

Chapter: 821

The man standing by the side had a serious face, and the woman cried out that he was a hard-hearted person, but it was just that his inner sadness could not be expressed like a woman's, but his heart was already bleeding.

He questioned the person who delivered the message.

"What you said is true?"

"Absolutely dare not say anything to lie to Master Nie. When the young master of my family saw the two princes of the Nie family, they were already seriously injured. After being sent to the hospital, they could no longer be treated for a long time."

Nie Huasheng couldn't say anything. The wife beside him was crying and was about to become a tearful person. He wanted to comfort him.

"Don't cry anymore, I will definitely give my son an explanation."

"What else do you need to explain? Can our son come back after you explain it? My poor son."

But even though his wife said that, Nie Huasheng couldn't really let it go.

At this time, Nie Zheng's parents were almost the same, how could they have thought that the teenage child was gone like this, they only had one son, and the pain of losing a child was even worse than that of Nie Chen's parents over there, they also had a daughter.

But the pain is not clear.

It's just that this kind of pain hit the two masters, even if the cultivation level is already like this, they can't bear it.

After comforting their wives, they were so tired that they passed out, and then they had time to meet each other.

"Brother Feng, what do you think?"

Nie Huasheng said to his brother Nie Huafeng in the pavilion on the back mountain of the Tianshan school.

"What else can I think about that guy, I must cut him a thousand times and use his head to pay tribute to Zheng'er."

Nie Huasheng looked at his grumpy brother, and he had already thought that this would be the result. But he still questioned.

"The message from the Jia family, we can't just believe it, wait until tomorrow we see the bodies of the two children before we think about it."

"I know, but that Chen Feng's kid can't get rid of the relationship anyway. He and the two children are tested, everyone knows, and there are not many people in this world who can hurt Chen'er."

Nie Huasheng knew what Nie Huafeng meant. Nie Chen had already turned his energies to the peak. It was impossible for ordinary people to get close. The rumors that Chen Feng defeated the two brothers were also more convinced that Chen Feng was capable of killing the two brothers.

But Nie Huasheng hesitated slightly.

"What happened to Xin'er?"

Xin'er is Nie Huafeng's wife. Nie Huasheng thought about his wife's sadness, and it is estimated that Nie Huafeng is also uncomfortable here.

"When I was tired from crying, I fell asleep, but my spirits have always been bad. I guess it will be the

same tomorrow. I don't know if I leave, she won't be able to think about it."

Nie Huasheng also sighed. It was a mess on his side, but he still said.

"Let Xiao Yu go over and accompany Xin'er, she's already got close to Xin'er."

"Forget it, my sister-in-law is also uncomfortable, I will find a way with Xin'er."

"That's okay. But, after thinking about it, our two brothers still leave one on the mountain. We can't all pass."

Nie Huafeng stopped for a while. He didn't refute. He knew that what his elder brother said was right. He needed someone to look after him. The two women and women could not rely on it, but he said firmly.

"I'm going down the mountain. I will personally catch the murderer who killed the two children and use their blood to sweep the graves of the two children. Revenge for them."

Nie Huasheng originally wanted to let Nie Huafeng stay. He went down the mountain, but seeing his brother's impatience, he still gave up his idea and just told him.

"Please pay more attention, although you have reached the master in martial arts, but the mountain is not the force is everything.

Chapter: 822

Nie Huafeng just nodded, but his heart had long been thinking about how to torture Chen Feng.

The news that the elders of the Tianshan Sect who had not gone down the mountain for many years quickly reached Jia Dong's ears.

Jia Wanlie sat beside Jia Dong, and he looked worried.

"Now the elders of the Tianshan faction are going down the mountain personally, but you feel that you have the ability to deal with them. If he notices something, even your old man can't keep you."

Jia Dong looked at his uncle calmly, unconsciously, as if this matter had nothing to do with him.

"Human hearts are all flesh-grown. Even if he is a master, he can't still develop a seven-orifice. I am ready for this. He definitely can't see anything. He will definitely believe that it is the guy Chen Feng. He severely injured the Nie brothers and died in the end."

Jia Wanlie was still uneasy, but knew that no matter how much he said, it wouldn't make any difference.

When Nie Huafeng came to the provincial capital, the first time he went to see the bodies of his two children.

And Jia Dong went only after Nie Huafeng's feet, and the two entered the hospital only a few minutes apart.

But he didn't say anything. After meeting and saying hello, he stayed behind Nie Huafeng and inspected the body of the Nie brothers with him.

When he saw the cold corpse in the morgue, Nie Huafeng's emotions could no longer be restrained. The pain of losing his son and nephew would not be weakened because he was a great master.

He stood beside the corpse, his eyes withered, his face lost its luster and even felt a lot of aging.

Jia Dong just stood at the door. He didn't cry or scold Chen Feng, but his face was equally sad.

It took a long time for Nie Huafeng to calm down his emotions a bit. His tears had already dried up in his heart, and he was more like asking for an explanation for his child.

He walked to Jia Dong, the man who had been beside the Nie brothers, he just asked coldly.

"What do you want to say to me."

Jia Dong was waiting for such a sentence.

But he didn't have any excitement, or even any emotions, just immersed in the grief of the death of his friend.

When Nie Huafeng asked him, he hesitated for a few seconds before reacting.

"I'm sorry for them."

Nie Huafeng looked at him, and if he wanted to take Chen Feng's skin cramps now, he would not treat Jia Dong as well.

If there were no Jia Dong, the Nie brothers would not die in the same way.

But there are not so many ifs in the world.

Nie Huafeng said coldly.

"As long as you know."

Jia Dong didn't speak, like a child who sincerely admitted his mistakes.

"I will take them away, but before again, I want you to help me find that guy. I will let that guy know what pain is."

Jia Dong nodded, still in a low posture.

"I'm sorry for the two brothers, so in this matter, I will do my best to help you. It's just that Chen Feng is not a simple person, he..."

Nie Huafeng didn't wait for him to finish, but interrupted him directly.

"You don't need to worry about this, you just need to find him for me, and I will take care of the rest."

Jia Dong shut up, he was anxious that Nie Huafeng and Chen Feng would beat you to death. This world doesn't need so many masters.

But it can't be shown on the surface.

The latter thing became simple. Nie Huafeng handled the Nie brothers' afterlife and sent their bodies back to the Tianshan faction, while Jia Dong helped investigate the whereabouts of Chen Feng.

But since the last incident, Chen Feng seemed to be missing, and there was no information at all.

Yanjing, or Cangzhou, Jia Dong received no information.

In the past few days, he has become anxiously angry.

Things drag on for a day, and for him, there is more possibility of being seen through.

Fortunately, on the fifth day after Nie Huafeng came to the provincial capital, Yanjing finally showed signs of Chen Feng.

Nie Huafeng was arranged by Jia Dong to live in his villa, and when he knew the news, it was the first time it passed.

The rooms are large and luxuriously decorated. The paintings on the walls are carefully selected, which is usually difficult to see.

But at this time Nie Huafeng didn't have the mood to appreciate it. He looked at the manor outside the window, thinking that more of his family members were in the mountains.

