

Super Rich Dad Chapter 801-803

Chapter 801

Looking at the amount on the check, Ning Kun nodded in satisfaction and smiled: 'Can talk, as long as there is money, everything is good to talk!'

Sanniang smiled helplessly and took a sip from her cup, then intentionally spoke: 'The money is good, but if things are not done properly, I'm afraid you can't afford the consequences.'

'There are a lot of people in the North House looking for me to do things, nine out of ten are not clean things, you see I can still live so well, I do not need to say my own sign, right?'

After saying this, Ning Kun smilingly took out a book, and then continued to speak: 'What do you want to find, before the name, identity, information these things I need to use.'

Hearing this Ning Kun, Sanniang eyes slightly flashed a strange color: 'good, people are quite smart, how do you know that the other party has changed his name?'

Looking at Sanniang's somewhat puzzled look, Ning Kun disdainfully spoke: 'This still need to think, the person targeted by you, that must be the person targeted by the overseas Shen family, not to change the name is there a way to live?'

After saying this, Ning Kun pretended to ponder: 'And the most famous of the people recently wanted by the overseas Shen family is undoubtedly a character named Jiang Hao from Chu Jiang.'

Speaking here, Ning Kun pretended to be surprised and looked at Sanniang and said, 'Could it be that the person you need me to find is this legendary Jiang Hao?'

Sanniang looked at Ning Kun and faintly stared, then laughed out loud!

'It's true that people who are greedy for money are capable people, it looks like this statement is very true, you kid looks a bit rash, but your mind is really good!'

Then Sanniang looked at Ning Kun with a smile and nodded: 'That's right, the person I want to find is this Jiang Hao, how about it, are you still confident now?'

A bitter smile appeared on Ning Kun's face, he looked at Sanniang and shrugged slightly and said, 'Things are a bit troublesome, although we are not in the same circle, but I happen to know something about the situation here.'

Hearing this, Sanniang intentionally glanced at Ning Kun's pocket, then whispered: 'This money, but you have already accepted, do not want to back out with me, right?'

Looking at Ning Kun's somewhat difficult appearance, the corner of Sanniang's mouth pulled a gloomy smile: 'Since you say your sign is good, then let me see, how good is it?'

Ning Kun some helpless bitter laugh, then pondered for a moment and said: 'Okay, but ugly words in front, since I have accepted the money, then the news I will give you.'

After a slight pause, Ning Kun looked at Sanniang and continued, 'But you can't trace me during this period, you can't send people to follow me, otherwise you won't get any information even if you kill me.'

It was not the first time that Sanniang dealt with someone like Ning Kun, and after hearing this request she nodded slightly, signaling her agreement.

After that, she asked someone to send Ning Kun away, and after sending him out the door, she looked at Ning Kun's back as if in thought.

One of the surrounding men looked at Sanniang's pensive appearance and whispered, 'Is this person really trustworthy. Do you want me to follow up?'

Sanniang shook her head in silence and said: 'No, I see that he is quite a bit of water, hands should have two kung fu, or forget it.'

After saying this she turned around and went back to her room, after all, all the way here, she was also a little tired.

And out of the Sanniang residence, Ning Kun removed the disguise on his face, and then carefully waited for about half an hour to make sure that no one was following him before he was satisfied with the check and took the car back to the Tianzhu Villa.

At this moment Sally is sitting in the office quietly looking at the documents, these things seem to have become her life, even if you want to refuse can not refuse.

Just returned to the villa, Ning Kun saw the old black, so the old black than grabbed Ning Kun and asked: 'Do you know what the situation is now, suddenly disappeared you are going to scare me to death, right?'

Ning Kun looked at the old black some helpless smile, and then ripped away the old black hand to organize his collar said: 'You do not worry about it, I am not what a rash, this thing can still be difficult for me ah.'

Looking at Old Black rolling his eyes wildly, Ning Kun laughed and asked: 'Is the boss in the office, I have something to talk to her about.'

Old Black nodded slightly and then opened his mouth and said: 'She is here, but you'd better hurry up, I just came out of her office, she's not in a good mood.'

Ning Kun smiled and nodded before walking straight to Sally's office, standing at the door and knocking, and only after hearing Sally's voice did he push the door in.

'The plan has already started, I just went out and made contact with those people, I didn't expect the leader of the third level to be a female, and quite pretty.'

Sally heard this frowned slightly, then stopped the movement of the hands to look at Ning Kun: 'You just went out and contacted the other side? Do you know what you are doing, in case you still do a fish in the future, what if you run into each other?'

