## Chapter 809

After taking two deep breaths, Jiang Hao looked at Sally and gave a bitter smile, then spoke, 'You guys talk, I'll go out first.'

Sally looked at Jiang Hao and rolled her eyes. Knowing that the other party is a little embarrassed to look at himself, so lightly hummed and then watched Jiang Hao leave.

When Old Black and Jiang Hao brushed past each other, the two of them smiled heartily and saw some embarrassing emotions in each other's eyes.

Wait until after Jiang Hao left. Old Black coughed and looked at Sally and said: 'I think, the headquarters side of the old boss you may need to submit a proposal up.'

Sally snickered and opened her mouth back: 'I know exactly what you are talking about. But now is not the time, when the time comes I will naturally do so, by the way, I heard that recently there seems to be some situation on the east side of the river.'

Old Black nodded slightly, Hedong is a city about five hundred kilometers away from the Northern Province, the city's population is around thirty million.

After seeing Old Black nod, Sally pondered for a moment, she had a friend in Hedong, and there was also a branch of the Thirteen Kory in Hedong.

However, because the situation over in Hedong is very special, so they have not been able to get a good development in Hedong. This has also become Sally's heartache.

After all, she is going to inherit the thirteen sections in the future, so now she has already started to cultivate her own forces early.

After a long silence, Sally sat on the chair and closed her eyes for a moment to ponder and said: 'In that case, see if you can pick a few people from our elected people to send to the east side of the river.'

Lai He nodded and said: 'Yes, but I'm a little worried that they may not be able to adapt to the situation in Hedong after they go over there, after all, the most chaotic city in the East is Hedong.'

Sally sniffed lightly glanced at the old black, eyes quite some disdain.

'If it wasn't for this reason, would I deliberately pick them, since they can't do this thing, then what's the use of me keeping them.'

Faced with the suddenly sharp Sally. Old Black silent for a long time before some embarrassment do: 'Okay, I will go down later to let those people do a little preparation, but there seems to be a Shen family in the east of the river, what are you going to do?'

The North House Shen family has not been dealt with, and now to face the River East Shen family, Sally thought of here and felt his head hurt a little up.

After a slight wave of the hand Sally spoke: 'The He Dong Shen family has always kept a low profile, even when the Shen clan was in its prime, so I'm not quite sure which side he's on right now.'

The people of the Shen family are basically considered the pride of the sky. The wallflower style is definitely not something they are willing to do, so the position of the He Dong Shen family makes Sally a little uncertain.

They are not with the strongest Shen Tianyang at the moment to deal with. Also not in private with any Shen family branch of the people contact, seemingly independent of the crowd.

But the more this happens, the more Sally is not sure what the other side is thinking.

The North House among the frequent access to the East of the river only one family, that is the Xue family. Because the Xue family ancestors have been walking merchants for generations.

They never focus on the immediate development and operation, but more focused on the traditional form of walking merchants, with an open eye to discover the soil covered with gold.

Thinking of this, Sally looked at Old Black and said: 'See if you can get in touch with the people of the Xue family. Use their network to send people to Hedong, I don't want them to have any accidents on the way.'

Old Black smiled sorrowfully and then suddenly said: 'In addition, should we send a few more good men to follow them? The new phase of shadow guards have already been selected, and they don't have a mission yet.'

Sally shook her head in silence, the shadow guard is a force that belongs to her alone, with the courtyard of those wearing black suits and sunglasses, looks like a secret agent bodyguards are different.

The shadow guard prefers to carry out assassination orders, they are born to see no sunlight, a lifetime of hiding in the dark.

After a long silence. Sally got up and walked to the balcony, looking out the window at the sunny sun. The heart, however, felt a gloomy chill.

There was a traitor within Chu Jiang, which brought a bad seed to the thirteen sections as a whole. If the people of Section 3 can't handle this matter well, more and more things like this will follow.

This was not the situation that Sally wanted to see. Because if the situation develops like this, soon the thirteen sections will lose control of Chu Jiang.

And Shen Tianyang, whose roots are overseas, can use this part of Chujiang to gradually develop and grow his own power, and by then it will be too late to target and suppress him.