He didn't know what happened to his wife Xin'er and the child's death, which was a huge blow to any mother. He was pregnant in October and raised the child with painstaking effort, but the white-haired person was the one who got the money. Send to the black-haired man.

He wanted to settle the matter here quickly and go back to accompany his wife earlier.

While he was pondering, the door of the room was knocked.

After Nie Huafeng sorted out his feelings, he let the people outside the door come in.

It was Jia Dong who came in. He rushed over as soon as he learned about Chen Feng's message.

But after opening the door, he didn't have any anxious gestures, just as if he suddenly came here to care about it.

“Is there a message?”

Nie Huafeng asked directly.

But Jia Dong’s reaction seemed to be unwilling to say the message, he moved his lips and stopped talking.

“What are you doing, just say anything.”

Nie Huafeng has an impetuous personality, and naturally cannot tolerate Jia Dong’s cover-up appearance.

Jia Dong seemed to be forced to speak helplessly.

“Father Nie, we have indeed found the whereabouts of the thief, but he is so sinister and cunning, Father Nie, you...”

His words were full of worries, but who was Nie Huafeng, one of the world’s countless masters, he just got angry when he heard such words.

“You mean I will be planted in his hands.” His eyes were cold and his aura exploded. Jia Dong was instantly overwhelmed by the aura, and he lowered his head and hurriedly admitted his mistake.

“No, Father Nie, I just...”

“Okay, needless to say, you just have to ask me to find him, and you don’t need to take care of other things.”

Since Nie Huafeng has said so, Jia Dong has no need to stick to it.

He left the room a little disappointed, but his heart was full of joy. He felt that the Grand Master was nothing more than that. Only by pretending to be pitiful, there was no possibility of being suspected anymore.

But this grandmaster’s anger, Chen Feng still doesn’t know at all.

After returning from the mountain, she went straight back to Xuanyuanzhuang, where she saw Lin Wanqiu, she didn’t seem to worry too much, just asked a few words.

Chen Feng disappeared for a few days at every turn, but many uninformed things happened, and others would treat it as a habit, so naturally there would be nothing to worry about.

Chen Feng didn’t explain, he just prepared a meal of delicacies. The hard days in the mountains really made him miss these things.

After that, I was full of wine and rice, and I was extremely cozy.

Leaving the hotel, it was already night, darkness shrouded the sky over the city, it should be a time for everything to rest, but people use their own way to enjoy this free time.

Chapter: 823

The fat man beside him carefully accompanied Chen Feng, because he happened to see the fat man when he came over, so Chen Feng asked him to follow him.

“How are these days, is it okay to be by my side? If there is any problem, you can tell me honestly, I won’t treat the people around me badly.”

Chen Feng said to the fat man with relief.

“Shao Chen, thank you for your concern, everything is fine for me here.” The fat man said with a smile.

“Really? Don’t be afraid. This is my place. They still dare not do anything to you.” Chen Feng said again.

The fat man was silent for a while, as if he really wanted to say something.

“Say it! I know you must have ideas, but it doesn’t matter, since I let you say it, then it will definitely be the master for you.”

The fat man was asked by Chen Feng to come to him, and Chen Feng didn't do anything to him. What he did before and is still doing what he is doing now, but without those entertainments, it may be that for the fat man, he has lost the prestige of calling friends and calling friends. , But life is not so bad.

Sometimes, for the fat man, he was much cleaner.

He looked at Chen Feng, thought about it and said.

"Shao Chen, I don't know if I should say something, but I think Shao Chen doesn't seem to know it yet. I think it's better to tell you something."

Chen Feng asked curiously.

"Oh, what's the matter?"

"Shao Chen, do you remember the two brothers of the Nie family?"

Chen Feng shook his head. They never introduced himself to the Nie brothers that day, and Chen Feng didn't have time to investigate them afterwards. How could he know, so he denied it to the fat man.

"Don't Chen Shao know?"

"Well, I have never heard of them. Are they important people? Or very powerful?"

The fat man looked at Chen Feng's face and it didn't look like he was lying, he was also a little strange.

"But why is it spreading that Shao Chen killed the two brothers of the Nie family? Now the master of the Nie family seems to be preparing to trouble you for the two children."

Chen Feng was also shocked. Grandmaster wanted to trouble him. It was not that he hadn't dealt with Grandmaster. Qing Zhi was one, but he still remembered that Qing Zhi just subdued him easily at that time, completely effortless.

"How come? I don't know any brothers from the Nie family. He wants to trouble me. He must always be reasonable."

"Shao Chen, I don't know exactly what happened, but the message from the northeast is like this. The grandmaster of the mountain faction may soon be coming from the northeast. If Shao Chen doesn't know, he should avoid it first. ."

Chen Feng looked at the fat man, wondering if he was lying to him, after all, he had just let the fat man be a guard for a while.

"Aren't you lying to me?"

But the fat man said with a serious expression.

"Master Chen, I really didn't lie to you about this. You can go outside to inquire about it. Now it's spread. You may have just returned, so they haven't told you yet, but the grandmaster is indeed true. , It's just that you said you don't know Brother Nie, so I don't know, maybe someone wants to harm you."

Chen Feng also felt that things were probably right. He looked at the fat man's expression, and he probably didn't lie to him, but he hadn't killed anyone recently, and the only time he was stained with blood was Qing Zhi.

"How did this message come out? No one thinks there is a problem?" Chen Feng asked.

"It's been a long time since a grandmaster took action. People in the martial arts world just want to see the power of the grandmaster. If they can observe one or two from it, what experience they have gained, it's not more important than anything. As for the so-called truth In their eyes, it's not worth mentioning." The fat man replied.

Although Fatty's words sound strange, the truth is true.

"Chen Shao, you don't know. Since this message came out, Yanjing has gathered a lot of people from the martial arts world. There are definitely a lot of people who want to see the master's demeanor. It's just that I'm here, and I've received a lot of martial arts. Invited by people in the world, they want to know

your situation as soon as possible.

But rest assured, I didn't say anything. I feel that since I have been with the new boss, I have to do things for the new boss. This is my consistent aim. "

He also showed his loyalty to Chen Feng very rudely.

But at this time Chen Feng didn't pay much attention to him.

He thought for a while, and thought that the most likely thing for the Nie brothers was the two people who asked him out the night they saw Qing Zhi, but he clearly remembered that after he reversed the exercises, the two brothers all fled. He wanted to catch up, but he didn't catch up.

But now that the other party is dead, it is impossible for him to do this in any way. Someone must have framed him.

The fat man on the side watched Chen Feng sinking into thought. He thought Chen Feng might also be scared. After all, he had to face a grandmaster, which was not something ordinary people could deal with, so he suggested.

"Shao Chen, you still hide. After all, that is a grandmaster. Even if your martial arts is at its peak, everyone knows that the gap between the grandmaster and the peak is like the sky and the earth. The battle a hundred years ago, I think you know it too. of."

Why didn't Chen Feng know, but he was framed like this, if he didn't make it clear, would he keep hiding in the future?

"What if the grandmaster and I clarify the facts? Will he give up." Chen Feng asked.

But the fat man shook his head unexpectedly.

