## Chapter 804

No matter how Ning Kun is thinking, this thing Jiang Hao does not agree how can not become.

And Jiang Hao at this time is only this thing as a laughing matter, simply did not put on the heart, but some want to explore Sally's true identity.

Thinking of this, Jiang Hao pondered for a moment and then looked at Ning Kun and said: 'I ask one thing, what exactly are you people, why do you have my information, and it looks like you and Shen Tianyang strength seems to be not very different?'

Ning Kun snorted twice after hearing this, being in the thirteen sections for so long, it was the first time he was ready to explain properly to a person what the thirteen sections really were.

After pondering for a moment, Ning Kun looked at Jiang Hao and said: 'You want to know what the thirteen sections are right? In that case, anyway, there is nothing to do now, so I will tell you properly.'

He lowered his head and coughed lightly, then said: 'Thirty years ago, two men joined forces to form a department, that is the thirteen sections, and the thirteen sections are responsible for what things, only the successor of each generation will know.'

Ning Kun sometimes wondered what the thirteenth section was, it swayed the fate of countless people, it can be said that as long as the thirteenth section said a word, tomorrow perhaps everything will become different.

Such a thought Ning Kun is not without, and even he has personally seen such a thing happen.

Thinking of this, Ning Kun looked at Jiang Hao with a bitter smile and said, 'I am a person under the Thirteen Sects who is responsible for collecting information outside, and people like me have no idea how many people are inside the Thirteen Sects.'

After Jiang Hao heard this, his eyes looked at Ning Kun with some horror, seemingly not quite dare to believe!

How good is Ning Kun? Just saying the college he graduated from was enough to prove that he was one of the hundred people picked out!

If such people were countless within the thirteen sections, then Jiang Hao definitely had good reason to believe that they had the absolute power to fight with Shen Tianyang in the ring.

When he thought of the possibility that Sally was the next heir of the thirteen sections, Jiang Hao's heart suddenly fell silent.

In the past, he might have always thought that there was a big difference in status between himself and Sally, at least he was the only bloodline of the Shen clan family, and he was no worse than anyone else simply in terms of status.

But looking at the appearance of Ning Kun in front of him, he fell silent, perhaps Sally's identity is really gorgeous it.

This also explains a side issue, why Sally people in the North House did not meddle in all the things of the North House, but so many people in the North House seems to be somewhat afraid of her in general.

After a period of silence, Jiang Hao lit himself a cigarette and then looked at Ning Kun and said, 'In that case, why don't you choose to follow Sally and do it together?'

Sally had previously recruited Ning Kun, this thing Jiang Hao was aware of, because it was Old Black who talked to him about it.

If Sally's future was not very good, he could understand why Ning Kun was not willing to follow Sally, but now it seemed that things were far from as simple as he thought.

And Ning Kun heard this and laughed bitterly twice and shook his head somewhat helplessly at Jiang Hao and sighed: 'I have my own plans on this point, you can't allow others to hide anything, right?'

'But you always have to give me a reason to believe you right, or you do not follow Sally dry, in case you sell me who I cry with?'

After the conversation was opened up, Jiang Hao also began to become joking and laughing, as if the two were just two old friends chatting with each other.

Ning Kun looked at Jiang Hao's insistence and sighed helplessly, then said: 'You know that where there is light in this world, there is darkness, right?'

Jiang Hao nodded and said: 'Yes, this as long as the people know, but you do not follow Sally dry and this issue has what to do?'

Ning Kun shook his head and then said: 'The relationship is big, right now Sally already has a person like Old Black beside her, he can already handle some things instead of Sally.'

Said here, Ning Kun paused, and then deeply smoke a cigarette and continued: 'I even go to follow Sally dry, then others are just one more opponent, and will not put on the heart.'

The words have come to this point, Jiang Hao still some clear look to Ning Kun.

'You mean to say that you want to be an undercover agent under Sally's men and help her in the dark?'

Ning Kun heard this and laughed bitterly twice without denying it, perhaps because he was already used to this kind of life.

Putting aside the previous failure to Chen Jingdao, he seemed to enjoy that kind of day, a day without having to care about anything, living in someone else's life would not have too much pressure.

Thinking of this Ning Kun bitterly laughed twice before speaking: 'You think I don't want to walk under the sun? But there are times when such things are not allowed.'

Jiang Hao fell silent, reached out and patted Ning Kun's shoulder, after all, to do this, he had to give up a lot of things.