There are more than a hundred people in a small courtyard, and each of these hundred people may take note of his appearance and figure.

If he is still scattered in the future to do a fish, each of those people may recognize him!

Such a risk Ning Kun is not ignorant, just suddenly some look down, no longer like before that fear.

After shaking his head with a bitter smile, Ning Kun looked at Sally and laughed: 'It's okay, I had a disguise when I went, and, this time, I also cheated a little money, 100,000 yuan!'

Looking at Ning Kun playing treasure, Sally some helpless sigh, she suddenly felt as if she had aged several years during this period!

Previously has been some do not understand those people, why just simply do a thing will be sad face, a day did not see a smile.

Now that she's in this position, she understands why those people don't like to smile.

Just some ordinary little things have been annoying people, plus a whole day nothing to play with your treasure, can laugh out is strange thing!

After a light sigh, Sally looked at Ning Kun and said in a deep voice: 'Okay, the money is yours, tell us about the other party's information.'

Ning Kun nodded after converting the smile on his face and said seriously: 'The other side of more than a hundred people are now living in the west of the city three river village, but there are not many people around, it seems to have dispersed out.'

Sally nodded slightly coldly: 'The other party has contact with the North House Shen family?'

Hearing these words, Ning Kun took out a small book from his body, then respectfully handed it to Sally and opened: 'This is what the people on the street passed back, it looks like they have been to the Shen family.'

Chapter 802

Sally looked at the things recorded on top of the book and nodded slightly, although it wasn't very detailed, it looked like the other party had already made contact with the Shen family.

'In that case, the Shen family's people might have gotten Jiang Hao's information as well, right?'

Ning Kun nodded and smiled, 'But I do think that that kid Shen Qing Shu might not tell Shen Tianyang's people about Jiang Hao.'

The specific reason even if Ning Kun did not say, Sally can understand, so he just said here and fell silent, with a smile on his face to look at Sally.

Sally looked at the book in hand after hearing Ning Kun just to words fell into a deep thought, according to the existing information, the North House Shen family if they get the information of Jiang Hao, will certainly also go with Shen Tianyang like want to capture Jiang Hao.

After all, as long as there is a Shang Dian, all things are no longer a problem.

As long as you have Shangdian, plus his roots in the North, it is not impossible to surpass Shen Tianyang in a short time.

Thinking of this Sally nodded slightly and said in a deep voice: 'So what are you going to do this time, the people above but only allow us to move against Shen Tianyang, and do not allow us to move the North House Shen family.'

Ning Kun looked at Sally some helpless bitter smile, this is the most troublesome part of the matter, because the people above did not allow them to move the North House Shen family.

Otherwise, Ning Kun wanted to take this opportunity to simply lure out the North House Shen family, and then with Shen Tianyang's men all buried, simple and save the matter.

Now it seems that things are not as simple as they thought.

So Ning Kun laughed somewhat helplessly: 'This news must have come from Chu Jiang, right?'

About this matter, a long time ago Ning Kun already told Sally, Chujiang side of the senior must have defected to Shen Tianyang, otherwise things will definitely not become the current situation.

And the last time that information modification incident also let Ning Kun on the Chujiang side of the people lost confidence, the most horrible thing is not to face the danger, but you have a knife behind you all the time.

Sally obviously also with Ning Kun is the same idea, looking at his face difficult look, she lightly sighed after nodding: 'This matter since you know then it is good, Chujiang side I have to go sooner or later.'

Between the words, Sally's eyes had taken on a hint of anger!

She would not allow her men to fight for their lives while they had to be on guard against the knife from behind!

Ning Kun looked at Sally and laughed lightly twice, then whistled and laughed: 'Forget it, you have this heart already makes me very happy, Chu Jiang or go later, now you decide whether to make a move on the North House Shen family.'

Sally was silent for a moment, then shook her head and spoke: 'North House Shen family first keep, they are still useful for balancing these forces in the North, you should leave these people alone.'

Ning Kun nodded then returned in a deep voice: 'In that case, in about three days I will tell Jiang Hao's men about Jiang Hao's news, then set up the fifty beast guards and wait for them to come over?'

Sally nodded slightly, looked at Ning Kun after a period of silence and spoke: 'This time you must protect yourself, I will think of a way for you after the event.'

Ning Kun heard these words looked at Sally's eyes smiled, perhaps he did this thing at the beginning of the original intention is to avoid becoming a fish scattered in the sea again.