"What you lose is the face of the Tianshan Sect. Everyone knows that you defeated the disciples of the Tianshan Sect. Even if you did not kill the people, they will definitely take action against you for the face of the Tianshan Sect. Killing you is nothing more than killing one more person in their eyes. It doesn't matter anymore."

Chen Feng also felt desperate. The realm of grand masters was an unshakable authority in the martial arts world. What they did had already exceeded the secular agreement.

There are only agreements between some masters so that they will not arbitrarily disrupt the balance of the martial arts world.

But it's just that Chen Feng's life at the peak of transformation strength, no one cares about it at all. Thinking of this, Chen Feng had already made a decision in his heart, and thanks to the fat man's reminder, he said to the fat man a little gratefully.

"Thanks to you for telling me that Chen Feng remembered this friendship today. If I can escape this disaster, I will definitely not treat you badly."

The fat man also solemnly said.

"Chen Shao, you have met with you. I said that since I have been with the new boss, then I will do something worthy of you. Although I am timid and afraid of death, Sun Zhihai is also a man of loyalty." This is the first time Chen Feng knows Fatty's name. He has never cared about Fatty. At the beginning, he wanted to come to Fatty only with a playful mentality.

Chapter: 824

But now it seems that he was wrong, and he shouldn't look down on any ordinary person.

"Chen Shao, if you are worried about the person next to you after you leave, I think you can rest assured that the grandmaster has to take care of his identity, and he shouldn't do anything to other people."

Chen Feng was still hesitating, and the fat man said again.

Chen Feng didn't think that the grandmaster would surrender his status and attack ordinary people, but he left, he didn't know if he could come back, and the hatred of murder could not be easily forgotten. But I still feel that a decision must be made as soon as possible. Maybe that master has already received the message and is now on his way.

Because he was afraid that his whereabouts would be known again, Chen Feng left Yanjing that night. He originally wanted to go back to Cangzhou, but he thought that those who targeted him must have made eyeliner in Cangzhou, as soon as he appeared. , His message will be delivered to that grandmaster immediately.

In the end, he didn't even know where he could go.

Unknowingly, he drove the car back to the forest where Qingzhi was again. The car stopped at the foot of the mountain. He was sitting in the car, and a cigarette was about to bottom out.

He thought that if he had reached the Grand Master, then he would never be forced to flee in embarrassment. He even thought of what Qingqiu had said to him, and thought of what might happen if Qingzhi died.

But all this is just imagination.

After smoking two cigarettes, he decided to avoid the mountain for a while before talking. He estimated that no one would be in the hut, and Qing Zhi should also be taken away by the palace lady.

But when he returned to the mountain, he found that there were people in the hut.

"Why are you here?"

Chen Feng asked.

Qingqiu was fetching water at that time, and when Chen Feng asked him, he looked back.

"I'm here to find Qingzhi, but it seems that there is no one here, so I am going to wait for her here. Well, where did you go?"

Qingqiu didn't know that he would come back again after he left, so that's why he asked.

"Qingzhi was taken away by a woman in a palace costume, and may not be able to return for the time being."

Chen Feng replied.

Qingqiu didn't react too much, just nodded in response.

The two of them didn't talk much, and the hut could accommodate both of them at the same time, so Chen Feng and Qingqiu lived here.

He eats and drinks on his own. The wild products picked from the forest, the game, and the spring water, seem to be able to barely live.

But apart from some necessary communication, neither of them spoke much.

But two or three days later, as if getting used to their respective existences, Chen Feng finally asked.

"Are you close to Qingzhi? You saved her once, and are you still waiting for her here?"

Qingqiu also looked at Chen Feng curiously. He hesitated for two seconds and still said.

"She is someone I can never reach. As for why I save her, I just think I need to do this so that it will make me feel better."

Chen Feng didn't quite understand what he meant, maybe it was Qingqiu's unilateral love, Chen Feng thought.

"you like her?"

Qingqiu didn't seem to be surprised, nor did he show any embarrassment, just shook his head.

"There may be some, but I don't think it is admiration, just want to do something for her. Her identity has already determined that I can't be with her, so I never thought about it."

After cleaning up the firewood that fell on the ground, Qingqiu was not talking. Chen Feng also knew that he was unwilling to mention this issue, so he didn't ask any more.

Maybe he stayed in this way for a month, and when the heat outside subsided, Chen Feng could return to the city.

But he didn't expect that the grandmaster would come to the door so quickly.

The sun has set, but the figure rushing from a distance can be seen very clearly, and it is definitely not something ordinary people can reach.

Qingqiu asked curiously after seeing it.

"Is here to find you?"

Chen Feng also knew that he could only come to him. The opponent's strength was very strong. He thought he couldn't run so quickly, and he couldn't see the weakness at all.

With just seven or eight breaths, the figure is about to come in front of him.

Since the other party has come to the door, here, he has no possibility to escape, Chen Feng seems to have to face it, whether it is life or death, he has to fight hard.

"Do you need my help?"

I was depressed, but I didn't expect Qingqiu to say so.

But Chen Feng knew that even if he and Qingqiu joined forces, they would not be able to deal with a grandmaster.

This is the crush of strength.

"Forget it, I will try my best to keep us from destroying this hut. You should hide in it!"

Chen Feng said in despair.

When Chen Feng said so, Qingqiu didn't speak any more. He silently put down the axe in his hand and walked towards the house.

And Nie Huafeng finally came to Chen Feng.

He stopped at the gate of the yard, saw Chen Feng standing there waiting, and asked coldly.

"You are Chen Feng?"

Chen Feng nodded with a wry smile.

"I am Chen Feng, and I also know that you came to kill me, but I did not kill those two people. As for who they are, you may have to check again."

Nie Huafeng didn't have any doubts, and said plainly.

"I know."

Chen Feng was stunned. He couldn't believe it so that he explained clearly, and he didn't have any doubts when he looked at the other party.

But immediately after hearing Nie Huafeng's question, Chen Feng knew that he was still thinking too much.

"Are you ready to do it?"

Chen Feng understood it instantly, and they might naturally investigate the truth, but whether Chen Feng was the murderer or not had little to do with his death or undeath.

It's just a human life at most, no one cares about it, the Grand Master even more so.

But if the life was Chen Feng himself, then someone would care about it naturally.

Looking at Nie Huafeng, Chen Feng felt that instead of thinking about defeating him, he thought about how to escape.

After making up his mind, Chen Feng directly reversed the practice without any hesitation. Although Qing Zhi told him that it would not do him any good, he could no longer be concerned about it now.

His body is hot, his eyes are red, and his power is greatly amplified. He only has half an hour to reverse this exercise. If he can escape, then he will be able to survive. If he fails, what is waiting for him is death. The urge to kill was also suppressed by the obsession to live. He had only one thought, and that was to run for his life.

The two figures running in the forest are like chasing between wild animals.

Broken branches, grass heads stepped on, and even animals accidentally injured by accident, can only silently look at their backs.

There is nothing to stop them in this forest.

Chapter: 825

But outside this mountain forest, it exists.

A flying sword flew up and chased after Nie Huafeng. If Chen Feng looked back and saw it, he would naturally know the owner of the long sword, that was Qingqiu's sword.

The long sword flew very fast, and he was about to chase Nie Huafeng, but Nie Huafeng just waved it casually, and the long sword hit by the sword was like a broken kite flying down and stuck in the grass.