Just when the two were silent, the voice of Old Black suddenly sounded outside the door.

'I always thought that you kid just wouldn't be enlightened, but I didn't expect you to think higher than what the old boss and I thought.'

Ning Kun's eyes first became surprised, and then gradually became frightened!

'Old Black! Since when did you guy listen to the wall like a bandit, this is a bit too much, right?'

Jiang Hao laughed, in fact, he had already known the arrival of Old Black, that's why he asked that question, otherwise some misunderstandings placed here, may not be solved for life.

Jiang Hao got up and walked to the door and opened it, then looked at Ning Kun with a smile and said, 'It's just a little bit of crap, what's wrong with talking about it, so that we don't have to be afraid of drinking together in the future.'

Ning Kun face slightly embarrassed, he can see, Jiang Hao this kid and old black is colluding with a group!

So after hearing Jiang Hao's words he snorted coldly and said: 'Forget it, I'm a man of intelligence today in the hands of the two of you, what face to drink with the two of you again!'

This is really not Ning Kun joking, he now really want to find a crack into the ground, it is too embarrassing.

Originally thought that Jiang Hao is not the thirteenth section of the people, although closer to Sally, but this kind of thing think he will not say out.

However, Ning Kun did not expect that everything would become so logical!

Old Black happened to come over, and he happened to tell this matter, now he is embarrassed to home!

After walking into the house, old black frowned a little helplessly surveyed around.

'How to say Jiang Hao is also our friend, how can we let him live in such a place?'

Chapter 805

Jiang Hao smiled and shook his head slightly and spoke: 'It's okay, in fact I took the initiative to live here temporarily, because there is no need to register my identity here, and it is also really too small, as long as you reduce going out will not be noticed.'

Hearing this, Old Black looked to Jiang Hao and nodded before sitting down and said in a deep voice to Ning Kun: 'I'm glad you think like this, but are you sure you want to keep doing it, isn't that what you hate the most?'

Ning Kun looked up at Old Black's concerned look, the corners of his mouth pulled out a mocking smile after slowly said: 'It does not matter, anyway, this is not the first time to do this kind of thing, besides, who can say that I will not survive tomorrow.'

This last sentence in the old black and Jiang Hao sounded more like he was comforting himself, it seems that he was recognized by Chen Jingdao is really some big blow.

Jiang Hao was silent for a long time and then shook his head slightly and said: 'That's not the way to say it, people don't live for themselves, I believe you should understand this truth.'

Old Black pondered for a moment and then shook his head slightly and said: 'I do not understand these great truths, but I know that now Sally needs help, if you hold such an idea, in case something happens how can I explain to the old boss?'

Ning Kun nodded with a bitter smile and then spoke: 'It's okay, this matter is not very troublesome anyway, in comparison, what are you doing here this time?'

By Ning Kun so interrupted, the old master also did not have time to think about it, but from his body took out a book handed to Ning Kun said: 'Something the old master has finished reading, now the original seal back to you.'

Jiang Hao looked at the book placed on the desktop slightly curious, just reached out his hand has not yet got it, it was old black bellowed a jump.

'What are you doing ah, suddenly screaming what the hell screaming, I just look at the book only, to so much fuss?'

Jiang Hao since birth on these things well not allergic, usually simply can not see each other in what place.

Old black see Jiang Hao so not put in mind, so lightly laughed twice after picking up the book and said: 'This is recorded in the things that are not ordinary people can get, you see it does not matter, but after reading it will not want to withdraw.'

Hearing these words, Jiang Hao outstretched his hand action obviously paused, and then some fear to look at the old black said: 'really fake, you do not scare me ah, I can not withstand you so scared!'

If it is in Chujiang then Jiang Hao definitely will not have these hesitations, he is in Chujiang is basically what you want to go somewhere, and like a certain character.

Take a gun will want to wander around, and then be pitted not a penny gray rolled back!

Old black see Jiang Hao cowering look, so ha ha laugh two times after speaking: 'It does not matter, if you really want to see take to see it is, inside is just some things that have passed.'

After hearing this Jiang Hao was relieved to pick up the book and read it with great interest, but just flipped through two pages Jiang Hao knew.

No wonder Ning Kun even at the cost of life to protect this book, just read two pages Jiang Hai knew that this book is about something!

The two just looked at the map on top of the book, the old black then hurriedly called to contact a person, and then hung up the phone some helpless look to Ning Kun: '2 such a heavy thing, why did you lose?'