But then after the old black enlightenment, at this time Ning Kun has instead figured out that some things even if he does not do will have others to do.

Who is not raised by parents, why others can bear such danger, they can not bear?

He was at least the first person to graduate from the academy, so why would he be afraid to face these dangers now?

Ning Kun said with a bitter smile after shaking his head: 'No need, this matter is my own willingness to do, not I want to use to claim credit, in fact, Old Black is right, I can not be too wimpy.'

Sally heard this somewhat surprised to look at Ning Kun, as if she was the first time to know him in general.

'You, didn't you say before that you were going to use this time, and then ask for credit with headquarters, and then transfer back to stop being a fish?'

Sally looked at Ning Kun eyes some surprise, she did not know just but a few days time, why Ning Kun seems to be a changed person.

Perhaps it was Sally's illusion, at this time Ning Kun looked surprisingly a trace of the old black temperament, hard, calm, but with a little jump.

Ning Kun looked at Sally's surprised look and he laughed: 'I suddenly feel that even being a potential fish in the water does not seem to be something difficult to accept.'

After saying this, Ning Kun continued with some gnashing of teeth: 'I don't believe it, everyone is as smart as that old dog Chen Jingdao!'

At this time Sally got up and poured herself a cup of tea, then leaned against the desk and looked at Ning Kun and said quietly: 'You can be smart countless times, but people only need to be smart once, you're gone, so you have to think clearly.'

Ning Kun rolled his eyes after a rather sad look at Sally: 'I can not easily drum up the courage, you just give me to play no more?'

To Ning Kun's answer, Sally said one word very concisely: 'Roll!'

After Ning Kun roundly rolled out of his office, Sally suddenly laughed lightly, no matter what, Ning Kun such a change still makes Sally quite happy.

But thinking about the plan that will soon begin, her brow always hides a trace of worry if nothing else.

Old Black pushed the door in, looked at Sally leaning on the desk is holding a coffee contemplation, so softly said: 'Ning Kun's plan, you think it will work?'

The room was silent for a long time before Sally's voice rang out.

'Some trouble, but I believe he can do it, after all, this is something he wants to do, not something he uses to take credit for, what do you think?'

Hearing such a reply, the old black face suddenly appeared a simple smile: 'Let me go help him, how about it?'

Sally was silent for a long time before she nodded and said: 'Take twenty people with you, and pay attention to protecting Ning Kun after the plan starts, he's had a hard time, it's time to rest for a while.'

Old black nodded and then withdrew from the office, leaving Sally alone, looking out the window somewhat gloomy sky.

At this time, Jiang Hao, who had quit his job, rented a small house and was carefully cultivating a little bit every day to adjust himself to the best state.

Ning Kun's side does not know when the news will come, and Sally's side although now seems to have little idea about him, but Jiang Hao can not judge Sally is an enemy or friend.

Chapter 803

Thinking of this Jiang Hao some helpless down, after all, they are not what the gods, facing these problems he is more in consideration of what the other side will do.

Now it seems that Ning Kun and Sally seem to be using themselves to seek credit, and against the people of Shen Tianyang, on the surface we are mutually beneficial existence.

But in fact, Jiang Hao has a complex feeling for Sally, such a feeling is like a friend yesterday, today has become his opponent in general.

Just thought of here, the door outside the rental room was knocked by Ning Kun, Jiang Hao got up and walked to the door to look out through the cat's eye.

Ning Kun is dressed very casual standing at the door, is waving at Jiang Hao.

'Why, I came to see you today but have business to discuss, convenient to open the door to let me in?'

Jiang Hao nodded somewhat helplessly, then opened the door and looked at Ning Kun and said, 'Why did you come over, what's the matter?'

Ning Kun walked into the door to change shoes, and then into the house lying down on the sofa and laughed: 'Nothing can not come over to see, this place at first but I helped you find, you do not unload the mill to kill the donkey line.'

I do not know how it happened, the more we get along with Ning Kun, as if the more casual with him up, the two gradually also put aside the identity of the relationship.

Jiang Hao looked at Ning Kun smiled and then opened his mouth: 'Tell me, today came over is not what and personal feelings to say to me, otherwise how would you come so early.'

Saying this, Jiang Hao took out a can of drink from the refrigerator and threw it to Ning Kun.

Ning Kun lying on the sofa received the drink handed to him by Jiang Hao, and then opened it and took a sip: 'You do not say, there is something to discuss with you today, and it is related to those people of the Shen family.'

Jiang Hao smiled slightly and then said, 'You mean Shen Tianyang's men?'