"Hmph, do you want to ask for advice from the old man?"

He said this to Qingqiu not far away.

When Chen Feng began to flee for his life, Qingqiu always followed behind. Although Nie Huafeng knew Qingqiu behind him, Qingqiu didn't move, and he naturally didn't bother to take care of it.

But now that Qingqiu makes a move, Nie Huafeng can't ignore it naturally.

"Daoist Chen Feng and I have a three-point friendship. Naturally, the poor Dao can make a move or he has to make a move. It is only after this move that I realize that the original master is really well-deserved."

Qingqiu sighed.

"Junior knows that he is not leaving quickly. I am only here today to take the life of this thief, and the others will ignore it. If you want to survive, you still stand aside honestly."

Qingqiu was not talking. When he passed the long sword quickly, he had already retracted the sword into the scabbard again.

But the distance from the master is only to compress the limit of one's own body method as much as possible, and this can barely keep up.

And Chen Feng was at the forefront, completely ignoring the conversation between the two behind him.

Half an hour was his limit, but now his body could feel that the time was approaching.

But Nie Huafeng behind him didn't mean to be thrown away by him.

Is he really going to die in the hands of this grandmaster?

He was even a little desperate.

But the sky is boundless, and there is a large dammed lake ahead. Because of the obstacles of the mountains, a large area of lake water has been gathered and integrated here.

The lake reflects the mountains and forests, making the lake look like a lush green, deep and secluded like gems embedded in the mountains.

He was so beautiful, the birds wandered on it, and the breeze blew by, causing a crease of silence.

But at this time, Chen Feng didn't have time to pay attention. He knew that there was a secret road leading to a distant cave at the bottom of the lake, and he had to hide in before Nie Huafeng could catch him.

Almost without hesitation, he jumped directly into it near the lake.

Ripples that were bigger than any ripple instantly rippled across the lake.

But when Nie Huafeng chased him to the lake, he hesitated. He didn't think he had any need to jump off. Chen Feng could only delay doing this for a while. When he couldn't hold his breath, he still had to come up. .

But after waiting for more than a minute, even when Qingqiu had caught up with him, Chen Feng did not come out of the lake.

Only then did Nie Huafeng realize the existence of the problem.

He asked Xiang Qingqiu with a sullen face.

"Where is he?"

It is not difficult for Nie Huafeng to think that Chen Feng can hide at the bottom of the lake, and there must be a place to breathe and hide at the bottom of the lake.

But unfortunately, Qingqiu didn't know.

This was only an accidental discovery by Chen Feng when he came to catch the fish. He didn't tell anyone.

Qingqiu could only shake his head.

"You do not know?"

Nie Huafeng asked again.

"I don't know."

Qingqiu's answer is the same, but it is meaningless to Nie Huafeng.

"Do you think I won't kill you? Since his life is just one life, I don't care if he has one more life."

His tone was cold, and his killing intent was sensible. Qingqiu knew he would do it, but he didn't have the slightest fear.

"However, I really don't know the way. If I want to kill me, I don't have the ability to resist. He can only listen and respect."

After Qingqiu finished speaking, he waited, but after a while, he didn't wait for Nie Huafeng to do it.

As for Nie Huafeng, he didn't do it, but he didn't think it was necessary.

Even Chen Feng knew to avoid, but Qingqiu heard that he was going to kill him, so he chose to wait.

His life is almost the same as that of death, so why bother to do so.

Finally, he glanced at the lake that had gradually returned to calm, Nie Huafeng thought for a while, and left here.

But he did not leave the mountain, Chen Feng is still here, and will always appear, and next time he will not let it go so easily.

Qingqiu followed behind him, and the two returned to the mountain hut along the original road.

After returning here, Nie Huafeng asked Xiang Qingqiu.

"Who belongs to you, the Fufeng Daoist of Wudang Sect?"

Qingqiu replied.

"It's the teacher!"

"No wonder!"

Nie Huafeng said nothing but said nothing.

So the two people in the hut changed from Chen Feng and Qingqiu to Qingqiu and Nie Huafeng, and Chen Feng hiding in the cave.

In Qingqiu, the two of them ate the stewed wild mushrooms, but Chen Feng was already fainted by the pain of his body again. I don't know how many times he fainted, but he can obviously feel it. His body is absolutely unable to withstand such torture next time.

In the gap between him waking up, lying on the shore, picking up a handful of lake water from the gloomy cave, he wanted to live, then he had to add water.

Almost enduring pain and relying on instinct to drink a sip from the lake.

But then he sprinkled the water from the palm of his hand in pain, and the pain caused his face to become distorted, exposing the veins that tortured his body.

He had no choice. The last time Qingzhi's potion relieved him a lot, but this time he could only rely on himself.

Nie Huafeng had waited for seven days, but he never saw Chen Feng again. He didn't know if Chen Feng left secretly or died somewhere.

But the patience he waited was finally exhausted.

"If you see him, let him remember that his life is only temporarily in his hands, and I will definitely come and take it away."

When he left, he said to Qingqiu.

Qingqiu promised to bring this sentence to Chen Feng, but he couldn't guarantee that he could see Chen Feng.

Just waiting for Nie Huafeng to leave, it seemed that Qingqiu was the only one left here.

His temper was easy to come by, and he didn't care about anything, except that Qing Zhi, who was waiting, didn't know when to come over.

Every day is just a simple life. After seven or eight days, he saw Chen Feng.

Chen Feng is a little bit of a man, with thin eyes, pale complexion, and bleak lips. He is like an evil spirit coming out of hell.

Qingqiu worriedly supported Chen Feng, who seemed to fall down at any time, and let him lie down on the bed.

He checked Chen Feng aside, but fortunately, he was only weak. As long as he cultivated for a period of time, it would be no problem to recover.

Chen Feng asked Qingqiu about Nie Huafeng. Qingqiu said that he had already left before Chen Feng dared to close his eyes and go to sleep.

When he woke up again, it was dark, and there was a bowl of broth on the side. Without any hesitation, he brought it over and drank it directly.

Chapter: 826

The temperature was cold, and there was still some fishy smell, but he didn't care, he just felt the sensation in his stomach when he ate the meat with almost no taste.

At this time, Qingqiu walked in.

"He asked me to tell you that your life is only temporarily in your hands, and he will definitely come and take it away."

He said directly after sitting down.

Chen Feng knows who he is, but he doesn't care at this time. If he can live an extra day, he will earn it. Other things will be considered when he comes again.

Qingqiu saw that the bowl of chicken soup on the side was gone, so he asked Chen Feng if he wanted it.

Chen Feng nodded, and Qingqiu soon brought in a bowl of hot chicken soup.

"Does he have hatred with you?"

After sitting down again, Qingqiu asked.

Chen Feng thought for a while, it seems that this grudge has nothing to do with him.

It was inexplicable enough that the Nie brothers came to trouble him, and when they died, the grandmaster came again, making Chen Feng even more depressed.

He was just trapped in this vortex, and he didn't even know how to fall into it.

"I know someone is harming me, even he was planning from the beginning. I don't know who it is now, but I will definitely get him out."

