much time, how did the other party know what she wanted?

Although she hadn't thought about hiding her whereabouts all the way over, but to learn where she had landed so quickly, it wasn't that easy to do.

Thinking of this Sanniang pondered for a moment and then spoke: 'Where is that person, take me to meet.'

'The person is sitting outside, and it looks as if he is not worried about us making a move on him.'

Sanniang laughed lightly and then said: 'This is not something he is not worried about, I am not the same as the group of losers inside the house, let's go.'

After saying this, Sanniang got up and walked to the lobby, and then saw a young man standing in the lobby admiring the surrounding arrangements.

Sanniang looked at the other party, smiled lightly and went forward and said: 'This one does not know how to address, what do you want to do here?'

The young man turned around and looked at Sanniang, if Jiang Hao was here then he would have pointed at him and shouted Ning Kun, how could you be here!

But the people here don't know any Ning Kun, so he was left to start playing on his own.

'My name is Ning Kun, I don't know what your name is, are you the person in charge here?'

After saying this, Ning Kun looked at Sanniang with a smile on his face, although he asked this, but looking at the reaction of the people around, it looks like she is the person in charge here.

Sanniang nodded after pointing to the chair and spoke: 'That's right, let's sit down and talk, listen to my men hand you have news we want to know, I do not know what the news you are talking about is about?'

After saying this, Sanniang picked up the teapot and poured himself a cup of tea, then hesitated for a moment and poured a cup for Ning Kun.

Seeing such an action, Ning Kun hastened to respectfully pick up the cup of tea meaning a moment, then slightly sip and put down: 'The news in my hand is about between the Xue family and the Shen family, although they say on the surface that it is a marriage union, but in reality it is not.'

Hearing this, a trace of disappointment flashed in Sanniang's eyes, she thought that the person in front of her knew about Jiang Hao's news.

But looking at the other party can inquire about the news about the Shen family, it seems to have some strength of their own underhand, holding the principle of rather kill the wrong than let go.

Sanniang lightly laughed twice before speaking: 'Oh? Really, this is the first time I've heard of this news, but how do you know I'll need to know this news?'

Ning Kun looked at Sanniang with a stoic look, so he pretended to be surprised and spoke, 'Didn't you come over to help the Shen family, since that's the case I think you need to know the real situation of the Shen family ah.'

Sanniang shook her head with some disappointment and then intended to get up and leave, this person in front of her looked like just a peddler of information, she really did not want to waste time with each other.

Ning Kun saw that Sanniang was going to leave, so he hurriedly spoke: 'Don't go, don't go, if this news does not interest you, then how about you say one?'

After hearing these words Sanniang feet pause, then turned his head eyes some cold look at Ning Kun spoke: 'I want to know the news afraid that you can not get, leave here, while I am in a good mood.'

Ning Kun froze and looked at Sanniang, a trace of fear flickered in his eyes in a feigned heart, but soon surfaced on a trace of greed.

'It's okay, as long as you are willing to say what you want to know, I can keep an eye out for you, if I am really lucky to find out something, we can talk about it then?'

Sanniang looked at Ning Kun, her heart felt a burst of tears and laughter.

She has not seen no greedy money, but can be greedy into the virtue of this person in front of him, also considered a strange.

But people who are greedy for money are generally quite capable, so she slightly pondered for a moment and then looked at Ning Kun and said, 'Are you telling the truth?'

Ning Kun immediately face full of confidence back: 'Other places I may not be able to, but the matter of the North House, as long as I want to know, there is nothing I can not find out!'

After saying this Ning Kun looked at Sanniang greedily and laughed: 'If you don't believe me, you can look at yourself, you just entered the North House I got the news, and even came to the door, is this not enough to prove my strength?'

After looking at Ning Kun for a long time in silence, Sanniang nodded gently and then glanced at the people around her.

People immediately retreated with good sense, while Ning Kun, who was not surprised by all these things, still looked at Sanniang and smiled lightly.

'I want to know the news is a bit troublesome, you are not afraid that you know too much and will die early?'

Hearing Sanniang's words, Ning Kun laughed out loud!

'Maybe so, but if I don't know enough, I'll die even worse, don't you think?'

'A wise man, okay, then I'll talk to you, I want to find someone in the North Mansion.'

Ning Kun listened and nodded, then looked at Sanniang and made a money gesture.

When Sanniang saw how money-hungry Ning Kun was, she was slightly dissatisfied, but still wrote a check and handed it to Ning Kun and smiled, 'How about it, can we talk now?'