Ning Kun nodded and looked at Jiang Hao and said in a deep voice: 'Good, Shen Tianyang's men came over to the head of the person called Sanniang, I do not know if you know her, I do not have her information on hand.'

Jiang Hao listened to the silence for a long time, seems to be thinking back, but is also confused to shake his head.

Shen Tianyang commanded the overseas Shen family for so many years, there are many capable people under his command, in Chujiang when Jiang Hao has only met one or two.

Thinking of this, Jiang Hao looked at Ning Kun and said: 'What, the other side is very troublesome? What level is it?'

'The level is certainly not as high as you, only a third class, I just wonder if we can pry out a little something we need through the mouth of this Sanniang.'

As he said this, Ning Kun looked at Jiang Hao with a bad smile, as if he was saying where to go for fun tonight.

Jiang Hao after a period of silence also figured out Ning Kun's idea, so a bad smile looked at Ning Kun and said: 'This can not, you have rules can not do this to people.'

Ning Kun gave a middle finger to Jiang Hao, he knew as soon as he heard Jiang Hao say that, he must have understood his thoughts.

So he opened his mouth with a bad smile: 'No kidding, I think this person must have a lot of things in his hands, if we don't make a move I'm afraid someone else will too.'

Jiang Hao picked up his drink and took a slight sip, then looked at Ning Kun somewhat pointlessly and said, 'The plan has already begun, you are still worried that this person is not yours?'

After saying this, Jiang Hao got up and walked to the window, then looked at the pedestrians coming and going below the floor.

‘These things to let me say, there is no need for you to rush, after all, Sanniang in the end is just an errand boy, grasp more than I’m afraid will not have a critical role.’

Ning Kun lying down on the sofa heard Jiang Hao snorted disdainfully after hearing this, because he is not in this business, so naturally do not understand.

In the industry, Ning Kun’s nose is like a dog, as long as he smells a little trace, he can always catch it.

In fact, the reason why he is so obsessed with Sanniang, for no other reason, the main reason is to find out from Sanniang’s body who actually voted for Shen Tianyang in Chujiang!

The last time the information was tampered with, whether it was for Ning Kun or for Sally, it was as if a shadow had fallen over the heart!

As long as this person is not caught out, Ning Kun and Sally will always feel as if there is something staring at their backs.

Thinking of this, Ning Kun some helpless sigh, then lit himself a cigarette and said: ‘You may not know, I may have to go to Chujiang next.’

After hearing these words Jiang Hao’s hand involuntarily trembled a little, and then looked back at Ning Kun and said: ‘What are you going to Chujiang, what do you have to do?’

Ning Kun nodded slightly, and then said in a deep voice: ‘Chujiang side seems to have someone cast to Shen Tianyang’s door, there is a previous information was deliberately tampered with, resulting in some serious consequences.’

Although Jiang Hao did not know what kind of organization Ning Kun and Sally were, but looking at Ning Kun’s appearance, this matter must have had a deep impact on them, otherwise Ning Kun would not have such an expression on his face.

After a period of silence, Jiang Hao nodded slightly, with the intention of asking Ning Kun to help him track down his friend’s whereabouts, but the words came to his lips somehow but he could not say it.

Ning Kun looked at Jiang Hao difficult look smiled, then sat up and spoke: ‘What do you have to say, if you do not say, I say for you very embarrassed.’

Looking at Ning Kun’s quirky look, Jiang Hao smiled, then pondered and spoke: ‘When you go to check today, by the way, you should also check where Shen Tianyang has my friend locked up, I believe you should know who my friend is.’

Ning Kun heard this and shrugged, after all, with Shen Tianyang's obsession with Jiang Hao, this matter is not only trouble that simple.

'You kid always give me trouble things ah, no, this time I have to charge a benefit fee to be able to, otherwise so go for you to fight, feel some not very cost-effective ah.'

After a fake funny smile, Ning Kun was silent for a while, then suddenly spoke quietly: 'Seriously, there is something I hope you can consider.'

Jiang Hao turned his head to look at Ning Kun slightly stunned: 'Consider what?'

'Consider a relationship with Sally ah, you may not even know Sally's true identity until now, right?'

After saying this Ning Kun looked at Jiang Hao and smiled badly twice, he suddenly felt that if he set up Sally with Jiang Hao, perhaps in the future there will be something extraordinary!

The only bloodline of the Shen clan and their only heir of the thirteen sections, such a combination in the end will be how powerful, Ning Kun just think about it all feel trembling up!