Chen Feng said viciously.

"You should probably think about how to save your life." Qingqiu said.

Chen Feng smiled bitterly, it was not easy to survive from the master.

"If I can step into the master, it might be easier."

This is just Chen Feng's self-ridicule.

But Qingqiu thought seriously.

"Then a grandmaster must be killed, and the number of twelve must now be full."

"But if you want to step into a grandmaster, you have to kill a grandmaster, and if you want to kill a grandmaster, you must become a grandmaster. You are like the story of a chicken and an egg. An insoluble paradox."

Chen Feng sneered.

Qingqiu stopped talking, he might think so too.

After a period of training, Chen Feng's body has almost recovered.

There are not many things that can be done, so Qingqiu is helping to take care of him, and Chen Feng is also very grateful to him.

In the afternoon of that day, someone stepped into this mountain forest, and his purpose was very clear to be the hut where Chen Feng was.

This person is nearly two meters tall, has a face and a beard, and his muscles seem to contain infinite strength.

He walked to the hut and asked when Chen Feng was sitting there.

"Is there a grandmaster here?"

Chen Feng saw him from a distance, but at a glance he could tell that he was not Nie Huafeng, so he didn't even move.

When he asked, he knew that the other party was looking for Qing Zhi, but Qing Zhi was not there, he replied.

"No, you are looking for the wrong place."

The big man didn't seem to believe it, and asked again.

"But I heard that there is a female grandmaster here, don't you know?"

Chen Feng ignored him, he came to look for Qing Zhi, probably wanting to learn something.

Seeing Chen Feng ignoring him, he was a little boring, maybe he was thinking of looking elsewhere.

Qingqiu walked out from inside, he said.

"I used to think of a grandmaster here, but it's been a long time since he came back."

He must have heard the big guy's question just now.

The man gave Qingqiu a grateful look.

"So, do you know when she will be back?" he asked again.

Qingqiu couldn't answer him this time. He was also waiting for Qing Zhi's return.

"I don't know." He shook his head.

The big man lost the message, took a look, and finally left here.

"What are you doing waiting for Qingzhi to come back?"

After waiting for two minutes, Chen Feng asked.

Qingqiu didn't answer, but just kept doing his own thing.

Chen Feng was boring and ate the pomegranate fruit in his hand.

Qingqiu was waiting for Qingzhi, but Chen Feng didn't know what he was waiting for. He didn't dare to return to the city. He was afraid that Nie Huafeng would find him. But if he stayed here, he would become a savage.

Maybe he will try to find some way.

Two days later, a person who did not expect came to the forest.

Chen Feng was actually a little frightened when he saw the beautiful woman in the palace dress bringing a little girl to the door.

But unlike Chen Feng, the little girl was very happy when she saw Chen Feng. The smile on her face was particularly conspicuous. If it weren't for the woman to pull her, he might have rushed over.

"Why are you still here, I didn't tell you to leave."

As soon as they met, the palace lady said with a cold expression.

"Because of something..."

Chen Feng didn't know how to explain it. Fortunately, the woman didn't really want to listen. She interrupted Chen Feng.

"Fortunately, you are still here, this kid wants to see you, you can talk to her."

When she finished speaking, she let go of the girl's hand.

The girl rushed over like a wild horse that had taken off its rein.

Chen Feng actually felt okay. The girl's memory was once lost, so the second time they got along was actually only a few days, but I don't know why the girl felt so sticky to him.

Perhaps Chen Feng was the first person the girl saw after she woke up, and she was naturally a little closer in her heart.

Chen Feng placed the girl in front of him and looked at her carefully.

She is much healthier than then, at least not skinny and skinny.

When Chen Feng looked at her, the girl was also looking at him.

She smiled, smiling very caringly.

"Do you miss me?"

Chen Feng asked.

The girl seemed to be so talkative, she just nodded.

"are you doing okay?"

Chen Feng asked again.

But it seemed that this question made the girl somewhat silent, she hesitated for a while before shook her head.

But after hearing this answer, Chen Feng had nothing to do.

He was silent, and just when he wanted to say something to comfort the girl, the palace woman said.

"Okay, now you have seen him, go back with me!"

She said it to the girl, it seems that she came here to let the girl see Chen Feng one side, only one side.

Chen Feng couldn't bear it, he looked at the woman, dissatisfied.

"You are not her, she can do whatever she wants?"

He knew that this would definitely arouse the woman's anger, but the girl's aggrieved face gave him courage.

"How dare you talk to me like this." The woman looked at Chen Feng, her cold eyes could freeze

everything.

"I said, today I won't let you take her away again." It may be because there is no one else around the woman, or it may be the girl holding his hand, but no matter what the reason, Chen Feng said it. As if hearing the quarrel outside, Qingqiu also walked out. At this time, he was mostly meditating. This was his homework.

When he came out, he saw the imperial costume woman, he was surprised.

"Auntie Bai, why are you here?"

The lady in the palace replied coldly.

"Because of this guy."

Following Aunt Bai's gaze, Qingqiu looked at Chen Feng, but it was still strange, so he asked.

"Friend Chen Feng?"

Chapter: 827

But no one answered him, there was already a bit of tension over there.

Suddenly Aunt Bai saw the girl.

"Come here!" Aunt Bai shouted to the girl.

The child took a step back in shock, but then she raised her head and looked at Chen Feng, as if she was really ready to pass.

Chen Feng quickly lowered his head to comfort.

"It's okay, don't be afraid, I will protect you. Just stand by my side."

But the child shook his head.

She released her hand holding Chen Feng and watched Chen Feng take a step back.

"You are afraid of her, it's okay, you don't have to be afraid of her."

Chen Feng continued to speak to the girl.

But the girl had taken a few steps back, and it seemed that there was not only fear, but also other reasons.

Chen Feng didn't stop, what could he do after holding it.

When the girl walked completely beside Aunt Bai, Aunt Bai said.

"I don't need to hold you accountable for today's affairs, but I don't want another time."

With that said, she was leaving with the girl.

Qingqiu chased after him, he asked.

"Auntie Bai, is Miss Qingzhi okay now?"

When Aunt Bai looked at Qingqiu, her face was slightly better, but she still felt very cold.

"Her injuries are almost over. But I have forbidden her to go out again. Even if you wait here, she won't come back. You can do it yourself. Say hello to your master for me."

At the end of the sentence, she ignored Qingqiu and took the girl back to the original road.

The girl looked back at Chen Feng and pursed her mouth. She might want to say something, but she knew that after walking a few steps, she didn't say anything.

It is not only Chen Feng who is lost, but also Qingqiu.

"She won't come back, are you still waiting here?"

When only the two of them were left, Chen Feng asked.

"I don't know, maybe it's time to go back. I promised that the master will return to him before he passes away."

When Chen Feng heard Qingqiu's words, a sudden sense of loneliness enveloped him.

Qingqiu's departure was very near, and three days after Aunt Bai came over, he was ready to leave. When he left, he just took the sword on his body, and no other long objects.

It seems that Chen Feng is completely left here, and Chen Feng is wondering if he should also leave, but he doesn't know if there is anyone waiting for him outside.

After being alone for a week, the two-meter man with a beard came to the hut again.