Thinking of this, Sally pondered for a moment and then looked at Old Black and said: 'Is there any trustworthy people over in Chujiang, I hope they can pick a few people out for me to use, in advance of some important places in Chujiang cloth son.'

Old Black was silent for a long time before he spoke: 'This, there is not nothing, but the relationship are somewhat complicated, including two people who have contact with Jiang Hao.'

'What people, tell me, I'll see if I can use, right now can not care so much, just barely used.'

Old Black saw a light cough before speaking: 'These two people are in the Chujiang suburbs on the edge of the thirty miles store Qian Laozi's men, if you need to use, wait two days I handed a detailed information up.'

Sally nodded gently after a moment of contemplation: 'This Qian Laozi is not the last time for some special reasons, had to choose to retire the senior?'

Old Black nodded with deep meaning in his eyes: 'Indeed, but if you want to use him, Old Master, I'm afraid it will cause a lot of trouble, and now there are quite a few people who are watching him.'

'I know, which includes Shen Tianyang right, how Jiang Hao came to the North Province after I have read the report.'

After saying this Sally turned to look at the old black standing in the room and smiled: 'But don't you think that it is exactly such a person that should be used to let Shen Tianyang know that our Section 13 is not something he can do whatever he wants, isn't it?'

Hearing this, Old Black pondered down, using the previous bad blood between Qian Lao and Shen Tianyang, and then sending a signal to Shen Tianyang.

Such a solution is not impossible, but yet it may even involve Elder Qian.

Thinking of this old black heart is not agree with Sally to do so, because if according to Sally's plan to implement, the consequences are really a little too heavy.

When the time comes, if the old man met with something untoward, Sally as the initiator of this matter, the crime is difficult to forgive!

'I think, boss, we do not need to take such a risk, right?'

After saying this old black said in a deep voice: 'Now the northern side, Shen Tianyang already has not a small power, if pushing Qian Lao to stand out, it is afraid that it will bring him danger ah.'

Sally laughed lightly twice and muttered: 'People live in this world but more than 30,000 days, if you can not live a painful life, what is the point of being a shrinking violet?'

After saying this she looked at Old Black, her eyes gradually became sharp!

'Immediately give me to take the preparation of this matter, within two months I need to see the results. In addition to help Qian Lao to untie the relationship, I need him to step forward to temporarily manage to rectify the situation on the Chujiang side first.'

Seeing that he could not persuade Sally, Old Black had to sigh helplessly, then turned around and withdrew from the office.

During the time he saw Jiang Hao sitting with Ning Kun, he did not put it on his mind, because Sally now did not know what stimulus she was suffering from. The whole person has become extremely aggressive, not at all like before in general.

Why would Sally change? This is because Shen Tianyang's action inspired her to understand. Maybe she can stretch her wrist out and gradually form her own circle.

As long as the time is long, after stabilization, then this place basically becomes an absolutely safe place, without the slightest need to be alarmed all day long like this now.

On the one hand, she is worried that if these families in the North suddenly move, she can not suppress, and on the other hand, she also has to worry about Shen Tianyang collusion with the Shen family in the North, and then invade her territory.

Thinking of this Sally's face gradually changed, she no longer stood outside the circle as before with a spectator status.

From today, she is going to join this feast, and as a predator to join.

The North House Lin family, is her first prey, the next who dares to contact with other House Shen family, she will not let go!

On the other hand, Ning Kun looked at Jiang Hao sitting in front of him, his expression was suddenly a bit hesitant and said: 'Do you know why I called you?'

Jiang Hao shook his head in some confusion: 'Why. What's going on here, didn't you already tell me all about the plan before?'

Ning Kun looked at Jiang Hao with a bitter smile, there was a hint of disappointment in his eyes, and a hint of complex emotions hidden.

'In fact I called you because I am extremely insecure now, the old boss is doing things that are getting crazier and crazier, and I'm worried that the consequences of continuing this might be more than we can bear.'

Jiang Hao at first thought it was something important, but never thought it was just such a small thing.