Jiang Hao some confused look to the old black, seems to not understand what the old black just said is the meaning.

And Ning Kun now listened to understand, to the old black after a bitter smile spoke: 'This thing is now no longer suitable for me here, my identity has been recognized by Chen Jingdao.'

Ning Kun and old black both know one thing, since he is spreading out the fish, then the information in his hands will definitely not be just Chen Jingdao's alone.

And because of his identity, if the news that he is a fish is spread, then Ning Kun is likely to be targeted by people taking this opportunity!

At that time, not to mention that he wants to serve Sally, even to get out of the distance has become an unattainable hope!

In the old black looking at Ning Kun sigh, Jiang Hao some timidly spoke: 'That, I suddenly found a problem, you two are not a long time ago to know ah, I found the first meeting when you two look at each other's eyes something wrong.'

Ning Kun and old black looked at each other for a moment, then laughed out loud, or Ning Kun looked at the lake and said: 'This matter is not up to you, nor is it up to me.'

Jiang Hao nodded somewhat helplessly and then said: 'In that case, why are you two unwilling to tell me the truth?'

Ning Kun shook his head with a bitter smile, and then said: 'It's not that I don't tell you the truth, but you simply do not need to know, know what I mean?'

Old black heard here also interfaced and said: 'Yes, you do not need to know the truth of these things, sometimes know a little less is a kind of happiness.'

If it was put in the past, Jiang Hao definitely will not give up so easily, but now the situation is that he is playing the code against Ning Kun and old black two people.

So silent for a while suddenly counted: 'You two must have known each other before, otherwise it would have been one waiting for me to go!'

Ning Kun looked at the time on the table after a slight nod, then spoke to the old black: 'Now the front door let people to shrink, follow him, take care of my son, or I will not let you go even if you die!'

Ning Kun heard these words, seriously chemistry over flashing over the rain North Lings emotions, he respects this old Zhu is a dark self, but also on behalf of our millet later, this can be really powerful! ‘

Old black slightly skimmed after after standing behind Jiang Hao spoke: ‘This is not necessarily, but no matter what, I door side can not live up to Ning Kun’s piece of hard work is.’

Saying this, the old black in the car, and then looked at the distance from their reluctance of Ning Kun smiled: ‘Go, you set up the bureau is not here, really do not need to see the action?’

Ning Kun looked at the old black face of the bad smile shook his head, in fact she did want to go to see, they laid out the plan in the end can male master Sally catch a few live fish!

But in fact there is still a person hiding around Sally, this person is the most let Ning Kun some worry, that is to pay fatty!

Before he came to the North when he also made a special effort to understand the news of the fat man paid, because Sally is, after all, the head of the North, if things are not right to go to Sally, everything even read will change the flavor.

This track or Sally just took over the North House passed down, to now Sally is at home, which is only two rooms loose!

Chapter 806

After getting into the car, Jiang Hao looked at Old Black with some curiosity and said, ‘Why are you here today, isn’t it Ning Kun who informed me of the news?’

Old black shook his head, then while driving the car while laughing: ‘Your news has not been revealed for the time being, because the boss suddenly changed his mind, she probably wants to slow down first.’

In the face of the sudden change, Jiang Hao some puzzled to look at the old black, a time not quite clear about the authenticity of this matter.

Because Sally gave him the feeling like a precise machine, everything as long as the program is set, she will carry out, there will not be a little drag.

But now the sudden change has disrupted everyone’s pace, thinking of this Jiang Hao looked at Old Black and said: ‘Sally changed her mind about this thing, Ning Kun know?’

Old black smiled and shook his head and said: ‘He does not know that this matter has changed for the time being, because the boss wants to wait a little longer, maybe even wait for a bigger fish.’

After hearing this Jiang Hao fell silent, and only after a long time did he say, ‘I heard Ning Kun say that my identity, for you guys, has now become a problem, right?’

This matter should have been hidden from Jiang Hao, but looking at the look on Jiang Hao’s face, he suddenly fell silent.

Then he nodded gently and said, 'That's right, because now the policy of the section is to keep peace, but because you have caused too many things, so now the attitude of the headquarters side towards you is a little blurred up.'

After saying this, Old Black did not wait for Jiang Hao to speak then sighed: 'You do not have to worry too much, the section even if how to fight over your matter, but also will not lay hands on you, this you do not worry.'

Although the words are so, but the meaning revealed inside the words is somewhat impenetrable.