This time Chen Feng no longer indifferent to him, but gave him a bowl of water, and then asked him about the outside.

"Do you know the grandmaster of the Tianshan School?" Chen Feng asked.

The big man put down the empty bowl in his hand and said.

"Well, I know, but it seems that Tianshan has sent a big deal. The two young masters of their family seem to have been killed."

"Then did they find the murderer? Was it the one who came out before?"

Chen Feng felt that when he saw Nie Huafeng last time, since he said that he was not a murderer, he felt that the other party would be a little thinking about it.

"This is not very clear, but before I entered the mountain, I heard that the Tianshan faction killed the son of the Northeast King. I don't know why they got together. Anyway, this thing is so noisy and lively, almost everyone is crowded. That's all.

I heard some people say that the Northeast King blocked the way for the Tianshan faction to go down the mountain to make a fortune, so the Tianshan faction took the initiative to teach the Northeast King a lesson.

It is also said that the son of the Northeast King was involved in the plot to murder the two young masters of the Tianshan faction, which caused the burden of the Tianshan faction, but the reason is still not clear. "

Chen Feng was delighted, it should be that they found the truth before they could do it, but he didn't know why the son of the northeast king came to frame him, and he also didn't know whether he would be chased by the grandmaster again after he went out. kill.

He didn't dare to bet, he still remembered the horror of the master.

But even so, he still felt refreshed, and looked at this big bearded man also felt clean.

It's just that compared to Chen Feng's joy, Dahan didn't see the master he wanted to see, and he was very disappointed.

Chen Feng remembered that Aunt Bai said that Qing Zhi would not come back, so he planned to tell him the matter so that he would never come back again.

But before he could speak, the figure walking in the forest in the distance looked like Qingzhi.

He stood up suspiciously, wanting to see carefully.

The big guy on the side also looked at it, and he asked suspiciously.

"Will that be the Grand Master?"

After Qing Zhi walked closer, Chen Feng confirmed that it was indeed her.

But I really didn't expect Qing Zhi to come back, but Qing Qiu had already left, he still missed it.

"Who is this guy?"

Qing Zhi walked in front of the two of them, as if not surprised that Chen Feng was still here, just looked at the big man aside.

Chen Feng was stunned. He just thought that Dahan might have come to learn martial arts, but he never asked.

"What are you looking for her for?"

Chen Feng asked Dahan Xiang.

The big man seemed to be very excited. He took his backpack anxiously, and then began to search inside.

After searching for a while, I finally took out something that looked like a doll.

“Do you remember this doll?” He looked at Qing Zhi expectantly.

But the ending made him a little disappointed, Qing Zhi shook his head and said.

“Don’t remember, does this thing have anything to do with me?”

“Three years ago, in the Northwest Desert, you told a little girl, don’t you really remember?”

Qing Zhi still shook his head.

“Three years ago, I did go to the Northwest Desert, but as for the little girl you are talking about...”

The big man was disappointed again and again, he put down the doll in his hand and sighed.

“If you forget, then forget it, it’s not an important thing at all.”

Qing Zhi asked curiously.

“I just didn’t remember. You can tell me exactly what happened, and maybe I will remember.”

The big man may not have any hope, but he still talks about the matter.

But the story he told is so simple that there is no place for people to miss it. No wonder Qing Zhi can forget it so easily.

In fact, a child and Qing Zhi stayed for a day by chance. Qing Zhi may just casually promise her, if she goes to her, she can promise her a wish.

But with this condition of being thousands of miles away, Qing Zhi never thought that the girl would go back to find her, but he didn’t expect that this big guy would actually find her.

So when the big guy finished speaking, Qing Zhi asked.

“Then you found me, did you want me to do something for you?”

When the big man heard Qing Zhi asking him this way, he was a little reluctant to speak. Maybe what he wanted to say was very difficult.

“You walked so long, isn’t it just for that wish? Since that was what I said, I will naturally agree. You don’t have to feel any burden.

Chapter: 828

The big man still said a little hesitantly.

“That girl is actually my daughter. She told me she wanted to see a fairy. Well, my daughter has always regarded you as a fairy, so she wants to see you.”

“Is that so? I’ll go there again sometime, so you can rest assured.”

Qing Zhi agreed directly.

But the big man seems to have something to say.

Qing Zhi frowned. Although this was not a very difficult request, for her, she did not like to do such meaningless things, and now the big man seemed to be unsatisfied.

“Do you have any questions?” Qing Zhi asked again.

The big man may feel embarrassed himself.

“Can you follow me now?”

“Why? Are you worried?”

Qing Zhi asked strangely.

The big man lowered his head and said in a low mood.

“Actually, that kid may not have much time. I didn’t find you last time when I came here. I didn’t think

there was much hope at first, but I went to the door again. I really didn't expect to meet you."

Time is short, which means that this child may not have much life.

Qing Zhi was also silent, she didn't expect it to be such a story.

But it was originally what she promised, and it didn't make any difference whether it was earlier or later.

The train hummed loudly, and Chen Feng, who was sitting in his seat and looking out the window, did not expect that it would be such a reality that he set foot outside again.

"I tell you, as long as you listen to me, I promise you can make money, don't say too much, just count it a year."

The man sitting opposite Chen Feng gestured to the guy beside him.

"Three hundred thousand?" The other party asked in surprise.

"What 300,000? It is 3 million. It's not me. You don't know how big a company I am now. If it weren't for my fate, I wouldn't tell you such a good thing. Listen to my words, I promise to make you rich."

Chen Feng was not very willing to pay attention to this kind of fraud, but was amused by this guy's performance.

But fortunately, the liar's objects still had a certain sense of anti-fraud, and he finally shook his head and did not agree.

Immediately after hearing Chen Feng's smile, the liar in a formal suit turned his target on Chen Feng again.

"What kind of brother, do you have any ideas?" He said to Chen Feng.

Chen Feng shook his head directly.

The liar looked hopeless, so he went to other places.

"Beauty, are you interested in adding a WeChat!"

The liar had just left here, and a man with exaggerated clothes walked up to Qing Zhi.

But Qing Zhi didn't even look at him.

"Beautiful, my brother is rich. If you are willing to be your brother's lover, my brother will buy you a suite in Yanjing. How about it?"

He said again.

Chen Feng thought that if a house could be bought for Qingzhi, he would rather use Xuanyuanzhuang for it.

Qing Zhi was still so reluctant to talk to him, and Chen Feng also thought that he was annoying on the side, so he took the initiative to move forward to help this guy away.

"Are you not willing to see her?" Chen Feng said to him politely.

But I didn't expect that the young man with some fashionable clothes would curse at Chen Feng.

"Poor, is there a place for you to talk? At first glance, it's a guy who has never been in a big city. You are embarrassed to talk.

Chen Feng smiled instead of being angry.

"I just think your bid is too low. Such a beautiful woman is just worth a house in Yanjing. If you are offering a higher price, maybe she will agree."

Speaking of Chen Feng, he took out the watch Lin Wanqiu gave him.

"Look at my watch. You can almost buy two sets at Tomson's first product. I think this may be almost worthy of such a good-looking woman."