So he smiled and looked at Ning Kun and laughed: 'You should be at ease, Sally how to do must have her reasons, your responsibility is to assist her on the line.'

On the current situation, who will not be a fool, Sally's advantage is that the thirteen sections have a long tentacles.

Whether it's really against Shen Tianyang or whoever, Sally can mobilize these hands to support in the shortest possible time.

But Shen Tianyang is different, most of his manpower is overseas, and one of the most important reasons is that although Shen Tianyang is very strong. But the number of level three martial artists under him has been getting smaller and smaller.

Among them are the third-level martial artists who fell in the Great War of the Slanted Sun Valley, and many more second-level martial artists were exterminated by Shen Haoting and Shang Dian one.

So when Jiang Hao took a look at the information handed to him by Ning Kun, this is why he did not refuse in the first place, because he would know.

These people who were sent to support the Northern Province have actually removed at least half of Shen Tianyang's current manpower on hand!

He didn't believe that Shen Tianyang still had so many people on hand after participating in such a tragic battle in Xieyang Valley!

If that was the case, he would have made up all these people into a reserve, so they would have won a long time ago, why did they have to win so badly?

After thinking about this, Jiang Hao looked at Ning Kun and laughed: 'How about that old demon woman at sea now, how many slaves do you pull over every day?'

Ning Kun was silent for a while, then laughed: 'This point is not yet counted. But just now there are many more people inside the beast camp, it looks like the old chief is already starting to prepare things.'

Honestly speaking. This was the best news Jiang Hao had heard in a while, as long as Sally began to act. The next problem everything seems to be no longer a problem!

Looking at Ning Kun's face is quite some proud look, Jiang Hao playfully laughed twice and then said: 'Congratulations, can follow such a good leader to do things, like me, before the most worried is to follow her to do things.'

Ning Kun laughed out loud and took out a bottle of red wine from under the table at random. Then open slightly awake for a while after giving Jiang Hao poured on.

‘Our old boss actually has a lot of hobbies, in more ways than one, she actually quite likes to enjoy life, you see, any place there may be red wine she hid.’

Jiang Hao looked at the somewhat scarlet liquid in the quilt and smiled: ‘Bar, I actually don’t know much about these things. You know, I grew up just outside, simply did not accept the set they learned.’

‘What about your kung fu, I don’t believe that you learned your kung fu on your own as well, not someone taught you.’

After saying this, Ning Kun’s face changed violently, knowing that Jiang Hao was just an ordinary person at first.

And now Jiang Hao, not to mention ordinary people, even if the old black like an expert to say maybe we can not spell him!

Thus Ning Kun strange colleagues, the heart is feeling a burst of fire, that they really dig Ao Bao this time!

Jiang Hao faced Ning Kun, he knew very well what was in the eyes of Ning Kun. That is enough to start a prairie of ambition!

Jiang Hao is actually not a very ambitious person, the reason why as coarse efforts to cultivate, on the one hand is to revenge on Shen Tianyang. The other side is to hope that he can afford the sacrifice of Shen Haoting.

Thinking of this, Jiang Hao some bitter smile shook his head: ‘I advise you to give up, you have now cultivated to such an extent. Why bother causing any more trouble over such things.’

Ning Kun snorted twice before finishing the wine in the quilt in one gulp, then laughed out loud, ‘What do you know, do you know how helpless I’ve been living these days?’

‘No one understands me. How anxious it really is inside!’

Saying some words on the table, Ning Kun poured himself wine while speaking: ‘The matter of traitors inside the section, this news I think the old chief has already told you, right?’

After seeing Jiang Hao’s acquiescence, he then opened his mouth somewhat mockingly and said: ‘But the old chief has never put his eyes on Chu Jiang’s side, because she feels that there will not be much problem there.’

Jiang Hao smiled and hurriedly spoke: ‘No, no, no, in fact your old boss has probably been going to the Lin family by now, they are estimated to reach a cooperation with the Lin family.’

Hearing this, Ning Kun eyes can’t help but flash a touch of interest said: ‘Is that so, what does the old boss intend to talk to the Lin family, do you know?’