The old black this meaning, it seems that the thirteen sections inside also have a lot of capable people ah, he the fourth level martial artist is not enough to see?

Thinking of this Jiang Hao shook his head and laughed bitterly: 'Why the longer I contact with you guys, the more my heart is not very reliable, always feel as if I have some gap with you guys.'

Old Black smiled happily and said: 'It's not that there is any gap between you and us, but because you simply did not get the right guidance.'

That being said, Old Black actually had quite a high regard for Jiang Hao.

After all, to be able to cultivate into a rank four martial artist without much guidance, Jiang Hao was already a remarkable progress!

Many people may only be able to hover at level one for the rest of their lives, which is why even the backbone of Shen Tianyang's men is only level two.

Thinking of this, old black sighed looked towards shoulder high and laughed: 'You do not need to be too anxious, in fact these things do not need you to think about, you just need to do well now on the line.'

Jiang Hao heard a moment of silence before suddenly speaking: 'I know what you mean, but if this goes on, where will I get the strength to take revenge on Shen Tianyang.'

Hearing this old black suddenly slammed on the brakes, then stopped the car and turned his head to look at Jiang Hao.

'You're still thinking about revenge now? I tell you, Shen Tianyang in Chujiang has laid a heavenly net, and Chujiang our internal people may have rebelled!'

Originally, this matter was considered the family scandal of Section 13, but in order to avoid Jiang Hao going back to look for death, Old Black still said it.

Sure enough, hearing this, Jiang Hao looked at Old Black with a surprised expression, quite a bit of the first time to know him.

After all, this news is really a bit explosive, even the thirteen sections of people have been pulled in by Shen Tianyang, so what else is there that he can not do?

Old Black looked at Jiang Hao's shocked look, suddenly shook his head and spoke: 'Forget it, this matter you should ask the old boss yourself, I am only responsible for sending you to the villa today, the next thing is up to you.'

Jiang Hao smiled and nodded slightly, closed his eyes and pondered.

Time passed slowly, and when Old Black pulled Jiang Hao arrived at the villa, Sally was standing on the balcony with her hands on her chest watching the two get off.

Jiang Hao seemed to notice Sally's gaze, looked up and she looked at each other after a smile on his face and waved his hand.

However, Sally was silent and looked at him, as if she did not see him greeting.

When Jiang Hao walked into Sally's office, she was still standing on the balcony, seemingly thinking about something.

Old Black gently opened the door to let Jiang Hao in, and then retreated, a habit he had only recently developed.

Whenever he came across Jiang Hao and Sally two alone together, he always guarded the door and did not allow ordinary people to enter at will.

Walking into the office, Jiang Hao gently walked behind Sally, then said in a deep voice: 'What's wrong, thinking about something?'

The sudden sound of the voice pulled Sally out of her thoughts, she turned her head with a somewhat confused look at Jiang Hao.

Then slowly came back to her senses and smiled: 'Nothing, just thinking about a little thing, how do you feel?'

Jiang Hao nodded, this was the first time Sally spoke to herself in a polite tone.

After a while of silence, Jiang Hao looked at Sally and spoke, 'I heard that your headquarters is a bit ambiguous towards me now, which has caused you a lot of trouble, right?'

Sally smiled and fell silent, she didn't know why Old Black had to tell Jiang Hao about this matter, but now it seemed that she couldn't hide it anymore.

So he coughed lightly and said, 'Well, things are slightly troublesome, that's why I want you to try to stay with me during this period of time is better.'

'What about Ning Kun's side, he has already made a plan and has contacted Shen Tianyang's men, is he just going to give up?'

In the face of Sally's attitude, Jiang Hao at this time also held the idea of going out of his way, directly all the things to say clearly.

Sally looked at Jiang Hao with a somewhat complicated expression, and only after a long silence did she say in a hoarse voice: 'I'm not going to do this for the time being, anyway, there is no news of you leaked out, they should not be able to find you for a while.'

In the face of such a reply, Jiang Hao some cloth full of said: 'Sooner or later will find, I do not understand what is the reason for you to temporarily terminate this plan.'

After a deep sigh, Sally turned around and returned to the office, then poured herself a cup of tea, as if to pretend that just did not hear Jiang Hao's question.

And Jiang Hao looked at Sally such a perverse behavior, more than feel a little confused up.

First she spoke to herself in a polite tone for the first time, and this is the first time she avoided her own questions, even a simple perfunctory.

This makes Jiang Hao's inner heart at this time, can't help but rise up a trace of bad feeling.