That guy has been staring at the watch in Chen Feng's hand. It really looks very high-end, but listening to Chen Feng saying that he can change the two houses of Tomson's first grade, he didn't believe it, but it was the most expensive in Yanjing. One of the places.

“You’re so fucking good at blowing it, even if this broken watch is worth two houses, how can you not be a god!”

Chen Feng smiled. Sometimes the gap was too big, and there was no chance to show it. The other party couldn’t understand it anyway. Maybe in their eyes, his watch and floor stand were not much different.

“Since you don’t know, let’s forget it, but a house is really worthless. I think you should go home and save money again, and see if you can buy more. I guess it will make this beautiful woman speak up.”

When Chen Feng was showing off like this, he felt cold eyes looking at him early on, and Qing Zhi naturally didn’t want to be treated like a monkey onlookers.

So when he finished speaking, he closed his mouth immediately, he couldn’t provoke this eccentric woman.

“You wait, a broken watch wants to bluff people. My brother is a watch player. Don’t blame me for not reminding you at that time. Don’t run away if you lose your face.”

Chen Feng didn’t expect this guy to be more real.

After he left, he returned to this carriage again soon.

There was also a young man about his age who came with him, but seemed to be gentler.

“Well, I have the ability to take out the broken watch now. I want to see if he can be worth a few dollars and can afford a Tomson first-class house.”

He ostentatiously seemed to have won.

Chen Feng glanced at Qing Zhi, who was sleeping with his eyes closed next to him, thinking, if this continues to cause trouble, he might not even be able to get off the train.

But the guy who looked at Chen Feng hesitated even more clamored.

“Why, I’m scared, wasn’t it crazy just now? Why did you persuade you when I found someone to come over, aren’t you very awesome?”

Chen Feng thought for a while or showed it to them, so that if this guy kept clamoring, he might not be able to get off the train.

He took the watch casually from his wrist, and threw it at the gentle young man.

“Look at it slowly, as long as it doesn’t affect us. Look at it when you want, and when you change it back.”

The young people were also caught off guard, so some were at a loss before catching the watch.

Seeing Chen Feng’s attitude toward the watch, even the gentle guy who was just curious showed a disappointed expression.

“Hmph, you’ll be bragging even when you die. If it’s so valuable, you dare to treat it like this, for fear that it will hurt you if you don’t just scratch it.”

Chen Feng didn’t bother to pay attention to them, and continued to look out of the window, he was noisy compared to inside.

However, the gentle guy that Chen Feng didn’t see, when he looked at Chen Feng’s watch seriously, he almost dropped the watch to the ground out of surprise, and he shook it again in a panic.

Seeing this expression on his companion, the guy asked curiously.

“How about it, is this watch worth it?”

Chapter: 829

“Yeah! It’s valuable.”

His companion didn’t respond much in surprise, and could only say a few words.

“You can make it clear, how much is this watch worth? Could it be that he can still be worth as much as

Tomson's first-grade house."

But after he finished speaking, his companion nodded slowly.

He didn't react at first, and when he realized, the surprised whole person was stunned.

Quickly asked in a low voice.

"What you said is true, can't you read it wrong, right?"

"How could I be mistaken, this is a new model that just came out this year. I was sighing just a few days ago."

"It's the watch that you don't understand in the rich world."

His companion nodded again, and now the guy finally realized that he had hit a nail.

But immediately, his companion hurriedly delivered the watch to him, and he was also shocked. If this kind of thing was broken in their hands, it would really be necessary to buy a house to pay it back.

He carefully held the watch and said in front of Chen Feng.

"Big brother, look at this watch and we are optimistic, do you take him back. Sorry, big brother, I don't know Taishan. I didn't expect you to be really rich, and I am the bun."

Chen Feng turned his head and looked at this extremely respectful young man. He just wanted to get rid of them quickly. After having been in trouble for so long, Qing Zhi must be angry.

He took the watch, put it on his hand again and said.

"Going out to be low-key in the future, there are still many rich people in this world."

The other side nodded and said.

"Let's not bother Big Brother."

After speaking, he turned around and ran away.

The farce that happened on the train ended in this way. Fortunately, Qing Zhi didn't say anything in the end, but looking at Chen Feng's expression always felt a little weird.

When I came to the desert in the northwest, I didn't feel it in the city. After I left the city and came to the Gobi Desert, I didn't really feel what desolation is.

The whole earth can be seen at a glance, but it can also be seen in loneliness at a glance. Life becomes thin here, and the land is as boring as it has lost its moisture.

Sitting on the bullock cart, Chen Feng asked the big man.

"Is it always like this here?"

"This is not the case in all places. After this period, you can see the oasis, where there are luxuriant water plants and a lot of cattle and sheep." The big man replied.

Chen Feng is still quite curious.

When they came to the place, they saw herds of cattle and sheep as the big man said.

But some things are different from what Dahan said.

Lie down on the ground, Chen Feng felt a little hard to breathe.

He really didn't expect that this would be the case when looking at such a simple and honest man.

"Why are you doing this?"

Chen Feng asked.

"I really can't help it. They threatened my daughter. If I don't listen to them, they will kill her." The big man replied, crying.

Looking at the crying face of the big man, he didn't know how to vent the hatred in his heart.

Qing Zhi, who was leaning against Chen Feng, also didn't say a word either. She just looked coldly at the guys who were slowly surrounding him.

"I can't blame others for this, I can only blame you for being too stupid."

Said the guy with the fur hat who was laughing wildly.

Without the strength to resist, the two of Chen Feng were tied up by them and locked in a cage, not knowing where to take them.

After waiting for a long time, after experiencing the bumps of the carriage, I finally saw the destination.

This is an abandoned oil field built in the desert. There are a few guys standing in front of a house that has been abandoned for how long, and they should be in a group.

Seeing the guy with the fur cap coming back, someone greeted him.

“Brought people back?”

“That’s definitely okay, I became a scorching chicken, and I brought it back without even having to do it.” The man in the fur hat laughed.

“Then you have done a great job, and the boss will definitely reward you. I didn’t expect such a good thing to fall on you.”

The guy who greeted us said sourly.

“Okay, I won’t tell you. I will take that woman to see the boss. This is a big treasure that the boss can rush to the realm of the master. I don’t dare to slack off.”

When Chen Feng heard this, he finally understood why they wanted to capture Qingzhi in this way, because it was for the realm of the master.

Poor, he is just a guy who was implicated, he may be found to be useless, and he will be killed soon.

The carriage was pulled forward again.

After this house, the carriage stopped in front of a larger office building in front, and they put Chen Feng and Qing Zhi away.

Several people carried it and walked into the office building just like that.

But it seemed that the so-called boss was not there at this time, so the man in the leather hat sent someone to notify him. After a while, he finally saw him.

Chen Feng looked at the other person’s appearance, but felt that he had seen it somewhere.

Isn’t this Xue Ping? He remembered the traveler who stabbed Qingzhi, the guy who was going to take Chen Feng to see the sunrise.

But how could he be here.

It seemed that something had been figured out all at once. They might have thought that Qing Zhi was dead, and the Grandmaster Realm would easily fall on his head, but after waiting for such a long time, but still unable to break through, they knew the matter. Something went wrong.

The big man was another arrangement for them, but he didn’t meet Qing Zhi for the first time, and only met by chance until the second time.

But it didn’t matter. In order to ensure the completion of the matter, they directly tied Qing Zhi to him, and he, who had destroyed their plan, was also caught by coincidence.

Chen Feng felt that he was more ill-tempered. He just expected that he was not the primary goal, so he might be let go, but now he knows that this is absolutely impossible.

“Haha, I didn’t expect things to go so smoothly.”

Seeing the two lying on the ground, Xue Ping was already laughing.

“I didn’t expect it to be you. It seems that you also believe in the grand master’s statement.” Chen Feng said lightly.

Hearing Chen Feng’s voice, Xue Ping looked at Chen Feng.

“Oh, it turned out to be you. Last time it was supposed to have been ruined by you. I really didn’t expect to be able to deliver it by myself. How do you think I am going to deal with you. Killed? It seems a bit too

cheap for you.”

He said to Chen Feng as if teasing.

“I think you still need to think about whether you can break through or not. No one has ever proved that the grandmaster can make a breakthrough. If you fail, the person behind the grandmaster will be offended by that time.”

Chen Feng didn't care about how he would deal with him. He wanted the other party to change his mind, and perhaps still have a chance to escape.

But Xue Ping continued to laugh.

“You are really naive, you think I will let you go with these two words of yours. Even if the grandmaster's determination is false today, you won't be able to go out.

Chapter: 830

Seeing that Chen Feng had no reaction, Xue Ping said again.

“Even if I let you go, would you not hate me? A powerful master, I don't think I can deal with it anymore.

That's not the case, even if I can't succeed, I have to keep you here.”

What he said is very reasonable, even if the grandmaster's decision is false, but now the hatred between Xue Ping and them has ended, Chen Feng does not think that Qing Zhi will let them go if he can go out.

“But don't worry, you don't have to die now.”

Chen Feng looked at him, wondering what he wanted to do.

Xue Ping walked to Qing Zhi's side, touched Qing Zhi's face full of licentiousness, and he smiled.

“Why is such a beautiful woman going to practice martial arts? Even so, her heart is so soft, she makes people want to be bullied.”

Qing Zhi doesn't even have the strength to grit his teeth now, so he can only look at him coldly.

“Why, don't you look at me like this, I'm most afraid of beautiful women looking at me like this.”

But even though his face was scared, he snapped, and he relentlessly slapped Qing Zhi. A mark immediately appeared on Qing Zhi's white face, and the corners of his mouth were bleeding.

“Give you a face! Stinky bitch.”

Xue Ping cursed, then ordered.

“Take the two of them down.”

After he finished speaking, someone next to him came and lifted Chen Feng and the two to leave here.

After that, they were taken to the basement on the first floor, where Chen Feng and Qing Zhi were detained separately. In the darkness, the sounds of rats could be heard.

The sound of water ticking from the corner reached my ears, like waiting for the countdown to death.

“are you fine?”

Chen Feng heard a weak voice, he was calling for Qing Zhi.

“Yeah!” Qing Zhi's voice was also weak.

The poison in their body now makes them lose their ability to move, but they still clearly retain their consciousness.

“Can your body recover?”

Chen Feng asked, this seemed to be their hope of escape, but he didn't have much hope either.

“Very unsatisfactory.”

Sure enough, the answer was very pessimistic.

There was no voice in the dungeon again, and both of them were desperate now, and they might only

expect miracles.

I don't know how long it has passed, but it feels like it is long, and the rhythm of the ticking sounds makes people drowsy.

Chen Feng was awakened by the sound of approaching footsteps.

He waited for the owner of the footsteps. He thought it would be Xue Ping, but he didn't expect it to be someone else.

"I'm here to save you."

Chen Feng wanted to look up, but in the darkness he couldn't see the opponent's face clearly, and his voice was also unknown.

"who are you?"

Chen Feng asked vigilantly.

The man lowered his voice.

"You don't care who I am, I am here to save you."

Chen Feng still questioned.

"How do we believe you."

That humane.

"Do you think that besides trusting me, what other options do you have? Waiting for death here?"

Chen Feng stopped talking.

Without Chen Feng's doubts, the man said again.

"I can't take you out right now. They stay outside. When you come next time, you should be prepared.

Don't try everything they feed you, including water. After this period of time, you should be able to recover a little. Physical strength. Then I can take you away."

Although I don't know what his purpose is, there is no room for Chen Feng and the others to choose.

"Okay! We are waiting for you."

Before Chen Feng finished speaking, the sound of very light footsteps left in the distance.

"Can we trust him?"

When there was no more voice, Chen Feng asked Xiang Qingzhi.

"can!"

Unexpectedly, Qing Zhi would answer so affirmatively, Chen Feng asked in confusion.

"why?"

"He has a familiar smell in his breath. I may know him, but I didn't see his face."

Chen Feng was a little surprised, but Qing Zhi was a master after all. Although he was also a person who was arrested like him, he was a little better than him.

As the mysterious guy said, someone will bring them food and water at a fixed time.

But maybe that guy didn't know that when the body couldn't bear the force, both of them were forced to eat food and water by these guys.

Therefore, the body will not recover any physical strength as he said.

But if this has always been the case, even if that person comes, he may not be able to take away the two of Chen Feng.

But desperately, Chen Feng had nothing to do with this kind of thing.

It came within two days of the next time the mysterious man said.

I don't know why, maybe in three or four days, Xue Ping seemed to have forgotten them as well, neither went to see them nor said anything about killing them.

Chen Feng can only regard him as a kind of luck. If he can escape, he will definitely come back for

revenge as Xue Ping said.

The familiar footsteps sounded.

Before long, I heard the deliberately lowered voice in my ears.

“Can you stand up now?” he asked.

Chen Feng replied.

“No way.”

The man was surprised.

“How is it possible? As long as you don’t replenish that kind of poison, you should have a certain amount of strength?”

He guessed the answer.

“You didn’t listen to me, eat the food they gave you?”

He seemed to be very angry, and Chen Feng also felt that he could be angry, but they couldn’t help this kind of thing, he explained.

“We ate, but we didn’t take the initiative to do it. We don’t have any ability to stop it.”

The person quickly understood Chen Feng’s meaning, and he was also a little helpless and could only say.

“I didn’t expect it. It seems that I can save you only by stealing the antidote.”

“Can you?” Chen Feng also expected.

The man replied.

“Although I can steal the antidote, there is not much time left for you. The monk will find you in two days. I can’t save you before this.”

Chen Feng heard some helplessness from the other party. He may really want to rescue Chen Feng and the others, but the reality is far from allowing him to do so.

“Then forget it.” At this moment, Qing Zhi suddenly inserted a sentence.

“I can try again,” the man said.

“This is equally dangerous for you. I understand your kindness, but I always feel that you are familiar with it. Have we ever met before?”

Qing Zhi asked.

But there may be a pause for a few seconds, and no answer was heard. If he didn’t hear the sound of leaving, Chen Feng thought he had already left.

“We have seen it, but you may not remember me anymore.”

He just said such a sentence, and then he seemed to make up his mind.

“I will still try to rescue you.”

After speaking, Chen Feng really heard the footsteps of leaving, getting farther and farther.
